# 2014 Form 990 Introduction

The 2014 Form 990, *Return of Organization Exempt from Income Tax*, generally contains moderate clarifications and revisions from its 2013 predecessor, with a few notable exceptions. Supporting organizations, hospital organizations, and entities engaged in transactions with interested persons should pay particular attention to significant changes contained in Schedule A, *Public Charity Status and Public Support*; Schedule H, *Hospitals*; and Schedule L, *Transactions with Interested Persons*, respectively.

## Compensation

Exempt organizations generally report compensation on Forms 990 based on the calendar year ending with or within the tax year.

- **The Change:** The Instructions to **Part VII** (*Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors*) and **Schedule J** (*Compensation Information*) and the Glossary generally provide that reportable compensation should not be treated as deferred if deferred from the calendar year ending with or within the tax year to a date that is not more than 2½ months after the end of the calendar year ending with or within the tax year.
- **The Impact:** The prior instructions indicated that reportable compensation should not be treated as deferred if deferred from the tax year to a date that is not more than 2½ months after the end of the tax year. Based on the prior year instructions, a fiscal year filer may have excluded compensation from deferred compensation that the 2014 Form 990 requires to be reported as deferred compensation. As with other compensation reported in Part VII and Schedule J, fiscal year filers should make a determination as to whether compensation is “deferred” for Form 990 purposes based on the calendar year rather than the tax year.

## Supporting Organizations

A supporting organization is a section 501(c)(3) organization that qualifies as a public charity because it is described in section 509(a)(3). It reports its public charity status in **Schedule A, Part I** (*Reason for Public Charity Status*), **Line 11**.

- **The Change:** The 2014 Form 990, Schedule A requires additional reporting by a supporting organization to demonstrate how it meets the tax law requirements for its public charity classification. The specific reporting requirements depend upon the “Type” classification of the filing supporting organization: Type I, Type II, Type III Functionally Integrated (“FI”), or Type III Non-Functionally Integrated (“NFI”).
- **The Impact:** Information regarding the organizational and operational activities of a supporting organization must now be provided in detail on Form 990. For example, the supporting organization must demonstrate its relationship with its supported organizations, whether it supports other organizations or individuals that are not “permissible beneficiaries,” and whether it accepts gifts from certain persons. A Type III supporting organization must also show how it is functionally related to its supported organizations (Part IV, Section E) or otherwise demonstrate how it satisfied its distribution and attentiveness requirements to qualify as non-functionally integrated (Part V).

## Hospitals

An organization that operates, directly or indirectly, one or more facilities required to be licensed as a hospital under state law is required to complete **Schedule H**. Hospital organizations can expect further modifications to Schedule H until it is fully conformed to the final regulations under section 501(r).

- **The Change:** The Instructions to **Part IV** (*Checklist of Required Schedules*), **Line 20** clarify that a hospital organization attaching consolidated audited financial statements to its Form 990 must also attach the details to consolidation, even if they are not audited. Furthermore, **Schedule H, Part V** (*Facility Information*), contains significant modifications to reflect some of the rules imposed by the section 501(r) regulations. For example, new **Lines 1 and 2** ask transitional questions to enable new facilities to take advantage of additional time to complete their first Community Health Needs Assessments (“CHNAs”). **Line 11** requires a description of the actions the hospital facility took in addressing the significant health needs identified in its CHNA.
- **The Impact:** A hospital organization will be required to provide additional details about its operations and compliance with section 501(r) on its 2014 Form 990, including by attaching a copy of its most recently completed implementation strategy or a URL where it can be accessed. In addition, modifications within particular lines of Schedule H, Part V will require hospitals to pay close attention to the questions being asked rather than copying answers and information over from the prior year.

## Transactions with Interested Persons

An organization that answers “Yes,” to one or more questions posed by **Part IV, Lines 25 through 28** is required to complete **Schedule L** to report transactions the filing organization engaged in with certain “interested persons.”

- **The Change:** From 2008 through 2013, each part of Schedule L contained a separate definition of an “interested person.” The 2014 Form 990, Schedule L generally

harmonizes the definition of “interested person” for **Parts II** (*Loans to and/or from Interested Persons*), **III** (*Grants or Assistance Benefiting Interested Persons*), and **IV** (*Business Transactions Involving Interested Persons*). For purposes of Schedule L, Parts II-IV, interested persons are officers, directors, trustees, and key employees required to be listed on Form 990, Part VII, Section A; the creator or founder of the organization, including the sponsoring organization of a VEBA; a substantial contributor; a family member of any of the foregoing; and a 35% controlled entity of any of the foregoing. An interested person does not include a section 501(c)(3) organization, an exempt organization with the same tax-exempt status as the filing organization, or a governmental unit or instrumentality.

Carried over in part from the 2013 rules, Parts III and IV require the inclusion of additional interested persons. For purposes of Schedule L, Part III, an interested person also includes a member of the organization’s grant selection committee (including a family member or 35% controlled entity of such grant selection committee member) and certain employees (or children of employees) of a substantial contributor or 35% controlled entity of such persons. For purposes of reporting management company transactions in Schedule L, Part IV, an interested person also includes a former (within the last five years) officer, director, trustee, or key employee of the organization, whether or not required to be listed on Form 990, Part VII, Section A.

- **The Impact:** Although the streamlined definition of “interested persons” will be a welcome change in future years, the change in 2014 results in both an expansion and contraction of the definition as compared to prior years. Organizations will need to revisit and revise their procedures for determining whether they must file Schedules L with these new definitions in mind.

## What's New

### 2014 Significant Changes

In Part VII, **Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees**, changes clarify that reportable compensation should not be treated as deferred if deferred from the calendar year ending with or within the tax year to a date that is not more than 2 ½ months after the end of the calendar year ending with or within the tax year.

In **Part XI. Reconciliation of Net Assets**, new instructions are provided for lines 5, 6, and 8.

In **Appendix E. Group Returns—Reporting Information on Behalf of the Group**, new instructions are provided for group returns with section 509(a)(3) supporting organizations.

### Purpose of Form

Forms 990 and 990-EZ are used by tax-exempt organizations, nonexempt charitable trusts, and section 527 political organizations to provide the IRS with the information required by section 6033.

An organization's completed Form 990 or 990-EZ, and a section 501(c)(3) organization's Form 990-T, Exempt

Organization Business Income Tax Return, generally are available for public inspection as required by section 6104. Schedule B (Form 990, 990-EZ, or 990-PF), Schedule of Contributors, is available for public inspection for section 527 organizations filing Form 990 or 990-EZ. For other organizations that file Form 990 or Form 990-EZ, parts of Schedule B (Form 990, 990-EZ, or 990-PF), can be open to public inspection. See *Appendix D* and the Instructions for Schedule B (Form 990, 990-EZ, or 990-PF) for more details.

Some members of the public rely on Form 990 or Form 990-EZ as their primary or sole source of information about a particular organization. How the public perceives an organization in such cases can be determined by information presented on its return.

## General Instructions

### Overview of Form 990

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

*Certain Form 990 filers must file electronically. See General Instructions, Section E. When, Where, and How to File, later, for who must file electronically.*

Form 990 is an annual information return required to be filed with the IRS by most organizations exempt from income tax under section 501(a), and certain political organizations and **nonexempt charitable trusts**. Parts I through XII of the form must be completed by all filing organizations and require reporting on the organization's exempt and other activities, finances, governance, compliance with certain federal tax filings and requirements, and **compensation** paid to certain persons. Additional schedules are required to be completed depending upon the activities and type of the organization. By completing Part IV, the organization determines which schedules are required. The entire completed Form 990 filed with the IRS, except for certain contributor information on Schedule B (Form 990, 990-EZ, or 990-PF), is required to be made available to the public by the IRS and the filing organization (see *Appendix D. Public Inspection of Returns*), and can be required to be filed with state governments to satisfy state reporting requirements. See *Appendix I. Use of Form 990 and 990-EZ to Satisfy State Reporting Requirements*.

**Reminder: Do Not Include Social Security Numbers on Publicly Disclosed Forms.** Because the filing organization and the IRS are required to publicly disclose the organization's annual information returns, social security numbers should not be included on this form. By law, with limited exceptions, neither the organization nor the IRS may remove that information before making the form publicly available. Documents subject to disclosure include **statements** and attachments filed with the form. For more information, see *Appendix D. Public Inspection of Returns*.

**Helpful Hints.** The following hints can help you more efficiently review these instructions and complete the form.

- See *General Instructions, Section C. Sequencing List to Complete the Form and Schedules*, later, which provides guidance on the recommended order for completing the form and applicable **statements**.
- Throughout these instructions, “the organization” and the “filing organization” both refer to the organization filing Form 990.
- Unless otherwise specified, information should be provided for the organization's tax year. For instance, an organization should answer “Yes” to a question asking whether it conducted a certain type of activity only if it conducted that activity during the tax year.
- The examples appearing throughout the instructions to Form 990 are illustrative only. They are for the purpose of completing this form and are not all-inclusive.
- Instructions to the Form 990 schedules are published separately from these instructions.

*Organizations that have total gross income from **unrelated trades or businesses** of at least \$1,000 also are required to file Form 990-T, Exempt Organization Business Income Tax Return, in addition to any required Form 990, 990-EZ, or 990-N.*

## A. Who Must File

Most organizations exempt from income tax under section 501(a) must file an annual information return (Form 990 or 990-EZ) or submit an annual electronic notice (Form 990-N), depending upon the organization's **gross receipts** and **total assets**.

*An organization may not file a “consolidated” Form 990 to aggregate information from another organization that has a different **EIN**, unless it is filing a **group return** and reporting information from a **subordinate organization** or organizations, reporting information from a **joint venture** or **disregarded entity** (see *Appendices E and F, later*), or as otherwise provided for in the Code, regulations, or official IRS guidance. A parent exempt organization of a section 501(c)(2) title-holding company may file a consolidated Form 990-T with the section 501(c)(2) organization, but not a consolidated Form 990.*

Form 990 must be filed by an organization exempt from income tax under section 501(a) (including an organization that has not applied for recognition of exemption) if it has either (1) gross receipts greater than or equal to \$200,000 or (2) total assets greater than or equal to \$500,000 at the end of the tax year (with exceptions described below for organizations eligible to submit Form 990-N and for certain organizations described in *Section B. Organizations Not Required to File Form 990 or 990-EZ, later*). This includes:

- Organizations described in section 501(c)(3) (other than **private foundations**), and
- Organizations described in other 501(c) subsections (other than black lung benefit trusts).

Gross receipts are the total amounts the organization received from all sources during its tax year, without subtracting any costs or expenses. See *Appendix B* for a discussion of gross receipts.

For purposes of Form 990 reporting, the term *section 501(c)(3)* includes organizations exempt under sections 501(e) and (f) (cooperative service organizations), 501(j) (amateur sports organizations), 501(k) (child care organizations), and 501(n) (charitable risk pools). In addition, any organization described in one of these sections is also subject to section 4958 if it obtains a determination letter from the IRS stating that it is described in section 501(c)(3).

**Form 990-N.** If an organization normally has gross receipts of \$50,000 or less, it must submit Form 990-N, Electronic Notice (e-Postcard) for Tax-Exempt Organizations Not Required To File Form 990 or 990-EZ, if it chooses not to file Form 990 or Form 990-EZ (with exceptions described below for certain section 509(a)(3) **supporting organizations** and for certain organizations described in *Section B. Organizations Not Required To File Form 990 or 990-EZ*, later.) See *Appendix B* for a discussion of gross receipts.

**Form 990-EZ.** If an organization has **gross receipts** less than \$200,000 and **total assets** at the end of the tax year less than \$500,000, it can choose to file Form 990-EZ, Short Form Return of Organization Exempt From Income Tax, instead of Form 990. See the Instructions for Form 990-EZ for more information. See the special rules below regarding **controlling organizations** under section 512(b)(13) and **sponsoring organizations of donor advised funds**.

If an organization eligible to submit the Form 990-N or file the Form 990-EZ chooses to file the Form 990, it must file a complete return.

**Foreign and U.S. possession organizations. Foreign organizations and U.S. possession organizations** as well as **domestic organizations** must file Form 990 or 990-EZ unless specifically excepted under *Section B. Organizations Not Required To File Form 990 or 990-EZ*, later. Report amounts in U.S. dollars and state what conversion rate the organization uses. Combine amounts from inside and outside the United States and report the total for each item. All information must be written in English.

**Sponsoring organizations of donor advised funds.** If required to file an annual information return for the year, **sponsoring organizations of donor advised funds** must file Form 990 and not Form 990-EZ.

**Controlling organizations described in section 512(b)(13).** A **controlling organization** of one or more **controlled entities**, as described in section 512(b)(13), must file Form 990 and not Form 990-EZ if it is required to file an annual information return for the year and if there was any transfer of funds between the controlling organization and any controlled entity during the year.

**Section 509(a)(3) supporting organizations.** A section 509(a)(3) **supporting organization** must file Form 990 or 990-EZ, even if its gross receipts are normally \$50,000 or less, and even if it is described in Rev. Proc. 96-10, 1996-1 C.B. 577, or is an affiliate of a governmental unit described in Rev. Proc. 95-48, unless it qualifies as one of the following:

1. An integrated auxiliary of a **church** described in Regulations section 1.6033-2(h),
2. The exclusively religious activities of a **religious order**, or
3. An organization, the gross receipts of which are normally not more than \$5,000, that supports a section 501(c)(3) religious organization.

If the organization is described in (3) but not in (1) or (2), then it must submit Form 990-N unless it voluntarily files Form 990 or 990-EZ.

**Section 501(c)(7) and 501(c)(15) organizations.** Section 501(c)(7) and 501(c)(15) organizations apply the same **gross receipts** test as other organizations to determine whether they must file Form 990, but use a different definition of gross receipts to determine whether they qualify as tax-exempt for the tax year. See *Appendix C* for more information.

**Section 527 political organizations.** A tax-exempt political organization must file Form 990 or 990-EZ if it had \$25,000 or more in gross receipts during its tax year, even if its gross

receipts are normally \$50,000 or less, unless it meets one of the exceptions for *certain political organizations* under *Section B. Organizations Not Required To File Form 990 or 990-EZ*, later. A qualified state or local political organization must file Form 990 or 990-EZ only if it has gross receipts of \$100,000 or more. Political organizations are not required to submit Form 990-N.

**Section 4947(a)(1) nonexempt charitable trusts. A nonexempt charitable trust** described under section 4947(a)(1) (if it is not treated as a private foundation) is required to file Form 990 or 990-EZ, unless excepted under *Section B. Organizations Not Required To File Form 990 or 990-EZ*, later. Such a trust is treated like an exempt section 501(c)(3) organization for purposes of completing the form. Section 4947(a)(1) trusts must complete all sections of the Form 990 and schedules that section 501(c)(3) organizations must complete. All references to a section 501(c)(3) organization in the Form 990, schedules, and instructions include a section 4947(a)(1) trust (for instance, such a trust must complete Schedule A (Form 990 or 990-EZ)), unless otherwise specified. If such a trust does not have any taxable income under Subtitle A of the Code, it can file Form 990 or 990-EZ to meet its section 6012 filing requirement and does not have to file Form 1041, U.S. Income Tax Return for Estates and Trusts.

**Returns when exempt status not yet established.** An organization is required to file Form 990 under these instructions if the organization claims exempt status under section 501(a) but has not established such exempt status by filing Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code, Form 1023-EZ, Streamlined Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code, or Form 1024, Application for Recognition of Exemption Under Section 501(a), and receiving an IRS determination letter recognizing tax-exempt status. In such a case, the organization must check the "Application pending" checkbox in Form 990, Item B, Heading, page 1 (whether or not a Form 1023, 1023-EZ, or 1024 has been filed) to indicate that Form 990 is being filed in the belief that the organization is exempt under section 501(a), but that the IRS has not yet recognized such exemption.

To qualify for tax exemption retroactive to the date of its organization or formation, an organization claiming tax-exempt status under section 501(c)(3), 501(c)(9), or 501(c)(17) generally must file Form 1023, 1023-EZ, or 1024 within 27 months of the end of the month in which it was legally organized or formed.

*An organization that has filed a letter application for recognition of exemption as a qualified nonprofit health insurance issuer under section 501(c)(29), or plans to do so, but has not yet received an IRS determination letter recognizing exempt status, must check the "Application pending" checkbox in the Form 990 Heading, Item B.*

## **B. Organizations Not Required To File Form 990 or 990-EZ**

An organization does not have to file Form 990 or 990-EZ even if it has at least \$200,000 of **gross receipts** for the tax year or \$500,000 of **total assets** at the end of the tax year if it is described below (except for section 509(a)(3) supporting organizations, which are described earlier). See *Section A. Who Must File* to determine if the organization can file Form 990-EZ instead of Form 990. An organization described in paragraph 10, 11, or 13 of this Section B is required to submit Form 990-N unless it voluntarily files Form 990, 990-EZ, or 990-BL, as applicable.

### **Certain religious organizations.**

1. A **church**, an interchurch organization of local units of a church, a convention or association of churches, or an

integrated auxiliary of a church as described in Regulations section 1.6033-2(h) (such as a men's or women's organization, religious school, mission society, or youth group).

2. A church-affiliated organization that is exclusively engaged in managing funds or maintaining retirement programs and is described in Rev. Proc. 96-10, 1996-1 C.B. 577. But see the filing requirements for section 509(a)(3) supporting organizations in *A. Who Must File*.

3. A school below college level affiliated with a church or operated by a **religious order** described in Regulations section 1.6033-2(g)(1)(vii).

4. A mission society sponsored by, or affiliated with, one or more churches or church denominations, if more than half of the society's activities are conducted in, or directed at, persons in foreign countries.

5. An exclusively religious activity of any **religious order** described in Rev. Proc. 91-20, 1991-1 C.B. 524.

#### **Certain governmental organizations.**

6. A state institution whose income is excluded from gross income under section 115.

7. A **governmental unit** or affiliate of a governmental unit described in Rev. Proc. 95-48, 1995-2 C.B. 418. But see the filing requirements for section 509(a)(3) supporting organizations in *A. Who Must File*.

8. An organization described in section 501(c)(1). A section 501(c)(1) organization is a corporation organized under an Act of Congress that is an instrumentality of the United States, and exempt from federal income taxes.

#### **Certain political organizations.**

9. A political organization that is:

- A state or local committee of a political party;
- A political committee of a state or local candidate;
- A caucus or association of state or local officials; or
- Required to report under the Federal Election Campaign Act of 1971 as a political committee (as defined in section 301(4) of such Act).

#### **Certain organizations with limited gross receipts.**

10. An organization whose **gross receipts** are normally \$50,000 or less. Such organizations generally are required to submit Form 990-N if they choose not to file Form 990 or Form 990-EZ. To determine what an organization's gross receipts "normally" are, see *Appendix B. How to Determine Whether an Organization's Gross Receipts Are Normally \$50,000 (or \$5,000) or Less*.

11. **Foreign organizations** and organizations located in **U.S. possessions**, whose **gross receipts** from sources within the United States are normally \$50,000 or less and which did not engage in significant activity in the United States (other than investment activity). Such organizations, if they claim U.S. tax exemption or are recognized by the IRS as tax-exempt, generally are required to submit Form 990-N if they choose not to file Form 990 or 990-EZ.

If a foreign organization or U.S. possession organization is required to file Form 990 or Form 990-EZ, then its worldwide gross receipts, as well as assets, are taken into account in determining whether it qualifies to file Form 990-EZ.

#### **Certain organizations that file different kinds of annual information returns.**

12. A private foundation (including a private operating foundation) exempt under section 501(c)(3) and described in section 509(a). Use Form 990-PF, Return of Private Foundation. Also use Form 990-PF for a taxable private foundation, a section 4947(a)(1) **nonexempt charitable trust** treated as a private foundation, and a private foundation terminating its status by

becoming a **public charity** under section 507(b)(1)(B) (for tax years within its 60-month termination period). If the organization successfully terminates, then it files Form 990 or 990-EZ in its final year of termination.

13. A black lung benefit trust described in section 501(c)(21). Use Form 990-BL, Information and Initial Excise Tax Return for Black Lung Benefit Trusts and Certain Related Persons.

14. A religious or apostolic organization described in section 501(d). Use Form 1065, U.S. Return of Partnership Income.

15. A stock bonus, pension, or profit-sharing trust that qualifies under section 401. Use Form 5500, Annual Return/Report of Employee Benefit Plan.

**Subordinate organizations in a group exemption** which are included in a **group return** filed by the **central organization** for the **tax year** should not file a separate Form 990 or Form 990-EZ for the tax year.

## **C. Sequencing List To Complete the Form and Schedules**

You may find the following list helpful. It limits jumping from one part of the form to another to make a calculation or determination needed to complete an earlier part. Certain later parts of the form must first be completed in order to complete earlier parts. In general, first complete the **core form**, and then complete alphabetically Schedules A–N and Schedule R, except as provided below. Schedule O (Form 990 or 990-EZ), **Supplemental Information to Form 990**, should be completed as the core form and schedules are completed. Note that all organizations filing Form 990 must file Schedule O.

**A public charity** described in section 170(b)(1)(A)(iv), 170(b)(1)(A)(vi), or 509(a)(2) that is not within its initial five years of existence should first complete Part II or III of Schedule A (Form 990 or 990-EZ) to ensure that it continues to qualify as a public charity for the tax year. If it fails to qualify as a public charity, then it must file Form 990-PF rather than Form 990 or 990-EZ, and check the box for "Initial return of a former public charity" on page 1 of Form 990-PF.

1. Complete Items A through F and H(a) through M in the Heading of Form 990, on page 1.

2. See the instructions for definitions of **related organization** and **control** and determine the organization's related organizations required to be listed in Schedule R (Form 990).

3. Determine the organization's officers, directors, trustees, key employees, and five highest compensated employees required to be listed on Form 990, Part VII, Section A.

4. Complete Parts VIII, IX, and X of Form 990.

5. Complete Item G in the Heading section of Form 990, on page 1.

6. Complete Parts III, V, VII, XI, and XII of Form 990.

7. See the Instructions for Schedule L (Form 990 or 990-EZ), **Transactions With Interested Persons**, and complete Schedule L (Form 990 or 990-EZ) (if required).

8. Complete Part VI of Form 990. Transactions reported on Schedule L (Form 990 or 990-EZ) are relevant to determining independence of **members of the governing body** under Form 990, Part VI, line 1b.

9. Complete Part I of Form 990 based on information derived from other parts of the form.

10. Complete Part IV of Form 990 to determine which schedules must be completed by the organization.

11. Complete Schedule O (Form 990 or 990-EZ) and any other applicable schedules (for "Yes" boxes that were checked

in Part IV). Use Schedule O (Form 990 or 990-EZ) to provide required supplemental information and other narrative explanations for questions on the core Form 990. For questions on Form 990 schedules, use the narrative part of each schedule to provide supplemental narrative.

12. Complete Part II, *Signature Block*, of Form 990.

## D. Accounting Periods and Methods

These are the accounting periods covered under the law.

### Accounting Periods

**Calendar year.** Use the 2014 Form 990 to report on the 2014 calendar year accounting period. A calendar year accounting period begins on January 1 and ends on December 31.

**Fiscal year.** If the organization has established a fiscal year accounting period, use the 2014 Form 990 to report on the organization's fiscal year that began in 2014 and ended 12 months later. A fiscal year accounting period should normally coincide with the natural operating cycle of the organization. Be certain to indicate in Item A of the Heading of Form 990 the date the organization's fiscal year began in 2014 and the date the fiscal year ended in 2015.

**Short period.** A short accounting period is a period of less than 12 months, which exists when an organization first commences operations, changes its accounting period, or terminates. If the organization's short year began in 2014, and ended before December 31, 2014 (not on or after December 31, 2014), it may use either 2013 Form 990 or 2014 Form 990 to file for the short year. The 2014 form may also be used for a short period beginning in 2015 and ending before December 31, 2015 (not on or after December 31, 2015). When doing so, provide the information for designated years listed on the return, other than the tax year being reported, as if they were updated on the 2015 form. For example, provide the information in Schedule A, Part II, for the tax years 2011-2015, rather than for tax years 2010-2014. A short period return cannot be filed electronically unless it is an initial return for which the "Initial return" box is checked in Item B of the Heading or a final return for which the "Final return/terminated" box is checked in Item B of the Heading.

**Accounting period change.** If the organization changes its accounting period, it must file a Form 990 for the short period resulting from the change. Write "Change of Accounting Period" at the top of this short-period return.

If the organization has previously changed its annual accounting period at any time within the 10-calendar-year period that includes the beginning of the short period resulting from the current filing change in accounting period, and it had a Form 990-series filing requirement or income tax return filing requirement at any time during that 10-year period, it must also file a Form 1128, *Application To Adopt, Change, or Retain a Tax Year*, with the short-period return. See Rev. Proc. 85-58, 1985-2 C.B. 740.

If an organization that submits Form 990-N changes its accounting period, it must report this change on Form 990, Form 990-EZ, or Form 1128, or by sending a letter to Internal Revenue Service, 1973 N. Rulon White Blvd., Ogden, Utah 84404.

### Accounting Methods

Unless instructed otherwise, the organization should generally use the same accounting method on the return (including the Form 990 and all schedules) to report revenue and expenses that it regularly uses to keep its books and records. To be acceptable for Form 990 reporting purposes, however, the method of accounting must clearly reflect income.

**Accounting method change.** Generally, the organization must file Form 3115, *Application for Change in Accounting Method*, to

change its accounting method. An exception applies where a section 501(c) organization changes its accounting method to comply with the Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards 116, *Accounting for Contributions Received and Contributions Made (SFAS 116)*, now codified in FASB Accounting Standards Codification 958, *Not-for-Profit Entities (ASC 958)*. See Notice 96-30, 1996-1 C.B. 378. An organization that makes a change in accounting method, regardless of whether it files Form 3115, must report any adjustment required by section 481(a) in Parts VIII through XI and in Schedule D, (Form 990), *Supplemental Financial Statements*, Parts XI and XII, as applicable.

**State reporting.** Many states that accept Form 990 in place of their own forms require that all amounts be reported based on the accrual method of accounting. If the organization prepares Form 990 for state reporting purposes, it can file an identical return with the IRS even though the return does not agree with the books of account, unless the way one or more items are reported on the state return conflicts with the instructions for preparing Form 990 for filing with the IRS.

**Example 1.** The organization maintains its books on the cash receipts and disbursements method of accounting but prepares a Form 990 return for the state based on the accrual method. It could use that return for reporting to the IRS.

**Example 2.** A state reporting requirement requires the organization to report certain revenue, expense, or balance sheet items differently from the way it normally accounts for them on its books. A Form 990 prepared for that state is acceptable for the IRS reporting purposes if the state reporting requirement does not conflict with the Instructions for Form 990.

An organization should keep a reconciliation of any differences between its books of account and the Form 990 that is filed. Organizations with audited financial statements are required to provide such reconciliations on Schedule D (Form 990), Parts XI through XII.

See Pub. 538, *Accounting Periods and Methods*, and the instructions to Forms 1128 and 3115, about reporting changes to accounting periods and methods.

## E. When, Where, and How to File

File Form 990 by the 15<sup>th</sup> day of the 5<sup>th</sup> month after the organization's accounting period ends (May 15<sup>th</sup> for a calendar-year filer). If the due date falls on a Saturday, Sunday, or legal holiday, file on the next business day. A business day is any day that is not a Saturday, Sunday, or legal holiday.

If the organization is liquidated, dissolved, or terminated, file the return by the 15<sup>th</sup> day of the 5<sup>th</sup> month after liquidation, dissolution, or termination.

If the return is not filed by the due date (including any extension granted), explain in a separate attachment, giving the reasons for not filing on time.

Send the return to:

Department of the Treasury  
Internal Revenue Service Center  
Ogden, UT 84201-0027

**Foreign and U.S. possession organizations.** If the organization's principal business, office, or agency is located in a foreign country or U.S. possession, send the return to:

Department of the Treasury  
Internal Revenue Service Center  
P.O. Box 409101  
Ogden, UT 84409

**Private delivery services.** The organization can use only the IRS-designated private delivery services below to meet the “timely mailing as timely filing/paying” rule for tax returns and payments. These private delivery services include only the following:

- DHL Express (DHL): DHL “Same Day” Service.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx International Priority, FedEx International First.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2<sup>nd</sup> Day Air, UPS 2<sup>nd</sup> Day Air AM, UPS Worldwide Express Plus, and UPS Worldwide Express.

For private delivery services, deliver the return to:

Internal Revenue Service  
1973 N. Rulon White Blvd.  
Ogden, UT 84404.

The private delivery service can tell you how to get written proof of the mailing date.

*Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box.*

**Electronic filing.** The organization can file Form 990 and related forms, schedules, and attachments electronically. However, if an organization files at least 250 returns of any type during the calendar year ending with or within the organization's **tax year** and has **total assets** of \$10 million or more at the end of the tax year, it must file Form 990 electronically. “Returns” for this purpose include information returns (for example, Forms W-2 and Forms 1099), income tax returns, employment tax returns (including quarterly Forms 941, Employer's Quarterly Federal Tax Return), and excise tax returns.

If an organization is required to file a return electronically but does not, the organization is considered not to have filed its return, even if a paper return is submitted, unless it is reporting a name change, in which case it must file by paper and attach the documents described in *Specific Instructions, Item B. Checkboxes*, later. See Regulations section 301.6033-4 for more information on mandatory electronic filing of Form 990.

For additional information on the electronic filing requirement, visit [www.irs.gov/Filing](http://www.irs.gov/Filing).

The IRS may waive the requirements to file electronically in cases of undue hardship. For information on filing a waiver, see Notice 2010-13, 2010-4 I.R.B. 327, available at [www.irs.gov/irb/2010-04\\_IRB/ar14.html](http://www.irs.gov/irb/2010-04_IRB/ar14.html).

## F. Extension of Time To File

Use Form 8868, Application for Extension of Time To File an Exempt Organization Return, to request an automatic 3-month extension of time to file. Use Form 8868 also to apply for an additional (not automatic) 3-month extension if the original 3 months was not enough time. To obtain this additional extension of time to file, the organization must show reasonable cause for the additional time requested. See the Instructions for Form 8868.

## G. Amended Return/Final Return

To amend the organization's return for any year, file a new return including any required schedules. Use the version of Form 990 applicable to the year being amended. The amended return must provide all the information called for by the form and instructions, not just the new or corrected information. Check the “Amended return” box in Item B of the *Heading* of the return on page 1 of the form. Also, enter in Schedule O (Form 990 or

990-EZ) which parts and schedules of the Form 990 were amended and describe the amendments.

The organization can file an amended return at any time to change or add to the information reported on a previously filed return for the same period. It must make the amended return available for inspection for 3 years from the date of filing or 3 years from the date the original return was due, whichever is later.

If the organization needs a complete copy of its previously filed return, it can file Form 4506, Request for Copy of Tax Return. See [IRS.gov](http://IRS.gov) for information on getting blank tax forms.

If the return is a final return, the organization must check the “Final return/terminated” box in Item B of the *Heading* on page 1 of the form, and complete Schedule N (Form 990 or 990-EZ), Liquidation, Termination, Dissolution, or Significant Disposition of Assets.

**Amended returns and state filing considerations.** State law may require that the organization send a copy of an amended Form 990 return (or information provided to the IRS supplementing the return) to the state with which it filed a copy of Form 990 to meet that state's reporting requirement. A state may require an organization to file an amended Form 990 to satisfy state reporting requirements, even if the original return was accepted by the IRS.

## H. Failure-to-File Penalties

**Against the organization.** Under section 6652(c)(1)(A), a penalty of \$20 a day, not to exceed the lesser of \$10,000 or 5% of the **gross receipts** of the organization for the year, can be charged when a return is filed late, unless the organization shows that the late filing was due to reasonable cause. Organizations with annual **gross receipts** exceeding \$1 million are subject to a penalty of \$100 for each day failure continues (with a maximum penalty for any one return of \$50,000). The penalty applies on each day after the due date that the return is not filed.

Tax-exempt organizations that are required to file electronically but do not are deemed to have failed to file the return. This is true even if a paper return is submitted, unless the organization files by paper to report a name change.

The penalty can also be charged if the organization files an incomplete return, such as by failing to complete a required line item or a required part of a schedule. To avoid penalties and having to supply missing information later:

- Complete all applicable line items,
- Unless instructed to skip a line, answer each question on the return,
- Make an entry (including a zero when appropriate) on all lines requiring an amount or other information to be reported, and
- Provide required explanations as instructed.

Also, this penalty can be imposed if the organization's return contains incorrect information. For example, an organization that reports contributions net of related fundraising expenses can be subject to this penalty.

Use of a paid preparer does not relieve the organization of its responsibility to file a complete and accurate return.

**Against responsible person(s).** If the organization does not file a complete return or does not furnish correct information, the IRS will send the organization a letter that includes a fixed time to fulfill these requirements. After that period expires, the person failing to comply will be charged a penalty of \$10 a day. The maximum penalty on all persons for failures for any one return shall not exceed \$5,000.

There are also penalties (fines and imprisonment) for willfully not filing returns and for filing fraudulent returns and statements

with the IRS (see sections 7203, 7206, and 7207). States can impose additional penalties for failure to meet their separate filing requirements.

**Automatic revocation for nonfiling for three consecutive years.** The law requires most tax-exempt organizations, other than churches, to file an annual Form 990, 990-EZ, or 990-PF with the IRS, or to submit a Form 990-N e-Postcard to the IRS. If an organization fails to file an annual return or submit a notice as required for 3 consecutive years, its tax-exempt status is automatically revoked on and after the due date for filing its third annual return or notice. Organizations that lose their tax-exempt status may need to file income tax returns and pay income tax, but may apply for reinstatement of exemption. For details, go to [www.irs.gov/eo](http://www.irs.gov/eo).

## I. Group Return

A central, parent, or similar organization can file a **group return** on Form 990 for two or more subordinate or local organizations that are:

- Affiliated with the central organization at the time its tax year ends,
- Subject to the central organization's general supervision or control,
- Exempt from tax under a **group exemption** letter that is still in effect, and
- Using the same tax year as the central organization.

The central organization cannot use a Form 990-EZ for the group return.

A **subordinate organization** may choose to file a separate annual information return instead of being included in the group return.

If the **central organization** is required to file a return for itself, it must file a separate return and cannot be included in the group return. See Regulations section 1.6033-2(d)(1). See *Section B. Organizations Not Required To File Form 990 or 990-EZ*, earlier, for a list of organizations not required to file.

Every year, each subordinate organization must authorize the central organization in writing to include it in the group return and must declare, under penalties of perjury, that the authorization and the information it submits to be included in the group return are true and complete.

The central organization should send the annual information update required to maintain a group exemption ruling (a separate requirement from the annual return) to:

Department of the Treasury  
Internal Revenue Service Center  
Ogden, UT 84201-0027

For special instructions regarding answering certain Form 990 questions about parts or schedules in the context of a group return, see *Appendix E, Group Returns—Reporting Information on Behalf of the Group*.

## J. Requirements for a Properly Completed Form 990

All organizations filing Form 990 must complete Parts I through XII, Schedule O (Form 990 or 990-EZ), and any schedules for which a “Yes” response is indicated in Part IV. If an organization is not required to file Form 990 but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

**Public inspection.** In general, all information the organization reports on or with its Form 990, including schedules and attachments, will be available for public inspection. Note,

however, the special rules for Schedule B (Form 990, 990-EZ, or 990-PF), **Schedule of Contributors**, a required schedule for certain organizations that file Form 990. Make sure the forms and schedules are clear enough to photocopy legibly. For more information on public inspection requirements, see *Appendix D. Public Inspection of Returns*, and Pub. 557, Tax-Exempt Status for Your Organization.

**Signature.** A Form 990 is not complete without a proper signature. For details, see the instructions to Part II, *Signature Block*.

**Recordkeeping.** The organization's records should be kept for as long as they may be needed for the administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit must be kept for a minimum of 3 years from the date the return is due or filed, whichever is later. Keep records that verify the organization's basis in property for as long as they are needed to figure the basis of the original or replacement property. Applicable law and an organization's policies can require that the organization retain records longer than 3 years. Form 990, Part VI, line 14, asks whether the organization has a document retention and destruction policy.

The organization should also keep copies of any returns it has filed. They help in preparing future returns and in making computations when filing an amended return.

**Rounding off to whole dollars.** The organization must round off cents to whole dollars on the returns and schedules, unless otherwise noted for particular questions. To round, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example, \$1.49 becomes \$1 and \$2.50 becomes \$3. If the organization has to add two or more amounts to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

**Completing all lines.** Make an entry (including -0- when appropriate) on all lines requiring an amount or other information to be reported. Do not leave any applicable lines blank, unless expressly instructed to skip that line. If answering a line is predicated on a “Yes” answer to the preceding line, and if the organization's answer to the preceding line was “No,” then leave the “If Yes” line blank.

All filers must file Schedule O (Form 990 or 990-EZ). Certain questions require all filers to provide an explanation in Schedule O (Form 990 or 990-EZ). In general, answers can be explained or supplemented in Schedule O (Form 990 or 990-EZ) if the allotted space in the form or other schedule is insufficient, or if a “Yes” or “No” answer is required but the organization wishes to explain its answer.

Missing or incomplete parts of the form and/or required schedules may result in the IRS contacting you to obtain the missing information. Failure to supply the information may result in a penalty being assessed to your account. For tips on filing complete returns, go to [www.irs.gov/charities](http://www.irs.gov/charities).

**Reporting proper amounts.** Some lines request information reported on other forms filed by the organization (such as Forms W-2, 1099, and 990-T). If the organization is aware that the amount actually reported on the other form is incorrect, it must report on Form 990 the information that should have been reported on the other form (in addition to filing an amended form with the proper amount).

In general, do not report negative numbers, but use -0- instead of a negative number, unless the instructions otherwise provide. Report revenue and expenses separately and do not net related items, unless otherwise provided.

**Inclusion of activities and items of disregarded entities and joint ventures.** An organization must report on its Form

990 all of the revenues, expenses, assets, liabilities, and net assets or funds of a **disregarded entity** of which it is the sole member, and must report on its Form 990 its share of all such items of a **joint venture** or other investment or arrangement treated as a partnership for federal income tax purposes. This includes passive investments. In addition, the organization generally must report activities of a disregarded entity or a **joint venture** on the appropriate parts or schedules of Form 990. For special instructions about the treatment of disregarded entities and joint ventures for various parts of the form, see *Appendix F. Disregarded Entities and Joint Ventures—Inclusion of Activities and Items*.

**Reporting information from third parties.** Some lines request information that the organization may need to obtain from third parties, such as compensation paid by **related organizations**; family and business relationships between **officers, directors, trustees, key employees**, and certain businesses they own or control; the organization's share of the income and assets of a partnership or joint venture in which it has an ownership interest; and certain transactions between the organization and interested persons. The organization should make reasonable efforts to obtain this information. If it is unable to obtain certain information by the due date for filing the return, it should file Form(s) 8868 to request a filing extension. See *Section F. Extension of Time To File*, earlier. If the organization is unable to obtain this information by the extended due date after making reasonable efforts, and is not certain of the answer to a particular question, it may make a reasonable estimate, where applicable, and explain in Schedule O.

## Assembling Form 990, schedules, and attachments.

Before filing Form 990, assemble the package of forms, schedules, and attachments in the following order.

1. **Core form** with Parts I through XII completed, filed in numerical order.
2. Schedules, completed as applicable, filed in alphabetical order (see Form 990, Part IV for required schedules). All pages of a required schedule must be submitted by Form 990 paper filers, even if the filer is only required to complete certain parts but not all of the schedule.
3. Attachments, completed as applicable. These include (a) name change amendment to organizing document required by Item B under *Heading*; (b) list of **subordinate organizations** included in a **group return** required by Item H under *Heading*; (c) articles of merger or dissolution, resolutions, and plans of liquidation or merger required by Schedule N (Form 990 or 990-EZ); (d) reasonable cause explanation for a late-filed return; and (e) for **hospital organizations** only, a copy of the most recent **audited financial statements**.

Do not attach materials not authorized in the instructions or not otherwise authorized by the IRS.

To facilitate the processing of your return, do not password protect or encrypt PDF attachments. Password protecting or encrypting a PDF file that is attached to an e-filed return prevents the IRS from opening the attachment.

## Specific Instructions

### Heading. Items A–M

Complete items A through M.

**Item A. Accounting period.** File the 2014 return for calendar year 2014 and fiscal years that began in 2014 and ended in 2015. For a fiscal year return, fill in the tax year space at the top of page 1. See *General Instructions, Section D. Accounting Periods and Methods*, earlier, for additional information about accounting periods.

**Item B. Checkboxes.** The following checkboxes are under Item B.

**Address change.** Check this box if the organization changed its address and has not reported the change on its most recently filed Form 990, 990-EZ, 990-N, or 8822-B or in correspondence to the IRS.

If a change in address occurs after the return is filed, use Form 8822-B, Change of Address or Responsible Party—Business, to notify the IRS of the new address.

**Name change.** Check this box if the organization changed its legal name (not its “doing business as” name) and if the organization has not reported the change on its most recently filed Form 990 or 990-EZ or in correspondence to the IRS. If the organization changed its name, file Form 990 by paper and attach the following documents:

IF the organization is . . .	THEN attach . . .
A corporation	A copy of the amendment to the articles of incorporation, and proof of filing with the appropriate state authority.
A trust	A copy of the amendment to the trust instrument, or a resolution to amend the trust instrument, showing the effective date of the change of name and signed by at least one trustee.
An unincorporated association	A copy of the amendment to the articles of association, constitution, or other organizing document, showing the effective date of the change of name and signed by at least two officers, trustees, or members.

**Initial return.** Check this box if this is the first time the organization is filing a Form 990 and it has not previously filed a Form 990-EZ, 990-PF, 990-T, or 990-N.

**Final return/terminated.** Check this box if the organization has terminated its existence or ceased to be a section 501(a) or section 527 organization and is filing its final return as an exempt organization or section 4947(a)(1) trust. For example, an organization should check this box when it has ceased operations and dissolved, merged into another organization, or has had its exemption revoked by the IRS. An organization that checks this box because it has liquidated, terminated, or dissolved during the tax year must also attach Schedule N (Form 990 or 990-EZ).

An organization must support any claim to have liquidated, terminated, dissolved, or merged by attaching a certified copy of its articles of dissolution or merger approved by the appropriate state authority. If a certified copy of its articles of dissolution or merger is not available, the organization must submit a copy of a resolution or resolutions of its governing body approving plans of liquidation, termination, dissolution, or merger.

**Amended return.** Check this box if the organization previously filed a return with the IRS for a tax year and is now filing another return for the same tax year to amend the previously filed return. Enter in Schedule O (Form 990 or 990-EZ) the parts and schedules of the Form 990 that were

amended and describe the amendments. See *General Instructions, Section G. Amended Return/Final Return*, earlier, for more information.

**Application pending.** Check this box if the organization either has filed a Form 1023, 1023-EZ, or 1024 with the IRS and is awaiting a response, or claims tax-exempt status under section 501(a) but has not filed Form 1023, 1023-EZ, or 1024 to be recognized by the IRS as tax-exempt. If this box is checked, the organization must complete all parts of Form 990 and any required schedules. An organization that is required to file an annual information return (Form 990 or Form 990-EZ) or submit an annual electronic notice (Form 990-N) for a tax year (see *General Instructions, Section A. Who Must File*, earlier) must do so even if it has not yet filed a Form 1023, 1023-EZ, or 1024 with the IRS, if it claims tax-exempt status.

To qualify for tax exemption retroactive to the date of its organization or formation, an organization claiming tax-exempt status under section 501(c)(3), 501(c)(9), or 501(c)(17) generally must file Form 1023, 1023-EZ, or 1024 within 27 months of the end of the month in which it was legally organized or formed.

**Item C. Name and address.** Enter the organization's legal name on the "Name of organization" line. If the organization operates under a name different from its legal name, enter the alternate name on the "Doing Business As" (DBA) line. If multiple DBA names will not fit on the line, enter one on the line and enter the others on Schedule O (Form 990 or 990-EZ).

If the organization receives its mail in care of a third party (such as an accountant or an attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box.

Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and the organization has a P.O. box, enter the box number instead of the street address.

For foreign addresses, enter the information in the following order: city or town, state or province, the name of the country, and the postal code. Do not abbreviate the country name.

If a change in address occurs after the return is filed, use Form 8822-B, Change of Address or Responsible Party—Business, to notify the IRS of the new address.

**Item D. Employer identification number (EIN).** Use the EIN provided to the organization for filing its Form 990 and federal tax returns. The organization must have only one EIN. If it has more than one and has not been advised which to use, notify the:

Department of the Treasury  
Internal Revenue Service Center  
Ogden, UT 84201-0027

State the numbers the organization has, the name and address to which each EIN was assigned, and the address of the organization's principal office. The IRS will advise the organization which number to use.

**A subordinate organization that files a separate Form 990 instead of being included in a group return must use its own EIN, and not that of the central organization.**

**A section 501(c)(9) voluntary employees' beneficiary association must use its own EIN and not the EIN of its sponsor.**

**Item E. Telephone number.** Enter a telephone number of the organization that members of the public and government personnel can use during normal business hours to obtain information about the organization's finances and activities. If the

organization does not have a telephone number, enter the telephone number of an organization official who can provide such information.

**Item F. Name and address of principal officer.** The address provided must be a complete mailing address to enable the IRS to communicate with the organization's current (as of the date this return is filed) **principal officer**, if necessary. If the officer prefers to be contacted at the organization's address listed in item C, enter "same as C above." For purposes of this item, "principal officer" means an **officer** of the organization who, regardless of title, has ultimate responsibility for implementing the decisions of the organization's **governing body**, or for supervising the management, administration, or operation of the organization.

**If a change in responsible party occurs after the return is filed, use Form 8822-B, Change of Address or Responsible Party—Business, to notify the IRS of the new responsible party.**

**Item G. Gross receipts.** On Form 990, Part VIII, column A, add line 6b (both columns (i) and (ii)), line 7b (both columns (i) and (ii)), line 8b, line 9b, line 10b, and line 12, and enter the total here. See the exceptions from filing Form 990 based on **gross receipts** and **total assets** as described in *General Instructions, Sections A and B*, earlier.

**Item H. Group returns.** If the organization answers "No" to line H(a), it should not check a box in line H(b). If the organization answers "Yes" to line H(a) but "No" to line H(b), attach a list (not on Schedule O (Form 990 or 990-EZ)) showing the name, address, and **EIN** of each local or **subordinate organization** included in the **group return**. A central or subordinate organization filing an individual return should not attach such a list. Enter on line H(c) the four-digit group exemption number (GEN) if the organization is filing a group return, or if the organization is a central or subordinate organization in a **group exemption** and is filing a separate return. Do not confuse the four-digit GEN number with the nine-digit EIN number reported on item D of the form's Heading. A **central organization** filing a group return must not report its own EIN in item D, but report the special EIN issued for use with the group return.

If attaching a list:

- Enter the form number ("Form 990") and tax year,
- Enter the group exemption name and **EIN**,
- Enter the four-digit group exemption number (GEN), and
- Use the same size paper as the form.

**Item I. Tax-exempt status.** Check the applicable box. If the organization is exempt under section 501(c) (other than section 501(c)(3)), check the **second** box and insert the appropriate subsection number within the parentheses (for example, "4" for a 501(c)(4) organization).

**Item J. Website.** Enter the organization's current address for its primary website, as of the date of filing this return. If the organization does not maintain a website, enter "N/A" (not applicable).

**Item K. Form of organization.** Check the box describing the organization's legal entity form or status under state law in its state of legal domicile. These include corporations, trusts, unincorporated associations, and other entities (for example, partnerships and limited liability companies).

**Item L. Year of formation.** Enter the year in which the organization was legally created under state or foreign law. If a corporation, enter the year of incorporation.

**Item M. State of legal domicile.** For a corporation, enter the state of incorporation (country of incorporation for a foreign corporation formed outside the United States). For a trust or

other entity, enter the state whose law governs the organization's internal affairs (or the foreign country whose law governs for a foreign organization other than a corporation).

## Part I. Summary

**TIP** Because Part I generally reports information reported elsewhere on the form, **complete Part I after the other parts of the form are completed.** See *General Instructions, Section C. Sequencing List to Complete the Form and Schedules*, earlier.

Complete lines 3–5 and 7–22 by using applicable references made in Part I to other items.

**Line 1.** Describe the organization's mission or its most significant activities for the year, whichever the organization wishes to highlight, on the summary page.

**Line 2.** Check this box if the organization answered “Yes,” to Part IV, line 31 or 32, and complete Schedule N (Form 990 or 990-EZ), Part I or Part II.

**Line 6.** Enter the number of **volunteers**, full-time and part-time, including volunteer members of the organization's governing body, who provided volunteer services to the organization during the reporting year. Organizations that do not keep track of this information in their books and records or report this information elsewhere (such as in annual reports or grant proposals) can provide a reasonable estimate, and can use any reasonable basis for determining this estimate. Organizations can, but are not required to, provide an explanation on Schedule O (Form 990 or 990-EZ) of how this number was determined, the number of hours those volunteers served during the tax year, and the types of services or benefits provided by the organization's volunteers.

**Line 7b.** If the organization is not required to file a Form 990-T for the tax year, enter “0.” If the organization has not yet filed Form 990-T for the tax year, provide an estimate of the amount it expects to report on Form 990-T, line 34, when it is filed.

**Lines 8–19.** If this is an initial return, or if the organization filed Form 990-EZ or 990-PF in the prior year, leave the “Prior Year” column blank. Use the same lines from the **2013** Form 990 to determine what to report for prior year revenue and expense amounts.

**Line 16a.** Enter the total of (i) the **fees for** professional fundraising **services** reported in Part IX, column (A), line 11e, and (ii) the portion of the amount reported in Part IX, column (A), lines 5 and 6, that comprises **fees for** professional fundraising **services** paid to officers, directors, trustees, key employees, and disqualified persons, whether or not such persons are employees of the organization. Exclude the latter amount from Part I, line 15.

## Part II. Signature Block

The return must be signed by the current president, vice president, treasurer, assistant treasurer, chief accounting officer, or other corporate officer (such as a tax officer) who is authorized to sign as of the date this return is filed. A receiver, trustee, or assignee must sign any return he or she files for a corporation or association. See Regulations section 1.6012-3(b) (4). For a trust, the authorized trustee(s) must sign. The definition of “officer” for purposes of Part II is different from the definition of **officer** (see *Glossary*) used to determine which officers to report elsewhere on the form and schedules, and from the definition of **principal officer** for purposes of the Form 990 *Heading* (see *Glossary*).

## Paid Preparer

Generally, anyone who is paid to prepare the return must sign the return, list the preparer's taxpayer identification number (PTIN), and fill in the other blanks in the *Paid Preparer Use Only* area. An employee of the filing organization is not a paid preparer.

The paid preparer must:

- Sign the return in the space provided for the preparer's signature,
- Enter the preparer information, including the preparer's PTIN, and
- Give a copy of the return to the organization.

Any paid preparer can apply for and obtain a PTIN online at [www.irs.gov/ptin](http://www.irs.gov/ptin) or by filing Form W-12, *IRS Paid Preparer Tax Identification Number (PTIN) Application and Renewal*.

**CAUTION** Enter the paid preparer's PTIN, not his or her social security number (SSN), in the “PTIN” box in the paid preparer's block. The IRS will not redact the paid preparer's SSN if such SSN is entered on the paid preparer's block. Because Form 990 is a publicly disclosable document, any information entered in this block will be publicly disclosed (see Appendix D). For more information about applying for a PTIN online, visit the IRS website at [www.irs.gov/taxpros](http://www.irs.gov/taxpros).

**Note.** A paid preparer may sign original or amended returns by rubber stamp, mechanical device, or computer software program.

## Paid Preparer Authorization

On the last line of Part II, check “Yes” if the IRS can contact the paid preparer who signed the return to discuss the return. This authorization applies only to the individual whose signature appears in the *Paid Preparer Use Only* section of Form 990. It does not apply to the firm, if any, shown in that section.

By checking “Yes,” to this box, the organization is authorizing the IRS to contact the paid preparer to answer any questions that arise during the processing of the return. The organization is also authorizing the paid preparer to:

- Give the IRS any information missing from the return,
- Call the IRS for information about processing the return, and
- Respond to certain IRS notices about math errors, offsets, and return preparation.

The organization is not authorizing the paid preparer to bind the organization to anything or otherwise represent the organization before the IRS.

The authorization will automatically end no later than the due date (excluding extensions) for filing of the organization's **2015** Form 990. If the organization wants to expand the paid preparer's authorization or revoke it before it ends, see Pub. 947, *Practice Before the IRS and Power of Attorney*.

Check “No” if the IRS should contact the organization or its principal officer listed in Item F of the *Heading* rather than the paid preparer.

## Part III. Statement of Program Service Accomplishments

Check the box in the heading of Part III if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part. Part III requires reporting regarding the organization's program service accomplishments. A program service is an activity of an organization that accomplishes its exempt purpose. Examples of program service accomplishments can include:

- A section 501(c)(3) organization's charitable activities such as a hospital's provision of charity care under its charity care policy,

a college's provision of higher education to students under a degree program, a disaster relief organization's provision of grants or assistance to victims of a natural disaster, or a nursing home's provision of rehabilitation services to residents;

- A section 501(c)(5) labor union's conduct of collective bargaining on behalf of its members;
- A section 501(c)(6) business league's conduct of meetings for members to discuss business issues; or
- A section 501(c)(7) social club's operation of recreational and dining facilities for its members.

Do not report a fundraising activity as a program service accomplishment unless it is substantially related to the accomplishment of the organization's exempt purposes (other than by raising funds).

**Line 1.** Describe the organization's mission as articulated in its mission statement or as otherwise adopted by the organization's **governing body**, if applicable. If the organization does not have a mission that has been adopted or ratified by its **governing body**, enter "None."

**Line 2.** Answer "Yes," if the organization undertook any new significant program services prior to the end of the **tax year** that it did not describe in a prior year's Form 990 or 990-EZ. Describe these items in Schedule O (Form 990 or 990-EZ). If any are among the activities described on Form 990, Part III, line 4, the organization can reference the detailed description on line 4. **If the organization has never filed a Form 990 or 990-EZ, answer "No."**

**Line 3.** Answer "Yes," if the organization made any significant changes prior to the end of the **tax year** in how it conducts its program services to further its exempt purposes, or if the organization ceased conducting significant program services that had been conducted in a prior year. Describe these items on Schedule O (Form 990 or 990-EZ).

*An organization must report new, significant program services, or significant changes in how it conducts program services on its Form 990, Part III, rather than in a letter to IRS Exempt Organizations Determinations ("EO Determinations"). EO Determinations no longer issues letters confirming the tax-exempt status of organizations that report such new services or significant changes.*

**Lines 4a–4c.** All organizations must describe their accomplishments for each of their three largest program services, as measured by total expenses incurred (not including donated services or the donated use of materials, equipment, or facilities). If there were three or fewer of such activities, describe each program service activity. The organization can report on Schedule O (Form 990 or 990-EZ) additional activities that it considers of comparable or greater importance, although smaller in terms of expenses incurred (such as activities conducted with **volunteer** labor).

**Code.** For the **2014** tax year, leave this blank.

**Expenses and grants.** For each program service reported on lines 4a–4c, section 501(c)(3) and 501(c)(4) organizations must enter total expenses included on Part IX, column (B), line 25, and total grants and allocations (if any) included within such total expenses that were reported on Part IX, on column (B), lines 1–3. For all other organizations, entering these amounts is optional.

**Revenue.** For each program service, section 501(c)(3) and 501(c)(4) organizations must report any revenue derived directly from the activity, such as fees for services or from the sale of goods that directly relate to the listed activity. This revenue includes program service revenue reported on Part VIII, column (A), line 2, and includes other amounts reported on Part VIII, lines 3–11, as related or exempt function revenue. Also include **unrelated business income** from a business that exploits an

exempt function, such as advertising in a journal. For this purpose, charitable contributions and grants (including the charitable contribution portion, if any, of membership dues) reported on Part VIII, line 1, are not considered revenue derived from program services. For organizations other than section 501(c)(3) and 501(c)(4) organizations, entering these amounts is optional.

**Description of program services.** For each program service reported, include the following.

- Describe program service accomplishments through specific measurements such as clients served, days of care provided, number of sessions or events held, or publications issued.
- Describe the activity's objective, for both this time period and the longer-term goal, if the output is intangible, such as in a research activity.
- Give reasonable estimates for any statistical information if exact figures are not readily available. Indicate that this information is estimated.
- Be clear, concise, and complete in the description. Use Schedule O (Form 990 or 990-EZ) if additional space is needed.

**Donated services or use of equipment, materials, or facilities.** The organization can report the amount of any donated services, or use of materials, equipment, or facilities it received or used in connection with a specific program service, on the lines for the narrative description of the appropriate program service. However, do not include these amounts in revenue, expenses, or grants reported on Part III, lines 4a–4e, even if prepared according to **generally accepted accounting principles**.

**Public interest law firm.** A public interest law firm exempt under section 501(c)(3) or section 501(c)(4) must include a list of all the cases in litigation or that have been litigated during the year. For each case:

- Describe the matter in dispute,
  - Explain how the litigation will benefit the public generally, and
  - Enter the fees sought and recovered.
- See Rev. Proc. 92-59, 1992-2 C.B. 411.

**Line 4d. Other program services.** Enter on Schedule O (Form 990 or 990-EZ) the organization's other program services. The detailed description required for the three largest program services need not be provided for these other program services. Section 501(c)(3) and 501(c)(4) organizations must report on line 4d their total revenues reported on Part VIII, column (A), line 2, and their total expenses (including grants) reported in Part IX, column (B) that are attributable to these other program services, and must report on Part III, line 4e their total program service expenses from Part III, lines 4a–4d. For all other organizations, entering these amounts is optional. The organization may report the non-contribution portion of membership dues in line 4d or allocate that portion among lines 4a–4c.

## Part IV. Checklist of Required Schedules

For each "Yes" answer to a question on Form 990, Part IV, complete the applicable schedule (or part or line of the schedule). See the *Glossary* and instructions for the pertinent schedules for definitions of terms and explanations that are relevant to questions in this part.

The organization is not required to answer "Yes" to a question on Form 990, Part IV, or complete the schedule (or part of a schedule) to which the question is directed if the organization is not required to provide any information in the schedule (or part of the schedule). Thus, a minimum dollar threshold for reporting information on a schedule may be relevant in determining whether the organization must answer "Yes" to a question on Form 990, Part IV.

All pages of a required schedule should be filed by Form 990 paper filers, even if the filer is only required to complete certain parts but not all of the schedule.

**Line 1.** Answer “Yes,” if the organization is a section 501(c)(3) organization that is not a **private foundation**. Answer “Yes,” if the organization claims section 501(c)(3) status but has not yet filed a Form 1023 or Form 1023-EZ application or received a determination letter recognizing its section 501(c)(3) status. All other organizations answer “No.”

**Line 2.** Answer “Yes,” if any of the following are satisfied.

- A section 501(c)(3) organization met the 33 $\frac{1}{3}$ % support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), checks the box on Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b, and received from any one contributor, during the year, **contributions** of the greater of \$5,000 (in money or property) or 2% of the amount on Form 990, Part VIII, line 1h. An organization filing Schedule B can limit the contributors it reports on Schedule B using this greater-than-\$5,000/2% threshold only if it checks the box on Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b.
- A section 501(c)(3) organization did not meet the 33 $\frac{1}{3}$ % support test of the regulations under sections 509(a)(1)/170(b)(1)(A)(vi), and received during the year **contributions** of \$5,000 or more from any one contributor.
- A section 501(c)(7), 501(c)(8), or 501(c)(10) organization received, during the year, (a) **contributions** of any amount for use *exclusively* for religious, charitable, scientific, literary, or educational purposes, or the prevention of cruelty to children or animals, or (b) contributions of \$5,000 or more not exclusively for such purposes from any one contributor.
- Any other organization that received, during the year, contributions of \$5,000 or more from any one contributor.

*Do not attach substitutes for Schedule B, Parts I, II, and III of Schedule B (Form 990, 990-EZ, or 990-PF) may be photocopied as needed to provide adequate space for listing all contributors.*

**Line 3.** All organizations must answer this question, even if they are not subject to a prohibition against **political campaign activities**. Answer “Yes,” whether the activity was conducted directly or indirectly through a **disregarded entity** or a **joint venture** or other arrangement treated as a partnership for federal income tax purposes and in which the organization is an owner.

**Line 4.** Complete only if the organization is a section 501(c)(3) organization. Other organizations leave this line blank. Answer “Yes,” if the organization engaged in **lobbying activities** or had a section 501(h) election in effect during the **tax year**. All section 501(c)(3) organizations that had a section 501(h) election in effect during the tax year must complete Schedule C (Form 990 or 990-EZ), Part II-A, whether or not they engaged in lobbying activities during the tax year.

**Line 5.** Answer “Yes” only if the organization is a section 501(c)(4), 501(c)(5), or 501(c)(6) organization that receives membership dues, assessments, or similar amounts as defined in Rev. Proc. 98-19, 1998-1 C.B. 547. Other organizations answer “No.”

**Line 6.** Answer “Yes,” if the organization maintained at any time during the organization’s tax year a **donor advised fund** or another similar fund or account (that is, any account over which the donor or a person appointed by the donor had advisory privileges over the use or investment of any portion of the account, but which is not a **donor advised fund**). Examples of other similar funds or accounts include, but are not limited to, the types of funds or accounts described as exceptions to the *Glossary* definition of a **donor advised fund**.

**Line 7.** Answer “Yes,” if the organization received or held any **conservation easement** at any time during the year, regardless of how the organization acquired the easement or whether a charitable deduction was claimed by a donor of the easement.

**Line 8.** Answer “Yes,” if at any time during the year the organization maintained **collections of works of art, historical treasures, and other similar assets** as described in **SFAS 116** (ASC 958-360-20), whether or not the organization reported revenue and assets related to such collections in its financial statements.

*Organizations that answer “Yes” to line 8 often will answer “Yes” to Part IV, line 30, which addresses current-year **noncash contributions** of such items.*

**Line 9.** Answer “Yes,” if at any time during the organization’s tax year the organization (1) had an **escrow or custodial account**, (2) provided **credit counseling services** and/or **debt management plan services**, such as credit repair or debt negotiations, or (3) acted as an agent, trustee, custodian, or other intermediary for contributions or other assets not included in Part X.

**Line 10.** Answer “Yes,” if the organization, a **related organization**, or an organization formed and maintained exclusively to further one or more exempt purposes of the organization (such as a foundation formed and maintained exclusively to hold **endowment** funds to provide scholarships and other funds for a college or university described within section 501(c)(3)), held assets in **temporarily restricted endowment, permanent endowment, or quasi-endowment** funds at any time during the year, whether or not the organization follows **SFAS 117** (ASC 958) or reports **endowments** in Part X, line 32. See the instructions for Schedule D (Form 990), Part V, for the definitions of these types of endowments.

**Line 11.** Answer “Yes,” if the organization reported an amount for land, buildings, or equipment on Part X, line 10; an amount for other liabilities on Part X, line 25; or if its financial statements for the tax year included a footnote that addresses its liability for uncertain tax positions under FIN 48 (ASC 740) (including a statement that the organization had no liability for uncertain tax positions). Also, answer “Yes,” if the organization reported in Part X an amount for investments-other securities, investments-program related, or other assets, in any of lines 12, 13, or 15, that is 5% or more of the total assets reported on Part X, line 16.

**Line 12a.** Answer “Yes,” if the organization received separate, independent **audited financial statements** for the year for which it is completing this return, or if the organization is reporting for a short year that is included in, but not identical to, the period for which the audited financial statements were obtained. All other organizations answer “No.” Answer “No” if the organization was included in consolidated audited financial statements, unless the organization also received separate audited financial statements.

An accountant’s **compilation** or **review of financial statements** is not considered to be an audit and does not produce audited financial statements. If the organization answers “No,” but has prepared, for the year for which it is completing this return, a financial statement that was not audited, the organization can (but is not required to) provide the reconciliations contained on Schedule D (Form 990), Parts XI–XII.

**Line 12b.** Answer “Yes,” if the organization was included in consolidated, independent **audited financial statements** for the year for which it is completing this return. All other organizations answer “No.” Answer “Yes,” if the organization is

reporting for a short year that is included in, but not identical to, the period for which the audited financial statements were obtained.

**Line 13.** Answer "Yes," if the organization checked the box on Schedule A (Form 990 or 990-EZ), Part I, line 2, indicating that it is a **school**.

**Lines 14a–14b.** Answer "Yes" to line 14a if the organization maintained an office, or had employees or agents, outside the **United States**. Answer "Yes," to line 14b if the organization had aggregate revenue or expenses of more than \$10,000 from or attributable to grantmaking, **fundraising activities**, business, investment, and program service activities outside the **United States**, or if the book value of the organization's aggregate investments in foreign partnerships, foreign corporations, and other foreign entities was \$100,000 or more at any time during the **tax year**.

In the case of indirect investments made through investment entities, the extent to which revenue or expenses are taken into account in determining whether the \$10,000 threshold is exceeded will depend upon whether the investment entity is treated as a partnership or corporation for U.S. tax purposes. For example, an organization with an interest in a foreign partnership would need to take into account its share of the partnership's revenue and expenses in determining whether the \$10,000 threshold is exceeded. An organization with an investment in a foreign corporation would need to take into account dividends it receives from the corporation, but would not need to take into account or report any portion of the revenues, expenses, or expenditures of a foreign corporation in which it holds an investment, provided that the corporation is treated as a separate corporation for U.S. tax purposes.

**Line 15.** Answer "Yes," if the organization reported on Part IX, column (A), line 3, more than \$5,000 of **grants and other assistance** to any **foreign organization** or entity, (including a **foreign government**) or to a **domestic organization** or **domestic individual** for the purpose of providing grants or other assistance to a designated **foreign organization** or organizations.

**Line 16.** Answer "Yes," if the organization reported on Part IX, column (A), line 3, more than \$5,000 of aggregate **grants and other assistance** to **foreign individuals**, or to **domestic organizations** or **domestic individuals** for the purpose of providing grants or other assistance to a designated foreign individual or individuals.

**Lines 17–19.** Answer "Yes" to line 17 if the total amount reported for **professional fundraising services** in Part IX (line 11e, plus the portion of line 6 amount attributable to professional fundraising services) exceeds \$15,000.

Answer "Yes" to line 18 if the sum of the amounts reported on lines 1c and 8a of Form 990, Part VIII exceeds \$15,000. An organization that answers "No" should consider whether to complete Schedule G (Form 990 or 990-EZ) in order to report its **fundraising activities** or **gaming** activities for state or other reporting purposes.

**Line 20a.** Answer "Yes," if the organization, directly or indirectly through a **disregarded entity** or **joint venture** treated as a partnership for federal income tax purposes, operated one or more **hospital facilities** at any time during the **tax year**. Except in the case of a **group return**, do not include hospital facilities operated by another organization that is treated as a separate taxable or tax-exempt corporation for federal income tax purposes. For group returns, answer "Yes" if any subordinate included in the group return operated such a hospital facility.

**Line 20b.** If the organization operated one or more **hospital facilities** at any time during the **tax year**, then it must attach a copy of its most recent **audited financial statements**. If the

organization was included in consolidated audited financial statements but not separate audited financial statements for the tax year, then it must attach a copy of the consolidated financial statements, including details to consolidation (whether or not audited).

**Line 21.** Answer "Yes," if the organization reported on Part IX, column (A), line 1, more than \$5,000 of **grants and other assistance** to any **domestic organization**, or to any **domestic government**. For instance, answer "No" if the organization made a \$4,000 grant to each of two domestic organizations and no other grants. Do not report grants or other assistance provided to domestic organizations or **domestic governments** for the purpose of providing grants or other assistance to designated **foreign organizations** or **foreign individuals**.

**Line 22.** Answer "Yes," if the organization reported on Part IX, column (A), line 2, more than \$5,000 of aggregate **grants and other assistance** to or for **domestic individuals**. Do not report grants or other assistance provided to or for domestic individuals for the purpose of providing grants or other assistance to designated **foreign organizations** or **foreign individuals**.

**Line 23.** Answer "Yes," if the organization:

- Listed in Part VII a **former officer, director, trustee, key employee, or highest compensated employee**; or
- Reported for any person listed in Part VII more than \$150,000 of **reportable compensation** and other **compensation**.

Also answer "Yes," if, under the circumstances described in the instructions to Part VII, Section A, line 5, the filing organization had knowledge that any person listed in Part VII, Section A, received or accrued **compensation** from an **unrelated organization** for services rendered to the filing organization.

**Line 24.** Lines 24a–24d involve questions regarding **tax-exempt bonds**. All organizations must answer "Yes" or "No" on line 24a. Those organizations that answer "Yes" on line 24a must also answer lines 24b through 24d and complete Schedule K (Form 990), **Supplemental Information on Tax-Exempt Bonds**. Those that answer "No" to line 24a can skip to line 25a.

**Line 24a.** Answer "Yes" and complete Schedule K (Form 990) for each **tax-exempt bond** issued by or for the benefit of the organization after December 31, 2002 (including refunding bonds) with an outstanding principal amount of more than \$100,000 as of the last day of the organization's tax year. For this purpose, bonds that have been legally defeased, and as a result are no longer treated as a liability of the organization, are not considered outstanding.

**Line 24b.** For purposes of line 24b, the organization need not include the following as investments of proceeds.

- Any investment of proceeds relating to a reasonably required reserve or replacement fund as described in section 148(d).
- Any investment of proceeds properly characterized as replacement proceeds as defined in Regulations section 1.148-1(c).
- Any investment of net proceeds relating to a **refunding escrow** as defined in Regulations section 1.148-1(b). Temporary period exceptions are described in section 148(c) and Regulations section 1.148-2(e). For example, there is a 3-year temporary period applicable to proceeds spent on expenditures for capital projects and a 13-month temporary period applicable to proceeds spent on working capital expenditures.

**Line 24c.** For purposes of line 24c, the organization is treated as maintaining an escrow account if such account is maintained by a trustee for **tax-exempt bonds** issued for the benefit of the organization.

**Line 24d.** Answer "Yes," if the organization has received a letter ruling that its obligations were issued on behalf of a state or

local **governmental unit**; meets the conditions for issuing **tax-exempt bonds** as set forth in Rev. Rul. 63-20, 1963-1 C.B. 24 (see Rev. Proc. 82-26, 1982-1 C.B. 476); or is a constituted authority organized by a state or local governmental unit to issue tax-exempt bonds in order to further public purposes (see Rev. Rul. 57-187, 1957-1 C.B. 65). Also answer “Yes,” if the organization has outstanding qualified scholarship funding bonds under section 150(d) or bonds of a qualified volunteer fire department under section 150(e).

**Lines 25a–25b.** Complete lines 25a and 25b only if the organization is a section 501(c)(3), 501(c)(4), or 501(c)(29) organization. If the organization is not described in sections 501(c)(3), 501(c)(4), or 501(c)(29), skip lines 25a and 25b and leave them blank. In line 25b, answer “Yes,” if the organization became aware, prior to filing this return, that it engaged in an **excess benefit transaction** with a **disqualified person** in a prior year, and if the transaction has not been reported on any of the organization’s prior Forms 990 or 990-EZ.

*An **excess benefit transaction** can have serious implications for the **disqualified person** that entered into the transaction with the organization, any **organization managers** that knowingly approved of the transaction, and the organization itself. A section 501(c)(3), 501(c)(4), or 501(c)(29) organization that becomes aware that it may have engaged in an **excess benefit transaction** should obtain competent advice regarding section 4958, pursue correction of any excess benefit, and take other appropriate steps to protect its interests with regard to such transaction and the potential impact it could have on the organization’s continued exempt status. See Appendix G. Section 4958 Excess Benefit Transactions, for a discussion of section 4958, and Schedule L (Form 990 or 990-EZ), Transactions With Interested Persons, Part I, regarding reporting of excess benefit transactions.*

**Lines 26–28.** Lines 26 through 28 ask questions about loans and other receivables and payables between the organization and certain interested persons, grants, or other assistance provided by the organization to certain interested persons, and certain direct and indirect business transactions between the organization and governance and management officials of the organization or their associated businesses or **family members**. All organizations must answer these questions. The organization should review carefully the instructions for Schedule L (Form 990 or 990-EZ), Parts II–IV, before answering these questions and completing Schedule L (Form 990 or 990-EZ).

**Line 29.** The organization is required to answer “Yes” to line 29 if it received during the year more than \$25,000 in **fair market value (FMV)** of donations, gifts, grants, or other **contributions** of property other than cash, regardless of the manner received (such as for use in a charity auction). Do not include **contributions** of services or use of facilities.

**Line 30.** The organization is required to answer “Yes” to line 30 if during the year it received as a donation, gift, grant, or other **contribution**:

- any **work of art, historical treasure**, historical artifact, scientific specimen, archeological artifact, or similar asset, including a fractional interest, regardless of amount or whether the organization maintains collections of such items; or
- any **qualified conservation contributions** regardless of whether the contributor claimed a charitable contribution deduction for such **contribution**.

See the Instructions for Schedule M (Form 990), **Noncash Contributions**, for definitions of these terms.

**Lines 31–32.** The organization must answer “Yes,” if it liquidated, terminated, dissolved, ceased operations, or engaged in a **significant disposition of net assets** during the year. See the Instructions for Schedule N (Form 990 or 990-EZ)

for definitions and explanations of these terms and transactions or events, and a description of articles of dissolution and other information that must be filed with Form 990.

Note that a significant disposition of net assets may result from either an expansion or contraction of operations. Organizations that answer “Yes” to either of these questions must also check the box in Part I, line 2, and complete Schedule N (Form 990 or 990-EZ), Part I or Part II.

**Lines 33–34.** The organization is required to report on Schedule R (Form 990), **Related Organizations and Unrelated Partnerships**, certain information regarding ownership or control of, and transactions with, its **disregarded entities** and tax-exempt and taxable **related organizations**. An organization that answers “Yes” to line 33 or 34 must enter its disregarded entities and related organizations on Schedule R (Form 990) and provide specified information regarding such organizations.

Report disregarded entities in Schedule R, Part I; related tax-exempt organizations in Part II; related organizations taxable as partnerships in Part III; and any related organizations taxable as C or S corporations or trusts in Part IV.

**Lines 35a–35b.** If an organization was a **controlled entity** of the filing organization under section 512(b)(13) during the **tax year**, the filing organization must answer “Yes” to line 35a. It must answer “Yes” to line 35b and complete Schedule R, Part V, line 2, if it either (1) received or accrued from its controlled entity any interest, annuities, royalties, or rent, regardless of amount, during the tax year; or (2) engaged in another type of transaction (see Schedule R for a list of transactions) with the controlled entity, if the amounts involved during the tax year for that type of transaction exceeded \$50,000. See the *Glossary* and the Instructions for Schedule R (Form 990).

Controlled entities are a subset of **related organizations**. Answer “No” to line 35a if the organization had no related organizations during the tax year. If the answer to line 35a is no, leave line 35b blank.

**Line 36.** Complete line 36 only if the organization is a section 501(c)(3) organization and engaged in a transaction over \$50,000 during the **tax year** with a **related organization** that was tax-exempt under a section other than section 501(c)(3). All other organizations leave this line blank and go to line 37. See the Instructions for Schedule R (Form 990) for more information on what needs to be reported on Schedule R (Form 990), Part V, line 2.

**Line 37.** Answer “Yes,” if at any time during the year the organization conducted more than 5 percent of its activities, measured by total gross revenue for the tax year or **total assets** of the organization at the end of its **tax year**, whichever is greater, through an **unrelated organization** that is treated as a partnership for federal income tax purposes, and in which the organization was a partner or member at any time during the tax year. The 5 percent test is applied on a partnership by partnership basis, although direct ownership by the organization and indirect ownership through disregarded entities or tiered entities treated as partnerships are aggregated for this purpose. The organization need not report on Schedule R (Form 990) Part VI, either (1) the conduct of activities through an organization treated as a taxable or tax-exempt corporation for federal income tax purposes, or (2) unrelated partnerships that meet both of the following conditions.

- 95% or more of the filing organization’s gross revenue from the partnership for the partnership’s tax year ending with or within the organization’s tax year is described in sections 512(b)(1), 512(b)(2), 512(b)(3), and 512(b)(5), such as interest, dividends, royalties, rents, and capital gains (including unrelated debt-financed income); and
- The primary purpose of the filing organization’s investment in the partnership is the production of income or appreciation of

property and not the conduct of a section 501(c)(3) charitable activity such as program-related investing.

**Line 38.** Answer "Yes," if the organization completed Schedule O (Form 990).

*Schedule O (Form 990 or 990-EZ) must be completed and filed by all organizations that file Form 990. All filers must provide narrative responses to certain questions (for example, Part VI, lines 11b and 19) on Schedule O. Certain filers must provide narrative responses to other questions (for example, Part III, line 4d; Part V, line 3b; Part VI, lines 2-7b, 9, 12c, and 15a-b for "Yes" responses; Part VI, lines 8a-b and 10b for "No" responses; Part XII, line 3b for "No" response). All filers can supplement their answers to other Form 990 questions on Schedule O.*

## Part V. Statements Regarding Other IRS Filings and Tax Compliance

Check the box in the heading of Part V if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part.

*See Glossary for definition of terms used in the questions in this section.*

*Some questions in this part pertain to other IRS forms. Forms are available by calling 1-800-TAX-FORM (1-800-829-3676) or by downloading from the IRS website at IRS.gov. Most forms and publications are also available at your local IRS office. See also Appendix H. Forms and Publications To File or Use.*

**Line 1a.** The organization must use Form 1096, **Annual Summary and Transmittal of U.S. Information Returns**, to transmit to the IRS paper Forms 1099, 1098, 5498, and W-2G, which are information returns reporting certain amounts paid or received by the organization. Report all such returns filed for the calendar year ending with or within the organization's **tax year**. If the organization transmits any of these forms electronically, add this number to the total reported. Examples of payments requiring Form 1099 reporting include certain payments to **independent contractors** for services rendered. Report on this line Forms 1099, 1098, 5498, and W-2G filed by reporting agents of the filing organization, including common paymasters and payroll agents, for the calendar year ending with or within the organization's tax year. Enter -0- if the organization did not file any such forms for the calendar year ending with or within its tax year, or if the organization is filing for a short year and no calendar year ended within its tax year.

**Line 1b.** Form W-2G pertains to certain gambling winnings.

**Line 1c.** For more information on backup withholding for missing or incorrect names or taxpayer identification numbers, see Pub. 1281, Backup Withholding for Missing and Incorrect Name/TIN(s). If backup withholding rules did not apply to the organization because it did not make a reportable payment to a vendor or provide reportable gaming (gambling) winnings to a prize winner, then leave line 1c blank.

**Line 2a.** Include on this line the number of the organization's employees (not the number of Forms W-2) reported on a Form W-3 by both the filing organization and reporting agents of the filing organization, including common paymasters and payroll agents, for the calendar year ending with or within the filing organization's **tax year**. Enter -0- if the organization did not have any employees during the calendar year ending with or within its tax year, or if the organization is filing for a short year and no calendar year ended within its tax year.

**Line 2b.** If the organization reported at least one employee on line 2a, answer whether the organization or reporting agents of the organization filed all required federal employment tax returns (which include Form 940, Employer's **Annual Federal Unemployment (FUTA) Tax Return**, and Form 941, Employer's **QUARTERLY Federal Tax Return**) relating to such employees. For more information, see the discussion of employment taxes in Pub. 557. The organization may leave line 2b blank if it did not report any employees on line 2a.

**Line 3a.** Check "Yes" on line 3a if the organization's total gross income from all of its **unrelated trades or businesses** is \$1,000 or more for the year. See Pub. 598, Tax on Unrelated Business Income of Exempt Organizations, for a description of **unrelated business income** and the Form 990-T filing requirements for organizations having such income.

*Neither Form 990-T nor Form 990 is a substitute for the other. Report on Form 990 items of income and expense that are also required to be reported on Form 990-T when the organization is required to file both forms.*

**Line 3b.** Answer "Yes," if the organization checked "Yes" to line 3a and filed Form 990-T by the time this Form 990 is filed. Check "No" if the organization answered "Yes" to line 3a but has not filed Form 990-T by the time this Form 990 is filed, even if the organization has applied for an extension to file Form 990-T. If "No" to line 3b, provide an explanation on Schedule O (Form 990 or 990-EZ).

*All tax-exempt organizations must pay estimated taxes for their **unrelated business income** if they expect their tax liability to be \$500 or more. Use Form 990-W, Estimated Tax on Unrelated Business Taxable Income for Tax-Exempt Organizations, to compute these amounts.*

**Line 4a.** Answer "Yes," if either (1) or (2) below applies.

1. At any time during the calendar year ending with or within the organization's **tax year**, the organization had an interest in, or signature or other authority over, a financial account in a foreign country (such as a bank account, securities account, or other financial account); and

a. The combined value of all such accounts was more than \$10,000 at any time during the calendar year; and

b. The accounts were not with a U.S. military banking facility operated by a U.S. financial institution.

2. The organization owns more than 50% of the stock in any corporation that would answer "Yes" to item 1 above.

If "Yes," electronically file FinCEN Form 114, Report of Foreign Bank and Financial Accounts (FBAR), by June 30, 2015, with the Department of the Treasury using the FinCEN's BSA E-Filing System. Because FinCEN is not a tax form, do not file it with Form 990.

See [www.fincen.gov](http://www.fincen.gov) for more information.

**Line 4b.** Enter the name of each foreign country in which a foreign account described on line 4a is located. Use Schedule O if more space is needed.

**Line 5.** Answer "Yes" on line 5a if the organization was party to a prohibited tax shelter transaction as described in section 4965(e) at any time during the organization's **tax year**. A prohibited tax shelter transaction is any listed transaction, within the meaning of section 6707A(c)(2), and any prohibited reportable transaction. A prohibited reportable transaction is a confidential transaction within the meaning of Regulations section 1.6011-4(b)(3), and a transaction with contractual protection within the meaning of Regulations section 1.6011-4(b)(4). For more information on prohibited tax shelter transactions, see IRS.gov.

An organization that files Form 990 (other than a section 527 political organization) and that is a party to a prohibited tax shelter transaction must file Form 8886-T, Disclosure by Tax-Exempt Entity Regarding Prohibited Tax Shelter Transaction, and may also have to file Form 4720, Return of Certain Excise Taxes Under Chapters 41 and 42 of the Internal Revenue Code, and pay an excise tax imposed by section 4965. For more information, see the instructions to Forms 8886-T and 4720.

**Line 6.** Answer “Yes” on line 6a only if the organization has annual gross receipts that are normally greater than \$100,000 and if it solicited contributions not deductible under section 170 during the tax year.

Any fundraising solicitation (including solicitation of member dues) by or on behalf of any section 501(c) or 527 organization that is not eligible to receive **contributions** deductible as charitable contributions for federal income tax purposes must include an explicit statement that contributions or gifts to it are not deductible as charitable contributions. The statement must be in an easily recognizable format whether the solicitation is made in written or printed form, by television or radio, or by telephone.

Failure to disclose that contributions are not deductible could result in a penalty of \$1,000 for each day on which a failure occurs. The maximum penalty for failures by any organization, during any calendar year, shall not exceed \$10,000. In cases where the failure to make the disclosure is due to intentional disregard of the law, more severe penalties apply. No penalty will be imposed if the failure is due to reasonable cause.

All organizations that qualify under section 170(c) to receive **contributions** that are deductible as charitable contributions for federal income tax purposes (such as domestic section 501(c) (3) organizations other than organizations that test for public safety) should answer “No” on line 6a.

**Line 7.** Line 7 is directed only to organizations that can receive deductible charitable **contributions** under section 170(c). See Pub. 526, Charitable Contributions, for a description of such organizations. All other organizations should leave lines 7a through 7h blank and go to line 8.

**Lines 7a and 7b.** If a donor makes a payment in excess of \$75 partly as a contribution and partly in consideration for goods or services provided by the organization, the organization generally must notify the donor of the value of goods and services provided.

**Example.** A donor gives a charity \$100 in consideration for a concert ticket valued at \$40 (a quid pro quo **contribution**). In this example, \$60 would be deductible. Because the donor’s payment exceeds \$75, the organization must furnish a disclosure statement even though the taxpayer’s deductible amount does not exceed \$75. Separate payments of \$75 or less made at different times of the year for separate fundraising events will not be aggregated for purposes of the \$75 threshold.

See section 6113 and Notice 88-120, 1988-2 C.B. 454.

**Lines 7c and 7d.** If the organization is required to file Form 8282, Donee Information Return, to report information to the IRS and to donors about dispositions of certain donated property made within 3 years after the donor contributed the property, it must answer “Yes” and indicate the number of Forms 8282 filed.

**Lines 7e and 7f.** If, in connection with a transfer to or for the use of the organization, the organization directly or indirectly pays premiums on any personal benefit contract, or there is an understanding or expectation that any person will directly or indirectly pay such premiums, the organization must report on Form 8870, Information Return for Transfers Associated with

Certain Personal Benefit Contracts, the premiums it paid, and the premiums paid by others but treated as paid by the organization. The organization must report and pay an excise tax, equal to premiums paid, on Form 4720. A personal benefit contract is generally any life insurance, annuity, or endowment contract that benefits, directly or indirectly, the transferor, a member of the transferor’s family, or any other person designated by the transferor (other than an organization described in section 170(c)).

**Line 7g.** Form 8899, Notice of Income from Donated Intellectual Property, must be filed by certain organizations that received a charitable gift of qualified intellectual property that produces net income. The organization should check “Yes,” if it provided all required Forms 8899 for the year for net income produced by donated qualified intellectual property. *Qualified intellectual property* is any patent, copyright (other than certain self-created copyrights), trademark, trade name, trade secret, know-how, software (other than certain “canned” or “off-the-shelf” software or self-created software), or similar property, or applications or registrations of such property. If the organization did not receive a contribution of qualified intellectual property, leave line 7g blank.

**Line 7h.** A donor of (1) a motor vehicle for use on public roads, (2) a boat, or (3) an airplane cannot claim a charitable **contribution** deduction in excess of \$500 unless the donee organization provides the donor with a Form 1098-C, Contributions of Motor Vehicles, Boats, and Airplanes, for the donation (or a written acknowledgment with the same information). See the Instructions for Form 1098-C for more information. If the organization did not receive a contribution of a car, boat, airplane, or other vehicle, leave line 7h blank.

**Line 8.** A **sponsoring organization** of a **donor advised fund** must answer “Yes” if any one of its donor advised funds had excess business holdings at any time during the organization’s **tax year**. All other organizations should leave this line blank and go to line 9. If “Yes,” see the instructions for Schedule C of Form 4720 to determine whether the organization is subject to the excess business holdings tax under section 4943 and is required to file Form 4720.

For purposes of the excise tax on excess business holdings under section 4943, a donor advised fund is treated as a **private foundation**.

**Line 9.** Line 9 is required to be completed by **sponsoring organizations** maintaining a **donor advised fund**. All other organizations can leave this line blank and go to line 10.

**Line 9a.** Answer “Yes,” if the organization made any taxable distributions under section 4966 during the organization’s **tax year**.

Under section 4966, a taxable distribution includes a distribution from a **donor advised fund** to an individual. A taxable distribution also includes a distribution from a donor advised fund to an estate, partnership, association, company, or corporation unless:

- The distribution is for a charitable purpose (for example, a purpose described in section 170(c)(2)(B)), and
- The organization exercises expenditure responsibility for the distribution.

The above does not apply to distributions to any organization described in section 170(b)(1)(A) (other than a disqualified **supporting organization**, defined in section 4966(d)(4)), to the sponsoring organization of such donor advised fund, or to any other donor advised fund.

**Line 9b.** Answer “Yes,” if the organization made a distribution from a **donor advised fund** to a donor, **donor advisor**, or related person during the organization’s **tax year**. For purposes of this question, a *related person* is any **family member** of the

donor or donor advisor and any **35% controlled entity** (as defined in section 4958(f)) of the donor or donor advisor.

*If an organization makes a distribution from a donor advised fund resulting from the advice of a donor, donor advisor, family member, or a 35% controlled entity of any of these persons, which distribution directly or indirectly provides a more than incidental benefit to one of such persons, section 4967 imposes a tax on (1) the person upon whose advice the distribution was made, (2) the beneficiary of the distribution, and (3) the fund manager for knowingly agreeing to make the distribution. The persons liable for the section 4967 tax must file Form 4720 to pay the tax. No section 4967 tax will be imposed on a distribution if a tax has been imposed for the distribution under section 4958.*

*If an organization makes a distribution from a donor advised fund to a donor, donor advisor, family member, or 35% controlled entity of these persons, then the transaction might be a section 4958 transaction. Such transactions include any grant, loan, compensation, or other similar payment to these persons, as well as any other payment resulting in excess benefit.*

**Line 10.** Answer lines 10a and 10b only if the organization is exempt under section 501(c)(7).

*A section 501(c)(7) organization is not exempt from income tax if any written policy statement, including the governing instrument and bylaws, allows discrimination on the basis of race, color, or religion.*

*However, section 501(i) allows social clubs to retain their exemption under section 501(c)(7) even though their membership is limited (in writing) to members of a particular religion if the social club:*

1. *Is an auxiliary of a fraternal beneficiary society exempt under section 501(c)(8), and*
2. *Limits its membership to the members of a particular religion; or the membership limitation is:*
  - a. *A good-faith attempt to further the teachings or principles of that religion, and*
  - b. *Not intended to exclude individuals of a particular race or color.*

**Line 10a.** Enter the amount of initiation fees, capital contributions, and unusual amounts of income included in Part VIII. *Statement of Revenue*, line 12, *Total Revenue*, but not included in the definition of **gross receipts** for section 501(c)(7) exemption purposes as discussed in *Appendix C*. However, if the organization is a college fraternity or sorority that charges membership initiation fees but not annual dues, do not include such initiation fees.

**Line 10b.** Enter the amount of **gross receipts** included in Part VIII. *Statement of Revenue*, line 12, *Total Revenue*, derived from the general public for use of the organization's facilities, that is, from persons other than members or their spouses, dependents, or guests.

*Include the amount entered on line 10b of Form 990 on the club's Form 990-T if required to be filed. Investment income earned by a section 501(c)(7) organization is not tax-exempt income unless set aside for the following purposes: religious, charitable, scientific, literary, educational, or prevention of cruelty to children or animals.*

*If the combined amount of an organization's gross investment income and other **unrelated business income** exceeds \$1,000, it must report the investment income and other unrelated business income on Form 990-T.*

**Line 11.** Answer lines 11a and 11b only if the organization is exempt under section 501(c)(12).

One of the requirements that an organization must meet to qualify under section 501(c)(12) is that at least 85% of its gross income consists of amounts collected from members for the sole purpose of meeting losses and expenses. For purposes of section 501(c)(12), the term *gross income* means **gross receipts** without reduction for any cost of goods sold.

Member income for purposes of this 85% Member Income Test is income derived directly from the members to pay for services that form the basis for tax exemption under section 501(c)(12), and includes payments for purchases of water, electricity, and telephone service. Member income does not include interest income, gains from asset or security sales, or dividends from another cooperative (unless that cooperative is also a member).

Members are those individuals or entities that have the right to elect the governing board of the organization, are involved in the operations of the organization, and receive a share of its excess operating revenues.

When calculating the member income percentage to determine whether an organization meets the 85% Member Income Test, the organization may exclude specific sources of income from both the numerator and the denominator of the fraction. For example, if an organization is a corporation and it receives an amount that qualifies as a contribution to capital under section 118, then that amount is not included in either the numerator or the denominator because it is not considered to be income for tax purposes. However, the payment must meet the following conditions (see Rev. Rul. 93-16, 1993-1 C.B. 26) to qualify as a contribution to capital:

- It must become a permanent part of the organization's working capital;
- It must not be compensation for specific quantifiable services;
- It must be bargained for;
- It must benefit the organization commensurately with its value; and
- It must ordinarily be used in or contribute to the production of additional income.

Gross income for mutual or cooperative electric companies is figured by excluding any income received or accrued from the following.

1. Qualified pole rentals.
2. Any provision or sale of electric energy transmission services or ancillary services if the services are provided on a nondiscriminatory open access basis under an open access transmission tariff; approved or accepted by the Federal Energy Regulatory Commission (FERC) or under an independent transmission provider agreement approved or accepted by FERC (other than income received or accrued directly or indirectly from a member).
3. The provision or sale of electric energy distribution services or ancillary services, if the services are provided on a nondiscriminatory, open-access basis to distribute electric energy not owned by the mutual or electric cooperative company:
  - a. To end-users who are served by distribution facilities not owned by the company or any of its members (other than income received or accrued directly or indirectly from a member), or
  - b. Generated by a generation facility not owned or leased by the company or any of its members and which is directly connected to distribution facilities owned by such company or any of its members (other than income received or accrued directly or indirectly from a member).
4. From any nuclear decommissioning transaction.

5. From any asset exchange or conversion transaction.

For a mutual or cooperative telephone company, *gross income* does not include amounts received or accrued either from another telephone company for completing long distance calls to or from or between the telephone company's members, from qualified pole rentals, from the sale of display listings in a directory furnished to the telephone company's members, or from prepayment of a loan under section 306A, section 306B, or section 311 of the Rural Electrification Act of 1936 (as in effect on January 1, 1987).

*If the calculated member income percentage for a section 501(c)(12) organization is less than 85% for the tax year, then the organization fails to qualify for tax-exempt status for that year, and it must file Form 1120, U.S. Corporation Income Tax Return, in lieu of Form 990 or 990-EZ for the year. However, failing the 85% Member Income Test in one year does not cause permanent loss of tax-exempt status under section 501(c)(12). So long as the organization's member income percentage is equal to or greater than 85% in any subsequent tax year, the organization may file Form 990 or Form 990-EZ for that year, even if Form 1120 was filed in a prior year.*

**Line 12.** All organizations that are not section 4947(a)(1) trusts are to leave line 12 blank.

If a section 4947(a)(1) **nonexempt charitable trust** has no taxable income under Subtitle A, its filing of Form 990 can be used to meet its income tax return filing requirement under section 6012. Such a trust must, if it answers "Yes" on line 12a, report its tax-exempt interest received or accrued (if reporting under the accrual method) during the **tax year** on line 12b.

Section 4947(a)(1) trusts must complete all sections of the Form 990 and schedules that section 501(c)(3) organizations must complete. All references to a section 501(c)(3) organization in the Form 990, schedules, and instructions shall include a section 4947(a)(1) trust (for instance, such a trust must complete Schedule A (Form 990 or 990-EZ), unless expressly excepted).

**Line 13.** Answer lines 13a, 13b, and 13c only if the organization has received a loan or grant under the Department of Health and Human Services CO-OP program.

**Line 13a.** If the organization is licensed to issue qualified health plans in more than one state, check "Yes." If the organization is licensed to issue qualified health plans in only one state, check "No." In either case, report on Schedule O (Form 990 or 990-EZ) each state in which the organization is licensed to issue qualified health plans, the dollar amount of reserves each state requires the organization to maintain, and the dollar amount of reserves the organization maintains and reports to each state.

**Line 13b.** Report the highest dollar amount of reserves the organization is required to maintain by any of the states in which the organization is licensed to issue qualified health plans.

**Line 13c.** Report the highest dollar amount of reserves the organization maintains on hand and reports to a state in which the organization is licensed to issue qualified health plans.

**Line 14a.** Answer line 14a "Yes" if the organization received any payments during the year for indoor tanning services. "Indoor tanning services" are services employing any electronic product designed to incorporate one or more ultraviolet lamps and intended for the irradiation of an individual by ultraviolet radiation, with wavelengths in air between 200 and 400 nanometers, to induce skin tanning.

**Line 14b.** If an organization received a payment for services for indoor tanning services during the year, it must collect from the recipient of the services a tax equal to 10% of the amount paid for such service, whether paid by insurance or otherwise, and remit such tax quarterly to the IRS by filing Form 720. If the organization filed Form 720 during the year, it should check

"Yes" to line 14b. If it answers "No" to line 14b, it should explain in Schedule O (Form 990 or 990-EZ) why it did not file Form 720.

## Part VI. Governance, Management, and Disclosure

Check the box in the heading of Part VI if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part. All organizations must complete Part VI. Use Schedule O (Form 990 or 990-EZ) to provide required supplemental information as described in this part, and to provide any additional information that the organization considers relevant to this part.

Part VI requests information regarding an organization's **governing body** and management, governance policies, and disclosure practices. Although federal tax law generally does not mandate particular management structures, operational policies, or administrative practices, every organization is required to answer each question in Part VI. For example, all organizations must answer lines 11a and 11b, which ask about the organization's process, if any, it uses to review Form 990, even though the governing body is not required by federal tax law to review Form 990.

Even though the information on policies and procedures requested in Section B generally is not required under the Internal Revenue Code, the IRS considers such policies and procedures to generally improve tax compliance. The absence of appropriate policies and procedures can lead to opportunities for **excess benefit transactions**, inurement, operation for non-exempt purposes, or other activities inconsistent with exempt status. Whether a particular policy, procedure, or practice should be adopted by an organization depends on the organization's size, type, and culture. Accordingly, it is important that each organization consider the governance policies and practices that are most appropriate for that organization in assuring sound operations and compliance with tax law. For more governance information relating to charities, see [www.irs.gov/eo](http://www.irs.gov/eo) and click on *life cycle*.

### Section A. Governing Body and Management

**Line 1a.** The **governing body** is the group of one or more persons authorized under state law to make governance decisions on behalf of the organization and its shareholders or members, if applicable. The governing body is, generally speaking, the board of **directors** (sometimes referred to as board of **trustees**) of a corporation or association, or the trustee or trustees of a trust (sometimes referred to as the board of trustees).

Enter the number, as of the end of the organization's tax year, of **members of the governing body** of the organization with power to vote on all matters that come before the governing body (other than when a conflict of interest disqualifies the member from voting). If members of the governing body do not all have the same voting rights, explain material differences on Schedule O (Form 990 or 990-EZ).

If the organization's governing body or governing documents delegated authority to act on its behalf to an executive committee or similar committee with broad authority to act on behalf of the governing body, and the committee held such authority at any time during the organization's **tax year**, describe on Schedule O (Form 990 or 990-EZ) the composition of the committee, whether any of the committee's members are not on the governing body, and the scope of the committee's authority. The organization need not describe on Schedule O (Form 990 or 990-EZ) delegations of authority that are limited in scope to particular areas or matters, such as delegations to an audit committee, investment committee, or compensation committee of the governing body.

**Example.** A voluntary employees' beneficiary association (VEBA) is a trust under state law. Bank B is the sole trustee of the trust. In completing line 1a, the VEBA will report one voting member of the governing body.

**Line 1b.** Enter the number of **independent voting members of the governing body** as of the end of the organization's tax year. A member of the governing body is considered "independent" only if all four of the following circumstances applied at all times during the organization's tax year.

1. The member was not compensated as an **officer** or other employee of the organization or of a **related organization** (see the Instructions for Schedule R (Form 990)) except as provided in the religious exception discussed below. Nor was the member compensated by an unrelated organization or individual for services provided to the filing organization or to a related organization, if such compensation is required to be reported in Part VII, Section A.

2. The member did not receive total **compensation** exceeding \$10,000 during the organization's tax year (including a short year, regardless of whether such compensation is reported in Part VII) from the organization and related organizations as an **independent contractor**, other than **reasonable compensation** for services provided in the capacity as a member of the governing body. For example, a person who receives reasonable expense reimbursements and reasonable compensation as a director of the organization does not cease to be independent merely because he or she also receives payments of \$7,500 from the organization for other arrangements.

3. Neither the member, nor any **family member** of the member, was involved in a transaction with the organization (whether directly or indirectly through affiliation with another organization) that is required to be reported on Schedule L (Form 990 or 990-EZ) for the organization's tax year.

4. Neither the member, nor any family member of the member, was involved in a transaction with a taxable or tax-exempt related organization (whether directly or indirectly through affiliation with another organization) of a type and amount that would be reportable on Schedule L (Form 990 or 990-EZ) if required to be filed by the related organization.

**Note.** The independence standard for purposes of Part VI is not the same as the "absence of conflict of interest" standard for purposes of the rebuttable presumption under Treas. Reg. section 53.4958-6, which focuses on conflicts with respect to a particular transaction.

A member of the governing body is not considered to lack independence merely because of the following circumstances.

1. The member is a donor to the organization, regardless of the amount of the contribution.

2. Religious exception: The member has taken a *bona fide* vow of poverty and either (a) receives **compensation** as an agent of a **religious order** or a section 501(d) religious or apostolic organization, but only under circumstances in which the member does not receive taxable income (see Rev. Rul. 77-290, 1977-2 C.B. 26 and Rev. Rul. 80-332, 1980-2 C.B. 34) or (b) belongs to a religious order that receives sponsorship or payments from the organization or a related organization which do not constitute taxable income to the member.

3. The member receives financial benefits from the organization solely in the capacity of being a member of the charitable or other class served by the organization in the exercise of its exempt function, such as being a member of a section 501(c)(6) organization, so long as the financial benefits comply with the organization's terms of membership.

**Example 1.** B is a voting member of the organization's board of directors. B is also a partner with a profits and capital interest greater than 5% in a law firm, C, that charged \$120,000 to the organization for legal services in a court case. The transaction between C and the organization must be reported on Schedule L (Form 990 or 990-EZ) because it is a transaction between the organization and an entity of which B is a more than 5% owner, and because the payment to C from the organization exceeded \$100,000 (see the Instructions to Schedule L (Form 990 or 990-EZ), Part IV, regarding both factors). Accordingly, B is not an independent member of the governing body because the \$120,000 payment must be reported on Schedule L (Form 990 or 990-EZ) as an indirect business transaction with B. If B were an associate attorney (an employee) rather than a partner with a greater than 5% interest, and not an officer, director, trustee, or owner of the law firm, the transaction would not affect B's status as an independent member of the organization's governing body.

**Example 2.** D is a voting member of both the organization's governing body and the governing body of C, a related organization. D's daughter, E, received \$40,000 in taxable compensation as a part-time employee of C. D is not an independent member of the governing body, because E received compensation from C, a related organization to D, and the compensation was of a type (compensation to a family member of a member of C's governing body) and amount (over \$10,000) that would be reportable on Schedule L (Form 990 or 990-EZ) if the related organization, C, were required to file Schedule L (Form 990 or 990-EZ).

**Example 3.** C was Board Chair of X school during the tax year. X's bylaws designate the following as officer positions: Board Chair, Secretary, and Treasurer. C set the agenda for board of directors meetings, officiated board meetings, coordinated development of board policy and procedure, was an ex officio member of all committees of the board, conducted weekly staff meetings, and performed teacher and staff evaluations. X compensated C during the tax year for C's services. This compensation was attributable to C's board and committee activities, and to C's non-director activities involving staff meetings and evaluations. Because X compensated C for services as an officer/employee, C is not an independent member of the governing body. See Rev. Rul. 68-597 and Rev. Rul. 57-246 for a description of the distinction between director services and officer services.

**Example 4.** Same facts as in Example 3, except that the Board Chair position was not designated as an officer position under X's Bylaws, board resolutions, or state law. Nevertheless, because X compensated C for non-director activities involving staff meetings and evaluations during the tax year, C is deemed to have received compensation as an employee—not as a governing body member—for those activities. Therefore, C is not an independent member of the governing body.

**Example 5.** Same facts as in Example 3, except that: (1) C conducted only director and committee activities during the tax year; (2) C did not conduct staff meetings and evaluations; and (3) X compensated C a reasonable amount for C's Board Chair services during the tax year, but did not provide any other compensation to C in any other capacity. C's independence as a Board member is not compromised by receiving compensation from X as a Board member (and not as an officer or employee). See also *Examples 2* and *3* in the Instructions for Part VII, Section A, line 5, later.

**Reasonable effort.** The organization need not engage in more than a **reasonable effort** to obtain the necessary information to determine the number of **independent voting members of its governing body** and can rely on information provided by such members. For instance, the organization can rely on information it obtains in response to a questionnaire sent

Part VI, Line 1b "independence" has a different definition than "absence of conflict of interest" for purposes of intermediate sanctions.

annually to each member of the governing body that includes the member's name and title, blank lines for the member's signature and signature date, and the pertinent instructions and definitions for line 1b, to determine whether the member is or is not independent.

**Line 2.** Answer "Yes," if any of the organization's current **officers, directors, trustees, or key employees**, as reported in Part VII, Section A, had a **family relationship** or business relationship with another of the organization's current officers, directors, trustees, or key employees, as reported in Part VII, Section A, at any time during the organization's **tax year**. For each family and business relationship, identify the persons and describe their relationship on Schedule O (Form 990 or 990-EZ). It is sufficient to enter "family relationship" or "business relationship" without greater detail.

**Business relationship.** Business relationships between two persons include any of the following.

1. One person is employed by the other in a sole proprietorship or by an organization with which the other is associated as a **trustee, director, officer**, or greater-than-35% owner, even if that organization is tax-exempt. However, do not report a person's employment by the filing organization as a business relationship.

2. One person is transacting business with the other (other than in the ordinary course of either party's business on the same terms as are generally offered to the public), directly or indirectly, in one or more contracts of sale, lease, license, loan, performance of services, or other transaction involving transfers of cash or property valued in excess of \$10,000 in the aggregate during the organization's tax year. *Indirect transactions* are transactions with an organization with which the one person is associated as a trustee, director, officer, or greater-than-35% owner. Such transactions do not include charitable contributions to tax-exempt organizations.

3. The two persons are each a director, trustee, officer, or greater than 10% owner in the same business or investment entity (but not in the same tax-exempt organization).

Ownership is measured by stock ownership (either voting power or value, whichever is greater) of a corporation, profits or capital interest in a partnership or limited liability company (whichever is greater), membership interest in a nonprofit organization, or beneficial interest in a trust. Ownership includes indirect ownership (for example, ownership in an entity that has ownership in the entity in question); there may be ownership through multiple tiers of entities.

**Privileged relationship exception.** For purposes of line 2, a "business relationship" does not include a relationship between an attorney and client, a medical professional (including psychologist) and patient, or a priest/clergy and penitent/communicant.

**Example 1.** B is an officer of the organization, and C is a member of the organization's governing body. B is C's sister's spouse. The organization must report that B and C have a family relationship.

**Example 2.** D and E are officers of the organization. D is also a partner in an accounting firm with 300 partners (with a  $\frac{1}{300}$  interest in the firm's profits and capital) but is not an officer, director or trustee of the accounting firm. D's accounting firm provides services to E in the ordinary course of the accounting firm's business, on terms generally offered to the public, and receives \$100,000 in fees during the year. The relationship between D and E is not a reportable business relationship, either because (1) it is in the ordinary course of business on terms generally offered to the public, or (2) D does not hold a greater-than-35% interest in the accounting firm's profits or capital.

**Example 3.** F and G are trustees of the organization. F is the owner and CEO of an automobile dealership. G purchased a \$45,000 car from the dealership during the organization's tax year in the ordinary course of the dealership's business, on terms generally offered to the public. The relationship between F and G is not a reportable business relationship because the transaction was in the ordinary course of business on terms generally offered to the public.

**Example 4.** H and J are members of the organization's board of directors. Both are CEOs of publicly traded corporations and serve on each other's boards. The relationship between H and J is a reportable business relationship because each is a director or officer in the same business entity.

**Example 5.** K is an officer of the organization, and L is on its board of directors. L is a greater-than-35% partner of a law firm that charged \$60,000 during the organization's tax year for legal services provided to K that were worth \$600,000 at the law firm's ordinary rates. Thus, the ordinary course of business exception does not apply. However, the relationship between K and L is not a reportable business relationship, because of the privileged relationship of attorney and client.

**Reasonable effort.** The organization is not required to provide information about a family or business relationship between two **officers, directors, trustees, or key employees** if it is unable to secure the information after making a **reasonable effort** to obtain it. An example of a reasonable effort would be for the organization to distribute a questionnaire annually to each such person that includes the name and title of each person reporting information, blank lines for those persons' signatures and signature dates, and the pertinent instructions and definitions for line 2.

**Line 3.** Answer "Yes," if at any time during the organization's tax year the organization used a management company or other person (other than persons acting in their capacities as **officers, directors, trustees, or key employees**) to perform any management duties customarily performed by or under the direct supervision of **officers, directors, trustees, or key employees**. Such management duties include, but are not limited to, hiring, firing, and supervising personnel, planning or executing budgets or financial operations, or supervising exempt operations or unrelated trades or businesses of the organization. Management duties do not include administrative services (such as payroll processing) that do not involve significant managerial decision-making. Management duties also do not include investment management unless the filing organization conducts investment management services for others.

If "Yes," on Schedule O list the name(s) of the management company or companies or other person(s) performing management duties; describe the services they provided to the organization; list any of the organization's current or former officers, directors, trustees, key employees, and **highest compensated employees** listed in Part VII, Section A; who were compensated by the management company or companies or other person(s) during the calendar year ending with or within the organization's tax year; and list the amounts of reportable and other compensation they received from the management company or companies or other person(s) for services provided to the filing organization and related organizations during that year.

**Line 4.** The organization must report significant changes to its organizing or enabling document by which it was created (articles of incorporation, association, or organization; trust instrument; constitution; or similar document), and to its rules governing its affairs commonly known as bylaws (or regulations, operating agreement, or similar document). Report significant changes that were not reported on any prior Form 990, and that were made before the end of the **tax year**. Do not report

changes to policies described or established outside of the organizing or enabling document and bylaws (or similar documents), such as adoption of, or change to, a policy adopted by resolution of the **governing body** that does not entail a change to the organizing document or bylaws.

Examples of significant changes to the organizing or enabling document or bylaws include changes to:

- The organization's exempt purposes or mission;
- The organization's name (see also the instructions for *Specific Instructions, Heading, Item B*);
- The number, composition, qualifications, authority, or duties of the governing body's voting members;
- The number, composition, qualifications, authority, or duties of the organization's **officers** or **key employees**;
- The role of the stockholders or membership in governance;
- The distribution of assets upon dissolution;
- The provisions to amend the organizing or enabling document or bylaws;
- The quorum, voting rights, or voting approval requirements of the governing body members or the organization's stockholders or membership;
- The policies or procedures contained within the organizing documents or bylaws regarding **compensation** of officers, directors, trustees, or key employees, conflicts of interest, whistleblowers, or document retention and destruction; and
- The composition or procedures contained within the organizing document or bylaws of an audit committee.

**Example.** Organization X has a written conflicts of interest policy that is not contained within the organizing document or bylaws. The policy is changed by board resolution. The policy change does not need to be reported on line 4.

Examples of insignificant changes made to organizing or enabling documents or bylaws that are not required to be reported here include changes to the organization's registered agent with the state and to the required or permitted number or frequency of governing body or member meetings.

Describe significant changes on Schedule O (Form 990 or 990-EZ), but do not attach a copy of the amendments or amended document to Form 990 (or recite the entire amended document verbatim), unless such amended documents reflect a change in the organization's name. See *Specific Instructions, Heading, Item B*, regarding attachments required in the event of a change in the organization's name.

*An organization must report significant changes to its organizational documents in Form 990, Part VI, rather than in a letter to EO Determinations. EO*

*Determinations no longer issues letters confirming the tax-exempt status of organizations that report significant changes to their organizational documents, though it will, on request, issue an affirmation letter confirming an organization's name change. If an exempt organization becomes a different legal entity, such as by changing its legal structure from a trust to a corporation or by dissolving in one state and incorporating in another, then a new exemption application is required to establish that the new legal entity qualifies for exemption.*

**Line 5.** Answer "Yes," if the organization became aware during the organization's **tax year** of a significant diversion of its assets, whether or not the diversion occurred during the year. If "Yes," explain the nature of the diversion, dollar amounts and/or other property involved, corrective actions taken to address the matter, and pertinent circumstances on Schedule O (Form 990 or 990-EZ), although the person or persons who diverted the assets should not be identified by name.

A *diversion of assets* includes any unauthorized conversion or use of the organization's assets other than for the organization's authorized purposes, including but not limited to

embezzlement or theft. Report diversions by the organization's **officers, directors, trustees, employees, volunteers, independent contractors**, grantees (diverting grant funds), or any other person, even if not associated with the organization other than by the diversion. A diversion of assets does not include an authorized transfer of assets for **FMV** consideration, such as to a **joint venture** or for-profit subsidiary in exchange for an interest in the joint venture or subsidiary. For this purpose, a diversion is considered significant if the gross value of all diversions (not taking into account restitution, insurance, or similar recoveries) discovered during the organization's tax year exceeds the lesser of (1) 5% of the organization's gross receipts for its tax year, (2) 5% of the organization's total assets as of the end of its tax year, or (3) \$250,000.

**Note.** A diversion of assets can in some cases be inurement of the organization's net earnings. In the case of section 501(c)(3), 501(c)(4), and 501(c)(29) organizations, it also can be an **excess benefit transaction** taxable under section 4958 and reportable on Schedule L (Form 990 or 990-EZ).

**Line 6.** Answer "Yes," if the organization is organized as a stock corporation, a joint-stock company, a partnership, a **joint venture**, or a limited liability company. Also answer "Yes," if the organization is organized as a non-stock, nonprofit, or not-for-profit corporation or association with members. For purposes of Form 990, Part VI, *member* means (without regard to what a person, including a corporation or other legal entity, is called in the governing documents) any person who, pursuant to a provision of the organization's governing documents or applicable state law, has the right to participate in the organization's governance or to receive distributions of income or assets from the organization. Members do not include governing body members. For purposes of Part VI, a membership organization includes members with the following kinds of rights.

1. The members elect the members of the **governing body** (but not if the persons on the governing body are the organization's only members) or their delegates.
2. The members approve significant decisions of the governing body.
3. The members can receive a share of the organization's profits or excess dues or a share of the organization's net assets upon the organization's dissolution.

Describe on Schedule O (Form 990 or 990-EZ) the classes of members or stockholders with the rights described above.

**Line 7a.** Answer "Yes" on line 7a if at any time during the organization's tax year there were one or more persons (other than the organization's **governing body** itself, acting in such capacity) that had the right to elect or appoint one or more members of the organization's governing body, whether periodically, or as vacancies arise, or otherwise. If "Yes," describe on Schedule O (Form 990 or 990-EZ) the class or classes of such persons and the nature of their rights.

**Line 7b.** Answer "Yes" on line 7b if at any time during the organization's tax year any governance decisions of the organization were reserved to (or subject to approval by) members, stockholders, or persons other than the **governing body**, whether or not any such governance decisions were made during the tax year, such as approval of the governing body's election or removal of members of the governing body, or approval of the governing body's decision to dissolve the organization. If "Yes," describe on Schedule O (Form 990 or 990-EZ) the class or classes of such persons, the decisions that require their approval, and the nature of their voting rights.

**Line 8.** Answer "Yes" on lines 8a and 8b if the organization contemporaneously documented by any means permitted by

state law every meeting held and written action taken during the organization's tax year by its **governing body** and committees with authority to act on behalf of the governing body (which ordinarily do not include advisory boards). Documentation permitted by state law can include approved minutes, email, or similar writings that explain the action taken, when it was taken, and who made the decision. For this purpose, *contemporaneous* means by the later of (1) the next meeting of the governing body or committee (such as approving the minutes of the prior meeting) or (2) 60 days after the date of the meeting or written action. If the answer to either line 8a or 8b is "No," explain on Schedule O (Form 990 or 990-EZ) the organization's practices or policies, if any, regarding documentation of meetings and written actions of its governing body and committees with authority to act on its behalf. If the organization had no committees, answer "No" to line 8b.

**Line 9.** The IRS needs a current mailing address to contact the organization's **officers, directors, trustees, or key employees.** The organization can use its official mailing address stated on the first page of Form 990 as the mailing address for such persons. Otherwise, enter on Schedule O (Form 990 or 990-EZ) the mailing addresses for such persons that are to be contacted at a different address. Such information will be available to the public.

## Section B. Policies

Answer "Yes" to any question in this section that asks whether the organization had a particular policy or practice only if the organization's governing body (or a committee of the governing body, if the governing body delegated authority to that committee to adopt the policy) adopted the policy by the end of its **tax year**, and if the policy applied to the organization as a whole. If the policy applied only on a division-wide or department-wide level, answer "No." The organization may explain the scope of such policy on Schedule O.

**Line 10a.** Answer "Yes," if the organization had during its tax year any local chapters, local branches, local lodges, or other similar local units or affiliates over which the organization had the legal authority to exercise direct or indirect supervision and control (whether or not in a **group exemption**) and local units that are not separate legal entities under state law over which the organization had such authority. An affiliate or unit is considered "local" for this purpose if it is responsible for a smaller geographical area than the filing organization is responsible for. Thus, a regional organization would be considered local for a national organization.

**Example 1.** X is a national organization dedicated to the reform of K. X has affiliates in 15 states which conduct activities to carry out the purposes of X at the state level. X has the authority to approve the annual budget of each affiliate. X must answer "Yes" to line 10a.

**Example 2.** Y is a section 170(b)(1)(A)(iii) hospital located in M City. Y appoints a majority of the board of directors of Z, a section 509(a)(3) supporting organization that invests funds and makes grants for the benefit of Y. Although Y controls Z, Z is not a local affiliate of Y that would require Y to answer "Yes" to line 10a.

**Line 10b.** Written policies and procedures governing the activities of local chapters, branches, and affiliates to ensure their operations are consistent with the organization's tax-exempt purposes are documents used by the organization and its local units to address the policies, practices, and activities of the local unit. Such policies and procedures can include policies and procedures similar to those described in lines 11-16 of this section, whether separate or included as required provisions in the chapter's articles of organization or bylaws, a manual provided to chapters, a constitution, or similar

documents. If "No," explain on Schedule O (Form 990 or 990-EZ) how the organization ensures that the local unit's activities are consistent with the organization's tax-exempt purposes.

**Note.** The **central organization** (parent organization) named in a **group exemption** letter is required to have general supervision or control over its **subordinate organizations** as a condition of the group exemption.

**Line 11a.** Answer "Yes" only if a complete copy of the organization's final Form 990 (including all required schedules), as ultimately filed with the IRS, was provided to each person who was a **voting member of the governing body** at the time the Form 990 was provided, whether in paper or electronic form, before its filing with the IRS. The organization can answer "Yes" if it emailed all of its governing body members a link to a password-protected web site on which the entire Form 990 can be viewed, and noted in the email that the Form 990 is available for review on that site. However, answer "No" if the organization merely informed its governing body members that a copy of the Form 990 is available upon request. Answer "No" if the organization redacted or removed any information from the copy of its final Form 990 that it provided to its governing body members before filing the form. For example, answer "No" if the organization, at the request of a donor, redacted the name and address of that donor from the copy of its Form 990, Schedule B that it provided to its governing body members. Under those circumstances, the organization may explain on Schedule O why it answered "No" to line 11a.

**Line 11b.** Describe on Schedule O (Form 990 or 990-EZ) the process, if any, by which any of the organization's **officers, directors, trustees, board committee members, or management** reviewed the prepared Form 990, whether before or after it was filed with the IRS, including specifics about who conducted the review, when they conducted it, and the extent of any such review. If no review was or will be conducted, enter "No review was or will be conducted."

**Example.** The return preparer emails a copy of the final version of Form 990 to each Board member before it was filed. However, no Board member undertakes any review of the form either before or after filing. Because such a copy of the final version of the form was provided to each voting member of the organization's governing body before it was filed, the organization can answer "Yes" even though no review took place. The organization must describe its Form 990 review process (or lack thereof) on Schedule O (Form 990 or 990-EZ).

## Line 12a.

Answer "Yes," if as of the end of the organization's tax year, the organization had a written **conflict of interest policy.** A conflict of interest policy defines conflicts of interest, identifies the classes of individuals within the organization covered by the policy, facilitates disclosure of information that can help identify conflicts of interest, and specifies procedures to be followed in managing conflicts of interest. A *conflict of interest* arises when a person in a position of authority over an organization, such as an **officer, director, manager, or key employee** can benefit financially from a decision he or she could make in such capacity, including indirect benefits such as to family members or businesses with which the person is closely associated. For this purpose, a conflict of interest does not include questions involving a person's competing or respective duties to the organization and to another organization, such as by serving on the boards of both organizations, that do not involve a material financial interest of, or benefit to, such person.

**Example.** B is a member of the governing body of X Charity and of Y Charity, both of which are section 501(c)(3) public charities with different charitable purposes. X Charity has taken

a public stand in opposition to a specific legislative proposal. At an upcoming board meeting, Y Charity will consider whether to publicly endorse the same specific legislative proposal. While B may have a conflict of interest in this decision, the conflict does not involve a material financial interest of B's merely as a result of Y Charity's position on the legislation.

**Line 12b.** Answer "Yes," if the organization's **officers, directors, trustees, and key employees** are required to disclose or update annually (or more frequently) information regarding their interests and those of their **family members** that could give rise to conflicts of interest, such as a list of family members, substantial business or investment holdings, and other transactions or affiliations with businesses and other organizations and those of family members.

**Line 12c.** If "Yes" to line 12c, describe on Schedule O (Form 990 or 990-EZ) the organization's practices for monitoring proposed or ongoing transactions for conflicts of interest and dealing with potential or actual conflicts, whether discovered before or after the transaction has occurred. The description should include an explanation of which persons are covered under the policy, the level at which determinations of whether a conflict exists are made, and the level at which actual conflicts are reviewed. Also explain any restrictions imposed on persons with a conflict, such as prohibiting them from participating in the **governing body's** deliberations and decisions in the transaction.

**Lines 13 and 14.** A whistleblower policy encourages staff and volunteers to come forward with credible information on illegal practices or violations of adopted policies of the organization, specifies that the organization will protect the individual from retaliation, and identifies those staff or board members or outside parties to whom such information can be reported. A document retention and destruction policy identifies the record retention responsibilities of staff, **volunteers**, board members, and outsiders for maintaining and documenting the storage and destruction of the organization's documents and records.

*Certain federal or state laws provide protection against whistleblower retaliation and prohibit destruction of certain documents. For instance, while the federal Sarbanes-Oxley legislation generally does not pertain to tax-exempt organizations, it does impose criminal liability on tax-exempt as well as other organizations for (1) retaliation against whistleblowers that report federal offenses, and (2) for destruction of records with the intent to obstruct a federal investigation. See 18 U.S.C. sections 1513(e) and 1519. Also note that an organization is required to keep books and records relevant to its tax exemption and its filings with the IRS. Some states provide additional protection for whistleblowers.*

**Line 15.** Answer "Yes" on line 15a if, during the tax year, the organization (not a **related organization** or other third party) used a process for determining **compensation** (reported in Part VII or Schedule J (Form 990)) of the CEO, executive director, or other person who is the **top management official**, that included all of the following elements.

- Review and approval by a **governing body** or compensation committee, provided that persons with a *conflict of interest* regarding the compensation arrangement at issue were not involved. For purposes of this question, a member of the governing body or compensation committee has a *conflict of interest* regarding a compensation arrangement if any of the following circumstances apply.

1. The member (or a family member of the member) is participating in or economically benefitting from the compensation arrangement.

2. The member is in an employment relationship subject to the direction or control of any person participating in or economically benefitting from the compensation arrangement.

3. The member receives compensation or other payments subject to approval by any person participating in or economically benefitting from the compensation arrangement.

4. The member has a material financial interest affected by the compensation arrangement.

5. The member approves a transaction providing economic benefits to any person participating in the compensation arrangement, who in turn has approved or will approve a transaction providing economic benefits to the member. See Regulations 53.4958-6(c)(1)(iii).

- Use of data as to comparable compensation for similarly qualified persons in functionally comparable positions at similarly situated organizations.

- Contemporaneous documentation and recordkeeping for deliberations and decisions regarding the compensation arrangement.

Answer "Yes" on line 15b if the process for determining compensation of one or more **officers or key employees** other than the **top management official** included all of the elements listed above.

If the answer was "Yes" on line 15a or 15b, describe the process on Schedule O (Form 990 or 990-EZ), identify the offices or positions for which the process was used to establish compensation of the persons who served in those offices or positions, and enter the year in which this process was last undertaken for each such person.

If the organization did not compensate its CEO, executive director, or top management official during the **tax year**, answer "No" to line 15a. If the organization did not compensate any of its other officers or key employees during the tax year, even if such employees were compensated by a related organization, answer "No" to line 15b.

**Line 16.** Answer "Yes" on line 16a if at any time during its tax year the organization invested in, contributed assets to, or otherwise participated in a joint venture or similar arrangement with one or more taxable persons. For purposes of line 16, a joint venture or similar arrangement (or a "venture or arrangement") means any joint ownership or contractual arrangement through which there is an agreement to jointly undertake a specific business enterprise, investment, or exempt-purpose activity without regard to (1) whether the organization controls the venture or arrangement, (2) the legal structure of the venture or arrangement, or (3) whether the venture or arrangement is treated as a partnership for federal income tax purposes, or as an association, or corporation for federal income tax purposes. Disregard ventures or arrangements that meet both of the following conditions.

1. 95% or more of the venture's or arrangement's income for its tax year ending with or within the organization's **tax year** is described in section 512(b)(1)–(5) (including unrelated debt-financed income).

2. The primary purpose of the organization's contribution to, or investment or participation in, the venture or arrangement is the production of income or appreciation of property.

Answer "Yes" on line 16b if, as of the end of the organization's tax year, the organization had both:

1. Followed a written policy or procedure that required the organization to negotiate, in its transactions and arrangements with other members of the venture or arrangement, such terms and safeguards as are adequate to ensure that the organization's exempt status is protected, and

2. Taken steps to safeguard the organization's exempt status for the venture or arrangement.

Some examples of safeguards include the following:

- Control over the venture or arrangement sufficient to ensure that the venture furthers the exempt purpose of the organization.
- Requirements that the venture or arrangement give priority to exempt purposes over maximizing profits for the other participants.
- The venture or arrangement not engage in activities that would jeopardize the organization's exemption (such as political intervention or substantial lobbying for a section 501(c)(3) organization).
- All contracts entered into with the organization be on terms that are at arm's length or more favorable to the organization.

## Section C. Disclosure

**Line 17.** List the states with which a copy of this Form 990 is required to be filed, even if the organization has not yet filed Form 990 with that state. Use Schedule O (Form 990 or 990-EZ) if additional space is necessary.

*Some states require or permit the filing of Form 990 to fulfill state exempt organization or charitable solicitation reporting requirements.*

**Line 18.** Check the box for “Own website” only if the organization posted an exact reproduction (other than for information permitted by law to be withheld from public disclosure, such as the names and addresses of contributors listed in Form 990, Schedule B) of its Form 990, Form 990-T (for section 501(c)(3) organizations), or application for recognition of exemption (Form 1023, 1023-EZ, or 1024) on its website during its **tax year**. Check the box for “Another’s website” only if the organization provided to another individual or organization, and that other individual or organization posted on its website, an exact reproduction (other than for information permitted by law to be withheld from public disclosure, such as the names and addresses of contributors listed in Form 990, Schedule B) of any such forms during the tax year.

If “Other” is checked, explain in Schedule O (Form 990 or 990-EZ). Also explain in Schedule O (Form 990 or 990-EZ) if the organization did not make publicly available upon request any of Forms 1023, 1023-EZ, 1024, 990, or 990-T that are subject to public inspection requirements. Exempt organizations must make available for public inspection their Form 1023, 1023-EZ, or 1024 application for recognition of exemption. Applications filed before July 15, 1987, need not be made publicly available unless the organization had a copy on July 15, 1987. Organizations that file Form 990 must make it publicly available for a period of three years from the date it is required to be filed (including extensions) or, if later, is actually filed. Organizations are not required to make publicly available the names and addresses of contributors (as set forth on Schedule B (Form 990, 990-EZ, or 990-PF), and on Form 1023, 1023-EZ, or 1024). Section 501(c)(3) organizations that file Form 990-T also are required to make their Form 990-T publicly available for the corresponding three-year period, for forms filed after August 17, 2006 (unless the form was filed solely to request a refund of telephone excise taxes). See *Appendix D* for more information on public inspection requirements.

**Line 19.** Explain on Schedule O (Form 990 or 990-EZ) whether the organization made its governing documents (for example, articles of incorporation, constitution, bylaws, trust instrument) **conflict of interest policy**, and **financial statements** (whether or not audited) available to the general public during the tax year, and if so, how it made them available to the public (for example, posting on the organization’s website, posting on another website, providing copies on request, inspection at an

office of the organization, etc.). If the organization did not make any of these documents available to the public, enter “No documents available to the public.”

Federal tax law does not require that such documents be made publicly available unless they were included on a form that is publicly available (such as Form 1023, 1023-EZ, or 1024).

**Line 20.** Provide the name of the person who possesses the organization’s books and records, and the business address and telephone number of such person (or of the organization if the books and records are kept by such person at a personal residence). If the books and records are kept at more than one location, provide the name, business address, and telephone number of the person responsible for coordinating the maintenance of the books and records. The organization is not required to provide the address or telephone number of a personal residence of an individual. If provided, however, such information will be available to the public.

## Part VII. Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Check the box in the heading of Part VII if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part.

**Overview.** Form 990, Part VII, requires the listing of the organization’s current or former **officers, directors, trustees, key employees, and highest compensated employees**, and current **independent contractors**, and reporting of certain **compensation** information relating to such persons.

All organizations are required to complete Part VII, and when applicable, Schedule J (Form 990), for certain persons. Compensation must be reported for the calendar year ending with or within the organization’s **tax year**. In some cases, persons are reported in Part VII or Schedule J (Form 990) only if their **reportable compensation** (as explained below) and “other compensation” (as explained below) from the organization and **related organizations** (as explained in the *Glossary* and in the Instructions for Schedule R (Form 990)) exceeds certain thresholds. In some cases, compensation from an **unrelated organization** must be reported on Form 990. See the instructions for Part VII, Section A, line 5, later. The amount of compensation reported on Form 990, Part VII, for a listed person may differ from the amount reported on Form 990, Part IX, line 5, for that person due to factors such as a different accounting period (calendar vs. **fiscal year**) or a different accounting method.

Form 990, Part VII, relies on definitions of reportable compensation and other compensation. *Reportable compensation* generally refers to compensation reported on Form W-2, box 1 or 5 (whichever amount is greater); and Form 1099-MISC, box 7. Organizations also must report other compensation in Part VII, as discussed in the instructions to Part VII, Section A, column (F), later.

Organizations must report compensation for both current and former officers, directors, trustees, key employees, and highest compensated employees. The distinction between current and former such persons is discussed below. The determination of “former” uses a 5-year look-back period.

Organizations must report compensation from themselves and from related organizations, which generally consist of parents, subsidiaries, brother/sister organizations, supporting organizations, supported organizations, sponsoring organizations of voluntary employees’ beneficiary associations (VEBAs), and contributing employers to VEBAs. See the

Instructions for Schedule R (Form 990) for a fuller discussion of related organizations.

Part VII, Section A, requires reporting of officers, directors, trustees, key employees, and up to five of the organization's highest compensated employees. Compensation from related organizations must also be taken into account in determining a person's compensation and reported in Part VII, Section A, columns (E) and (F).

Up to 25 persons can be reported on the Form 990, Part VII, Section A table. If more space is needed to enter additional persons, use as many duplicates of the Section A table as are needed, and change the numbering to reflect additional persons (for example, if five additional persons are reported on a duplicate Section A table, change the numbers along the left hand margin of the table from 1-5 to 26-30).

Section B requires reporting of the five highest compensated independent contractors. Section B does not require reporting of compensation from related organizations.

## Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

**Overview.** Organizations are required to enter in Part VII, Section A, the following **officers, directors, trustees,** and **employees** of the organization whose **reportable compensation** from the organization and **related organizations** (as explained in the *Glossary* and the Instructions for Schedule R (Form 990)) exceeded the following thresholds for the tax year.

- Current officers, directors, and trustees (no minimum compensation threshold).
- Current **key employees** (over \$150,000 of reportable compensation).
- Current five highest compensated employees other than officers, directors, trustees, or listed key employees (over \$100,000 of reportable compensation).
- Former officers, key employees, and **highest compensated employees** (over \$100,000 of reportable compensation, with special rules for former highest compensated employees).
- Former directors and trustees (over \$10,000 of reportable compensation in the capacity as a former director or trustee).

Special rules apply to **disregarded entities** of which the organization is the sole member. See instructions for *Disregarded Entities*, later.

To determine which persons are current or former officers, directors, trustees, key employees, or highest compensated employees, see the instructions to Part VII, Section A, column (C), beginning later.

**Fiscal year filers.** To determine which persons are listed in Part VII, Section A, the organization must use the calendar year ending with or within the organization's **fiscal year** for some (those whose **compensation** must exceed minimum thresholds in order to be reported) and the fiscal year for others. Report officers, directors, and trustees that served at any time during the fiscal year as “current” **officers, directors,** and **trustees**. Report the following persons based on **reportable compensation** and status for the calendar year ending within the fiscal year.

- Current **key employees** (over \$150,000 of **reportable compensation** from the organization and **related organizations**).
- Current five **highest compensated employees** (over \$100,000 of reportable compensation from the organization and related organizations), other than current officers, directors, trustees, and key employees.

- Former officers, key employees, and five highest compensated employees (over \$100,000 of reportable compensation from the organization and related organizations, with special rules for former highest compensated employees).
- Former directors and trustees (over \$10,000 of reportable compensation for services in the capacity as director or trustee of the organization, from the organization and related organizations).

Report compensation on Form 990, Part VII, for the calendar year ending within the organization's **fiscal year**, including that of current officers, directors, and trustees, even if the fiscal year is used to determine which such persons must be listed in Part VII.

**Director or trustee.** A “director or trustee” is a member of the organization's **governing body**, but only if the member has voting rights. A director or trustee that served at any time during the organization's **tax year** is deemed a current director or trustee. Members of advisory boards that do not exercise any governance authority over the organization are not considered directors or trustees.

An “institutional trustee” is a trustee that is not an individual or natural person but an organization. For instance, a bank or trust company serving as the trustee of a trust is an institutional trustee.

**Officer.** An **officer** is a person elected or appointed to manage the organization's daily operations. An officer that served at any time during the organization's **tax year** is deemed a current officer. The officers of an organization are determined by reference to its organizing document, bylaws, or resolutions of its **governing body**, or as otherwise designated consistent with state law, but, at a minimum, include those officers required by applicable state law. Officers can include a president, vice-president, secretary, treasurer and, in some cases, a Board Chair. In addition, for purposes of Form 990, including Part VII, Section A, and Schedule J (Form 990), treat as an officer the following persons, regardless of their titles.

1. *Top management official.* The person who has ultimate responsibility for implementing the decisions of the governing body or for supervising the management, administration, or operation of the organization; for example, the organization's president, CEO, or executive director.

2. *Top financial official.* The person who has ultimate responsibility for managing the organization's finances; for example, the organization's treasurer or chief financial officer.

If ultimate responsibility resides with two or more individuals (for example, co-presidents or co-treasurers), who can exercise such responsibility in concert or individually, then treat all such individuals as officers.

**Key employee.** For purposes of Form 990, a current **key employee** is an **employee** of the organization (other than an **officer, director,** or **trustee**) who meets all three of the following tests, applied in the following order:

1. *\$150,000 Test:* Receives **reportable compensation** from the organization and all **related organizations** in excess of \$150,000 for the **calendar year** ending with or within the organization's **tax year**.

2. *Responsibility Test:* At any time during the calendar year ending with or within the organization's **tax year**:

- a. Has responsibilities, powers, or influence over the organization as a whole that is similar to those of officers, directors, or trustees;
- b. Manages a discrete segment or activity of the organization that represents 10% or more of the activities, assets, income, or expenses of the organization, as compared to the organization as a whole; or

c. Has or shares authority to control or determine 10% or more of the organization's capital expenditures, operating budget, or compensation for **employees**.

3. **Top 20 Test:** Is one of the 20 employees other than officers, directors, and trustees who satisfy the **\$150,000 Test** and **Responsibility Test** with the highest reportable compensation from the organization and **related organizations** for the calendar year ending with or within the organization's **tax year**.

If the organization has more than 20 individuals who meet the **\$150,000 Test** and **Responsibility Test**, report as **key employees** only the 20 individuals that have the highest reportable compensation from the organization and related organizations. Note that any others, up to five, might be reportable as current **highest compensated employees**, with over \$100,000 in reportable compensation. Use the calendar year ending with or within the organization's tax year for determining the organization's current key employees.

An individual that is not an employee of the organization (or of a **disregarded entity** of the organization) is nonetheless treated as a key employee if he or she serves as an officer or director of a disregarded entity of the organization and otherwise meets the standards of a key employee set forth above. See *Disregarded Entities*, later, for treatment of certain employees of a disregarded entity as a key employee of the organization.

If an employee is a key employee of the organization for only a portion of the year, that person's entire compensation for the calendar year ending with or within the organization's tax year, from both the filing organization and related organizations, should be reported in Part VII, Section A.

**Management companies** and similar entities that are **independent contractors** should not be reported as key employees. The organization's **top management official** and **top financial official** are deemed officers rather than key employees.

In the examples set forth below, assume the individual involved is an employee that satisfies the **\$150,000 Test** and **Top 20 Test** and is not an **officer, director, or trustee**.

**Example 1.** T is a large section 501(c)(3) university. L is the dean of the law school of T, which generates more than 10% of the revenue of T, including contributions from alumni and foundations. Although L does not have ultimate responsibility for managing the university as a whole, L meets the **Responsibility Test** and is reportable as a key employee of T.

**Example 2.** S chairs a small academic department in the College of Arts and Sciences of the same university, T, described above. As department chair, S supervises faculty in the department, approves the course curriculum, and oversees the operating budget for the department. The department represents less than 10% of the university's activities, assets, income, expenses, capital expenditures, operating budget, and employee compensation. Under these facts and circumstances, S does not meet the **Responsibility Test** and is not a key employee of T.

**Example 3.** U is a large acute-care section 501(c)(3) hospital. U employs X as a radiologist. X gives instructions to staff for the radiology work X conducts, but X does not supervise other U employees, manage the radiology department, or have or share authority to control or determine 10% or more of U's capital expenditures, operating budget, or employee compensation. Under these facts and circumstances, X does not meet the **Responsibility Test** and is not a key employee of U.

**Example 4.** W is a cardiologist and head of the cardiology department of the same hospital U described above. The cardiology department is a major source of patients admitted to U and consequently represents more than 10% of U's income,

as compared to U as a whole. As department head, W manages the cardiology department. Under these facts and circumstances, W meets the **Responsibility Test** and is a key employee of U.

**Five highest compensated employees.** The organization is required to enter its current five **highest compensated employees** whose **reportable compensation** combined from the organization and **related organizations** is greater than \$100,000 for the calendar year ending with or within the organization's **tax year** and who are not also current **officers, directors, trustees, or key employees** of the organization. Such individuals are the "current" five highest compensated employees. These can include persons who meet some but not all of the tests for key employee status. The organization is not required to enter more than the top five such persons, ranked by amount of reportable compensation. Use the calendar year ending with or within the organization's tax year for determining the organization's current five highest compensated employees.

**Example.** X is an employee of Y University and is not an officer, director, or trustee. X's reportable compensation for the calendar year exceeds \$150,000, and X meets the **Responsibility Test**. X would qualify as a key employee of Y, except that 20 employees had higher reportable compensation and otherwise qualify as key employees; therefore, those 20 are listed as the organization's key employees. X has the highest reportable compensation from the organization and related organizations of all employees other than the 20 key employees. X must be listed as one of the organization's five highest compensated employees.

**\$10,000 exceptions for reporting compensation.** Report compensation paid or accrued by the filing organization and **related organizations**. Special rules apply for reporting **reportable compensation** and other compensation.

All reportable compensation paid by the filing organization must be reported. Reportable compensation paid by a related organization is not required to be reported unless (1) it is \$10,000 or more for the calendar year ending with or within the organization's tax year (the "\$10,000-per-related-organization exception"), or (2) it is paid for past services to the filing organization in the person's capacity as a former director or trustee.

A particular item of other compensation (such as listed in the compensation table, later) paid or accrued by the filing organization is not required to be reported unless (1) it is \$10,000 or more for the calendar year ending with or within the organization's tax year (the "\$10,000-per-item exception") or (2) it is one of the five types of compensation (generally constituting deferred compensation (including retirement plan benefits) and health benefits) that must be reported regardless of amount (see the instructions for column (F)). The same principles apply to items of other compensation paid or accrued by a related organization (applied separately to each related organization).

*The \$10,000 exceptions do not apply to reporting compensation on Schedule J (Form 990), Part II.*

**Reportable compensation.** Reportable compensation consists of:

- For **officers** and other **employees**, amounts required to be reported on Form W-2, box 1 or 5 (whichever amount is greater) (plus Form 1099-MISC, box 7 if the officer or employee is also compensated as an independent contractor of the filing organization or a related organization);
- For **directors** and individual **trustees**, amounts required to be reported on Form 1099-MISC, box 7 for director and other independent contractor services to the organization or a related organization, plus amounts required to be reported on Form

W-2, box 1 or 5 (whichever amount is greater) if also compensated as an officer or employee of the filing organization or a related organization; and

- For **institutional trustees**, fees for services paid pursuant to a contractual agreement or statutory entitlement. While the compensation of institutional trustees must be reported on Form 990, Part VII, it need not be reported on Schedule J (Form 990).

If the organization did not file a Form 1099-MISC because the amounts paid were below the threshold reporting requirement, then include and report the amount actually paid. For a full definition of **reportable compensation**, see *Glossary*.

*Corporate **officers** are considered **employees** for purposes of Form W-2 reporting, unless they perform no services as officers, or perform only minor services and neither receive nor are entitled to receive, directly or indirectly, any **compensation**. Corporate **directors** are considered **independent contractors**, not employees, and director compensation, if any, generally is required to be reported on Form 1099-MISC. See Regulations section 31.3401(c)-1(f).*

For certain kinds of employees and for retirees, the amount in box 5 of Form W-2 can be zero or less than the amount in Form W-2, box 1. For instance, recipients of disability pay, certain members of the clergy, and religious workers who are not subject to social security and Medicare taxes as employees can receive compensation that is not reported in box 5. In that case, the amount required to be reported on Form W-2, box 1, must be reported as reportable compensation.

If an officer, director, trustee, key employee, or highest compensated employee of the organization is a foreign person who received U.S. source income during the calendar year ending with or within the organization's **tax year** from the filing organization or a **related organization**, and if such income was reported on Form 1042-S, Foreign Person's U.S. Source Income Subject to Withholding, box 2, then treat this income as **reportable compensation** and report it in Part VII, Section A, column (D) or (E). For foreign persons for whom compensation reporting on Form W-2, Form 1099-MISC, or Form 1042-S, is not required, treat as reportable compensation in column (D) or (E) the total value of the compensation paid in the form of cash or property during the calendar year ending with or within the organization's tax year. Report other compensation from foreign organizations as "other compensation" in column (F).

To determine whether an individual received more than \$100,000 (or \$150,000) in reportable compensation in the aggregate from the filing organization (and, as discussed later, certain third parties such as common paymasters, payroll/reporting agents, and certain **unrelated organizations**, compensation from which is considered compensation from the filing organization) and **related organizations**, add the following amounts.

- The amount reported on Form W-2, box 1 or 5 (whichever amount is greater), and/or Form 1099-MISC, Miscellaneous Income, box 7, issued to the individual by the organization.
- Amounts reported on Form W-2, box 1 or 5 (whichever amount is greater), or Form 1099-MISC, box 7, issued to the individual by each related organization that reported \$10,000 or more.

To determine whether an individual received solely in his or her capacity as a former trustee or director of the organization more than \$10,000 in reportable compensation for the calendar year ending with or within the organization's **tax year**, in the aggregate, from the organization and all related organizations (and thus must be reported on Form 990, Part VII and Schedule J (Form 990), Part II), add the amounts reported on all Forms 1099-MISC, box 7, and, if relevant, all Forms W-2, box 1 or 5, (whichever amount is greater) issued to the individual by

the organization and all related organizations for the calendar year ending with or within the organization's tax year. Report such amounts only to the extent that such amounts relate to the individual's past services as a trustee or director of the organization, and do not disregard any payments from a related organization if below \$10,000, for such purpose.

**Other compensation.** Other compensation includes **compensation** other than **reportable compensation**, including **deferred compensation** not currently reportable on Form W-2, box 1 or 5 or Form 1099-MISC, box 7, and certain nontaxable benefits, as discussed in detail in the instructions for Schedule J, (Form 990), Part II. See the instructions for other compensation reported in column (F), later, which includes a table to show where and how to report certain types of compensation in Part VII, Section A, and Schedule J (Form 990).

**Note.** Do not report the same item of compensation in more than one column of Part VII, Section A, for the tax year.

**Disregarded entities.** **Disregarded entities** (such as a limited liability company that is wholly owned by the organization and not treated as a separate entity for federal tax purposes) are generally treated as part of the organization rather than as **related organizations** for purposes of Form 990, including Part VII and Schedule J (Form 990). A person is not considered an **officer** or **director** of the organization by virtue of being an officer or director of a disregarded entity, but he or she can qualify as a **key employee** or **highest compensated employee** of the organization. An officer, director, or employee of a disregarded entity is a key employee of the organization if he or she meets the **\$150,000 Test** and **Top 20 Test** for the filing organization as a whole, and if, for the **Responsibility Test**, the person has responsibilities, powers or influence over a discrete segment or activity of the disregarded entity that represents at least 10 percent of the activities, assets, income, or expenses of the filing organization as a whole, or has or shares authority to control or determine the disregarded entity's capital expenditures, operating budget, or compensation for employees that is at least 10 percent of the filing organization's respective items as a whole. If an officer or director of a disregarded entity also serves as an officer, director, trustee, or key employee of the organization, report this individual as an officer, director, trustee, or key employee, as applicable, of the organization, and add the compensation, if any, paid by the disregarded entity to this individual to the compensation, if any, paid directly by the organization to this individual. Report the total aggregate amount in column (D).

*A disregarded entity generally must use the **EIN** of its sole member. An exception applies to employment taxes: for wages paid to **employees** of a disregarded entity, the disregarded entity must file separate employment tax returns and use its own EIN on such returns. See Regulations sections 301.6109-1(h) and 301.7701-2(c)(2)(iv).*

**Management companies.** **Management companies**, as **independent contractors**, are reported on Form 990, Part VII (if at all) only in Section B. *Independent Contractors*, and are not reported on Schedule J (Form 990), Part II. If a current or former **officer, director, trustee, or key employee** has a relationship with a management company that provides services to the organization, then the relationship may be reportable on Schedule L (Form 990 or 990-EZ), Part IV. A key employee of a management company must be reported as a current officer of the filing organization if he or she is the filing organization's **top management official** or **top financial official** or is designated as an officer of the filing organization. However, that person does not qualify as a key employee of the filing organization solely on the basis of being a key employee of the management company. If a current or former officer, director, trustee, key

employee, or **highest compensated employee** received **compensation** from a management company that provided services to the organization and was a **related organization** during the **tax year**, then the individual's compensation from the management company must be reported on Form 990, Part VII, Section A, columns (E) and (F). If the management company was not a related organization during the tax year, the individual's compensation from the management company is not reportable in Part VII, Section A. Questions pertaining to management companies also appear on Form 990, Part VI, line 3 and Schedule H (Form 990), Part IV.

**Leased employees.** In some cases, instead of hiring a management company, an exempt organization "leases" one or more "employees" from another company, which may be in the business of leasing employees. The compensation paid to the leasing company should be treated like compensation to a management company for purposes of Form 990 compensation reporting.

The organization should treat employees of an employee leasing company or a management company as the organization's own employees if such persons are common law employees of the filing organization under state law.

Compensation from common paymasters, payroll/reporting agents, and unrelated organizations or individuals (except for compensation from **management companies** or leasing companies, and compensation described in *Taxable organization employee exception*, later) must be treated as reportable compensation in determining whether the dollar thresholds are met for reporting (1) current or former employees as current or former key employees or highest compensated employees, or (2) former officers, directors, or trustees, on Form 990, Part VII, Section A. If the Form 990, Part VII thresholds for reporting are met, then the compensation from the common paymaster, payroll/reporting agent, or unrelated organization or individual must be reported as compensation from the filing organization in Part VII. The compensation may also need to be reported in Form 990, Schedule J, Part II (see the instructions for Form 990, Part VII, Section A, line 5).

*The use of a leasing company, common paymaster, payroll/reporting agent, or other payroll service provider does not relieve an employer of its obligation for employment tax liabilities. The IRS strongly suggests that the organization does not change its address to that of its payroll service provider or other third party payer. Doing so could limit the organization's ability to stay informed of tax matters, because the IRS sends correspondence regarding problems with an employer's account to the employer's address of record. Alternatively, an employer may grant permission for a third party payer to receive copies of IRS correspondence by using Form 8822-B, Form 2848, or Form 8655, as appropriate.*

**Compensation from unrelated organizations or individuals.** If a current or former **officer, director, trustee, key employee, or highest compensated employee** received or accrued compensation or payments from an **unrelated organization** (other than from **management companies** or leasing companies, as discussed above) or an individual for services rendered to the filing organization in that person's capacity as an officer, director, trustee, or employee of the filing organization, then the filing organization must report (subject to the *taxable organization employee exception*, **next**) such amounts as **compensation** from the filing organization if it has knowledge of the arrangement, whether or not the unrelated organization or the individual treats the amounts as compensation, grants, contributions, or otherwise. Report such compensation from unrelated organizations in Section A, columns (D) and (F), as appropriate. If the organization cannot distinguish between

reportable compensation and other compensation from the unrelated organization, report all such compensation in column (D).

**Taxable organization employee exception.** Do not report as compensation any payments from an unrelated taxable organization that employs the individual and continues to pay the individual's regular compensation while the individual provides services without charge to the filing organization, but only if the unrelated organization does not treat the payments as a charitable contribution to the filing organization.

**Column (A).** For each person required to be listed, enter the name in the top of each row and the person's title or position with the organization in the bottom of the row. If more than one title or position, list all. List persons in the following order: individual **trustees or directors, institutional trustees, officers, key employees, highest compensated employees**, and former such persons. List each person on only one line.

**Column (B).** For each person listed in column (A), estimate the average hours per week devoted to the organization during the year. Entry of a specific number is required for a complete answer. Enter "-0-" if applicable. Do not include statements such as "as needed," "as required," or "40+." If the average is less than one hour per week, then the organization can enter a decimal rounded to the nearest tenth (for example, 0.2 hours per week).

For each person listed in column (A), list below the dotted line an estimate of the average hours per week (if any) devoted to related organizations.

**Column (C).** For each person listed in column (A), check the box that reflects the person's position with the organization during the tax year. Do not check more than one box, unless the person was both an officer and a director/trustee of the organization during the tax year. For a former **officer, director, trustee, key employee, or highest compensated employee**, check only the "Former" box and indicate the former status in the person's title.

**"Current" officers, directors, trustees, key employees, and highest compensated employees.** A "current" **officer, director, or trustee** is a person that was an officer, director, or trustee at any time during the organization's **tax year**. A "current" **key employee or highest compensated employee** is a person who was an employee at any time during the calendar year ending with or within the organization's tax year, and was a key employee or highest compensated employee for such calendar year.

If the organization files Form 990 based on a **fiscal year**, use the fiscal year to determine the organization's "current" officers, directors, and trustees. Whether or not the organization files Form 990 based on a **fiscal year**, use the calendar year ending with or within the organization's **tax year** to determine the organization's "current" **key employees** and five highest compensated employees.

Do not check the "Former" box if the person was a current officer, director, or trustee at any time during the organization's tax year, or a current key employee or among the five highest compensated employees for the calendar year ending with or within the organization's tax year. A current employee (other than a current officer, director, trustee, key employee, or highest compensated employee) can be reported on Form 990, Part VII and Schedule J (Form 990), Part II: (1) as a former director or trustee because he or she served as a director or trustee within the last five years; and received more than \$10,000 in **reportable compensation**, for the calendar year ending with or within the organization's tax year, in his or her capacity as a former director or trustee, or (2) a former officer or key employee (but not as a former highest compensated employee) because he or she served as an officer or key employee within the last

five years and received more than \$100,000 of reportable compensation for the calendar year ending with or within the organization's tax year. In such a case, indicate the individual's former position in his or her titles (for example, "former president").

**"Former" officers, directors, trustees, key employees, and highest compensated employees.** Check the "Former" box for former officers, directors, trustees, and key employees only if both conditions below apply.

- The organization reported (or should have reported, applying the instructions in effect for such years) an individual on any of the organization's Forms 990, 990-EZ or 990-PF, for any one or more of the five prior years in one or more of the following capacities: officer, director, trustee, or key employee.
- The individual received **reportable compensation**, from the organization and/or **related organizations**, in the calendar year ending with or within the organization's current **tax year** in excess of the threshold amount (\$100,000 for former officers and key employees, \$10,000 paid to former directors and trustees for services rendered in their former capacity as directors or trustees.)

If a person was reported (or should have been reported) as an officer, director, trustee, or key employee on any of the organization's prior five Forms 990, 990-EZ, or 990-PF, if the person was still employed at any time during the organization's tax year either: (1) by the organization in a lesser capacity other than as an officer, director, trustee, key employee, or highest compensated employee, or (2) by a related organization in any capacity, but not by the filing organization, and if the person received reportable compensation that exceeded the threshold amount described above, then check only the "Former" box. For example, do not check both the "Former" and "Officer" boxes for a former president of the organization who was not an officer of the organization during the tax year.

Whether or not the organization files Form 990 based on a **fiscal year**, use the calendar year ending within the organization's tax year to determine all "former" officers, directors, trustees, key employees, and five highest compensated employees (because their status depends on their reportable compensation, which is reported for the calendar year).

Check the "Former" box for the former five highest compensated employees only if all four conditions below apply.

1. The individual was not an **employee** of the organization at any time during the calendar year ending with or within the organization's tax year.
2. The individual was reported (or should have been reported, under the instructions in effect for such years) on any of the organization's Forms 990, 990-EZ, or 990-PF for one or more of the five prior years as one of the five highest compensated employees.
3. The individual's reportable compensation exceeded \$100,000 for the calendar year ending with or within the organization's tax year.
4. The amount of the individual's reportable compensation for such year would place him or her among the organization's current five highest compensated employees if the individual were an employee during the calendar year ending with or within the organization's tax year.

**Example 1.** X was reported as one of Y Charity's five highest compensated employees on one of Y's Forms 990, 990-EZ, or 990-PF from one of its five prior tax years. During Y's **tax year**, X was not a current officer, director, trustee, key employee, or highest compensated employee of Y. X was not an employee of Y during the calendar year ending with or within Y's tax year. During this calendar year, X received reportable compensation

in excess of \$100,000 from Y for past services and would be among Y's five highest compensated employees if X were a current employee. Y must report X as a former highest compensated employee on Y's Form 990, Part VII, Section A, for Y's tax year.

**Example 2.** T was reported as one of Y Charity's five highest compensated employees on one of Y's Forms 990, 990-EZ, or 990-PF from one of its five prior tax years. During Y's **tax year**, T was not a current officer, director, trustee, key employee, or highest compensated employee of Y, although T was still an employee of Y during the calendar year ending with or within Y's tax year. T received reportable compensation in excess of \$100,000 from Y and related organizations for such calendar year. T is not reportable as a former highest compensated employee on Y's Form 990, Part VII, Section A, for Y's tax year because T was an employee of Y during the calendar year ending with or within Y's tax year.

**Example 3.** Z was reported as one of Y Charity's key employees on Y's Form 990 filed for one of its five prior **tax years**. During Y's tax year Z was not a current officer, director, trustee, key employee, or highest compensated employee of Y. For the calendar year ending with or within Y's tax year, Z received reportable compensation of \$90,000 from Y as an employee (and no reportable compensation from related organizations). Because Z received less than \$100,000 reportable compensation for the calendar year ending with or within Y's tax year from Y and its related organizations, Y is not required to report Z as a former key employee on Y's Form 990, Part VII, Section A, for Y's tax year.

**Columns (D) and (E).** Enter the amounts required to be reported (whether or not actually reported) on Form W-2, box 1 or 5 (whichever is greater) and/or Form 1099-MISC, box 7, issued to the person for the calendar year ending with or within the organization's **tax year**. Enter an amount for each person in each of columns (D) and (E). Enter "-0-" if the person received no **reportable compensation**. For **institutional trustees** that do not receive a Form 1099-MISC, enter the amount that the organization would have reported in box 7 if a Form 1099-MISC had been required.

Reportable compensation paid to the person by a **related organization** at any time during the entire calendar year ending with or within the filing organization's tax year should be reported in column (E). If the related organization was related to the filing organization for only a portion of the tax year, then the filing organization may choose to report only compensation paid or accrued by the related organization during the time it was actually related. If the filing organization reports compensation on this basis, it must explain in Schedule O (Form 990 or 990-EZ) and state the period during which the related organization was related.

**\$10,000-per-related-organization exception.** For purposes of column (E), the organization need not include payments from a single related organization if less than \$10,000 for the calendar year ending with or within the organization's tax year, except to the extent paid to a former **director** or former **trustee** of the filing organization for services as a director or trustee of the organization. For example, if an officer of the organization received **compensation** of \$6,000, \$15,000, and \$50,000 from three separate related organizations for services provided to those organizations, the organization needs to report only \$65,000 in column (E) for the officer.

**Volunteer exception.** The organization need not report in column (E) or (F) compensation from a related organization paid to a **volunteer officer, director, or trustee** of the filing organization if the related organization is a for-profit organization, is not owned or controlled directly or indirectly by the organization or one or more related tax-exempt

organizations, and does not provide management services for a fee to the organization.

**Bank or financial institution trustee.** If the organization is a trust with a bank or financial institution trustee that is also a trustee of another trust, it need not report in column (E) or (F) compensation from the other trust for services provided as the trustee to the other trust, because the other trust is not a related organization (see *Glossary* definition of **Related organization**).

**Reasonable effort.** The organization is not required to report compensation from a **related organization** to a person listed on Form 990, Part VII, Section A, if the organization is unable to secure the information on compensation paid by the related organization after making a **reasonable effort** to obtain it, and if it is unable to make a reasonable estimate of such compensation. If the organization makes reasonable efforts but is unable to obtain the information or provide a reasonable estimate of compensation from a related organization in column (E) or (F), then it must report the efforts undertaken on Schedule O (Form 990 or 990-EZ). An example of a reasonable effort is for the organization to distribute a questionnaire annually to each of its current and former officers, directors, trustees, key employees, and highest compensated employees that includes the name and title of each person reporting information, blank lines for those persons' signatures and signature dates, and the pertinent instructions and definitions for Form 990, Part VII, Section A, columns (E) and (F).

**Short year and final returns.** For a short year return in which there is no calendar year that ends with or within the short year, leave columns (D) and (E) blank, and do not report any **key employees, highest compensated employees, or highest compensated independent contractors** (because such persons are determined according to compensation received in the calendar year ending with or within the tax year for which the return is filed), unless the return is a final return. If the return is a final return, report the compensation that is reportable compensation on Forms W-2 and 1099 for the short year, from both the filing organization and related organizations, whether or not Forms W-2 or 1099 have been filed yet to report such compensation.

**Column (F). Other compensation** generally includes compensation not currently reportable on Form W-2, box 1 or 5 or Form 1099-MISC, box 7, including nontaxable benefits other than disregarded benefits, as discussed in **Disregarded benefits** and in the instructions for Schedule J (Form 990), Part II. Treat amounts paid or accrued under a **deferred compensation** plan, or held by a deferred compensation trust, that is established, sponsored, or maintained by the organization (or a **related organization**) as paid, accrued, or held directly by the organization (or the related organization). Deferred compensation to be reported in column (F) includes compensation that is earned or accrued in one year and deferred to a future year, whether or not funded, vested, qualified or nonqualified, or subject to a substantial risk of forfeiture. But do not report in column (F) a deferral of compensation that causes an amount to be deferred from the **calendar year ending with or within** the tax year to a date that is not more than 2 ½ months after the end of the **calendar year ending with or within** the tax year if such compensation is currently reported as reportable compensation.

Enter an amount in column (F) for each person listed in Part VII, Section A. (Enter “-0-” if applicable.) Report a reasonable estimate if actual numbers are not readily available.

Other compensation paid to the person by a **related organization** at any time during the calendar year ending with or within the filing organization's tax year should be reported in column (F). If the related organization was related to the filing organization for only a portion of the tax year, then the filing organization may choose to report only other compensation paid

or accrued by the related organization during the time it was actually related. If the filing organization reports compensation on this basis, it must explain in Schedule O (Form 990 or 990-EZ) and state the period during which the related organization was related.

The following items of compensation provided by the filing organization and related organizations must be reported as “other compensation” in column (F) in all cases regardless of the amount, to the extent they are not included in column (D).

1. Tax-deferred contributions by the employer to a qualified defined contribution retirement plan.
2. The annual increase or decrease in actuarial value of a qualified defined benefit plan, whether or not funded or vested.
3. The value of health benefits provided by the employer, or paid by the employee with pre-tax dollars, that are not included in reportable compensation. For this purpose, health benefits include: (1) payments of health benefit plan premiums; (2) medical reimbursement and flexible spending programs, and (3) the value of health coverage (rather than actual benefits paid) provided by an employer's self-insured or self-funded arrangement. Health benefits include dental, optical, drug, and medical equipment benefits. They do not include disability or long-term care insurance premiums or allocated benefits for this purpose.
4. Tax-deferred contributions by the employer and employee to a funded nonqualified defined contribution plan, and deferrals under an unfunded nonqualified defined contribution plan, whether or not such plans are vested or subject to a substantial risk of forfeiture. See examples in Schedule J (Form 990), Part II instructions.
5. The annual increase or decrease in actuarial value of a nonqualified defined benefit plan, whether or not funded, vested, or subject to a substantial risk of forfeiture.

**\$10,000-per-item exception.** Except for the five items listed above, neither the organization nor a **related organization** is required to report on Form 990, Part VII, Section A any item of “other compensation” (as set forth in the compensation table beginning later) if its total value is less than \$10,000 for the calendar year ending with or within the organization's tax year.

Amounts excluded under the two separate \$10,000 exceptions (the \$10,000-per-related-organization and \$10,000-per-item exceptions) are to be excluded from **compensation** in determining whether an individual's total **reportable compensation** and other compensation exceeds the thresholds set forth on Form 990, Part VII, Section A, line 4. If the individual's total compensation exceeds the relevant threshold, then the amounts excluded under the \$10,000 exceptions are included in the individual's compensation reported on Schedule J (Form 990). Thus, the total amount of compensation reported on Schedule J (Form 990) can be higher than the amount reported on Form 990, Part VII, Section A.

The \$10,000-per-item exception applies separately for each item of other compensation from the organization and from each related organization.

**Example 1.** Organization X provides the following compensation to its current officer:

Compensation should be reported based on the calendar year ending with or within the organization's tax year. Previously, this instruction referred to deferrals made within 2 1/2 months of the organization's tax year. The 2014 change clarifies that deferrals of compensation should be evaluated based on the calendar year ending with or within the organization's tax year. Therefore, a deferral does not include a payment (1) made within 2 1/2 months that (2) is currently reported as reportable compensation.

\$110,000	Reportable compensation (including pre-tax employee contributions of \$5,000 to a qualified defined contribution retirement plan and \$2,500 to a qualified health benefit plan)
5,000	Tax-deferred employer contribution to qualified defined contribution retirement plan
5,000	Nontaxable employer contributions to health benefit plan
4,000	Nontaxable dependent care assistance
500	Nontaxable group life insurance premium
8,000	Moving expense (nontaxable as qualified under section 132)

Organization Y, a related organization, also provides compensation to the officer as follows:

\$21,000	Reportable compensation (including \$1,000 pre-tax employee contribution to qualified defined contribution retirement plan)
1,000	Tax-deferred employer contribution to qualified defined contribution retirement plan
5,000	Nontaxable tuition assistance

The officer receives no compensation in the capacity as a former director or trustee of X, and no unrelated organization pays the officer for services provided to X. The organization can disregard as other compensation the (a) \$4,500 in dependent care and group life insurance payments from the organization (under the \$10,000-per-item exception); (b) the \$8,000 moving expense from the organization (excluded under section 132) on both Form 990, Part VII and Schedule J (Form 990), Part II; and (c) the \$5,000 in tuition assistance from the related organization (under the \$10,000-per-item exception) in determining whether the officer's total reportable and other compensation from the organization and related organizations exceeds \$150,000. In this case, total reportable compensation is \$131,000, and total other compensation (excluding the excludible items below \$10,000) is \$11,000. Under these circumstances, the officer's dependent care, group life, moving expenses, and tuition assistance items need not be reported as other compensation on Form 990, Part VII, Section A, column (F), and the officer's total reportable and other compensation (\$142,000) is not reportable on Schedule J (Form 990). If instead, the officer's reportable compensation from Y were \$30,000 rather than \$21,000, then the officer's total reportable and other compensation (\$151,000) would be reportable on Schedule J (Form 990), including the dependent care, group life, and tuition assistance items, even though these items would not have to be reported as other compensation in Form 990, Part VII.

**Example 2.** Organization S provides health benefits to B (its CEO) under a self-insured medical reimbursement plan. The value of the plan benefits for the tax year is \$10,000, which represents the estimated cost of providing coverage for the year

if the employer paid a third-party insurer for similar benefits, as determined on an actuarial basis. The actual benefits paid for B and B's family for the year are \$30,000. If the benefits are not reportable compensation to B, then Organization S must report the \$10,000 value of plan benefits as other compensation to B in Form 990, Part VII, Section A, column (F).

**Disregarded benefits.** Disregarded benefits under Regulations section 53.4958-4(a)(4) need not be reported in column (F). Disregarded benefits generally include fringe benefits excluded from gross income under section 132. These benefits include the following:

- No-additional cost service;
- Qualified employee discount;
- Working condition fringe;
- De minimis fringe;
- Qualified transportation fringe;
- Qualified moving expense reimbursement;
- Qualified retirement planning services; and
- Qualified military base realignment and closure fringe.

For descriptions of each of these disregarded benefits, see instructions for Schedule J (Form 990 and 990-EZ), *Compensation Information*.

**Short year and final returns.** For a short year return in which there is no calendar year that ends with or within the short year, leave column (F) blank, unless the return is a final return. If the return is a final return, report the other compensation for the short year, from both the filing organization and related organizations.

**Compensation table for reporting in Part VII, Section A, or Schedule J (Form 990), Part II.** The following table may be useful in determining how and where to report items of compensation on Form 990, Part VII, Section A and on Schedule J (Form 990), Part II. The list is not comprehensive but covers most items for most organizations. Many items of compensation may or may not be taxable or currently taxable, depending on the plan or arrangement adopted by the organization and other circumstances. The list attempts to take into account these varying facts and circumstances. The list is merely a guideline to report amounts for those persons required to be listed. In all cases, items included on Form W-2, box 1 or 5 (whichever is greater) and/or Form 1099-MISC, box 7 are required to be reported on Part VII, Section A and, for applicable persons, Schedule J (Form 990), Part II, column (B). Items listed as "taxable" or "taxable in current year" are currently includible in reportable compensation, but are not necessarily subject to federal income tax in the current year.

Any item listed in the following compensation table that is not followed by a star (x) or asterisk (\*) in any column should not be reported in Part VII, Section A or in Schedule J, Part II (Form 990).

**Note.** Items marked with asterisk (\*) instead of a star (x) are excludible from Form 990, Part VII, Section A, column (F), if below \$10,000.

**Line 1b.** Report the sub-totals of compensation from the Section A, line 1a table in line 1b, columns (D), (E), and (F).

**Line 1c.** Report the sub-totals of compensation from continuation sheets (duplicate Section A tables for filers that report more than 25 persons in Section A, line 1a table) in line 1c, columns (D), (E), and (F).

**Line 1d.** Add the totals of lines 1b and 1c in line 1d for columns (D), (E), and (F).

**Line 2.** Report the total number of individuals, both those listed in the Part VII, Section A table and those not listed, to whom the filing organization (not **related organizations**) paid over \$100,000 in **reportable compensation** during the **tax year**.

**Line 3.** Complete Schedule J (Form 990) for each of the following persons.

- Each individual listed in Part VII, Section A, as a former **officer**, former **key employee**, or a former **highest compensated employee**. To determine whether an individual received more than \$100,000 in **reportable compensation** in the aggregate from the organization and **related organizations**, add the amounts reported on all Forms W-2, box 1 or 5 (whichever is greater) and/or Forms 1099-MISC, box 7, issued to the individual by the organization and all related organizations (disregarding amounts from a related organization if below \$10,000) for the **calendar year** ending with or within the organization's **tax year**.

- Each individual that received, solely in the capacity as a former **director** or former **trustee** of the organization, more than \$10,000 of reportable compensation (Part VII, Section A, columns (D) and (E)) during the year from the organization or related organizations. To determine whether an individual received or accrued more than \$10,000 in reportable compensation solely in the capacity as a former trustee or director of the organization, add the amounts reported on all Forms 1099-MISC, box 7, and, if applicable, Forms W-2, box 1 or 5 (whichever is greater) and/or issued to the individual by the organization and all related organizations, to the extent that such amounts relate to the individual's past services as a trustee or director of the organization and not of a related organization. The \$10,000-per-related-organization exception does not apply for this purpose.

**Line 4.** Complete Schedule J (Form 990) for each individual listed in Section A who received or accrued more than \$150,000 of reportable and other compensation from the organization and related organizations. To determine whether any listed individual received or accrued more than \$150,000 of reportable and other compensation, add all **compensation** included in Part VII, Section A, columns (D), (E), and (F), but disregard any decreases in the actuarial value of defined benefit plans.

The following chart explains which **officers, directors, trustees, key employees, and highest compensated employees** must be reported on Form 990, Part VII, Section A, and on Schedule J (Form 990). See also line 5 for additional individuals who must be reported on Schedule J (Form 990), Part II.

**Matrix for Part VII, Section A, Lines 3 and 4**

**Line 5.** Complete Schedule J (Form 990) for any individual listed on Form 990, Part VII, Section A if the person receives or accrues **compensation** from an **unrelated organization** (other than from management companies and leasing companies, as discussed earlier) for services rendered to the filing organization in the person's capacity as an **officer, director, trustee, or employee** of the filing organization. Also, specify on Schedule J (Form 990), Part III, the name of the unrelated organization, the type and amount of compensation it paid or accrued, and the person receiving or accruing such compensation. See *Compensation from unrelated organizations*, earlier.

For purposes of line 5, disregard:

1. Payments from a **deferred compensation** trust or plan established, sponsored, or maintained by the organization (or a related organization), and deferred compensation held by such trust or plan;
2. Payments from a common paymaster for services provided to the organization (or to a related organization) (see instructions for **Common paymaster or payroll/reporting agent**, earlier); or
3. Payments from an unrelated taxable organization that employs the individual and continues to pay the individual's regular compensation while the individual provides services without charge to the filing organization, but only if the unrelated organization does not treat the payments as a charitable contribution to the filing organization.

**Example 1.** A is the CEO (and the **top management official**) of the organization. In addition to compensation paid by the organization to A, A receives payments from B, an unrelated corporation (using the definition of relatedness on Schedule R (Form 990)), for services provided by A to the organization. B also makes rent payments for A's personal residence. The organization is aware of the compensation arrangement between A and B, and does not treat the payments as paid by

the organization for Form W-2 reporting purposes. A, as the top management official of the organization, must be listed as an officer of the organization in Part VII, Section A. However, the amounts paid by B to A require that the organization answer "Yes" on line 5 and complete Schedule J (Form 990) about A.

**Example 2.** C is an attorney employed by a law firm that is not a related organization to the organization. The organization and the law firm enter into an arrangement where C serves the organization, a section 501(c)(3) legal aid society pro bono, on a full-time basis as its vice-president and as a board member while continuing to receive her regular compensation from the law firm. The organization does not provide any compensation to C for the services provided by C to the organization, and does not report C's compensation on Form W-2 or Form 1099-MISC. The law firm does not treat any part of C's compensation as a charitable contribution to the legal aid society. Under these circumstances, the amounts paid by the law firm to C do not require that the organization answer "Yes" on line 5, about C. Also, nothing in these facts would prevent C from qualifying as an independent member of the organization's governing body for purposes of Form 990, Part VI, line 1b.

**Example 3.** D, a volunteer director of the organization, is also the sole owner and CEO of M management company (an unrelated organization), which provides management services to the organization. The organization pays M an annual fee of \$150,000 for management services. Under the circumstances, the amounts paid by M to D (in the capacity as owner and CEO of M) do not require that the organization answer "Yes" on line 5, regarding D. However, the organization must report the transaction with M, including the relationship between D and M, on Schedule L (Form 990 or 990-EZ), Part IV. Also, D does not qualify as an independent member of the organization's governing body because D receives indirect financial benefits from the organization through M that are reportable on Schedule L (Form 990 or 990-EZ), Part IV.

## Section B. Five Highest Compensated Independent Contractors

Complete this table for the five highest compensated **independent contractors** that received more than \$100,000 in compensation for services, whether professional or other services, from the organization. Independent contractors include organizations as well as individuals and can include professional fundraisers, law firms, accounting firms, publishing companies, **management companies**, and investment management companies. Do not report public utilities or insurance providers as independent contractors. See Pub. 1779, Independent Contractor or Employee, and Pub. 15-A, Employer's Supplemental Tax Guide, for distinguishing **employees** from independent contractors.

**Column (C).** Enter the amount the organization paid, whether reported on Form 1099-MISC, box 7, or paid under the parties' agreement or applicable state law, for the calendar year ending with or within the organization's tax year.

For a short year return in which there is no calendar year that ends with or within the short year, do not report any information in columns (A) through (C), unless the return is a final return. If the return is a final return, report the compensation paid to the independent contractor(s) under the parties' agreement during the short year or the compensation that is reportable compensation on Form 1099 for the short year, whether or not Form 1099 has been filed yet to report such compensation.

**Compensation** includes fees and similar payments to independent contractors but not reimbursement of expenses unless incidental to providing the service. However, for this purpose, the organization must report gross payments to the **independent contractor** that include expenses and fees if the expenses are not separately reported to the organization.

*Form 1099-MISC may be required to be issued for payments to an independent contractor, with compensation reported in box 7.*

## Part VIII. Statement of Revenue

Check the box in the heading of Part VIII if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part.

### Column (A).

All organizations must complete column (A), reporting their **gross receipts** for all sources of revenue. All organizations (except section 527 political organizations) must complete columns (B) through (D), which must add up to the amount in column (A) for each line in Part VIII. Refer to specific instructions in this part for completing each column.

*If the organization enters an amount in column (A) for lines 2a through 2e or lines 11a through 11c, it must also enter a corresponding business activity code from Appendix K. Business Activity Codes. If none of the listed codes, or other 6-digit codes listed on the NAICS website at [http://www.census.gov/eos/www/naics/reference\\_files\\_tools/2007/naics07\\_6.txt](http://www.census.gov/eos/www/naics/reference_files_tools/2007/naics07_6.txt), accurately describe the activity, enter "900099." Use of these codes does not imply that the business activity is unrelated to the organization's exempt purpose.*

### Column (B).

In column (B), report all revenue from activities substantially related to the organization's exempt purposes. Use of revenue for the organization's exempt purposes does not make the activity that produced the income (for example, fundraising activity) substantially related to the organization's exempt purposes. Also report here any revenue that is excludable from gross income other than by section 512, 513, or 514, such as interest on state and local bonds that is excluded from tax by section 103.

### Column (C).

In column (C), report any **unrelated business** revenue received by the organization during the **tax year** from an **unrelated trade or business**, unless that revenue is reportable in Part VIII, column (D). See Pub. 598 and Instructions for Form 990-T for more information.

*A section 501(c)(3) organization that is an S corporation shareholder must treat all allocations of income from the S corporation as **unrelated business income**. Gain on the disposition of stock is also treated as unrelated business income. See section 512(e).*

### Column (D).

In column (D), report any revenue excludable from **unrelated business income** by section 512, 513, or 514. Examples of such revenue include receipts from the sale of donated merchandise, interest (unless debt-financed), and receipts from **bingo** games.

Neither Form 5500 nor DOL Forms LM-2 or LM-3 should be substituted for the Form 990, Parts VIII or IX.

## Line 1. In General

On lines 1a through 1f, report cash and noncash amounts received as voluntary **contributions**, gifts, grants or other similar amounts from the general public, **governmental units**, foundations, and other exempt organizations. The general public includes individuals, corporations, trusts, estates, and other entities. Voluntary contributions are payments, or the part of any payment, for which the payer (donor) does not receive full retail value (**fair market value**) from the recipient (donee) organization. Contributions are reported on line 1 regardless of whether they are deductible by the contributor. The noncash portion of contributions reported on lines 1a through 1f is also reported on line 1g.

Report gross amounts of contributions collected in the organization's name by fundraisers.

Report all expenses of raising contributions in Part IX, column (D), *Fundraising expenses*. The organization must enter on Part IX, line 11e, fees for **professional fundraising services** relating to the gross amounts of contributions collected in the organization's name by professional fundraisers.

Report on line 1 assets contributed to the organization by another entity in the course of the entity's liquidation, dissolution, or termination.

Report the value of **noncash contributions** at the time of the donation. For example, report the **FMV** of a donated car at the time the car was received as a donation.

Do not net losses from uncollectible pledges from prior years, refunds of contributions and service revenue from prior years, or reversal of grant expenses from prior years on line 1. Rather, report any such items as "Other changes in net assets or fund balances" on Part XI, line 9, and explain in Schedule O.

The organization must report any contributions of **conservation easements** and other **qualified conservation contributions** consistently with how it reports revenue from such contributions in its books, records, and financial statements.

Reporting on line 1 according to **SFAS 116** (ASC 958) generally is acceptable (though not required) for Form 990 purposes, but the value of donated services or use of materials, equipment, or facilities may not be reported. An organization that receives a grant to be paid in future years should, according to SFAS 116 (ASC 958), report the grant's present value on line 1. Accruals of present value increments to the unpaid grant should be reported on line 1 in future years.

**Contributions** do not include:

- Grants, fees or other support from **governmental units**, foundations or other exempt organizations that represent a payment for a service, facility, or product that primarily gives some economic or physical benefit to the payer.
- The portion of any fundraising solicitation representing payment for goods, services, or anything else at retail value.
- Unreimbursed expenses of **officers, employees, or volunteers**. (See the explanations of charitable contributions and employee business expenses in Pub. 526 and Pub. 463, respectively.)
- Payments received from employers for welfare benefits under plans described in sections 501(c)(9), (17), and (18). Report these amounts on line 2, *Program Service Revenue*.
- Donations of services such as the value of donated advertising space, broadcast air time (including donated public service announcements), or discounts on services or donations of use of materials, equipment, or facilities, even though reporting donated services and facilities as items of revenue and expense is called for in certain circumstances by generally accepted accounting principles. The optional reporting of donated services and facilities is discussed in the instructions for Form 990, Part III.

**Example 1.** A hotel in a city's entertainment district donates 100 "right to use" certificates covering 15 hotel rooms a night to disaster relief organization B. B then uses these certificates as emergency housing in furtherance of its exempt purposes. B should not report the value of this contribution on line 1 (or on any other line in Part VIII), because this is a donation of services and use of facilities to B. Similarly, if B were to auction off the certificates as part of a fundraising event, B should not report the value of the contributed certificates on line 1 (or on any other line in Part VIII). Rather, it should report gross income from the auction on Part VIII, line 8a.

**Example 2.** Organization C purchases 100 "right to use" certificates (as described in Example 1) from the hotel, then contributes them to disaster relief organization B and designates that they be used for disaster relief purposes. B should report the FMV of these certificates on line 1. If B were to auction off the certificates as part of a fundraising event, then use the proceeds for disaster relief purposes, B should report the gross income from the auction on Part VIII, line 8a, report the FMV of the contributed certificates in line 8b, and report the difference between lines 8a and 8b on line 8c.

**Line 1a.** Enter on line 1a the total amount of **contributions** received indirectly from the public through solicitation campaigns conducted by federated fundraising agencies and similar fundraising organizations (such as from a United Way organization). Federated fundraising agencies normally conduct fundraising campaigns within a single metropolitan area or some part of a particular state, and allocate part of the net proceeds to each participating organization on the basis of the donors' individual designations and other factors.

*Federated fundraising agencies must, like all other filers, identify the sources of contributions made to them on lines 1a through 1g.*

**Line 1b.** Report on line 1b membership dues and assessments that represent **contributions** from the public rather than payments for benefits received or payments from affiliated organizations.

**Example.** M is an organization whose primary purpose is to support the local symphony orchestra. Members have the privilege of purchasing subscriptions to the symphony's annual concert series before they go on sale to the general public, but must pay the same price as any other member of the public. They also are entitled to attend a number of rehearsals each

season without charge. Under these circumstances, M's receipts from members are contributions reported on line 1b.

Membership dues that are not contributions because they compare reasonably with available benefits are reported on line 2, *Program Service Revenue*.

Membership dues can consist of both contributions and payment for goods and services. In that case, the portion of the membership dues that is a payment for goods or services should be reported on line 2, *Program Service Revenue*. The portion that exceeds the FMV of the goods or services provided should be reported on line 1b.

The portion of membership dues attributable to certain membership benefits that are considered to be insubstantial (for example, low-cost articles, free or discounted admission to the organization's activities, discounts on purchases from the organization's gift shop, free or discounted parking) may be reported as contributions on line 1, rather than as payments for goods or services on line 2. See Pub. 1771, for more information on insubstantial membership benefits that need not be valued or reported.

**Line 1c.** Enter the total amount of **contributions** received from **fundraising events**, which includes, but is not limited to, dinners, auctions, and other events conducted for the sole or primary purpose of raising funds for the organization's exempt activities. Report contributions received from **gaming** activities on line 1f, not on line 1c.

**Example.** An organization holds a dinner, charging \$400 per person for the meal. The dinner has a retail value of \$160. A person who purchases a ticket is really purchasing the dinner for \$160 and making a contribution of \$240. The contribution of \$240, which is the difference between the buyer's payment and the retail value of the dinner, would be reported on line 1c and again on line 8a (within the parentheses). The revenue received (\$160 retail value of the dinner) would be reported in the right-hand column on line 8a.

If a contributor gives more than \$160, that person would be making a contribution of the difference between the dinner's retail value of \$160 and the amount actually given. Rev. Rul. 67-246, 1967-2 C.B. 104, as distinguished by Rev. Rul. 74-348, 1974-2 C.B. 80, explains this principle in detail. See also the instructions for lines 8a through 8c and Pub. 526, Charitable Contributions.

Organizations that report more than \$15,000 total on lines 1c and 8a must also answer "Yes" to Part IV, line 18, and complete Part II of Schedule G (Form 990 or 990-EZ).

**Line 1d.** Enter on line 1d amounts contributed to the organization by **related organizations**. Do not report amounts reportable on line 1a.

**Line 1e.** Enter the total amount of **contributions** in the form of grants or similar payments from local, state, or federal government sources, as well as foreign governments. Include grant amounts from **U.S. possessions**.

Whether a payment from a **governmental unit** is labeled a "grant" or a "contract" does not determine where the payment should be reported in Part VIII. Rather, a grant or other payment from a governmental unit is reported here if its primary purpose is to enable the organization to provide a service to, or maintain a facility for, the direct benefit of the public rather than to serve the direct and immediate needs of the governmental unit. In other words, the payment is recorded on line 1e if the general public receives the primary and direct benefit from the payment and any benefit to the governmental unit is indirect and insubstantial as compared to the public benefit.

The following are examples of governmental grants and other payments that are treated as contributions and reported on line 1e.

- Payments by a governmental unit for the construction or maintenance of library or museum facilities open to the public.
- Payments by a governmental unit to nursing homes to provide care to their residents (but not Medicare/Medicaid or similar payments made on behalf of the residents).
- Payments by a governmental unit to child placement or child guidance organizations under government programs to better serve children in the community.

**Line 1f.** Enter all other **contributions**, gifts, and similar amounts the organization received from sources not reported separately on lines 1a through 1e. This amount includes contributions from **donor advised funds** (unless the **sponsoring organization** is a **related organization**) and from **gaming activities**.

**Line 1g.** Enter on line 1g the value of **noncash contributions** included on lines 1a through 1f. If this amount exceeds \$25,000, the organization must answer "Yes" to Part IV, line 29, and complete and attach Schedule M (Form 990).

Noncash contributions are anything other than cash, checks, money orders, credit card charges, wire transfers, and other transfers and deposits to a cash account of the organization. Value noncash donated items, like cars and **securities**, as of the time of their receipt, even if they were sold immediately after they were received.

**Example.** A charity receives a gift of stock from an unrelated donor. The stock is delivered to the charity's broker, who sells it on the same day and remits the sales proceeds, net of commissions, to the charity. The value of the stock at the time of the contribution must be reported on line 1f and also on line 1g. The sale of the stock, and the related sales expenses (including the amount reported on lines 1f and 1g), must be reported on lines 7a through 7d.

**Museums and other organizations that elect not to capitalize their collections (according to SFAS 116 (ASC 958-360-25) should not report an amount on line 1g for works of art and other collection items donated to them.)**

For more information on **noncash contributions**, see the Instructions for Schedule M (Form 990).

**Line 1h.** Enter on line 1h the total of lines 1a through 1f (but not line 1g).

**The organization may also need to attach Schedule B (Form 990, 990-EZ, or 990-PF) to report certain contributors and their contributions. See the Instructions for Schedule B (Form 990, 990-EZ, or 990-PF) for more information.**

**Line 2.** On lines 2a through 2e, enter the organization's five largest sources of program service revenue. Program services are primarily those that form the basis of an organization's exemption from tax. For a more detailed description of program service revenue, refer to the instructions for Part IX, column (B).

On line 2f, enter the total received from all other sources of program service revenue not listed individually on lines 2a through 2e. On line 2g, enter the total of column (A), lines 2a through 2f.

**Program service revenue.** Program service revenue includes income earned by the organization for providing a government agency with a service, facility, or product that benefited that government agency directly rather than benefiting the public as a whole. Program service revenue also includes tuition received by a school, revenue from admissions to a concert or other

performing arts event or to a museum; royalties received as author of an educational publication distributed by a commercial publisher; interest income on loans a credit union makes to its members; payments received by a section 501(c)(9) organization from participants or employers of participants for health and welfare benefits coverage; insurance premiums received by a fraternal beneficiary society; and registration fees received in connection with a meeting or convention.

**Program-related investments.** Program service revenue also includes income from **program-related investments**. These investments are made primarily to accomplish an exempt purpose of the investing organization rather than to produce income. Examples are scholarship loans and low interest loans to charitable organizations, indigents, or victims of a disaster.

Rental income from an exempt function is another example of program-related investment income. For purposes of this return, report all rental income from an affiliated organization on line 2.

**Unrelated trade or business activities.** Unrelated trade or business activities (not including any **fundraising events** or **fundraising activities**) that generate fees for services can also be program service activities. A social club, for example, should report as program service revenue the fees it charges both members and nonmembers for the use of its tennis courts and golf course.

**Sales of inventory items by hospitals, colleges, and universities.** Books and records maintained according to generally accepted accounting principles for hospitals, colleges, and universities are more specialized than books and records maintained according to those accounting principles for other types or organizations that file Form 990. Accordingly, **hospitals**, colleges, and universities can report, as program service revenue on line 2, sales of inventory items otherwise reportable on line 10a. In that event, enter the applicable cost of goods sold as program service expense in column (B) of Part IX. No other organizations should report sales of inventory items on line 2.

#### **Common Types of Program Service Revenue:**

- Medicare and Medicaid payments, and other government payments made to pay or reimburse the organization for medical services provided to individuals who qualify under a government program for the services provided, and who select the service provider. See Rev. Rul. 83-153, 1983-2 C.B. 48.
- Payments for medical services by patients and their guarantors, and
- Fees and contracts from government agencies for a service, facility, or product that primarily benefited the government agencies.

**Example 1.** A payment by a governmental agency to a medical clinic to provide vaccinations to the general public is a contribution reported on line 1e. A payment by a governmental agency to a medical clinic to provide vaccinations to employees of the agency is program service revenue reported on line 2.

**Example 2.** A payment by a governmental agency to an organization to provide job training and placement for disabled individuals is a contribution reported on line 1e. A payment by a governmental agency to the same organization to operate the agency's internal mail delivery system is program service revenue reported on line 2.

• Income from program-related investments. Report interest, dividends, and other revenues from those investments made primarily to accomplish the organization's exempt purposes rather than to produce income. Examples of program-related investments include student loans and notes receivable from other exempt organizations that borrowed the funds to pursue the filing organization's exempt function.

- Membership dues and assessments received that compare reasonably with the membership benefits provided by the organization. Organizations described in section 501(c)(5), (6), or (7) generally provide benefits that have a reasonable relationship with dues.

Examples of membership benefits include:

- Subscriptions to publications,
- Newsletters (other than one only about the organization's activities),
- Free or reduced-rate admissions to events sponsored by the organization,
- Use of the organization's facilities, and
- Discounts on articles or services that members and nonmembers can buy.

*For each amount entered on lines 2a through 2e, the organization must also enter a corresponding business activity code from Appendix K, Business Activity Codes. If you do not see a code for the activity you are trying to categorize, select the appropriate code from the NAICS website at [http://www.census.gov/eos/www/naics/reference\\_files\\_tools/2007/naics07\\_6.txt](http://www.census.gov/eos/www/naics/reference_files_tools/2007/naics07_6.txt). Select the most specific 6-digit code available that describes the activity producing the income. Note that most codes describe more than one type of activity. Avoid using codes that describe the organization rather than the income-producing activity. For example, a credit union reporting income from consumer lending activities should use code 522291. Sales revenue from a museum gift shop should be reported with code 453220. An organization providing credit counseling services should use code 541990. If none of the listed codes accurately describe the activity, enter "900099." Use of these codes does not imply that the activity is unrelated to the organization's exempt purpose.*

**Line 3.** Enter the gross amount of interest income from savings and temporary cash investments, dividend and interest income from equity and debt **securities** (stocks and bonds), amounts received from payments on securities loans, as defined in section 512(a)(5), as well as interest from notes and loans receivable. Do not include unrealized gains and losses on investments carried at **fair market value**. Do not deduct investment management fees from this amount, but report these fees on Part IX, line 11f.

**Line 4.** Enter all investment income actually or constructively received from investing the **proceeds** of a tax-exempt **bond issue**, which are under the control of the organization. For this purpose, do not include any investment income received from investing proceeds which are technically under the control of the **governmental issuer**. For example, proceeds deposited into a **defeasance escrow** which is irrevocably pledged to pay the principal and interest (debt service) on a bond issue is not under the control of the organization.

**Line 5.** Enter on line 5 royalties received by the organization from licensing the ongoing use of its property to others. Typically, royalties are received for the use of intellectual property, such as patents and trademarks. Royalties also include payments to the owner of property for the right to exploit natural resources on the property, such as oil, natural gas, or minerals.

**Line 6a.** Enter on line 6a the rental income received for the year from investment property and any other real property rented by the organization. Allocate revenue to real property and personal property in the spaces provided. Do not include on line 6a rental income related to the filing organization's exempt function (program service). Report such income on line 2. For example, an exempt organization whose exempt purpose is to provide low-rental housing to persons with low income would report that rental income as program service revenue on line 2.

Only for purposes of completing this return, the filing organization must report any rental income received from an affiliated exempt organization as program service revenue on line 2.

Rental revenue can be from an activity that is related or unrelated to the organization's exempt purpose. In general, rents from real property are excluded in computing **unrelated business income**, while rental income from personal property is included. There are special rules when rents are received from personal property leased with real property (a mixed lease). In general, rental revenue from real property is excluded from unrelated business revenue when:

- The determination of the amount of such rents is not based on income or net profits derived by any person from the property leased other than an amount based on a fixed percentage of the gross receipts or sales,
- The lease does not include personal services other than customary ones such as trash removal and cleaning of public areas,
- Any portion attributable to personal property is 10% or less of the total rent, and
- The real property is not debt-financed within the meaning of section 512, 513, or 514. (Rent from debt-financed real property is generally includable in unrelated business income, but there can be exceptions based on use of the property. See Pub. 598.)

Rent received from leased personal property is generally taxable except when leased with real property, and the rent attributable to the personal property does not exceed 10% of the total rents from all leased property.

**Line 6b.** Enter on line 6b the expenses paid or incurred for the income reported on line 6a. Include interest related to rental property and depreciation if it is recorded in the organization's books and records. If the organization reported on line 2 any rental income reportable as program service revenue, report any rental expense allocable to such activity on the applicable lines of Part IX, column (B).

**Line 6c.** Subtract line 6b from line 6a for both columns (i) and (ii) and enter on line 6c. Show any loss in parentheses.

**Line 6d.** Add line 6c, columns (i) and (ii) and enter on line 6d. Show any loss in parentheses.

**Lines 7a through 7d.** Enter on lines 7a through 7c all sales of **securities** in column (i). Use column (ii) to report sales of all other types of investments (such as real estate, royalty interests, or partnership interests) and all other non-inventory assets (such as program-related investments and fixed assets used by the organization in its related and unrelated activities).

On line 7a, for each column, enter the total gross sales price of all such assets. Total the cost or other basis (less depreciation) and selling expenses and enter the result on line 7b. On line 7c, enter the net gain or loss. Show any loss in parentheses.

On lines 7a and 7c, also report capital gains dividends, the organization's share of capital gains and losses from a **joint venture**, and capital gains distributions from trusts.

Combine the gain or loss figures reported on line 7c, columns (i) and (ii) and report that total on line 7d. Show any loss in parentheses. Do not include any unrealized gains or losses on **securities** carried at **fair market value** in the books of account.

For reporting sales of securities on Form 990, the organization can use the more convenient average cost basis method to figure the organization's gain or loss. When a security is sold, compare its sales price with the average cost basis of the particular security to determine gain or loss. However, for reporting sales of securities on Form 990-T, do not use the average cost basis to determine gain or loss.

The organization should maintain books and records to substantiate information about any securities or other assets sold for which market quotations were not published or were not otherwise readily available. The recorded information should include:

- A description of the asset,
- Date acquired,
- Whether acquired by donation or purchase,
- Date sold and to whom sold,
- Gross sales price,
- Cost, other basis, or, if donated, value at time acquired,
- Expense of sale and cost of improvements made after acquisition, and
- Depreciation since acquisition, if depreciable property.

**Line 8a.** Enter in the line 8a box the gross income from fundraising events, not including the amount of contributions from fundraising events reported on line 1c. Report the line 1c amount in the line 8a parenthetical. If the sum of the amounts reported on line 1c and the line 8a box exceeds \$15,000, then the organization must answer "Yes" to Part IV, line 18, and complete Schedule G (Form 990 or 990-EZ), Part II. If gaming is conducted at a fundraising event, the income and expenses must be allocated between the gaming and the fundraising event in Form 990, Part VIII; report all income from gaming in line 9a.

Compute the organization's gross income from fees, ticket sales or other revenue from **fundraising events**.

Fundraising events include:	Fundraising events do not include:
<ul style="list-style-type: none"> <li>• Dinners/dances,</li> <li>• Door-to-door sales of merchandise,</li> <li>• Concerts,</li> <li>• Carnivals,</li> <li>• Sports events, and</li> <li>• Auctions.</li> </ul>	<ul style="list-style-type: none"> <li>• Sales or gifts of goods or services of only nominal value,</li> <li>• Raffles or lotteries in which prizes have only nominal value, and</li> <li>• Solicitation campaigns that generate only <b>contributions</b>.</li> </ul> <p>Proceeds from these activities are considered contributions and should be reported on line 1f.</p>

Fundraising events do not include events or activities that substantially further the organization's exempt purpose even if they also raise funds. Revenue from such program service activities is reported on line 2.

**Example.** An organization formed to promote and preserve folk music and related cultural traditions holds an annual folk music festival featuring concerts, handcraft demonstrations, and similar activities. Because the festival directly furthers the organization's exempt purpose, income from ticket sales should be reported on line 2 as program service revenue.

Fundraising events sometimes generate both **contributions** and income, such as when an individual pays more than the retail value for the goods or services furnished. Report in parentheses the total amount from fundraising events that represents contributions rather than payment for goods or services. Treat the following as contributions.

- Amounts paid in excess of retail value of goods or services furnished. See *Example, earlier, in* line 1c.
- Amounts received from fundraising events when the organization gives items of only nominal value to recipients. See Publication 1771.

**Example.** In return for a contribution of any amount, donors receive a keychain with the organization's logo. All amounts received should be reported as contributions on line 1f and all associated expenses on the appropriate lines in Part IX, column (D). In such a case, no amounts would be reported on line 8.

**Line 8b.** Enter on this line both the cost or other basis of any items sold at the events and the expenses that relate directly to the production of the revenue portion of the fundraising activity, whether incurred before, during, or after the event. In the line 1c dinner example referred to earlier, the cost of the food and beverages served and invitation to the dinner would be among the items; in the reported on line 8b. Indirect fundraising expenses, such as certain advertising expenses associated with raising these **contributions**, must be reported on the appropriate lines in Part IX, column (D) and not on line 8b.

**Line 8c.** Enter on line 8c the difference between lines 8a and 8b. Show any loss in parentheses. The organization must report net income from **fundraising events** as unrelated business revenue (column (C)) or as revenue excluded from tax under section 512, 513, or 514 (column (D)).

**Example 1.** If an organization receives a donation of a home theater system with a FMV of \$5,000 at the time of donation; sells the system for \$7,500 at an auction, after having displayed the system and its FMV (which remains \$5,000) at and before auction so that its value was known to the bidders; and incurs \$500 in costs related to selling the system at auction, it should report the following amounts in Part VIII:

Line 1c ( <b>contributions</b> from fundraising events):	\$2,500
Line 1f (all other contributions):	\$5,000
Line 1g (noncash contributions):	\$5,000
Line 8a (gross income from fundraising events):	\$5,000
Line 8a parenthetical (contributions reported on line 1c):	\$2,500
Line 8b (direct expenses: \$5,000 FMV on donation date + \$500 in auction costs)	\$5,500
Line 8c (net income from fundraising event, line 8a minus line 8b):	(\$500)

**Example 2.** If the home theater system in Example 1 sold at auction for \$2,500 instead of \$7,500, and all other facts in Example 1 remain the same, then the organization should report the following amounts in Part VIII:

Line 1c ( <b>contributions</b> from fundraising events):	\$0
Line 1f (all other contributions):	\$5,000
Line 1g (noncash contributions):	\$5,000
Line 8a (gross income from fundraising events):	\$2,500
Line 8a parenthetical (contributions reported on line 1c):	\$0
Line 8b (direct expenses: \$5,000 FMV on donation date + \$500 in auction costs)	\$5,500
Line 8c (net income from fundraising event, line 8a minus line 8b):	(\$3,000)

In both Example 1 and Example 2, the organization would need to report the \$5,000 value of this contribution on Schedule M if it received over \$25,000 in total noncash contributions during the **tax year**.

**Line 9a.** Line 9a should include only gross income from **gaming** activity. It should not include **contributions** from gaming activity, which should be reported on line 1f. Organizations that report more than \$15,000 on line 9a must also answer "Yes" to Part IV, line 19, and complete Part III of Schedule G (Form 990 or 990-EZ).

Types of gaming include, but are not limited to:	
- Bingo	- Nevada Club tickets
- Pull tabs	- certain Casino nights
- Instant bingo	- certain Las Vegas nights
- Raffles	- Coin-operated gambling devices including:
- Scratch-offs	• Slot machines
- Charitable gaming tickets	• Electronic video slot or line games
- Break-opens	• Video poker
- Hard cards	• Video blackjack
- Banded tickets	• Video keno
- Jar tickets	• Video bingo
- Pickle cards	• Video pull tab games

Many games of chance are taxable. Income from **bingo** games is not generally subject to the tax on unrelated business income if the games meet the legal definition of bingo. For a game to meet the legal definition of bingo, wagers must be placed, winners must be determined, and prizes or other property must be distributed in the presence of all persons placing wagers in that game.

A wagering game that does not meet the legal definition of bingo does not qualify for the exclusion, regardless of its name. For example, **instant bingo**, in which a player buys a pre-packaged bingo card with **pull-tabs** that the player removes to determine if he or she is a winner, does not qualify. See Pub. 598.

**Line 9b.** Enter on this line the expenses that relate directly to the production of the revenue portion of the **gaming** activity.

Direct expenses of gaming include:

- Cash prizes,
- Noncash prizes,
- Compensation to **bingo** callers and workers,
- Rental of gaming equipment, and
- Cost of gaming supplies such as **pull tabs**, bingo cards, etc.

**Line 9c.** Enter the difference between line 9a and 9b. Show any loss in parentheses.

**Line 10a.** Enter the organization's gross income from sales of inventory items, less returns and allowances. Sales of inventory items reportable on line 10a are sales of items that are donated to the organization, that the organization makes to sell to others, or that it buys for resale. Sales of inventory do not, however, include the sale of goods related to a **fundraising event**, which must be reported on line 8. Sales of investments on which the organization expected to profit by appreciation and sale are not reported here. Report sales of investments on line 7.

The organization must report the sales revenue regardless of whether the sales activity is an exempt function of the organization or an **unrelated trade or business**.

**Line 10b.** Enter the cost of goods sold related to the sales of inventory. The usual items included in cost of goods sold are direct and indirect labor, materials and supplies consumed, freight-in, and a portion of overhead expenses. Marketing and distribution costs are not included in the cost of goods sold but are reported as expenses in Part IX. For purposes of Part VIII, the organization may include as cost of donated goods their fair market value at the time of acquisition.

**Line 10c.** Enter in the appropriate columns (A) through (D), the net income or (loss) from the sale of inventory items. Show any loss in parentheses.

**Line 11.** Enter all other types of revenue not reportable on lines 1 through 10. Enter the three largest sources on lines 11a through 11c and all other revenue on line 11d.

*For each amount entered on lines 11a, 11b, and 11c, the organization must also enter a corresponding business activity code from Appendix K. Business Activity Codes. If you do not see a code for the activity you are trying to categorize, select the appropriate code from the NAICS website at [http://www.census.gov/eos/www/naics/reference\\_files\\_tools/2007/naics07\\_6.txt](http://www.census.gov/eos/www/naics/reference_files_tools/2007/naics07_6.txt). Select the most specific 6-digit code available that describes the activity producing the income. Note that most codes describe more than one type of activity. Avoid using codes that describe the organization rather than the income-producing activity. If none of the listed codes accurately describe the activity, enter "900099." Use of these codes does not imply that the activity is unrelated to the organization's exempt purpose.*

**Line 12.** For column (A), add lines 1h, 2g, 3 through 5, 6d, 7d, 8c, 9c, 10c, and 11e. For columns (B) through (D), add lines 2a through 2f, 3, 4, 5, 6d, 7d, 8c, 9c, 10c, and 11a through 11d. The amounts reported on line 12 in columns (B), (C), and (D), plus the amount reported on line 1h, should equal line 12, column (A).

## Part IX. Statement of Functional Expenses

Check the box in the heading of Part IX if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part.

Use the organization's normal accounting method to complete this section. If the organization's accounting system does not allocate expenses, the organization can use any reasonable method of allocation. The organization must report amounts accurately and document the method of allocation in its records. Report any expense described in lines 1-23 in the appropriate line; do not report such expense in line 24. Do not report in Part IX expenses that must be reported on lines 6b, 7b, 8b, 9b, or 10b in Part VIII.

### Column (A)—Total

Section 501(c)(3) and 501(c)(4) organizations must complete columns (A) through (D).

All other organizations must complete column (A) but can complete columns (B), (C), and (D).

*State reporting requirements can be different from IRS reporting requirements applicable to Part IX.*

### Column (B)—Program Services

**Program services** are mainly those activities that further the organization's exempt purposes. Fundraising expenses should not be reported as program-service expenses even though one of the organization's purposes is to solicit **contributions**.

Include **lobbying** expenses in this column if the lobbying is directly related to the organization's exempt purposes.

**Example.** Foundation M, an organization exempt under section 501(c)(3), has the exempt purpose of improving health care for senior citizens. Foundation M operates in State N. The legislature of State N is considering legislation to improve funding of health care for senior citizens. Foundation M lobbies state legislators in support of the legislation. Since this lobbying is directly related to Foundation M's exempt purpose, it would be considered an exempt function expense, and would be included under Column (B).

Program services can also include the organization's **unrelated trade or business** activities. Publishing a magazine is a program service even though the magazine contains both editorials and articles that further the organization's exempt

purpose as well as advertising, the income from which is taxable as **unrelated business income**.

Also include costs to secure a "grant," or contract, to conduct research, produce an item, or perform a program service, if the activities are conducted to meet the grantor's or other contracting party's specific needs. Do not report these costs as fundraising expenses in column (D). Costs to solicit restricted or unrestricted grants to provide services to the general public should be reported in column (D).

### Column (C)—Management and General

Use Column (C) to report expenses that relate to the organization's overall operations and management, rather than to **fundraising activities** or program services. Overall management usually includes the salaries and expenses of the organization's chief executive officer and his or her staff, unless a part of their time is spent directly supervising program services or fundraising activities. In that case, their salaries and expenses should be allocated among management, fundraising, and program services.

Expenses incurred to manage investments must be reported in column (C). **Lobbying** expenses should be reported in this column if they do not directly relate to the organization's exempt purposes.

Organizations must also report the following in column (C): costs of board of directors' meetings; committee meetings, and staff meetings (unless they involve specific program services or fundraising activities); general legal services; accounting (including patient accounting and billing); general liability insurance; office management; auditing, human resources, and other centralized services; preparation, publication, and distribution of an annual report; and management of investments.

However, report expenses related to the production of program-related income in column (B) and expenses related to the production of rental income in Part VIII, on line 6b. Rental expenses incurred for the organization's office space or facilities are reported on line 16.

Do not use this column to report costs of special meetings or other activities that relate to fundraising or specific program services.

### Column (D)—Fundraising

Fundraising expenses are the expenses incurred in soliciting cash and noncash **contributions**, gifts, and grants. Report as fundraising expenses all expenses, including allocable overhead costs, incurred in: (a) publicizing and conducting fundraising campaigns and (b) soliciting bequests and grants from individuals, foundations, other organizations, or **governmental units** that are reported on Part VIII, line 1. This includes expenses incurred in participating in federated fundraising campaigns; preparing and distributing fundraising manuals, instructions, and other materials; and preparing to solicit or receive contributions. Report direct expenses of fundraising events in Part VIII, line 8b, rather than in Part IX, column (D). However, report indirect expenses of fundraising events, such as certain advertising expenses, in Part IX, column (D) rather than in Part VIII, line 8b.

**Example.** For an employee who works on fundraising 40 percent of the time and program management 60 percent of the time, an organization must allocate that employee's salary 40 percent to fundraising and 60 percent to program service expenses. It cannot report the 100 percent of salary as program expenses simply because the employee spent over 50 percent of his time on program management.

## Allocating Indirect Expenses

Direct costs are expenses that can be identified specifically with an organization's activity or project, and can be assigned to an

activity or project with a high degree of accuracy. Indirect costs are costs that cannot be identified specifically with an activity or project. For example, a computer bought by a university specifically for a research project is a direct cost. In contrast, the costs of software licensing for programs that run on all the university's computers are indirect costs.

Colleges, universities, hospitals, and other organizations that incur indirect expenses in various cost centers (such as organizational memberships, books and subscriptions, and regular telecommunications costs) can allocate and report such expenses in the following manner:

1. Report the expenses of all indirect cost centers on column (C), lines 5 through 24.
2. As a separate line item of line 24, enter "Allocation of [name of indirect cost center] expenses."
  - a. If any of the cost center's expenses are allocated to expenses listed in Part VIII such as the expenses attributable to **fundraising events** and activities, enter such expenses as a negative figure in columns (A) and (C).
  - b. Allocate expenses to column (B) or (D) as positive amounts.
  - c. Add the amounts in columns (B) and (D) and enter the sum as a negative offsetting amount in column (C). Do not make any entries in column (A) for these offsetting entries.

**Example.** An organization reports in column (C) \$50,000 of its actual management and general expenses and \$100,000 of expenses of an indirect cost center that are allocable in part to other functions. The total of lines 5 through 24 of column (C) would be \$150,000 before the indirect cost center allocations were made. Assume that of the \$100,000 total expenses of the cost center, \$10,000 was allocable to fundraising; \$70,000 to various program services; \$15,000 to management and general functions; and \$5,000 to special events and activities. To report this in Part IX under this optional method:

1. Indicate the cost center, the expenses of which are being allocated, on line 24, as "Allocation of [specify the indirect cost center] expenses;"
2. Enter a decrease of \$5,000 on the same line in the column (A), *Total expenses*, representing the fundraising event expenses that were already reported in Part VIII, on line 8b;
3. Enter \$70,000 on the same line in column (B), *Program Service Expenses*;
4. Enter \$10,000 on the same line in column (D), *Fundraising expenses*; and
5. Enter a decrease of \$85,000 on the same line in column (C), *Management and General expenses*, to represent the allocations to functional areas other than management and general.

After making these allocations, the column (C), line 25 total functional expenses would be \$65,000, consisting of the \$50,000 actual management and general expense amount and the \$15,000 allocation of the aggregate cost center expenses to management and general.

The above is an example of a one-step allocation that shows how to report the allocation in Part IX. This reporting method would actually be more useful to avoid multiple-step allocations involving two or more cost centers. Without this optional reporting method, the total expenses of the first cost center would be allocated to the other functions, and might include an allocation of part of these expenses to another cost center. The expenses of the second cost center would then be allocated to other functions and, perhaps, to other cost centers, and so on. The greater the number of these cost centers that are allocated out, the more difficult it is to preserve the object classification identity of the expenses of each cost center (for example,

salaries, interest, supplies, etc.). Using the reporting method described above avoids this problem.

*The intent of the above instructions is only to facilitate reporting indirect expenses by both object classification and function. These instructions do not authorize the allocation to other functions of expenses that should be reported as management and general expenses.*

## Grants and Other Assistance to Governments, Organizations, and Individuals

Organizations should report the amount of **grants and other assistance** on lines 1 through 3. Report expenses incurred in selecting recipients or monitoring compliance with the terms of a grant or award on lines 5 through 24. See the following instructions.

**Note.** Organizations can report this information according to Statement of Financial Accounting Standards (**SFAS 116**) (ASC 958) but are not required to do so. For example, an organization that follows SFAS 116 (ASC 958) and makes a grant during the **tax year** to be paid in future years should report the grant's present value on this year's Form 990 and report accruals of additional value increments in future years.

**Line 1.** Enter the amount that the organization, at its own discretion, paid in grants to domestic organizations and domestic governments. United Way and similar federated fundraising organizations should report grants to member or participating agencies on line 1. Organizations must report voluntary grants to state or local affiliates for specific (restricted) purposes or projects on line 1.

If the organization reported on line 1 more than \$5,000 of grants or other assistance to any domestic organization or to any domestic government, the organization must complete Parts I and II of Schedule I (Form 990), Grants and Other Assistance to Organizations, Governments, and Individuals in the United States.

**Line 2.** Enter the amount paid by the organization to domestic individuals in the form of scholarships, fellowships, stipends, research grants, and similar payments and distributions.

Also include **grants and other assistance** paid to third party providers for the benefit of specified domestic individuals. For example, a grant payment to a hospital to cover the medical expenses of a specific patient must be reported on line 2. By comparison, a grant to the same hospital to provide services to the general public or to unspecified charity patients must be reported on line 1.

If line 2 exceeds \$5,000, the organization must complete Parts I and III of Schedule I (Form 990).

**Line 3.** The organization must enter the total amount of **grants and other assistance** made to foreign organizations, foreign governments, and foreign individuals, and to **domestic organizations or domestic individuals** for the purpose of

providing grants or other assistance to designated **foreign organizations or foreign individuals**.

If line 3 exceeds \$5,000, the organization may have to complete Part II and/or Part III of Schedule F (Form 990). See Instructions for Schedule F for more information.

**Line 4.** Enter the payments made by the organization to provide benefits to members (such as payments made by an organization exempt under section 501(c)(8), 501(c)(9), or 501(c)(17) to obtain insurance benefits for members, or patronage dividends paid by section 501(c)(12) organizations to their members). Do not report on this line the cost of employment-related benefits such as health insurance, life insurance, or disability insurance provided by the organization to its **officers, directors, trustees, key employees, and other employees**. Report such costs for officers, directors, trustees, and key employees on Part IX, line 5; report such costs for other disqualified persons on Part IX, line 6; and report such costs for other employees on Part IX, lines 8 and 9.

**Line 5.** Enter the total **compensation** paid to current **officers, directors, trustees, and key employees** (as defined in Part VII) for the organization's **tax year**. Compensation includes all forms of income and other benefits earned or received from the filing organization, common paymasters, and payroll/reporting agents in return for services rendered to the filing organization, including compensation reported on Forms W-2 and 1099, pension plan contributions and accruals, and other employee benefits, but does not include non-compensatory expense reimbursements or allowances. Report all compensation amounts relating to such an individual, including those related to services performed in a capacity other than as an officer, director, trustee, or key employee.

**Compensation for Part IX** is reported based on the accounting method and **tax year** used by the organization, rather than the definitions and calendar year used to complete Part VII or Schedule J (Form 990) regarding compensation of certain **officers, directors, trustees and other employees**.

**Note.** To the extent the following examples discuss allocation of expenses in columns (B), (C), and (D), they apply only to filers required to complete those columns.

**Line 6.** Section 501(c)(3), 501(c)(4), and 501(c)(29) organizations must report the total **compensation** and other distributions provided to **disqualified persons** and persons described in section 4958(c)(3)(B) to the extent not included on line 5. See *Appendix G. Section 4958 Excess Benefit Transactions*.

Compensation includes all forms of income and other benefits earned or received from the filing organization, common paymasters, and payroll/reporting agents in return for services rendered to the filing organization, including compensation reported on Forms W-2 and 1099, pension plan contributions and accruals, and other employee benefits, but does not include non-compensatory expense reimbursements or allowances.

**Line 7.** Enter the total amount of **employee** salaries, wages, fees, bonuses, severance payments, and similar amounts from

### Allocating Indirect Expenses—Example

Line	(A)	(B)	(C)	(D)
5-24a	\$150,000	-	\$150,000	-
24b Allocation of \$100,000 indirect cost center expenses reported in (C)	(5,000)	70,000	(85,000)	10,000
25	\$145,000	\$70,000	\$65,000	\$10,000

the filing organization, common paymasters, and payroll/reporting agents in return for services rendered to the filing organization that are not reported on lines 5 or 6.

**Line 8.** Enter the employer's share of contributions to, or accruals under, qualified and nonqualified pension and deferred compensation plans for the year. The organization should include contributions made by the filing organization, common paymasters, and payroll/reporting agents to the filing organization's sections 401(k) and 403(b) pension plans on behalf of **employees**. However, it should not include contributions to qualified pension, profit-sharing, and stock bonus plans under section 401(a) solely for the benefit of current or former **officers, directors, trustees, key employees, or disqualified persons**, which are reportable on line 5 or 6.

*Complete Form 5500, Annual Return/Report of Employee Benefit Plan, for the organization's plan and file it as a separate return. If the organization has more than one pension plan, complete a Form 5500 for each plan. File the form by the last day of the 7th month after the plan year ends.*

**Line 9. Other employee benefits.** Enter contributions by the filing organization, common paymasters, and payroll/reporting agents to the filing organization's employee benefit programs (such as insurance, health, and welfare programs that are not an incidental part of a pension plan included on line 8), and the cost of other employee benefits.

For example, report expenses for employee events such as a picnic or holiday party on line 9. Do not include **contributions** on behalf of current or former **officers, directors, trustees, key employees** or other persons that were included on line 5 or 6.

**Line 10. Payroll taxes.** Enter the amount of federal, state, and local payroll taxes for the year but only those taxes that are imposed on the organization as an employer. This includes the employer's share of social security and Medicare taxes, the federal unemployment tax (FUTA), state unemployment compensation taxes, and other state and local payroll taxes. Do not include on line 10 taxes withheld from employees' salaries and paid to various governmental units such as federal, state, and local income taxes and the employees' shares of social security and Medicare taxes. Such withheld amounts are reported as compensation.

**Line 11. Fees for services paid to non-employees (independent contractors).** Enter on lines 11a through 11g amounts for services provided by **independent contractors** for management, legal, accounting, lobbying, **professional fundraising services**, investment management, and other services, respectively. Include amounts whether or not a Form 1099 was issued to the **independent contractor**. Do not include on line 11 amounts paid to or earned by **employees, officers, directors, trustees, or disqualified persons** for these types of services, which must be reported on lines 5 through 7.

If the organization is able to distinguish between fees paid for independent contractor services and expense payments or reimbursements to the contractor(s), report the fees paid for services on line 11 and the expense payments or reimbursements on the applicable lines in Part IX (including line 24 if no other line is applicable). If the organization is unable to distinguish between service fees and expense payments or reimbursements, report all such amounts on line 11.

**Line 11a. Management fees.** Enter the total fees charged for management services provided by outside firms and individuals.

**Line 11b. Legal fees.** Enter the total legal fees charged by outside firms and individuals. Do not include any penalties, fines, settlements, or judgments imposed against the organization as a result of legal proceedings. Report those expenses on line 24.

Report any amounts for lobbying services provided by attorneys on line 11d.

**Line 11c. Accounting fees.** Enter the total accounting and auditing fees charged by outside firms and individuals.

**Line 11d. Lobbying fees.** Enter amounts for activities intended to influence foreign, national, state, or local legislation, including direct **lobbying** and grassroots lobbying.

**Line 11e. Professional fundraising fees.** Enter amounts paid for **professional fundraising services**, including solicitation campaigns and advice or other consulting services supporting in-house fundraising campaigns. If the organization is able to distinguish between fees paid for professional fundraising services and amounts paid for fundraising expenses such as printing, paper, envelopes, postage, mailing list rental, and equipment rental, then fees paid for professional fundraising services should be reported on line 11e and amounts paid for fundraising expenses should be reported on line 24 as other expenses. If the organization is unable to distinguish between these amounts, it should report all such fees and amounts on line 11e.

**Line 11f. Investment management fees.** Enter amounts for investment counseling and portfolio management. Monthly account service fees are considered portfolio management expenses, and must be reported here. Do not include transaction costs such as brokerage fees and commissions, which are considered sales expenses and are included on Part VIII, line 7b.

**Line 11g. Other fees for services.** Enter amounts for other **independent contractor** services not listed on lines 11a through 11f. For example, amounts paid to an independent contractor for advocacy services that do not constitute lobbying should be reported here. For health care organizations, payments to health care professionals who are independent contractors are reported on line 11g. Report on line 11g payments to payroll agents, common paymasters, and other third parties for services provided by those third parties to the filing organization. Report on lines 5-10, as appropriate, payments that reimburse third parties for compensation to the organization's **officers, directors, trustees, key employees, or other employees**. Report payments to contractors for information technology services on line 14, rather than on line 11g.

If the amount on line 11g exceeds 10% of the amount on line 25, column (A), the organization must list the type and amount of each line 11g expense on Schedule O (Form 990 or 990-EZ).

**Line 12. Advertising and promotion expenses.** Enter amounts paid for advertising. Include amounts for print and electronic media advertising. Also include Internet site link costs, signage costs, and advertising costs for the organization's in-house fundraising campaigns. Include fees paid to independent contractors for advertising, except for fees paid to **independent contractors** for conducting professional **fundraising services** or campaigns, which are reported on line 11e.

**Line 13. Office expenses.** Enter amounts for supplies (office, classroom, or other supplies); telephone (cell phones and landlines) and facsimile; postage (overnight delivery, parcel delivery, trucking, and other delivery expenses) and mailing expenses; shipping materials; equipment rental; bank fees and other similar costs. Also include printing costs of a general nature. Printing costs that relate to conferences or conventions must be reported on line 19.

**Line 14. Information technology.** Enter amounts for information technology, including hardware, software, and

support services, such as maintenance, help desk, and other technical support services. Also include expenses for infrastructure support, such as web site design and operations, virus protection and other information security programs and services to keep the organization's web site operational and secured against unauthorized and unwarranted intrusions, and other information technology contractor services. Report payments to information technology employees on lines 5 through 10. Report depreciation/amortization related to information technology on line 22.

**Line 15. Royalties.** Enter amounts for royalties, license fees and similar amounts that allow the organization to use intellectual property such as patents and copyrights.

**Line 16. Occupancy.** Enter amounts for the use of office space or other facilities, including rent; heat, light, power, and other utilities expenses; property insurance; real estate taxes; mortgage interest; and similar occupancy-related expenses. Do not include on line 16 expenses reported as office expenses (such as telephone expenses) on line 13.

Do not net any rental income received from leasing or subletting rented space against the amount reported on line 16 for occupancy expenses. If the tenant's activities are related to the organization's exempt purpose, report rental income as program-service revenue on Part VIII, line 2, and allocable occupancy expenses on line 16. However, if the tenant's activities are not program-related, report the rental income on Part VIII, line 6a, and related rental expenses on Part VIII, line 6b.

Do not include employee salaries or depreciation as occupancy expenses. These expenses are reported on lines 5 through 7 and 22, respectively.

**Line 17. Travel.** Enter the total travel expenses, including transportation costs (fares, mileage allowances, and automobile expenses), meals and lodging, and per diem payments. Travel costs include the expenses of purchasing, leasing, operating, and repairing any vehicles owned by the organization and used for the organization's activities. However, if the organization leases vehicles on behalf of its executives or other employees as part of an executive or employee compensation program, the leasing costs are considered employee compensation, and are reported on lines 5 through 7.

**Line 18. Payments of travel or entertainment expenses for any federal, state, or local public officials.** Enter total amounts for travel or entertainment expenses (including reimbursement for such costs) for any federal, state, or local public officials (as determined under section 4946(c)) and their family members (as determined under section 4946(d)). Report amounts for a particular public official only if aggregate expenditures for the year relating to such official (including family members of such official), exceed \$1,000 for the year.

For expenditures that are not specifically identifiable to a particular individual, the organization can use any reasonable allocation method to estimate the cost of the expenditure to an individual. Amounts not described above can be included in the reported total amount for line 18 or can be reported on line 24. The organization is responsible for keeping records of all travel and entertainment expenses related to a **government official** whether or not the expenses are reported on line 18 or line 24.

**Line 19. Conferences, conventions, and meetings.** Enter the total expenses incurred by the organization in conducting meetings related to its activities. Include such expenses as facility rentals, speakers' fees and expenses, and printed materials. Include the registration fees (but not travel expenses) paid for sending any of the organization's staff to conferences, conventions, and meetings conducted by other organizations. Travel expenses incurred by **officers, directors, and**

**employees** attending such conferences, conventions, and meetings must be reported on line 17.

**Line 20. Interest.** Enter the total interest expense for the year. Do not include any interest attributable to rental property (reported on Part VIII, line 6b) or any mortgage interest (reported as an occupancy expense on line 16).

**Line 21. Payments to affiliates.** Enter certain types of payments to organizations affiliated with (closely related to) the filing organization.

**Payments to affiliated state or national organizations.** Dues paid by a local organization to its affiliated state or national (parent) organization are reported on line 21. Report on this line predetermined quota support and dues (excluding membership dues of the type described below) by local agencies to their state or national organizations for unspecified purposes; that is, general use of funds for the national organization's own program and support services.

**Purchases from affiliates.** Purchases of goods or services from affiliates are not reported on line 21 but are reported as expenses in the usual manner.

**Expenses for providing goods or services to affiliates.** In addition to payments made directly to affiliated organizations, expenses for providing goods or services to affiliates can be reported on line 21 if:

- The goods or services provided are not related to the program services conducted by the organization furnishing them (for example, when a local organization incurs expenses in the production of a solicitation film for the state or national organization); and
- The costs involved are not connected with the management and general or fundraising functions of the filing organization. For example, when a local organization gives a copy of its mailing list to the state or national organization, the expense of preparing the copy provided can be reported on line 21, but not the expenses of preparing and maintaining the local organization's master list.

**Voluntary awards or grants to affiliates.** Do not report on line 21 voluntary awards or grants made by the organization to its state or national organizations for specified purposes.

**Membership dues paid to other organizations.** Report membership dues paid to obtain general membership benefits from other organizations, such as regular services, publications, and other materials, on line 24. This is the case if a charitable organization pays dues to a trade association comprised of otherwise unrelated members.

**TIP** *Properly distinguishing between payments to affiliates and grants and allocations is especially important if the organization uses Form 990 for state reporting purposes. If the organization uses Form 990 only for reporting to the IRS, payments to affiliated or national organizations that do not represent membership dues reportable as miscellaneous expenses on line 24 can be reported either on line 21 or line 1.*

**Line 22. Depreciation, depletion, and amortization.** If the organization records depreciation, depletion, amortization, or similar expenses, enter the total on line 22. Include any depreciation or amortization of leasehold improvements and intangible assets. An organization is not required to use the Modified Accelerated Cost Recovery System (MACRS) to compute depreciation reported on Form 990. For an explanation of acceptable methods for computing depreciation see Pub. 946, How to Depreciate Property. If an amount is reported on this line, the organization is required to maintain books and records to substantiate any amount reported.

**Line 23. Insurance.** Enter total insurance expenses other than insurance attributable to rental property (reported on Part VIII, line 6b). Do not report on this line payments made by

organizations exempt under section 501(c)(8), (9), or (17) to obtain insurance benefits for members. Report those expenses on line 4. Do not report on this line the cost of employment-related benefits such as health insurance, life insurance, or disability insurance provided by the organization to or for its **officers, directors, trustees, key employees** and other **employees**. Report the costs for officers, directors, trustees, and key employees on Part IX, line 5; report the costs for other disqualified persons on Part IX, line 6; and report the costs for other employees on Part IX, line 9. Report the costs for members on Part IX, line 4, not in Part IX, line 23. Do not report on this line property or occupancy-related insurance. Report those expenses on line 16.

**Line 24. Other expenses.** Enter the types and amounts of expenses which were not reported on lines 1 through 23. Include expenses for medical supplies incurred by health care/medical organizations. Include payments by the organization to professional fundraisers of fundraising expenses such as printing, paper, envelopes, postage, mailing list rental, and equipment rental, if the organization is able to distinguish these expense amounts from fees for professional fundraising services reportable on line 11e. Enter the four largest dollar amounts on lines 24a through 24d and the total of all remaining, miscellaneous expenses on line 24e. Do not include a separate entry for “miscellaneous expenses,” “program expenses,” “other expenses,” or a similar general category in lines 24a-d. If the amount on line 24e exceeds 10% of the amount on line 25, column (A), the organization must list the type and amount of each line 24e expense on Schedule O (Form 990 or 990-EZ).

The organization must separately report the amount, if any, of **unrelated business income** taxes that it paid or accrued during the **tax year** on line 24.

**Line 25. Total functional expenses. Section 501(c)(3) and 501(c)(4) organizations:** Add lines 1 through 24e and enter the totals on line 25 in columns (A), (B), (C), and (D).

**All other organizations:** Add lines 1 through 24e and enter the total on line 25 in column (A).

**Line 26. Joint costs.** Organizations that included in program service expenses (column (B) of Part IX) any joint costs from a combined educational campaign and fundraising solicitation must disclose how the total joint costs of all such combined activities were allocated in Part IX between education and fundraising. For instance, if the organization spent \$100,000 on joint costs and allocated 10% to education, it would report \$100,000 in line 26, column (A), \$10,000 in column (B), and \$90,000 in column (D). Any costs reported here are not to be deducted from the other lines in Part IX on which they are reported. Do not check the box unless the organization followed SOP 98-2 (ASC 958-720) in allocating such costs.

An organization conducts a combined educational campaign and fundraising solicitation when it solicits **contributions** (by mail, telephone, broadcast media, or any other means) and includes, with the solicitation, educational material or other information that furthers a bona fide non-fundraising exempt purpose of the organization.

Expenses attributable to providing information regarding the organization itself, its use of past contributions, or its planned use of contributions received, are fundraising expenses and must be reported in column (D). Do not report such expenses as program service expenses in column (B).

Any method of allocating joint costs between columns (B) and (D) must be reasonable under the facts and circumstances of each case. Most states with reporting requirements for charitable organizations and other organizations that solicit contributions either require or allow reporting of joint costs under AICPA Statement of Position 98-2 (SOP 98-2), *Accounting for*

*Costs of Activities of Not-for-Profit Organizations and State and Local Governmental Entities that Include Fundraising*, now codified in FASB Accounting Standards Codification 958-720, Not-for-Profit Entities-Other Expenses (ASC 958-720).

In column (A), enter the amount from the preceding year's Form 990, column (B). Tax-exempt bonds include state or local bonds and any obligations, including direct borrowing from a lender, or certificates of participation, the interest on which is excluded from the gross income of the recipient for federal income tax purposes under section 103.

See also Part IV, line 24a, and Schedule K (Form 990).

## Net Assets and Fund Balances

Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards 117, Financial Statements of Not-for-Profit Organizations (**SFAS 117**), now codified in FASB Accounting Standards Codification 958, Not-for-Profit Entities (ASC 958), provides standards for external financial statements

certified by an independent accountant for certain types of nonprofit organizations. SFAS 117 (ASC 958-10-15-5) does not apply to credit unions, voluntary employees' beneficiary associations, supplemental unemployment benefit trusts, section 501(c)(12) cooperatives, and other member benefit or mutual benefit organizations.

While some states may require reporting according to SFAS 117 (ASC 958), the IRS does not. However, a Form 990 return prepared according to SFAS 117 (ASC 958) will be acceptable to the IRS.

**Organizations that follow SFAS 117 (ASC 958).** If the organization follows **SFAS 117 (ASC 958)**, check the box above line 27, and complete lines 27 through 29 and lines 33 and 34. Classify and report net assets in three groups (unrestricted, temporarily restricted, and permanently restricted) based on the existence or absence of donor-imposed restrictions and the nature of those restrictions. Enter the sum of the three classes of net assets on line 33. On line 34, add the amounts on lines 26 and 33 to show total liabilities and net assets. The amount on line 34 must equal the amount on line 16.

*Effective for reporting years ending after December 15, 2008, FSP FAS 117-1 (now codified in ASC 958-205, Not-for-Profit Entities—Presentation of Financial Statements) addresses reporting of endowments as permanently restricted or temporarily restricted funds. Further, a number of states have enacted or are considering enacting the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). If the organization is subject to UPMIFA or FSP 117-1 (now codified in ASC 958-205, Not-for-Profit Entities—Presentation of Financial Statements), it may affect the amounts reported on lines 27 through 29.*

**Line 27. Unrestricted net assets.** Enter the balance per books of unrestricted net assets. Unrestricted net assets are neither permanently restricted nor temporarily restricted by donor-imposed stipulations. All funds without donor-imposed restrictions must be classified as unrestricted, regardless of the existence of any board designations or appropriations.

**Line 28. Temporarily restricted net assets.** Enter the balance per books of temporarily restricted net assets. Donors' temporary restrictions may require that resources be used after a specified date (time restrictions), or that resources be used for a specified purpose (purpose restrictions), or both.

**Line 29. Permanently restricted net assets.** Enter the balance per books of permanently restricted net assets. Permanently restricted net assets are (a) assets, such as land or works of art, donated with stipulations that they be used for a specified purpose, be preserved, and not be sold or (b) assets donated with stipulations that they be invested to provide a permanent source of income. The latter results from gifts or bequests that create permanent endowment funds.

**Organizations that do not follow SFAS 117 (ASC 958).** If the organization does not follow **SFAS 117 (ASC 958)**, check the box above line 30 and complete lines 30 through 34. Report capital stock, trust principal, or current funds on line 30. Report paid-in capital surplus or land, building, or equipment funds on line 31. Report retained earnings, endowment, accumulated income or other funds on line 32.

**Line 30. Capital stock or trust principal, or current funds.** For corporations, enter the balance per books of capital stock accounts. Show par or stated value (or for stock with no par or stated value, total amount received on issuance) of all classes of stock issued and not yet canceled. For trusts, enter the amount in the trust principal or corpus. For organizations using the fund method of accounting, enter the fund balances for the organization's current restricted and unrestricted funds.

**Line 31. Paid-in or capital surplus, or land, building, and equipment fund.** Enter the balance of paid-in capital in excess of par or stated value for all stock issued and not yet canceled, as recorded on the corporation's books. If stockholders or others made donations that the organization records as paid-in capital, include them here. Enter the fund balance for the land, building, and equipment fund on this line.

**Line 32. Retained earnings, endowment, accumulated income, or other funds.** For corporations, enter the balance of retained earnings as recorded on the corporation's books, or similar account, minus the cost of any corporate treasury stock. For trusts, enter the balance in the accumulated income or similar account. For those organizations using the fund method of accounting, enter the total of the fund balances for the **permanent endowment** funds, **temporarily restricted endowment** funds, and **quasi-endowment** funds as well as balances of any other funds not reported on lines 30 and 31.

**Line 33. Total net assets or fund balances.** For organizations that follow **SFAS 117** (ASC 958), enter the total of lines 27 through 29. For all other organizations, enter the total of lines 30 through 32. All filers must enter a zero or a dollar amount on this line.

**Line 34. Total liabilities and net assets/fund balances.** Enter the total of line 26 and line 33. This amount must equal the amount on line 16. The organization must enter a zero or a dollar amount on this line.

## Part XI. Reconciliation of Net Assets

Check the box in the heading of Part XI if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part.

**Line 2.** Enter the amount of total expenses reported on Part IX, line 25, column (A).

**Line 3.** Enter the difference between lines 1 and 2.

**Line 4.** Enter the amount of net assets or fund balances at the beginning of year reported on Part X, line 33, column (A). This amount should be the same amount reported on Part X, line 33, column (B) for the prior year's return.

**Line 5.** Report the net unrealized gains or losses on investments reported in the organization's audited financial statements (or other financial statements). This amount represents the change in market value of investments that were not sold or exchanged during the tax year.

**Line 6.** Report the value of services or use of facilities donated to the organization (net of services or use of facilities donated by the organization) reported as income or expense in the financial statements.

**Line 8.** Report the net prior period adjustments during the tax year reported in the financial statements. Prior period adjustments are corrections of errors in financial statements of prior years, or changes in accounting principles applied to such years. The errors may include math errors, mistakes in applying accounting principles, or oversight or misuse of facts that existed at the time the financial statements were prepared.

**Line 9.** Enter the total amount of other changes in net assets or fund balances during the year. Amounts to report here include losses on uncollectible pledges, refunds of contributions and program service revenue, reversal of grant expenses, any difference between FMV and book value of property given as an award or grant, and any other changes in net assets or fund balances not listed in lines 5-8. Itemize these changes in Schedule O (Form 990 or 990-EZ) and check the box in the heading of Part XI.

**Line 10.** Combine the amounts on lines 3 through 9. The total must equal the amount reported on Part X, line 33, column (B).

## Part XII. Financial Statements and Reporting

Check the box in the heading of Part XII if Schedule O (Form 990 or 990-EZ) contains any information pertaining to this part.

**Line 1. Accounting method.** Indicate the method of accounting used in preparing this return. See *Part D*, earlier. Provide an explanation in Schedule O (Form 990 or 990-EZ) (1) if the organization changed its method of accounting from a prior year, or (2) if the organization checked the "Other" accounting method box.

**Line 2. Financial statements and independent accountant.** Answer "Yes" or "No" to indicate on line 2a or line 2b whether the organization's **financial statements** for the **tax year** were **compiled, reviewed** or **audited** by an independent accountant. An accountant is independent if he or she meets the standards of independence set forth by the American Institute of Certified Public Accountants (AICPA), the Public Company Accounting Oversight Board (PCAOB), or another similar body that oversees or sets standards for the accounting or auditing professions.

If "Yes" to either line 2a or 2b, answer "Yes" or "No" on line 2c to indicate whether the organization has a committee that is responsible under its governing documents or through delegation by its governing body for (i) overseeing the compilation, review, or audit of the financial statements, and (ii) the selection of an independent accountant that compiled, reviewed, or audited the statements. Answer "Yes" only if both (i) and (ii) apply. If this process has changed from the prior year, describe in Schedule O (Form 990 or 990-EZ).

**Line 3a. Single Audit Act and OMB Circular A-133.** Answer "Yes," if during the year the organization was required under the Single Audit Act of 1984, as amended in 1996, and OMB Circular A-133 to undergo an audit or audits because of its receipt of federal contract awards. The Single Audit Act requires states, local governments, and nonprofit organizations that expend \$500,000 or more of federal awards in a year to obtain an annual audit according to the Act.

**Line 3b. Required audits.** If "Yes" to line 3a, indicate whether the organization has undergone the required audit or audits. Answer "Yes," if the audit was completed or in progress during the organization's tax year. If the answer to line 3b is "No," explain in Schedule O (Form 990 or 990-EZ) why the organization has not undergone any required audits and describe any steps taken to undergo such audits.

Previously, no instructions for Lines 5, 6, and 8. No change to form.

**Paperwork Reduction Act Notice.** We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws.

The organization is not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents can become material in the administration of any Internal Revenue law. <b>Bingo</b>	A game of chance played with cards that are generally printed with five rows of five squares each. Participants place markers over randomly called numbers on the cards in an attempt to form a pre-selected pattern such as a horizontal, vertical, or diagonal line, or all four corners. The first participant to form the pre-selected pattern wins the game. To be a bingo game, the game must be of the type described in which wagers are placed, winners are determined, and prizes or other property are distributed in the presence of all persons placing wagers in that game. Satellite, Internet, and progressive or event bingo are not bingo, because they are conducted in many different places simultaneously, and the winners are not all present when the wagers are placed, the winners are determined, and the prizes are distributed. Thus, all revenue and expenses associated with satellite, Internet, and progressive or event bingo generally should be included under <b>pull tabs</b> . Certain bingo games within a hybrid gaming event (such as progressive or event bingo) can also qualify as bingo if the individual game meets the preceding definition of bingo.

The IRS generally uses a combination of these characteristics, together with other facts and circumstances, to determine whether an organization is considered a church for federal tax purposes. A convention or association of churches is generally treated like a church for federal tax purposes. See Pub. 1828, Tax Guide for Churches and Religious Organizations.
<b>Closely held stock</b>	Generally, shares of stock in a closely held company that is not available for sale to the general public or which is not widely traded (see further explanation in the instructions for Part X, line 12 and Schedule M (Form 990), Noncash Contributions, line 10).

<b>Conflict of interest policy</b>	A policy that defines conflict of interest, identifies the classes of individuals within the organization covered by the policy, facilitates disclosure of information that can help identify conflicts of interest, and specifies procedures to be followed in managing conflicts of interest. A conflict of interest arises when a person in a position of authority over an organization, such as an <b>officer, director</b> , or manager, can benefit financially from a decision he or she could make in such capacity, including indirect benefits such as to <b>family members</b> or businesses with which the person is closely associated. For this purpose, a conflict of interest does not include questions involving a person's competing or respective duties to the organization and to another organization, such as by serving on the boards of both organizations, that do not involve a material financial interest of, or benefit to, such person. For a description of "conflict of interest" for purposes of determining whether <b>governing body</b> members who are reviewing a potential <b>excess benefit transaction</b> have a conflict of interest, pursuant to Regulations section 53.4958-6(c)(1)(iii), see instructions for Part VI, line 15.

Neither donations of services (such as the value of donated advertising space, broadcast air time, or discounts on services) nor donations of use of materials, equipment, or facilities should be reported as contributions. For purposes of Form 990, a distribution to a section 501(c)(3) organization from a split interest trust (for example, charitable remainder trust, charitable lead trust) is reportable as a contribution. See also **cash contributions** and **noncash contributions**.

## Control

For purposes of determining **related organizations**:

Control of a nonprofit organization (or other organization without owners or persons having beneficial interests, whether the organization is taxable or tax-exempt)

One or more persons (whether individuals or organizations) control a nonprofit organization if they have the power to remove and replace (or to appoint, elect, or approve or veto the appointment or election of, if such power includes a continuing power to appoint, elect, or approve or veto the appointment or election of, periodically or in the event of vacancies) a majority of the nonprofit organization's directors or trustees, or a majority of members who elect a majority of the nonprofit organization's directors or trustees. Such power can be exercised directly by a (parent) organization through one or more of the (parent) organization's officers, directors, trustees, or agents, acting in their capacity as officers, directors, trustees, or agents of the (parent) organization. Also, a (parent) organization controls a (subsidiary) nonprofit organization if a majority of the subsidiary's directors or trustees are trustees, directors, officers, employees, or agents of the parent.

A person also controls a partnership if the person is a managing partner or managing member of a partnership or limited liability company which has three or fewer managing partners or managing members (regardless of which partner or member has the most actual control), or if the person is a general partner in a limited partnership which has three or fewer general partners (regardless of which partner has the most actual control). For this purpose, a "managing partner" is a partner designated as such under the partnership agreement, or regularly engaged in the management of the partnership even though not so designated.

Control of a trust with beneficial interests

One or more persons control a trust if they own more than 50% of the beneficial interests in the trust. A person's beneficial interest in a trust shall be determined in proportion to that person's actuarial interest in the trust as of the end of the tax year. See Regulations sections 301.7701-2, 3, and 4 for more information on classification of corporations, partnerships, disregarded entities, and trusts. Control can be indirect. Controlled entities are a subset of **related organizations**. For purposes of Form 990, controlled entities do not include **disregarded entities** of the filing organization.

**Controlling organization under section 512(b)(13)**

Control in this context means (i) in the case of a corporation, ownership (by vote or value) of more than 50 percent of the stock in such corporation, (ii) in the case of a partnership, ownership of more than 50 percent of the profits interests or capital interests in such partnership, or (iii) in any other case, ownership of more than 50 percent of the beneficial interests in the entity. Section 318 (relating to constructive ownership of stock) shall apply for purposes of determining ownership of stock in a corporation. Similar principles shall apply for purposes of determining ownership of interests in any other entity.

However, a deferral of compensation that causes an amount to be deferred from the calendar year ending with or within the tax year to a date that is not more than 2 ½ months after the end of the calendar year ending with or within the tax year is not treated as deferred compensation for purposes of Form 990, if such compensation is currently reported as reportable compensation. If the organization is a trust, a substantial contributor includes the creator of the trust (without regard to the amount of contributions the trust received from the creator and related persons). Any person who is a substantial contributor at any time generally remains a substantial contributor for all future periods even if later contributions by others push that person's contributions below the 2% figure discussed above. Gifts from the contributor's spouse are treated as gifts from the contributor. Gifts are generally valued at FMV as of the date the organization received them.

An exception applies to employment taxes: for wages paid to **employees** of a disregarded entity, the disregarded entity must file separate employment tax returns and use its own EIN on such returns. ## Appendix B. How to Determine Whether an Organization's Gross Receipts Are Normally \$50,000 (or \$5,000) or Less

To figure whether an organization has to file Form 990-EZ (or Form 990), apply the \$50,000 (or \$5,000) gross receipts test (below) using the following definition of gross receipts and information in *Figuring Gross Receipts* below.

### Gross Receipts

Gross receipts are the total amounts the organization received from all sources during its annual tax year (including short years) without subtracting any costs or expenses.

*Do not use the definition of gross receipts described in Appendix C. Special Gross Receipts Tests for Determining Exempt Status of Section 501(c)(7) and 501(c)(15) Organizations, to figure gross receipts for this purpose. Those tests are limited to determining the exempt status of section 501(c)(7) and 501(c)(15) organizations.*

**Gross receipts when acting as an agent.** If a local chapter of a section 501(c)(8) fraternal organization collects insurance premiums for its parent lodge and merely sends those premiums to the parent without asserting any right to use the funds or otherwise deriving any benefit from them, the local chapter does not include the premiums in its gross receipts. The parent lodge reports them instead. The same treatment applies in other situations in which one organization collects funds merely as an agent for another.

### Figuring Gross Receipts

Figure gross receipts for Form 990 and 990-EZ as follows.

**Form 990.** Gross receipts are the sum of lines 6b(i), 6b(ii), 7b(i), 7b(ii), 8b, 9b, 10b, and 12 (column (A)) of Form 990, Part VIII.

**Form 990-EZ.** Gross receipts are the sum of lines 5b, 6c, 7b, and 9 of Form 990-EZ, Part I.

**Example.** Organization M reported \$50,000 as total revenue on line 9 of its Form 990-EZ. M added back the costs and expenses it had deducted on lines 5b (\$2,000); 6b (\$1,500); and 7b (\$500) to its total revenue of \$50,000 and determined that its gross receipts for the tax year were \$54,000.

### \$50,000 Gross Receipts Test

To determine whether an organization's gross receipts are normally \$50,000 or less, apply the following test. An organization's gross receipts are considered normally to be \$50,000 or less if the organization is:

1. Up to a year old and has received, or donors have pledged to give, \$75,000 or less during its first tax year;
2. Between 1 and 3 years old and averaged \$60,000 or less in gross receipts during each of its first 2 tax years; or
3. Three years old or more and averaged \$50,000 or less in gross receipts for the immediately preceding 3 tax years (including the year for which the return would be filed).

If the organization's gross receipts are normally \$50,000 or less, it must submit Form 990-N, Electronic Notice (e-Postcard) for Tax-Exempt Organizations Not Required to File Form 990 or 990-EZ, if it chooses not to file Form 990 or 990-EZ. In general, organizations excepted from filing Form 990 or 990-EZ because of low gross receipts must submit Form 990-N. See filing exceptions described in *General Instructions, Section B. Organizations Not Required To File Form 990 or 990-EZ*, earlier.

### \$5,000 Gross Receipts Test

To determine whether an organization's gross receipts are normally \$5,000 or less, apply the following test. An organization's gross receipts are

considered normally to be \$5,000 or less if the organization is:

1. Up to a year old and has received, or donors have pledged to give, \$7,500 or less during its first tax year;
2. Between 1 and 3 years old and averaged \$6,000 or less in gross receipts during each of its first 2 tax years; or
3. Three years old or more and averaged \$5,000 or less in gross receipts for the immediately preceding 3 tax years (including the year for which the return would be filed).

## Appendix C. Special Gross Receipts Tests for Determining Exempt Status of Section 501(c)(7) and 501(c)(15) Organizations

Section 501(c)(7) organizations (social clubs) and section 501(c)(15) organizations (insurance companies) apply the same gross receipts test as other organizations to determine whether they must file Form 990 or 990-EZ. However, section 501(c)(7) and section 501(c)(15) organizations are also subject to separate gross receipts tests to determine whether they qualify as tax-exempt for the tax year. The following tests use a special definition of gross receipts for purposes of determining whether these organizations are exempt for a particular tax year.

**Section 501(c)(7).** A section 501(c)(7) organization can receive up to 35% of its gross receipts, including investment income, from sources outside its membership and remain tax-exempt. Part of the 35% (up to 15% of gross receipts) can be from public use of a social club's facilities.

*Gross receipts*, for purposes of determining the tax-exempt status of section 501(c)(7) organizations, are the club's income from its usual activities and include:

- Charges,
- Admissions,
- Membership fees,
- Dues,
- Assessments, and

- Investment income (dividends, rents, and similar receipts), and normal recurring capital gains on investments.

Gross receipts for this purpose do not include capital contributions (see Regulations section 1.118-1), initiation fees, or unusual amounts of income (the sale of the clubhouse).

*College fraternities or sororities or other organizations that charge membership initiation fees, but not annual dues, must include initiation fees in their gross receipts.*

**Section 501(c)(15).** If any section 501(c)(15) insurance company (other than life insurance) meets both parts of the following test, then the company can file Form 990 (or Form 990-EZ, if applicable).

1. The company's gross receipts must be equal to or less than \$600,000, and
2. The company's premiums must be more than 50% of its gross receipts.

If the company did not meet this test and the company is a mutual insurance company, then it must meet the *Alternate test* to qualify to file Form 990 (or Form 990-EZ, if applicable). Insurance companies that do not qualify as tax-exempt must file Form 1120-PC, U.S. Property and Casualty Insurance Company Income Tax Return, or Form 1120, U.S. Corporation Income Tax Return, as taxable entities for the year. See Notice 2006-42, 2006-19 I.R.B. 878.

**Alternate test.** If any section 501(c)(15) insurance company (other than life insurance) is a mutual insurance company and it did not meet the above test, then the company must meet both parts of the following alternate test.

1. The company's gross receipts must be equal to or less than \$150,000.
2. The company's premiums must be more than 35% of its gross receipts.

If the company does not meet either test, then it must file Form 1120-PC or Form 1120 (if the company is not entitled to insurance reserves) instead of Form 990 or 990-EZ.

*The alternate test does not apply if any employee of the mutual insurance company or a member of the employee's family is an employee of another company that is exempt under section 501(c)(15) (or would be exempt if this provision did not apply).*

**Gross receipts.** To determine whether a section 501(c)(15) organization satisfies either of the above tests described in Appendix C, figure gross receipts by adding:

1. Premiums (including deposits and assessments) without reduction for return premiums or premiums paid for reinsurance;
2. Gross investment income of a non-life insurance company (as described in section 834(b)); and
3. Other items that are included in the filer's gross income under Subchapter B, Chapter 1, Subtitle A of the Code.

This definition does not, however, include contributions to capital. For more information, see Notice 2006-42.

**Premiums.** Premiums consist of all amounts received as a result of entering into an insurance contract. They are reported on Form 990, Part VIII (Statement of Revenue), line 2, or on Form 990-EZ, Part I, line 2.

**Anti-abuse rule.** The anti-abuse rule, found in section 501(c)(15)(C), explains how gross receipts (including premiums) from all members of a controlled group are aggregated in figuring the above tests described in Appendix C.

## Appendix D. Public Inspection of Returns

Some members of the public rely on Form 990, or 990-EZ, as the primary or sole source of information about a particular organization. How the public perceives an organization in those cases may be determined by the information presented on its returns.

An organization's completed Form 990 or 990-EZ is available for public inspection as required by section 6104. Schedule B (Form 990, 990-EZ, or 990-PF), Schedule of Contributors, is open for public inspection for section 527 organizations filing Form 990 or 990-EZ. For other organizations that file Form 990 or 990-EZ, the names and addresses of contributors listed on Schedule B are not required to be made available for public inspection. All other information reported on Schedule B, including the amount of contributions, the description of noncash contributions, and any other information, is required to be made available for public inspection unless it clearly identifies the contributor. Form 990-T filed after August 17, 2006, by a section 501(c)(3) organization to report any unrelated business income, is also available for public inspection and disclosure.

## Through the IRS

Use Form 4506-A, **Request for Public Inspection or Copy of Exempt or Political Organization IRS Form**, to request:

- A copy of an exempt or political organization's return, report, notice, or exemption application; or

- An inspection of a return, report, notice, or exemption application at an IRS office.

The IRS can provide copies of exempt organization returns on DVD. Requesters can order the complete set (for example, all Forms 990 and 990-EZ or all Forms 990-PF filed for a year) or a partial set by state or by month. If you are ordering a partial set on DVD, indicate the format (Alchemy or raw), state(s), and month(s) you are ordering. Sample DVD requests are not available for individual states. DVDs and sample DVDs are not available for individual exempt organizations. Complete information, including the cost, is available on the IRS website. Search Copies of Scanned EO Returns Available at <http://www.irs.gov/Charities & Non-Profits/Copies of Scanned Returns Available>.

The IRS cannot disclose portions of an exemption application relating to any trade secrets, etc. Additionally, the IRS generally cannot disclose the names and addresses of contributors. See the Instructions for Schedule B (Form 990, 990-EZ, or 990-PF) for more information about the disclosure of that schedule.

Notice 2008-49, 2008-20 I.R.B. 979, provides interim guidance regarding the requirement that section 501(c)(3) organizations and the IRS make available for public inspection Form 990-T.

Forms 990 or 990-EZ can only be requested for section 527 organizations for tax years beginning after June 30, 2000.

A return, report, notice, or exemption application can be inspected at an IRS office free of charge. Copies of these items can also be obtained through the organization as discussed in the following section.

## Through the Organization

**Public inspection and distribution of certain returns of unrelated business income.** Section 501(c)(3) organizations that are required to file Form 990-T after August 17, 2006, must make Form 990-T available for public inspection under section 6104(d)(1)(A)(ii).

**Public inspection and distribution of returns and reports for a political organization.** Section 527 political organizations required to file Form 990 or 990-EZ must, in general, make their Forms 8871, 8872, 990, or 990-EZ available for public inspection in the same manner as annual information returns of section 501(c) organizations are made available. See *public inspection and distribution of applications*

for tax exemption and annual information returns of tax-exempt organizations, later. Generally, Form 8871 and Form 8872 are available for inspection and printing at IRS.gov under the *Charities & Nonprofits* tab.

Note that a section 527 political organization (and an organization filing Form 990-PF) must disclose their Schedule B (Form 990, 990-EZ, or 990-PF). See the Instructions for Schedule B. The penalties discussed in General Instructions, Section H, Failure-to-File Penalties, earlier, also apply to section 527 political organizations (Rev. Rul. 2003-49, 2003-201 I.R.B. 903).

**Public inspection and distribution of applications for tax exemption and annual information returns of tax-exempt organizations.** Under Regulations sections 301.6104(d)-1 through 3, a tax-exempt organization must:

- Make its application for recognition of exemption and its annual information returns available for public inspection without charge at its principal, regional and district offices during regular business hours;
- Make each annual information return available for a period of 3 years beginning on the date the return is required to be filed (determined with regard to any extension of time for filing) or is actually filed, whichever is later; and
- Provide a copy without charge (for Form 990-T, this requirement applies only to Forms 990-T filed after August 17, 2006), other than a reasonable fee for reproduction and actual postage costs, of all or any part of any application or return required to be made available for public inspection to any individual who makes a request for a copy in person or in writing (except as provided in Regulations sections 301.6104(d)-2 and 3).

## Definitions

**Tax-exempt organization** is any organization that is described in section 501(c) or (d) and is exempt from taxation under section 501(a). The term tax-exempt organization also includes any section 4947(a)(1) nonexempt charitable trust or nonexempt private foundation that is subject to the reporting requirements of section 6033.

**Application for tax exemption** includes:

- Any prescribed application form (Form 1023, 1023-EZ, or Form 1024),
- All documents and statements the IRS requires an applicant to file with the form,
- Any statement or other supporting document submitted in support of the application, and

- Any letter or other document issued by the IRS concerning the application.

**Application for tax exemption** does not include:

- Any application for tax exemption filed before July 15, 1987, unless the organization filing the application had a copy of the application on July 15, 1987;
- In the case of a tax-exempt organization other than a private foundation, the name and address of any contributor to the organization; or
- Any material that is not available for public inspection under section 6104.

If there is no prescribed application form, see Regulations section 301.6104(d)-1(b)(3)(ii).

**Annual information return** includes:

- An exact copy of the Form 990 or Form 990-EZ filed by a tax-exempt organization as required by section 6033.
- Any amended return the organization files with the IRS after the date the original return is filed (both the original and amended return are subject to the public inspection requirements).
- An exact copy of Form 990-T if one is filed by a section 501(c)(3) organization.

The copy must include all information furnished to the IRS on Form 990, 990-EZ, or 990-T as well as all statements, attachments and supporting documents, except for the name and address of any contributor to the organization. See the Instructions for Schedule B (Form 990, 990-EZ, or 990-PF). However, statements, attachments, and supporting documents filed with Form 990-T that do not relate to the imposition of unrelated business income tax are not required to be made available for public inspection and copying. See Notice 2008-49.

**Annual returns more than 3 years old.**

An annual information return does not include any return after the expiration of 3 years from the date the return is required to be filed (including any extension of time that has been granted for filing the return) or is actually filed, whichever is later.

If an organization files an amended return, however, the amended return must be made available for a period of 3 years beginning on the date it is filed with the IRS.

**Local or subordinate organizations.**

For rules relating to annual information returns of local or subordinate organizations, see Regulations section 301.6104(d)-1(f)(2).

**Regional or district offices.** A regional or district office is any office of a tax-exempt organization, other than its principal office, that has paid employees, whether part-time or full-time, whose

aggregate number of paid hours a week are normally at least 120.

A site is not considered a regional or district office, however, if:

- The only services provided at the site further exempt purposes (day care, health care or scientific or medical research); and
- The site does not serve as an office for management staff, other than managers who are involved solely in managing the exempt function activities at the site.

## Special Rules Relating to Public Inspection

**Permissible conditions on public inspection.** A tax-exempt organization:

- Can have an employee present in the room during an inspection,
- Must allow the individual conducting the inspection to take notes freely during the inspection, and
- Must allow the individual to photocopy the document at no charge, if the individual provides photocopying equipment at the place of inspection.

**Organizations that do not maintain permanent offices.** A tax-exempt organization with no permanent office:

- Must make its application for tax exemption and its annual information returns available for inspection at a reasonable location of its choice;
- Must permit public inspection within a reasonable amount of time after receiving a request for inspection (normally not more than 2 weeks) and at a reasonable time of day;
- Can mail, within 2 weeks of receiving the request, a copy of its application for tax exemption and annual information returns to the requester instead of allowing an inspection; and
- Can charge the requester for copying and actual postage costs only if the requester consents to the charge.

An organization that has a permanent office, but has no office hours, or very limited hours during certain times of the year, must make its documents available during those periods when office hours are limited, or not available, as though it were an organization without a permanent office.

## Special Rules Relating to Copies

**Time and place for providing copies in response to requests made in person.** A tax-exempt organization must:

- Provide copies of required documents under section 6104(d) in response to a request made in person at its principal, regional and district offices during regular business hours, and

- Provide copies to a requester on the day the request is made, except for unusual circumstances (see below).

**Unusual circumstances.** In the case of an in-person request, where unusual circumstances exist so that fulfilling the request on the same business day causes an unreasonable burden to the tax-exempt organization, the organization must provide the copies no later than the next business day following the day that the unusual circumstances cease to exist, or the 5th business day after the date of the request, whichever occurs first.

Unusual circumstances include:

- Requests received that exceed the organization's daily capacity to make copies;
- Requests received shortly before the end of regular business hours that require an extensive amount of copying; or
- Requests received on a day when the organization's managerial staff capable of fulfilling the request is conducting special duties, (student registration or attending an off-site meeting or convention, rather than its regular administrative duties).

**Agents for providing copies.** For rules relating to use of agents to provide

copies, see Regulations sections 301.6104(d)-1(d)(1)(iii) and -1(d)(2)(ii) (C).

**Request for copies in writing.** A tax-exempt organization must honor a written request for a copy of documents (or the requested part) required under section 6104(d) if the request:

1. Is addressed to, and delivered by mail, electronic mail, facsimile, or a private delivery service, as defined in section 7502(f), to a principal, regional, or district office of the organization; and
2. Sets forth the address to which the copy of the documents should be sent.

## Time and Manner of Fulfilling Written Requests.

IF the organization...	THEN the organization...
Receives a written request for a copy,	Must mail the copy of the requested documents (or the requested parts) within 30 days from the date it receives the request.
Mails the copy of the requested document,	Is deemed to have provided the copy on the postmark date or private delivery mark (if sent by certified or registered mail, the date of registration or the date of the postmark on the sender's receipt).
Requires payment in advance,	Is required to provide the copies within 30 days from the date it receives payment.
Receives a request or payment by mail,	Is deemed to have received it 7 days after the date of the postmark, absent evidence to the contrary.
Receives a request transmitted by electronic mail or facsimile,	Is deemed to have received it the day the request is transmitted successfully.
Receives a written request without payment or with an insufficient payment, when payment in advance is required,	Must notify the requester of the prepayment policy and the amount due within 7 days from the date of the request's receipt.
Receives consent from an individual making a request,	Can provide a copy of the requested document exclusively by electronic mail (the material is provided on the date the organization successfully transmits the electronic mail.)

**Request for a copy of parts of a document.** A tax-exempt organization must fulfill a request for a copy of the organization's entire application for tax exemption or annual information return or any specific part or schedule of its application or return. A request for a copy of less than the entire application or less than the entire return must specifically identify the requested part or schedule.

**Fees for copies.** A tax-exempt organization can charge a reasonable fee for providing copies. Before the organization provides the documents, it can require that the individual requesting copies of the documents pay the fee. If the organization has provided an individual making a request with notice of the fee, and the individual does not pay the fee within 30 days, or if the individual pays the fee by check and the check does not clear upon deposit, the organization can disregard the request.

### Form of payment.

**a. Request made in person.** If a tax-exempt organization charges a fee for copying, it must accept payment by cash and money order for requests made in person. The organization can accept other forms of payment, such as credit cards and personal checks.

**b. Request made in writing.** If a tax-exempt organization charges a fee for copying and postage, it must accept payment by certified check, money order, and either personal check or credit card for requests made in writing. The organization can accept other forms of payment.

### Avoidance of unexpected fees.

Where a tax-exempt organization does not require prepayment and a requester does not enclose payment with a request, an organization must receive consent from a requester before providing copies for which the fee charged for copying and postage exceeds \$20.

**Documents to be provided by regional and district offices.** Except as otherwise provided, a regional or district office of a tax-exempt organization must satisfy the same rules as the principal office for allowing public inspection and providing copies of its application for tax exemption and annual information returns.

A regional or district office is not required, however, to make its annual information return available for inspection or to provide copies until 30 days after the date the return is required to be filed (including any extension of time that is

granted for filing the return) or is actually filed, whichever is later.

## Documents Provided by Local and Subordinate Organizations

### Applications for tax exemption.

Except as otherwise provided, a tax-exempt organization that did not file its own application for tax exemption (because it is a local or subordinate organization covered by a group exemption letter) must, upon request, make available for public inspection, or provide copies of, the application submitted to the IRS by the central or parent organization to obtain the group exemption letter and those documents which were submitted by the central or parent organization to include the local or subordinate organization in the group exemption letter.

However, if the central or parent organization submits to the IRS a list or directory of local or subordinate organizations covered by the group exemption letter, the local or subordinate organization is required to provide only the application for the group exemption ruling and the pages of the list or

directory that specifically refer to it. The local or subordinate organization must permit public inspection, or comply with a request for copies made in person, within a reasonable amount of time (normally not more than 2 weeks) after receiving a request made in person for public inspection or copies and at a reasonable time of day. See Regulations section 301.6104(d)-1(f) for further information.

**Annual information returns.** A local or subordinate organization that does not file its own annual information return (because it is affiliated with a central or parent organization that files a group return) must, upon request, make available for public inspection, or provide copies of, the group returns filed by the central or parent organization.

However, if the group return includes separate statements for each local or subordinate organization included in the group return, the local or subordinate organization receiving the request can omit any statements relating only to other organizations included in the group return.

The local or subordinate organization must permit public inspection, or comply with a request for copies made in person, within a reasonable amount of time (normally not more than 2 weeks) after receiving a request made in person for public inspection or copies and at a reasonable time of day.

When a requester seeks inspection, the local or subordinate organization can:

- mail a copy of the applicable documents to the requester within the same time period instead of allowing an inspection, and
- charge the requester for copying and actual postage costs, if the requester consents to the charge.

If the local or subordinate organization receives a written request for a copy of its annual information return, it must fulfill the request by providing a copy of the group return in the time and manner specified in *Request for copies in writing*, earlier.

The requester has the option of requesting from the central or parent organization, at its principal office, inspection or copies of group returns filed by the central or parent organization. The central or parent organization must fulfill the requests in the time and manner specified in *Special Rules Relating to Public Inspection* and *Special Rules Relating to Copies*, earlier.

**Failure to comply.** Any person who does not comply with the public inspection requirements will be assessed a penalty of \$20 for each day that inspection was not permitted, up to a maximum of \$10,000 for each return. The penalties for failure to comply with the

public inspection requirements for applications are the same as those for annual returns, except that the \$10,000 limitation does not apply (sections 6652(c)(1)(C) and (D)). Any person who willfully fails to comply with the public inspection requirements for annual returns or exemption applications will be subject to an additional penalty of \$5,000 (section 6685).

## Making Applications and Returns Widely Available

A tax-exempt organization is not required to comply with a request for a copy of its application for tax exemption or an annual information return if the organization has made the requested document widely available (see below).

An organization that makes its application for tax exemption and/or annual information return widely available must also make the document available for public inspection as required under Regulations section 301.6104(d)-1(a).

A tax-exempt organization makes its application for tax exemption and/or an annual information return widely available if the organization complies with the Internet posting requirements and the notice requirements given below.

**Internet posting.** A tax-exempt organization can make its application for tax exemption and/or an annual information return widely available by posting the document on a Web page that the tax-exempt organization establishes and maintains, or by having the document posted, as part of a database of similar documents of other tax-exempt organizations, on a Web page established and maintained by another entity. The document will be considered widely available only if:

- The Web page through which it is available clearly informs readers that the document is available and provides instructions for downloading it;
- The document is posted in a format that, when accessed, downloaded, viewed and printed in hard copy, exactly reproduces the image of the application for tax exemption or annual information return as it was originally filed with the IRS, except for any information permitted by statute to be withheld from public disclosure; and
- Any individual with access to the Internet can access, download, view and print the document without special computer hardware or software required for that format (other than software that is readily available to members of the public without payment of any fee) and without payment of a fee to the tax-exempt organization or to another entity maintaining the Web page.

**Reliability and accuracy.** In order for the document to be widely available through an Internet posting, the entity maintaining the Web page must have procedures for ensuring the reliability and accuracy of the document that it posts on the page and must take reasonable precautions to prevent alteration, destruction or accidental loss of the document when posted on its page. In the event that a posted document is altered, destroyed or lost, the entity must correct or replace the document.

**Notice requirement.** If a tax-exempt organization has made its application for tax exemption and/or an annual information return widely available, it must notify any individual requesting a copy where the documents are available (including the address on the Web, if applicable). If the request is made in person, the organization must provide the notice to the individual immediately. If the request is made in writing, the notice must be provided within 7 days of receiving the request.

## Tax-Exempt Organization Subject to Harassment Campaign

If the EO Technical office determines that the organization is being harassed, a tax-exempt organization is not required to comply with any request for copies that it reasonably believes is part of a harassment campaign.

Whether a group of requests is a harassment campaign depends on the relevant facts and circumstances such as:

- a sudden increase in requests;
- an extraordinary number of requests by form letters or similarly worded correspondence;
- hostile requests;
- evidence showing bad faith or deterrence of the organization's exempt purpose;
- prior provision of the requested documents to the purported harassing group; and
- a demonstration that the organization routinely provides copies of its documents upon request.

A tax-exempt organization can disregard any request for copies of all or part of any document beyond the first two received within any 30-day period or the first four received within any 1-year period from the same individual or the same address, whether or not the EO Technical office has determined that the organization is subject to a harassment campaign.

A tax-exempt organization can apply for a determination that it is the subject of a harassment campaign and that compliance with requests that are part of

the campaign would not be in the public interest by submitting a signed application to the EO Technical office. See Rev. Proc. 2014-4, 2014-1 I.R.B. 125, as modified, and Rev. Proc. 2014-8, 2014-1 I.R.B. 242, as modified.

In addition, the organization can suspend compliance with any request it reasonably believes to be part of the harassment campaign until it receives a response to its application for a harassment campaign determination. However, if the EO Technical office determines that the organization did not have a reasonable basis for requesting a determination that it was subject to a harassment campaign or reasonable belief that a request was part of the campaign, the officer, director, trustee, employee, or other responsible individual of the organization remains liable for any penalties for not providing the copies in a timely fashion. See Regulations section 301.6104(d)-3.

## Appendix E. Group Returns—Reporting Information on Behalf of the Group

Except where otherwise instructed, where a line calls for a dollar amount or numerical data, the **central organization** filing the **group return** must aggregate the data from all the **subordinate organizations** included in the group return and report the aggregate number. For example, in answering Form 990, Part I, line 6, the total number of volunteers for all of the subordinate organizations would be reported.

For purposes of Form 990, Part III, summarize the mission and activities of all of the subordinate organizations as if all of the subordinate organizations were one entity.

In general, if a line requires a Yes/No answer and the answer is not the same for all subordinate organizations to which the line applies, then check “Yes,” and explain the answer in the schedule’s supplemental information section (if applicable) or in Schedule O (Form 990 or 990-EZ). For the following lines, however, check “No” if the answer is “No” for any of the subordinates to which the line applies, and explain in Schedule O.

- Form 990, Part V, lines 1c, 2b, 3b, 5c, 6b, 7b, 7g, and 7h.
- Form 990, Part VI, lines 8a, 8b, 10b, 12b, and 12c.
- Form 990, Schedule C (Political Campaign and Lobbying Activities), Part I-B, lines 3 and 4a.
- Form 990, Schedule C, Part I-C, line 4.
- Form 990, Schedule C, Part II-A, line 1j.

- Form 990, Schedule C, Part II-B, line 2d.
- Form 990, Schedule C, Part III-A, lines 1-3.
- Form 990, Schedule D (Supplemental Financial Statements), Part I, lines 5 and 6.
- Form 990, Schedule D, Part II, lines 5 and 8.
- Form 990, Schedule E (Schools), lines 1-4d and 7.
- Form 990, Schedule F (Statement of Activities Outside the United States), Part I, line 1.
- Form 990, Schedule G (Supplemental Information Regarding Fundraising or Gaming Activities), Part III, line 9a.
- Form 990, Schedule I (Grants and Other Assistance to Organizations, Governments and Individuals in the United States), Part I, line 1.
- Form 990, Schedule J (Compensation Information), Part I, lines 1b and 2.
- Form 990, Schedule M (Noncash Contributions), Part I, line 31.
- Form 990, Schedule N (Liquidation, Termination, Dissolution or Significant Disposition of Assets), Part I, lines 3, 4a-b, 5, and 6a-c.

The following is a list of other special instructions for group returns:

1. **Header Item B. Final return/terminated.** If the **central organization** is terminating its **group exemption** and filing its final **group return**, do not check the **Final return/terminated** box. Refer to Rev. Proc. 80-27, 1980-1 C.B. 677, as modified, for procedures for terminating the group exemption.
2. **Header Item C. Name.** Enter the name of the group exemption. Note that the group exemption may have a different name than the central organization’s name.
3. **Header Item D. EIN.** Use the special **EIN** (separate from the central organization’s EIN) that is issued solely for the purposes of the group return. The central organization must have received a group exemption letter before it can file a group ruling.
4. **Header Items E, F, J.** Enter information for the central organization only.
5. **Header Item H. Group returns.** Enter the four-digit group exemption number (GEN). Also, if not all subordinate organizations are included in the group return, then attach a list (not in Schedule O) showing the name, address, and EIN of each subordinate organization included in the group return.
6. **Header Item K. Form of organization.** Check “other” if the group has more than one form of organization.
7. **Header Item L. Year of formation.** Leave blank for group return.

8. **Header Item M. State of legal domicile.** Leave blank for group return.

9. **Part IV, lines 14b–19, 21–22, and 29 dollar thresholds.** Apply the dollar thresholds for the aggregate data for the group as a whole, not subordinate by subordinate.

10. **Part IV, line 20. Hospitals.** Answer “Yes,” if any affiliate included within the group return operated a hospital facility.

11. **Part VI, line 2. Relationships among officers, directors, trustees, and key employees.** Describe on Schedule O (Form 990 or 990-EZ) only relationships between **officers, directors, trustees, and key employees** of the same **subordinate organization**, not relationships between officers, directors, trustees, and key employees of one subordinate and officers, directors, trustees, and key employees of another subordinate.

12. **Part VI, line 4. Significant changes to organizational documents.** Report only changes to standardized organizational documents maintained by the central organization that subordinates are required to adopt.

13. **Part VI, line 5. Significant diversion of assets.** In determining whether a diversion of a subordinate’s assets meets the 5%/\$250,000 reporting threshold, consider only the total assets and gross receipts of that subordinate, not of the parent or other subordinates.

14. **Part VI, line 20. Person who possesses books and records.** Identify the person who possesses the information furnished by the subordinate organizations used in compiling the group return.

15. **Part VII. Compensation of officers, directors, trustees, key employees, and highest compensated employees.** File a single consolidated Form 990, Part VII showing the officers, directors, trustees, and key employees of each subordinate included in the group return, and a single consolidated Schedule J (Form 990), Compensation Information, Part II, for all officers, directors, trustees, and key employees above the compensation thresholds. Report the five **highest compensated employees** and **independent contractors** above \$100,000 for the whole group of subordinates, not for each subordinate. If one or more officers, directors, trustees, key employees, or highest compensated employees received compensation from more than one organization in the group, the person’s compensation from the several organizations must be reported in column (D).

16. **Part VII. Compensation from related organizations.** Report compensation from an organization that is included in the group ruling but that is not among the subordinates included in the group return as compensation from a related organization in column (E), even if the related organization is not required to be reported on Schedule R (Form 990), Related Organizations and Unrelated Partnerships.

17. **Part XII, lines 2a and 2b. Compiled, reviewed, or audited financial statements.** Answer "Yes" only if all the subordinates in the group had their financial statements compiled, reviewed, or audited individually (rather than on a consolidated basis).

18. **Schedule A (Form 990 or 990-EZ). Part I. Reason for public charity status.** If the subordinates do not all have the same public charity status, then check the public charity status box for the largest number of subordinates in the group, and explain on Schedule A (Form 990 or 990-EZ), Public Charity Status and Public Support, Part IV. However, if any section 509(a)(3) organizations are among the subordinates in the group return, also answer lines 11e through 11g.

19. **Schedule A (Form 990 or 990-EZ). Parts II and III. Support statements.** Report aggregate data for all subordinates with the public charity status corresponding to Parts II or III.

20. **Schedule A (Form 990 or 990-EZ), Parts IV through VI.** In addition to Part I in paragraph 18 above, if any section 509(a)(3) organizations are among the subordinates in the group return, also complete the relevant sections of Part IV and V. If an answer in Part IV requires more information with respect to any section 509(a)(3) organizations, then answer with respect to those organizations and provide that additional information in Part VI. For instance, if the group includes 50 section 509(a)(3) organizations, and one of them does not list all of its supported organizations by name in its governing documents, then answer "No," to Part IV, Section A, line 1, and explain in Part VI. If the group includes more than one Type III non-functionally-integrated supporting organization, then provide aggregate data in Part V.

21. **Schedule B (Form 990, 990-EZ, or 990-PF). Contributors.** Report a consolidated Schedule B (Form 990, 990-EZ, or 990-PF) for all subordinates included in the group return. Apply the dollar and percentage thresholds (including the greater of \$5,000 or 2% threshold for section 501(c)(3) organizations described in sections 509(a)(1) and 170(b)(1)(A)(vi))

subordinate by subordinate, not on a group basis.

22. **Schedule C (Form 990 or 990-EZ). Part II-A. Lobbying expenditures and affiliated groups.** Complete Part II-A, column (b) for the group as a whole. In column (a), except on lines 1g and 1h, include the amounts that apply to all electing members of the group if they are included in the group return. If the group return includes organizations that belong to more than one affiliated group, enter in column (b) the totals for all the groups.

23. **Schedule D (Form 990). Part X. Other liabilities.** The filing organization can summarize that portion, if any, of the **FIN 48 (ASC 740)** footnote that applies to the liability of multiple organizations including the organization (for example, as a member of a group with consolidated financial statements), to describe the filing organization's share of the liability.

24. **Schedule H (Form 990). Hospitals.** Complete one Schedule H for all of the hospitals operated by subordinates in the group, and report aggregate data from all the hospitals. In Part V, Section A, list each of the organization's **hospital facilities** separately. List in Section A the name and EIN of the subordinate hospital organization that operates the hospital facility. Complete separate Sections B and C for each of the hospital facilities or facility reporting groups listed in Section A.

25. **Schedule J (Form 990). Compensation from related organizations.** See the *Appendix E*, Part VII instructions, earlier.

26. **Schedule L (Form 990 or 990-EZ). Transactions with Interested Persons.** In Schedule L (Form 990 or 990-EZ), Part IV, report only transactions between a subordinate organization and its interested persons—not transactions between a subordinate organization and the interested persons of other subordinates. In determining whether a transaction between the subordinate and its interested persons meets the financial reporting thresholds of Schedule L, Part IV, consider only the payments between the subordinate and its interested persons, not payments between interested persons and the parent or other subordinates.

27. **Schedule N (Form 990 or 990-EZ). Liquidation or significant disposition of assets.** Explain in Schedule N (Form 990 or 990-EZ), Part III, which of the subordinates have undergone a liquidation, termination, dissolution, or significant disposition of assets during the tax year.

28. **Schedule R (Form 990). Related organizations.** See the instructions for Schedule R (Form 990) to determine when related organizations of a member of a group exemption must be included on Schedule R (Form 990). In general, **central organizations** and **subordinate organizations** of a **group exemption** are not required to be listed as **related organizations** on Schedule R (Form 990), Part II; and all other related organizations of the central organization or of a subordinate organization are required to be listed on Schedule R (Form 990) in the applicable part. Even if a related organization is not required to be listed in Part II of Schedule R (Form 990), the organization must report its transactions with the related organization in Part V, as described in the instructions for that Part.

## Appendix F. Disregarded Entities and Joint Ventures—Inclusion of Activities and Items

### Disregarded Entities

A **disregarded entity**, as described in Regulations sections 301.7701-1 through 301.7701-3, is generally treated as a branch or division of its parent organization for federal tax purposes (but see **TIP** below for treatment of disregarded entities as separate entities for employment tax purposes). Therefore, financial and other information applicable to a disregarded entity must be reported as the parent organization's information, except on Form 990, Part VI, lines 10a and 10b and in Schedule R (Form 990), in which disregarded entities must be separately reported.

An organization must report in its Form 990, including Parts VIII through X, all of the revenues, expenses, assets, liabilities, and net assets or funds of a disregarded entity of which it is the sole member. The disregarded entity is deemed to have the same accounting period as its parent for federal tax purposes. The organization also must report the activities of a disregarded entity in the appropriate parts (including Schedules) of the Form 990. For example, support of a disregarded entity must be taken into account by the filing organization for purposes of the public support tests set forth on Schedule A (Form 990 or 990-EZ). Similarly, **political campaign activity** or **lobbying activity** conducted by a disregarded entity of which the organization is the sole member must be reported on Schedule C

(Form 990 or 990-EZ), Political Campaign and Lobbying Activities.

**TIP** A disregarded entity is treated as a separate entity for purposes of employment tax and certain excise taxes. For wages paid after January 1, 2009, a disregarded entity is required to use its name and employer identification number (EIN) for reporting and payment of employment taxes.

**CAUTION** A single-member LLC is treated generally as a disregarded entity of its sole member/owner unless it elects to be treated as a separate association. It may elect to be treated separately by filing Form 8832, Entity Classification Election, or by claiming tax-exempt status in its own right (by filing a Form 1023, 1023-EZ, or 1024 application for recognition of tax-exempt status or a Form 990, 990-EZ, 990-N, or 990-T using its own name and EIN). Once the IRS determines a single-member LLC to be exempt, it is no longer eligible to be treated as a disregarded entity until the determination of exemption is revoked and the LLC subsequently files a Form 8832 electing disregarded entity status. Similarly, a single-member LLC that claims exemption but has not been determined to be exempt is not eligible to be treated as disregarded until the claim is withdrawn or rejected and the LLC files a Form 8832 electing disregarded entity status. See Reg. section 301.7701-3(c)(1)(v)(A).

The following is a list of special instructions for the Form and Schedules regarding the reporting of a disregarded entity of which the organization is the sole member. These items are described to illustrate special applications of the rule described above that a disregarded entity's activities and items must be reported on the organization's Form 990 and applicable schedules.

1. **Part I, line 5. Number of employees.** See instructions for Part V, lines 1 and 2 below.
2. **Part I, line 6. Number of volunteers.** The total number of **volunteers** to be reported can, but is not required to, include **volunteers** of any disregarded entity.
3. **Part III. Program service accomplishments.** Consider activities and accomplishments of all disregarded entities when answering this part.
4. **Part IV, line 12. Audited financial statements.** The organization should not answer "Yes," to this question merely because it received audited financial statements of one or more disregarded entities, if the audited

financial statements of the organization were not audited.

5. **Part IV, lines 31–32. Liquidation or significant disposition of assets.** See the *Appendix F* instructions for Schedule N (Form 990 or 990-EZ) in this Appendix, later.

6. **Part IV, lines 35–36. Transactions with related organizations.** See *Appendix F* instructions for Schedule R (Form 990) in this Appendix, later.

7. **Part V, lines 1–2. Forms 1096 and W-3.** The total number of information returns and **employees** to be reported, and compliance with backup withholding rules, includes all backup withholding, information returns and employees of any disregarded entity, whether or not the disregarded entity has a separate EIN for employment tax and information reporting purposes.

8. **Part V, line 7. Organizations that can receive deductible contributions.** For purposes of Form 990 reporting, lines 7a through 7h are to be answered by taking into account any contributions made to a disregarded entity.

9. **Part VI, lines 1a–9.** Members of the governing body, officers, directors, trustees, and employees of a disregarded entity will not be treated as **governing body members, officers, directors, or trustees** of the filing organization, but a person can be a **key employee** or **highest compensated employee** of the filing organization by virtue of **compensation** paid by the disregarded entity, or the person's responsibilities and authority over operations of the disregarded entity when compared to the filing organization as a whole. See the instructions for Form 990, Part VII, Section A, *Disregarded entities*, earlier.

10. **Part VI, Section B, lines 10a–16b. Policies.** The organization should check "Yes," or "No," based on the filing organization's policies, but for each "Yes" response they must report on Schedule O (Form 990 or 990-EZ) whether the policy applies to all of the organization's disregarded entities (if any).

11. **Part VII, line 1a. Definitions of key employee and highest compensated employee.** An officer, director, trustee, and employee of a disregarded entity can constitute a key employee or highest compensated employee of the filing organization by virtue of compensation paid by the disregarded entity, or the person's responsibilities and authority over operations of the disregarded entity when compared to the filing organization as a whole. See the instructions for Form 990, Part VII, Section A.

12. **Part XII, lines 2a–2b. Financial statements.** If the organization included financial information from its disregarded entity or entities in its financial statements, but did not consolidate any other entity's information in its financial statements, it should check the box for "Separate basis" but not the box for "Consolidated basis" or "Both consolidated and separate basis".

13. **Part XII, line 3. OMB and Single Audit Act audits.** The organization must check "Yes" if a disregarded entity was required to undergo an audit or audits.

14. **Schedule L (Form 990 or 990-EZ). Transactions with interested persons.** Reportable transactions include transactions involving interested persons who have such status because of their relationship with a disregarded entity (such as an employee of the disregarded entity who qualifies as a key employee of the organization as a whole). A transaction between an interested person and a disregarded entity of the organization is reportable on Schedule L.

15. **Schedule N (Form 990 or 990-EZ). Liquidation or significant disposition of assets.** The organization should not prepare Part I to report a termination, liquidation, or dissolution of a disregarded entity if the filing organization continues to operate. Transfers to (or by) a filing organization by (or to) its disregarded entity are not to be reported in Part II, but transfers by or contractions of a disregarded entity are to be taken into account to determine whether a reportable event (based on 25% of the filing organization's net assets, including those of its disregarded entities) has occurred.

16. **Schedule R (Form 990), Part V, line 2. Transactions with related organizations.** Specified payments to a disregarded entity by a **controlled entity** of the filing organization, and transfers by a disregarded entity to an exempt non-charitable entity, are to be reported on Schedule R (Form 990), Part V, line 2.

## Joint Ventures Treated as a Partnership for Federal Income Tax Purposes

If the organization participates as a partner or member of a **joint venture**, partnership, LLC, or other entity treated as a partnership for federal tax purposes (referred to here as a "joint venture"), as described in Regulations sections 301.7701-1 through 301.7701-3, then the organization in general must report the activities of the joint venture as its own activities, and report the joint venture's

revenue, expenses, and assets, to the extent of the organization's proportionate interest in the joint venture. For example, a proportionate share of the **political campaign activity** or **lobbying activity** conducted by a joint venture of which the organization is a member must be reported on Schedule C (Form 990 or 990-EZ), Political Campaign and Lobbying Activities. If the joint venture is a member of a second joint venture, which is a member of a third joint venture, etc., the activities similarly pass through all joint ventures to the organization, according to the organization's proportionate share in each of the joint ventures.

The following is a list of special instructions for the Form and Schedules regarding the reporting of a joint venture of which the organization is a member.

1. **Part I, line 2. Disposition of 25% of assets.** See instructions for Schedule N in this Appendix, later.

2. **Part I, line 7a-7b. Unrelated business income.** Include the organization's distributive share (whether or not distributed) of income or loss of the joint venture that is unrelated business income in determining the organization's gross and net unrelated business income.

3. **Part IV, lines 3-5. Political campaign and lobbying activities.** See instructions for Schedule C in this Appendix, later.

4. **Part IV, line 7. Conservation easements.** See instructions for Schedule D in this Appendix, later.

5. **Part IV, lines 14-16. Activities outside the United States.** See instructions for Schedule F in this Appendix, later.

6. **Part IV, lines 17-19. Fundraising and gaming.** See instructions for Schedule G in this Appendix, later.

7. **Part IV, line 20. Hospitals.** See instructions for Schedule H in this Appendix, later.

8. **Part IV, lines 21-22. Grants in the United States.** See instructions for Schedule I in this Appendix, later.

9. **Part IV, lines 26-28. Loans, grants, and business transactions involving interested persons.** See instructions for Schedule L in this Appendix, later.

10. **Part IV, line 32. Disposition of 25% of assets.** See instructions for Schedule N in this Appendix, later.

11. **Part IV, lines 34-37. Related organizations and unrelated partnerships.** See instructions for Schedule R in this Appendix, later.

12. **Part V, line 3a. Unrelated business income.** Include the organization's distributive share (whether or not distributed) of income or loss of the joint venture that is **unrelated business income** in determining the organization's gross unrelated business income.

13. **Part VI. Governance, management, and disclosure.** Do not take into account a joint venture for purposes of Part VI (except for lines 16a and 16b).

14. **Part VII. Compensation.** See instructions for Schedule J in this Appendix, later.

15. **Parts VIII, IX, and X. Financial statements.** Report in accordance with the organization's books and records.

16. **Part XII. Financial statements and reporting.** Disregard a joint venture.

17. **Schedule C (Form 990 or 990-EZ). Political campaign and lobbying activities.** Report the organization's share of political campaign or lobbying activities conducted by a joint venture.

18. **Schedule D (Form 990), Part II. Conservation easements.** Include conservation easements held by a joint venture formed for the purpose of holding the easements.

19. **Schedule F (Form 990). Activities outside the United States.** Include activities of a joint venture, including grants to organizations or individuals outside the United States.

20. **Schedule G (Form 990 or 990-EZ). Fundraising and gaming.** Include activities of a joint venture and the organization's share of revenues and expenses. On Part III, line 12, check "Yes" if the joint venture was formed to administer charitable gaming.

21. **Schedule H (Form 990). Hospitals.** Report activities, expenses, and revenue of **hospital facilities** and other programs operated by any joint venture, to the extent of the organization's proportionate interest in the joint venture. See the instructions for Schedule H, Part IV, to determine how to report an organization's interest in joint ventures and management companies in Part IV.

22. **Schedule I (Form 990). Grants in the United States.** Include grants from a joint venture to organizations, governments, or individuals in the United States.

23. **Schedule J (Form 990). Compensation.** If an **officer, director, trustee, or employee** of the organization receives compensation from a joint venture, the **compensation** is not treated as paid pro rata by the organization. The compensation may

need to be reported, however, as compensation from a related organization if the joint venture is a related organization.

24. **Schedule K (Form 990), Part III, line 1. Private business use.** Report certain joint ventures that owned property financed by **tax-exempt bonds**.

26. **Schedule N (Form 990 or 990-EZ), Part II. Disposition of 25% of assets.** In determining whether the organization made a disposition of more than 25% of its assets, take into account its share of dispositions by a joint venture.

## Appendix G. Section 4958 Excess Benefit Transactions

The intermediate sanction regulations are important to the exempt organization community as a whole, and for ensuring compliance in this area. The rules provide a roadmap by which an organization can steer clear of situations that may give rise to inurement.

Under section 4958, any **disqualified person** who benefits from an **excess benefit transaction** with an **applicable tax-exempt organization** is liable for a 25% tax on the excess benefit. The disqualified person is also liable for a 200% tax on the excess benefit if the excess benefit is not corrected by a certain date. Also, organization managers who participate in an excess benefit transaction knowingly, willfully, and without reasonable cause are liable for a 10% tax on the excess benefit, not to exceed \$20,000 for all participating managers on each transaction.

## Applicable Tax-Exempt Organization

These rules only apply to certain applicable section 501(c)(3), 501(c)(4), and 501(c)(29) organizations. An **applicable tax-exempt organization** is a section 501(c)(3), 501(c)(4), or 501(c)(29) organization that is tax exempt under section 501(a), or was an organization at any time during a 5-year period ending on the day of the **excess benefit transaction**.

An **applicable tax-exempt organization** does not include:

- A **private foundation** as defined in section 509(a),
- A governmental entity that is exempt from (or not subject to) taxation without regard to section 501(a) or relieved from filing an annual return under Regulations section 1.6033-2(g)(6), and
- Certain **foreign organizations**.

An organization is not treated as a section 501(c)(3), 501(c)(4), or 501(c)(29) organization for any period covered by a final determination that the organization was not tax-exempt under section 501(a), so long as the determination was not based on private inurement or one or more excess benefit transactions.

## Disqualified Person

Most section 501(c)(3), 501(c)(4), or 501(c)(29) organization **employees** and **independent contractors** will not be affected by these rules. Only the few influential persons within these organizations are covered by these rules when they receive benefits, such as **compensation**, fringe benefits, or contract payments. The IRS calls this class of covered individuals **disqualified persons**.

A *disqualified person*, regarding any transaction, is any person who was in a position to exercise substantial influence over the affairs of the applicable tax-exempt organization at any time during a 5-year period ending on the date of the transaction. Persons who hold certain powers, responsibilities, or interests are among those who are in a position to exercise substantial influence over the affairs of the organization. This would include, for example, **voting members of the governing body**, and persons holding the power of:

- Presidents, **chief executive officers**, or chief operating officers.
  - Treasurers and chief financial officers.
- A disqualified person also includes certain family members of a disqualified person, and **35% controlled entities** of a disqualified person.

The following persons are considered disqualified persons for the following

organizations, along with certain family members and 35% controlled entities associated with them:

- for a transaction involving a **donor advised fund**, a donor or **donor advisor** of that donor advised fund,
- for a **donor advised fund** sponsoring organization, an investment advisor of the **sponsoring organization**, and
- for a **supported organization** of a section 509(a)(3) supporting organization, the disqualified persons of the section 509(a)(3) **supporting organization**.

See the Instructions for Form 4720, Schedule I for more information regarding these disqualified persons.

### Who is not a disqualified person?

The rules also clarify which persons are not considered to be in a position to exercise substantial influence over the affairs of an organization. They include:

- An employee who receives benefits that total less than the highly compensated amount (\$105,000 in 2009, \$110,000 in 2010-2011, and \$115,000 in 2012-2014) and who does not hold the executive or voting powers just mentioned; is not a family member of a disqualified person; and is not a substantial contributor;
- Tax-exempt organizations described in section 501(c)(3); and
- Section 501(c)(4) organizations for transactions engaged in with other section 501(c)(4) organizations.

**Who else can be considered a disqualified person?** Other persons not described above can also be considered disqualified persons, depending on all the relevant facts and circumstances.

### Facts and circumstances tending to show substantial influence.

- The person founded the organization.
- The person is a substantial contributor to the organization under the section 507(d)(2)(A) definition, only taking into account contributions to the organization for the past 5 years.
- The person's compensation is primarily based on revenues derived from the activities of the organization that the person controls.
- The person has or shares authority to control or determine a substantial portion of the organization's capital expenditures, operating budget, or compensation for employees.
- The person manages a discrete segment or activity of the organization that represents a substantial portion of the activities, assets, income, or expenses of the organization, as compared to the organization as a whole.
- The person owns a controlling interest (measured by either vote or value) in a corporation, partnership, or trust that is a disqualified person.

- The person is a nonstock organization controlled directly or indirectly by one or more disqualified persons.

### Facts and circumstances tending to show no substantial influence.

- The person is an independent contractor whose sole relationship to the organization is providing professional advice (without having decision-making authority) for transactions from which the independent contractor will not economically benefit.
- The person has taken a vow of poverty.
- Any preferential treatment the person receives based on the size of the person's donation is also offered to others making comparable widely solicited donations.
- The direct supervisor of the person is not a disqualified person.
- The person does not participate in any management decisions affecting the organization as a whole or a discrete segment of the organization that represents a substantial portion of the activities, assets, income, or expenses of the organization, as compared to the organization as a whole.

**What about persons who staff affiliated organizations?** In the case of multiple affiliated organizations, the determination of whether a person has substantial influence is made separately for each applicable tax-exempt organization. A person may be a disqualified person for more than one organization in the same transaction.

## Excess Benefit Transaction

An **excess benefit transaction** generally is a transaction in which an economic benefit is provided by an **applicable tax-exempt organization**, directly or indirectly, to or for the use of any **disqualified person**, and the value of the economic benefit provided by the applicable tax-exempt organization exceeds the value of the consideration (including the performance of services) received for providing the benefit, but see the special rules below for **donor advised funds** and **supporting organizations**. An excess benefit transaction also can occur when a disqualified person embezzles from the exempt organization.

To determine whether an excess benefit transaction has occurred, all consideration and benefits exchanged between a disqualified person and the applicable tax-exempt organization, and all entities it controls, are taken into account.

For purposes of determining the value of economic benefits, the value of

property, including the right to use property, is the **fair market value (FMV)**. Fair market value is the price at which property, or the right to use property, would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy, sell or transfer property or the right to use property, and both having reasonable knowledge of relevant facts.

**Donor advised funds.** For a **donor advised fund**, an excess benefit transaction includes a grant, loan, **compensation**, or similar payment from the fund to a:

- Donor or **donor advisor**,
- Family member of a donor or **donor advisor**,
- **35% controlled entity** of a donor or donor advisor, or
- 35% controlled entity of a family member of a donor or donor advisor.

For these transactions, the excess benefit is defined as the amount of the grant, loan, compensation, or similar payment. For additional information, see the Instructions for Form 4720.

**Supporting organizations.** For any supporting organization defined in section 509(a)(3), an excess benefit transaction includes grants, loans, compensation, or similar payment provided by the supporting organization to a:

- Substantial contributor,
  - Family member of a substantial contributor,
  - 35% controlled entity of a substantial contributor, or
  - 35% controlled entity of a family member of a substantial contributor.
- Additionally, an excess benefit transaction includes any loans provided by the supporting organization to a disqualified person (other than an organization described in section 509(a)(1), (2), or (4)).

A substantial contributor is any person who contributed or bequeathed an aggregate of more than \$5,000 to the organization, if that amount is more than 2% of the total contributions and bequests received by the organization before the end of the tax year of the organization in which the contribution or bequest is received by the organization from the person. A substantial contributor includes the grantor of a trust.

The excess benefit for substantial contributors and parties related to those contributors includes the amount of the grant, loan, compensation, or similar payment. For additional information, see the Instructions for Form 4720.

**When does an excess benefit transaction usually occur?** For federal income tax purposes, an excess benefit

transaction occurs on the date the disqualified person receives the economic benefit from the organization. However, when a single contractual arrangement provides for a series of compensation payments or other payments to a disqualified person during the disqualified person's tax year, any excess benefit transaction for these payments occurs on the last day of the disqualified person's tax year.

In the case of the transfer of property subject to a substantial risk of forfeiture, or in the case of rights to future compensation or property, the transaction occurs on the date the property, or the rights to future compensation or property, is not subject to a substantial risk of forfeiture. Where the disqualified person elects to include an amount in gross income in the tax year of transfer under section 83(b), the excess benefit transaction occurs on the date the disqualified person receives the economic benefit for federal income tax purposes.

#### **Section 4958 applies only to post-September 1995 transactions.**

Section 4958 applies the general rules to excess benefit transactions occurring on or after September 14, 1995. Section 4958 does not apply to any transaction occurring pursuant to a written contract that was binding on September 13, 1995, and at all times thereafter before the transaction occurs. The special rules relevant to transactions with donor advised funds and supporting organizations apply to transactions occurring after August 17, 2006, except that taxes on certain transactions between supporting organizations and their substantial contributors apply to transactions occurring on or after July 25, 2006.

## **What Is Reasonable Compensation?**

**Reasonable compensation** is the valuation standard that is used to determine if there is an excess benefit in the exchange of a **disqualified person's** services for **compensation**. *Reasonable compensation* is the value that would ordinarily be paid for like services by like enterprises under like circumstances. This is the section 162 standard that will apply in determining the reasonableness of compensation. The fact that a bonus or revenue-sharing arrangement is subject to a cap is a relevant factor in determining the reasonableness of compensation.

For determining the reasonableness of compensation, all items of compensation provided by an applicable tax-exempt organization in exchange for the performance of services are taken

into account in determining the value of compensation (except for certain economic benefits that are disregarded, as discussed in *What benefits are disregarded?* in this Appendix, later). Items of compensation include:

- All forms of cash and noncash compensation, including salary, fees, bonuses, severance payments, and deferred and noncash compensation;
- The payment of liability insurance premiums for, or the payment or reimbursement by the organization of taxes or certain expenses under section 4958, unless excludable from income as a *de minimis* fringe benefit under section 132(a)(4). (A similar rule applies in the private foundation area.) Inclusion in compensation for purposes of determining reasonableness under section 4958 does not control inclusion in income for income tax purposes;
- All other compensatory benefits, whether or not included in gross income for income tax purposes;
- Taxable and nontaxable fringe benefits, except fringe benefits described in section 132; and
- Foregone interest on loans.

**Written intent required to treat benefits as compensation.** An economic benefit is not treated as consideration for the performance of services unless the organization providing the benefit clearly indicates its intent to treat the benefit as compensation when the benefit is paid.

An applicable tax-exempt organization (or entity that it controls) is treated as clearly indicating its intent to provide an economic benefit as compensation for services only if the organization provides written substantiation that is contemporaneous with the transfer of the economic benefits under consideration. Ways to provide contemporaneous written substantiation of its intent to provide an economic benefit as compensation include:

- The organization produces a signed written employment contract;
- The organization reports the benefit as compensation on an original Form W-2, Form 1099, or Form 990, or on an amended form filed before the start of an IRS examination; or
- The disqualified person reports the benefit as income on the person's original Form 1040 or on an amended form filed before the start of an IRS examination.

**Exception.** To the extent the economic benefit is excluded from the disqualified person's gross income for income tax purposes, the applicable tax-exempt organization is not required to indicate its intent to provide an economic benefit as compensation for services. (For example: employer-provided health benefits, and

contributions to qualified plans under section 401(a).)

**What benefits are disregarded?** The following economic benefits are disregarded for purposes of section 4958.

- Nontaxable fringe benefits. An economic benefit that is excluded from income under section 132.
- Benefits to volunteers. An economic benefit provided to a volunteer for the organization if the benefit is provided to the general public in exchange for a membership fee or contribution of \$75 or less per year.
- Benefits to members or donors. An economic benefit provided to a member of an organization due to the payment of a membership fee, or to a donor as a result of a deductible contribution, if a significant number of nondisqualified persons make similar payments or contributions and are offered a similar economic benefit.
- Benefits to a charitable beneficiary. An economic benefit provided to a person solely as a member of a charitable class that the applicable tax-exempt organization intends to benefit as part of the accomplishment of its exempt purpose.
- Benefits to a governmental unit. A transfer of an economic benefit to or for the use of a governmental unit, as defined in section 170(c)(1), if exclusively for public purposes.

**Is there an exception for initial contracts?** Section 4958 does not apply to any fixed payment made to a person pursuant to an **initial contract**. This is a very important exception, since it would potentially apply, for example, to all initial contracts with new, previously unrelated officers and contractors.

An *initial contract* is a binding written contract between an applicable tax-exempt organization and a person who was not a disqualified person immediately before entering into the contract.

A *fixed payment* is an amount of cash or other property specified in the contract, or determined by a fixed formula that is specified in the contract, which is to be paid or transferred in exchange for the provision of specified services or property.

A *fixed formula* can, in general, incorporate an amount that depends upon future specified events or contingencies, as long as no one has discretion when calculating the amount of a payment or deciding whether to make a payment (such as a bonus).

**Treatment as new contract.** A binding written contract providing that it can be terminated or canceled by the applicable

tax-exempt organization without the other party's consent (except as a result of substantial non performance) and without substantial penalty, is treated as a new contract, as of the earliest date that any termination or cancellation would be effective. Also, a contract in which there is a material change, which includes an extension or renewal of the contract (except for an extension or renewal resulting from the exercise of an option by the disqualified person), or a more than incidental change to the amount payable under the contract, is treated as a new contract as of the effective date of the material change. Treatment as a new contract can cause the contract to fall outside the initial contract exception, and it thus would be tested under the FMV standards of section 4958.

## Rebuttable Presumption of Reasonableness

Payments under a **compensation** arrangement are presumed to be reasonable and the transfer of property (or right to use property) is presumed to be at **FMV**, if the following three conditions are met.

1. The transaction is approved by an authorized body of the organization (or an entity it controls) which is composed of individuals who do not have a conflict of interest concerning the transaction.

2. Before making its determination, the authorized body obtained and relied upon appropriate data as to comparability. There is a special safe harbor for small organizations. If the organization has gross receipts of less than \$1 million, appropriate comparability data includes data on compensation paid by three comparable organizations in the same or similar communities for similar services.

3. The authorized body adequately documents the basis for its determination concurrently with making that determination. The documentation should include:

- a. The terms of the approved transaction and the date approved;
- b. The members of the authorized body who were present during debate on the transaction that was approved and those who voted on it;
- c. The comparability data obtained and relied upon by the authorized body and how the data was obtained;
- d. Any actions by a member of the authorized body having a conflict of interest; and
- e. Documentation of the basis for the determination before the later of the next meeting of the authorized body or 60 days after the final actions of the

authorized body are taken, and approval of records as reasonable, accurate, and complete within a reasonable time thereafter.

**Special rebuttable presumption rule for nonfixed payments.** As a general rule, in the case of a nonfixed payment, no rebuttable presumption arises until the exact amount of the payment is determined, or a fixed formula for calculating the payment is specified, and the three requirements creating the presumption have been satisfied. However, if the authorized body approves an employment contract with a disqualified person that includes a nonfixed payment (for example, discretionary bonus) with a specified cap on the amount, the authorized body can establish a rebuttable presumption as to the nonfixed payment when the employment contract is entered into by, in effect, assuming that the maximum amount payable under the contract will be paid, and satisfying the requirements giving rise to the rebuttable presumption for that maximum amount.

**An IRS challenge to the presumption of reasonableness.** The IRS can refute the presumption of reasonableness only if it develops sufficient contrary evidence to rebut the probative value of the comparability data relied upon by the authorized body. This provision gives taxpayers added protection if they faithfully find and use contemporaneous persuasive comparability data when they provide the benefits.

**Organizations that do not establish a presumption of reasonableness.** An organization can still comply with section 4958 even if it did not establish a presumption of reasonableness. In some cases, an organization may find it impossible or impracticable to fully implement each step of the rebuttable presumption process. In those cases, the organization should try to implement as many steps as possible, in whole or in part, in order to substantiate the reasonableness of benefits as timely and as well as possible. If an organization does not satisfy the requirements of the rebuttable presumption of reasonableness, a facts and circumstances approach will be followed, using established rules for determining reasonableness of compensation and benefit deductions in a manner similar to the established procedures for section 162 business expenses.

## Section 4958 Taxes

**Tax on disqualified persons.** An excise tax equal to 25% of the excess benefit is imposed on each excess benefit transaction between an

**applicable tax-exempt organization and a disqualified person.** The disqualified person who benefited from the transaction is liable for the tax. If the 25% tax is imposed and the excess benefit transaction is not corrected within the taxable period, an additional excise tax equal to 200% of the excess benefit is imposed.

If a disqualified person makes a payment of less than the full correction amount, the 200% tax is imposed only on the unpaid portion of the correction amount. If more than one disqualified person received an excess benefit from an excess benefit transaction, all the disqualified persons are jointly and severally liable for the taxes.

To avoid the imposition of the 200% tax, a disqualified person must correct the excess benefit transaction during the taxable period. The taxable period begins on the date the transaction occurs and ends on the earlier of the date the statutory notice of deficiency is issued or the section 4958 taxes are assessed. This 200% tax can be abated if the excess benefit transaction subsequently is corrected during a 90-day correction period.

**Tax on organization managers.** An excise tax equal to 10% of the excess benefit can be imposed on the participation of an organization manager in an excess benefit transaction between an applicable tax-exempt organization and a disqualified person. This tax, which cannot exceed \$20,000 for any single transaction, is only imposed if the 25% tax is imposed on the disqualified person, the organization manager knowingly participated in the transaction, and the manager's participation was willful and not due to reasonable cause. There is also joint and several liability for this tax. An organization manager can be liable for both the tax on disqualified persons and on organization managers in appropriate circumstances.

An *organization manager* is any officer, director, or trustee of an applicable tax-exempt organization, or any individual having powers or responsibilities similar to officers, directors, or trustees of the organization, regardless of title. An organization manager is not considered to have participated in an excess benefit transaction where the manager has opposed the transaction in a manner consistent with the fulfillment of the manager's responsibilities to the organization. For example, a director who votes against giving an excess benefit would ordinarily not be subject to this tax.

A person participates in a transaction knowingly if the person has actual knowledge of sufficient facts so that,

based solely upon the facts, the transaction would be an excess benefit transaction. Knowing does not mean having reason to know. The organization manager ordinarily will not be considered knowing if, after full disclosure of the factual situation to an appropriate professional, the organization manager relied on the professional's reasoned written opinion on matters within the professional's expertise or if the manager relied on the fact that the requirements for the rebuttable presumption of reasonableness have been satisfied. Participation by an organization manager is willful if it is voluntary, conscious, and intentional. An organization manager's participation is due to reasonable cause if the manager has exercised responsibility on behalf of the organization with ordinary business care and prudence.

## Correcting an Excess Benefit Transaction

A **disqualified person** corrects an **excess benefit transaction** by undoing the excess benefit to the extent possible, and by taking any additional measures necessary to place the organization in a financial position not worse than that in which it would be if the disqualified person were dealing under the highest fiduciary standards. The organization is not required to rescind the underlying agreement; however, the parties may need to modify an ongoing contract for future payments.

A disqualified person corrects an excess benefit by making a payment in cash or cash equivalents equal to the correction amount to the applicable tax-exempt organization. The correction amount equals the excess benefit plus the interest on the excess benefit; the interest rate can be no lower than the applicable Federal rate. There is an anti-abuse rule to prevent the disqualified person from effectively transferring property other than cash or cash equivalents.

**Exception.** For a correction of an excess benefit transaction described in *Donor advised funds* (discussed earlier), no amount repaid in a manner prescribed by the IRS can be held in a donor advised fund.

**Property.** With the agreement of the applicable tax-exempt organization, a disqualified person can make a payment by returning the specific property previously transferred in the excess benefit transaction. The return of the property is considered a payment of cash (or cash equivalent) equal to the lesser of:

- The FMV of the property on the date the property is returned to the organization, or
- The FMV of the property on the date the excess benefit transaction occurred.

**Insufficient payment.** If the payment resulting from the return of the property is less than the correction amount, the disqualified person must make an additional cash payment to the organization equal to the difference.

**Excess payment.** If the payment resulting from the return of the property exceeds the correction amount described above, the organization can make a cash payment to the disqualified person equal to that difference.

## Churches and Section 4958

The regulations make it clear that the IRS will apply the procedures of section 7611 when initiating and conducting any inquiry or examination into whether an excess benefit transaction has occurred between a **church** and a **disqualified person**.

## Revenue Sharing Transactions

Proposed intermediate sanction regulations were issued in 1998. The proposed regulations had special provisions covering "any transaction in which the amount of any economic benefit provided to or for the use of a **disqualified person** is determined in whole or in part by the revenues of one or more activities of the organization." — so-called revenue-sharing transactions. Rather than setting forth additional rules on revenue-sharing transactions, the final regulations reserve this section. Consequently, until the IRS issues new regulations for this reserved section on revenue-sharing transactions, these transactions will be evaluated under the general rules (for example, the **fair-market value** standards) that apply to all contractual arrangements between **applicable tax-exempt organizations** and their disqualified persons.

## Revocation of Exemption and Section 4958

Section 4958 does not affect the substantive standards for tax exemption under section 501(c)(3), 501(c)(4), or 501(c)(29), including the requirements that the organization be organized and operated exclusively for exempt purposes, and that no part of its net earnings inure to the benefit of any private shareholder or individual. The

legislative history indicates that in most instances, the imposition of this intermediate sanction will be in lieu of revocation. The IRS has indicated that the following factors will be considered (among other facts and circumstances) in determining whether to revoke an applicable tax-exempt organization's exemption status where an **excess benefit transaction** has occurred:

- The size and scope of the organization's regular and ongoing activities that further exempt purposes before and after the excess benefit transaction or transactions occurred;
- The size and scope of the excess benefit transaction or transactions (collectively, if more than one) in relation to the size and scope of the organization's regular and ongoing activities that further exempt purposes;
- Whether the organization has been involved in multiple excess benefit transactions with one or more persons;
- Whether the organization has implemented safeguards that are reasonably calculated to prevent excess benefit transactions; and
- Whether the excess benefit transaction has been corrected, or the organization has made good faith efforts to seek correction from the disqualified person(s) who benefited from the excess benefit transaction.

**Trust Fund Recovery Penalty.** *If certain excise, income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid to the IRS, the trust fund recovery penalty can apply. The trust fund recovery penalty can be imposed on all persons (including volunteers) who the IRS determines were responsible for collecting, accounting for, and paying*

over these taxes, and who acted willfully in not doing so.

*This penalty does not apply to volunteer unpaid members of any board of trustees or directors of a tax-exempt organization, if these members are solely serving in an honorary capacity, do not participate in the day-to-day or financial activities of the organization, and do not have actual knowledge of the failure to collect, account for, and pay over these taxes. However, the preceding sentence does not apply if it results in no person being liable for the penalty.*

## Appendix I. Use of Form 990 or 990-EZ To Satisfy State Reporting Requirements

Some states and local **governmental units** will accept a copy of Form 990 or 990-EZ in place of all or part of their own financial report forms. The substitution applies primarily to section 501(c)(3) organizations, but some other types of section 501(c) organizations are also affected. If the organization uses Form 990 or 990-EZ to satisfy state or local filing requirements, such as those under state charitable solicitation acts, note the following discussions.

### Determine state filing requirement.

The organization can consult the appropriate officials of all states and other jurisdictions in which it does business to determine their specific filing requirements. Doing business in a jurisdiction can include any of the following:

- Soliciting **contributions** or grants by mail or otherwise from individuals, businesses, or other charitable organizations;
- Conducting programs;
- Having **employees** within that jurisdiction;
- Maintaining a checking account; or
- Owning or renting property there.

**Monetary tests can differ.** Some or all of the dollar limitations applicable to Form 990 or 990-EZ when filed with the IRS may not apply when using Form 990 or 990-EZ in place of state or local report forms. Examples of the IRS dollar limitations that do not meet some state requirements are the normally \$50,000 gross receipts minimum that creates an obligation to file with the IRS and the \$100,000 minimum for listing independent contractors on Form 990, Part VII, Section B.

**Additional information may be required.** State or local filing requirements can require the organization to attach to Form 990 or 990-EZ one or more of the following:

- Additional financial **statements**, such as a complete analysis of functional expenses or a statement of changes in net assets;
- Notes to financial statements;
- Additional financial statements;

- A report on the financial statements by an independent accountant; and
- Answers to additional questions and other information.

Each jurisdiction can require the additional material to be presented on forms they provide. The additional information should not be submitted with the Form 990 or 990-EZ filed with the IRS, unless included in Schedule O (Form 990 or 990-EZ).

Even if the Form 990 or 990-EZ that the organization files with the IRS is accepted by the IRS as complete, a copy of the same return filed with a state will not fully satisfy that state's filing requirement if (1) required information is not provided, including any of the additional information discussed in this Appendix, or (2) the state determines that the form was not completed by following the applicable Form 990 or 990-EZ instructions or supplemental state instructions. In that case, the state may ask the organization to provide the missing information or to submit an amended return.

### Use of audit guides may be required.

To ensure that all organizations report similar transactions uniformly, many states require that contributions, gifts, grants, similar amounts, and functional expenses be reported according to the AICPA Audit and Accounting Guide, Not-for-Profit Entities (2010), supplemented, as applicable, by the Standards of Accounting and Financial Reporting for Voluntary Health and Welfare Organizations issued jointly by the National Health Council, Inc., the National Assembly of Voluntary Health and Social Welfare Organizations, and the United Way of America (1998).

**Donated services and facilities.** Even though donated services and facilities may be reported as items of revenue and expense in certain circumstances, many states and the IRS do not permit the inclusion of those amounts in Parts VIII and IX of Form 990, Part I of Form 990-EZ, or (except for donations by a governmental unit) in Schedule A (Forms 990 and 990-EZ). The optional reporting of donated services and facilities is discussed in the instructions for Part III for Form 990.

**Amended returns.** If the organization submits supplemental information or files an amended Form 990 or 990-EZ with the IRS, it must also send a copy of the information or amended return to any state with which it filed a copy of Form 990 or 990-EZ originally to meet that state's filing requirement. If a state requires the organization to file an amended Form 990 or 990-EZ to correct conflicts with the Form 990 or 990-EZ

instructions, the organization must also file an amended return with the IRS.

**Method of accounting.** Most states require that all amounts be reported based on the accrual method of accounting. See also *General Instruction D*.

**Time for filing can differ.** The deadline for filing Form 990 or 990-EZ with the IRS differs from the time for filing reports with some states.

**Public inspection.** The Form 990 or 990-EZ information made available for public inspection by the IRS can differ from that made available by the states.

## Appendix J. Contributions

This Appendix discusses certain federal tax rules that apply to exempt organizations and donors for contributions. See also Pub. 526, *Charitable Contributions*, and Pub. 1771, *Charitable Contributions—Substantiation and Disclosure Requirements*.

**Schedule B (Form 990, 990-EZ, or 990-PF).** Many organizations that file Form 990, 990-EZ, or 990-PF must file Schedule B to report on tax-deductible and non-tax-deductible contributions. See Schedule B and its instructions to determine whether Schedule B must be filed. See also the Schedule B instructions for the public inspection rules applicable to that form.

**Solicitation of Nondeductible Contribution.** See the instructions to Form 990, Part V, line 6a-6b, for rules on public notice of non-deductibility when soliciting nondeductible contributions.

**Keeping Fundraising Records for Tax-Deductible Contributions.** A section 501(c) organization that is eligible to receive tax-deductible contributions under section 170(c) must keep sample copies of its fundraising materials, such as:

- Dues statements,
- Fundraising solicitations,
- Tickets,
- Receipts, or
- Other evidence of payments received in connection with fundraising activities.

IF....	THEN....
The organization advertises its fundraising events,	It must keep samples of the advertising copy.
The organization uses radio, television, or Internet to solicit contributions,	It must keep samples of scripts, transcripts, printouts of e-mails and Web pages, or other evidence of solicitations in the media.
The organization uses outside fundraisers,	It must keep samples of the fundraising materials used by the outside fundraisers.

For each fundraising event, the organization must keep records to show the portion of any payment received from patrons that is not deductible; that is, the retail value of the goods or services received by the patrons. See *Disclosure statement for quid pro quo contributions*, later.

### Noncash Contributions.

**Form 990 Schedules.** An organization may be required to file Schedule M to report certain noncash (property) contributions; see the instructions for Schedule M on who must file. Also, an organization that files Schedule B must report certain information on noncash contributions.

#### **Dispositions of donated property.**

If an organization receives a charitable contribution of property and within three years sells, exchanges, or otherwise disposes of the property, the organization may need to file Form 8282, *Donee Information Return*. See Form 990, Part V, lines 7c and 7d.

**Donated property over \$5,000.** If the organization received from a donor a partially completed Form 8283, *Noncash Charitable Contributions*, the donee organization generally should complete the Form 8283 and return it so the donor can get a charitable contribution deduction. The organization should keep a copy for its records. See Form 8283 for more details.

**Qualified intellectual property.** An organization described in section 170(c) (except a private foundation) that receives or accrues net income from a qualified intellectual property contribution must file Form 8899, *Notice of Income from Donated Intellectual Property*. See Form 990, Part V, line 7g. The organization must file Form 8899 for any tax year that includes any part of the 10-year period beginning on the date of contribution but not for any tax years in which the legal life of the qualified

intellectual property has expired or the property failed to produce net income.

A donee organization reports all income from donated qualified intellectual property as income other than contributions (for example, royalty income from a patent). A donee is not required to report as contributions on Form 990 (including statements) any of the additional deductions claimed by donors under section 170(m)(1). See Pub. 526, *Charitable Contributions*.

**Motor vehicles, boats, and airplanes.** Special rules apply to charitable contributions of motor vehicles, boats, or airplanes with a claimed value of more than \$500. See Form 990, Part V, line 7h; section 170(f)(12); Pub. 4302, *A Charity's Guide to Vehicle Donations*; and the Instructions for Form 1098-C, *Contributions of Motor Vehicles, Boats, and Airplanes*.

### Substantiation and Disclosure Requirements for Charitable Contributions.

**Recordkeeping for cash, check, or other monetary charitable gifts.** To deduct a contribution of a cash, check, or other monetary gift (regardless of the amount), a donor must maintain a bank record or a written communication from the donee organization showing the donee's name, date, and amount of the contribution. See section 170(f)(17). In the case of a lump-sum contribution (rather than a contribution by payroll deduction) made through the Combined Federal Campaign or a similar program such as a United Way Campaign, the written communication must include the name of the donee organization that is the ultimate recipient of the charitable contribution. In the case of a text message contribution, the donor's phone bill meets the section 170(f)(17) recordkeeping requirement of a reliable written record if it shows the name of the donee organization and the date and amount of contribution.

**Acknowledgment to substantiate charitable contributions.** A donee organization should be aware that a donor of a charitable contribution of \$250 or more (including a contribution of unreimbursed expenses) cannot take an income tax deduction unless the donor obtains the organization's acknowledgment to substantiate the charitable contribution. See section 170(f)(8) and Regulations section 1.170A-13(f). A charitable organization that receives a payment made as a contribution is treated as the donee organization for this purpose even if the organization (according to the donor's instructions or otherwise) distributes the amount received to one or more charities.

The organization's acknowledgment must:

1. Be written.
2. Be contemporaneous.
3. State the amount of any cash it received.
4. State:
  - a. Whether the organization gave the donor any intangible religious benefits (no valuation needed).
  - b. Whether the organization gave the donor any goods or services in return for the donor's contribution (a quid pro quo contribution).
5. Describe goods or services the organization:
  - a. Received (no valuation needed).
  - b. Gave (good faith estimate of value needed).

If the organization accepts a contribution in the name of one of its activities or programs, then indicate the organization's name in the acknowledgment as well as the program's name. For example: "Thank you for your contribution of \$300 to (organization's name) made in the name of our Special Relief Fund program. No goods or services were provided in exchange for your contribution."

Similarly, if a domestic organization owns and controls a domestic disregarded entity, and the disregarded entity receives a contribution, then indicate the organization's name in the acknowledgment as well as the relationship with the disregarded entity. For example: "Thank you for your contribution of \$300 to (organization's name) made in the name of (name of disregarded entity), which is treated as a disregarded entity of (organization's name) for federal tax purposes. No goods or services were provided in exchange for your contribution." See Notice 2012-52, 2012-35 I.R.B. 317.

**Exception.** The written acknowledgment need not include a good faith estimate of value for goods or services given to the donor if they are:

1. Goods or services with insubstantial value.
2. Certain membership benefits.
3. Goods or services described in (1) or (2) given to the employees of a donor organization or the partners of a donor partnership.
4. Intangible religious benefits.

These exceptions are defined below.

**Disclosure statement for quid pro quo contributions.** If the organization receives a *quid pro quo* contribution of more than \$75, the organization must

provide a disclosure statement to the donor. See section 6115.

The organization's disclosure statement must:

1. Be written.
2. Estimate in good faith the value of the organization's goods or services given in return for the donor's contribution.
3. Describe, but need not value, certain goods or services given to the donor's employees or partners.
4. Inform the donor that a charitable contribution deduction is limited as follows:

Donor's contribution

**Less**

The organization's money, goods, and services given in return

**Equals**

Donor's deductible charitable contribution.

**Exceptions:** No disclosure statement is required if the organization gave only the following:

1. Goods or services with insubstantial value,
2. Certain membership benefits,
3. Goods or services described in (1) or (2) given to the employees of a donor organization or the partners of a donor partnership, or
4. Intangible religious benefits.

These exceptions are defined below. See also Regulations sections 1.170A-1, 1.170A-13, and 1.6115-1.

**Certain goods or services disregarded for substantiation and disclosure purposes.**

**Goods or services with insubstantial value.** Generally, under section 170, the deductible amount of a contribution is determined by taking into account the **fair market value (FMV)**, not the cost to the charity, of any benefits that the donor received in return. However, the cost to the charity may be used in determining whether the benefits are insubstantial. See below.

**Cost basis.** If a taxpayer makes a payment of \$52 or more to a charity and receives only token items in return, the items have insubstantial value if they:

- Bear the charity's name or logo, and
- Have an aggregate cost to the charity of \$10.40 or less (low-cost article amount of section 513(h)(2)).

**Fair market value basis.** If a taxpayer makes a payment to a charitable organization in a fundraising campaign and receives benefits with a **FMV** of not more than 2% of the amount of the payment, or \$104, whichever is less, the benefits received have

insubstantial value in determining the taxpayer's contribution.

*The dollar amounts given above are applicable to tax year 2014 under Rev. Proc. 2013-35, sec. 3.28, 2013-47 I.R.B. 537. They are adjusted annually for inflation.*

When a donee organization provides a donor only with goods or services having insubstantial value under Rev. Proc. 2013-35 (and any successor documents), the contemporaneous written acknowledgment may indicate that no goods or services were provided in exchange for the donor's payment.

**Certain membership benefits.** Other goods or services that are disregarded for substantiation and disclosure purposes are annual membership benefits offered to a taxpayer in exchange for a payment of \$75 or less per year that consist of:

1. Any rights or privileges that the taxpayer can exercise frequently during the membership period such as:
  - a. Free or discounted admission to the organization's facilities or events,
  - b. Free or discounted parking.
2. Admission to events that are:
  - a. Open only to members, and
  - b. Within the *low-cost article* limitation, per person.

**Example 1.** E offers a basic membership benefits package for \$75. The package gives members the right to buy tickets in advance, free parking, and a gift shop discount of 10%. E's \$150 preferred membership benefits package also includes a \$20 poster. Both the basic and preferred membership packages are for a 12-month period and include about 50 productions. E offers F, a patron of the arts, the preferred membership benefits in return for a payment of \$150 or more. F accepts the preferred membership benefits package for \$300. E's written acknowledgment satisfies the substantiation requirement if it describes the poster, gives a good faith estimate of its FMV (\$20), and disregards the remaining membership benefits.

**Example 2.** In *Example 1*, if F received only the basic membership package for its \$300 payment, E's acknowledgment need state only that no goods or services were provided.

**Example 3.** G Theater Group performs four plays. Each play is performed twice. Non-members can purchase a ticket for \$15. For a \$60 membership fee, however, members are offered free admission to any of the performances. H makes a payment of \$350 and accepts this membership benefit. Because of the limited number of performances, the membership privilege

Amounts inflation adjusted. 2013 amounts were \$51, \$10.20, and \$102, respectively.

cannot be exercised frequently. Therefore, G's acknowledgment must describe the free admission benefit and estimate its value in good faith.

**Certain goods or services provided to donor's employees or partners.**

Certain goods or services provided to employees of donor organizations or partners of donor partnerships may be disregarded for substantiation and disclosure purposes. Nevertheless, the donee organization's disclosure statement must describe the goods or services. A good faith estimate of value is not needed.

**Example.** Museum J offers a basic membership benefits package for \$40. It includes free admission and a 10% gift shop discount. Corporation K makes a \$50,000 payment to J and in return, J offers K's employees free admission, a t-shirt with J's logo that costs J \$4.50, and a 25% gift shop discount. Because the free admission is a privilege that can be exercised frequently and is offered in both benefit packages, and the value of the t-shirts is insubstantial, Museum J's disclosure statement need not value or mention the free admission benefit or the t-shirts. However, because the 25% gift shop discount to K's employees differs from the 10% discount offered in the basic membership benefits package, J's disclosure statement must describe the 25% discount, but need not estimate its value.

**Definitions.**

**Substantiation.** It is the responsibility of the donor:

- To value a donation, and
- To obtain an organization's written acknowledgment substantiating the donation.

There is no prescribed format for the organization's written acknowledgment of a donation. Letters, postcards, or computer-generated forms may be acceptable. The acknowledgment must, however, provide sufficient information to substantiate the amount of the deductible contribution. The organization may either:

- Provide separate statements for each contribution of \$250 or more, or
- Furnish periodic statements substantiating contributions of \$250 or more.

Separate contributions of less than \$250 are not subject to the requirements of section 170(f)(8), whether or not the sum of the contributions made by a taxpayer to a donee organization during a tax year equals \$250 or more.

**Contemporaneous.** A written acknowledgment is contemporaneous if the donor obtains it on or before the earlier of:

- The date the donor files the original return for the tax year in which the contribution was made; or
- The due date (including extensions) for filing the donor's original return for that year.

**Substantiation of payroll**

**contributions.** An organization may substantiate an employee's contribution by deduction from its payroll by:

- A pay stub, Form W-2, or other document showing a contribution to a donee organization, together with
- A pledge card or other document from the donee organization that shows its name. For contributions of \$250 or more, the document must state that the donee organization provides no goods or services for any payroll contributions. The amount withheld from each payment of wages to a taxpayer is treated as a separate contribution.

**Substantiation of payments to a college or university for the right to purchase tickets to athletic events.**

The right to purchase tickets for an athletic event is valued at 20% of the payment.

**Example.** When a taxpayer pays \$312.50 for the right to purchase tickets for an athletic event, the right is valued at \$62.50. The remaining \$250 is a charitable contribution that the taxpayer must substantiate.

**Substantiation of matched**

**payments.** If a taxpayer's payment to a donee organization is matched by another payor, and the taxpayer receives goods or services in consideration for its payment and some or all of the matching payment, those goods or services will be treated as provided in consideration for the taxpayer's payment and not in consideration for the matching payment.

**Disclosure statement.** An organization must provide a written disclosure statement to donors who make a "quid pro quo contribution" in excess of \$75 (section 6115). This requirement is separate from the written substantiation acknowledgment a donor needs for deductibility purposes. While, in certain circumstances, an organization may be able to meet both requirements with the same written document, an organization must be careful to satisfy the section 6115 written disclosure statement requirement in a timely manner because of the penalties involved.

**Quid pro quo contribution.** A *quid pro quo contribution* is a payment that is made both as a contribution and as a payment for goods or services provided by the donee organization.

**Example.** A donor gives a charity \$100 in consideration for a concert ticket valued at \$40 (a *quid pro quo* contribution). In this example, \$60 would be deductible. Because the donor's

payment exceeds \$75, the organization must furnish a disclosure statement even though the taxpayer's deductible amount does not exceed \$75. Separate payments of \$75 or less made at different times of the year for separate fundraising events will not be aggregated for purposes of the \$75 threshold.

**Good faith estimate.** An organization may use any reasonable method in making a good faith estimate of the value of goods or services provided by that organization in consideration for a taxpayer's payment to that organization. A good faith estimate of the value of goods or services that are not generally available in a commercial transaction may be determined by reference to the **FMV** of similar or comparable goods or services. Goods or services may be similar or comparable even though they do not have the unique qualities of the goods or services that are being valued.

**Goods or services.** Goods or services include:

- Cash,
- Property,
- Services,
- Benefits, and
- Privileges.

**In consideration for.** A donee organization provides goods or services in consideration for a taxpayer's payment if, at the time the taxpayer makes the payment to the donee organization, the taxpayer receives, or expects to receive, goods or services in exchange for that payment.

Goods or services a donee organization provides in consideration for a payment by a taxpayer include goods or services provided in a year other than the year in which the donor makes the payment to the donee organization.

**Intangible religious benefits.**

Intangible religious benefits are provided only by organizations organized exclusively for religious purposes. Examples include:

- Admission to a religious ceremony, and
- *De minimis* tangible benefits, such as wine provided in connection with a religious ceremony.

**Penalties.** A charity that knowingly provides a false substantiation acknowledgment to a donor may be subject to the penalties under section 6701 and/or section 7206(2) for aiding and abetting an understatement of tax liability.

Charities that fail to provide the required disclosure statement for a *quid pro quo* contribution of more than \$75 will incur a penalty of \$10 per contribution, not to exceed \$5,000 per fundraising event or mailing. The charity may avoid the penalty if it can show that the failure

was due to reasonable cause (section 6714).

## Appendix K. Business Activity Codes

The codes listed in this Appendix K (see next page) are a selection from the North American Industry Classification System (NAICS) that should be used in completing Form 990, Part VIII, lines 2 and 11. If you do not see a code for the activity you are trying to categorize, select the appropriate code from the

NAICS website at [http://www.census.gov/eos/www/naics/reference\\_files\\_tools/2007/naics07\\_6.txt.html](http://www.census.gov/eos/www/naics/reference_files_tools/2007/naics07_6.txt.html). Select the most specific 6-digit code available that describes the activity producing the income being reported. Note that most codes describe more than one type of activity. Avoid using codes that describe the organization rather than the income-producing activity.

Pursuant to 2/12/15 IRS website update, replace URL with <http://www.census.gov/cgi-bin/sssd/naics/naicsrch?chart=2012>

# Schedule A Instructions

Changes throughout to accommodate new Parts IV and V to be completed by supporting organizations; clarification that any public charity may complete Part II public support test regardless of classification in Part I.

# Instructions for Schedule A (Form 990 or 990-EZ)

Deleted reference to the elimination of the advance ruling process

## Public Charity Status and Public Support

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### What's New

- New Schedule A Parts IV and V have been added (and Part I, line 11 modified) for section 509(a)(3) supporting organizations to demonstrate compliance with the detailed rules pertinent to them, including new regulations.
- The instructions for Schedule A, Part II, clarify that an organization may complete Part II even if it checks a public charity box in Part I other than for section 170(b)(1)(A)(vi).

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990, Return of Organization Exempt From Income Tax.

### Purpose of Schedule

Schedule A (Form 990 or 990-EZ) is used by an organization that files Form 990, Return of Organization Exempt From Income Tax, or Form 990-EZ, Short Form Return of Organization Exempt From Income Tax, to provide the required information about **public charity** status and public support.

### Who Must File

An organization that answered "Yes" to Form 990, Part IV, line 1, must complete and attach Schedule A (Form 990 or 990-EZ) to Form 990. Any section 501(c)(3) organization (or organization treated as such) that files a Form 990-EZ must complete and attach this schedule to Form 990-EZ. These include:

- Organizations that are described in section 501(c)(3) and are **public charities**;
- Organizations that are described in sections 501(e), 501(f), 501(j), 501(k), or 501(n); and
- **Nonexempt charitable trusts** described in section 4947(a)(1) that are not treated as private foundations.

Amounts reported in Part V, Sections D & E must use the cash method

Oct 17, 2014

If an organization is not required to file Form 990 or 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

**TIP** Any organization that is exempt from tax under section 501(c)(3) but is a private foundation and not a public charity should not file Form 990, Form 990-EZ, or Schedule A (Form 990 or 990-EZ), but should file Form 990-PF, Return of Private Foundation or Section 4947(a)(1) Trust Treated as a Private Foundation. See instructions to Part I.

### Accounting Method

When completing Schedule A (Form 990 or 990-EZ), the organization must use the same accounting method it checked on Form 990, Part XII, line 1, or Form 990-EZ, line G. The organization must use this accounting method in reporting all amounts on Schedule A (Form 990 or 990-EZ), regardless of the accounting method it used in completing Schedule A (Form 990 or 990-EZ) for prior years, except that in Part V, Sections D and E, distributions must be reported on the cash receipts and disbursements method.

If the accounting method the organization used in completing the 2013 Schedule A (Form 990 or 990-EZ) was different from the accounting method checked on the 2014 Form 990, Part XII, line 1, or the 2014 Form 990-EZ, line G, the organization should not report in either Part II or Part III the amounts reported in the applicable columns of the 2013 Schedule A (Form 990 or 990-EZ). Instead, the organization should report all amounts in Part II or Part III using the accounting method checked on the 2014 Form 990, Part XII, line 1, or the 2014 Form 990-EZ, line G.

**TIP** If the organization changed its accounting method from a prior year, it should provide an explanation in Schedule O (Form 990 or 990-EZ), Supplemental Information to Form 990 or 990-EZ.

**Example 1.** An organization checks "Cash" on Form 990, Part XII, line 1. It should report the amounts in Part II or Part III using the cash method. If the organization filed a 2013 Schedule A

(Form 990 or 990-EZ) using the cash method, it should report in the 2010 through 2013 columns on the 2014 Schedule A (Form 990 or 990-EZ) the same amounts that it reported in the 2010 through 2013 columns on the 2013 Schedule A (Form 990 or 990-EZ).

**Example 2.** An organization checks "Accrual" on Form 990, Part XII, line 1. The organization reports grants on Form 990, Part VIII, line 1, in accordance with the Statement of Financial Accounting Standards, **SFAS 116** (ACS 958), (see instructions for Form 990, Part VIII, line 1). During the year, the organization receives a grant to be paid in future years. The organization should report the grant's present value on the 2014 Schedule A (Form 990 or 990-EZ). The organization should report accruals of present value increments to the unpaid grant on Schedule A (Form 990 or 990-EZ) in future years.

## Specific Instructions

### Part I. Reason for Public Charity Status

#### Lines 1–11 (in general)

Check only one of the boxes on lines 1 through 11 to indicate the reason the organization is a **public charity** for the **tax year**. The reason can be the same as stated in the organization's tax-exempt determination letter from the IRS ("exemption letter") or subsequent IRS determination letter, or it can be different. An organization that does not check any of the boxes on lines 1 through 11 should not file Form 990, Form 990-EZ, or Schedule A (Form 990 or 990-EZ) for the tax year, but should file Form 990-PF instead.

If an organization believes there is more than one reason why it is a public charity, it should check only one box but can explain the other reasons it qualifies for public charity status in Part VI. An organization that claims a public charity status other than section 170(b)(1)(A)(vi) can also demonstrate that it qualifies under section 170(b)(1)(A)(vi) by completing Part II; it may want to do so for purposes such as qualifying for the first Special Rule in Schedule B (Form 990, 990-EZ, or 990-PF), Schedule of

Clarification that any public charity may complete Part II public support test regardless of classification selected in Part I

**Contributors, by meeting the 33% support test.**

The IRS does not update its records on an organization's public charity status based on a change the organization makes on Schedule A (Form 990 or 990-EZ). Thus, an organization that checks a public charity status different from the reason stated in its exemption letter or subsequent determination letter, although not required, may submit a request to the IRS Exempt Organizations Determinations Office for a determination letter confirming that it qualifies for the new public charity status if the organization wants the IRS records to reflect that new public charity status (also referred to as "private foundation status"). See **Form 8940, Request for Miscellaneous Determination**, for instructions. A \$400 user fee must be submitted with such a request. See Section 6.10 of Rev. Proc. 2014-8, 2014-1 I.R.B. 242.

A **subordinate organization** of a **group exemption** that is filing its own return, but has not received its own tax exemption determination letter from the IRS, should check the public charity status box which most accurately describes its public charity status.

An organization that does not know the public charity status stated in its exemption letter or subsequent determination letter should call the Exempt Organizations Customer Account Services toll free at 1-877-829-5500 or write to:

Internal Revenue Service  
TE/GE Customer Account Services  
P.O. Box 2508  
Cincinnati, OH 45201

See the following examples:

**Example 1.** The organization received an exemption letter that it is a public charity under section 170(b)(1)(A)(vi). For the tax year, it meets the requirements for public charity status under section 170(b)(1)(A)(vi). The organization should check the box on line 7 and complete **Part II**.

**Example 2.** The organization received an exemption letter that it is a public charity under section 170(b)(1)(A)(vi). For the tax year, it does not meet the requirements for public charity status under section 170(b)(1)(A)(vi). Instead, it meets the requirements for public charity status under section 509(a)(2). The organization should check the box on line 9 and complete **Part III**.

**Example 3.** The organization received an exemption letter that it is a public charity under section 509(a)(2). For the tax year, it does not meet the

requirements for public charity status under section 509(a)(2) or 170(b)(1)(A)(vi). Instead, it meets the requirements for public charity status as a **supporting organization** under section 509(a)(3). The organization should:

1. Check the box for line 11 and either line 11a, 11b, 11c, or 11d;
2. Complete lines 11e and 11f;
3. Complete the table on line 11g; and
4. Complete **Part IV** and (if applicable) **Part V**.

**Example 4.** The organization received an exemption letter that it is a **supporting organization** under section 509(a)(3). Based on Rev. Proc. 2014-10, 2014-2 I.R.B. 293, the organization submitted a **Form 8940** request to the IRS to change its classification to public charity status under section 509(a)(2). For the tax year, it meets the requirements of section 509(a)(2). The organization received a determination letter that it has been reclassified as a public charity under section 509(a)(2). The organization should check the box on line 9 and complete **Part III**.

**Example 5.** The organization received an exemption letter that it is a public charity under section 170(b)(1)(A)(vi). For the tax year, it does not meet the requirements for public charity status under section 170(b)(1)(A)(vi) or 509(a)(2), or as a supporting organization under section 509(a)(3). Nor does it meet the requirements for public charity status under any other provision of the Internal Revenue Code. The organization is a **private foundation** and should not file Form 990, Form 990-EZ, or Schedule A (Form 990 or 990-EZ) for the tax year but should file Form 990-PF instead.

**Example 6.** The organization received an exemption letter that it is a supporting organization under section 509(a)(3). The letter does not state which type of supporting organization it is. The organization should review the instructions for lines 11a-11d to determine which type best describes the organization. The organization may wish to file **Form 8940** to request a determination of type.

**Line 1.** Check the box for a **church**, convention of churches, or association of churches. Pub. 1828, Tax Guide for Churches and Religious Organizations, lists certain characteristics generally attributed to churches. These attributes of a church have been developed by the IRS and by court decisions. They include: distinct legal existence, recognized creed and form of worship, definite and distinct ecclesiastical government, formal code of doctrine and discipline, distinct religious history, membership not associated with any other church or denomination, organization of ordained ministers,

ordained ministers selected after completing prescribed courses of study, literature of its own, established places of worship, regular congregations, regular religious services, Sunday schools for the religious instruction of the young, and schools for the preparation of its ministers. The IRS generally uses a combination of these characteristics, together with other facts and circumstances, to determine whether an organization is considered a church for federal tax purposes.

**Line 2.** Check the box for a **school** whose primary function is the presentation of formal instruction, which regularly has a faculty, a curriculum, an enrolled body of students, and a place where educational activities are regularly conducted. A private school must have a racially nondiscriminatory policy toward its students. For details about these requirements, see Schedule E (Form 990 or 990-EZ), Schools, and its related instructions.

**TIP** An organization that checks the box on line 2 must also complete Schedule E (Form 990 or 990-EZ), Schools.

**Line 3.** Check the box for an organization whose main purpose is to provide hospital or medical care. A rehabilitation institution or an outpatient clinic can qualify as a hospital if its principal purposes or functions are the providing of hospital or medical care, but the term does not include medical schools, medical research organizations, convalescent homes, homes for children or the aged, or vocational training institutions for handicapped individuals.

Check the box on line 3 also for a cooperative hospital service organization described in section 501(e).

**TIP** The definition of hospital for Schedule A (Form 990 or 990-EZ), Part I, is different from the definition for Schedule H (Form 990), Hospitals. Accordingly, see Who Must File in the Instructions for Schedule H (Form 990) about whether the organization also is required to complete Schedule H (Form 990).

**Line 4.** Check the box for an organization whose principal purpose or function is to engage in **medical research**, and that is directly engaged in the continuous active conduct of medical research in conjunction with a hospital. The hospital must be described in section 501(c)(3) or operated by the federal government, a state or its political subdivision, a U.S. possession or its political subdivision, or the District of Columbia.

If the organization primarily gives funds to other organizations (or grants and scholarships to individuals) for them to do

the research, the organization is not a medical research organization.

The organization is not required to be an affiliate of the hospital, but there must be a joint effort by the organization and the hospital to maintain continuing close cooperation in the active conduct of medical research.

**TIP** *The definition of medical research for Schedule A (Form 990 or 990-EZ), Part I, is different from the definition for Schedule H (Form 990), Hospitals. Accordingly, research that is medical research for purposes of determining whether an organization is a medical research organization is not necessarily medical research for Schedule H (Form 990) reporting purposes.*

**Assets test/expenditure test.** An organization qualifies as a medical research organization if its principal purpose is medical research, and if it devotes more than half its assets, or spends at least 3.5% of the **fair market value** of its endowment, directly in conducting **medical research**. Either test can be met based on a computation period consisting of the immediately preceding tax year or the immediately preceding four tax years.

If an organization does not satisfy either the assets test or the expenditure test, it can still qualify as a medical research organization based on the circumstances involved.

These tests are discussed in Regulations sections 1.170A-9(d)(2)(v) and (vi). Under these tests, value the organization's assets as of any day in its tax year using the same day every year, and value the endowment at fair market value, using commonly accepted valuation methods. See Regulations section 20.2031.

**Line 5.** Check the box and complete *Part II* if the organization receives and manages property for and expends funds to benefit a college or university that is owned or operated by one or more states or political subdivisions. The school must be an organization described in the instructions for line 2.

*Expending funds to benefit a college or university* includes acquiring and maintaining the campus, its buildings and equipment, granting scholarships and student loans, and making any other payments in connection with the normal functions of colleges and universities.

The organization must meet the same public support test described **later** for line 7. See Rev. Rul. 82-132, 1982-2 C.B. 107.

**Line 6.** Only a federal, state, or local government or **governmental unit** that has received an exemption letter recognizing it as exempt from tax under section 501(c)(3) should check this box. See Rev. Rul. 60-384, 1960-2 C.B. 172.

**Line 7.** Check the box and complete *Part II* if the organization meets one of the section 170(b)(1)(A)(vi) public support tests. See instructions for *Part II* regarding how an organization can qualify as a publicly supported organization under section 170(b)(1)(A)(vi).

**Line 8.** Check the box and complete *Part II* if the organization is a community trust and meets a section 170(b)(1)(A)(vi) public support test. A community trust is a charity that attracts large **contributions** for the benefit of a particular community or area, often initially from a small number of donors, and is generally governed by representatives of its particular community or area. See Regulations sections 1.170A-9(f)(10), (11), and (12).

*A community trust claiming it qualifies as a public charity should check the box on line 8 whether it is structured as a corporation or as a trust.*

**Line 9.** Check the box and complete *Part III* if the organization meets both of the section 509(a)(2) support tests. See the instructions for *Part III* regarding how an organization can qualify as a publicly supported organization under section 509(a)(2).

**Line 10.** Check the box only if the organization has received a ruling from the IRS that it is organized and operated primarily to test for public safety.

**Lines 11 and 11a–11d.** If the organization is a supporting organization, check the box for line 11 and then check the appropriate box for line 11a, 11b, 11c, or 11d to indicate the type of supporting organization it is. The organization must also complete lines 11e and 11f, the table on line 11g, and *Part IV*. If the organization is a Type III non-functionally integrated supporting organization, it must also complete *Part V*.

For more information about supporting organizations, see Regulations sections 1.509(a)-4 and 1.509(a)-4T, and sections 509(a)(3) and 509(f). For a brief overview of the requirements for qualification as a supporting organization, and the different types of supporting organizations, see Pub. 557, Tax Exempt Status for Your Organization, and visit [www.irs.gov/Charities-&-Non-Profits/Section-509\(a\)\(3\)-Supporting-Organizations](http://www.irs.gov/Charities-&-Non-Profits/Section-509(a)(3)-Supporting-Organizations).

Use the information **later** to determine the supporting organization's type. If the

**Expanded reporting for supporting organizations**

organization checks the box on line 11e, the letter the organization received from the IRS identifies its type. If the box checked on any of lines 11a through 11d is different from the type stated in the letter (for example, because the organization has made significant changes to its structure or operations resulting in it no longer qualifying as the type of supporting organization indicated in its letter), provide an explanation in *Part VI*. If the organization does not check the box on line 11e, it should check the box on line 11a, 11b, 11c, or 11d that best describes the type of supporting organization it is.

*All supporting organizations, regardless of type, must be responsive to the needs or demands of one or more supported organizations, and must constitute an integral part of, or maintain a significant involvement in, the operations of one or more supported organizations. Although Type III supporting organizations have specific "responsiveness" and "integral part" tests that must be met, the relationship between a Type I or Type II supporting organization and its supported organization(s) must also include these responsiveness and integral part characteristics. The ability of the supported organization(s) in a Type I or Type II relationship effectively to control the supporting organization's board generally ensures that these characteristics are present. If they are not present, however, do not check any box for lines 11a through 11d. For more information, see Regulations sections 1.509(a)-4(f)(3) and (4).*

• **Type I.** A *Type I supporting organization* is operated, supervised, or controlled by one or more publicly supported organizations. If the organization otherwise qualifies as a supporting organization and can answer "Yes" to the following question, check the box for *Type I*:

Do the supported organizations have a substantial degree of direction over the policies, programs, and activities of the supporting organization, typically by ensuring that the **governing body**, officers, or membership of the supported organizations may regularly appoint or elect a majority of the supporting organization's directors or trustees?

• **Type II.** A *Type II supporting organization* is supervised or controlled in connection with one or more publicly supported organizations. If the organization otherwise qualifies as a supporting organization and can answer "Yes" to the following question, check the box for *Type II*:

Do the same persons, such as directors, trustees, and officers, supervise

Was Line 11h in 2013

or control the **supported organization(s)** and the supporting organization?

• **Type III—Functionally integrated.** Check this box if the organization qualifies as a *Type III* functionally integrated supporting organization by meeting the following requirements:

1. The organization meets the notification requirement described in **Part IV, Section D, line 1**;

2. The organization meets the responsiveness test (both the relationship requirement and the significant voice requirement) described in **Part IV, Section D, lines 2 and 3**; and

3. The organization meets one of the alternative integral part tests described in **Part IV, Section E**.

• **Type III—Non-functionally integrated.** Check this box if the organization qualifies as a *Type III* non-functionally integrated supporting organization by meeting the following requirements:

1. The organization meets the notification requirement described in **Part IV, Section D, line 1**;

2. The organization meets the responsiveness test (both relationship requirement and significant voice requirement) described in **Part IV, Section D, lines 2 and 3**; and

3. The organization meets the integral part test by meeting either (a) the distribution and attentiveness requirements described in **Part V** or (b) the alternative integral part test for certain trusts in existence on November 20, 1970, described in **Part V, line 1**.

**Line 11e.** The organization's exemption letter or subsequent determination letter may state the type of **supporting organization** it is. If it does, check the box on this line. If the letter does not state the type, or if the letter states *Type III* but does not specify whether functionally integrated or non-functionally integrated, leave this line blank.

A grantor to a section 509(a)(3) supporting organization, acting in good faith, can rely on this letter in determining whether the organization is a *Type I*, *Type II*, *Type III functionally integrated*, or *Type III non-functionally integrated* supporting organization. See Rev. Proc. 2011-33, 2011-25 I.R.B. 887 and Notice 2014-4, 2014-2 I.R.B. 274.

**Line 11f.** A supporting organization must be organized and operated exclusively to support or benefit one or more specified publicly supported organizations. Please write in the space provided the number of supported organizations. Include all supported organizations that the organization was organized to support at

any time during the tax year, whether or not they actually received support during the tax year.

**Line 11g.** An organization checking a box on line 11a, 11b, 11c, or 11d must complete the table on line 11g.

• **Columns (i) and (ii).** Enter the name and employer identification number (**EIN**) for each **supported organization** counted on line 11f. If the organization had more than five supported organizations during the tax year, enter the additional organizations on duplicate pages of Schedule A, *Part I*. Use as many duplicate copies as needed, and number each page.

• **Column (iii).** For each supported organization named in column (i), show which line number (from lines 1 through 9) best describes the supported organization. For example, if the organization supported a hospital, enter "3" in column (iii). If the organization supported a federal, state, or local **governmental unit**, or foreign government, enter "6" in column (iii).

• **Column (iv).** Check "Yes" if the supported organization named in column (i) is specifically named as a supported organization in the organization's declaration of trust, articles of incorporation, or other governing document

• **Column (v).** Enter the total amount of monetary support paid to, or for the benefit of, the supported organization named in column (i) during the **tax year**. Such monetary support may include making payments to or for the use of individual members of the charitable class benefited by the supported organization (such as scholarships), and to 501(c)(3) public charities operated, supervised, or controlled directly by or in connection with the supported organization. See Regulations section 1.509(a)-4(e). If no monetary support was provided during the tax year, enter "-0-."

• **Column (vi).** In this column, the organization may (but is not required to) provide an estimate of the fair market value of goods, other property, services, and use of facilities that is provided to or for the benefit of the supported organizations during the tax year. Describe in *Part VI* any such goods, other property, services, and use of facilities, whether or not an amount is reported for them in column (vi).

Reporting estimated values provided to or for the benefit of supported organizations is optional in Column (vi)

## Part II. Support Schedule for Organizations Described in Sections 170(b)(1)(A)(iv) and 170(b)(1)(A)(vi)

If the organization checked a box in Part I, on line 5, 7, or 8, it should complete Part II and insert the appropriate dollar amounts. Do not leave Part II blank or report only zeros if the organization had any support during the period. If the organization checks the box in Part II, on line 13, it should stop there and not complete the rest of Part II.

If the organization checked a box in Part I, on line 5, 7, or 8 and also checks the box in Part II, on line 18, the organization should complete Part III to determine if it qualifies as a publicly supported organization under section 509(a)(2). If it does qualify, the organization should instead check the box in Part I, on line 9.

**Public Support Test.** For an organization to qualify as a publicly supported organization under section 170(b)(1)(A)(vi), either:

- 33 $\frac{1}{3}$ % or more of its total support must come from governmental agencies, contributions from the general public, and contributions or grants from other public charities; or
- 10% or more of its total support must come from governmental agencies, contributions from the general public, and contributions or grants from other public charities and the facts and circumstances indicate it is a publicly supported organization.

**Note.** An organization will not meet either of these public support tests if almost all of its support comes from gross receipts from related activities and an insignificant amount of its support comes from **governmental units** and **contributions** made directly or indirectly by the general public.

Public support is measured using a 5-year computation period that includes the current and four prior tax years (including short years). If the organization's current tax year or any of its four prior tax years were short years, explain in *Part VI*.

If the organization was not a section 501(c)(3) organization for the entire 5-year period in *Part II*, report amounts only for the years the organization was a section 501(c)(3) organization.

**Line 1.** Do not include any "unusual grants." See *Unusual grants*, later. Include membership fees only to the extent to which the fees are payments to provide

Was Line 11f in 2013

support for the organization rather than to purchase admissions, merchandise, services, or the use of facilities. To the extent that the membership fees are payments to purchase admissions, merchandise, services, or the use of facilities in a related activity, report the membership fees on line 12. To the extent that the membership fees are payments to purchase admissions, merchandise, services, or the use of facilities in an unrelated business activity, report the membership fees on line 9. See Regulations section 1.170A-9(f)(7)(iv).

**Include qualified sponsorship payments under section 513(i).**

**Noncash contributions.** Use any reasonable method to determine the value of noncash contributions reported on line 1.

Do not report any donations of services (such as the value of donated advertising space or broadcast air time) or donations of use of materials, equipment, or facilities, on line 1 as gifts, grants, or contributions. Donated services and facilities from a **governmental unit** only are reported on line 3.

**Loss on uncollectible pledge.** If an organization records a loss on an uncollectible pledge that it reported on a prior year's Schedule A, it should deduct that loss from the contribution amount for the year in which it originally counted that contribution as revenue. For example, if in the prior tax year the organization reported a pledged contribution with a then-present value of \$50,000 in *Part II*, line 1, column (e), but learned during the current tax year that it would not receive any of that pledged contribution, it should deduct the \$50,000 from the amount reported in *Part II*, line 1, column (d), for the prior tax year.

**Support from a governmental unit.** Include on line 1 support received from a governmental unit. This includes contributions, but not gross receipts from exercising or performing the organization's tax-exempt purpose or function, which should be reported on line 12. An amount received from a governmental unit is treated as gross receipts from exercising or performing the organization's tax-exempt purpose or function if the purpose of the payment is primarily to serve the direct and immediate needs of the payor governmental unit, and is treated as a contribution, if the purpose is primarily to provide a direct benefit to the public. For example, a payment to maintain library facilities that are open to the public should be treated as a contribution. See Regulations section 1.170A-9(f)(8) and Rev. Rul. 81-276, 1981-2 C.B. 128. Refer to the instructions for Form 990, Part VIII, lines 1e and 2, for more examples addressing the distinction between government payments that are

contributions and government payments that are gross receipts from activities related to the organization's tax-exempt purpose or function. Medicare and Medicaid payments are treated as gross receipts from patients rather than as contributions from the government payor for purposes of the public support test. See Rev. Rul. 83-153, 1983-2 C.B. 48.

**Unusual grants.** Unusual grants generally are substantial contributions and bequests from disinterested persons and are:

1. Attracted because of the organization's publicly supported nature,
2. Unusual and unexpected because of the amount, and
3. Large enough to endanger the organization's status as normally meeting either the 33 $\frac{1}{3}$ % public support test or the 10% facts and circumstances test.

For a list of other factors to be considered in determining whether a grant is an unusual grant, see Regulations section 1.509(a)-3(c)(4).

An unusual grant is excluded even if the organization receives or accrues the funds over a period of years.

Do not report gross investment income items as unusual grants. Instead, include all investment income on line 8.

See Rev. Rul. 76-440, 1976-2 C.B. 58; Regulations section 1.170A-9(f)(6)(ii); and Regulations sections 1.509(a)-3(c)(3) and (4) for details about unusual grants.

Include in *Part VI* a list showing the amount, but not the grantor, of each unusual grant actually received each year (if the cash accounting method is used) or accrued each year (if the accrual accounting method is used).

*Do not include the names of the grantors because Part VI will be made available for public inspection.*

**Unusual grants recordkeeping.** An organization that received any unusual grants during the 5-year period should also keep for its records a list showing, for each year, the name of the contributor, the date and amount of the grant, and a brief description of the grant. If the organization used the cash method for the applicable year, show only the amounts the organization actually received during that year. If the organization used the accrual method for the applicable year, show only the amounts the organization accrued for that year. An example of this list is given later.

*Do not file this list with the organization's Form 990 or 990-EZ because it may be made available for public inspection.*

## Line 1. Example—List of unusual grants

Year	Description
2014	Undeveloped land
Name Mr. Distinguished Donor	
Date of Grant January 15, 2014	
Amount of Grant \$600,000	

**Conservation easements and qualified conservation contributions.** The organization must report any qualified conservation contributions and contributions of conservation easements consistently with how it reports revenue from such contributions in its books, records, and financial statements and in Form 990, Part VIII, *Statement of Revenue*.

**Reporting contributions not reported as revenue.** If the organization reports any contributions on line 1 of Schedule A (Form 990 or 990-EZ), *Part II*, that it does not report on Form 990, as revenue in Part VIII or as assets in Part X, or as revenue or assets on Form 990-EZ, explain in *Part VI* the basis for characterizing such transfers as contributions but not as revenue or assets. For example, if an organization is a community foundation that receives and holds a cash transfer for another tax-exempt organization and reports contributions of such property on Schedule A (Form 990 or 990-EZ), *Part II*, line 1, without reporting it on Form 990, as revenue in Part VIII or assets in Part X, explain the basis for characterizing the property as contributions but not as revenue or assets.

**Line 2.** Enter tax revenue levied for the organization's benefit by a governmental unit and either paid to the organization or expended on its behalf. Report this amount whether or not the organization includes this amount as revenue on its financial statements or elsewhere on Form 990 or 990-EZ.

**Line 3.** Enter the value of services or facilities furnished by a governmental unit to the organization without charge. Do not include the value of services or facilities generally furnished to the public without charge. For example, include the fair rental value of office space furnished by a governmental unit to the organization without charge but only if the governmental unit does not generally furnish similar office space to the public without charge. Report these amounts whether or not the organization includes these amounts as revenue on its financial

statements or elsewhere on Form 990 or 990-EZ.

**Line 5.** Enter in column (f) the portion of total **contributions** by each individual, trust, or corporation included on line 1 for the years reported that exceeds 2% of the amount reported on line 11, column (f). However, the 2% limitation does not apply to contributions from organizations qualifying as publicly supported organizations under section 170(b)(1)(A)(vi), governmental units described in section 170(b)(1)(A)(v), and other organizations, such as the following, but only if they also qualify as publicly supported organizations under section 170(b)(1)(A)(vi):

- Churches described in section 170(b)(1)(A)(i);
- Educational institutions described in section 170(b)(1)(A)(ii);
- Hospitals described in section 170(b)(1)(A)(iii); and
- Organizations operated for the benefit of a college or university owned or operated by a governmental unit described in section 170(b)(1)(A)(iv).

The organization should keep for its records a list showing the name of and amount contributed by each donor (other than a **governmental unit** or publicly supported organization) whose total gifts during the years reported exceed 2% of the amount reported on line 11, column (f). An example of this list is given **later**.

*Do not file this list with the organization's Form 990 or 990-EZ because it may be made available for public inspection.*

**Line 8.** Include the gross income from interest, dividends, payments with respect to securities loans (section 512(a)(5)), rents, royalties, and income from similar sources. Do not include on this line payments that result from activities of the organization that further its exempt purpose. Instead, report these amounts on line 12.

**Line 9.** Enter the organization's net income from conducting **unrelated business** activities, whether or not the activities are regularly conducted as a trade or business. See sections 512 and 513 and the applicable regulations. Include membership fees to the extent they are payments to purchase admissions, merchandise, services, or the use of facilities in an activity that is an unrelated business.

Net income and net losses from all of the organization's unrelated business activities should be aggregated. If a net loss results, enter "-0-" on this line.

**Line 10.** Include all support as defined in section 509(d) that is not included elsewhere in *Part II*. Explain in *Part VI* the

nature and source of each amount reported. Do not include gain or loss from amounts reportable on line 12 or from the sale of capital assets.

**Line 12.** Enter the total amount of gross receipts the organization received from related activities for all years reported in *Part II*. The organization will **not** be treated as meeting the section 170(b)(1)(A)(vi), 33 $\frac{1}{3}$ % public support test or the 10% facts and circumstances public support test, if almost all of its support consists of gross receipts from related activities and an insignificant amount of its support comes from **governmental units** and public **contributions**. See Regulations section 1.170A-9(f)(7)(iii).

Include on line 12 gross receipts from admissions, sales of merchandise, performance of services, or furnishing of facilities in any activity which is not an unrelated trade or business (within the meaning of section 513). See section 509(d)(2). Include membership fees to the extent they are payments to purchase admissions, merchandise, services, or the use of facilities in a related activity. For example, include on this line gross receipts from:

- A trade or business in which substantially all work is performed by **volunteers** (such as book fairs and sales of gift wrap paper). See section 513(a)(1).
- A trade or business carried on by the organization primarily for the convenience of its members, students, patients, **officers**, or **employees**. See section 513(a)(2).
- A trade or business which is the selling of merchandise, substantially all of which the organization received as gifts or **contributions**. See section 513(a)(3).
- "Qualified public entertainment activities" or "qualified convention and trade show activities" of certain organizations. See section 513(d).
- Furnishing certain hospital services. See section 513(e).
- A trade or business consisting of conducting **bingo** games, but only if the conduct of such games is lawful. See section 513(f).
- Qualified pole rentals by a mutual or cooperative telephone or electric company. See section 513(g).
- The distribution of certain low cost articles incidental to the solicitation of charitable contributions (except to the extent such gross receipts are properly treated as charitable contributions reportable on line 1 rather than as proceeds of a sale or exchange), and exchange and rental of members lists. See section 513(h).

**Line 13.** An organization that checks this box should stop here and should not complete the rest of *Part II*. It should not make a public support computation on

line 14 or 15 or check any of the boxes on lines 16 through 18.

**Example.** An organization receives an exemption letter from the IRS that it is exempt from tax under section 501(c)(3) and qualifies as a public charity under section 170(b)(1)(A)(vi) effective on its date of incorporation. When the organization prepares *Part II* for each of its first five tax years as a section 501(c)(3) organization, it should check the box on line 13 and should not complete the rest of *Part II*. When the organization prepares *Part II* for its sixth tax year and subsequent years, it should not check the box on line 13 and should complete the rest of *Part II*.

*An organization in its first five years as a section 501(c)(3) organization should make the public support computations on a copy of Schedule A that it keeps for itself. An organization should carefully monitor its public support on an ongoing basis to ensure that it will meet a public support test in the sixth year and succeeding years.*

**Line 14.** Round to the nearest hundredth decimal point in reporting the percentage of public support. For example, if the organization calculates its public support percentage as 58.3456%, this percentage would be rounded to 58.35% when reported on line 14.

**Line 15.** For 2014 enter the public support percentage from the 2013 Schedule A (Form 990 or 990-EZ), *Part II*, line 14. Round to the nearest hundredth decimal point in reporting the percentage of public support.

**Line 16a.** If the organization did not check the box on line 13, and line 14 is 33 $\frac{1}{3}$ % or more, **check the box on this line and do not complete the rest of *Part II***. The organization qualifies as a publicly supported organization for 2014 and 2015.

**Line 16b.** If the organization did not check a box on line 13 or 16a, and line 15 is 33 $\frac{1}{3}$ % or more, **check the box on this line and do not complete the rest of *Part II***. The organization qualifies as a publicly supported organization for 2014.

**Line 17a.** If the organization did not check a box on line 13, 16a, or 16b, and line 14 is 10% or more, and if the organization meets the "facts and circumstances" test, **check the box on this line and do not complete the rest of *Part II***. The organization qualifies as a publicly supported organization for 2014 and 2015.

If this box is checked, explain in *Part IV* how the organization meets the "facts and circumstances" test in Regulations section

**Line 5. Example—List of donors other than governmental units and publicly supported organizations**

<b>Total.</b> Add the items in column (g). Enter the total here and on Part II, column (f), line 5							\$127,000

1.170A-9(f)(3). Include the following information.

- Explain whether the organization maintains a continuous and *bona fide* program for solicitation of funds from the general public, community, membership group involved, **governmental units**, or other **public charities**.
- List all other facts and circumstances, including the sources of support, whether the organization has a **governing body** which represents the broad interests of the public, and whether the organization generally provides facilities or services directly for the benefit of the general public on a continuing basis.
- If the organization is a membership organization, explain whether the solicitation for dues-paying members is designed to enroll a substantial number of persons from the community, whether dues for individual members have been fixed at rates designed to make membership available to a broad cross-section of the interested public, and whether the activities of the organization will likely appeal to persons having some broad common interest or purpose.

**Line 17b.** If the organization did not check a box on line 13, 16a, 16b, or 17a, and line 15 is 10% or more, and if the organization meets the "facts and circumstances" test, **check the box on this line and do not complete the rest of Part II.** The organization qualifies as a publicly supported organization for 2014. If this box is checked, explain in *Part VI* how the organization meets the "facts and circumstances" test in Regulations section 1.170A-9(f)(3). Include the same information identified in the instructions for line 17a, **earlier.**

**Line 18.** If the organization did not check a box on line 13, 16a, 16b, 17a, or 17b, it

does not qualify as a publicly supported organization under section 170(b)(1)(A)(iv) or 170(b)(1)(A)(vi) for the 2014 tax year and should check the box on this line. If the organization does not qualify as a public charity under any of the boxes in *Part I*, lines 1 through 11, it is a private foundation as of the beginning of the 2014 tax year for filing purposes and should not file Form 990, Form 990-EZ, or Schedule A (Form 990 or 990-EZ) for the 2014 tax year. Instead, the organization should file Form 990-PF and check *Initial return of a former public charity* on Form 990-PF, at the top of page 1.

**TIP** If Form 990 or 990-EZ is for the organization's sixth tax year as a section 501(c)(3) organization, the organization should compute the public support percentage on its Form 990 or 990-EZ for its first five tax years before it checks the box on line 18. If its public support percentage for its first five tax years is 33 $\frac{1}{3}$ % or more, or if it meets the 10% "facts and circumstances" test for its first five tax years, it will qualify as a public charity for its sixth tax year. If the organization qualifies under the 10% test, explain in *Part VI*.

**TIP** If the organization does not qualify as a publicly supported organization under section 170(b)(1)(A)(vi), it can complete *Part III* to determine if it qualifies as a publicly supported organization under section 509(a)(2).

**Part III. Support Schedule for Organizations Described in Section 509(a)(2)**

**TIP** If an organization checked the box in *Part I*, for line 9, it should complete *Part III* and insert the appropriate dollar amounts. Do not leave *Part III* blank or report only zeros if the organization had any support during the period. If the organization checks the box in *Part III*, on line 14, it should stop there and not complete the rest of *Part III*.

**TIP** If the organization checked the box in *Part I*, for line 9, and also checks the box in *Part III*, for line 20, the organization should complete *Part II* to determine if it qualifies as a publicly supported organization under section 170(b)(1)(A)(vi). If it does qualify, the organization should instead check the box in *Part I*, for line 5, 7, or 8, whichever applies.

**Public Support Test.** For an organization to qualify as a publicly supported organization under section 509(a)(2):

- More than 33 $\frac{1}{3}$ % of its support normally must come from gifts, grants, contributions, membership fees, and gross receipts from admissions, sales of merchandise, performance of services, or furnishing of facilities in an activity which is not an **unrelated trade or business** under section 513; and
- No more than 33 $\frac{1}{3}$ % of its support normally must come from gross investment income and net **unrelated business income** (less section 511 tax) from businesses acquired by the organization after June 30, 1975.

Public support is measured using a 5-year computation period that includes the current and four prior tax years (including short years). If the organization's current tax year or any of its four prior tax years were short years, explain in **Part VI**.

In **Part III**, if the organization was not a section 501(c)(3) organization for the entire 5-year period, report amounts only for the years the organization was a section 501(c)(3) organization.

**Line 1.** Do not include any "unusual grants." See **Unusual grants**, later. Include membership fees only to the extent to which the fees are payments to provide support for the organization rather than to purchase admissions, merchandise, services, or the use of facilities. To the extent that the membership fees are payments to purchase admissions, merchandise, services, or the use of facilities in a related activity, include the membership fees on line 2. See Regulations section 1.509(a)-3(h). To the extent that the membership fees are payments to purchase admissions, merchandise, services, or the use of facilities in an activity that is not an **unrelated business** under section 513, report the membership fees on line 3. To the extent that the membership fees are payments to purchase admissions, merchandise, services, or the use of facilities in an activity that is an unrelated business, report the net amount either on line 10b or line 11, as appropriate.

**Noncash contributions.** Use any reasonable method to determine the value of noncash contributions reported on line 1.

Do not report any donations of services (such as the value of donated advertising space or broadcast air time) or donations of use of materials, equipment, or facilities, on line 1 as gifts, grants, or contributions. Donated services and facilities from a **governmental unit** are reported on line 5.

**Loss on uncollectible pledge.** If an organization records a loss on an uncollectible pledge that it reported on a prior year's Schedule A, it should deduct that loss from the contribution amount for the year in which it originally counted that contribution as revenue. For example, if in the prior tax year the organization reported a pledged contribution with a then-present value of \$50,000 in **Part III**, line 1, column (e), but learned during the current tax year that it would not receive any of that pledged contribution, it should deduct the \$50,000 from the amount reported in **Part III**, line 1, column (d), for the prior tax year.

**Support from a governmental unit.** Include on line 1 support received from a **governmental unit**. This includes

**contributions**, but not gross receipts from exercising or performing the organization's tax-exempt purpose or function, which should be reported on line 2. Contributions are sometimes difficult to distinguish from such gross receipts—the label on the agreement is not controlling. An amount received from a governmental unit is treated as gross receipts from exercising or performing the organization's tax-exempt purpose or function if the purpose of the payment is primarily to serve the direct and immediate needs of the payor governmental unit. An amount is treated as a contribution if the purpose of the payment is primarily to provide a direct benefit to the public. For example, if a state government agency pays an organization to operate an institute to train agency employees in the principles of management and administration, the funds received should be included on line 2 as gross receipts. See Regulations section 1.509(a)-3(g). Refer to the instructions for Form 990, Part VIII, lines 1e and 2, for more examples addressing the distinction between government payments that are contributions and government payments that are gross receipts from activities related to the organization's tax-exempt purpose or function. Medicare and Medicaid payments are treated as gross receipts from patients rather than as contributions from the government payor for purposes of the public support test. See Rev. Rul. 83-153, 1983-2 C.B. 48.

**Unusual grants.** Unusual grants generally are substantial **contributions** and bequests from disinterested persons and are:

1. Attracted because of the organization's publicly supported nature,
2. Unusual and unexpected because of the amount, and
3. Large enough to endanger the organization's status as normally meeting the 33 $\frac{1}{3}$ % public support test.

For a list of other factors to be considered in determining whether a grant is an unusual grant, see Regulations section 1.509(a)-3(c)(4).

An unusual grant is excluded even if the organization receives or accrues the funds over a period of years.

Do not report gross investment income items as unusual grants. Instead, include all investment income on line 10a.

See Rev. Rul. 76-440, 1976-2 C.B. 58; Regulations section 1.170A-9(f)(6)(ii); and Regulations sections 1.509(a)-3(c)(3) and 1.509(a)-3(c)(4) for details about unusual grants.

Include in **Part VI** a list showing the amount, but not the grantor, of each unusual grant actually received each year

(if the cash accounting method is used) or accrued each year (if the accrual accounting method is used).

Do not include the names of the grantors because Part VI will be made available for public inspection.

**Unusual grants recordkeeping.** An organization that received any unusual grants during the 5-year period, should also keep for its records a list showing, for each year, the name of the contributor, the date and amount of the grant, and a brief description of the grant. If the organization used the cash method for the applicable year, show only amounts the organization actually received during that year. If the organization used the accrual method for the applicable year, show only amounts the organization accrued for that year. An example of this list is given below.

Do not file this list with the organization's Form 990 or 990-EZ because it may be made available for public inspection.

**Line 1. Example—List of unusual grants**

<b>Year</b> ▶ 2014	<b>Description</b>  Undeveloped land

**Conservation easements and qualified conservation contributions.** The organization must report any qualified conservation contributions and contributions of conservation easements consistently with how it reports revenue from such contributions in its books, records, and financial statements and in Form 990, Part VIII, *Statement of Revenue*.

**Reporting contributions not reported as revenue.** If the organization reports any **contributions** on line 1 of Schedule A (Form 990 or 990-EZ), **Part III**, that it does not report on Form 990, as revenue in Part VIII or as assets in Part X, or as revenue or assets on Form 990-EZ, explain in **Part VI** the basis for characterizing such transfers as contributions but not as revenue or assets. For example, if an organization is a community foundation that receives and holds a cash transfer for another tax-exempt organization and reports contributions of such property on Schedule A (Form 990 or 990-EZ), **Part III**, line 1, without reporting it on Form 990, as

revenue in Part VIII or assets in Part X, explain the basis for characterizing the property as contributions but not as revenue or assets.

**Line 2.** Include gross receipts from admissions, merchandise sold, services performed, or facilities furnished in any activity that is related to the organization's tax-exempt purpose (such as charitable, educational, etc.).

To the extent that membership fees are payments to purchase admissions, merchandise, services, or the use of facilities in a related activity, include the membership fees on this line 2. See Regulations section 1.509(a)-3(h).

**Line 3.** Include gross receipts from activities that are not an unrelated trade or business under section 513, such as:

- A trade or business in which substantially all work is performed by **volunteers** (such as book fairs and sales of gift wrap paper). See section 513(a)(1).
- A trade or business carried on by the organization primarily for the convenience of its members, students, patients, **officers**, or **employees**. See section 513(a)(2).
- A trade or business which is the selling of merchandise, substantially all of which the organization received as gifts or **contributions**. See section 513(a)(3).
- "Qualified public entertainment activities" or "qualified convention and trade show activities" of certain organizations. See section 513(d).
- Furnishing certain **hospital** services. See section 513(e).
- A trade or business consisting of conducting **bingo** games, but only if the conduct of such games is lawful. See section 513(f).
- Qualified pole rentals by a mutual or cooperative telephone or electric company. See section 513(g).

- The distribution of certain low cost articles incidental to the solicitation of charitable contributions (except to the extent such gross receipts are properly treated as charitable contributions reportable on line 1 rather than as proceeds of a sale or exchange), and exchange and rental of members lists. See section 513(h).

While the activity of soliciting and receiving qualified sponsorship payments is also excluded from unrelated business (see section 513(i)), the qualified sponsorship payments themselves are treated as charitable contributions reportable on line 1.

**Line 4.** Enter tax revenue levied for the organization's benefit by a **governmental unit** and either paid to the organization or expended on its behalf. Report this amount whether or not the organization includes this amount as revenue on its **financial statements** or elsewhere on Form 990 or 990-EZ.

**Line 5.** Enter the value of services or facilities furnished by a governmental unit to the organization without charge. Do not include the value of services or facilities generally furnished to the public without charge. For example, include the fair rental value of office space furnished by a governmental unit to the organization without charge, but only if the governmental unit does not generally furnish similar office space to the public without charge. Report these amounts whether or not the organization includes these amounts as revenue on its financial statements or elsewhere on Form 990 or 990-EZ.

**Line 7a.** Enter the amounts that are included on lines 1, 2, and 3 that the organization received from disqualified persons. See the definition of **disqualified**

**person** in the *Glossary* of the Instructions for Form 990.

For amounts included on lines 1, 2, and 3 that were received from a disqualified person, the organization should keep for its records a list showing the name of, and total amounts received in each year from, each disqualified person. Enter the total of such amounts for each year on line 7a. See an example of this list above.

*Do not file this list with the organization's Form 990 or 990-EZ because it may be made available for public inspection.*

**Line 7b.** For any gross receipts included on lines 2 and 3 from related activities received from a person or from a bureau or similar agency of a **governmental unit**, other than from a **disqualified person**, that exceed the greater of \$5,000 or 1% of the amount on line 13 for the applicable year, enter the excess on line 7b. The organization should keep for its records a list showing, for each year, the name of the person or government agency, the amount received during the applicable year, the larger of \$5,000 or 1% of the amount on line 13 for the applicable year, and the excess, if any. See an example of this list above.

*Do not file this list with the organization's Form 990 or 990-EZ because it may be made available for public inspection.*

**Line 10a.** Include the gross income from interest, dividends, payments received on securities loans (section 512(a)(5)), rents, royalties, and income from similar sources. Do not include on this line payments that result from activities of the organization that further its exempt purpose. Instead, report these amounts on line 2.

**Line 10b.** Enter the excess of the organization's **unrelated business taxable income** (as defined in section 512) from trades or businesses that it acquired or commenced after June 30, 1975, over the amount of tax imposed on this income under section 511. Include membership fees to the extent they are payments to purchase admissions, merchandise, services, or the use of facilities in an unrelated business activity that is a trade or business that was acquired or commenced after June 30, 1975.

Net income and net losses from all of these trades or businesses should be aggregated. If a net loss results, enter "0-" on this line. See Regulations section 1.509(a)-3(a)(3).

**Line 11.** Enter the organization's net income from conducting **unrelated business** activities not included on line 10b, whether or not the activities are regularly conducted as a trade or business. **Do not include net income from conducting trades or businesses acquired or commenced by the organization prior to July 1, 1975.** See sections 512, 513, and 514, and the applicable regulations. Include membership fees to the extent they are payments to purchase admissions, merchandise, services, or the use of facilities in an activity that is an unrelated business not included on line 10b.

Net income and net losses from all of the organization's unrelated business activities should be aggregated. If a net loss results, enter "0-" on this line.

**Line 12.** Include all support as defined in section 509(d) that is not included elsewhere in *Part III*. Explain in *Part VI* the nature and source of each amount reported. Do not include gain or loss from sale of capital assets.

**Line 14.** An organization that checks this box should stop here and should not complete the rest of *Part III*. It should not make a public support computation on line 15 or 16 or an investment income computation on line 17 or 18, or check any of the boxes for line 19 or 20.

**Example.** An organization receives an exemption letter from the IRS that it is exempt from tax under section 501(c)(3) and qualifies as a **public charity** under section 509(a)(2) effective on its date of incorporation. When the organization prepares *Part III* for its first five tax years, it should check the box on line 14 and should not complete the rest of *Part III*. When the organization prepares *Part III* for its sixth tax year and subsequent years, it should not check the box on line 14 and should complete the rest of *Part III*.

Deleted reference to the elimination of the alternative test for substantial and material changes in support

An organization in its first five years as a section 501(c)(3) organization should make the public support and investment income computations on a copy of Schedule A (Form 990 or 990-EZ) that it keeps for itself. An organization should carefully monitor its public support on an ongoing basis to ensure that it will meet the public support tests in the sixth year and succeeding years.

**Line 15.** Round to the nearest hundredth decimal point in reporting the percentage of public support. For example, if the organization calculates its public support percentage as 58.3456%, this percentage would be rounded to 58.35% when reported on line 15.

**Line 16.** For 2014, enter the public support percentage from the 2013 Schedule A (Form 990 or 990-EZ), *Part III*, line 15. Round to the nearest hundredth decimal point in reporting the percentage of public support.

**Line 17.** Round to the nearest whole percentage.

**Line 18.** For 2014, enter the investment income percentage from the 2013 Schedule A (Form 990 or 990-EZ), *Part III*, line 17. Round to the nearest whole percentage.

**Line 19a.** If the organization did not check the box on line 14, line 15 is more than 33%, and line 17 is not more than 33%, **check the box on this line and do not complete the rest of this schedule.** The organization qualifies as a publicly supported organization for 2014 and 2015.

**Line 19b.** If the organization did not check the box on line 14 or 19a, line 16 is more than 33%, and line 18 is not more than 33%, **check the box on this line and do not complete the rest of this schedule.** The organization qualifies as a publicly supported organization for 2014.

**Line 20.** If the organization did not check the box on line 14, 19a, or 19b, it does not qualify as a publicly supported organization under section 509(a)(2) for the 2014 tax year and should check the box on this line. If the organization does not qualify as a public charity under any of the boxes on Schedule A (Form 990 or 990-EZ), *Part I*, lines 1 through 11, it is a private foundation for filing purposes as of the beginning of the tax year and should not file Form 990, Form 990-EZ, or Schedule A (Form 990 or 990-EZ) for the 2014 tax year. Instead, the organization should file Form 990-PF, and check *Initial return of a former public charity* on Form 990-PF, at the top of page 1.

If Form 990 or 990-EZ is for the organization's sixth tax year as a section 501(c)(3) organization, and it checked the box on line 20, it should compute the public support percentage and the investment income percentage on its Form 990 for its first five tax years. If its public support percentage for its first five tax years is more than 33% and the investment income percentage for its first five tax years is not more than 33%, it will qualify as a public charity for its sixth tax year. If the organization qualifies in this manner, explain in Part VI.

If the organization does not qualify as a publicly supported organization under section 509(a)(2), it can complete Part II to determine if the organization qualifies as a publicly supported organization under section 170(b)(1)(A)(vi).

## Part IV. Supporting Organizations

Complete the Sections of Part IV that correspond below with the type of supporting organization indicated on line 11a, 11b, 11c, or 11d:

- Type I: Sections A and B;
- Type II: Sections A and C;
- Type III Functionally Integrated: Sections A, D, and E; and
- Type III Non-Functionally Integrated: Sections A and D, and Part V.

### Section A. All Supporting Organizations

**Line 1.** The organization's articles of incorporation or trust instrument must designate the publicly supported organization(s) on whose behalf the supporting organization is operated. The articles of a Type I or II supporting organization may designate its supported organization(s) either by class or purpose or by name. The articles of a Type III supporting organization must designate the supported organization(s) by name, unless a historic and continuing relationship exists between the organizations.

Check "Yes" only if the organization supports no organization other than those listed by name in its governing instrument. If the organization supports any organization not specifically listed, check "No" and describe in *Part VI* how the supported organizations are designated. If designated by class or purpose, describe the class or purpose. If the organization and its supported organization(s) have a historic and continuing relationship, explain that relationship. If support of one or more organizations is subject to certain future contingencies, explain those contingencies, and explain what

organizations will be supported or benefited if those contingencies occur.

**Line 2.** If the organization supported any domestic or foreign organization (other than an organization described in section 501(c)(4), (5), or (6)) that did not have an IRS determination of status under section 509(a)(1) or (2), check “Yes” and explain in *Part VI* how the organization determined that the supported organization was described in section 509(a)(1) or (2) and why the supported organization does not have such an IRS determination (for example, because it has applied for but not yet received such a determination, or it is not required to obtain recognition of its public charity status because it is a church, a State university, or described in section 4948(b)).

**Line 3a.** A supporting organization may support an organization described in section 501(c)(4), (5), or (6), if the supported organization satisfies the public support tests applicable to a section 509(a)(2) organization. See Regulations section 1.509(a)-4(k) and the instructions for *Part III*. If the organization supports a section 501(c)(4), (5), or (6) organization, check “Yes” for line 3a.

**Line 3b.** If the organization confirmed that the supported organization qualified under section 501(c)(4), (5), or (6) and met the section 509(a)(2) public support test for its most recent tax year, check “Yes” and describe in *Part VI* how the organization made this determination. For example, the organization may ask its section 501(c)(4), (5), or (6) supported organization to furnish a copy of its IRS determination letter and to complete annually a *pro forma* Schedule A, *Part III*, and keep the letter and support calculation in the supporting organization’s files.

If the supporting organization does not annually confirm that its supported organization satisfies the section 509(a)(2) public support test, it must explain in *Part VI* how it knows that the supported organization would have been described in section 509(a)(2) if it were described in section 501(c)(3) during the tax year.

**Line 3c.** Support given to a supported section 501(c)(4), (5), or (6) organization must be used solely for charitable purposes. If the supporting organization has put into place measures to ensure that such support is used solely for charitable purposes, check “Yes” and describe those measures in *Part VI*. If not, check “No” and describe in *Part VI* how the supporting organization ensured during the tax year that its assets were used solely for charitable purposes.

**Line 4a.** A supporting organization cannot qualify for Type III status in the tax year if any supported organization was not organized in the United States.

**Lines 4b and 4c.** A supporting organization must exercise control and discretion over funds granted to an organization that is not exempt under section 501(c)(3). See Rev. Rul. 68-489, 1968-2 C.B. 210. Also, a domestic charity generally must exercise control and discretion over funds granted to a foreign organization. See Rev. Rul. 63-252, 1963-2 C.B. 101, and Rev. Rul. 66-79, 1966-1 C.B. 48.

Explain in *Part VI* how the organization retained such control and discretion despite being controlled or supervised by or in connection with such foreign supported organization(s). Also explain what controls the organization used to ensure that all support to the foreign supported organization(s) was used exclusively for charitable, educational, etc. purposes described in section 170(c)(2)(B) if the foreign supported organization does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2).

**Line 5.** Supporting organizations may add, substitute, or remove supported organizations only in certain limited situations. See Regulations section 1.509(a)-4(d). Generally, a Type I or Type II supporting organization may add or substitute particular supported organizations within the class or classes designated in its articles, but may not add or substitute supported organizations outside of the designated class(es). A Type III supporting organization, which must specify its supported organizations by name, may only substitute supported organizations if such substitution is conditioned upon the occurrence of an event which is beyond the control of the supporting organization (such as a supported organization’s lapse into private foundation status).

If the organization has added, substituted, or removed any supported organization during the tax year, check “Yes” and provide detail in *Part VI*, including (i) the names and EINs of the organizations added, substituted, or removed; (ii) the reasons for each addition, substitution, or removal; (iii) the authority under the organization’s organizing document for each addition, substitution, or removal; and (iv) an explanation of how the action was accomplished (such as by amendment to the organizing document substituting a new supported organization).

**Line 6.** A supporting organization must engage solely in activities that support or benefit its supported organization(s). In addition to making grants and providing services and facilities directly to its supported organization(s), a supporting organization generally may also make grants or provide services or facilities to

(1) individual members of the charitable class benefited by its supported organization(s) or (2) other supporting organizations that also support or benefit its supported organization(s). See Regulations section 1.509(a)-4(e). If the organization made any grants or provided any benefits to any other organization or individual, check “Yes” and provide detail in *Part VI*.

**Lines 7 and 8.** Under section 4958(c)(3), any grant, loan, compensation, or other similar payment provided by a supporting organization to a substantial contributor (defined in section 4958(c)(3)(C)), to a family member (defined in section 4958(f)(4)), and to a **35% controlled entity** of such persons, is considered a *per se* excess benefit in its entirety, regardless of the fairness or reasonableness of the payment, and is subject to tax under section 4958(a). The same is true of any loan by a supporting organization to a **disqualified person** under section 4958 (other than loans to certain exempt organizations). If the organization made any such payment or loan during the tax year, check “Yes” and report the transaction on Schedule L (Form 990 or 990-EZ), Transactions With Interested Persons, Part I. For more information on excess benefit transactions generally, see the Instructions for Schedule L.

**Line 9.** A supporting organization may not be controlled by **disqualified persons**, as defined in section 4946. Section 509(a)(1) or (2) organizations, and foundation managers who are disqualified persons only as a result of being foundation managers, are not treated as disqualified persons for this purpose. Impermissible control may be direct or indirect. If a disqualified person holds any of the interests described in lines 9b or 9c, or derives personal benefit from any such assets, provide detail in *Part VI*.

**Line 10.** Under section 4943(f), a Type II supporting organization that accepts a contribution from a person who controls the governing body of a supported organization (or from a family member of such person, or from a **35% controlled entity** of such person) is subject to the excess business holdings tax under section 4943. All Type III non-functionally integrated supporting organizations generally are also subject to the tax. For more information about excess business holdings, see the Instructions for Form 4720, Return of Certain Excise Taxes Under Chapters 41 and 42 of the Internal Revenue Code.

**Line 11.** Section 509(f)(2) prohibits Type I and Type III supporting organizations from accepting a gift or contribution from certain persons associated with a supported organization of such supporting

organization. Specifically, if a Type I or Type III supporting organization accepts a contribution after August 16, 2006, from a person who controls the governing body of a supported organization (or from a family member of such person, or from a **35% controlled entity** of such persons), then the supporting organization loses its status as a supporting organization. Such supporting organization must file Form 990-PF unless it qualifies as a public charity under section 509(a)(1) or (2).

## Section B. Type I Supporting Organizations

**Line 1.** A Type I supporting organization must be operated, supervised, or controlled by one or more of its supported organizations (the “controlling supported organizations”). This means that the controlling supported organizations must have a substantial degree of direction over the policies, programs, and activities of the supporting organization, and the supporting organization in turn must be responsive to the needs or demands of the controlling supported organizations, and must constitute an integral part of, or maintain a significant involvement in, the operations of the controlling supported organizations. This relationship is most clearly established when one or more supported organizations (through their officers, directors, trustees, or membership) have the unconditional power to remove and replace at least a majority of the supporting organization’s directors or trustees at any time. The relationship is also commonly established when one or more supported organizations have the power to appoint or elect at least a majority of the supporting organization’s directors or trustees at regular intervals. However, there may be other ways to establish this relationship. If the organization relies on other ways to establish the relationship, check “No” and describe in *Part VI* how the necessary relationship is established.

**Line 2.** The supporting organization may benefit organizations that do not participate in the control relationship described in line 1, but only if such activity carries out the purposes of the controlling supported organizations.

## Section C. Type II Supporting Organizations

**Line 1.** A Type II supporting organization must be supervised or controlled in connection with its supported organization(s). This means that there must be common supervision or control by the persons supervising or controlling both the supporting organization and the supported organization(s) to ensure that the supporting organization will be responsive to the needs and requirements

of the supported organization(s). This relationship is most clearly established when the same persons serve as all or a majority of the directors or trustees of all of the organizations involved. However, there may be other ways to establish this relationship. If the organization relies on other than overlap of at least a majority of directors or trustees of all organizations involved, check “No” and describe in *Part VI* how the necessary relationship is established.

## Section D. All Type III Supporting Organizations

**Line 1.** A Type III supporting organization must supply annually a written notice, addressed to a principal officer of each supported organization, which includes the following:

1. A description of the type and amount of all support the supporting organization provided to the supported organization during the supporting organization’s tax year preceding the tax year in which the notice is provided.
2. A copy of the supporting organization’s most recently filed Form 990 (the supporting organization may redact the names and addresses of contributors).
3. A copy of the supporting organization’s updated governing documents (including articles of organization, bylaws, and any amendments), to the extent not previously provided.

See Regulations section 1.509(a)-4(i)(2). The notice must be submitted by the last day of the fifth month of the supporting organization’s tax year being reported (May 31 for calendar-year filers). An organization that does not timely submit the required information in the required manner does not qualify as a Type III supporting organization for the tax year in which it fails to timely submit. See, however, Regulations section 301.9100-3 with respect to late elections.

State whether during the tax year being reported the organization provided a timely notice with the required information in the required manner.

**Lines 2 and 3.** A Type III supporting organization must be responsive to the needs or demands of a supported organization. An organization meets this responsiveness test with regard to a particular supported organization if:

1. The supported organization has an *adequate relationship* with the supporting organization because:
  - a. The supported organization regularly appoints or elects (whether or not during the tax year) at least one

officer, director, or trustee of the supporting organization;  
b. At least one member of the governing body of the supported organization also serves as an officer, director, or trustee of the supporting organization; or  
c. The officers, directors, or trustees of the supporting organization and of the supported organization maintain a close and continuous working relationship; and

2. Because of this relationship, the supported organization has a *significant voice* in the supporting organization’s investment policies, timing of grants, manner of making grants, selection of grant recipients, and other use of income or assets (the “significant voice” test).

In the case of a supporting organization that supported a supported organization before November 20, 1970, additional facts and circumstances such as a historic and continuing relationship between the organizations may also be taken into account in considering the responsiveness test.

If the organization had an adequate relationship with at least one supported organization only by means of a “close and continuous working relationship” or a “historic and continuing relationship,” then in *Part VI* explain the relationship and how it was maintained. Also, all Type III supporting organizations that claim to meet the significant voice test must describe in *Part VI* the voice or role of the supported organization(s) in directing the supporting organization’s use of its income or assets.

## Section E. Type III Functionally Integrated Supporting Organization

**Line 1.** A Type III supporting organization must constitute an integral part of one or more of its supported organizations by maintaining significant involvement in its operations and providing support on which the supported organization is dependent. To satisfy this requirement as a Type III functionally integrated supporting organization, an organization may (a) pass an Activities Test (see instructions for *Line 2*, later), (b) be the parent of its supported organizations (see instructions for *Line 3*, later), or (c) support one or more governmental entities (see *Support of governmental entity*, later). If the organization cannot satisfy any of these tests, it may still qualify as a Type III non-functionally integrated supporting organization (see *Part V*, later).

**Support of governmental entity.** A Type III supporting organization meets the integral part test for a functionally integrated supporting organization if it (1)

supports at least one supported organization that is a governmental entity to which the supporting organization is responsive (as discussed in instructions for *Section D, lines 2 and 3*, earlier) and (2) engages in activities for or on behalf of such governmental supported organization that performs the functions or carries out the purposes of such governmental supported organization and that, but for the involvement of the supporting organization, would normally be engaged in by the governmental supported organization itself. See Notice 2014-4. A Type III supporting organization that claims to meet the integral part test for a functionally integrated supporting organization by supporting a governmental entity must describe in *Part VI* how it met these requirements for the tax year.

**Line 2. Activities Test.** To meet the activities test of a Type III functionally integrated supporting organization, substantially all of the supporting organization's activities must (1) *directly further* the exempt purposes of the supported organization(s) to which the supporting organization was responsive, and (2) be activities that such supported organization(s) would normally be engaged in *but for* the supporting organization's involvement.

**Direct furtherance.** Substantially all of the supporting organization's activities must be "direct furtherance" activities. Direct furtherance activities are conducted by the supporting organization itself, rather than by a supported organization. Holding title to exempt-use assets and managing them are direct furtherance activities. Fundraising, investing and managing non-exempt-use assets, grant-making to organizations, and grant-making to individuals (unless it meets the requirements of Regulations section 1.509(a)-4(i)(4)(ii)(D)) are not direct furtherance activities.

**But for.** In addition, the direct furtherance activities must be activities in which, but for the supporting organization's involvement, the supported organization would normally be involved.

Examples include holding and managing facilities used by a church for its religious purposes, operating a food pantry for a group of churches that normally would operate food pantries themselves, and maintaining local parks for a community foundation that otherwise would maintain those parks. See Regulations section 1.509(a)-4(i)(4)(v) for more detailed examples.

**Line 3. Parent of Supported Organizations.** To qualify as the parent of all the supported organizations, a supporting organization must (1) have the power to

appoint or elect, directly or indirectly, a majority of the officers, directors, or trustees of every supported organization; and (2) exercise a substantial degree of direction over the policies, programs, and activities of every supported organization.

## Part V. Type III Non-Functionally Integrated 509(a)(3) Supporting Organizations

A Type III supporting organization (other than a Type III functionally integrated supporting organization) generally must satisfy a distribution requirement described in Regulations section 1.509(a)-4(i)(5)(ii) along with an attentiveness requirement described in Regulations section 1.509(a)-4(i)(5)(iii) to meet the integral part test for a Type III relationship. To satisfy the distribution requirement, the organization must make a minimum amount (distributable amount) of distributions to or for the use of one or more supported organizations. Carryovers of excess distributions from certain prior years may be used for this purpose.

Sections A through E of *Part V* show whether the organization has satisfied its distribution and attentiveness requirements for its tax year. Sections A and B determine the organization's adjusted net income and minimum asset amount, which amounts are used in determining the distributable amount in Section C. Section D determines the organization's distributions that count toward the distributable amount and determines whether the attentiveness requirement is met. Section E determines whether the distributable amount is satisfied through current distributions and prior-year carryovers, and determines carryovers to future years.

A trust is excepted from the general distribution and attentiveness requirements (and need not complete Sections A through E) if on November 20, 1970, it met and continues to meet the requirements set forth in Regulations section 1.509(a)-4(i)(9). A trust that claims this status by checking the box on line 1 at the beginning of *Part V* must explain in *Part VI* how it meets each of the requirements. A trust that has obtained a ruling from the IRS on this issue must so indicate in *Part VI*.

### Section A. Adjusted Net Income

The principles of section 4942(f) and Regulations section 53.4942(a)-2(d) apply in determining adjusted net income. See Regulations section 1.509(a)-4T(i)(5)(ii)(B).

**Prior and current year columns.** The organization's adjusted net income for the prior tax year is used in determining the

organization's distributable amount for the current tax year. The form also allows for reporting the organization's adjusted net income for the current tax year for use in next year's calculations; this reporting is optional but may be helpful if the organization anticipates being required to complete *Part V* next year.

**Definition.** Adjusted net income is gross income for the tax year less deductions allowable to a corporation subject to tax under section 11, with certain modifications discussed in the line instructions later. In computing gross income and deductions, the principles of the income tax provisions of the Code apply (except to the extent inconsistent with section 4942 or the underlying regulations), but exclusions, deductions, and credits are not allowed unless expressly provided for under section 4942 or the underlying regulations. See Regulations section 53.4942(a)-2(d)(1).

**Line 1.** Report the organization's net short-term capital gain, if any. Long-term capital gains and losses from the sale or disposition of property are not taken into account in determining adjusted net income (unless reportable on line 2 as recoveries of prior-year distributions). Net short-term capital loss cannot be carried back or forward to other tax years. Amounts treated as long-term capital gains include capital gain dividends from a regulated investment company and net section 1231 gains (but net section 1231 losses are treated as ordinary losses and thus taken into account). If the fair market value of property distributed for charitable purposes exceeds adjusted basis, the excess is not deemed includible in income.

**Adjusted basis.** The adjusted basis for purposes of determining gain from the sale or other disposition of property is the greater of:

1. The fair market value of such property on August 17, 2006, plus or minus all adjustments thereafter and before the date of disposition under sections 1011-1023, if the property was held continuously from August 17, 2006, to the date of disposition.

2. The adjusted basis under sections 1011-1023, without regard to section 362(c). If assets acquired before August 17, 2006, were subject to depreciation or depletion, to determine the adjustments to basis between the date of acquisition and August 17, 2006, straight line depreciation or cost depletion must be taken into account. Any other adjustments that would have been made during such period (such as a change in useful life based upon additional data or a change in facts) must also be taken into account.

The adjusted basis for purposes of determining loss is only the amount described in item 2 above.

**Line 2.** Recoveries of prior-year distributions include the following:

- Repayments received of amounts which were taken into account as a distribution counting toward the distribution requirement in a prior tax year.
- Proceeds from the sale or disposition of property to the extent that acquisition of such property was taken into account as a distribution counting toward the distribution requirement in a prior tax year.
- An amount set aside and taken into account as a distribution counting toward the distribution requirement in a prior tax year to the extent it is determined that such amount is not necessary for the purposes for which it was set aside.

**Line 3.** Report all other gross income.

Gross income includes all amounts derived from, or in connection with, property held by the organization (except as specified otherwise in the instructions for *Line 1*). Include income from any related or unrelated trade or business. Include income from tax-exempt bonds. Do not include the following:

- Gifts, grants, or contributions received.
- Long-term capital gains or losses or net short-term capital losses.
- Income received from an estate, unless the estate is considered terminated due to a prolonged period of administration.
- Distributions from a trust created and funded by another person.
- Certain amounts received by an organization in the redemption of stock in a corporate disqualified person in order to avoid excess business holdings, which are treated as not essentially equivalent to a dividend under section 302(b)(1) (and thus as amounts received in exchange for the stock, giving rise to long-term capital gain or loss) if the conditions of Regulations section 53.4942(a)-2(d)(2)(iv) are met.

**Line 5.** The deduction for depreciation under section 167 is allowed, but only on the basis of the straight-line method. The deduction for depletion under section 611 is allowed, but without regard to section 613 (percentage depletion).

**Lines 6 and 7.** No deduction is allowed except ordinary and necessary expenses paid or incurred for the production or collection of gross income, or for the management, conservation, or maintenance of property held for the production of income. Such expenses may include operating expenses such as compensation of officers and employees, interest, rent, and taxes. Where only a portion of property produces income (or is held for the production of income) and the remainder is used for charitable purposes,

the expenses must be apportioned between exempt and non-exempt use on a reasonable basis.

Do not deduct the following:

- Net losses from a related business or other charitable activity that produces gross income (no deduction in excess of the income from such activity).
  - Charitable contributions under sections 170 or 642.
  - Net operating loss carrybacks and carryovers under section 172.
  - Dividends under section 241 and the sections following it (the dividends-received deductions for corporations).
  - Net capital losses (short-term or long-term).
- Expenses and interest relating to tax-exempt income under section 265 are deductible.

## Section B. Minimum Asset Amount

The rules for determining the supporting organization's minimum asset amount are set forth in Regulations sections 1.509(a)-4T(i)(5)(ii)(C) and 1.509(a)-4T(i)(8), using valuation methods described in Regulations section 53.4942(a)-2(c).

**Prior and current year columns.** The organization's minimum asset amount for the prior tax year is used in determining the organization's distributable amount for the current tax year. The form also allows for reporting the organization's minimum asset amount for the current tax year for use in next year's calculations; this reporting is optional but may be helpful if the organization anticipates being required to complete *Part V* next year.

**Definition.** In figuring the minimum asset amount, include only assets of the supporting organization that are not used or held for use by the supporting organization (or by a supported organization, if the supporting organization provides the asset free of charge or at nominal rent) to carry out the exempt purposes of the supported organization(s). Assets held for the production of income or for investment are not considered to be used directly for charitable functions even though the income from the assets is used for charitable functions. It is a factual question whether an asset is held for the production of income or for investment rather than used or held for use directly by the supporting organization or a supported organization for charitable purposes. For example, an office building used to provide offices for employees engaged in managing endowment funds for the supporting organization or supported organization is not considered an asset used for charitable purposes.

**Dual-use property.** When property is used for both charitable and other purposes, the property is considered used entirely for charitable purposes if 95% or more of its total use is for that purpose. If less than 95% of its total use is for charitable purposes, a reasonable allocation must be made between charitable and non-charitable use.

**Excluded property.** Certain assets (in addition to exempt-use assets) are excluded entirely from the computation of the minimum asset amount. These include charitable pledges and interests in an estate or trust (created and funded by another person) prior to distribution to the supporting organization.

**Line 1a.** Report on line 1a the average monthly fair market value of securities (such as common and preferred stock, bonds, and mutual fund shares) for which market quotations are readily available. A supporting organization may use any reasonable method to make this determination if consistently used. For example, a value for a particular month might be determined by the closing price on the first or last trading day of the month or an average of the closing prices on the first and last trading days of the month. Market quotations are considered readily available if a security is any of the following:

- Listed on the New York or American Stock Exchange or any city or regional exchange in which quotations appear on a daily basis, including foreign securities listed on a recognized foreign national or regional exchange,
- Regularly traded in the national or regional over-the-counter market for which published quotations are available, or
- Locally traded, for which quotations can be readily obtained from established brokerage firms.

If securities are held in trust for, or on behalf of, a supporting organization by a bank or other financial institution that values those securities periodically using a computer pricing system, the organization may use that system to determine the value of the securities. The system must be acceptable to the IRS for federal estate tax purposes.

**Line 1b.** Compute cash balances on a monthly basis by averaging the amount of cash on hand on the first and last days of each month. Include all cash balances and amounts, even if they may be used for charitable purposes (see instructions for *Line 4*, later) or set aside and taken as a distribution (see instructions for *Line 5*, Section D, later).

**Line 1c.** The fair market value of assets other than securities for which market quotations are readily available is determined annually except as described

later. The valuation may be made by supporting organization employees or by any other person even if that person is a disqualified person. If the IRS accepts the valuation, it is valid only for the tax year for which it is made. A new valuation is required for the next tax year.

**Valuation date.** An asset required to be valued annually may be valued as of any day in the supporting organization's tax year, provided the organization values the asset as of that date in all tax years. However, a valuation of real estate determined on a 5-year basis by a certified, independent appraisal (discussed later) may be made as of any day in the first tax year of the organization to which the valuation applies.

**Proration of value of assets held for part of year or in a short tax year.** The value of an asset held less than a full tax year is prorated by multiplying the value of the asset by a fraction, of which the numerator is the number of days the organization held the asset during its tax year, and the denominator is 365 (366 if the tax year includes February 29). If the supporting organization has a short tax year, the value of all assets is accordingly prorated.

**5-year valuation for real estate.** A written, certified, and independent appraisal of the fair market value of any real estate, including any improvements, may be determined on a 5-year basis by a qualified person. The qualified person may not be a disqualified person with respect to the supporting organization or an employee of the supporting organization.

Commonly accepted valuation methods must be used in making the real estate appraisal. A valuation based on acceptable methods of valuing property for federal estate tax purposes will be considered acceptable.

The real estate appraisal must include a closing statement that, in the appraiser's opinion, the appraised assets were valued according to valuation principles regularly employed in making appraisals of such property, using all reasonable valuation methods. The supporting organization must keep a copy of the independent appraisal for its records. If a valuation is reasonable, the organization may use it for the tax year for which the valuation is made and for each of the four following tax years.

Any valuation of real estate by a certified independent appraisal may be replaced during the 5-year period by a subsequent 5-year certified independent appraisal or by an annual valuation as described earlier. The most recent valuation should be used to compute the organization's minimum asset amount.

If the valuation is made according to the above rules, the IRS will continue to accept it during the 5-year period for which it applies even if the actual fair market value of the real estate changes during the period.

**Line 1e.** If the fair market value of any securities, real estate holdings, or other assets reported on lines 1a and 1c reflects a blockage discount, marketability discount, or other reduction from full fair market value because of the size of the asset holding or any other factor, enter on line 1e the aggregate amount of the discounts claimed. Provide an explanation in *Part VI* that includes the following information for each asset or group of assets involved:

1. A description of the asset or asset group (for example, 20,000 shares of XYZ, Inc., common stock),
2. For securities, the percentage of the total issued and outstanding securities of the same class that is represented by the organization's holding,
3. The fair market value of the asset or asset group before any claimed blockage discount or other reduction,
4. The amount of the discount claimed, and
5. An explanation of the reason for the discount.

In the case of securities, there are certain limitations on the size of the reduction in value that can be claimed. The organization may reduce the fair market value of securities only to the extent that it can establish that the securities could only be liquidated in a reasonable period of time at a price less than the fair market value because:

- The securities are such a large block that liquidation would depress the market,
- The securities are in a closely held corporation, or
- The sale would result in a forced or distress sale.

Any reduction in value of securities may not exceed 10% of the fair market value (determined without regard to any reduction in value).

**Line 2.** Enter the total acquisition indebtedness that applies to assets included on line 1 (prorated in the case of assets held for a portion of the year or in a short tax year). For details on acquisition indebtedness, see section 514(c)(1).

**Line 4.** Supporting organizations may exclude from the minimum asset amount the reasonable cash balances necessary to cover current administrative expenses and other normal and current disbursements directly connected with the charitable, educational, or other similar activities. The amount of cash that may be excluded is generally 1.5% of the fair

market value of all assets (minus any acquisition indebtedness). However, if under the facts and circumstances an amount larger than the deemed amount is necessary to pay expenses and disbursements, then the organization may enter the larger amount instead (prorated in the case of a short tax year). If the organization uses a larger amount, explain why in *Part VI*.

**Line 7.** Enter the amount of recoveries (if any) reportable in Section A, line 2.

## Section C. Distributable Amount

The organization's distributable amount for the current tax year is ordinarily the greater of:

1. 85% of its adjusted net income for the prior tax year or
2. Its minimum asset amount for the prior tax year,

less income taxes imposed on the organization during the prior tax year. See Regulations section 1.509(a)-4T(i)(5)(ii)(B).

**First tax year.** The distributable amount for the first tax year that an organization is treated as a non-functionally integrated Type III supporting organization is zero rather than the amount as ordinarily determined. Such organization should check the box on line 7. However, an organization that was a non-functionally integrated Type III supporting organization in its tax year beginning in 2012 and/or 2013 (or was treated as meeting such requirements because it met the requirements of Regulations section 1.509(a)-4(i)(3)(iii) as in effect prior to December 28, 2012) cannot check the box on line 7. Also, the distributable amount as ordinarily determined applies to every organization for purposes of determining whether the organization has an excess of distributions in its tax year that can be carried over to future years. Thus, the distributable amount as ordinarily determined is reported in Sections C and E.

**Emergency temporary reduction.** In cases of disaster or emergency, the IRS may provide for a temporary reduction in the distributable amount by publication in the Internal Revenue Bulletin. In these cases, the reduced amount should be reported on line 6 and the reduction noted in *Part VI*.

## Section D. Distributions

Section D sets forth the supporting organization's distributions that count toward its distribution requirement, and determines whether the attentiveness requirement is met. The amount of a distribution made to a supported organization is the amount of cash or fair

market value of property on the date of distribution. The organization must use the cash method of accounting for this purpose. See Regulations section 1.509(a)-4(i)(6).

**Line 1.** Report amounts paid to supported organizations to accomplish their exempt purposes. Distributions furthering the “exempt” purposes of supported organizations not described in section 501(c)(3) refer solely to distributions for section 501(c)(3) purposes.

**Line 2.** Report amounts paid to perform any activity that directly furthers exempt purposes of supported organizations and that would otherwise normally be engaged in by the supported organizations, but only to the extent that expenses from the activity exceed income from the activity. See the Schedule A, Part IV, Section E, line 2 instructions on “direct furtherance” activities.

**Line 3.** Report reasonable and necessary administrative expenses paid to accomplish exempt purposes of supported organizations. Do not include expenses incurred in the production of investment income.

**Line 4.** Report amounts paid to acquire exempt-use assets. Such assets must be used (or held for use) to carry out the exempt purposes of the supported organizations. The assets may be used or held by either the supporting organization or one or more supported organizations; if the latter, the supporting organization must make the asset available to the supported organization(s) free of charge or for nominal rent. See Regulations section 53.4942(a)-2(c)(3) for further discussion of exempt-use assets.

**Line 5.** Report qualified amounts set aside for a specific project that accomplishes the exempt purposes of a supported organization to which the supporting organization is responsive. A qualified set-aside counts toward the distribution requirement in the tax year set aside but not again when paid.

**Approval required.** For each set-aside, a supporting organization must obtain the written approval of both the pertinent supported organization(s) and the IRS. The supporting organization must apply to the IRS for approval (using Form 8940) before the end of its tax year in which the amount is set aside. Explain in *Part VI* whether the organization has requested and obtained the necessary approvals for the set-aside. See Regulations section 1.509(a)-4(i)(6)(v) for more information.

**Line 6.** Report any other distributions not described above that the organization claims are for the use of its supported

organizations, and describe such distributions in detail in *Part VI*.

**Lines 8–10.** Report on line 8 the amount of distributions reported on line 1 to supported organizations that met the attentiveness and responsiveness tests discussed later, and provide in *Part VI* the supplemental information discussed later.

A Type III non-functionally integrated supporting organization must distribute at least one-third of its distributable amount each tax year to one or more supported organizations that are “attentive” to its operations and to which the supporting organization is “responsive” (as described later); thus, the line 10 amount must be at least 0.333. Carryovers of excess distributions from prior years do not count toward the attentiveness requirement.

If the line 10 amount is less than one-third (that is, the amount of distributions to supported organizations that met both the attentiveness test and responsiveness test is less than one-third of the distributable amount), then the organization does not qualify as a Type III non-functionally integrated supporting organization for the tax year. See Regulations sections 1.509(a)-4(i)(5)(i) and (iii). If the organization does not otherwise qualify as a public charity, then the organization is a private foundation and must file Form 990-PF for the tax year.

**Attentiveness test.** A supported organization is “attentive” to the operations of a supporting organization if, during the tax year, at least one of the following requirements is satisfied:

1. The supporting organization distributes to the supported organization at least 10% of the supported organization’s total support in its tax year ending before the beginning of the supporting organization’s tax year. For example, if supporting and supported organization both use a calendar year, and the supported organization has total support of \$X in a year, then the supporting organization’s support in the following year must be at least 10% of \$X. Where the supporting organization supports a particular department or school of a university, hospital, or church, the department’s or school’s total support is considered instead.

2. The amount of support received from the supporting organization is necessary to avoid the interruption of a particular function or activity of the supported organization.

3. The amount of support received from the supporting organization is a sufficient part of the supported organization’s total support to ensure attentiveness, based on all pertinent facts, including the number of supported

organizations, the length and nature of the relationship between the supporting and supported organization, and the purpose to which the funds are put. The attentiveness of a supported organization is normally influenced by the amounts received from the supporting organization, but evidence of actual attentiveness to the operations (including investments) of the supporting organization is of almost equal importance. Where the supporting organization supports a particular department or school of a university, hospital, or church, the department’s or school’s total support is considered instead of the supported organization’s total support.

Amounts received from a supporting organization that are held in a donor advised fund of the supported organization are disregarded in determining attentiveness.

See the examples in Regulations section 1.509(a)-4(i)(5)(iii)(D).

**Responsiveness test.** A supporting organization is “responsive” to the needs and demands of a supported organization if it meets the responsiveness test set forth in the instructions for *Part IV*, Section D, *Lines 2 and 3*, with respect to the supported organization.

**Supplemental information required.** In *Part VI*, identify each of the supported organizations listed in Part I, Line 11g, column (i), that met both of the following conditions for the tax year:

1. the supporting organization was responsive to the supported organization, **and**
2. the supported organization was attentive to the supporting organization. With respect to each of the identified supported organizations, set forth the facts that show how both the attentiveness test and the responsiveness test were met by the supporting organization and the supported organization.

## Section E. Distribution Allocations

Section E determines whether the distributable amount for the current tax year (and any underdistribution for reasonable cause in a prior year) is satisfied through current-year distributions and carryovers of prior-year excess distributions. Section E also determines carryovers of excess distributions to future years. Several lines in Section E are not yet applicable during the phase-in period of the new regulations for Type III non-functionally integrated supporting organizations. Those lines are grayed out.

In applying distributions, there are three basic steps.

1. First, apply distributions to eliminate any underdistribution for reasonable cause in a prior tax year.
2. Second, apply distributions to satisfy the distributable amount for the current year.
3. Third, carry over to future years any remaining excess distributions.

**Apply the oldest distributions first.**

Carryovers of excess distributions from prior years are always applied in full before current-year distributions (unlike the rules for qualifying distributions by private foundations), and older carryovers are applied before newer carryovers. Excess distributions of a given year cannot be carried over for more than five years.

**Example 1.** X is a Type III non-functionally integrated supporting organization that for its tax year including December 28, 2012, and through its following 2013 tax year meets the requirements of Regulations section 1.509(a)-4(i)(3)(iii) as in effect prior to December 28, 2012. Under transition rules, X is deemed to meet its distribution requirement for 2013, but its distributable amount is calculated in the ordinary manner to determine its excess distributions. For 2013, X has a distributable amount, as ordinarily determined, of \$80,000 and distributions of \$100,000, and thus excess distributions of \$20,000. For 2014, X has a distributable amount of \$95,000 and distributions of \$85,000. Under these circumstances, X first applies its 2013 excess distributions carryover of \$20,000 to the 2014 distributable amount of \$95,000. Next, X applies \$75,000 of its 2014 distributions of \$85,000 to the remaining 2014 distributable amount. X thus has excess distributions of \$10,000 in 2014 (2014 distributions of \$85,000 less \$75,000 applied to the 2014 distributable amount), which it may carry over in the next five tax years until applied.

**Example 2.** Y is a Type III supporting organization that for its tax year including December 28, 2012, meets the requirements of Regulations section 1.509(a)-4(i)(3)(iii) as in effect prior to such date, but does not meet such requirements in its following 2013 tax year (because of underdistributions for which the prior regulation did not expressly provide a reasonable cause exception) and, therefore, does not benefit from the transition rule for its 2013 tax year. Y calculated that its distributable amount was \$120,000 for 2013, and made distributions of that amount. Early in its 2014 tax year, Y discovers that its distributable amount for 2013 actually was \$200,000 and within 180 days makes a \$90,000 distribution (\$80,000 to cover the

underdistribution for 2013 and \$10,000 as part of its 2014 distributions). Later in the 2014 tax year, Y makes additional distributions totaling \$200,000. Y's distributable amount in the 2014 tax year is \$190,000. In its 2014 Form 990, Y claims reasonable cause for the 2013 underdistribution due to a clerical error. Under these circumstances, Y first applies \$80,000 of its 2014 distributions of \$290,000 to the 2013 underdistribution of \$80,000 (\$200,000 minus \$120,000), then applies \$190,000 of its remaining 2014 distributions of \$210,000 (\$290,000 minus \$80,000) to satisfy its 2014 distributable amount. Y's remaining \$20,000 of distributions in 2014 (\$290,000, minus \$80,000 allocated to 2013, and minus \$190,000 allocable to 2014) are excess distributions that may be carried over to future years.

**Line 1.** Report the distributable amount for 2014 from Section C, line 6.

**Line 2.** Under the transition rules, an organization that was treated as a non-functionally integrated Type III supporting organization for the first time in its first tax year beginning after December 28, 2012 (the 2013 tax year) had a distributable amount of zero during the 2013 tax year. Such non-functionally integrated Type III supporting organizations include both organizations that came into existence during the 2013 tax year and organizations that had formerly been meeting the requirements of Regulations section 1.509(a)-4(i)(3)(ii) as in effect prior to December 28, 2012, but did not continue to meet those requirements in the 2013 tax year. In addition, a Type III supporting organization in existence on December 28, 2012, that met the requirements of Regulation section 1.509(a)-4(i)(3)(iii) as in effect prior to December 28, 2012, during the 2013 tax year will be considered to have met the distribution requirement for that tax year.

A Type III supporting organization in existence on December 28, 2012, that met the requirements of Regulations section 1.509(a)-4(i)(3)(iii) as in effect prior to December 28, 2012, for its tax year including December 28, 2012, but not the following tax year (the 2013 tax year) was required to meet the distribution requirement as ordinarily determined in its 2013 tax year. Such organization must determine and report on line 2 any underdistributions for the 2013 tax year. The organization may photocopy the *Part V*, Sections A–D, to use as a worksheet in determining the ordinary distributable amount and distributions in the 2013 tax year.

If the organization had any underdistributions, then it did not qualify as a Type III non-functionally integrated

supporting organization in the 2013 tax year (and would be classified as a private foundation unless it met the requirements of another public charity status) unless it met the requirements of the reasonable cause exception or the judicial proceeding exception discussed in the instructions for *Lines 5 and 6*, later. If the organization met either of these exceptions, explain in detail in *Part VI* how the organization met the requirements for the exception.

**Line 3.** On line 3e enter the amount of distributions in the prior tax year (2013 only) in excess of the distributable amount for that year (as ordinarily determined) if the organization was a Type III non-functionally integrated supporting organization in such year. The organization may photocopy the *Part V*, Sections A–D, to use as a worksheet in determining the ordinary distributable amount and distributions in the prior year. This amount is also reported in line 3f and is applied in the following priority:

1. First to any prior-year underdistributions on line 3g,
2. Second (if any remaining amount) to the current-year distributable amount on line 3h, and
3. Third (if any remaining amount) on line 3j for carryover to future years.

Excess distributions cannot be carried over for more than five tax years and thus are forfeited if not used in the fifth year of carryover. Such amounts are set forth in line 3i (not applicable to the 2014 return).

**Line 4.** Apply the current-year distributions (from Section D, line 7) in the same order of priority as described in the instructions for *Line 3* to any prior-year underdistributions (line 4a) and current-year distributable amount (line 4b) remaining after applying carryovers on line 3. Any remaining distributions are reported on line 4c for carryover to future years.

**Lines 5 and 6.** If the current-year distributable amount is greater than the sum of the excess distributions carryover from the prior year plus the current-year distributions, then the organization does not meet the distribution requirement and cannot qualify as a Type III non-functionally integrated supporting organization for the tax year, unless an exception applies. If the organization does not qualify as a supporting organization or otherwise as a public charity for the tax year, then it is a private foundation and must file Form 990-PF for the tax year and subsequent years until private foundation status is terminated under section 507. If either the reasonable cause or judicial proceeding exception applies, then explain in detail in *Part VI* how the organization met the requirements for the exception.

**Reasonable cause exception.** An organization that fails to distribute its distributable amount will not be classified as a private foundation for the year of the failure if the organization establishes to the satisfaction of the IRS that:

1. The failure was due to unforeseen events or circumstances beyond its control, a clerical error, or an incorrect valuation of assets;

2. The failure was due to reasonable cause and not to willful neglect; and

3. The distribution requirement is met within 180 days after the organization is first able to distribute its distributable amount notwithstanding the unforeseen events or circumstances, or within 180 days after the clerical error or incorrect valuation was or should have been discovered.

Amounts paid to meet a distribution requirement of a prior tax year cannot also be counted toward the distribution requirement for the tax year in which paid.

**Judicial proceeding exception.** An organization is excused from meeting the distribution requirements to the extent of a conflicting mandatory provision in its governing instrument, if a judicial proceeding is pending to reform a governing instrument that prohibits compliance, under the circumstances set forth in Regulations section 1.509(a)-4(i)(11)(ii)(E).

**Lines 7 and 8.** Enter on line 7 the prior-year carryover and the current-year distributions to the extent not applied to prior-year underdistributions and the current-year distributable amount (and not already carried over for five tax years).

The organization may carry over these amounts to future years. Prior-year carryovers are applied before current-year distributions.

# Schedule B Instructions

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Schedule B (Form 990, 990-EZ, or 990-PF), such as legislation enacted after the schedule and its instructions were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

### Purpose of Schedule

Schedule B (Form 990, 990-EZ, or 990-PF) is used to provide information on contributions the organization reported on:

- Form 990, Return of Organization Exempt from Income Tax, Part VIII, *Statement of Revenue*, line 1;
- Form 990-EZ, Short Form Return of Organization Exempt from Income Tax, Part I, line 1; or
- Form 990-PF, Return of Private Foundation, Part I, line 1.

### Who Must File

Every organization must complete and attach Schedule B to its Form 990, 990-EZ, or 990-PF, unless it certifies that it does not meet the filing requirements of this schedule by taking the following action:

- Answering “No” on Form 990, Part IV, *Checklist of Required Schedules*, line 2, or
- Checking the box on
  - Form 990-EZ, line H, or
  - Form 990-PF, Part I, *Analysis of Revenue and Expenses*, line 2.

See the separate instructions for these lines on those forms.

If an organization is not required to file Form 990, 990-EZ, or 990-PF but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

### Accounting Method

When completing Schedule B (Form 990, 990-EZ, or 990-PF), the organization must use the same accounting method it checked on Form 990, Part XII, *Financial Statements and Reporting*, line 1; Form 990-EZ, line G; or Form 990-PF, line J.

### Public Inspection

**Note.** Do not include social security numbers of contributors as this information may be made public.

- Schedule B is open to public inspection for an organization that files Form 990-PF.
- Schedule B is open to public inspection for a section 527 political organization that files Form 990 or 990-EZ.
- For all other organizations that file Form 990 or 990-EZ, the names and addresses of contributors are not required to be made available for public inspection. All other information, including the amount of contributions, the description of **noncash contributions**, and any other information, is required to be made available for public inspection unless it clearly identifies the contributor.

If an organization files a copy of Form 990 or 990-EZ, and attachments, with any state, it should not include its Schedule B (Form 990, 990-EZ, or 990-PF) in the attachments for the state, unless a schedule of contributors is specifically required by the state. States that do not require the information might inadvertently make the schedule available for public inspection along with the rest of the Form 990 or 990-EZ.

See the Instructions for Form 990, 990-EZ, or 990-PF for information on telephone assistance and the public inspection rules for these forms and their attachments.

### Contributors to be Listed on Part I

A *contributor* (person) includes individuals, fiduciaries, partnerships, corporations, associations, trusts, and exempt organizations. In addition, section 509(a)(2), 170(b)(1)(A)(iv), and 170(b)(1)(A)(vi) organizations must also report **governmental units** as contributors.

### Contributions

*Contributions* reportable on Schedule B (Form 990, 990-EZ, or 990-PF) are contributions, grants, bequests, devises, and gifts of money or property, whether or not for charitable purposes. For example, political contributions to section 527 political organizations are included. Contributions do not include fees for the performance of services. See the Instructions for Form 990, Part VIII, line 1, for more detailed information on contributions.

### General Rule

Unless the organization is covered by one of the *Special Rules* below, it must list in Part I every contributor who, during the year, gave the organization, directly or indirectly, money, **securities**, or any other type of property that total \$5,000 or more for the organization's **tax year**. In determining the total amount,

separate and independent gifts of less than \$1,000 can be disregarded.

Include each contribution included on Form 990, Part VIII, line 1, in calculating a contributor's total contributions and determining whether that contributor must be reported on Schedule B under this General Rule (or one of the following Special Rules, if applicable). For example, if an organization that uses the accrual method of accounting reports a pledge of noncash property in Part VIII, line 1, it must include the value of that contribution in calculating whether the contributor meets the General Rule (or one of the Special Rules, if applicable), even if the organization did not receive the property during the tax year.

### Special Rules

**Section 501(c)(3) organizations that file Form 990 or 990-EZ.** For an organization described in section 501(c)(3) that meets the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), and not just the 10% support test (whether or not the organization is otherwise described in section 170(b)(1)(A)), list in Part I only those contributors whose contribution of \$5,000 or more during the tax year is greater than 2% of the amount reported on Form 990, Part VIII, line 1h(A), or Form 990-EZ, line 1. **An organization that claims the benefit of this special rule must either (1) establish on Schedule A (Form 990 or 990-EZ), Part II, that it met the 33 1/3% support test for the current year or prior year, or (2) check the box on Schedule A (Form 990 or 990-EZ), Part I, line 7 or 8, and the box on Schedule A, Part II, line 13, as a section 170(b)(1)(A)(vi) organization in its first five years.**

**Example.** A section 501(c)(3) organization, of the type described above, reported \$700,000 in total contributions, gifts, grants, and similar amounts received on Form 990, Part VIII, line 1h. The organization is only required to list in Parts I and II of its Schedule B each person who contributed more than the greater of \$5,000 or 2% of \$700,000 (\$14,000) during the tax year. Thus, a contributor who gave a total of \$11,000 would not be reported in Parts I and II for this section 501(c)(3) organization. Even though the \$11,000 contribution to the organization was greater than \$5,000, it did not exceed \$14,000.

**Section 501(c)(7), (8), or (10) organizations.** For contributions to these social and recreational clubs, fraternal beneficiary and domestic fraternal societies, orders, or associations that were not for an exclusively religious, charitable, etc., purpose, list in Part I each contributor who contributed \$5,000 or more during the tax year, as described under *General Rule*, earlier.

For contributions to a section 501(c)(7), (8), or (10) organization received for use exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals (sections 170(c)(4), 2055(a)(3), or 2522(a)(3)), list in Part I each contributor whose aggregate contributions for an exclusively religious, charitable, etc., purpose were more than \$1,000 during the tax year. To determine the more-than-\$1,000 amount, total all of a contributor's gifts for the tax year (regardless of amount). For a noncash contribution, complete Part II.

All section 501(c)(7), (8), or (10) organizations that listed an exclusively religious, charitable, etc., contribution in Part I or II must also complete Part III to provide further information on such contributions of more than \$1,000 during the tax year and show the total amount received from such contributions that were for \$1,000 or less during the tax year.

However, if a section 501(c)(7), (8), or (10) organization did not receive total contributions of more than \$1,000 from a single contributor during the tax year for exclusively religious, charitable, etc., purposes and consequently was not required to complete Parts I through III with respect to these contributions, it need only check the third *Special Rules* box on the front of Schedule B and enter, in the space provided, the total contributions it received during the tax year for an exclusively religious, charitable, etc., purpose.

## Specific Instructions

*Do not attach substitutes for Schedule B or attachments to Schedule B with information on contributors. Parts I, II, and III of Schedule B may be duplicated as needed to provide adequate space for listing all contributors. Number each page of each part (for example, Page 2 of 5, Part II).*

**Part I.** In column (a), identify the first contributor listed as No. 1 and the second contributor as No. 2, etc. Number consecutively. In column (b), enter the contributor's name, address, and ZIP code. Identify a donor as "anonymous" only if the organization does not know the donor's identity. In column (c), enter the amount of total contributions for the **tax year** for the contributor listed.

In column (d), check the type of contribution. Check all that apply for the contributor listed. If a *cash contribution* came directly from a contributor (other than through payroll deduction), check the "Person" box. A cash contribution

includes contributions paid by cash, credit card, check, money order, electronic fund or wire transfer, and other charges against funds on deposit at a financial institution.

If an **employee's** cash contribution was forwarded by an employer (indirect contribution), check the "Payroll" box. If an employer withholds contributions from employees' pay and periodically gives them to the organization, report only the employer's name and address and the total amount given unless you know that a particular employee gave enough to be listed separately.

Check the "Noncash" box in column (d) for any contribution of property other than cash during the tax year, and complete Part II of this schedule. For example, if an organization that uses the accrual method of accounting reports a pledge of noncash property on Form 990, Part VIII, line 1g, it must check the "Noncash" box and complete Part II even if the organization did not receive the property during the tax year.

For a section 527 organization that files a Form 8871, Political Organization Notice of Section 527 Status, the names and addresses of contributors that are not reported on Form 8872, Political Organization Report of Contributions and Expenditures, do not need to be reported in Part I if the organization paid the amount specified by section 527(j)(1). In this case, enter "Pd. 527(j)(1)" in column (b) instead of a name, address, and ZIP code; but you must enter the amount of contributions in column (c).

**Part II.** In column (a), show the number that corresponds to the contributor's number in Part I. In column (b), describe the **noncash contribution** received by the organization during the tax year, regardless of the value of that noncash contribution. Note the public inspection rules discussed earlier.

In columns (c) and (d), report property with readily determinable market value (for example, marked quotations for securities) by listing its **fair market value (FMV)**. If the organization immediately sells **securities** contributed to the organization (including through a broker or agent), the contribution still must be reported as a gift of property (rather than cash) in the amount of the net proceeds plus the broker's fees and expenses. See the Instructions for Form 990, Part VIII, line 1g, which provide an example to illustrate this point. If the property is not immediately sold, measure market value of marketable securities registered and listed on a recognized securities exchange by the average of the highest and lowest quoted selling prices (or the average between the *bona fide* bid and

asked prices) on the contribution date. See Regulations section 20.2031-2 to determine the value of contributed stocks and bonds. When FMV cannot be readily determined, use an appraised or estimated value. To determine the amount of a noncash contribution subject to an outstanding debt, subtract the debt from the property's FMV. Enter the date the property was received by the organization, but only if the donor has fully given up use and enjoyment of the property at that time.

The organization must report the value of any **qualified conservation contributions** and contributions of **conservation easements** listed in Part II consistently with how it reports revenue from such contributions in its books, records, and financial statements and in Form 990, Part VIII, Statement of Revenue.

For more information on noncash contributions, see the instructions for Schedule M (Form 990), Noncash Contributions.

If the organization received a partially completed Form 8283, Noncash Charitable Contributions, from a donor, complete it and return it so the donor can get a charitable contribution deduction. Keep a copy for your records.

Original (first) and successor donee (recipient) organizations must file Form 8282, Donee Information Return, if they sell, exchange, consume, or otherwise dispose of (with or without consideration) charitable deduction property (property other than money or certain publicly traded securities) within 3 years after the date the original donee received the property.

**Part III.** Section 501(c)(7), (8), or (10) organizations that received contributions for use exclusively for religious, charitable, etc., purposes during the tax year must complete Parts I through III for each person whose gifts totaled more than \$1,000 during the tax year. Show also, in the heading of Part III, the total of gifts to these organizations that were \$1,000 or less for the tax year and were for exclusively religious, charitable, etc., purposes. Complete this information only on the first Part III page if you use duplicate copies of Part III.

If an amount is set aside for an exclusively religious, charitable, etc., purpose, show in column (d) how the amount is held (for example, whether it is commingled with amounts held for other purposes). If the organization transferred the gift to another organization, show the name and address of the transferee organization in column (e) and explain the relationship between the two organizations.

# Schedule C Instructions

# Instructions for Schedule C (Form 990 or 990-EZ)

## Political Campaign and Lobbying Activities

Section references are to the Internal Revenue Code unless otherwise noted.

### Future Developments

For the latest information about developments related to Schedule C (Form 990 or 990-EZ) and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the instructions for Form 990.

### Purpose of Schedule

Schedule C (Form 990 or 990-EZ) is used by:

- Section 501(c) organizations, and
- Section 527 organizations.

These organizations must use Schedule C (Form 990 or 990-EZ) to furnish additional information on **political campaign activities** or **lobbying activities**, as those terms are defined below for the various parts of this schedule.

### Who Must File

An organization that answered "Yes" on Form 990, Part IV, *Checklist of Required Schedules*, line 3, 4, or 5, must complete the appropriate parts of Schedule C (Form 990 or 990-EZ) and attach Schedule C to Form 990. An organization that answered "Yes" on Form 990-EZ, Part V, line 46 or Part VI, line 47, must complete the appropriate parts of Schedule C (Form 990 or 990-EZ) and attach Schedule C to Form 990-EZ. An organization that answered "Yes" to Form 990-EZ, Part V, line 35c, because it is subject to the section 6033(e) notice and reporting requirements and proxy tax, must complete Schedule C (Form 990 or 990-EZ), Part III, and attach Schedule C to Form 990-EZ.

If an organization has an ownership interest in a **joint venture** that conducts **political campaign activities** or **lobbying activities**, the organization must report its share of such activity occurring in its **tax year** on Schedule C (Form 990 or 990-EZ). See Instructions for Form 990, Appendix F. *Disregarded Entities and Joint Ventures—Inclusion of Activities and Items.*

### Part I. Political campaign activities.

*Part I* is completed by section 501(c) organizations and section 527 organizations that file Form 990 (and Form 990-EZ). If the organization answered "Yes" to Form 990, Part IV, line 3, or Form 990-EZ, Part V, line 46, then complete the specific parts as follows.

- A section 501(c)(3) organization must complete Parts I-A and I-B. Do not complete *Part I-C*.
- A section 501(c) organization other than section 501(c)(3) must complete Parts I-A and I-C. Do not complete *Part I-B*.
- A section 527 organization that files the Form 990 or Form 990-EZ must complete *Part I-A*. Do not complete Parts I-B and I-C.

**Part II. Lobbying activities.** *Part II* is completed only by section 501(c)(3) organizations. If the organization answered "Yes" to Form 990, Part IV, line 4, or Form 990-EZ, Part VI, line 47, then complete the specific parts as follows.

- A section 501(c)(3) organization that elected to be subject to the lobbying expenditure limitations of section 501(h) by filing Form 5768 and for which the election was valid and in effect for its **tax year** beginning in the year **2014**, must complete *Part II-A*. Do not complete *Part II-B*.
- A section 501(c)(3) organization that has not elected to be subject to the lobbying expenditure limitations of section 501(h) (or has revoked such election by filing Form 5768 for which the revocation was valid and in effect for its **tax year** beginning in the year **2014**) must complete *Part II-B*. Do not complete *Part II-A*.

### Part III. Section 6033(e) notice and reporting requirements and proxy tax.

*Part III* is completed by section 501(c)(4), section 501(c)(5), and section 501(c)(6) organizations that received membership dues, assessments, or similar amounts as defined in Rev. Proc. 98-19, 1998-7 I.R.B. 30, section 5.01 as adjusted by Rev. Proc. **2013-35, 2013-47 I.R.B. 537**, section **3.37 (or latest annual update)**, and that answered "Yes" to Form 990, Part IV, line 5 or "Yes" to Form 990-EZ, line 35c, regarding the proxy tax.

If an organization is not required to file Form 990 or Form 990-EZ but chooses to do so, it must file a complete return and

provide all of the information requested, including the required schedules.

### Definitions

Definitions in this section are applicable throughout this schedule, except where noted. The following terms are defined in the *Glossary*.

- **Joint venture.**
- **Legislation.**
- **Lobbying activities.**
- **Political campaign activities.**
- **Tax year.**

See Revenue Ruling 2007-41, 2007-25 I.R.B. 1421, for guidelines on the scope of the tax law prohibition of campaign activities by section 501(c)(3) organizations.

**Section 527 exempt function activities.** Section 527 exempt function activities include all functions that influence or attempt to influence the selection, nomination, election, or appointment of any individual to any federal, state, or local public office or office in a political organization, or the election of Presidential or Vice-Presidential electors, whether or not such individual or electors are selected, nominated, elected, or appointed.

**Political expenditures.** Any expenditures made for **political campaign activities** are political expenditures. An expenditure includes a payment, distribution, loan, advance, deposit, or gift of money, or anything of value. It also includes a contract, promise, or agreement to make an expenditure, whether or not legally enforceable.

**Specific legislation.** Specific legislation includes (1) legislation that has already been introduced in a legislative body and (2) specific legislative proposals that an organization either supports or opposes.

### Definitions (Part II-A)

Definitions in this section are applicable only to *Part II-A*.

**Expenditure test.** Under the expenditure test, there are limits both upon the amount of the organization's grassroots lobbying expenditures and upon the total amount of its direct lobbying and grassroots lobbying expenditures. If

the electing public charity does not meet this expenditure test, it will owe a section 4911 excise tax on its excess lobbying expenditures. Moreover, if over a 4-year averaging period the organization's average annual total lobbying or grassroots lobbying expenditures are more than 150% of its dollar limits, the organization will lose its exempt status.

**Exempt purpose expenditures.** In general, an exempt purpose expenditure is paid or incurred by an electing public charity to accomplish the organization's exempt purpose.

Exempt purpose expenditures include:

1. The total amount paid or incurred for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, or to foster national or international amateur sports competition (not including providing athletic facilities or equipment, other than by qualified amateur sports organizations described in section 501(j)(2));

2. The allocable portion of administrative expenses paid or incurred for the above purposes;

3. Amounts paid or incurred to try to influence legislation, whether or not for the purposes described in 1 above;

4. Allowance for depreciation or amortization; and

5. Fundraising expenditures, except that exempt purpose expenditures do not include amounts paid to or incurred for either the organization's separate fundraising unit or other organizations, if the amounts are primarily for fundraising.

See Regulations section 56.4911-4(c) for a discussion of excluded expenditures.

**Lobbying expenditures.** Lobbying expenditures are expenditures (including allocable overhead and administrative costs) paid or incurred for the purpose of attempting to influence legislation:

- Through communication with any member or employee of a legislative or similar body, or with any government official or employee who may participate in the formulation of the legislation, and
- By attempting to affect the opinions of the general public.

To determine if an organization has spent excessive amounts on lobbying, the organization must know which expenditures are lobbying expenditures and which are not lobbying expenditures. An electing public charity's lobbying expenditures for a year are the sum of its expenditures during that year for direct lobbying communications (direct lobbying expenditures) plus grassroots lobbying communications (grassroots lobbying expenditures).

**Direct lobbying communications (direct lobbying expenditures).**

A direct lobbying communication is any attempt to influence any legislation through communication with:

- A member or employee of a legislative or similar body;
- A government official or employee (other than a member or employee of a legislative body) who may participate in the formulation of the legislation, but only if the principal purpose of the communication is to influence legislation; or
- The general public in a referendum, initiative, constitutional amendment, or similar procedure.

A communication with a legislator or government official will be treated as a direct lobbying communication if, but only if, the communication:

- Refers to specific legislation, and
- Reflects a view on such legislation.

**Grassroots lobbying communications (grassroots lobbying expenditures).**

A grassroots lobbying communication is any attempt to influence any legislation through an attempt to affect the opinions of the general public or any part of the general public.

A communication is generally not a grassroots lobbying communication unless (in addition to referring to specific legislation and reflecting a view on that legislation) it encourages recipients to take action about the specific legislation.

A communication encourages a recipient to take action when it:

1. States that the recipient should contact legislators;
2. States a legislator's address, phone number, or similar information;
3. Provides a petition, tear-off postcard, or similar material for the recipient to send to a legislator; or
4. Specifically identifies one or more legislators who:
  - a. Will vote on legislation;
  - b. Opposes the communication's view on the legislation;
  - c. Is undecided about the legislation;
  - d. Is the recipient's representative in the legislature; or
  - e. Is a member of the legislative committee that will consider the legislation.

A communication described in item 4 above generally is grassroots lobbying only if, in addition to referring to and reflecting a view on specific legislation, it is a communication that cannot meet the full and fair exposition test as nonpartisan analysis, study, or research.

**Exceptions to lobbying.** In general, engaging in nonpartisan analysis, study, or research and making its results available to the general public or segment of members thereof, or to governmental bodies, officials, or employees is not considered either a direct lobbying communication or a grassroots lobbying communication. Nonpartisan analysis, study, or research may advocate a particular position or viewpoint as long as there is a sufficiently full and fair exposition of the pertinent facts to enable the public or an individual to form an independent opinion or conclusion.

A communication that responds to a governmental body's or committee's written request for technical advice is not a direct lobbying communication.

A communication is not a direct lobbying communication if the communication is an appearance before, or communication with, any legislative body concerning action by that body that might affect the organization's existence, its powers and duties, its tax-exempt status, or the deductibility of contributions to the organization, as opposed to affecting merely the scope of the organization's future activities.

**Communication with members.** For purposes of section 4911, expenditures for certain communications between an organization and its members are treated more leniently than are communications to nonmembers. Expenditures for a communication that refers to, and reflects a view on, specific legislation are not lobbying expenditures if the communication satisfies the following requirements.

1. The communication is directed only to members of the organization.
2. The specific legislation the communication refers to, and reflects a view on, is of direct interest to the organization and its members.
3. The communication does not directly encourage the member to engage in direct lobbying (whether individually or through the organization).
4. The communication does not directly encourage the member to engage in grassroots lobbying (whether individually or through the organization).

Expenditures for a communication directed only to members that refers to, and reflects a view on, specific legislation and that satisfies the requirements of items (1), (2), and (4), above (under **Grassroots lobbying communications**), but does not satisfy the requirements of item (3), are treated as expenditures for direct lobbying.

Expenditures for a communication directed only to members that refers to,

and reflects a view on, specific legislation and satisfies the requirements of items (1) and (2) above, but does not satisfy the requirements of item (4), are treated as grassroots expenditures, whether or not the communication satisfies the requirements of item (3). See Regulations section 56.4911-5 for details.

There are special rules regarding certain paid mass media advertisements about highly publicized legislation; allocation of mixed purpose expenditures; certain transfers treated as lobbying expenditures; and special rules regarding lobbying on referenda, ballot initiatives, and similar procedures. See Regulations sections 56.4911-2 and 56.4911-3.

**Affiliated groups.** Members of an affiliated group are treated as a single organization to measure lobbying expenditures. Two organizations are affiliated if one is bound by the other organization's decisions on legislative issues (control) or if enough representatives of one belong to the other organization's governing board to cause or prevent action on legislative issues (interlocking directorate). If the organization is not sure whether its group is affiliated, it may ask the IRS for a ruling letter. There is a fee for this ruling. For information on requesting rulings, see Rev. Proc. 2014-4, 2014-1 I.R.B. 125 (or latest annual update). Also, see Rev. Proc. 2014-8, 2014-1 I.R.B. 242 (or latest annual update).

Members of an affiliated group measure both lobbying expenditures and permitted lobbying expenditures on the basis of the affiliated group's tax year. If all members of the affiliated group have the same tax year, that year is the tax year of the affiliated group. However, if the affiliated group's members have different tax years, the tax year of the affiliated group is the calendar year, unless all the members of the group elect otherwise. See Regulations section 56.4911-7(e)(3).

**Limited control.** Two organizations that are affiliated because their governing instruments provide that the decisions of one will control the other only on national legislation are subject to the following provisions.

- The controlling organization is charged with its own lobbying expenditures and the national legislation expenditures of the affiliated organizations,
- The controlling organization is not charged with other lobbying expenditures (or other exempt-purpose expenditures) of the affiliated organizations, and
- Each local organization is treated as though it were not a member of an affiliated group. For example, the local organization should account for its own expenditures only and not for any of the

national legislation expenditures deemed as incurred by the controlling organization.

### Definitions (Part III)

Definitions in this section are applicable only to *Part III*.

**Lobbying and political expenditures.** For purposes of this section only, lobbying and political expenditures do not include direct lobbying expenditures made to influence local legislation. Nor does it include any political campaign expenditures for which the tax under section 527(f) was paid (see *Part I-C*). They do include any expenditures for communications with a covered executive branch official in an attempt to influence the official actions or positions of that official.

**Covered executive branch official.** Covered executive branch officials include the President, Vice-President, officers and employees of the Executive Office of the President, the two senior level officers of each of the other agencies in the Executive Office, individuals in level I positions of the Executive Schedule and their immediate deputies, and individuals designated as having Cabinet level status and their immediate deputies.

**Direct contact lobbying.** This means a:

1. Meeting,
2. Telephone conversation,
3. Letter, or
4. Similar means of communication

that is with a:

- a. Legislator (other than a local legislator), or
- b. Covered executive branch official and that is an attempt to influence the official actions or positions of that official.

**In-house expenditures include:**

1. Salaries, and
2. Other expenses of the organization's officials and staff (including amounts paid or incurred for the planning of legislative activities).

**In-house expenditures do not include:** Any payments to other taxpayers engaged in lobbying or political activities as a trade or business or any dues paid to another organization that are allocable to lobbying or political activities.

## Specific Instructions

### Part I-A. Political Activity of Exempt Organizations

**Note.** Section 501(c) organizations other than those exempt under section 501(c)(3) may establish section 527(f)(3) separate

segregated funds to engage in political activity. Separate segregated funds are subject to their own filing requirements. A section 501(c) organization that engages a separate segregated fund to conduct political activity should report transfers to the fund in Parts I-A and I-C. The separate segregated fund should report specific activities on its own Form 990 if the fund is required to file.

**Line 1.** Section 501(c) organizations should provide a detailed description of their direct and indirect **political campaign activities** in *Part IV*. If the section 501(c) organization collects political contributions or member dues earmarked for a separate segregated fund, and promptly and directly transfers them to that fund as prescribed in Regulations section 1.527-6(e), do not report them here. Such amounts should be reported in Part I-C, line 5e.

Section 527 organizations should provide a detailed description of their exempt function activities in *Part IV*.

**Line 2.** Enter the total amount that the filing organization has spent conducting the activities described on line 1.

**Line 3.** If the organization used volunteer labor for its **political campaign activities** or section 527 exempt function activities, provide the total number of hours. Any reasonable method may be used to estimate this amount.

### Part I-B. Section 501(c)(3) Organizations— Disclosure of Excise Taxes Imposed Under Section 4955

Section 501(c)(3) organizations must disclose any excise tax incurred during the year under section 4955 (political expenditures), unless abated. See sections 4962 and 6033(b).

**Line 1.** Enter the amount of taxes incurred by the organization itself under section 4955, unless abated. If no tax was incurred, enter -0-.

**Line 2.** Enter the amount of taxes incurred by the organization managers under section 4955, unless abated. If no tax was incurred, enter -0-.

**Line 3.** If the filing organization reported a section 4955 tax on a Form 4720, Return of Certain Excise Taxes Under Chapters 41 and 42 of the Internal Revenue Code, for the tax year, answer "Yes."

**Line 4.** Describe in *Part IV* the steps taken by the organization to correct the activity that subjected it to the section 4955 tax. Correction of a political expenditure means recovering the expenditure to the extent possible and

establishing safeguards to prevent future political expenditures. Recovery of the expenditure means recovering part or all of the expenditure to the extent possible, and, where full recovery cannot be accomplished, by any additional corrective action that is necessary. (The organization that made the political expenditure is not under any obligation to attempt to recover the expenditure by legal action if the action would in all probability not result in the satisfaction of execution on a judgment.)

## Part I-C. Section 527 Exempt Function Activity of Section 501(c) Organizations Other Than Section 501(c)(3)

**Note.** Section 501(c) organizations that collect political contributions or member dues earmarked for a separate segregated fund, and promptly and directly transfer them to that fund as prescribed in Regulations section 1.527-6(e), do not report them on lines 1 or 2. Such amounts are reported on line 5e.

**Line 1.** Enter the amount of the organization's funds that it expended for section 527 exempt function activities. See Regulations section 1.527-6(b).

**Line 2.** Enter the amount of the organization's funds that it transferred to other organizations, including a separate segregated section 527(f)(3) fund created by the organization, for section 527 exempt function activity.

**Line 3.** Total exempt function expenditures. Add lines 1 and 2 and enter on line 3 and on Form 1120-POL, line 17b.

**Line 4.** If the filing organization reported taxable political expenditures on Form 1120-POL for this year, answer "Yes."

**Line 5.** In columns (a), (b), and (c), enter the name, address and employer identification number (EIN) of each section 527 political organization to which payments were made. In column (d), enter the amount paid from the filing organization's funds. In column (e), enter the amount of political contributions received and promptly and directly delivered to a separate political organization, such as a separate segregated fund or a political action committee (PAC). If additional space is needed, enter information in *Part IV*.

## Part II-A. Lobbying Activity

Only section 501(c)(3) organizations that have filed Form 5768 (election under section 501(h)) complete this section.

*Part II-A* provides a reporting format for any section 501(c)(3) organization for which the 501(h) lobbying expenditure election was valid and in effect during the 2014 tax year, whether or not the organization engaged in lobbying activities during that tax year. A public charity that makes a valid section 501(h) election may spend up to a certain percentage of its exempt purpose expenditures to influence legislation without incurring tax or losing its tax exempt status.

**Affiliated groups.** If the filing organization belongs to an affiliated group, check *Part II-A*, box A and complete lines 1a through 1i.

- Complete column (a) for the electing member of the group.
- Complete column (b) for the affiliated group as a whole.

If the filing organization checked box A and the limited control provisions apply to the organizations in the affiliated group, each member of the affiliated group should check box B and complete column (a) only.

If the filing organization does not check box A, do not check box B.

**Affiliated group list.** Provide in *Part IV* a list showing each affiliated group member's name, address, EIN, and expenses. Show which members made the election under section 501(h) and which did not.

Include each electing member's share of the excess lobbying expenditures on the list.

Nonelecting members do not owe tax, but remain subject to the general rule, which provides that no substantial part of their activities may consist of carrying on propaganda or otherwise trying to influence legislation.

**Lines 1a through 1i.** Complete lines 1a through 1i in column (a) for any organization required to complete *Part II-A*, but complete column (b) only for affiliated groups.

Lines 1a through 1i are used to determine whether any of the organization's current year lobbying expenditures are subject to tax under section 4911. File Form 4720 if the organization needs to report and pay the excise tax.

**Line 1a.** Enter the amount the organization expended for grassroots lobbying communications.

**Line 1b.** Enter the amount the organization expended for direct lobbying communications.

**Line 1c.** Add lines 1a and 1b.

**Line 1d.** Enter all other amounts (excluding lobbying) the organization expended to accomplish its exempt purpose.

**Line 1e.** Add lines 1c and 1d. This is the organization's total exempt purpose expenditures.

**Lines 1h and 1i.** If there are no excess lobbying expenditures on either line 1h or 1i of column (b), treat each electing member of the affiliated group as having no excess lobbying expenditures. However, if there are excess lobbying expenditures on either line 1h or 1i of column (b), treat each electing member as having excess lobbying expenditures. In such case, each electing member must file Form 4720, and must pay the tax on its proportionate share of the affiliated group's excess lobbying expenditures. Enter the proportionate share in column (a) on line 1h or line 1i, or on both lines. In *Part IV*, provide the *affiliated group list* described above. Show what amounts apply to each group member. To find a member's proportionate share, see Regulations section 56.4911-8(d).

**Line 1j.** If the filing organization reported section 4911 tax on Form 4720 for this year, answer "Yes."

**Line 2.** Line 2 is used to determine if the organization exceeded lobbying expenditure limits during the 4-year averaging period.

Any organization for which a lobbying expenditure election under section 501(h) was in effect for its tax year beginning in 2014 must complete columns (a) through (e) of lines 2a through 2f except in the following situations.

1. An organization first treated as a section 501(c)(3) organization in its tax year beginning in 2014 does not have to complete any part of lines 2a through 2f.
2. An organization does not have to complete lines 2a through 2f for any period before it is first treated as a section 501(c)(3) organization.
3. If 2014 is the first year for which an organization's section 501(h) election is effective, that organization must complete line 2a, columns (d) and (e). The organization must then complete all of column (e) to determine whether the amount on line 2c, column (e), is equal to or less than the lobbying ceiling amount calculated on line 2b and whether the amount on line 2f is equal to or less than the grassroots ceiling amount calculated on line 2e. The organization does not satisfy both tests if either its total lobbying expenditures or grassroots lobbying expenditures exceed the applicable ceiling amounts. When this occurs, all five columns must be completed and a

re-computation made unless exception 1 or 2 above applies.

4. If 2014 is the second or third tax year for which the organization's first section 501(h) election is in effect, that organization is required to complete only the columns for the years in which the election has been in effect, entering the totals for those years in column (e). The organization must determine, for those 2 or 3 years, whether the amount entered in column (e), line 2c, is equal to or less than the lobbying ceiling amount reported on line 2b, and whether the amount entered in column (e), line 2f, is equal to or less than the grassroots ceiling amount calculated on line 2e. The organization does not satisfy both tests if either its total lobbying expenditures or grassroots lobbying expenditures exceed applicable ceiling amounts. When that occurs, all five columns must be completed and a re-computation made, unless exception 1 or 2 above applies. If the organization is not required to complete all five columns, provide a statement explaining why in *Part IV*. In the statement, show the ending date of the tax year in which the organization made its first section 501(h) election and state whether or not that first election was revoked before the start of the organization's tax year that began in 2014.

**Note.** If the organization belongs to an affiliated group, enter the appropriate affiliated group totals from column (b), lines 1a through 1i, when completing lines 2a, 2c, 2d, and 2f.

**Line 2a.** For 2011, 2012, 2013, and 2014, enter the amount from Schedule C (Form 990 or 990-EZ), Part II-A, line 1f, filed for each year.

**Line 2c.** For 2011, 2012, 2013, and 2014, enter the amount from Schedule C (Form 990 or 990-EZ), Part II-A, line 1c, for each year.

**Line 2d.** For 2011, 2012, 2013, and 2014, enter the amount from Schedule C (Form 990 or 990-EZ), Part II-A, line 1g, for each year.

**Line 2f.** For 2011, 2012, 2013, and 2014, enter the amount from Schedule C (Form 990 or 990-EZ), Part II-A, line 1a, for each year.

Enter the total for each line in column (e).

## Part II-B. Lobbying Activity

Only section 501(c)(3) organizations that have not filed Form 5768 (election under section 501(h)) or have revoked a previous election can complete this section.

*Part II-B* provides a reporting format for any section 501(c)(3) organization that engaged in **lobbying activities** during the

2014 tax year but did not make a section 501(h) lobbying expenditure election for that year by filing Form 5768. The distinction in *Part II-A* between direct and grassroots lobbying activities by organizations that made the section 501(h) election does not apply to organizations that complete *Part II-B*.

Nonelecting section 501(c)(3) organizations must complete *Part II-B*, columns (a) and (b), to show lobbying expenditures paid or incurred.

**Note.** A nonelecting organization will generally be regarded as engaging in lobbying activity if the organization either contacts, or urges the public to contact, members of a legislative body for the purpose of proposing, supporting, or opposing legislation or the government's budget process; or advocates the adoption or rejection of **legislation**.

Organizations should answer "Yes" or "No" in column (a) to questions 1a through 1i and provide in *Part IV* a detailed description of any activities the organization engaged in (through its **employees or volunteers**) to influence legislation. The description should include all lobbying activities, whether expenses were incurred or not. Examples of such lobbying activities include:

- Sending letters or publications to government officials or legislators,
- Meeting with or calling government officials or legislators,
- Sending or distributing letters or publications (including newsletters, brochures, etc.) to members or to the general public, or
- Using direct mail, placing advertisements, issuing press releases, holding news conferences, or holding rallies or demonstrations.

For lines 1c through 1i, enter in column (b) the lobbying expenditures paid or incurred. Enter total expenditures on column (b), line 1j.

**Line 1f.** Grants to other organizations are amounts from the organization's funds given to another organization for the purpose of assisting the other organization conducting **lobbying activities**.

**Line 1g.** Direct contact is a personal telephone call or visit with legislators, their staffs, or government officials.

**Line 1h.** Rallies, demonstrations, seminars, conventions, speeches, and lectures are examples of public forums conducted directly by the organization or paid for out of the organization's funds.

**Line 1i.** Answer "Yes" if the organization engaged in any other activities to influence legislation.

**Line 2a.** Answer "Yes" if a section 501(c)(3) organization ceased to be described

as a section 501(c)(3) organization because the amount on line 1j was substantial.

**Line 2b.** Enter the amount of taxes, if any, imposed on the organization itself under section 4912, unless abated.

**Line 2c.** Enter the amount of taxes, if any, imposed on the organization managers under section 4912, unless abated.

**Line 2d.** If the filing organization reported a section 4912 tax on a Form 4720 for this year, answer "Yes."

## Part III. Section 6033(e) Notice and Reporting Requirements and Proxy Tax

Only certain organizations that are tax-exempt under:

- Section 501(c)(4) (social welfare organizations),
  - Section 501(c)(5) (agricultural and horticultural organizations), or
  - Section 501(c)(6) (business leagues),
- are subject to the section 6033(e) notice and reporting requirements, and to a potential proxy tax. These organizations must report their total lobbying expenses, political expenses, and membership dues, or similar amounts.

Section 6033(e) requires certain section 501(c)(4), (5), and (6) organizations to tell their members what portion of their membership dues were allocable to the political or **lobbying activities** of the organization. If an organization does not give its members this information, then the organization is subject to a proxy tax. This tax is reported on Form 990-T.

## Part III-A

**Line 1.** Answer "Yes" if any of the following exemptions from the reporting and notice requirements apply. By doing so, the organization is declaring that substantially all of its membership dues were nondeductible.

1. Local associations of employees' and veterans' organizations described in section 501(c)(4), but not section 501(c)(4) social welfare organizations.

2. Labor unions and other labor organizations described in section 501(c)(5), but not section 501(c)(5) agricultural and horticultural organizations.

3. Section 501(c)(4), section 501(c)(5), and section 501(c)(6) organizations that receive more than 90% of their dues from:

- a. Organizations exempt from tax under section 501(a), other than section 501(c)(4), section 501(c)(5), and section 501(c)(6) organizations,

- b. State or local governments,
- c. Entities whose income is excluded from gross income under section 115, or
- d. Organizations described in 1 or 2, above.

4. Section 501(c)(4) and section 501(c)(5) organizations that receive more than 90% of their annual dues from:

- a. Persons,
- b. Families, or
- c. Entities,

who each paid annual dues of \$110 or less in 2014 (adjusted annually for inflation). See Rev. Proc. 2013-35, section 3.37 (or latest annual update).

5. Any organization that receives a private letter ruling from the IRS stating that the organization satisfies the section 6033(e)(3) exception.

6. Any organization that keeps records to substantiate that 90% or more of its members cannot deduct their dues (or similar amounts) as business expenses whether or not any part of their dues are used for lobbying purposes.

7. Any organization that is not a membership organization.

*Special rules treat affiliated social welfare organizations, agricultural and horticultural organizations, and business leagues as parts of a single organization for purposes of meeting the nondeductible dues exception. See Rev. Proc. 98-19, 1998-1 C.B. 547, section 5.03.*

**Line 2.** Answer “Yes” for line 2 if the organization satisfies the following criteria of the \$2,000 in-house lobbying exception.

1. The organization did not make any political expenditures or foreign lobbying expenditures during the 2014 reporting year.

2. The organization made lobbying expenditures during the 2014 reporting year consisting only of in-house direct lobbying expenditures totaling \$2,000 or less, but excluding:

- a. Any allocable overhead expenses, and
- b. All direct lobbying expenses of any local council regarding legislation of direct interest to the organization or its members.

If the organization's in-house direct lobbying expenditures during the 2014 reporting year were \$2,000 or less, but the organization also paid or incurred other lobbying or political expenditures during the 2014 reporting year, it should answer “No” to question 2. If the organization is required to complete *Part III-B*, the \$2,000 or less of in-house direct lobbying expenditures should not be included in the total of *Part III-B*, line 2a.

**Line 3.** Answer “Yes” for line 3 if the organization on its prior year report agreed to carryover an amount to be included in the current year's reasonable estimate of lobbying and political expenses.

Complete *Part III-B* only if the organization answered “No” to both line 1 and line 2 or if the organization answered “Yes” to line 3.

### Part III-B. Dues Notices, Reporting Requirements, and Proxy Tax

**Dues notices.** An organization that checked “No” for both *Part III-A*, lines 1 and 2, and is thus responsible for completing *Part III-B*, must send dues notices to its members at the time of assessment or payment of dues, unless the organization chooses to pay the proxy tax instead of informing its members of the nondeductible portion of its dues. These dues notices must reasonably estimate the dues allocable to the nondeductible lobbying and political expenditures reported in *Part III-B*, line 2a. An organization that checked “Yes” for *Part III-A*, line 3, and thus is required to complete *Part III-B*, must send dues notices to its members at the time of assessment or payment of dues and include the amount it agreed to carryover in its reasonable estimate of the dues allocable to the nondeductible lobbying and political expenditures reported in *Part III-B*, line 2a.

### Dues, Lobbying, and Political Expenses

IF ...	THEN ...
The organization's lobbying and political expenses are more than its membership dues for the year,	The organization must: (a) Allocate all membership dues to its lobbying and political activities, and (b) Carry forward any excess lobbying and political expenses to the next tax year.
The organization: (a) Had only <i>de minimis</i> in-house expenses (\$2,000 or less) and no other nondeductible lobbying or political expenses (including any amount it agreed to carryover); or (b) Paid a proxy tax, instead of notifying its members on the allocation of dues to lobbying and political expenses; or (c) Established that substantially all of its membership dues, etc., are not deductible by members.	The organization need not disclose to its membership the allocation of dues, etc., to its lobbying and political activities.

Members of the organization cannot take a trade or business expense deduction on their tax returns for the portion of their dues, etc., allocable to the organization's lobbying and political activities.

## Proxy Tax

IF ...	THEN ...
The organization's actual lobbying and political expenses are more than it estimated in its dues notices,	The organization is liable for a proxy tax on the excess.
The organization: (a) Elects to pay the proxy tax, and (b) Chooses not to give its members a notice allocating dues to lobbying and political campaign activities,	All the members' dues remain eligible for a section 162 trade or business expense deduction.
The organization: (a) Makes a reasonable estimate of dues allocable to nondeductible lobbying and political activities, and (b) Agrees to adjust its estimate in the following year*.	The IRS may permit a waiver of the proxy tax.
*A facts and circumstances test determines whether or not a reasonable estimate was made in good faith.	

**Allocation of costs to lobbying activities and influencing legislation.** An organization that is subject to the lobbying disclosure rules of section 6033(e) must use a reasonable allocation method to determine total costs of its direct lobbying activities; that is, costs to influence:

- **Legislation, and**
- The actions of a covered executive branch official through direct communication (for example, President, Vice-President, or cabinet-level officials, and their immediate deputies) (section 162(e)(1)(A) and section 162(e)(1)(D)).

Reasonable methods of allocating costs to direct lobbying activities include, but are not limited to:

- The ratio method,
- The gross-up and alternative gross-up methods, and
- A method applying the principles of section 263A.

For more information, see Regulations sections 1.162-28 and 1.162-29. The special rules and definitions for these allocation methods are discussed under *Special Rules*, later.

An organization that is subject to the lobbying disclosure rules of section 6033(e) must also determine its total costs of:

- *De minimis* in-house lobbying,
- Grassroots lobbying, and
- **Political campaign activities.**

There are no special rules related to determining these costs.

**All methods.** For all the allocation methods, include labor hours and costs of personnel whose activities involve significant judgment about lobbying activities.

## Special Rules

**Ratio and gross-up methods.** These methods:

- May be used even if volunteers conduct activities, and
- May disregard labor hours and costs of clerical or support personnel (other than lobbying personnel) under the ratio method.

**Alternative gross-up method.** This method may disregard:

- Labor hours, and
- Costs of clerical or support personnel (other than lobbying personnel).

**Third-party costs.** These are:

- Payments to outside parties for conducting lobbying activities,
- Dues paid to another membership organization that were declared to be nondeductible lobbying expenses, and
- Travel and entertainment costs for lobbying activity.

**Direct contact lobbying.** Treat all hours spent by a person in connection with direct contact lobbying as labor hours allocable to lobbying activities.

Do not treat as direct contact lobbying the hours spent by a person who engages in research and other background activities related to direct contact lobbying, but who makes no direct contact with a legislator, or covered executive branch official.

**De minimis rule.** If less than 5% of a person's time is spent on lobbying activities, and there is no direct contact lobbying, an organization may treat that person's time spent on lobbying activities as zero.

**Purpose for engaging in an activity.**

The purpose for engaging in an activity is based on all the facts and circumstances. If an organization's lobbying communication was for both a lobbying and a non-lobbying purpose, the organization must make a reasonable allocation of cost to influence **legislation.**

**Correction of prior year lobbying costs.**

If in a prior year, an organization treated costs incurred for a future lobbying communication as a lobbying cost to influence legislation, but after the organization filed a timely return, it appears the lobbying communication will not be made under any foreseeable circumstance, the organization may apply these costs to reduce its current year's lobbying costs, but not below zero. The organization may carry forward any

amount of the costs not used to reduce its current year's lobbying costs to subsequent years.

### Example 1. Ratio method.

X Organization incurred:

1. 6,000 labor hours for all activities,
2. 3,000 labor hours for lobbying activities (3 employees),
3. \$300,000 for operational costs, and
4. No third-party lobbying costs.

X Organization allocated its lobbying costs as follows:

Lobbying labor hrs.	Total costs of operations	Allocable third-party costs	Costs allocable to lobbying activities
$\frac{3,000}{6,000}$	× \$300,000	+ \$-0-	= \$150,000
Total labor hrs.			

### Example 2. Gross-up method and alternative gross-up method.

A and B are employees of Y Organization.

1. A's activities involve significant judgment about lobbying activities.
2. A's basic lobbying labor costs (excluding employee benefits) are \$50,000.
3. B performs clerical and support activities for A.
4. B's labor costs (excluding employee benefits) in support of A's activities are \$15,000.
5. Allocable third-party costs are \$100,000.

If Y Organization uses the gross-up method to allocate its lobbying costs, it multiplies 175% times its basic labor costs (excluding employee benefits) for all of the lobbying of its personnel and adds its allocable third-party lobbying costs as follows:

Basic lobbying labor costs of A + B	Allocable third-party costs	Costs allocable to lobbying activities
(175% × \$65,000)	+ \$100,000	= \$213,750

If Y Organization uses the alternative gross-up method to allocate its lobbying costs, it multiplies 225% times its basic labor costs (excluding employee benefits) for all of the lobbying hours of its lobbying personnel and adds its third-party lobbying costs as follows:

Basic lobbying labor costs of A (225% × \$50,000)	Allocable third-party costs + \$100,000	Costs allocable to lobbying activities = \$212,500
--	--	---

**Section 263A cost allocation method.**

The examples that demonstrate this method are found in Regulations section 1.162-28(f).

**Part III-B, Line 1.** Enter the total dues, assessments, and similar amounts allocable to the 2014 reporting year. Dues are the amounts the organization requires a member to pay in order to be recognized as a member.

Payments that are similar to dues include:

1. Members' voluntary payments,
2. Assessments to cover basic operating costs, and
3. Special assessments to conduct lobbying and political activities.

**Line 2.** Include on line 2a the total amount of expenses paid or incurred during the 2014 reporting year in connection with:

1. Influencing **legislation**;
2. Participating or intervening in any political campaign on behalf of (or in opposition to) any candidate for any public office;
3. Attempting to influence any segment of the general public with respect to elections, legislative matters, or referendums; and
4. Communicating directly with a covered executive branch official in an attempt to influence the official actions or positions of such official.

Do not include:

1. Any direct lobbying of any local council or similar governing body with respect to legislation of direct interest to the organization or its members;
2. In-house direct lobbying expenditures, if the total of such expenditures is \$2,000 or less (excluding allocable overhead); or
3. Political expenditures for which the section 527(f) tax has been paid (on Form 1120-POL).

Reduce the current year's lobbying expenditures, but not below zero, by costs previously allocated in a prior year to **lobbying activities** that were cancelled after a return reporting those costs was filed.

Carryforward any amounts not used as a reduction to subsequent years.

Include the following on line 2b.

1. Lobbying and political expenditures carried over from the preceding tax year.

2. An amount equal to the taxable lobbying and political expenditures reported on Part III-B, line 5 for the preceding tax year, if the organization received a waiver of the proxy tax imposed on that amount.

**Line 3.** Enter the total amount of dues, assessments, and similar amounts received, for which members were timely notified of the nondeductibility under section 162(e) that were allocable to the 2014 reporting year.

**Example.**

- Membership dues: \$100,000 for the 2014 reporting year,
- Organization's timely notices to members: 25% of membership dues nondeductible, and
- Line 3 entry: \$25,000.

**Line 4.** If the amount on line 2c exceeds the amount on line 3 and the organization sent dues notices to its members at the time of assessment or payment of dues, include the amount on line 4 that the organization agrees to carryover to the reasonable estimate of nondeductible lobbying and political expenditure next year and include the amount on the 2014 Schedule C (Form 990 or 990-EZ), in Part III-B, line 2b (carryover lobbying and political expenses), or its equivalent.

If the organization did not send notices to its members, enter "-0-" on line 4.

**Line 5.** The taxable amount reportable on line 5 is the amount of dues, assessments, and similar amounts received:

1. Allocable to the 2014 reporting year, and
2. Attributable to lobbying and political expenditures that the organization did not timely notify its members were nondeductible.

Report the tax on Form 990-T.

If the amount on line 1 (dues, assessments, and similar amounts) is *greater* than the amount on line 2c (total lobbying and political expenditures), then subtract the nondeductible dues shown in notices (line 3) and the carryover amount (line 4) from the total lobbying and political expenditures (line 2c) to determine the taxable amount of lobbying and political expenditures (line 5).

If the amount on line 1 (dues, assessments, and similar amounts) is *less* than the amount on line 2c (total lobbying and political expenditures), then subtract the nondeductible dues shown in notices (line 3) and the carryover amount (line 4) from dues, assessments, and similar amounts (line 1) to determine the taxable lobbying and political expenditures (line 5).

Subtract dues, assessments, and similar amounts (line 1) from lobbying and political expenditures (line 2c) to determine the excess amount to be carried over to the following tax year and reported on Part III-B, line 2b (carryover lobbying and political expenditures), or its equivalent, on the next year Schedule C (Form 990 or 990-EZ) along with the amounts the organization agreed to carryover on line 4.

**Underreporting of lobbying expenses.**

An organization is subject to the proxy tax for the 2014 reporting year for underreported lobbying and political expenses only to the extent that these expenses (if actually reported) would have resulted in a proxy tax liability for that year. A waiver of proxy tax for the tax year only applies to reported expenditures.

An organization that underreports its lobbying and political expenses is also subject to the section 6652(c) daily penalty for filing an incomplete or inaccurate return. See Instructions for Form 990 *General Instructions H. Failure-to-File Penalties*, and Instructions for Form 990-EZ *General Instructions G. Failure-to-File Penalties*.

**Examples.** Organizations A, B, and C:

1. Reported on the calendar year basis,
2. Incurred only grassroots lobbying expenses (did not qualify for the under \$2,000 in-house lobbying exception (*de minimis* rule)), and
3. Allocated dues to the tax year in which they were received.

**Organization A.** Dues, assessments, and similar amounts received in 2014 were greater than its lobbying expenses for 2014.

**Workpapers (for 2014 Form 990) — Organization A**

1. Total dues, assessments, etc., received	\$800	
2. Lobbying expenses paid or incurred		\$600
3. Less: Total nondeductible amount of dues notices	100	100
4. Subtract line 3 from both lines 1 and 2	\$700	\$500
5. Taxable amount of lobbying expenses (smaller of the two amounts on line 4)		<u>\$500</u>

**TIP** The amounts on lines 1, 2, 3, and 5 of the workpapers were entered on the 2014 Schedule C (Form 990 or 990-EZ), Part III-B, lines 1, 2c, 3, and 5.

Because dues, assessments, and similar amounts received were greater than lobbying expenses, there is no carryovers of excess lobbying expenses

to the 2015 Schedule C (Form 990 or 990-EZ), Part III-B, line 2b.

See the instructions for Part III-B, line 5, for the treatment of the \$500.

**Organization B.** Dues, assessments, and similar amounts received in 2014 were less than lobbying expenses for 2014.

**Workpapers (for 2014 Form 990) — Organization B**

1. Total dues, assessments, etc., received	\$400	
2. Lobbying expenses paid or incurred		\$600
3. Less: Total nondeductible amount of dues notices	100	100
4. Subtract line 3 from both lines 1 and 2	\$300	\$500
5. Taxable amount of lobbying expenses (smaller of the two amounts on line 4)	<u>\$300</u>	

**TIP** *The amounts on lines 1, 2, 3, and 5 of the workpapers were entered on the 2014 Schedule C (Form 990 or 990-EZ), Part III-B, lines 1, 2c, 3, and 5.*

Because dues, assessments, and similar amounts received were less than

lobbying expenses, excess lobbying expenses of \$200 must be carried forward to the 2015 Schedule C (Form 990 or 990-EZ) Part III-B, line 2b (excess of \$600 of lobbying expenses over \$400 dues, etc., received). The \$200 will be included along with the other lobbying and political expenses paid or incurred in the 2015 reporting year.

See the instructions for Part III-B, line 5, for the treatment of the \$300.

**Organization C.** Dues, assessments, and similar amounts received in 2014 were greater than lobbying expenses for 2014 and the organization agreed to carryover a portion of its excess lobbying and political expenses to the next year.

**Workpapers (for 2014 Form 990) — Organization C**

1. Total dues, assessments, etc., received	\$800	
2. Lobbying expenses paid or incurred		\$600
3. Less: Total nondeductible amount of dues notices	100	100
4. Less: Amount agreed to carryover	100	100
5. Subtract line 3 and 4 from both lines 1 and 2	\$600	\$400
6. Taxable amount of lobbying expenses (smaller of the two amounts on line 5)		<u>\$400</u>

*The amounts on lines 1, 2, 3, 4, and 6 of the workpapers were entered on the 2014 Schedule C (Form 990 or 990-EZ), Part III-B, lines 1, 2c, 3, 4, and 5.*

See the instructions for Part III-B, line 5, for the treatment of the \$400.

## Specific Instructions

### Part I. Organizations Maintaining Donor Advised Funds or Other Similar Funds or Accounts

Complete Part I if the organization answered "Yes" to Form 990, Part IV, line 6.

Generally a **donor advised fund** is a fund or account:

1. That is separately identified by reference to **contributions** of a donor or donors;
2. That is owned and controlled by a **sponsoring organization**; and
3. For which the donor or **donor advisor** has or reasonably expects to have advisory privileges in the distribution or investment of amounts held in the donor advised fund or account because of the donor's status as a donor.

**Note.** Donor advised funds are not limited to funds or accounts that meet the definition of "funds" under **generally accepted accounting principles**.

**Exceptions.** A donor advised fund does not include any fund or account:

1. That makes distributions only to a single identified organization or governmental entity, or
2. In which a donor or donor advisor gives advice about which individuals receive grants for travel, study, or other similar purposes, if:
  - a. The donor or donor advisor's advisory privileges are performed exclusively by such person in his or her capacity as a member of a committee in which all of the committee members are appointed by the sponsoring organization;
  - b. No combination of donors or donor advisors (and related persons as defined **next**) directly or indirectly control the committee; and
  - c. All grants from the fund or account are awarded on an objective and nondiscriminatory basis following a procedure approved in advance by the board of directors of the sponsoring organization. The procedure must be designed to ensure that all grants meet the requirements of section 4945(g)(1), (2), or (3); or
3. That the Secretary exempts from being treated as a donor advised fund because either such fund or account is advised by a committee not directly or indirectly controlled by the donor or donor advisor or because such fund

benefits a single identified charitable purpose.

See Notice 2006-109, 2006-51 I.R.B. 1121, available at [www.irs.gov/irb/2006-51\\_IRB/ar11.html](http://www.irs.gov/irb/2006-51_IRB/ar11.html) superseded in part by Rev. Proc. 2009-32, 2009-28 I.R.B. 142, modified and superseded by Rev. Proc. 2011-33, 2011-25 I.R.B. 887.

A person related to a donor or donor advisor includes: any family member (as defined in section 4958(f)(4)) of the donor or donor advisor and any **35% controlled entity** (as defined in section 4958(f)(3)) of the donor, donor advisor, or their family members.

**Column (a).** Complete for all donor advised funds held at any time during the **tax year** by the organization as a **sponsoring organization**.

**Column (b).** Complete for each similar fund or account held by the organization at any time during the tax year over which a donor, or person appointed by the donor, had advisory privileges for distribution or investment of amounts held in such fund or account, but which is not a **donor advised fund**. Examples of other similar funds or accounts include the funds or accounts listed in *Exceptions* above, as well as funds otherwise prescribed by statute as excepted from the meaning of a donor advised fund.

**Line 1.** Report in column (a) the total number of **donor advised funds** and in column (b) the total number of other similar funds or accounts held by the organization at the end of the year.

**Line 2.** Report in column (a) the aggregate **value** of contributions during the year to all **donor advised funds** and in column (b) the aggregate **value** of **contributions** during the year to all other similar funds or accounts held by the organization.

**Line 3.** Report in column (a) the aggregate **value** of grants made during the year from all **donor advised funds** and in column (b) the aggregate **value** of grants made during the year from all other similar funds or accounts held by the organization. Report both grants

"Value" replaces "aggregate amount."

outside the organization and transfers within the organization.

**Line 4.** Report in column (a) the aggregate value at the end of the year of all **donor advised funds** and in column (b) the aggregate value at the end of the year of all other similar funds or accounts held by the organization.

## Part II. Conservation Easements

Complete Part II if the organization answered "Yes" to Form 990, Part IV, line 7.

In addition to reporting on **conservation easements**, also report in Part II other interests in real property that under state law have attributes similar to a conservation easement and are established for the purpose of conservation and preservation (for example, certain restrictive covenants and equitable servitudes). Do not report utility easements.

**Line 1.** Check the box for the purpose or purposes for which the organization held the easement(s) during the tax year. Check all that apply.

**Line 2.** Provide an answer for each item.

**Line 2a.** Enter the total number of **conservation easements** held by the organization at the end of the **tax year**. This should not be an estimate or a rounded number.

**Line 2b.** Enter the total acreage restricted by **conservation easements** held by the organization at the end of the **tax year**. Compute the total acreage by adding together all the acres of land subject to all the easements held as of the end of the tax year. Do not include conservation easements on certified historic structures. Acreage can be expressed in decimal points for properties subject to easements where the acreage consists of less than whole numbers. For example, two and one-half acres can be expressed as 2.5 acres.

**Line 2c.** Enter the number of **conservation easements** on **certified historic structures** held by the organization at the end of the **tax year**.

A **certified historic structure** is any building or structure listed in the National Register of Historic Places as well as any building certified as being of historic significance to a registered historic district. See section

170(h)(4)(B) for special rules that apply to contributions made after August 17, 2006.

**Line 2d.** Enter the number of **conservation easements** included in the answer to line 2c that the organization acquired after August 17, 2006, and not on a historic structure listed in the National Register.

**Line 3.** To be eligible for a federal charitable income tax deduction for the donation of a conservation easement to a qualified organization, the easement must be granted in perpetuity. For purposes of maintaining its tax exemption, the recipient tax-exempt organization **generally** must protect the conservation easements it holds in perpetuity.

Enter the total number of conservation easements held by the organization that were modified, transferred, released, extinguished, or terminated, in whole or in part, during the tax year. For example, if two easements were modified and one easement was terminated during the tax year, enter the number 3.

For each easement modified, transferred, released, extinguished, or terminated, in whole or in part, explain the changes in Part XIII. Tax exemption may be undermined by the modification, transfer, release, extinguishment, or termination of an easement.

For purposes of this Schedule D reporting requirement, an easement is *modified* when its terms are amended or altered in any manner. For example, if the deed of easement is amended to increase the amount of land subject to the easement or to add, alter, or remove restrictions regarding the use of the property subject to the easement, the easement is modified. An easement is *transferred* if, for example, the organization assigns, sells, releases, quitclaims, or otherwise disposes of the easement whether with or without consideration. An easement is *released*, *extinguished*, or *terminated* when it is condemned, extinguished by court order, transferred to the land owner, or in any way rendered void and unenforceable, in each case whether in whole or in part. An easement is also *released*, *extinguished*, or *terminated* when all or part of the property subject to the easement is removed from the protection of the easement in exchange for the protection of some other property or cash to be used to protect some other property.

The categories described in the preceding paragraph are provided for convenience purposes only and are not to be considered legally binding or mutually exclusive. For example, a modification may also involve a transfer and an extinguishment, depending on the circumstances. Use of a synonym for any of these terms does not avoid the application of the reporting requirement. For example, calling an action a "swap" or a "boundary line adjustment" does not mean the action is not also a modification, transfer, or extinguishment.

**Line 4.** Enter the total number of states where property is located and subject to a **conservation easement** held by the organization during the **tax year**.

**Line 5.** A qualified organization must have a commitment to protect the conservation purposes of the easement, and have the resources to enforce the restrictions. Report whether the organization has a written policy or policies about how the organization will monitor, inspect, and handle violations, and how it will enforce **conservation easements**. If "Yes," briefly summarize such policy or policies in Part XIII. Also, indicate whether such policy or policies are reflected in the organization's easement documents. *Monitoring* means the organization investigates the use or condition of the real property restricted by the easement to determine if the property owner is adhering to the restrictions imposed by the terms of the easement to ensure the conservation purpose of the easement is being achieved. *Inspection* means an onsite visit to observe the property to carry out a monitoring purpose. *Enforcement* of an easement means action taken by the organization after it discovers a violation to compel a property owner to adhere to the terms of the conservation easement. Such activities can include communications with the property owner explaining his or her obligations with respect to the easement, arbitration, or litigation.

**Line 6.** Enter the total number of hours devoted during the tax year to monitoring, inspecting, and enforcing **conservation easements**, as those terms are defined in the instruction for line 5, above. Include the hours devoted to this purpose by any of the organization's paid or unpaid staff and by any of the organization's agents or **independent contractors**.

**Line 7.** Enter the total amount of expenses incurred by the organization

during the **tax year** to monitor, inspect, and enforce the **conservation easements** it held during the year as those terms are defined in the instructions for line 5.

**Line 8.** Answer “Yes” if each of the organization’s façade easements acquired after August 17, 2006, satisfies the requirements of sections 170(h)(4)(B)(i) and 170(h)(4)(B)(ii).

Section 170(h)(4)(B)(i) requires each façade easement donated after August 17, 2006, to include a restriction that preserves the entire exterior of the building, including the front, sides, rear, and height of the building, and to prohibit any change in the exterior of the building that is inconsistent with the historical character of such exterior.

Section 170(h)(4)(B)(ii) requires the donor and donee to enter into a written agreement certifying, among other things, that the donee organization has the resources to manage and enforce the restriction and a commitment to do so.

**Line 9.** Enter in Part XIII a description of how the organization reports **conservation easements** in its revenue and expense statement and on its balance sheet. Include in Part XIII, if applicable, the text of the footnote to the organization’s **financial statements** that describes the organization’s accounting for conservation easements and the basis for its reporting position (for example, **Financial Accounting Standards Board (FASB) Emerging Issues Task Force (EITF) 02-7, Example 1 (now codified in Accounting Standards Codification (ASC) 350-30-55-29 to 55-32)**).

*The organization must report any **qualified conservation contributions of conservation easements** in Form 990, Part VIII, Statement of Revenue; Schedule A (Form 990 or 990-EZ), Public Charity Status and Public Support; Schedule B (Form 990, 990-EZ, or 990-PF), Schedule of Contributors; and Schedule M (Form 990), Noncash Contributions, consistently with how it reports revenue from such contributions in its books, records, and financial statements.*

### Part III. Organizations Maintaining Collections of Art, Historical Treasures, or Other Similar Assets

Complete Part III if the organization answered “Yes” to Form 990, Part IV, line 8.

Organizations that receive contributions of **works of art, historical treasures**, and similar assets that do not maintain collections as described in the Statement of Financial Accounting Standards, **SFAS 116** (ASC 958-360-20), are not required to complete Part III, but may be required to complete Schedule M.

For lines 1 and 2, refer to SFAS 116 (ASC 958) for meanings of the various terms.

**Lines 1 and 2.** Pursuant to **SFAS 116** (ASC 958), certain organizations can choose one of two methods to report collections of **works of art, historical treasures**, or other similar assets held for public exhibition, education, or research in furtherance of public service. An organization that does not recognize and capitalize its collections for financial statement purposes will report its collections on the face of its statement of activities, separately from revenues, expenses, gains, losses, and assets. An organization that recognizes and capitalizes its collections for financial statement purposes will report its collections as assets and revenues based upon its fair value measurement. Line 1 pertains to collection items held by the organization in furtherance of public service, and line 2 pertains to collection items held by the organization for financial gain, as those terms are described in SFAS 116 (ASC 958).

**Line 1a.** If an organization has elected not to capitalize its collections, then provide in Part XIII the footnote(s) to the organization’s **financial statements** that describe these collection items.

**Line 1b.** If an organization has elected to capitalize its collections, provide on line 1b(i) the revenue relating to its collection items that is reported on Form 990, Part VIII, line 1. Also, provide on line 1b(ii) the value of the organization’s collection items reported as **total assets** on Form 990, Part X, line 16, column (B).

**Line 2.** If an organization has received or held collections for financial gain, provide on line 2a the revenue reported as to these collection items from the

total revenue included on Form 990, Part VIII, line 1. Also, provide on line 2b the asset value assigned to these collection items, which value should also be reported as part of the organization’s **total assets** reported on Form 990, Part X, line 16, column (B).

**Line 3.** Based upon the organization’s acquisition, accession, and other records, check all boxes that best describe how the organization utilizes its collections, including the collection’s most significant use.

**Line 4.** In Part XIII, provide a description of the organization’s collections and explain how these collections further the organization’s exempt purposes.

**Line 5.** Answer “Yes” to line 5 if during the year the organization solicited or received donations of **art, historical treasures**, or other similar assets to be sold in order to raise funds rather than to be maintained as part of the organization’s collection.

### Part IV. Escrow and Custodial Arrangements

Complete Part IV if the organization answered “Yes” to Form 990, Part IV, line 9 or reported an amount on Form 990, Part X, line 21.

**Lines 1a through 1f.** If the organization acts as an agent, **trustee**, custodian or other intermediary for funds payable to other organizations or individuals and has not reported those amounts on Form 990, Part X, as an asset or liability, check “Yes” and provide an explanation of the arrangement in Part XIII.

Organizations that maintain **escrow or custodial accounts** not reported on Form 990, Part X, must record increases or decreases in such accounts by completing lines 1c through 1f.

**Example 1.** A credit counseling organization that collects amounts from debtors to remit to creditors can hold funds in an **escrow or custodial account**. If the organization acts as a go-between and does not report these funds as its assets or liabilities on Form 990, Part X, it must report the fund balances on lines 1c through 1f.

**Example 2.** An organization providing down-payment assistance that collects amounts from donors to be used toward the purchase of qualifying housing can hold funds in an **escrow or custodial account**. If the organization acts as a go-between and does not

report these funds as its assets or liabilities on Form 990, Part X, it must report the fund balances on lines 1c through 1f.

**Line 2.** If the organization answered "Yes" to line 2a, explain in Part XIII the arrangements under which the amounts reported on Form 990, Part X, line 21, are held, including any obligations the organization has to other persons under such arrangements.

Explain in Part XIII any credit counseling, debt management, credit repair, or debt negotiation services the organization provided.

## Part V. Endowment Funds

Complete Part V if the organization answered "Yes" to Form 990, Part IV, line 10. For Part V, the definitions of **endowments** and types of endowments are governed by **SFAS 117**, paragraphs 13 through 16 (ASC 958-210 and 958-225). Information reported in Part V should pertain to the aggregate of the endowment assets held by the organization, organizations formed and maintained exclusively to further one or more exempt purposes of the organization, and organizations that hold endowment funds for the benefit of the organization.

**Temporarily restricted endowments** include endowment funds established by donor-restricted gifts that are maintained to provide a source of income for either a specified period of time or until a specific event occurs (see **SFAS 117** (ASC 958-205-45)), as well as all other temporarily restricted net assets held in a donor-restricted endowment, including unappropriated income from **permanent endowments** that is not subject to a permanent restriction.

**Permanent (true) endowments** are endowment funds that are established by donor-restricted gifts and are maintained to provide a permanent source of income, with the stipulation that principal must be invested and kept intact in perpetuity, while only the income generated can be used by the organization.

**Board-designated endowments, or quasi-endowments**, are endowments established by the organization itself, either from unrestricted donor or organizational funds, over which the organization itself imposes restrictions on their use, and which restrictions can be temporary or permanent in nature. See **SFAS 117** (ASC 958-205-45).

**Line 1a.** Enter the beginning-of-year balances of the organization's **endowment** funds for the current year and prior year. The amounts entered should agree with the organization's total **permanent (true) endowment, temporarily restricted endowment, and quasi-endowment** funds at the beginning of the current year and prior year.

**Line 1b.** Enter the amounts of current year and prior year **contributions** and transfers to the organization's **endowment** funds. These amounts include all donor gifts, grants, and contributions received, as well as additional funds established by the organization's governing board to function like an endowment, but that can be expended at any time at the discretion of the board.

**Line 1c.** Enter the current year and prior year net amounts of investment earnings, gains, and losses, including both realized or unrealized amounts. For earnings reported net of transaction costs, enter the net amount on line 1c. For earnings reported on a gross basis, enter the transaction costs on line 1f.

**Line 1d.** Enter the current year and prior year amounts distributed for grants or scholarships.

 *Because scholarships represent direct aid to individuals, they are distinguished from general programmatic aid referenced in line 1e.*

**Line 1e.** Enter the current year and prior year amounts distributed for facilities and programs. Amounts on this line should include withdrawn amounts, and amounts disinvested from an organization's **quasi-endowments** to reduce or eliminate capital investment.

**Line 1f.** Enter the current year and prior year administrative expenses charged to the **endowment** funds. These expenses can arise from either internal or third party sources.

**Line 1g.** Enter the year-end balances of the organization's **endowment** funds for the current year and prior year. To determine the year-end balances, add lines 1a, 1b, and investment earnings on line 1c, and subtract line 1c investment losses and the amounts on lines 1d through 1f.

**Line 2.** On lines 2a through 2c, enter the estimated percentage of the organization's total **endowment** funds at current year's end (as reported in line 1g, column (a)) held in (a) board

designated or **quasi-endowment** funds, (b) **permanent endowment** funds, or (c) **temporarily restricted endowment** funds. The total of these three percentages should equal 100%.

**Line 3.** Report information on **endowment** funds not in possession of the organization.

**Line 3a(i).** Enter "Yes" if any of the organization's **endowment** funds are in the possession of and administered by **unrelated organizations**.

**Line 3a(ii).** Enter "Yes" if any of the organization's **endowment** funds are in the possession of and administered by **related organizations**.

**Line 3b.** All **related organizations** are required to be reported on Schedule R (Form 990), Related Organizations and Unrelated Partnerships. Enter "Yes" on line 3b if the organization answered "Yes" to line 3a(ii) and the organization listed all related organizations referred to on line 3a(ii) in Schedule R.

**Line 4.** Describe in Part XIII the intended uses of the organization's **endowment** funds.

## Part VI. Land, Buildings, and Equipment

Complete Part VI if the organization answered "Yes" on Form 990, Part IV, line 11a, and reported an amount on Form 990, Part X, line 10a or 10b, or column (B), line 10c. Reporting is required if any amount other than zero is reported on those lines.

**Column (a).** Enter the cost or other basis of all land, buildings, leasehold improvements, equipment, and other fixed assets held for investment purposes, such as rental properties.

**Column (b).** Enter the cost or other basis of all other land, buildings, leasehold improvements, equipment, and other fixed assets held for other than investment purposes, including any land, buildings, and equipment owned and used by the organization in conducting its exempt activities. The total amounts reported in columns (a) and (b) must equal the amount reported on Form 990, Part X, line 10a.

**Column (c).** Enter the accumulated depreciation recorded for the assets listed in columns (a) and (b). Do not enter an amount in column (c) for line 1a, Land. The total of column (c) must equal the amount reported on Form 990, Part X, line 10b.

**Column (d).** Enter the sum of column (a) and column (b) minus column (c). The total of column (d) must equal the amount reported on Form 990, Part X, column (B), line 10c.

## Part VII. Investments—Other Securities

Complete Part VII if the organization answered “Yes” on Form 990, Part IV, line 11b, or reported an amount in Form 990, Part X, column (B), line 12, that is 5% or more of the total assets reported on Form 990, Part X, column (B), line 16.

*Other securities* to be reported in this part include **closely held stock**. They also include (1) publicly-traded stock for which the organization holds 5% or more of the outstanding shares of the same class, and (2) publicly-traded stock in a corporation that comprised more than 5% of the organization's **total assets** at the end of the **tax year**. List each separate class of publicly-traded stock held by the organization that meets either of these 5% ownership tests. Do not include program-related investments.

**Column (a).** Describe the type of investment. Each class of publicly-traded stock for which the organization holds 5% or more of the outstanding shares must be listed by name and class, including the number of shares held. Also report all publicly-traded stock in a corporation that comprised more than 5% of the organization's **total assets** at the end of the **tax year**.

**Column (b).** Enter the book value of each investment. The total of column (b) must equal the amount reported on Form 990, Part X, column (B), line 12.

**Column (c).** Indicate whether the investment is listed at cost or end-of-year market value. When reporting **securities at fair market value**, use commonly accepted valuation methods.

## Part VIII. Investments—Program Related

Complete Part VIII if the organization answered “Yes” on Form 990, Part IV, line 11c, and reported an amount on Form 990, Part X, column (B), line 13, that is 5% or more of the total assets reported on Form 990, Part X, column (B), line 16.

**Program-related investments** are investments made primarily to accomplish the organization's exempt purposes rather than to produce income. Examples of program-related investments include student loans and notes receivable from other exempt organizations that obtained the funds to pursue the filing organization's exempt function.

**Column (a).** Briefly describe each program-related investment on a separate line, including whether the investment is a loan or equity investment. For investments in a **domestic organization**, identify the organization.

**Column (b).** Enter the book value of each program-related investment. The total of column (b) must equal the amount reported on Form 990, Part X, column (B), line 13.

**Column (c).** Indicate whether the investment is listed at cost or end-of-year market value.

## Part IX. Other Assets

Complete Part IX if the organization answered “Yes” on Form 990, Part IV, line 11d, or reported an amount on Form 990, Part X, column (B), line 15, that is 5% or more of the total assets reported on Form 990, Part X, column (B), line 16.

**Column (a).** Enter a description of assets reported on Form 990, Part X, column (B), line 15. The organization can use any reasonable basis to classify these assets.

**Column (b).** Enter the book value of each asset. The total of column (b) must equal the amount reported on Form 990, Part X, column (B), line 15.

## Part X. Other Liabilities

Complete Part X if the organization answered “Yes” on Form 990, Part IV, line 11e or line 11f, and either reported an amount on Form 990, Part X, column (B), line 25, or had **financial statements** for the **tax year** that include a footnote addressing the organization's liability for uncertain tax positions. Organizations are required to separately report all liabilities for federal income taxes and amounts owed to related organizations on Part X of this schedule.

**Line 1. Other liabilities.** In column (a), list each type of liability not reported on lines 17 through 24 of Form 990, Part X. The organization can use any

reasonable basis to classify these liabilities.

In column (b), enter the book value of each liability. The total of column (b) must equal the amount reported on Form 990, Part X, column (B), line 25.

**Line 2. Liability for uncertain tax positions.** Every organization required to complete Part X must provide the text of the note in, or footnote to, its **financial statements**, if applicable, regarding the organization's liability for uncertain tax positions under **FIN 48 (ASC 740)**, International Financial Reporting Standards (IFRS), other country-specific accounting standards, or a modified version of any of the above (for example, modified FIN 48 (ASC 740)). This includes, for example, the description of a liability for **unrelated business income** tax, or tax that may be assessed as a result of the revocation of exempt status. Provide the full text of this note or footnote in Part XIII, even if the organization did not report any liability for uncertain tax positions in the note or footnote. Any portion of the note or footnote that addresses only the filing organization's liability must be provided verbatim. The filing organization can summarize that portion, if any, of a note or footnote that applies to the liability of multiple organizations, including the organization (for example, as a member of a group with consolidated financial statements), to describe the filing organization's share of the liability.

## Parts XI Through XII. Reconciliation of Revenue and Expenses From Form 990 to Audited Financial Statements

Complete Parts XI and XII if the organization answered “Yes” on Form 990, Part IV, line 12a. If the organization answered “Yes” on Form 990, Part IV, line 12b (but answered “No” on line 12a), completing Parts XI and XII is optional.

If the organization did not receive **audited financial statements** for the reporting year for which it is completing this Form 990, it is not required to complete Parts XI or XII, even if it prepared Form 990 in accordance with **SFAS 117 (ASC 958)**.

Use the reconciliation statements of Parts XI and XII to reconcile the differences between the revenue and expenses reported on the organization's audited financial statements prepared in

accordance with SFAS 117 (ASC 958) and the revenue and expenses reported on the organization's Form 990.

On line 4a of Parts XI and XII, include only those investment expenses netted against investment income in the revenue portion of the organization's audited financial statements. Do not include **program-related investment** expenses or other expenses reported as program service expenses in the audited statement of activities.

Parts XI and XII do not have to be completed for group returns.

### **Part XIII. Supplemental Information**

Complete Part XIII to provide narrative information required in the following.

- Part II, lines 3, 5, and 9 (**conservation easements**).
- Part III, lines 1a and 4 (**collections of works of art, historical treasures, and other similar assets**).
- Part IV, lines 1b and 2b (escrow or custodial arrangements, or credit counseling, debt management, credit repair, or debt negotiation services).
- Part V, line 4 (**endowment funds**).

- Part X, line 2 (note or footnote to **financial statements** regarding liability for uncertain tax positions).
- Part XI, lines 2d and 4b (reconciliation of revenue).
- Part XII, lines 2d and 4b (reconciliation of expenses).

Also use Part XIII to provide additional narrative explanations and descriptions, as needed. Identify the specific part and line number that the response supports in the order that it appears on Schedule D (Form 990). Part XIII can be duplicated if more space is needed.

# Schedule E Instructions

## General Instructions

**Future developments.** For the latest information about developments related to Schedule E (Form 990 or 990-EZ), such as legislation enacted after the schedule and its instructions were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### Purpose of Schedule

Schedule E (Form 990 or 990-EZ) is used by an organization that files Form 990 or Form 990-EZ to report information on private schools.

### Who Must File

An organization that answered "Yes" to Form 990, Part IV, line 13, or Form 990-EZ, Part VI, line 48, must complete and attach Schedule E to Form 990 or Form 990-EZ, as applicable. This means the organization checked the box on Schedule A (Form 990 or 990-EZ), Public Charity Status and Public Support, Part I, line 2, because it is a school.

If an organization is not required to file Form 990 or Form 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

For Form 990 and Form 990-EZ filers, use Part II if additional space is needed for explanations.

## Specific Instructions

### Part I

Relevant parts of Rev. Proc. 75-50, 1975-2 C.B. 587, are given below. The revenue procedure gives guidelines and recordkeeping requirements for determining whether private schools that are recognized as exempt from tax have racially nondiscriminatory policies toward their students.

**4.01 Organizational requirements.** A school must include a statement in its charter, bylaws, or other governing instrument, or in a resolution of its governing body, that it has a racially nondiscriminatory policy as to students and therefore does not discriminate against applicants and students on the basis of race, color, and national or ethnic origin.

**4.02 Statement of policy.** Every school must include a statement of its racially nondiscriminatory policy as to students in all its brochures and catalogues dealing with student admissions, programs, and scholarships. A statement substantially similar to the Notice described in paragraph (a), subsection 1, section 4.03, below, will be acceptable for this purpose. Further, every school must include a reference to its racially nondiscriminatory policy in other written advertising that it uses as a means of informing prospective students of its programs. The following references will be acceptable:

The (name) school admits students of any race, color, and national or ethnic origin.

**4.03 Publicity.** The school must make its racially nondiscriminatory policy known to all segments of the general community served by the school.

1. The school must use one of the following two methods to satisfy this requirement:

a. The school may publish a notice of its racially nondiscriminatory policy in a newspaper of general circulation that serves all racial segments of the community. This publication must be repeated at least once annually during the period of the school's solicitation for students or, in the absence of a solicitation program, during the school's registration period. Where more than one community is served by a school, the school may publish its notice in those newspapers that are reasonably likely to be read by all racial segments of the communities that it serves. The notice must appear in a section of the newspaper likely to be read by prospective students and

their families and it must occupy at least three column inches. It must be captioned in at least 12 point boldface type as a notice of nondiscriminatory policy as to students, and its text must be printed in at least 8 point type. The following notice will be acceptable:

### Notice of Nondiscriminatory Policy as to Students

*The (name) school admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.*

b. The school may use the broadcast media to publicize its racially nondiscriminatory policy if this use makes such nondiscriminatory policy known to all segments of the general community the school serves. If this method is chosen, the school must provide documentation that the means by which this policy was communicated to all segments of the general community was reasonably expected to be effective. In this case, appropriate documentation would include copies of the tapes or script used and records showing that there was an adequate number of announcements, that they were made during hours when the announcements were likely to be communicated to all segments of the general community, that they were of sufficient duration to convey the message clearly, and that they were broadcast on radio or television stations likely to be listened to by substantial numbers of members of all racial segments of the general community. Announcements must be made during the period of the school's solicitation for students or, in the absence of a solicitation program, during the school's registration period.

Communication of a racially nondiscriminatory policy as to students by a school to leaders of racial groups as the sole means of publicity generally will not be considered effective to make the policy known to all segments of the community.

2. The requirements of subsection 1, section 4.03, will not apply when one of the following paragraphs applies:

a. If for the preceding 3 years the enrollment of a parochial or other church-related school consists of students at least 75% of whom are members of the sponsoring religious denomination or unit, the school may make known its racially nondiscriminatory policy in whatever newspapers or circulars the religious denomination or unit utilizes in the communities from which the students are drawn. These newspapers and circulars may be those distributed by a particular religious denomination or unit or by an association that represents a number of religious organizations of the same denomination. If, however, the school advertises in newspapers of general circulation in the community or communities from which its students are drawn and paragraphs (b) and (c) of this subsection are not applicable to it, then it must comply with paragraph (a), subsection 1, section 4.03.

b. If a school customarily draws a substantial percentage of its students nationwide, worldwide, from a large geographic section or sections of the United States and follows a racially nondiscriminatory policy as to students, the publicity requirement may be satisfied by complying with section 4.02, earlier. Such a school may demonstrate that it follows a racially nondiscriminatory policy within the meaning of the preceding sentence either by showing that it currently enrolls students of racial minority groups in meaningful numbers or, when minority students are not enrolled in meaningful numbers, that its promotional activities and recruiting efforts in each geographic area were reasonably designed to inform students of all racial segments in the general communities within the area of the availability of the school. The question whether a school satisfies the preceding sentence will be determined on the basis of the facts and circumstances of each case.

c. If a school customarily draws its students from local communities and follows a racially nondiscriminatory policy as to students, the publicity requirement may be satisfied by complying with section 4.02, earlier. Such a school may demonstrate that it follows a racially nondiscriminatory policy within the meaning of the preceding sentence by showing that it currently enrolls students of racial minority groups in meaningful numbers. The question whether a school satisfies the preceding sentence will be determined on the basis of the facts and circumstances of each case. One of the facts and circumstances that the IRS will consider is whether the school's promotional activities and recruiting efforts in each area were reasonably designed to inform students of all racial segments in the general communities within the area of the availability of the school. The IRS recognizes that the failure by a school drawing its students from local communities to enroll racial minority group students may not necessarily indicate the absence of a racially nondiscriminatory policy as to students when there are relatively few or no such students in these communities. Actual enrollment is, however, a meaningful indication of a racially nondiscriminatory policy in a community in which a public school or schools became subject to a desegregation order of a federal court or otherwise expressly became obligated to implement a desegregation plan under the terms of any written contract or other commitment to which any federal agency was a party.

The IRS encourages schools to satisfy the publicity requirement by the methods described in subsection 1, section 4.03, regardless of whether a school considers itself within subsection 2, because it believes these methods to be the most effective to make known a school's racially nondiscriminatory policy. It is each school's responsibility to determine whether paragraph (a), (b), or (c), subsection 2, applies to it. On audit, a school must be prepared to demonstrate that the failure to publish its racially nondiscriminatory policy in accordance with subsection 1, section 4.03, was justified by the application to it of paragraph (a), (b), or (c), subsection 2. Further, a school must be prepared to demonstrate that it has publicly disavowed or repudiated any statements purported to have been made on its behalf (after November 6, 1975) that are contrary to its publicity of a racially nondiscriminatory policy as to students, to the extent that the school or its principal official were aware of such statements.

**4.04 Facilities and programs.** A school must be able to show that all of its programs and facilities are operated in a racially nondiscriminatory manner.

**4.05 Scholarship and loan programs.** As a general rule, all scholarship or other comparable benefits available for use at any school must be offered on a racially nondiscriminatory basis. Their availability on this basis must be known throughout the general community being served by the school and should be referred to in the publicity required by this section in order for that school to be considered racially nondiscriminatory as to students. Scholarships and loans that are made pursuant to financial assistance programs favoring members of one or more racial minority groups that are designed to promote a school's racially nondiscriminatory policy will not adversely affect the school's exempt status.

Financial assistance programs favoring members of one or more racial groups that do not significantly derogate from the school's racially nondiscriminatory policy similarly will not adversely affect the school's exempt status.

**4.06 Certification.** An individual authorized to take official action on behalf of a school that claims to be racially nondiscriminatory as to students is required to certify annually, under penalties of perjury, that to the best of his or her knowledge and belief the school has satisfied the applicable requirements of sections 4.01 through 4.05, Rev. Proc. 75-50. *This certification is line 7, Schedule E.*

**4.07 Faculty and staff.** The existence of a racially discriminatory policy for employment of faculty and administrative staff is indicative of a racially discriminatory policy as to students. On the other hand, the absence of racial discrimination in employment of faculty and administrative staff is indicative of a racially nondiscriminatory policy as to students.

**7.01 Specific records.** Except as provided in section 7.03, each exempt private school must maintain for a minimum period of three years, beginning with the year after the year of compilation or acquisition, the following records for the use of the IRS on proper request:

1. Records indicating the racial composition of the student body, faculty, and administrative staff for each academic year,
2. Records sufficient to document that scholarship and other financial assistance is awarded on a racially nondiscriminatory basis,
3. Copies of all brochures, catalogues, and advertising dealing with student admissions, programs, and scholarships. Schools advertising nationally or in a large geographic segment or segments of the United States need only maintain a record sufficient to indicate when and in which publications their advertisements were placed, and
4. Copies of all materials used by or on behalf of the school to solicit contributions.

**7.02 Limitation.**

1. For purposes of section 7.01, the racial composition of the student body, faculty, and administrative staff may be an estimate based on the best information readily available to the school, without requiring student applicants, students, faculty, or administrative staff to submit information to the school that the school otherwise does not require. For each academic year, however, a record of the method by which racial composition is determined must be maintained.

2. The IRS does not require that a school release personally identifiable records or personal information contained therein except in accordance with the requirements of the "Family Educational Rights and Privacy Act of 1974," 20 U.S.C. section 1232(g) (1974). Similarly, the IRS does not require a school to keep records the maintenance of which is prohibited under state or federal law.

**7.03 Exceptions.** The records described in section 7.01 need not be independently maintained for IRS use if:

1. Substantially the same information that each of these records would provide has been included in a report or reports filed in accordance with law with an agency or agencies of federal, state, or local government, and this information is current within one year, and
2. The school maintains copies of these reports from which this information is readily obtainable. Records described in section 7.01 providing information not included in reports filed with an agency or agencies must be maintained by the school for IRS use.

**7.04 Failure to maintain records.** Failure to maintain or to produce upon the proper request the required records and information will create a presumption that the organization has failed to comply with these guidelines.

## Part II. Supplemental Information

Use Part II to provide the narrative explanations required, if applicable, to supplement responses to Part I, lines 3, 4d, 5h, 6b, and 7. Part II may also be used to supplement other responses to questions on Schedule E (Form 990 and 990-EZ). In Part II, identify the specific line number that each response supports, in the order in which those lines appear on Schedule E (Form 990 or 990-EZ). Part II can be duplicated if more space is needed.

### Future Developments

For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

### Purpose of Schedule

Schedule F (Form 990) is used by an organization that files Form 990 to provide information on its activities conducted outside the **United States** by the organization at any time during the tax year.

**Activities conducted outside the United States** include **grants and other assistance, program-related investments, fundraising activities, unrelated trade or business, program services, investments, or maintaining offices, employees, or agents** for the purpose of conducting any such activities in regions outside the United States.

United States is defined as the 50 states and the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, and the United States Virgin Islands. A "foreign country" is any sovereignty that is not the United States.

Information is to be reported based on the geographic regions described below. Report activities conducted by the organization directly or indirectly through a **disregarded entity**, or through a **joint venture** treated as a partnership.

For purposes of Schedule F (Form 990), grants and other assistance includes awards, prizes, **contributions**, noncash assistance, cash allocations, stipends, scholarships, fellowships, research grants, and similar payments

and distributions made by the organization during the **tax year** to **foreign organizations, foreign governments, and foreign individuals**. It also includes grants and other assistance to **domestic individuals or domestic organizations** for the purpose of providing grants to designated foreign beneficiaries. It does not include salaries or other **compensation** to **employees** or payments to **independent contractors**; the payment of any benefit by a section 501(c)(9) voluntary employees' beneficiary association (VEBA) to employees of a sponsoring organization or contributing employer, if such payment is made under the terms of the VEBA trust and in compliance with section 505; or payments or other assistance to affiliates or branch offices that are not organized as legal entities separate from the filing organization.

"Program services" are activities conducted by the organization outside the United States that form the basis of the organization's exemption from federal income tax. Examples of program services include, but are not limited to, operating an orphanage, school, hospital, church, temple, mosque, or synagogue; disaster relief efforts; and providing indigent relief.

Parts II and III of Schedule F (Form 990), and the Part I, line 3 table of Schedule F, may be duplicated to list additional activities per region (Part I), grants and other assistance to organizations or **entities** outside the United States (Part II), or grants and other assistance to individuals outside the United States (Part III) that do not fit on the first page of these parts. Number each page of each part.

### Who Must File

An organization that answered "Yes" to Form 990, Part IV, *Checklist of Required Schedules*, line 14b, 15, or 16, must complete the appropriate parts of Schedule F (Form 990) and attach Schedule F (Form 990) to Form 990.

If an organization is not required to file Form 990 but chooses to do so, it

must file a complete return and provide all of the information requested, including the required schedules.

## Specific Instructions

### Part I. General Information on Activities Outside the United States

Complete Part I if the organization answered "Yes" to Form 990, Part IV, line 14b. This means the organization had aggregate revenues or expenses of more than \$10,000 from or attributable to grantmaking, fundraising, business, investment, and program services outside the **United States**, or held investments outside the United States in foreign partnerships, foreign

corporations, and other foreign entities with an aggregate book value of \$100,000 or more at any time during the tax year.

Expenses incurred for services provided in the United States (for example, telemedicine and services provided over the Internet) that include recipients both inside and outside the United States should not be reported in Part I.

*If an organization that completes Part I made grants or provided other assistance during the **tax year** to foreign organizations or foreign individuals, it may also need to complete, as applicable, Parts II or III. If the organization did not make any such grants, it does not need to complete Parts II or III.*

**Lines 1–2.** Complete these lines only if the organization made grants or provided other assistance directly or indirectly to **foreign organizations, foreign governments, or foreign individuals**. Indicate "Yes" or "No" regarding whether the organization maintains records to substantiate amounts, eligibility, and selection criteria used for making grants and providing other assistance. Describe how the organization monitors its grants and other assistance (and re-grants thereof) to ensure that such grants and other assistance are used for proper purposes or are not otherwise diverted from the intended use. For example, the organization can describe required periodic reports and accountings, field investigations by the organization's personnel, and third-party audits. Use Part V of this schedule for the narrative response to **Part I**, line 2.

**Line 3.** Enter the details for each type of activity conducted at any time during the **tax year** for each region on a separate line of Part I. If multiple activities are conducted per region, list each type of activity on a separate line and repeat regions in column (a) as necessary. Use the regions listed earlier.

**Report investments separately.** Report investments on a region-by-region basis on line 3 separately from other activities in the region. All investments for a particular region can be aggregated for this purpose. For example, all investments in South America can be reported together on one line. In reporting investments in a region, only columns (a), (d), and (f) must be completed;

columns (b), (c), and (e) need not be completed with respect to investments for the tax year.

Column (a) should reflect the region of the investment. The region of a foreign investment entity is determined by its legal domicile (country whose law governs the entity's internal affairs). In the case of a foreign pass-through entity such as a foreign partnership, an organization is not required to report the region of the underlying investments held by the pass-through entity, but can report the region based on the legal domicile of the foreign pass-through entity.

An organization need not report foreign investments indirectly held through a domestic (United States) pass-through entity, as the domicile of the pass-through entity is not a foreign location. Nor does the organization need to report its investments in entities domiciled overseas but traded on a U.S. stock exchange.

The term "investments" can be used to describe the foreign activity in column (d). In column (f), report the total book value of the organization's investments for that region as of the end of the tax year. This value may be rounded off to the nearest \$1,000. For instance, if the value of investments in a particular region is \$35,439, the value may be reported as \$35,000.

**Note.** Funds transferred into non-interest bearing accounts outside the **United States** to be used in the organization's program services are not reportable as investments in Part I, line 3. However, once such funds are used for program services, they are reportable as expenditures in Part I, line 3, column (f).

**Column (a).** Identify each region in which the organization conducts grantmaking, investment activity, **fundraising activities**, business, program services, and other activities.

**Column (b).** If the organization answered "Yes" to Form 990, Part IV, line 14a, and the organization maintained offices outside the **United States**, list in this column the number of offices maintained by the organization in each region listed during the **tax year**. However, in column (b), lines 3a-3c, report the total number of offices maintained by the organization in regions outside of the United States during the tax year, but do not count any one office more than once in these totals. See *Glossary* in the Instructions

for Form 990 for a definition of **maintaining offices, employees, or agents**.

**Column (c).** If the organization answered “Yes” to Form 990, Part IV, line 14a, and the organization maintained **employees, agents, or independent contractors** outside the **United States**, show in this column the total number of employees, agents, and independent contractors working in each region listed during the **tax year**. Do not include in this number any persons who serve the organization solely as volunteers. Include an employee, agent, or independent contractor in the total for each region in which that person worked during the tax year. However, in column (c), lines 3a-3c, report the total number of employees, agents, and independent contractors working outside of the United States during the tax year, but do not count any one employee, agent, or independent contractor more than once in these totals. See *Glossary* in the Instructions for Form 990 for a definition of **maintaining offices, employees, or agents**.

**Column (d).** Specify in this column the type(s) of activity(ies), as listed here, that are conducted in or for each region. Types of activities are any of the following: grantmaking, **fundraising activities, unrelated trade or business**, program services, investments, **program-related investments**, conducting board meetings, or sending agents of the organization to attend and speak at seminars and conferences. If multiple activities are conducted per region, list each type of activity on a separate line and repeat regions in column (a) as necessary.

**Column (e).** If “program services” is the listed activity in column (d), provide a description of the specific program service.

**Column (f).** Enter the total amount of expenditures for activities conducted for each listed region, or the total book value of investments or **program-related investments** for that region, as of the end of the **tax year**. These amounts may be rounded off to the nearest \$1,000. For instance, if the value of investments in a region is \$55,341, the value may be reported as \$55,000. If the organization made both expenditures and investments in a region, list the amount(s) of expenditures and the value of

investments on separate lines for each type of activity in that region.

Expenditures include salaries, wages, and other employment-related costs paid to or for the benefit of **employees** located in the region; travel expenses to, from, and within the region; rent and other costs relating to offices located in the region; grants to or for recipients located in the region; bank fees and other financial account maintenance fees and costs; and payments to agents located in the region. Report expenditures based on the method used to account for them on the organization's financial statements, and describe this method in Part V.

For 2014, allocations of indirect expenditures to foreign activities are not necessary if the organization does not separately track them. For example, if under a university's current accounting procedures, certain expenses associated with a study abroad program are not separately tracked (for example, listing study abroad program on school website or in paper catalog), then such expenses are not required to be included in Part I, column (f).

*An organization may have no foreign expenditures reportable in Part I, column (f), even though it is required to report an activity in Part I. For example, an organization that derives more than \$10,000 of revenue from a foreign activity must report the activity in Part I, even if it incurred no expenditures for that activity.*

## Part II. Grants and Other Assistance to Organizations or Entities Outside the United States

Complete Part II if the organization answered “Yes” on Form 990, Part IV, line 15. This means the organization reported on Form 990, Part IX, *Statement of Functional Expenses*, column (A), line 3, more than \$5,000 of **grants and other assistance** to any particular **foreign organization** or entity (including a **foreign government**) or to a **domestic organization** or **domestic individual** for the purpose of providing grants or other assistance to a designated foreign organization or organizations.

**Line 1.** Enter information only for each recipient organization or entity that received more than \$5,000 total of grants or assistance from the organization for the **tax year**.

Enter the details of each organization or entity on a separate line. If there are more organizations or entities to report in Part II than space available, report the additional organizations or entities on duplicate copies of Schedule F (Form 990), Part II. Use as many duplicate copies as needed, and number each page of each part.

Report cash grants and noncash assistance in Part II based on the accounting method used to account for them on the organization's financial statements, and describe this method in Part V.

*Do not complete Part II, line 1, columns (a) or (b). However, complete columns (c) through (i) as if columns (a) and (b) were completed.*

Report grants in Part II regardless of the source of the grant funds (whether restricted or unrestricted), and regardless of whether the organization selected the grantee.

**Example.** EO receives a grant from a government agency, under the terms of which EO is required to submit the funds to Y, a foreign university, for research on the causes of a particular disease. EO must report the payments to Y as grant payments, regardless of whether EO selected Y as the grantee.

**Column (c).** Specify the region where the principal foreign office of the recipient organization or entity is located or, if the recipient has no foreign office, the region where the grant funds were or will be used. See *Regions*, earlier.

**Column (d).** Describe the purpose or ultimate use of the grant funds. Do not use general terms, such as charitable, educational, religious, or scientific. Use more specific descriptions such as general support, school or hospital construction, purchase of medical supplies or equipment, purchase of school books or school supplies, provision of clothing, food, etc. In the case of specific disaster assistance, include a description of the disaster, such as tsunami or earthquake relief.

**Column (e).** Enter total dollar amount of cash grants, in U.S. dollars, to each recipient organization or entity for the tax year. Cash grants include grants or allocations paid by cash, check, money order, wire transfers, and other charges against funds on deposit at a financial institution.

If the organization checks "Accrual" on Form 990, Part XII, line 1, follows **Statement of Financial Accounting Standards (SFAS) 116** (see instructions for Form 990, Part IX), and makes a grant during the **tax year** to be paid in future years to an organization or government outside the United States, it should report the grant's present value in Part II, line 1, column (e) or (g), and report any accruals of present value increments in future years.

**Column (f).** Describe the manner of cash disbursement (or, for organizations using the accrual method of accounting, the intended manner of cash disbursement), such as by cash payment, money order, electronic fund or wire transfer, check, other charges against funds on deposit at a financial institution, or other. List all that apply for each recipient.

**Column (g).** Enter the **fair market value (FMV)** of any noncash property in U.S. dollars.

**Column (h).** For noncash property or assistance, enter a description of the property or assistance. List all that apply. Examples of noncash assistance include medical supplies or equipment, pharmaceuticals, blankets, books, or other educational supplies.

**Column (i).** Describe the method of valuation. Report property with a readily determinable market value at its **FMV**. When FMV cannot be readily determined, use an appraised or estimated value.

**Line 2.** Add the number of recipient organizations listed on Part II, line 1 of Schedule F (Form 990):

- that are recognized by the Internal Revenue Service as exempt from federal income tax as described in section 501(c)(3);
- that are recognized as a charity by a foreign country; or
- for which the grantmaker has made a good faith determination, based on an affidavit from the grantee or the opinion of counsel, that the grantee is the equivalent of a public charity. Enter the total.

**Line 3.** Add the number of recipient organizations listed on Part II, line 1 of Schedule F (Form 990) that are not described on line 2. Enter the total.

### Part III. Grants and Other Assistance to Individuals Outside the United States

Complete Part III if the organization answered "Yes" on Form 990, Part IV, line 16. This means that the organization reported on Form 990, Part IX, column (A), line 3, more than \$5,000, in the aggregate, of **grants and other assistance to foreign individuals** and to **domestic organizations** or **domestic individuals** for the purpose of providing grants or other assistance to a designated foreign individual or individuals.

Enter information for grants and other assistance made directly to foreign individuals, or directly to **foreign organizations** for the benefit of specified foreign individuals. Do not complete Part III for grants and other assistance to foreign individuals through a foreign organization unless the grant or assistance is earmarked for the benefit of one or more specific individuals. Instead, complete Part II for such grants and other assistance. For example, report in Part III a payment to a foreign hospital designated to cover the medical expenses of a foreign individual. Report in Part II a **contribution** to a foreign hospital to provide a service to the general public or to serve unspecified charity patients.

Enter the details of each type of grant or assistance to individuals on a separate line. If there are more types than space available, report the additional items on duplicate copies of Schedule F (Form 990), Part III. Use as many duplicate copies as needed, and number each page.

Report cash grants and noncash assistance in Part III based on the accounting method used to account for them on the organization's financial statements, and describe this method in Part V.

Report grants in Part III regardless of the source of the grant funds (whether restricted or unrestricted), and regardless of whether the organization selected the grantee.

**Column (a).** Specify type(s) of assistance provided, or describe the purpose or use of grant funds. List all that apply for each region. Do not use general terms such as charitable, educational, religious, or scientific. Use more specific descriptions, such as scholarships, food, clothing, shelter for indigents or disaster victims, direct cash assistance to indigents, medical

supplies or equipment, books or other educational supplies, etc. In the case of specific disaster assistance, include a description of the disaster, such as tsunami or earthquake.

**Column (b).** List each region in which grants and other assistance were provided to or for **foreign individuals**. See *Regions*, earlier.

**Column (c).** For each type of assistance provided in each region listed, enter the number of recipients that received the type of assistance in that region. If the filing organization does not have a way to determine a specific number, estimate the number. **Explain in Part V how the organization arrived at the estimate.**

**Column (d).** Enter the total amount of cash grants, in U.S. dollars, provided to or for recipients in each region for each type of assistance. Cash grants include only grants or allocations paid by cash, checks, money orders, electronic funds or wire transfers, and other charges against funds on deposit at a financial institution.

If the organization checks "Accrual" on Form 990, Part XII, line 1, follows **SFAS 116** (see instructions for Form 990, Part IX), and makes a grant during the **tax year** to be paid in future years to an individual outside the United States, it should report the grant's present value in Part III, column (d) or (f), and report any accruals of present value increments in future years.

**Column (e).** Describe the manner of cash disbursement (or, for organizations using the accrual method of accounting, the intended manner of cash disbursement), such as by cash payment, money order, electronic fund or wire transfer, check, other charges against funds on deposit at a financial institution, or other. List all that apply for each region.

**Column (f).** Enter the **FMV** of noncash property in U.S. dollars for each type of assistance. If multiple properties were transferred for the type of assistance, enter information for each.

**Column (g).** For noncash property, enter a description of the property. If multiple properties were transferred, enter a description of each.

**Column (h).** Describe the method of valuation. Report property with a readily determinable market value at its **FMV**.

When FMV cannot be readily determined, use an appraised or estimated value.

## Part IV. Foreign Forms

All Schedule F (Form 990) filers must complete Part IV, lines 1-6. If the organization answers "Yes" to any of lines 1-6 because it engaged in the activities described on that line during the **tax year**, it may need to file the form referenced on that line. To determine whether an organization is required to file any of the IRS forms referenced on lines 1-6 (i.e., Forms 926, 3520, 3520-A, 5471, 5713, 8621, or 8865), see the instructions for those forms. Do not

attach Forms 3520, 3520-A, or 5713 to Form 990.

## Part V. Supplemental Information

Use Part V to provide narrative information required to supplement responses in:

- Part I, line 2, regarding the organization's procedures for monitoring the use of its grants and other assistance outside the United States;
- Part I, **line 3**, column (f), regarding the method used to account for expenditures on the organization's financial statements;

- Part II, line 1, regarding the method used to account for cash grants and noncash assistance on the organization's financial statements;
- Part III, regarding the method used to account for cash grants and noncash assistance on the organization's financial statements; **and**
- **Part III, column (c), regarding the estimated number of recipients.**

Provide other narrative explanations and descriptions, as needed.

Identify the specific part and line(s) that the response supports. Part V can be duplicated if more space is needed.

# Schedule G Instructions

# Instructions for Schedule G (Form 990 or 990-EZ)

## Supplemental Information Regarding Fundraising or Gaming Activities

Section references are to the Internal Revenue Code unless otherwise noted.

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

### What's New

The IRS has created a page on IRS.gov for information about Schedule G (Form 990 or 990-EZ) and its instructions, at [www.irs.gov/form990](http://www.irs.gov/form990). Information about any recent developments affecting Schedule G (Form 990 or 990-EZ) (such as legislation after we release it) will be posted on that page.

### Purpose of Schedule

Schedule G (Form 990 or 990-EZ) is used by an organization that files Form 990 or Form 990-EZ to report **professional fundraising services, fundraising events, and gaming**.

### Who Must File

An organization that answered "Yes" to Form 990, Part IV, *Checklist of Required Schedules*, line 17, 18, or 19, or meets the criteria for Form 990-EZ filers described below, must complete the appropriate parts of Schedule G (Form 990 or 990-EZ) and attach Schedule G to Form 990 or Form 990-EZ, as applicable.

- **Part I.** Complete *Part I* if the organization answered "Yes" to Form 990, Part IV, line 17, because the organization reported a total of more than \$15,000 of expenses for **professional fundraising services** on Form 990, Part IX, *Statement of Functional Expenses*, lines 6 and 11(e). Form 990-EZ filers are not required to complete *Part I*.
- **Part II.** Complete *Part II* if the organization (1) answered "Yes" to Form 990, Part IV, line 18, because the organization reported a total of more than \$15,000 of fundraising event gross income and **contributions** on Form 990, Part VIII, *Statement of Revenue*, lines 1c and 8a, or (2) reported more than \$15,000 of **fundraising event contributions** and gross income on Form 990-EZ, Part I, lines 1 and 6b.
- **Part III.** Complete *Part III* if the organization (1) answered "Yes" to Form 990, Part IV, line 19, because the

organization reported more than \$15,000 of gross income from **gaming** activities on Form 990, Part VIII, line 9a, or (2) reported more than \$15,000 of gross income from gaming on Form 990-EZ, Part I, line 6a.

If an organization is not required to file Form 990 or Form 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

### Specific Instructions

#### Part I. Fundraising Activities

Complete this part if the organization reported a total of more than \$15,000 of expenses for **professional fundraising services** on Form 990, Part IX, lines 6 and 11e. Form 990-EZ filers are not required to complete *Part I*.

**Line 1.** Check the box in front of each method of fundraising used by the organization to raise funds during the tax year.

**Line 2a.** Check "Yes" if at any time during the tax year the organization had an agreement with another person or entity in connection with **professional fundraising services**. Do not include an **officer, director, trustee, or employee** who conducts professional fundraising services solely in his or her capacity as an officer, director, trustee, or employee of the organization.

The organization must report all agreements for professional fundraising services regardless of the form of agreement (written or oral). For example, an organization that had a written contract with a business to supply printing and mailing services would report that agreement here if the business also provided to the organization professional fundraising services such as strategy on mailing.

**Line 2b.** If "Yes" is checked on line 2a, list in column (i) the ten highest paid individuals or entities who were each to be compensated at least \$5,000 by the organization for **professional fundraising services** provided during the **tax year**, and the business address of each individual or entity.

**Column (ii).** Enter the type(s) of **fundraising activities** for which the professional fundraiser performed services.

Report the fundraising activities consistently with terms used by the organization in the management of its fundraising program. For example, if an organization contracts with a single fundraiser to advise on and coordinate all of its direct mail fundraising, it might enter "consults on direct mail program." If a consultant were hired to perform data analysis for all aspects of an organization's public solicitation, it might enter "provides database consulting for direct mail, telephone, Internet and email."

**Column (iii).** For this purpose, custody or control means possession of the funds or the authority to deposit, direct the use of, or use the funds. Describe the custody or control arrangement in *Part IV*.

**Column (iv).** Enter the gross receipts connected to the services provided by the fundraiser listed in column (i) and received by the organization, or by the fundraiser on the organization's behalf, during the **tax year**.

A professional fundraiser can deliver services during the tax year and be properly reported on line 2b but have no gross receipts to report in column (iv). For example, an organization may retain a fundraiser to conduct a feasibility study for a capital campaign. The campaign, if there were to be one, could be conducted in, and produce receipts in, subsequent tax years. Likewise, a fundraiser might be hired to plan and produce programming for a media campaign. Fees would be properly reported in the tax year, but there might be no receipts to report until subsequent years when the programming actually airs. In each case, the organization can properly report a "-0-" in column (iv).

**Column (v).** Enter the dollar amounts in fees paid to or fees withheld by the fundraiser for its **professional fundraising services**.

If the agreement provides for the payment of fees and also for the payment of fundraising expenses, such as printing, paper, envelopes, postage, mailing list rental, and equipment rental, the organization must report such amounts

paid during the year in *Part IV* of **Schedule G (Form 990 or 990-EZ)** and describe how the agreement distinguishes payments for professional fundraising services from expense payments or reimbursements. Also describe in *Part IV* of **Schedule G (Form 990 or 990-EZ)** whether the organization entered into any arrangements with fundraisers under which the organization made payments exclusively for such expenses but not for professional fundraising services. If the agreement does not distinguish between fees for professional fundraising services and payment of fundraising expenses, then the organization must report in column (v) the gross amount paid to (or withheld by) the fundraiser.

**Column (vi).** Subtract column (v) from column (iv).

**Line 3.** List all states in which the organization is registered or licensed to solicit **contributions**, or has been notified that it is exempt from such registration or licensing.

## Part II. Fundraising Events

Complete this part if the sum of the amounts reported on Form 990, Part VIII, lines 1c and 8a exceeds \$15,000, or if the sum of the amounts reported on Form 990-EZ, line 6b and the line 6b parenthetical exceeds \$15,000. List only **fundraising events** with gross receipts greater than \$5,000 that the organization conducted at any time during the **tax year**.

List the two largest fundraising events with gross receipts greater than \$5,000 each in columns (a) and (b). In column (c), enter the total number of other events with gross receipts greater than \$5,000 each and report revenue and expenses from these events in the aggregate. If no events other than those listed in columns (a) and (b) exceeded the \$5,000 threshold, enter "None."

Report revenue and expenses attributable to gaming in *Part III*, rather than in *Part II*.

### Revenue

**Line 1.** Enter the total amount the organization received from column (a) and column (b) during the **tax year** without subtracting any costs, expenses, or **contributions** received in connection with the **fundraising event**. Enter in column (c) the total amount the organization received from all other events with gross receipts greater than \$5,000 during the tax year without subtracting any costs, expenses, or contributions received in connection with the events. Enter the sum of columns (a), (b), and (c) in column (d).

**Line 2.** Enter the total amount of **contributions**, gifts, and similar amounts

(including the total value of **noncash contributions**) received by the organization for **fundraising events** in columns (a) and (b) during the **tax year**. Enter in column (c) the total amount of contributions, gifts, and similar amounts received by the organization from all other **fundraising events** with gross receipts greater than \$5,000 during the tax year. Enter the sum of columns (a), (b), and (c) in column (d).

**Line 3.** Enter the gross income (gross receipts less **contributions**) from events listed without reduction for catering, entertainment, cost of goods sold, compensation, fees, or other expenses. Enter the total of columns (a), (b), and (c) in column (d).

### Direct Expenses

Enter the expense amount in the appropriate column (a through c) for events with gross receipts greater than \$5,000 each. Enter the total of columns (a), (b), and (c) in column (d).

**Line 4.** Enter the total amount paid out as cash prizes.

**Line 5.** Enter the **fair market value** of the noncash prizes paid or given out for each **fundraising event**.

**Line 6.** Enter the expenses paid or incurred for the rent or lease of property or facilities.

**Line 7.** Enter the expenses paid or incurred for food and beverages. Include all direct expenses such as catering.

**Line 8.** Enter the expenses paid or incurred for entertainment, including direct expenses for labor and wages.

**Line 9.** Enter the amount of other direct expense items for **fundraising events** not included in Part II, lines 4 through 8. The organization should retain in its records an itemized list of all other direct expenses not included on lines 4 through 8. For labor costs and wages, include the total amount of compensation paid to fundraising event workers or paid **independent contractors** for labor costs.

**Line 10.** Add lines 4 through 9 in column (d).

**Line 11.** Subtract line 10 from line 3, column (d). If line 10 is more than line 3, column (d), and the result is less than zero, enter it in parentheses.

## Part III. Gaming

Complete this part if the organization reported more than \$15,000 from gaming on Form 990, Part VIII, line 9a, or Form 990-EZ, line 6a.

Treat all **bingo** as a single event for column (a) and all **pull tabs** as a single event for column (b). Include all revenue and expenses for progressive bingo,

instant bingo, and event bingo in column (b).

Include in column (c) all other types of gaming not included in column (a) or (b).

Complete *Part III* for each type of **gaming** conducted.

### Revenue

**Line 1.** Enter the gross revenue (gross receipts less contributions) for each type of **gaming** conducted without reduction for cash or noncash prizes, cost of goods sold, **compensation**, fees, or other expenses. Enter the total of columns (a) through (c) in column (d).

### Direct Expenses

Enter the expense amount in the appropriate column (a) through (c) for each type of **gaming** conducted. Enter the total of columns (a) through (c) in column (d).

**Line 2.** Enter the total amount paid out as cash prizes.

**Line 3.** Enter the **fair market value** of the noncash prizes paid or given out for each type of **gaming** conducted.

**Line 4.** Enter the expenses paid or incurred for the rent or lease of property or facilities.

**Line 5.** Enter the amount of other direct expense items for **gaming** not included on lines 2 through 4. The organization should retain in its records an itemized list of all other direct expenses not included on lines 2 through 4. Mandatory distributions should be shown on line 17.

The itemized list of direct expenses should include the following:

- Labor costs and wages, including the total **compensation** paid to **gaming** workers or **independent contractors** for labor costs;
- Employer's share of federal, state, and local payroll taxes paid for the tax year for gaming workers, including social security and Medicare taxes, state and federal unemployment taxes, and other state and local payroll taxes;
- Excise taxes, including any wagering tax paid with Form 730, Monthly Tax Return for Wagers, and any occupational tax paid with Form 11-C, Occupational Tax and Registration Return for Wagering.

**Line 6.** If substantially all of the organization's work in conducting a type of gaming is performed by **volunteers**, check "Yes" and enter the percentage of total workers who are volunteers for each type of **gaming** conducted. The percentage is determined by dividing the number of volunteers for each type of gaming by the total number of workers for that type of gaming, both paid and unpaid.

**Line 7.** Enter the total of lines 2 through 5, in column (d).

**Line 8.** Subtract line 7 from line 1, column (d). If line 7 is more than line 1, column (d), and the result is less than zero, enter it in parentheses.

*For Form 990 filers, the amounts reported on line 1, column (d), line 7, and line 8 must equal the amounts reported on Form 990, Part VIII, lines 9a, b, and c, respectively.*

**Line 9.** Enter all states in which the organization conducted **gaming** during the **tax year**, including states in which the organization solicited residents to participate in gaming activity. If the organization needs more space, use *Part IV*.

**Line 9a.** Check “Yes” only if the organization is licensed or otherwise registered to conduct **gaming** in each state listed on line 9.

**Line 9b.** If the organization is not licensed or otherwise registered to conduct **gaming** in any state listed on line 9, explain in the space provided. If the organization needs more space, use *Part IV*.

**Line 10a.** Check “Yes” if any of the organization's gaming licenses were revoked, suspended, or terminated during the tax year.

**Line 10b.** Provide an explanation for each state in which the organization's **gaming** license or registration was revoked, suspended, or terminated during the tax year. If the organization needs more space, use *Part IV*.

**Line 11.** If any nonmembers participated in **gaming** conducted by the organization during the tax year, check “Yes.” Membership is determined in accordance with the organization's organizing documents and applicable law. For purposes of this question, bona fide guests of members attending with them should also be treated as members. “Bona fide guests” are individuals whom the member invites and for whom the member pays. If, for example, a nonmember pays for his or her own wagers in gaming activities, he or she is considered a nonmember, even though he or she may have entered the organization's premises with a member. Also, if an organization

requires only a nominal payment to join as a “member,” individuals making such a payment to gain admission to the organization's facilities or activities are not considered members or bona fide guests. See *Pub. 3079, Tax-Exempt Organizations and Gaming*, for more information.

**Line 12.** If the organization is a grantor, beneficiary, or trustee of a trust or a member of a partnership or other entity formed to administer charitable **gaming**, check “Yes.” For purposes of this question, “a partnership or other entity” means two or more organizations that are authorized under state law to conduct **bingo** or other **gaming** at the same location joining together to account for or share revenues, authorized expenses, and inventory related to bingo and gaming operations.

**Line 13a.** Enter the percentage of **gaming** conducted during the tax year in a facility or facilities owned by the organization. The facility or facilities need not have been used exclusively for gaming.

**Line 13b.** Enter the percentage of **gaming** conducted during the year in a facility or facilities not owned by the organization.

**Line 14.** Enter the person's name and business address (or the organization's business address if the books and records are kept by such person at a personal residence). The organization is not required to provide the address of a personal residence of an individual.

**Line 15a.** An organization can pay its own employees to conduct **gaming**, or contract with a third party for such services. Check “Yes” or “No” to indicate whether the organization has a contract with a third party from which it receives gaming revenue.

**Line 15b.** If the organization checked “Yes” to line 15a, enter the **gaming** revenue amount received by the organization and the gaming revenue amount retained by the third party. If there is more than one third-party operator, report the additional operator(s) in *Part IV*.

**Line 15c.** If the organization checked “Yes” to line 15a, enter the name and

address of the third party. If there is more than one third-party operator, report the additional operator(s) in *Part IV*.

**Line 16.** Complete this line for the person who has overall supervision and management of the **gaming** operation. Generally, this person has responsibilities that can include recordkeeping, money counting, hiring and firing of workers, and making the bank deposits for the gaming operation. If the gaming manager is a **director**, **officer**, or **employee** of the organization, report only the portion of that person's compensation that is allocable to gaming management. If more than one person shares this responsibility, report the additional person(s) in *Part IV*.

**Line 17a.** Some states require that charitable organizations make mandatory distributions from **gaming** proceeds to obtain and retain a valid gaming license. Check “Yes” or “No” to indicate whether the organization is required to make mandatory distributions from its gaming proceeds to retain its gaming license or registration in any state.

**Line 17b.** For all states in which the organization conducted **gaming**, enter the aggregate amount of distributions required under state law to be distributed to other exempt organizations or spent in the organization's own exempt activities during the **tax year**. Provide a breakdown of required distributions, by each state, in *Part IV*.

For more information, see *Pub. 3079*.

## Part IV. Supplemental Information

Use Part IV to provide the narrative explanations required, if applicable, to supplement responses to Part I, line 2b, columns (iii) and (v), and Part III, lines 9, 9b, 10b, 15b, 15c, 16, and 17b. *Part IV* may also be used to supplement other responses to questions on Schedule G (Form 990 and 990-EZ). In *Part IV*, identify the specific part and line number that each response supports, in the order in which those parts and lines appear on Schedule G (Form 990 or 990-EZ). *Part IV* can be duplicated if more space is needed.

## Future Developments

For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

## General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

**Background.** The Patient Protection and Affordable Care Act (Affordable Care Act),

enacted March 23, 2010, Pub. L. No. 111-148, added section 501(r) to the Code. Section 501(r) includes additional requirements a **hospital organization** must meet to qualify for tax exemption under section 501(c)(3) in tax years beginning after March 23, 2010. These additional requirements address a hospital organization's financial assistance policy, policy relating to emergency medical care, billing and collections, and charges for medical care. Also, for tax years beginning after March 23, 2012, the Affordable Care Act requires hospital organizations to conduct community health needs assessments.

Because section 501(r) requires a hospital organization to meet these requirements for each of its **hospital facilities**, Part V, *Facility Information*, has been expanded to include a Section A, *Hospital Facilities*. In this new section a hospital organization must list its **hospital facilities**; that is, its facilities that at any time during the **tax year**, were required to be licensed, registered, or similarly recognized as a hospital under state law. Part V also includes Section B, *Facility Policies and Practices*, for reporting of information on policies and practices addressed in section 501(r). The hospital organization must complete a separate Section B for each of its hospital facilities or facility reporting groups listed in Section A.

Section 6033(b)(15)(B) also requires hospital organizations to submit a copy of their audited financial statements to the IRS. Accordingly, a hospital organization that is required to file Form 990 must attach a copy of its most recent audited financial statements to its Form 990. If the organization was included in consolidated audited financial statements but not separate audited financial statements for the tax year, then it must attach a copy of the consolidated financial statements, including details to consolidation (see instructions for Form 990, Part IV, line 20b).

Part V, Section D, requires an organization to list all of its non-hospital health care facilities that it operated during the tax year, whether or not such facilities were required to be licensed or registered under state law. The organization should not complete Part V, Section B, for any of these non-hospital facilities.

## Purpose of Schedule

Hospital organizations use Schedule H (Form 990) to provide information on the activities and policies of, and community benefit provided by, its **hospital facilities** and other non-hospital health care facilities that it operated during the tax year. This includes facilities operated either directly or through disregarded entities or joint ventures.

## Who Must File

An organization that answered "Yes" on Form 990, Part IV, line 20a must complete and attach Schedule H to Form 990.

Schedule H (Form 990) must be completed by a **hospital organization** that operated at any time during the **tax year** at least one **hospital facility**. A hospital facility is one that is required to be licensed, registered, or similarly recognized by a state as a **hospital**. A hospital organization may treat multiple buildings operated by a hospital organization under a single state license as a single hospital facility.

The organization must file a single Schedule H (Form 990) that combines information from:

1. Hospital facilities directly operated by the organization.
2. Hospital facilities operated by **disregarded entities** of which the organization is the sole member.
3. Other health care facilities and programs of the hospital organization or any of the entities described in 1 or 2, even if provided separately from the hospital's license.
4. Hospital facilities and other health care facilities and programs operated by any **joint venture** treated as a partnership, to the extent of the hospital organization's proportionate share of the joint venture.

Proportionate share is defined as the ending capital account percentage listed on the Schedule K-1 (Form 1065), Partner's Share of Income, Deductions, Credits, etc., Part II, line J, for the partnership tax year ending in the organization's tax year being reported on the organization's Form 990. If Schedule K-1 (Form 1065) is not available, the organization can use other business records to make a reasonable

estimate, including the most recently available Schedule K-1 (Form 1065), adjusted as appropriate to reflect facts known to the organization, or information used for purposes of determining its proportionate share of the venture for the organization's financial statements.

5. In the case of a **group return** filed by the hospital organization, hospital facilities operated directly by members of the **group exemption** included in the group return, hospital facilities operated by a disregarded entity of which a member included in the group return is the sole member, hospital facilities operated by a joint venture treated as a partnership to the extent of the group member's proportionate share (determined in the manner described in 4, earlier), and other health care facilities or programs of a member included in the group return even if such programs are provided separately from the hospital's license.

**Example.** The organization is the sole member of a disregarded entity. The disregarded entity owns 50% of a joint venture treated as a partnership. The partnership in turn owns 50% of another joint venture treated as a partnership that operates a hospital and a freestanding outpatient clinic that is not part of the hospital's license. (Assume the proportionate shares of the partnerships based on capital account percentages listed on the partnerships' Schedule K-1 (Form 1065), Part II, line J, are also 50%.) The organization would report 25% (50% of 50%) of the hospital's and outpatient clinic's combined information on Schedule H (Form 990).

Note that while information from all the above sources is combined for purposes of Schedule H (Form 990), the organization is required to list and provide information regarding each of its **hospital facilities** in Part V, Sections A, B, and C whether operated directly by the organization or through a disregarded entity or joint venture treated as a partnership. In addition, the organization must list in Part V, Section D, each of its other health care facilities (for example, rehabilitation clinics, other outpatient clinics, diagnostic centers, skilled nursing facilities) that it operated during the tax year, whether operated directly by the organization or through a disregarded entity or a joint venture treated as a partnership.

Organizations are not to report information from hospitals located outside the **United States** in Parts I, II, III, or V. Information from foreign joint ventures and partnerships *must* be reported in Part IV, *Management Companies and Joint Ventures*. Information concerning foreign hospitals and facilities *can* be described in Part VI.

Except as provided in Part IV, do not report on Schedule H (Form 990) information from an entity organized as a separate legal entity from the organization and treated as a corporation for federal income tax purposes (except for members of a group exemption included in a group return filed by the organization), even if such entity is affiliated with or otherwise related to the organization (for example, part of an affiliated health care system).

If an organization is not required to file Form 990 but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

An organization that did not operate one or more facilities during the **tax year** that satisfy the definition of hospital facility, above, should not file Schedule H (Form 990).

*The definition of hospital for Schedule A (Form 990), Public Charity Status and Public Support, Part I, line 3, and the definition of hospital for Schedule H (Form 990) are not the same. Accordingly, an organization that checks box 3 in Part I of Schedule A (Form 990) to report that it is a hospital or cooperative hospital service organization, must complete and attach Schedule H to Form 990 only if it meets the definition of hospital facility for purposes of Schedule H (Form 990), as explained above.*

## Specific Instructions

### Part I. Financial Assistance and Certain Other Community Benefits at Cost

Part I requires reporting of financial assistance policies, the availability of community benefit reports, and the cost of financial assistance and other community benefit activities and programs. Worksheets and accompanying instructions are provided at the end of the instructions to this schedule to assist in completing the table in Part I, line 7.

**Line 1.** A financial assistance policy (FAP), sometimes referred to as a charity care policy, is a policy describing how the organization will provide financial assistance at its hospital(s) and other facilities, if any. Financial assistance includes free or discounted health services provided to persons who meet the organization's criteria for financial assistance and are unable to pay for all or a portion of the services. Financial assistance does not include: bad debt or uncollectible charges that the organization recorded as revenue but wrote off due to a

patient's failure to pay, or the cost of providing such care to such patients; the difference between the cost of care provided under Medicaid or other means-tested government programs or under Medicare and the revenue derived therefrom; self-pay or prompt pay discounts; or contractual adjustments with any third-party payors.

**Line 2.** Check only one of the three boxes. "Applied uniformly to all hospitals" means that all of the organization's **hospital facilities** use the same financial assistance policy. "Applied uniformly to most hospitals" means that the majority of the organization's hospital facilities use the same financial assistance policy. "Generally tailored to individual hospitals" means that the majority of the organization's hospital facilities use different financial assistance policies. If the organization operates only one hospital facility, check "Applied uniformly to all hospitals."

**Line 3.** Answer lines 3a, 3b, and 3c based on the financial assistance eligibility criteria that apply to (1) the largest number of the organization's patients based on patient contacts or encounters or (2) if the organization does not operate its own **hospital facility**, the largest number of patients of a hospital facility operated by a **joint venture** in which the organization has an ownership interest. For example, if the organization has two hospital facilities, use the financial assistance eligibility criteria used by the hospital facility which has the most patient contacts or encounters during the **tax year**.

**Line 3a.** "Federal Poverty Guidelines" (FPG) are the Federal Poverty Guidelines published annually by the U.S. Department of Health and Human Services. If the organization has established a family or household income threshold that a patient must meet or fall below to qualify for free medical care, check the box in the "Yes" column and indicate the specific threshold by checking the appropriate box. For instance, if a patient's family or household income must be less than or equal to 250% of FPG for the patient to qualify for free care, then check the box marked "Other" and enter "250%."

**Line 3b.** If the organization has established a family or household income threshold that a patient must meet or fall below to qualify for discounted medical care, check the box in the "Yes" column and indicate the specific threshold by checking the appropriate box.

**Line 3c.** If applicable, describe the other criteria used **such as** asset test, or other means test or threshold for free or discounted care in Part VI, line 1 of this schedule. An "asset test" includes (i) a

limit on the amount of total or liquid assets that a patient or the patient's family or household can own for the patient to qualify for free or discounted care, and/or (ii) a criterion for determining the level of discounted medical care patients can receive, depending on the amount of assets that they and/or their families or households own.

**Line 4.** "Medically indigent" means persons whom the organization has determined are unable to pay some or all of their medical bills because their medical bills exceed a certain percentage of their family or household income or assets (for example, due to catastrophic costs or conditions), even though they have income or assets that otherwise exceed the generally applicable eligibility requirements for free or discounted care under the organization's financial assistance policy.

**Line 5.** Answer lines 5a, 5b, and 5c based on the organization's budgeted amounts under its financial assistance policy.

**Line 5a.** Answer "Yes," if the organization established or had in place at any time during the **tax year** an annual or periodic budgeted amount of free or discounted care to be provided under its financial assistance policy. If "No," skip to line 6a.

**Line 5b.** Answer "Yes," if the free or discounted care the organization provided in the applicable period exceeded the budgeted amount of costs or charges for that period. If "No," skip to line 6a.

**Line 5c.** Answer "Yes," if the organization denied financial assistance to any patient eligible for free or discounted care under its financial assistance policy or under any of its hospital facilities' financial assistance policies solely because the organization's or the facility's financial assistance budget was exceeded.

**Line 6.** Answer lines 6a and 6b based on the community benefit report that the organization prepared for the organization as a whole during the **tax year**.

**Line 6a.** Answer "Yes" if the organization prepared a written report during the **tax year** that describes the organization's programs and services that promote the health of the community or communities served by the organization. If the organization's community benefit report is contained in a report prepared by a **related organization**, answer "Yes" and identify the related organization in Part VI, line 1. If "No," skip to line 7.

**Line 6b.** Answer "Yes" if the organization made the community benefit

report it prepared during the **tax year** available to the public.

*Examples of how an organization can make its community benefit report available to the public are: to post the report on the organization's website, to publish and distribute the report to the public by mail or at its facilities, or to submit the report to a state agency or other organization that makes the report available to the public.*

**Lines 7a through 7k.** Report on the table (lines 7a through 7k), at cost, the organization's financial assistance (as defined in the instructions for line 1) and certain other community benefits. Report on line 7i **contributions** that the organization restricts, in writing, to one or more of the community benefit activities listed in lines 7a through 7h. Do not report such contributions on lines 7a through 7h. To calculate the amounts to be reported on the table, use the worksheets or other equivalent documentation that substantiates the information reported consistent with the methodology used on the worksheets. See the instructions to the worksheets for definitions of the various types of community benefit (for example, community health improvement services, health professions education, subsidized health services, research, etc.) to be reported on lines 7a through 7k.

*If the organization completed worksheets other than on a combined basis (for example, facility by facility, joint venture by joint venture), the organization should combine all information from these worksheets for purposes of reporting amounts on the table. Only the portion of each joint venture or partnership that represents the organization's proportionate share, based on capital interest, can be reported on lines 7a through 7k (see Purpose of Schedule for instructions on aggregation).*

Use the organization's most accurate costing methodology (cost accounting system, cost-to-charge ratio, or other) to calculate the amounts reported on the table. If the organization uses a cost-to-charge ratio, it can use Worksheet 2, Ratio of Patient Care Cost to Charges, for this purpose. See the instructions for Part VI, line 1, regarding an explanation of the costing methodology used to calculate the amounts reported on the table.

If the organization included any costs for a physician clinic as subsidized health services on Part I, line 7g, report these costs on Part VI, line 1.

If the organization included any bad debt expense on Form 990, Part IX, line 25 but subtracted this bad debt for purposes of calculating the amount

reported on line 7, column (f), report this bad debt expense on Part VI, line 1.

Do not report bad debt expense on lines 7a through 7k.

The following are descriptions of the type of information reported in each column of the table.

**Column (a).** "Number of activities or programs" means the number of the organization's activities or programs conducted during the year that involve the community benefit reported on the line. Report each activity and program on only one line so that it is not counted more than once. Reporting in this column is optional.

**Column (b).** "Persons served" means the number of patient contacts or encounters in accordance with the filing organization's records. Persons served can be reported in multiple rows, as services across different categories may be provided to the same patient. Reporting in this column is optional.

**Column (c).** "Total community benefit expense" means the total gross expense of the activity incurred during the year, calculated by using the pertinent worksheets for each line item. "Total community benefit expense" includes both "direct costs" and "indirect costs." "Direct costs" means salaries and benefits, supplies, and other expenses directly related to the actual conduct of each activity or program. "Indirect costs" means costs that are shared by multiple activities or programs, such as facilities and administrative costs related to the organization's infrastructure (space, utilities, custodial services, security, information systems, administration, materials management, and others).

**Column (d).** "Direct offsetting revenue" means revenue from the activity during the year that offsets the total community benefit expense of that activity, as calculated on the worksheets for each line item. "Direct offsetting revenue" includes any revenue generated by the activity or program, such as payment or reimbursement for services provided to program patients.

"Direct offsetting revenue" also includes restricted grants or contributions that the organization uses to provide a community benefit, such as a restricted grant to provide financial assistance or fund research. "Direct offsetting revenue" does not include unrestricted grants or contributions that the organization uses to provide a community benefit.

Organizations may describe any inconsistencies from reporting in prior years in Part VI.

**Examples.** The organization receives a restricted grant from an unrelated organization that must be used by the

organization to provide financial assistance. The amount of the restricted grant is reportable as direct offsetting revenue on line 7a, column (d).

The organization receives an unrestricted grant from an unrelated organization. The organization decides to use the grant to increase the amount of financial assistance it provides. The amount of the unrestricted grant is not reportable as direct offsetting revenue on line 7a, column (d).

**TIP** Column (f) “percent of total expense” is based on column (e) “net community benefit expense,” rather than column (c) “total community benefit expense.” Organizations that report amounts of direct offsetting revenue also might wish to report total community benefit expense (Part I, line 9, column (c)) as a percentage of total expenses. Although this percentage cannot be reported in Part I, line 7, column (f), it can be reported on Schedule H (Form 990), Part VI, line 1.

## Optional Worksheets for Part I, Line 7 (Financial Assistance and Certain Other Community Benefits At Cost)

Worksheets 1 through 8 are intended to assist the organization in completing Schedule H (Form 990), Part I, lines 7a through 7k. Use of the worksheets is not required and they should not be filed with Form 990. The organization can use alternative equivalent documentation, provided that the methodology described in these instructions (including the instructions to the worksheets) is followed. Regardless of whether the worksheets or alternative equivalent documentation is used to compile and report the required information, such documentation must be retained by the organization to substantiate the information reported on Schedule H (Form 990). The worksheets or alternative equivalent documentation are to be completed using the organization's most accurate costing methodology, which can include a cost accounting system, cost-to-charge ratios, a combination thereof, or some other method.

If the organization is filing a group return or has a disregarded entity or an ownership interest in one or more **joint ventures**, the organization may find it helpful to complete the worksheets separately for the organization and for each disregarded entity, joint venture in which the organization had an ownership interest during the **tax year**, and group affiliate. In that case, the organization should combine all information from the

worksheets for purposes of completing line 7. Complete the table by combining amounts from the organization's worksheets, amounts from disregarded entities or group affiliates, and amounts from joint ventures that are attributable to the organization's proportionate share of each joint venture, under the aggregation instruction in *Purpose of Schedule*.

See Worksheets 1 through 8 and specific instructions for the worksheets later in these instructions.

## Part II. Community Building Activities

Report in this part the costs of the organization's activities that it engaged in during the tax year to protect or improve the community's health or safety, and that are not reportable in Part I of this schedule. Some community building activities may also meet the definition of community benefit. Do not report in Part II community building costs that are reported on Part I, line 7 as community benefit (costs of a community health improvement service reportable on Part I, line 7e). An organization that reports information in this Part II must describe in Part VI how its community building activities promote the health of the communities it serves.

If the filing organization makes a grant to an organization to be used to accomplish one of the community building activities listed in this part, then the organization should include the amount of the grant on the appropriate line in Part II. If the organization makes a grant to a **joint venture** in which it has an ownership interest to be used to accomplish one of the community building activities listed in this part, report the grant on the appropriate line in Part II, but do not include in Part II the organization's proportionate share of the amount spent by the joint venture on such activities, to avoid double counting. Do not include any contribution made by the organization that was funded in whole or in part by a restricted grant, to the extent that such grant was funded by a **related organization**.

**Line 1.** “Physical improvements and housing” include, but are not limited to, the provision or rehabilitation of housing for vulnerable populations, such as removing building materials that harm the health of the residents, neighborhood improvement or revitalization projects, provision of housing for vulnerable patients upon discharge from an inpatient facility, housing for low-income seniors, and the development or maintenance of parks and playgrounds to promote physical activity.

**Line 2.** “Economic development” can include, but is not limited to, assisting small business development in

neighborhoods with vulnerable populations and creating new employment opportunities in areas with high rates of joblessness.

**Line 3.** “Community support” can include, but is not limited to, child care and mentoring programs for vulnerable populations or neighborhoods, neighborhood support groups, violence prevention programs, and disaster readiness and public health emergency activities, such as community disease surveillance or readiness training beyond what is required by accrediting bodies or government entities.

**Line 4.** “Environmental improvements” include, but are not limited to, activities to address environmental hazards that affect community health, such as alleviation of water or air pollution, safe removal or treatment of garbage or other waste products, and other activities to protect the community from environmental hazards. The organization cannot include on this line or in this part expenditures made to comply with environmental laws and regulations that apply to activities of itself, its disregarded entity or entities, a **joint venture** in which it has an ownership interest, or a member of a **group exemption** included in a **group return** of which the organization is also a member. Similarly, the organization cannot include on this line or in this part expenditures made to reduce the environmental hazards caused by, or the environmental impact of, its own activities, or those of its disregarded entities, joint ventures, or group exemption members, unless the expenditures are for an environmental improvement activity that (i) is provided for the primary purpose of improving community health; (ii) addresses an environmental issue known to affect community health; and (iii) is subsidized by the organization at a net loss. An expenditure may not be reported on this line if the organization engages in the activity primarily for marketing purposes.

**Line 5.** “Leadership development and training for community members” includes, but is not limited to, training in conflict resolution; civic, cultural, or language skills; and medical interpreter skills for community residents.

**Line 6.** “Coalition building” includes, but is not limited to, participation in community coalitions and other collaborative efforts with the community to address health and safety issues.

**Line 7.** “Community health improvement advocacy” includes, but is not limited to, efforts to support policies and programs to safeguard or improve public health, access to health care services, housing, the environment, and transportation.

**Line 8.** "Workforce development" includes, but is not limited to, recruitment of physicians and other health professionals to medical shortage areas or other areas designated as underserved, and collaboration with educational institutions to train and recruit health professionals needed in the community (other than the health professions education activities reported in Part I, line 7f).

**Line 9.** "Other" refers to community building activities that protect or improve the community's health or safety that are not described in the categories listed in lines 1 through 8 above.

Refer to the instructions to Part I, line 7, columns (a) through (f), for descriptions of the types of information that should be reported in each column of Part II.

If the organization is filing a **group return** or has a **disregarded entity** or an ownership interest in one or more **joint ventures**, the organization may find it helpful to complete Part II separately for itself and for each disregarded entity, joint venture in which the organization had an ownership interest during the tax year, and group affiliate. The organization should combine the amounts from all such tables, according to the combined instructions in *Purpose of Schedule*, and include the combined information in Part II.

## Part III. Bad Debt, Medicare, & Collection Practices

**Section A.** In this section, (a) report combined bad debt expense; (b) provide an estimate of how much bad debt expense, if any, reasonably could be attributable to persons who likely would qualify for financial assistance under the organization's financial assistance policy; and (c) provide a rationale for what portion of bad debt, if any, the organization believes is community benefit. In addition, the organization must report whether it has adopted Healthcare Financial Management Association Statement No. 15, Valuation and Financial Statement Presentation of Charity Care and Bad Debts by Institutional Healthcare Providers ("Statement 15") and provide the text or page number of its footnote, if applicable, to its audited financial statements that describes the bad debt expense.

### Line 1.

Indicate if the organization reports bad debt expense in accordance with Statement 15.

**Note.** Statement 15 has not been adopted by the AICPA. The IRS does not require organizations to adopt Statement

15 or use it to determine bad debt expense or financial assistance costs. Some organizations may rely on Statement 15 in reporting bad debt expense and financial assistance in their audited financial statements. Statement 15 provides instructions for recordkeeping, valuation, and disclosure for bad debts.

### Line 2.

Use the most accurate system and methodology available to the organization to report bad debt expense. If only a portion of a patient's bill for services is written off as a bad debt, include only the proportionate amount attributable to the bad debt. Include the organization's proportionate share of the bad debt expense of **joint ventures** in which it had an ownership interest during the **tax year**.

Describe in Part VI the methodology used in determining the amount reported on line 2 as bad debt, including how the organization accounted for discounts and payments on patient accounts in determining bad debt expense.

### Line 3.

Provide an estimate of the amount of bad debt reported on line 2 that reasonably is attributable to patients who likely would qualify for financial assistance under the **hospital's** financial assistance policy as reported in Part I, lines 1 through 4, but for whom insufficient information was obtained to determine their eligibility. **Do not include this amount in Part I, line 7.** Organizations can use any reasonable methodology to estimate this amount, such as record reviews, an assessment of financial assistance applications that were denied due to incomplete documentation, analysis of demographics, or other analytical methods.

Describe in Part VI the methodology used to determine the amount reported on line 3 and the rationale, if any, for including any portion of bad debt as community benefit.

**Line 4.** In Part VI, provide the footnote from the organization's **audited financial statements** on bad debt expense, if applicable, or the footnotes related to "accounts receivable," "allowance for doubtful accounts," or similar designations. Alternatively, report the page number(s) on which the footnote or footnotes appear in the organization's most recent audited financial statements, which must be attached to this return. If the footnote or footnotes address only the filing organization's bad debt expense or "accounts receivable," "allowance for doubtful accounts," or similar designations, provide the exact wording of the footnote or footnotes, or report the

page number(s) in which the footnote or footnotes appear in the attached audited financial statements.

If the organization's financial statements include a footnote on these issues that also includes other information, report in Part VI only the relevant portions of the footnote. If the organization is a member of a group with consolidated financial statements, the organization can summarize that portion, if any, of the footnote or footnotes that apply. If the organization's financial statements do not include a footnote that discusses bad debt expense, "accounts receivable," "allowance for doubtful accounts," or similar designations, include a statement in Part VI that the organization's **audited financial statements** do not include a footnote discussing these issues and explain how the organization's financial statements account for bad debt, if at all.

## Section B.

In this section, (a) combine allowable costs to provide services reimbursed by Medicare, (do not include community benefit costs included in Part I, line 7), (b) combine Medicare reimbursements attributable to such costs, and (c) combine Medicare surplus or shortfall. Include in Section B only those allowable costs and Medicare reimbursements that are reported in the organization's Medicare Cost Report(s) for the year, including its share of any such allowable costs and reimbursement from **disregarded entities** and **joint ventures** in which it has an ownership interest. Do not include any Medicare-related expenses or revenue properly reported in Part I, line 7f or 7g.

In Part VI, the organization should describe what portion of its Medicare shortfall, if any, it believes should constitute community benefit, and explain its rationale for its position. As described below, the organization also can enter in Part VI the amount of any Medicare revenues and costs not included in its Medicare Cost Report(s) for the year, and can enter a reconciliation of the amounts reported in Section B (including the surplus or shortfall reported on line 7) and the total revenues and costs attributable to all of the organization's Medicare programs.

**Line 5.** Enter all net patient service revenue (for Medicare fee for service (FFS) patients) associated with the allowable costs the organization reports in its Medicare Cost Report(s) for the year, including payments for indirect medical education (IME) (except for Medicare Advantage IME), Medicare disproportionate share hospital (DSH) revenue, coinsurance, patient deductibles,

outliers, capital, bad debt, and any other amounts paid to the organization on the basis of its Medicare Cost Report. Do not include revenue related to subsidized health services as reported in Part I, line 7g (see Worksheet 6), research as reported in Part I, line 7h (see Worksheet 7), or direct graduate medical education (GME) as reported in Part I, line 7f (see Worksheet 5). If the organization has more than one Medicare provider number, combine the revenue attributable to costs reported on the Medicare Cost Reports submitted under each provider number, and report the combined revenues on line 5.

**Line 6.** Enter all Medicare allowable costs reported in the organization's Medicare Cost Report(s), except those already reported in Part I, line 7g (subsidized health services) and costs associated with direct GME already reported in Part I, line 7f (health professions education). This can be determined using Worksheet A. If Worksheet A is not used, the organization still must subtract the costs attributable to subsidized health services and direct GME from the Medicare allowable costs it enters on line 6. If the organization has more than one Medicare provider number, it should combine the costs reported in the Medicare Cost Reports submitted under each provider number and report the combined costs on line 6.

### Worksheet A (optional)

Complete Worksheets 5 and 6 before completing this Worksheet A.

1.	Total Medicare allowable costs (from Medicare Cost Report) . . .	\$ _____
2.	Total Medicare allowable costs (from line 1) included in Worksheet 6, line 3, col. (A) . . .	\$ _____
3.	Total Medicare allowable costs (from line 1) included in Worksheet 5, line 8 (direct GME) . . . . .	\$ _____
4.	Total adjustments to Medicare allowable costs (add lines 2 and 3) . . . . .	\$ _____
5.	Total Medicare allowable costs (line 1 minus line 4). Enter this value in Part III, line 6. . . . .	\$ _____

**Line 7.** Subtract line 6 from the amount on line 5. If line 6 exceeds line 5, report the excess (the shortfall) as a negative number.

 **Lines 5, 6, and 7 do not include certain Medicare program revenues and costs, and thus cannot reflect all of the organization's revenues and costs associated with its**

*participation in Medicare programs. The organization can describe in Part VI the Medicare revenues and costs not included in its Medicare Cost Report(s) for the year (for example, revenues and costs for freestanding ambulatory surgery centers, physician services billed by the organization, clinical laboratory services, and revenues and costs of Medicare Part C and Part D programs). The organization can enter in Part VI, line 1, a reconciliation of amounts reportable in Section B (including the surplus or shortfall reported on line 7) and all of the organization's total revenues and total expenses attributable to Medicare programs.*

**Line 8.** Check the box that best describes the costing methodology used to report the Medicare allowable costs on line 6. Describe this methodology in Part VI.

The organization must also describe in Part VI its rationale for treating the amount reported in Part III, line 7, or any portion of it, as a community benefit. An organization's rationale must have a reasonable basis. **Do not include this amount in Part I, line 7.**

If the organization received any prior year settlements for Medicare-related services in the current tax year, it can provide an explanation in Part VI, line 1.

**Section C.** In this section report the organization's written debt collection policy.

**Line 9a.** Answer "Yes" if the organization had a written debt collection policy on the collection of amounts owed by patients during its **tax year**.

For purposes of Line 9a, a "written debt collection policy" includes a written billing and collections policy, or in the case of an organization that does not have a separate written billing and collections policy, a written financial assistance policy that includes the actions the organization may take in the event of non-payment, including collection actions and reporting to credit agencies.

**Line 9b.** Answer "Yes" if the organization's written debt collection policy that applied to the facilities that served the largest number of the organization's patients during the **tax year** contained provisions for collecting amounts due from those patients who the organization knows qualify for financial assistance. If the organization answers "Yes," describe in Part VI the collection practices that it follows for such patients, whether or not such practices apply specifically to such patients or more broadly to also cover other types of patients.

## Part IV. Management Companies and Joint Ventures owned 10% or more by officers, directors, trustees, key employees, and physicians

List any **management company, joint venture**, or other separate entity (whether treated as a partnership or a corporation), including joint ventures outside of the **United States**, of which the organization is a partner or shareholder;

1. In which persons described in 1a and/or 1b below owned, in the aggregate, more than 10% of the share of profits of such partnership or LLC interest, or stock of the corporation:

- a. Persons who were **officers, directors, trustees, or key employees** of the organization at any time during the organization's **tax year**, and/or
- b. Physicians who were employed as physicians by, or had staff privileges with, one or more of the organization's **hospitals**; and

2. That either:

- a. Provided management services used by the organization in its provision of medical care, or
- b. Provided medical care, or owned or provided real property, tangible personal property, or intangible property used by the organization or by others to provide medical care.

Examples of such joint ventures and management companies include:

- An ancillary joint venture formed by the organization and its officers or physicians to conduct an exempt or unrelated business activity,
- A company owned by the organization and its officers or physicians that owns and leases to the organization a hospital or other medical care facility, and
- A company that owns and leases to entities other than the organization diagnostic equipment or intellectual property used to provide medical care.

For purposes of Part IV, ownership interests can be direct or indirect. For example, if a joint venture reported in Part IV is owned, in part, by a physician group practice owned by staff physicians of the organization's hospital, report the physicians' indirect ownership interest in the joint venture in proportion to their ownership share of the physician group practice.

**Note.** Do not include publicly traded entities or entities whose sole income is passive investment income from interest or dividends.

For purposes of Part IV, the aggregate percentage share of profits or stock ownership percentage of officers, directors, trustees, key employees, and physicians who are employed as physicians by, or have staff privileges with, one or more of the organization's hospitals is measured as of the earlier of the close of the tax year of the organization or the last day the organization was a member of the joint venture. All stock, whether common or preferred, is considered stock for purposes of determining the stock ownership percentage. Provide all the information requested below for each such entity.

**Column (a).** Enter the full legal name of the entity.

**Column (b).** Describe the primary business activity or activities conducted by the **management company, joint venture**, or separate entity.

**Column (c).** Enter the organization's percentage share of profits in the partnership or LLC, or stock in the entity that is owned by the organization.

**Column (d).** Enter the percentage share of profits or stock in the entity owned by all of the organization's current **officers, directors, trustees, or key employees.**

**Column (e).** Enter the percentage share of profits or stock in the entity owned by all physicians who are **employees** practicing as physicians or who have staff privileges with one or more of the organization's hospitals.

If a physician described above is also a current officer, director, trustee, or key employee of the organization, include his or her profits or stock percentage in column (d). Do not include this in column (e).

Part IV can be duplicated if more space is needed to list additional management companies and joint ventures.

## Part V. Facility Information

In Part V, the organization must list all of its **hospital facilities** in Section A, complete separate Sections B and C for each of its hospital facilities or facility reporting groups listed in Section A, and list its non-hospital health care facilities in Section D.

**Facility reporting groups.** If the organization is able to check the same checkboxes for all Part V, Section B questions for more than one of its hospital facilities, it may file a single Section B and Section C for all facilities in that facility reporting group. For each of those facilities, the organization would assign and list the facility reporting group letter in the "Facility reporting group" column in Section A. Assign letter A to the facility reporting group with the greatest number

of facilities, letter B to the group with the second greatest number of facilities, and so forth. For instance, three hospital facilities with identical answers to the Section B checkboxes would be assigned facility group letter A, while two other hospital facilities with identical answers would be assigned facility group letter B.

**Section A.** Complete Part V, Section A, by listing all of the organization's **hospital facilities** that it operated during the **tax year**. List these facilities in order of size from largest to smallest, measured by a reasonable method (for example, the number of patients served or total revenue per facility). "Hospital facilities" are facilities that, at any time during the tax year, were required to be licensed, registered, or similarly recognized as a hospital under state law. A hospital facility is operated by an organization whether the facility is operated directly by the organization or through a **disregarded entity or joint venture** treated as a partnership. For each hospital facility, list its name, address, primary website address, and state license number, (and if a group return, the name and EIN of the subordinate hospital organization that operates the hospital facility), and check the applicable column(s).

"Licensed hospital" is a facility licensed, registered, or similarly recognized by a state as a hospital.

"General medical and surgical" refers to a hospital primarily engaged in providing diagnostic and medical treatment (both surgical and nonsurgical) to inpatients with a wide variety of medical conditions, and that may provide outpatient services, anatomical pathology services, diagnostic X-ray services, clinical laboratory services, operating room services, and pharmacy services.

"Children's hospital" is a center for provision of health care to children, and includes independent acute care children's hospitals, children's hospitals within larger medical centers, and independent children's specialty and rehabilitation hospitals.

"Teaching hospital" is a hospital that provides training to medical students, interns, residents, fellows, nurses, or other health professionals and providers, provided that such educational programs are accredited by the appropriate national accrediting body.

"Critical access hospital" (CAH) is a hospital designated as a CAH by a state that has established a State Medicare Rural Hospital Flexibility Program in accordance with Medicare rules.

"Research facility" is a facility that conducts research.

Lines 1 and 2 are new for 2014 to determine effective date of CHNA requirement

"ER-24 hours" refers to a facility that operates an emergency room 24 hours a day, 365 days a year.

"ER-other" refers to a facility that operates an emergency room for periods less than 24 hours a day, 365 days a year.

Complete the "Other (Describe)" column for each hospital facility that the organization operates that is not described in the other columns of Part V, Section A.

In the upper left hand corner of the Part V, Section A table, list the total number of **hospital facilities** that the organization operated during the tax year.

If the organization needs additional space to list all of its hospital facilities, it should duplicate Section A and use as many duplicate copies of Section A as needed, number each page, and renumber the line numbers in the left hand margin (an organization with 15 facilities should renumber lines 1-5 on the 2nd page as lines 11-15).

**Section B.** Section B requires reporting on a **hospital facility** by hospital facility basis. The organization must complete a Section B for each of its hospital facilities or facility reporting groups listed in Section A. At the top of each page of Section B, list the name of the hospital facility or the facility reporting group letter. In the space provided, list the line number of the hospital facility, or line numbers of the hospital facilities in a facility reporting group (from Part V, Section A).

If the organization could check the same checkboxes for all Part V, Section B questions for more than one of its hospital facilities, it may file a single Section B for all facilities in that facility reporting group.

References in these Section B instructions to a "hospital facility" taking a certain action mean that the **hospital organization** took action through or on behalf of the hospital facility.

**Line 1.** Answer "Yes" if the **hospital facility** was first licensed, registered, or similarly recognized by a state as a hospital facility in the current tax year or the immediately preceding tax year.

**Line 2.** Answer "Yes" if the **hospital facility** was acquired or placed into service as a tax-exempt hospital in the current tax year or the immediately preceding tax year. If "Yes," provide details in Section C.

**Lines 3 through 12c.** A community health needs assessment ("CHNA") is an assessment of the significant health needs of the community. To meet the requirements of section 501(r)(3), a CHNA must take into account input from persons who represent the broad interests of the community served by the hospital facility, including those with special knowledge of or expertise in public health, and must be

made widely available to the public. Each **hospital facility** must conduct a CHNA at least once every three years, and adopt an implementation strategy to meet the community health needs identified through such CHNA.

**Line 3.** Answer "Yes" if the **hospital facility** conducted a CHNA in the current tax year or in either of the two immediately preceding **tax years**. If "Yes," indicate what the CHNA describes by checking all applicable boxes. If the CHNA describes information that does not have a corresponding checkbox, check line 1j, "Other," and describe this information in Part V, Section C. If "No," skip to line 12.

**Line 3i.** "Information gaps that limit the **hospital facility's** ability to assess the community's health needs" are areas for which the hospital facility has determined that additional information is needed to assess whether a particular health need exists.

Line 5 is 2013 Line 3

**Line 5.** If "Yes," describe in Part V, Section C how the hospital facility took into account input from persons who represent the broad interests of the community served by the hospital facility, including those with special knowledge or expertise in public health, including a description of how it consulted with these persons (whether through meetings, focus groups, interviews, surveys, written correspondence, etc.). Identify in Part V, Section C any organizations and other groups that the hospital facility consulted in conducting its most recent CHNA. Individual members of community forums, focus groups, survey groups, and similar groups do not need to be listed.

Line 6a is 2013 Line 4

**Line 6a.** Answer "Yes," if the **hospital facility's** CHNA was conducted with one or more other hospital facilities. "One or more other hospital facilities" includes related and unrelated hospital facilities. If "Yes," list in Part V, Section C the other hospital facilities with which the hospital facility conducted its CHNA.

Line 7 is 2013 Line 5

**Line 6b.** Answer "Yes," if the **hospital facility's** CHNA was conducted with one or more organizations other than hospital facilities. If "Yes," list in Part V, Section C, the other organizations with which the hospital facility conducted its CHNA.

**Line 7.** Answer "Yes," if the **hospital facility** made its most recently conducted CHNA widely available to the public. If "Yes," indicate how the hospital facility made the CHNA widely available to the public by checking all applicable boxes. If the hospital facility made the CHNA widely available to the public by means other than those listed in lines 7a and 7b, check line 7c, "Other," and describe these means in Part V, Section C.

**Line 7b.** Check this box if the CHNA was made available on a website other than the hospital facility's website or the hospital organization's website. If line 7b is checked, list in the space provided the direct website address, or URL, where the CHNA can be accessed.

**Line 7c.** Check this box if a paper copy of the CHNA was made available for public inspection without charge at the hospital facility. **Similar to 2013 Line 6a**

**Line 8.** Answer "Yes" if the **hospital facility** adopted an implementation strategy to meet the significant health needs identified through its most recently conducted CHNA. If "No," skip to line 11.

**Line 10.** Answer "Yes" if the **hospital facility's** most recently adopted implementation strategy is posted on a website. If "Yes," answer line 10a. If "No," skip to line 10b.

**Line 10a.** List in the space provided the direct website address, or URL, where the implementation strategy can be accessed and skip to line 11.

**Line 10b.** Answer "Yes" if the **hospital facility's** most recently adopted implementation strategy is attached.

**Line 11.** Explain in Part V, Section C, how the hospital facility is addressing the significant needs identified in its most recently conducted CHNA and any such needs that are not being addressed together with the reasons why such needs are not being addressed. For example, a hospital facility might identify limited financial or other resources as reasons why it did not take action to address a need identified in its most recently conducted CHNA.

**Line 12a.** Answer "Yes" if the organization was liable, at any time during the tax year, for the \$50,000 excise tax incurred under section 4959 for failure to conduct a CHNA and adopt an implementation strategy as required under section 501(r)(3). Section 501(r)(3) requires each **hospital facility** to conduct a CHNA, in the tax year or in either of the immediately preceding two tax years, that takes into account input from persons who represent the broad interests of the community served by the facility, including those with special knowledge of or expertise in public health, and to make the CHNA widely available to the public. Section 501(r)(3) also requires each hospital facility to adopt an implementation strategy to meet the community health needs identified through its CHNA.

If "Yes," indicate the eligibility criteria explained in the FAP by checking all applicable boxes. If the FAP describes information that does not have a corresponding checkbox, check line 13h, "Other," and describe this information in Part V, Section C.

**Line 13a.** See the instructions for Part I, line 3a of Schedule H (Form 990), for the definition of "Federal Poverty Guidelines" (FPG). Check this box if, during the **tax year**, the **hospital facility** had a written financial assistance policy that used FPG for determining eligibility for free or discounted medical care. Show the specific threshold by writing in the percentage amount. If the hospital facility used FPG for determining eligibility for free or discounted medical care, but not both free and discounted medical care, enter "000" in the percentage amount for which FPG was not used.

**Line 13b.** Check this box if the hospital facility used an income level other than FPG and explain in Part V, Section C what criteria the hospital facility used to determine eligibility for free or discounted care, (including whether the hospital facility used the income level of patients, patients' families, or patients' guarantors as a factor).

Check the box for line 16i if, instead of the detailed policy, the hospital facility provided a summary of the policy in a manner listed in lines 16a-h.

Line 17. Answer "Yes," if, during the tax year, the hospital facility had either a separate written billing and collections policy or a written financial assistance policy ("FAP") that explained all of the actions the hospital facility or other authorized party may take upon non-payment under its policy, including, but not limited to, the actions listed in lines 18 and 19, if applicable.

Line 20. Note: Section 501(r)(6) requires a hospital facility to forego extraordinary collections actions before the facility has made reasonable efforts to determine the individual's eligibility under the facility's FAP. No inference should be made regarding whether the actions listed in lines 18a through 18c, 19a through 19c, or described in Part V, Section C as "other similar actions," are "extraordinary collection actions."

If the hospital facility made no such efforts before initiating any of the actions listed (whether or not checked) in lines 19a through 19c or described in Part V, Section C (describing "other similar actions" checked on line 18d or line 19d), check the box for line 20f, "None of these efforts were made."

Line 15. Answer "Yes," if, during the tax year, the hospital facility had a written financial assistance policy that explained the method for applying for financial assistance. If "Yes," indicate how the hospital facility's FAP or FAP application form (including the accompanying instructions) explained the method for applying for financial assistance by checking all applicable boxes. If the FAP explains a method(s) for applying for financial assistance other than those listed in line 15a through 15d, check 15e, "Other," and explain the method(s) in Part V, Section C.

Line 15a. Check this box if the hospital facility described all of the information it may require an individual to provide as part of his or her application.

Line 15c. Check this box if the hospital facility provided the contact information of hospital facility staff who can provide an individual with information about the FAP and FAP application process.

Line 15d. Check this box if the hospital facility provided the contact information of nonprofit organizations or government agencies that may be sources of assistance with FAP applications.

Line 18. Indicate what actions against an individual the hospital facility was permitted to take during the tax year under its policies before making reasonable efforts to determine the individual's eligibility under the facility's FAP by checking all applicable boxes. If a hospital facility's policies permitted the facility to take an action or actions against an individual during the tax year similar to those listed in lines 18a through 18c before making reasonable efforts to determine the individual's eligibility under the facility's FAP, check line 18d, "Other similar actions," and describe those actions in Part V, Section C.

Line 20c. The term "communications" includes, but is not limited to, in-person interactions, telephone calls, and invoices.

Line 21. Answer "Yes," if, during the tax year, the hospital facility had in place a written policy about emergency medical care that required the hospital facility to provide, without discrimination, care for emergency medical conditions to individuals without regard to their eligibility under the hospital facility's financial assistance policy. If "No," indicate the reasons why the hospital facility did not have a written nondiscriminatory policy relating to emergency medical care by checking all applicable boxes. If the reason the hospital facility did not have a written nondiscriminatory policy relating to emergency medical care is not listed in lines 21a through 21c, check line 21d, "Other," and describe the reason(s) in Part V, Section C.

For purposes of line 21, the term “emergency medical conditions” means:

(A) a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in--

1. placing the health of the individual (or, for a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,
2. serious impairment to bodily functions, or
3. serious dysfunction of any bodily organ or part; or

(B) for a pregnant woman who is having contractions--

2. that transfer may pose a threat to the health or safety of the woman or the unborn child.

Lines 22-24 are 2013 Lines 20-22

**Lines 22-24.** For purposes of lines 22-24, the term “FAP-eligible” means eligible for assistance under the hospital facility’s financial assistance policy.

**Line 22.** Indicate how the hospital facility determined, during the tax year, the maximum amounts that can be charged to FAP-eligible individuals for emergency or other medically necessary care by checking the appropriate box.

**Note.** Under Section 501(r)(5), the maximum amounts that can be charged to FAP-eligible individuals for emergency or other medically necessary care are the amounts generally billed to individuals who have insurance covering such care.

**Line 23.** Answer “Yes,” if, during the tax year, the hospital facility charged any FAP-eligible individual to whom the hospital facility provided emergency or other medically necessary services more than the amounts generally billed to individuals who had insurance covering such care. If “Yes,” explain in Part V, Section C.

The hospital facility may check “No” if it charged more than the amounts generally billed to individuals who had insurance covering such care to an individual who had not submitted a complete FAP application to the hospital facility as of the time of the charge, and the hospital facility corrected the bill within a reasonable period of time after learning that the individual was eligible.

**Line 24.** Answer “Yes,” if, during the tax year, the hospital facility charged any FAP-eligible individual an amount equal to the gross charge for any service provided to that individual, and explain in Part V, Section C the circumstances in

which it used gross charges. A bill that itemizes a reduction applied to a gross charge for a service does not need to be reported if the amount charged to the individual for such service is less than the amount of the gross charge.

The hospital facility may check “No” if it charged gross charges to one or more individuals, provided that none of the individuals had submitted a complete FAP application to the hospital facility as of the time of the charge, and the hospital facility corrected the bill within a reasonable period of time after learning the individuals were eligible.

**Section C.** Use Section C to provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16i, 18d, 19d, 20e, 21c, 21d, 22d, 23, and 24, as applicable. Complete a separate Section C for each hospital facility or facility reporting group for which the organization completed Section B; complete one Section C for each Section B.

If completing Section C for a single hospital facility, identify the specific name and line number (from Schedule H (Form 990), Part V, Section A) of the hospital facility to which the responses in Section C relate.

If completing Section C for a facility reporting group, list the reporting group letter, then list each hospital facility in that group separately by name and line number (from Section A). For each hospital facility, provide the descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16i, 18d, 19d, 20e, 21c, 21d, 22d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group letter and hospital facility line number from Part V, Section A (“A, 1,” “A, 4,” “B, 2,” “B, 3,” etc.) and name of hospital facility.

- Line 2: If the organization checked “Yes,” provide details regarding the hospital facility(ies) acquired or placed into service as a tax-exempt hospital in the current tax year or the immediately preceding tax year.
- Line 3j: If the organization checked line 3j, describe the other content included in the hospital facility’s CHNA report.
- Line 5: If the organization checked “Yes,” describe how the hospital facility took into account input from persons who represent the broad interests of the community served by the hospital facility. Include a description of how the organization consulted with these persons (whether through meetings, focus groups, interviews, surveys, written correspondence, etc.). Identify any organizations and other groups that the hospital facility consulted in conducting its

most recent CHNA. Individual members of community forums, focus groups, survey groups, and similar groups do not need to be listed.

- Line 6a: If the organization checked “Yes,” list the other hospital facilities with which the hospital facility conducted its CHNA.
- Line 6b: If the organization checked “Yes,” list the organizations other than hospital facilities with which the hospital facility conducted its CHNA.
- Line 7d: If the organization checked line 7d, describe the other means that the hospital facility used to make its CHNA widely available.
- Line 11: Describe how the hospital facility is addressing the significant health needs identified in its most recently conducted CHNA and any such needs that are not being addressed together with the reasons why such needs are not being addressed.
- Line 13b: Describe the criteria the hospital facility used to determine eligibility for free or discounted care (including whether the hospital facility used the income level of patients, patients’ families, or patients’ guarantors as a factor).
- Line 13h: If the organization checked line 13h, describe the other eligibility criteria used.
- Line 15e: If the organization checked line 15e, describe the other methods for applying for financial assistance.
- Line 16i: If the organization checked line 16i, describe other ways that the hospital facility publicized its financial assistance policy.
- Line 18d: If the organization checked line 18d, describe the other similar actions that the hospital facility was permitted to take under its policies during the tax year before making reasonable efforts to determine the individual’s eligibility under the facility’s FAP.
- Line 19d: If the organization checked line 19d, describe the other similar actions that the hospital facility was permitted to take under its policies during the tax year before making reasonable efforts to determine the individual’s eligibility under the facility’s FAP.
- Line 20e: If the organization checked line 20e, describe the other efforts that the hospital facility made.
- Line 21c: If the organization checked line 21c, describe how the hospital facility limited who was eligible to receive care for emergency services.
- Line 21d: If the organization checked line 21d, describe the other reasons why the hospital facility did not have a written nondiscriminatory policy for emergency medical care.
- Line 22d: If the organization checked line 22d, explain what other means the hospital facility used to determine the maximum amounts that can be charged to

FAP-eligible individuals for emergency or other medically necessary care.

- Line 23: If the organization checked "Yes" to line 23, explain the circumstances in which the hospital facility charged any FAP-eligible individual more than the amounts generally billed to individuals who had insurance covering such care.
- Line 24: If the organization answered "Yes" to line 24, explain the circumstances in which the hospital facility charged any FAP-eligible individual an amount equal to the gross charge for any service provided to that individual.

**Section D.** Complete Part V, Section D, by listing all of the non-hospital health care facilities that the organization operated during the tax year. A facility is operated by an organization whether it is operated directly by the organization or through a **disregarded entity** or **joint venture** treated as a partnership. List each of these facilities in order of size from largest to smallest, measured by a reasonable method (for example, the number of patients served or total revenue per facility). For each non-hospital health care facility, list its name and address and describe the type of facility. These types of facilities may include, but are not limited to, rehabilitation and other outpatient clinics, diagnostic centers, mobile clinics, and skilled nursing facilities.

In the upper left hand corner of the Part V, Section D table, list the total number of non-hospital health care facilities that the organization operated during the tax year.

If the organization needs additional space to list all of its non-hospital health care facilities, it should duplicate Section D and use as many duplicate copies of Section D as needed, number each page, and renumber the line numbers in the left hand margin (for example, an organization with 15 such facilities should renumber lines 1-5 on the 2nd page as lines 11-15).

## Part VI. Supplemental Information

Use Part VI to provide the narrative explanations required by the following questions, and to supplement responses to other questions on Schedule H (Form 990). Identify the specific part, section, and line number that the response supports, in the order in which they appear on Schedule H (Form 990). Part VI can be duplicated if more space is needed.

**Line 1.** Provide the following supplemental information:

**Part I, line 3c.** If applicable, describe the criteria used for determining eligibility for free or discounted care under the organization's financial assistance policy. Also describe whether the organization

uses an asset test or other threshold, regardless of income, to determine eligibility for free or discounted care.

**Part I, line 6a.** If the organization's community benefit report is in a report prepared by a **related organization**, and not in a separate report prepared by the organization, identify the related organization and list its employer identification number.

**Part I, line 7g.** If applicable, describe if the organization included as subsidized health services any costs attributable to a physician clinic, and report such costs the organization included.

**Part I, line 7, column (f).** If applicable, enter the bad debt expense included on Form 990, Part IX, line 25, column (A), (but subtracted for purposes of calculating the percentages in this column).

**Part I, line 7.** Provide an explanation of the costing methodology used to calculate the amounts reported for each line in the table. If a cost accounting system was used, indicate whether the cost accounting system addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). Also, indicate if a cost-to-charge ratio was used for any of the figures in the table. Describe whether this cost-to-charge ratio was derived from Worksheet 2, *Ratio of Patient Care Cost-to-Charges*, and, if not, what kind of cost-to-charge ratio was used and how it was derived. If some other costing methodology was used besides a cost accounting system, cost-to-charge ratio, or a combination of the two, describe the method used.

**Part II.** Describe how the organization's community building activities, as reported in Part II, promote the health of the community or communities the organization serves.

**Part III, line 2.** Describe the methodology used to determine the amount in Part III, line 2, including how the organization accounts for discounts and payments on patient accounts in determining bad debt expense.

**Part III, line 3.** Describe the methodology used to determine the amount reported on line 3. Also describe the rationale, if any, for including any portion of bad debt as community benefit.

**Part III, line 4.** Provide, if applicable, the text of the footnote to the organization's financial statements that describes bad debt expense, or report the page number(s) of the organization's most recent **audited financial statements** on which the footnote appears. If the

organization's financial statements include a footnote on these issues that also includes other information, report only the relevant portions of the footnote. If the organization's financial statements do not contain such a footnote, enter that the organization's financial statements do not include such a footnote, and explain how the financial statements account for bad debt, if at all.

**Part III, line 8.** Describe the costing methodology used to determine the Medicare allowable costs reported in Part III, line 6. Describe, if applicable, the extent to which any shortfall reported in Part III, line 7, should be treated as a community benefit, and the rationale for the organization's position.

**Part III, line 9b.** If the organization has a written debt collection policy and answered "Yes," to Part III, line 9b, describe the collection practices in the policy that apply to patients who it knows qualify for financial assistance, whether the practices apply specifically to such patients or also cover other types of patients.

**Line 2.** Describe whether and how the organization assesses the health care needs of the community or communities it serves, in addition to any CHNA reported in Part V, Section B.

**Line 3.** Describe how the organization informs and educates patients and persons who are billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy. For example, enter whether the organization posts its financial assistance policy, or a summary thereof, applications for financial assistance, and financial assistance contact information in admissions areas, emergency rooms, and other areas of the organization's facilities where eligible patients are likely to be present; provides a copy of the policy, or a summary thereof, applications for financial assistance, and financial assistance contact information to patients as part of the intake process; provides a copy of the policy, or a summary thereof, applications for financial assistance, and financial assistance contact information to patients with discharge materials; includes the policy, or a summary thereof, an application for financial assistance, and financial assistance contact information, in patient bills; or discusses with the patient the availability of various government benefits, such as Medicaid or state programs, and assists the patient with qualification for such programs, where applicable.

**Line 4.** Describe the community or communities the organization serves, taking into account the geographic service

deleted "income based"

area(s) (urban, suburban, rural, etc.), the demographics of the community or communities (population, average income, percentages of community residents with incomes below the federal poverty guideline, percentage of the hospital's and community's patients who are uninsured or Medicaid recipients, etc.), the number of other hospitals serving the community or communities, and whether one or more federally-designated medically underserved areas or populations are present in the community.

**Line 5.** Provide any other information important to describing how the organization's **hospitals** or other health care facilities further its exempt purpose by promoting the health of the community or communities, including but not limited to whether:

- A majority of the organization's **governing body** is comprised of persons who reside in the organization's primary service area who are neither **employees** nor **independent contractors** of the organization, nor **family members** thereof;
- The organization extends medical staff privileges to all qualified physicians in its community for some or all of its departments or specialties; and
- How the organization applies surplus funds to improvements in patient care, medical education, and research.

**Line 6.** If the organization is part of an affiliated health care system, describe the roles of the organization and its affiliates in promoting the health of the communities served by the system. For purposes of this question, an "affiliated health care system" is a system that includes affiliates under common governance or control, or that cooperate in providing health care services to their community or communities.

**Line 7.** Identify all states with which the organization files (or a **related**

**organization** files on its behalf) a community benefit report. Report only those states in which the organization's own community benefit report is filed, either by the organization itself or by a related organization on the organization's behalf.

## Worksheet 1. Financial Assistance at Cost (Part I, Line 7a)

Worksheet 1 can be used to calculate the organization's financial assistance (sometimes referred to as "charity care") at cost reported on Part I, line 7a. Refer to instructions for Part I, line 1 for the definition of financial assistance.

**Line 1.** Enter the gross patient charges written off to financial assistance pursuant to the organization's financial assistance policies. "Gross patient charges" means the total charges at the organization's full established rates for the provision of patient care services before deductions from revenue are applied.

**Line 3.** Multiply line 1 by line 2, or enter estimated cost based on the organization's cost accounting methodology. Organizations with a cost accounting system or a cost accounting method more accurate than the ratio of patient care cost to charges from Worksheet 2 can rely on that method to estimate financial assistance cost. An organization that does not use Worksheet 2 to determine a ratio of patient care cost to charges should make any necessary adjustments for patient care charges and community benefit programs to avoid double counting.

**Line 4.** Enter the Medicaid/provider taxes, fees, and assessments paid by the organization, if payments received from an uncompensated care pool or DSH program in the organization's home state

are intended primarily to offset the cost of financial assistance. If the payments are primarily intended to offset the cost of Medicaid services, then report this amount on Worksheet 3, line 4, column (A). If the primary purpose of the taxes or payments has not been made clear by state regulation or law, then the organization can allocate the taxes or payments proportionately between Worksheet 1, line 4, and Worksheet 3, line 4, column (A) based on a reasonable estimate of which portions are intended for financial assistance and Medicaid, respectively. "Medicaid provider taxes" means amounts paid or transferred by the organization to one or more states as a mechanism to generate federal Medicaid DSH funds (portions of the cost of the tax generally is promised back to organizations either through an increase in the Medicaid reimbursement rate or through direct appropriation).

**Line 6.** "Revenue from uncompensated care pools or programs" means payments received from a state, including Upper Payment Limit (UPL) funding and Medicaid DSH funds, as direct offsetting revenue for financial assistance or to enhance Medicaid reimbursement rates. If such payments are primarily to offset the cost of Medicaid services, then report this amount on Worksheet 3, line 7, column (A). If the primary purpose of the payments has not been made clear by state regulation or law, then the organization can allocate the payments proportionately between Worksheet 1, line 6, and Worksheet 3, line 7, column (A) based on a reasonable estimate of which portions are intended for financial assistance and Medicaid, respectively.

**Line 7.** Include the amount of any other offsetting revenue, including any restricted grants received by the organization.

## Worksheet 2. Ratio of Patient Care Cost to Charges

Worksheet 2 can be used to calculate the organization's ratio of patient care cost to charges. An organization that does not use Worksheet 2 to determine a ratio of patient care cost to charges should make any necessary adjustments for patient care charges and community benefit programs to avoid double counting.

**Line 1.** Enter the organization's total operating expenses (excluding bad debt expense) from its most recent audited financial statements.

**Line 2.** Enter the cost of nonpatient care activities. "Nonpatient care activities" include health care operations that generate "other operating revenue" such as nonpatient food sales, supplies sold to nonpatients, and medical records abstracting. The cost of nonpatient care activities does not include any total community benefit expense reported on Worksheets 1 through 8.

If the organization is unable to establish the cost associated with nonpatient care

activities, use other operating revenue from its most recent audited financial statement as a proxy for these costs. This proxy assumes no markup exists for other operating revenue compared to the cost of nonpatient care activities. Alternatively, if other operating revenue provides a markup compared to the cost of nonpatient care activities, the organization can assume such a markup exists when completing line 2.

**Line 3.** Enter the Medicaid provider taxes, fees, and assessments paid by the organization included on line 1, so this expenditure is not double-counted when the ratio of patient care cost to charges is applied.

**Line 4.** Enter the sum of the total community benefit expenses included in "Total operating expense" on line 1 and reported on Part I, lines 7e, 7f, 7h, and 7i, column (c), so these expenses are not double-counted when the ratio of patient care cost to charges is applied.

Also include in line 4 the total community benefit expense reported on Part I, lines 7a, 7b, 7c, and 7g, column (c), if the organization has not relied on the

ratio of patient care cost to charges from this worksheet to determine these expenses, but rather has relied on a cost accounting system or other cost accounting method to estimate costs of financial assistance, Medicaid or other means-tested government programs, or subsidized health services.

**Line 5.** Enter the gross expense of community building activities reported in Part II of Schedule H (Form 990).

**Line 9.** Enter the gross patient charges for any community benefit activities or programs for which the organization has not relied on the ratio of patient care cost to charges from this worksheet to determine the expenses of such activities or programs. For example, if the organization uses a cost accounting system or another cost accounting method to estimate total community benefit expense for Medicaid or any other means-tested government programs, enter gross charges for those programs in line 9.

### Worksheet 3. Medicaid and Other Means-Tested Government Health Programs (Part I, lines 7b and 7c)

Worksheet 3 can be used to report the cost of Medicaid and other means-tested government health programs. A "means-tested government program" is a government health program for which eligibility depends on the recipient's income or asset level.

"Medicaid" means the **United States** health program for individuals and families with low incomes and resources. "Other means-tested government programs" means government-sponsored health programs where eligibility for benefits or coverage is determined by income or assets. Examples include:

- The State Children's Health Insurance Program (SCHIP), a **United States** federal government program that gives funds to states in order to provide health insurance to families with children; and
- Other federal, state, or local health care programs.

Report Medicaid and other means-tested government program revenues and expenses from all states,

not just from the organization's home state.

**Line 1, column (A).** Enter the gross patient charges for Medicaid services. Include gross patient charges for all Medicaid recipients, including those enrolled in managed care plans. In certain states, SCHIP functions as an expansion of the Medicaid program, and reimbursements from SCHIP are not distinguishable from regular Medicaid reimbursements. Hospitals that cannot distinguish their SCHIP reimbursements from their Medicaid reimbursements can report SCHIP charges, costs, and offsetting revenue under column (A).

**Line 1, column (B).** Enter the amount of gross patient charges for other means-tested government health programs.

**Line 3, column (A).** Enter the estimated cost for Medicaid services. Multiply line 1, column (A) by line 2, column (A), or enter estimated cost based on the organization's cost accounting system or method. Organizations with a cost accounting system or a cost accounting method more accurate than the ratio of patient care cost to charges from Worksheet 2 can rely on that system or method to estimate the cost of Medicaid

services. Organizations relying on a cost accounting system or method other than the ratio of patient care cost to charges from Worksheet 2 should use care not to double-count community benefit expenses fully accounted for elsewhere on Schedule H (Form 990) Part I, line 7, such as the cost of health professions education, community health improvement services, community benefit operations, subsidized health services, and research.

**Line 3, column (B).** Enter the estimated cost for services provided to patients who receive health benefits from other means-tested government health programs.

**Line 4, column (A).** Enter the Medicaid provider taxes, fees, and assessments paid by the organization if payments received from an uncompensated care pool, UPL program, or Medicaid DSH program in the organization's home state are intended primarily to offset the cost of Medicaid services. If such payments are primarily intended to offset the cost of financial assistance, then report this amount on Worksheet 1, line 4. If the primary purpose of such taxes or payments has not been made clear by state regulation or law, then the organization can allocate portions of such taxes or payments proportionately

between Worksheet 1, line 4, and Worksheet 3, line 4, column (A), based on a reasonable estimate of which portions are intended for financial assistance and Medicaid, respectively.

**Line 6, column (A).** Enter the net patient service revenue for Medicaid services, including revenue associated with Medicaid recipients enrolled in managed care plans. Do not include Medicaid reimbursement for direct graduate medical education (GME) costs, which should be reported on Worksheet 5, line 9. Include Medicaid reimbursement for indirect GME costs, including the indirect IME portion of children's health GME. The direct portion of children's health GME should be reported on Worksheet 5, line 10. Also include Medicaid disproportionate share hospital (DSH) revenue and UPL funding. "Net patient service revenue" means payments expected to be received from patients or third-party payers for patient

services performed during the year. "Net patient service revenue" also includes revenue for services performed during prior years.

Organizations can describe in Part VI the amount of prior year Medicaid revenue included in Part I, line 7b.

Amounts received from a Medicaid program as "reimbursement for direct GME" or IME should be treated the way the Medicaid program that provides reimbursement classifies the funds.

**Line 7, column (A).** Enter revenue received from uncompensated care pools or programs if payments received from an uncompensated care pool, UPL program, or Medicaid DSH program in the organization's home state are intended primarily to offset the cost of Medicaid services. If such payments are primarily intended to offset the cost of charity care, then report this amount on Worksheet 1, line 6. If the primary purpose of such

payments has not been made clear by state regulation or law, then the organization can allocate the payments proportionately between Worksheet 1, line 6, and Worksheet 3, line 7, column (A), based on a reasonable estimate of which portions are intended for financial assistance and Medicaid, respectively.

## Worksheet 4. Community Health Improvement Services and Community Benefit Operations (Part I, Line 7e)

Worksheet 4 can be used to report the net cost of community health improvement services and community benefit operations.

"Community health improvement services" means activities or programs, subsidized by the health care organization, carried out or supported for

the express purpose of improving community health. Such services do not generate inpatient or outpatient revenue, although there may be a nominal patient fee or sliding scale fee for these services.

“Community benefit operations” means:

- activities associated with **conducting** community health needs assessments,
- community benefit program administration, and
- the organization's activities associated with fundraising or grant-writing for community benefit programs.

Activities or programs cannot be reported if they are provided primarily for marketing purposes or if they are more beneficial to the organization than to the community. For example, the activity or program may not be reported if it is designed primarily to increase referrals of patients with third-party coverage, required for licensure or accreditation, or

restricted to individuals affiliated with the organization (employees and physicians of the organization).

To be reported, community need for the activity or program must be established. Community need can be demonstrated through the following.

- A CHNA conducted or accessed by the organization.
- Documentation that demonstrated community need or a request from a public health agency or community group was the basis for initiating or continuing the activity or program.
- The involvement of unrelated, collaborative tax-exempt or government organizations as partners in the activity or program carried out for the express purpose of improving community health.

Community benefit activities or programs also seek to achieve a community benefit objective, including improving access to health services, enhancing public health, advancing increased general knowledge, and relief of a government burden to improve health. This includes activities or programs that do the following.

- Are available broadly to the public and serve low-income consumers.
- Reduce geographic, financial, or cultural barriers to accessing health services, and if they ceased would result in access problems (for example, longer wait times or increased travel distances).
- Address federal, state, or local public health priorities such as eliminating disparities in access to health care services or disparities in health status among different populations.
- Leverage or enhance public health department activities such as childhood immunization efforts.
- Strengthen community health resilience by improving the ability of a community to withstand and recover from public health emergencies.
- Otherwise would become the responsibility of government or another tax-exempt organization.
- Advance increased general knowledge through education or research that benefits the public.

**Lines 1a through 1j, column (A).** Enter the name of each reported community health improvement activity or program and total community benefit expense for each. Include both direct costs and indirect costs in total community benefit expense. Use additional worksheets if the organization reports more than 10 community health improvement activities or programs.

**Lines 3a through 3d, column (A).** Enter the name of each reported community benefit operations activity or program and total community benefit expense for each.

Include both direct costs and indirect costs in total community benefit expense. Use additional worksheets if the organization reports more than four community benefit operations activities or programs.

Report total community benefit expense, direct offsetting revenue, and net community benefit expense for each line item.

## Worksheet 5. Health Professions Education (Part I, Line 7f)

Worksheet 5 can be used to report the net cost of health professions education.

“Health professions education” means educational programs that result in a degree, certificate, or training necessary to be licensed to practice as a health professional, as required by state law, or continuing education necessary to retain state license or certification by a board in the individual’s health profession specialty. It does not include education or training programs available exclusively to the organization’s **employees** and medical staff or scholarships provided to those individuals. However, it does include education programs if the primary purpose of such programs is to educate health professionals in the broader community. Costs for medical residents and interns can be included, even if they are considered “employees” for purposes of Form W-2, Wage and Tax Statement.

Examples of health professions education activities or programs that should and should not be reported are as follows.

Activity or Program	Report	Example Rationale
Scholarships for community members	Yes	More benefit to community than organization
Scholarships for staff members	No	More benefit to organization than community
Continuing medical education for community physicians	Yes	Accessible to all qualified physicians
Continuing medical education for own medical staff	No	Restricted to own medical staff members
Nurse education if graduates are free to seek employment at any organization	Yes	More benefit to community than organization
Nurse education if graduates are required to become the organization’s employees	No	Program designed primarily to benefit the organization

**Lines 1 through 6.** Include both direct and indirect costs. Direct costs of health professions education do not include costs related to Ph.D. students and post-doctoral students, which are to be reported on Worksheet 7, Research. See the instructions for Part I, line 7, column (c) for the definition of “indirect costs.” “Indirect costs” do not include the estimated cost of “indirect medical education.”

Direct costs of health professions education include the following.

- Stipends, fringe benefits of interns, residents, and fellows in accredited graduate medical education programs.
- Salaries and fringe benefits of faculty directly related to intern and resident education.
- Salaries and fringe benefits of faculty directly related to teaching:
  1. medical students,
  2. students enrolled in nursing programs that are licensed by state law or, if licensing is not required, accredited by the recognized national professional organization for the particular activity,
  3. students enrolled in allied health professions education programs, licensed by state law or, if licensing is not required, accredited by the recognized national professional organization for the particular activity, including, but not limited to,

programs in pharmacy, occupational therapy, dietetics, and pastoral care,

4. and continuing health professions education open to all qualified individuals in the community, including payment for development of online or other computer-based training accepted as continuing health professions education by the relevant professional organization.

- Scholarships provided by the organization to community members.

**Line 8.** Enter Medicare reimbursement for direct GME, reimbursement for approved nursing and allied health education activities, and direct GME reimbursement received for services provided to Medicare Advantage patients. For a children's hospital that receives children's GME payments from Health Resources and Services Administration (HRSA), count that portion of the payment equivalent to Medicare direct GME. Do not include indirect GME reimbursement provided by Medicare or Medicaid.

**Line 9.** Enter Medicaid reimbursement for direct GME, including only that portion of Medicaid GME payment equivalent to Medicare direct GME and that can be explicitly segregated by the organization from other Medicaid net patient revenue. Do not include indirect GME reimbursement provided by Medicaid, which is to be reported on Worksheet 3, Unreimbursed Medicaid and Other Means-Tested Government Programs. Include Medicaid reimbursement for nursing and allied health education. If your state pays Medicaid GME reimbursement as a lump sum that includes both direct and indirect payments, use reasonable methods to estimate the portion of the lump sum that is direct (for example, the percent of total Medicare GME payments that is direct).

**Line 10.** Enter revenue received for continuing health professions education reimbursement or tuition.

**Line 11.** Enter other revenue received for health professions education activities associated with expenses reported in Worksheet 5, line 7.

## Worksheet 6. Subsidized Health Services (Part I, Line 7g)

Worksheet 6 can be used to calculate the net cost of subsidized health services. Complete Worksheet 6 for each subsidized health service and report in Part I the total for all subsidized health services combined.

"Subsidized health services" means clinical services provided despite a financial loss to the organization. The financial loss is measured after removing

losses associated with bad debt, financial assistance, Medicaid, and other means-tested government programs.

Losses attributable to these items are not included when determining which clinical services are subsidized health services because they are reported as community benefit elsewhere in Part I or as bad debt in Part III. Losses attributable to these items are also excluded when measuring the losses generated by the subsidized health services. In addition, in order to qualify as a subsidized health service, the organization must provide the service because it meets an identified community need. A service meets an identified community need if it is reasonable to conclude that if the organization no longer offered the service,

- the service would be unavailable in the community,

- the community's capacity to provide the service would be below the community's need, or

- the service would become the responsibility of government or another tax-exempt organization.

Subsidized health services can include qualifying inpatient programs (for example, neonatal intensive care, addiction recovery, and inpatient psychiatric units) and outpatient programs (emergency and trauma services, satellite clinics designed to serve low-income communities, and home health programs). Subsidized health services generally exclude ancillary services that support inpatient and ambulatory programs such as anesthesiology, radiology, and laboratory departments. Subsidized health services include services or care provided at physician clinics and skilled nursing facilities if such clinics or facilities satisfy the general criteria for subsidized health

services. An organization that includes any costs associated with stand-alone physician clinics (not other facilities at which physicians provide services) as subsidized health services in Part I, line 7g, must describe that it has done so and report in Part VI such costs included in Part I, line 7g.

**Note:** The organization can report a physician clinic as a subsidized health service only if the organization operated the clinic and associated hospital services at a financial loss to the organization during the year.

**Line 3, columns (A) through (D).** Enter the estimated cost for each subsidized health service. For column (B), enter bad debt amounts attributable to the subsidized health service measured by cost. For column (C), enter amounts attributable to the subsidized health service for patients who are recipients of Medicaid and other means-tested government health programs. For column (D), enter financial assistance amounts attributable to the subsidized health service measured by cost. Multiply line 1 by line 2 or enter the estimated expense of each subsidized health service based on the organization's cost accounting. Organizations with a cost accounting system or method more accurate than the ratio of patient care cost to charges from Worksheet 2 can rely on that system or method to estimate the cost of each subsidized health service.

## Worksheet 7. Research (Part I, Line 7h)

Worksheet 7 can be used to report the cost of research conducted by the organization.

Research means any study or investigation the goal of which is to generate increased generalizable knowledge made available to the public (for example: knowledge about underlying biological mechanisms of health and disease, natural processes, or principles affecting health or illness; evaluation of safety and efficacy of interventions for disease such as clinical trials and studies of therapeutic protocols; laboratory-based studies; epidemiology, health outcomes, and effectiveness; behavioral or sociological studies related to health, delivery of care, or prevention; studies related to changes in the health care delivery system; and communication of findings and observations, including publication in a medical journal.) The

organization can include the cost of internally funded research it conducts, as well as the cost of research it conducts funded by a tax-exempt or government entity.

The organization cannot include in Part I, line 7h, direct or indirect costs of research funded by an individual or an organization that is not a tax-exempt or government entity. However, the organization can describe in Part VI any research it conducts that is not funded by tax-exempt or government entities, including the cost of such research, the identity of the funder, how the results of such research are made available to the public, if at all, and whether the results are made available to the public at no cost or nominal cost.

Examples of costs of research include, but are not limited to, salaries and benefits of researchers and staff, including stipends for research trainees (Ph.D. candidates or fellows); facilities for collection and storage of research, data, and samples; animal facilities; equipment; supplies; tests conducted for research rather than patient care; statistical and computer support; compliance (for example, accreditation for human subjects protection, biosafety, Health Insurance Portability and Accountability Act (HIPAA), etc.); and dissemination of research results.

**Line 1.** Define direct costs under the guidelines and definitions published by the National Institutes of Health.

**Line 2.** Define indirect costs under the guidelines and definitions published by the National Institutes of Health.

**Line 4.** Enter license fees and royalties the organization received during the tax year that are directly associated with research that the organization has (in any tax year) reported on Schedule H as community benefit.

**Line 5.** An example of "other revenue" is Medicare reimbursement associated with any research expense reported as community benefit.

## Worksheet 8. Cash and In-Kind Contributions for Community Benefit (Part I, Line 7i)

Worksheet 8 can be used to report cash **contributions** or grants and the cost of in-kind contributions that support financial assistance, health professions education, and other community benefit activities

reportable in Part I, lines 7a through 7h. Report such contributions on line 7i, and not on lines 7a through 7h.

"Cash and in-kind contributions" means contributions made by the organization to health care organizations and other community groups restricted, in writing, to one or more of the community benefit activities described in the table in Part I, line 7 (and the related worksheets and instructions). "In-kind contributions" include the cost of staff hours donated by the organization to the community while on the organization's payroll, indirect cost of space donated to tax-exempt community groups (such as for meetings), and the financial value (generally measured at cost) of donated food, equipment, and supplies.

Do not report as cash or in-kind contributions any payments that the organization makes in exchange for a service, facility, or product, or that the organization makes primarily to obtain an economic or physical benefit; for example, payments made in lieu of taxes that the organization makes to prevent or forestall local or state property tax assessments, and a teaching hospital's payments to its affiliated medical school for intern or resident supervision services by the school's faculty members.

Report cash contributions and grants made by the organization to entities and community groups that share the organization's goals and mission. Do not report cash or in-kind contributions contributed by **employees**, or emergency funds provided by the organization to the organization's employees; loans, advances, or contributions to the capital of another organization that are reportable in Part X of the core Form 990; or unrestricted grants or gifts to another organization that can, at the discretion of the grantee organization, be used other than to provide the type of community benefit described in the table in Part I, line 7.

**Special rule for grants to joint ventures.** If the organization makes a grant to a **joint venture** in which it has an ownership interest to be used to accomplish one of the community benefit activities reportable in the table, in Part I, line 7, report the grant on line 7i, but do not include the organization's proportionate share of the amount spent by the **joint venture** on such activities in any other part of the table, to avoid double-counting.

## General Instructions

**Future developments.** For the latest information about developments related to Schedule I (Form 990), such as legislation enacted after the schedule and its instructions were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

### Purpose of Schedule

Schedule I (Form 990) is used by an organization that files Form 990 to provide information on **grants and other assistance** made by the filing organization during the **tax year to domestic organizations, domestic governments and domestic individuals**. Report activities conducted by the organization directly. Also, report activities conducted by the organization indirectly through a **disregarded entity** or a **joint venture** treated as a partnership.

*Grants and other assistance* include awards, prizes, **contributions**, non-cash assistance, cash allocations, stipends, scholarships, fellowships, research grants, and similar payments and distributions made by the organization during the tax year. For purposes of Schedule I, grants and other assistance do not include:

- Salaries or other **compensation** to employees, or payments to independent contractors if the primary purpose of such payments is to serve the direct and immediate needs of the organization (such as legal, accounting, or fundraising services).
- The payment of any benefit by a 501(c)(9) voluntary employees' beneficiary association (VEBA) to employees of a sponsoring organization or contributing employer, if such payment is made under the terms of the VEBA trust and in compliance with section 505.
- Grants to affiliates that are not organized as legal entities separate from the filing organization, or payments made to branch offices, accounts, or employees of the organization located in the **United States**.

A **domestic organization** includes a corporation or partnership created or organized in the United States or under the law of the United States or of any state or possession. A trust is a domestic organization if a court within the United States or a **U.S. possession** is able to exercise primary supervision over the administration of the trust, and one or more U.S. persons (or persons in **U.S. possessions**) have the authority to control all substantial decisions of the trust.

A **domestic government** is a state, a U.S. possession, a political subdivision of a state or U.S. possession, the United States, or the District of Columbia. A grant to a U.S. government agency must be included on this schedule regardless of where the agency is located or operated.

A **domestic individual** is a person, including a foreign citizen, who lives or resides in the United States (or a U.S. possession) and not outside of the United States (or a U.S. possession).

Parts II and III of this schedule may be duplicated to list additional grantees (Part II) or types of grants/assistance (Part III) that do not fit on the first page of these parts. Number each page of each part.

Do not report on this schedule foreign grants or assistance, including grants or assistance provided to **domestic organizations, domestic governments, or domestic individuals** for the purpose of providing grants or other assistance to a designated **foreign organization, foreign government, or foreign individual**. Instead, report them on Schedule F (Form 990), Statement of Activities Outside the United States.

### Who Must File

An organization that answered "Yes" to Form 990, Part IV, *Checklist of Required Schedules*, line 21 or 22, must complete Part I and either Part II or Part III of this schedule and attach it to Form 990.

If an organization is not required to file Form 990 but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

## Specific Instructions

### Part I. General Information on Grants and Assistance

Complete this part if the organization answered "Yes" on Form 990, Part IV, line 21 or 22.

**Lines 1 and 2.** On line 1, indicate "Yes" or "No" regarding whether the organization maintains records to substantiate amounts, eligibility, and selection criteria used for grants. In general terms, describe how the organization monitors its grants to ensure that such grants are used for proper purposes and are not otherwise diverted from the intended use. For example, the organization can describe the periodic reports required or field investigations conducted. Use Part IV for the organization's narrative response to line 2.

### Part II. Grants and Other Assistance to Domestic Organizations and Domestic Governments

**Line 1.** Complete line 1 if the organization answered "Yes" on Form 990, Part IV, line 21. A "Yes" response means that the organization reported more than \$5,000 on Form 990, Part IX, line 1, column (A). Enter information only for each recipient **domestic organization** or **domestic government** that received more than \$5,000 aggregate of grants or assistance from the organization during the tax year.

Enter the details of each organization or entity on a separate line of Part II. If there are more organizations or entities to report in Part II than space available, report the additional organizations or entities on duplicate copies of Part II. Use as many duplicate copies as needed, and number each page. Use Part IV if additional space is needed for descriptions of particular column entries.

**Column (a).** Enter the full legal name and mailing address of each recipient organization or government entity.

**Column (b).** Enter the employer identification number (EIN) of the grant recipient.

**Column (c).** Enter the section of the Internal Revenue Code under which the organization receiving the assistance is tax-exempt, if applicable (for example, a school described in section 501(c)(3) or a social club described in section 501(c)(7)). If a recipient is a government entity, enter the name of the government entity. If a recipient is neither a tax-exempt nor a government entity, leave column (c) blank.

**Column (d).** Enter the total dollar amount of cash grants to each recipient organization or entity for the tax year. Cash grants include grants and allocations paid by cash, check, money order, electronic fund or wire transfer, and other charges against funds on deposit at a financial institution.

**Columns (e) and (f).** Enter the **fair market value** of non-cash property. Describe the method of valuation. Report property with a readily determinable market value (for example, market quotations for **securities**) at its fair market value. For marketable securities registered and listed on a recognized securities exchange, measure market value on the date the property is distributed to the grantee by the average of the highest and lowest quoted selling prices or the average between the *bona fide* bid and asked prices. When fair market value cannot be readily determined, use an appraised or estimated value.

**Column (g).** For non-cash property or assistance, enter a description of the property or assistance. List all that apply. Examples of non-cash assistance include medical supplies or equipment, pharmaceuticals, blankets, and books or other educational supplies.

**Column (h).** Describe the purpose or ultimate use of the grant funds or other assistance. Do not use general terms such as charitable, educational, religious, or scientific. Use more specific descriptions such as general support, payments for nursing services, or laboratory construction. Enter the type of assistance, such as medical, dental, or free care for indigent hospital patients. In the case of disaster assistance, include a description of the disaster and the assistance provided (for example, "Food, shelter, and clothing for Organization A's assistance to victims of Colorado wildfires"). Use Part IV if additional space is needed for descriptions.

If the organization checks "Accrual" on Form 990, Part XII, line 1, follows **SFAS 116** (ASC 958) (see instructions for Form 990, Part IX), and makes a grant during the **tax year to be paid in future years to a domestic organization or domestic government**, it should report the grant's present value in Part II, line 1, column (d) or (e), and report any accruals of present value increments in future years.

**Line 2.** Add the number of recipient organizations listed on Schedule I (Form 990), Part II, line 1, that (a) have been recognized by the Internal Revenue Service as exempt from federal income tax as described in section 501(c)(3), (b) are **churches**, including synagogues, temples, and mosques, (c) are integrated auxiliaries of churches and conventions or association of churches, or (d) are **domestic governments**. Enter the total.

**Line 3.** Add the number of recipient organizations listed on Schedule I (Form 990), Part II, line 1, that are not described on line 2. This number should include both organizations that are not tax-exempt and organizations that are tax-exempt under section 501(c) but not section 501(c)(3).

### Part III. Grants and Other Assistance to **Domestic Individuals**

Complete Part III if the organization answered "Yes" on Form 990, Part IV, line 22. A "Yes" response means that the organization reported more than \$5,000 on Form 990, Part IX, line 2, column (A).

Enter information for **grants and other assistance** made to or for the benefit of individual recipients. Do not complete Part III for grants or assistance provided to individuals through another organization or entity, unless the grant or assistance is earmarked by the filing organization for the benefit of one or more specific **domestic individuals**. Instead, complete Part II, earlier. For example, report a payment to a **hospital** designated to cover the medical expenses of particular domestic individuals in Part III and report a contribution to a hospital designated to provide some service to the general public or to unspecified domestic charity patients in Part II.

Enter the details of each type of assistance to individuals on a separate line of Part III. If there are more types of assistance than space available, report the types of assistance on duplicate copies of Part III. Use as many duplicate copies as needed, and number each page. Use Part IV if additional space is needed for descriptions of particular column entries.

**Column (a).** Specify type(s) of assistance provided, or describe the purpose or use of grant funds. Do not use general terms such as charitable, educational, religious, or scientific. Use more specific descriptions, such as scholarships for students attending a particular school; provision of books or other educational supplies; food, clothing, and shelter for indigents, or direct cash assistance to indigents; etc. In the case of specific disaster assistance, include a description of the type of assistance provided and identify the disaster (for example, "Food, shelter, and clothing for immediate relief for victims of Colorado wildfires").

**Column (b).** Enter the number of recipients for each type of assistance. If the organization is unable to determine the actual number, provide an estimate of the number. Explain in Part IV how the organization arrived at the estimate.

**Column (c).** Enter the aggregate dollar amount of cash grants for each type of grant or assistance. Cash grants include grants and allocations paid by cash, check, money order, electronic fund or wire transfer, and other charges against funds on deposit at a financial institution.

**Columns (d) and (e).** Enter the **fair market value** of non-cash property. Describe the method of valuation. Report property with a readily determinable market value (for example, market quotations for **securities**) at

its fair market value. For marketable securities registered and listed on a recognized securities exchange, measure market value by the average of the highest and lowest quoted selling prices or the average between the *bona fide* bid and asked prices, on the date the property is distributed to the grantee. When fair market value cannot be readily determined, use an appraised or estimated value.

**Column (f).** For non-cash grants or assistance, enter descriptions of property. List all that apply. Examples of non-cash assistance include medical supplies or equipment, pharmaceuticals, blankets, and books or other educational supplies.

*If the organization checks "Accrual" on Form 990, Part XII, line 1, follows **SFAS 116** (ASC 958) (see instructions for Form 990, Part IX), and makes a grant during the **tax year** to be paid in future years to a **domestic individual**, it should report the grant's present value in Part III, column (c) or (d), and report any accruals of present value increments in future years.*

### Part IV. Supplemental Information

Use Part IV to provide narrative information required in Part I, line 2 regarding monitoring of funds, and in Part III, column (b) regarding how the organization estimated the number of recipients for each type of grant or assistance. Also use Part IV to provide other narrative explanations and descriptions, as needed. Identify the specific part and line(s) that the response supports. Part IV can be duplicated if more space is needed.

# Schedule J Instructions

2 Clarification that reportable compensation should not be treated as deferred if deferred from the calendar year ending with or within the tax year to a date that is not more than 2 1/2 months after the end of the calendar year ending with or within the tax year.

# Instructions for Schedule J (Form 990)

## Compensation Information

Section references are to the Internal Revenue Code unless otherwise noted.

### Future Developments

For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990, Return of Organization Exempt From Income Tax.

### Purpose of Schedule

Schedule J (Form 990) is used by an organization that files Form 990 to report **compensation** information for certain **officers, directors, individual trustees, key employees, and highest compensated employees**, and information on certain compensation practices of the organization.

Part II of Schedule J may be duplicated if additional space is needed. Use as many duplicate copies of Part II as needed, and number each page.

### Who Must File

An organization that answered "Yes" on Form 990, Part IV, line 23, must complete Schedule J. Do not file Schedule J for institutional trustees.

If an organization is not required to file Form 990 but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

### Specific Instructions

Part I asks questions regarding certain **compensation** practices of the organization. Part I generally pertains to all **officers, directors, trustees, and employees** of the organization listed on Form 990, Part VII, Section A, regardless of whether the organization answered "Yes" to line 23 of Part IV for all such individuals. However, only the organizations that are described in *Who*

*Must File* must complete Part I. Part I, lines 1, 2, 3, 7, 8, and 9 require reporting on the compensation practices of the filing organization, but not of **related organizations**. Lines 4 through 6 require information regarding both the filing organization and its related organizations. Part I, lines 5 through 9, must be completed only by section 501(c)(3), section 501(c)(4), and section 501(c)(29) organizations.

Part II requires detailed compensation information for individuals for whom the organization answered "Yes" on Form 990, Part IV, line 23. Not all persons listed on Form 990, Part VII, Section A, will necessarily be listed in Schedule J, Part II.

Part III is used to provide explanations of answers as required in Parts I or II.

Unless stated otherwise, all questions in this schedule pertain to activity during the calendar year ending with or within the organization's **tax year**.

### Part I. Questions Regarding Compensation

For purposes of Part I, a *listed person* is a person listed on Form 990, Part VII, Section A.

**Line 1.** Report information regarding certain benefits (if any) provided to persons listed on Form 990, Part VII, Section A, line 1a.

**Line 1a.** Check the appropriate box(es) if the organization provided any of the listed benefits to any of the persons listed on Form 990, Part VII, Section A, regardless of whether such benefits are reported as **compensation** on Form W-2, Wage and Tax Statement, box 1 or box 5, or Form 1099-MISC, Miscellaneous Income, box 7. For each of the listed benefits provided to or for a listed person, provide in Part III the following information:

- The type of benefit.
- The listed person who received the benefit, or a description of the types (for example, all directors) and number of listed persons that received the benefit.

- Whether the benefit, or any part of it, was treated as taxable compensation to the listed person.

*First-class travel* refers to any travel on a passenger airplane, train, or boat with first-class seats or accommodations by a listed person or his or her companion if any portion of the cost above the lower-class fare is paid by the organization. First-class travel does not include intermediate classes between first class and coach, such as business class on commercial airlines. Bump-ups to first class free of charge or as a result of using frequent flyer benefits, or similar arrangements that are at no additional cost to the organization, can be disregarded.

*Charter travel* refers to travel on an airplane, train, or boat under a charter or rental arrangement. Charter travel also includes any travel on an airplane or boat that is owned or leased by the organization.

*Travel for companions* refers to any travel of a listed person's guest not traveling primarily for *bona fide* business purposes of the organization. It also refers to any travel of a listed person's **family members**, whether or not for *bona fide* business purposes.

*Tax indemnification and gross-up payments* refer to the organization's payment or reimbursement of any tax obligations of a listed person.

*Discretionary spending account* refers to an account or sum of money under the control of a listed person with respect to which he or she is not accountable to the organization under an **accountable plan**, whether or not actually used for any personal expenses. Accountable plans are discussed in *Accountable plan amounts*, later (under Part II, column (D) instructions).

*Housing allowance or residence for personal use* refers to any payment for, or provision of, housing by the organization for personal use by a listed person, including a ministerial housing or parsonage allowance.

*Payments for business use of personal residence* refers to any

payment by the organization for the use of all or part of a listed person's residence for any purpose of the organization.

*Health or social club dues or initiation fees* refers to any payment of dues by the organization for the membership of a listed person in a health or fitness club or a social or recreational club, whether or not such clubs are tax-exempt. It does not include membership fees for an organization described in section 501(c)(3) or section 501(c)(6) unless such organization provides health, fitness, or recreational facilities available for the regular use of a listed person. *Health club dues* do not include provision by the organization of an on-premises athletic facility described in section 132(j)(4), or provision by a school of an athletic facility available for general use by its students, faculty, and employees. *Dues* include the entrance fee, periodic fees, and amounts paid for use of such facilities.

*Personal services* refers to any services for the personal benefit of a listed person or the family or friends of a listed person, whether provided regularly (on a full-time or part-time basis) or as needed, whether provided by an **employee** of the organization or **independent contractor** (and whether the independent contractor is an individual or an organization). They include, but are not limited to, services of a babysitter, bodyguard, butler, chauffeur, chef, concierge or other person who regularly runs nonincidental personal errands, escort, financial planner, handyman, landscaper, lawyer, maid, masseur/masseuse, nanny, personal trainer, personal advisor or counselor, pet sitter, physician or other medical specialist, tax preparer, and tutor for nonbusiness purposes. Personal services do not include services provided to all employees on a nondiscriminatory basis under a qualified employee benefit plan.

**Line 1b.** If the organization provided any of the benefits listed in line 1a, to one or more listed persons, answer "Yes" if the organization followed a written policy regarding the payment, provision, or reimbursement of all such benefits to listed persons. If the organization did not follow a written policy for payment, provision, or reimbursement of any listed benefits, explain in Part III who determined the organization would provide such benefits and the decision-making process.

**Line 2.** Answer "Yes" if the organization required substantiation of all expenses or benefits listed on line 1a, in accordance with the rules for **accountable plans** discussed in *Accountable plan amounts*, later (under Part II, column (D) instructions), before reimbursing or allowing all such expenses incurred by any **directors**, **trustees**, and **officers**, including the organization's **top management official** (all referred to as "top management official"). An organization can answer "Yes" if it checked the "Discretionary spending account" box on line 1a and required substantiation of expenses under the rules for accountable plans for all listed benefits on line 1a other than for discretionary spending accounts.

**Line 3.** Check the appropriate box(es) to indicate which methods, if any, the organization used to establish the **compensation** of the organization's **top management official**. If the organization relied on a compensation consultant that used a method described in line 3 to help determine compensation for the top management official, the organization may check the box for that method in line 3. Do not check any box(es) for methods used by a related organization to establish the filing organization's compensation of the filing organization's top management official. Explain in Part III if the organization relied on a **related organization** that used one or more of the methods described below to establish the top management official's compensation.

*Compensation committee* refers to a committee of the organization's **governing body** responsible for determining the top management official's compensation package, whether or not the committee has been delegated the authority to make an employment agreement with the top management official on behalf of the organization. The compensation committee can also have other duties.

*Independent compensation consultant* refers to a person outside the organization who advises the organization regarding the top management official's compensation package, holds himself or herself out to the public as a compensation consultant, performs valuations of nonprofit executive compensation on a regular basis, and is qualified to make valuations of the type of services provided. The consultant is independent if he or she does not have a **family**

**relationship** or **business relationship** with the top management official, and if a majority of his or her appraisals are performed for persons other than the organization, even if the consultant's firm also provides tax, audit, and other professional services to the organization.

*Form 990 of other organizations* refers to compensation information reported on a **Form 990 series return** of similarly situated organizations, and **includes** Forms 990, 990-EZ, Short Form Return of Organization Exempt From Income Tax, and 990-PF, Return of Private Foundation.

*Written employment contract* refers to one or more recent or current written employment agreements to which the top management official and another organization are or were parties, written employment agreements involving similarly situated top management officials with similarly situated organizations, or written employment offers to the top management official from other organizations dealing at arm's length.

*Compensation survey or study* refers to a study of top management official compensation or functionally comparable positions in similarly situated organizations.

*Approval by board or compensation committee* refers to the ultimate decision by the governing body or compensation committee on behalf of the organization regarding whether to enter into an employment agreement with the top management official, and the terms of such agreement.

**Line 4.** List in Part III the names of listed persons paid amounts during the year by the filing organization or a **related organization** under any arrangement described in lines 4a through 4c, and report the amounts paid during the year to each such listed person. Also describe in Part III the terms and conditions of any arrangement described in lines 4a through 4c in which one or more listed persons participated during the year, regardless of whether any payments to the listed person were made during the year.

**Line 4a.** Answer "Yes" if a listed person received a severance or change-of-control payment from the organization or a **related organization**. A severance payment is a payment made if the right to the payment is contingent solely upon the person's severance from service in specified

circumstances, such as upon an involuntary separation from service or under a separation or termination agreement voluntarily entered into by the parties. Payments under a change-of-control arrangement are made in connection with a termination or change in the terms of employment resulting from a change in control of the organization. Treat as a severance payment any payment to a listed person by the organization or a related organization in satisfaction or settlement of a claim for wrongful termination or demotion.

**Line 4b.** Answer “Yes” if a listed person participated in or received payment from any supplemental nonqualified retirement plan established, sponsored, or maintained by or for the organization or a **related organization**. A supplemental nonqualified retirement plan is a nonqualified retirement plan that is not generally available to all employees but is available only to a certain class or classes of management or highly compensated **employees**. For this purpose, include as a supplemental nonqualified retirement plan a plan described in section 457(f) (but do not include a plan described in section 457(b)) and a split-dollar life insurance plan.

**Line 4c.** Answer “Yes” if a listed person participated in or received payment from the organization or a **related organization** of any equity-based compensation (such as stock, stock options, stock appreciation rights, restricted stock, or phantom or shadow stock), or participated in or received payment from any equity compensation plan or arrangement sponsored by the organization or a related organization, whether the compensation is determined by reference to equity in a partnership, limited liability company, or corporation. Equity-based compensation does not include compensation contingent on the revenues or net earnings of the organization, which are addressed by lines 5 and 6 later.

**Example.** A, a listed person, is an **employee** of organization B. B owns an interest in C, a for-profit subsidiary, that is a stock corporation. As part of A's compensation package, B provides restricted stock in C to A. This is an equity-based compensation arrangement for purposes of line 4c. The same would be true if C were a partnership or limited liability company

and B provided A a profits interest or capital interest in C.

**Line 5.** Answer “Yes” if the organization paid or accrued with respect to a listed person any **compensation** contingent upon and determined in whole or in part by the revenues (gross or net) of one or more activities of the organization or a **related organization**, or by the revenues (gross or net) of the organization or a related organization as a whole. For this purpose, net revenues means gross revenues less certain expenses, but does not mean net income or net earnings. Describe such arrangements in Part III.

**Example.** A, a listed person, is a physician employed by organization B. As part of A's compensation package, A is to be paid a bonus equal to x% of B's net revenues from a particular department operated by B for a specified period of time. This arrangement is a payment contingent on revenues of the organization, and must be reported on line 5, regardless of whether the payment is contingent on achieving a certain revenue target. However, if instead the bonus payment is a specific dollar amount (for instance, \$5,000) to be paid only if a gross revenue or net revenue target of the department is achieved, the payment is not contingent on revenues of the organization for this purpose.

**Line 6.** Answer “Yes” if the organization paid or accrued with respect to a listed person any **compensation** contingent upon and determined in whole or in part by the net earnings of one or more activities of the organization or a **related organization**, or by the net earnings of the organization or a related organization as a whole. Describe such arrangements in Part III.

**Example.** A, a listed person, is an **employee** of organization B. As part of A's compensation package, A is to be paid a bonus equal to x% of B's net earnings for a specified period of time. This arrangement is a payment contingent on net earnings of the organization for line 6 purposes, regardless of whether the payment is contingent on achieving a certain net earnings target. However, if instead the bonus payment is a specific dollar amount to be paid only if a net earnings target is achieved, the payment is not contingent on the net earnings of the organization for this purpose.

**Line 7.** Answer “Yes” if the organization provided any non-fixed payments, not described on lines 5 and 6, for a listed

person. Describe such arrangements in Part III. A *fixed payment* is an amount of cash or other property specified in the contract, or determined by a fixed formula specified in the contract, which is to be paid or transferred in exchange for the provision of specified services or property. A fixed formula can incorporate an amount that depends upon future specified events or contingencies, provided that no person exercises discretion when calculating the amount of a payment or deciding whether to make a payment, such as a bonus. Amounts paid or accrued to any listed person that are not fixed amounts as defined above are *non-fixed payments*. For example, any amount paid to a person under a reimbursement arrangement where discretion is exercised by any person as to the amount of expenses incurred or reimbursed is a non-fixed payment. See Regulations section 53.4958-4(a)(3).

**Exception.** Amounts payable under a qualified pension, profit-sharing, or stock bonus plan under section 401(a) or under an employee benefit program that is subject to and satisfies coverage and nondiscrimination rules under the Internal Revenue Code (for example, sections 127 and 137), other than nondiscrimination rules under section 9802, are treated as fixed payments for purposes of line 7, regardless of the organization's discretion with respect to the plan or program. The fact that a person contracting with the organization is expressly granted the choice to accept or reject any economic benefit is disregarded in determining whether the benefit constitutes a fixed payment for purposes of line 7.

**Line 8.** Answer “Yes” if any amounts from the organization reported on Form 990, Part VII, were paid under a contract subject to the initial contract exception described in Regulations section 53.4958-4(a)(3). Describe such arrangements in Part III. Fixed payments made under an initial contract are not subject to section 4958. An *initial contract* is a binding written contract between the organization and a person who was not a disqualified person (within the meaning of section 4958(f)(1)) with respect to the organization immediately prior to entering into the contract. See the instructions for line 7 for the definition of fixed payments.

**Line 9.** Answer “Yes” if the payments described in line 8 above were made under an initial contract that was reviewed and approved by the

organization following the rebuttable presumption procedure described in Regulations section 53.4958-6(c). For more information on the initial contract exception and rebuttable presumption procedure, see *Appendix G, Section 4958 Excess Benefit Transactions*, in the Instructions for Form 990.

## Part II. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

Enter information for certain individuals listed on Form 990, Part VII, Section A, as described below. Report **compensation** for the calendar year ending with or within the organization's **tax year** paid to or earned by the following individuals:

- Each of the organization's former **officers**, former **directors**, former **trustees**, former **key employees**, and former five **highest compensated employees** listed on Form 990, Part VII, Section A.
- Each of the organization's current officers, directors, trustees, key employees, and five highest compensated employees for whom the sum of Form 990, Part VII, Section A, columns (D), (E), and (F) (disregarding any decreases in the actuarial value of defined benefit plans) is greater than \$150,000.
- Each of the organization's current and former officers, directors, trustees, key employees, and five highest compensated employees who received or accrued compensation from any unrelated organization or individual for services rendered to the filing organization, as reported on line 5 of Form 990, Part VII, Section A. List in Part III the name of each unrelated organization that provided compensation to such persons, the type and amount of compensation it paid or accrued, and the person receiving or accruing such compensation, as explained in the instructions for Form 990, Part VII, Section A, line 5.

 **All current key employees listed on Form 990, Part VII, Section A, must also be reported on Schedule J, Part II, because their reportable compensation, by definition, exceeds \$150,000.**

Do not list any individuals in Schedule J, Part II, that are not listed on Form 990, Part VII, Section A. Do not list in Part II **management companies** or other organizations providing services to the organization. Do not list highest

compensated **independent contractors** reported on Form 990, Part VII, Section B.

For each individual listed, enter compensation from the organization on row (i), and compensation from all **related organizations** on row (ii). Related organizations are explained in the *Glossary* in the Instructions for Form 990. Any type and amount of reportable compensation from related organizations that was excluded from Form 990, Part VII, Section A, column (E), **under the \$10,000-per-related-organization exception**, must be included on Schedule J, Part II, columns (B)(i), (B)(ii), and (B)(iii). If there is no compensation to report in a particular column, enter “-0-.”

If the organization answered “Yes” to Form 990, Part VII, Section A, line 5, report such compensation from the unrelated organization as if it were received from the organization, and enter the name of the unrelated organization in Part III.

For a table showing how and where to report certain types of compensation on Schedule J, see the instructions to line 1 of Form 990, Part VII, Section A.

Any type and amount of other compensation that was excluded from Form 990, Part VII, Section A, **under the \$10,000-per-item exception** for certain other compensation items, must be included in Schedule J, Part II, columns (C) or (D).

For purposes of Part II, a *listed person* is a person required to be listed in Part II.

If there are more individuals to report in Part II than space available, Part II may be duplicated to list the additional individuals. Use as many duplicate copies as needed, and number each page.

**Column (A).** Enter the name and title of each person who must be listed in Part II.

**Column (B).** Amounts reported on Form 990, Part VII, Section A, columns (D) and (E), must be broken out between columns (B)(i), (B)(ii), and (B)(iii).

 **For certain kinds of employees, such as certain members of the clergy and religious workers who are not subject to social security and Medicare taxes as employees, the amount in box 5 of Form W-2 may be blank or less than the**

*amount in box 1 of Form W-2. In this case, the amount required to be reported in box 1 of Form W-2 for the listed persons must be reported, as appropriate, in columns (B)(i), (B)(ii), and (B)(iii).*

**Column (B)(i).** Enter the listed person's base compensation included in box 1 or box 5 (whichever is greater) of Form W-2 or box 7 of Form 1099-MISC issued to the person. Base compensation means nondiscretionary payments to a person agreed upon in advance, contingent only on the payee's performance of agreed-upon services (such as salary or fees).

**Column (B)(ii).** Enter the listed person's bonus and incentive compensation included in box 1 or box 5 (whichever is greater) of Form W-2 or box 7 of Form 1099-MISC issued to the person. Examples include payments based on satisfaction of a performance target (other than mere longevity of service), and payments at the beginning of a contract before services are rendered (for example, signing bonus).

**Column (B)(iii).** Enter all other payments **issued** to the listed person and included in box 1 or box 5 (whichever is greater) of Form W-2 or box 7 of Form 1099-MISC but not reflected in columns (B)(i) or (B)(ii). Examples include, but are not limited to, current-year payments of amounts earned in a prior year, payments under a severance plan, payments under an arrangement providing for payments upon the change in ownership or control of the organization or similar transaction, deferred amounts and earnings or losses in a nonqualified defined contribution plan subject to section 457(f) when they become substantially vested, and awards based on longevity of service.

**Column (C).** Enter all current-year deferrals of compensation for the listed person under any retirement or other deferred compensation plan, whether qualified or nonqualified, that is established, sponsored, or maintained by or for the organization or a related organization. Report as deferred compensation the annual increase or decrease in actuarial value, if any, of a defined benefit plan, but do not report earnings or losses accrued on deferred amounts in a defined contribution plan. Do not enter in column (C) any payments of compensation included in box 1 or box 5 (whichever is greater) of Form W-2 or box 7 of Form 1099-MISC

issued to the listed person for the calendar year ending with or within the organization's **tax year**. Enter a reasonable estimate if actual numbers are not readily available.

For this purpose, *deferred compensation* is compensation that is earned or accrued in, or is attributable to, 1 year and deferred **for any reason** to a future year, whether or not funded, vested, or subject to a substantial risk of forfeiture. This includes earned but unpaid incentive compensation deferred **under a deferred compensation plan. But do not report in column (F) a deferral of compensation that causes an amount to be deferred from the calendar year ending with or within the tax year to a date that is not more than 2½ months after the end of the calendar year ending with or within the tax year.** Note that different rules can apply for determining whether an arrangement provides for deferred compensation for purposes of Internal Revenue Code provisions such as sections 83, 409A, 457(f), or 3121(v).

Do not report deferred compensation in column (C) before it is earned or accrued under the principles described. For this purpose, deferred compensation is generally treated as earned or accrued in the year that services are rendered, except when entitlement to payment is contingent on satisfaction of specified organizational goals or performance criteria (other than mere longevity of service) under the deferred compensation plan. If the payment of an amount of deferred compensation requires the employee to perform services for a period of time, the amount is treated as accrued or earned ratably over the course of the service period, even though the amount is not funded and may be subject to a substantial risk of forfeiture until the service period is completed.

Report deferred compensation for each listed person regardless of whether such compensation is deferred as part of a deferred compensation plan that is administered by a separate trust, as long as the plan is established, sponsored, or maintained by or for the organization or a related organization for the benefit of the listed person.

The following examples illustrate when deferred compensation is considered earned or accrued, as well as when and how it is to be reported. In these examples, assume that the amounts deferred are not reported on Form W-2, box 1 or box 5, prior to the year during which the amounts are paid.

**Example 1.** An executive participates in Organization A's nonqualified deferred compensation plan. Under the terms of the plan beginning January 1 of calendar year 1, she earns for each year of service an amount equal to 2% of her base salary of \$100,000 for that year. These additional amounts are deferred and are not vested until the executive has completed 3 years of service with Organization A. In year 4 the deferred amounts for years 1 through 3 are paid to the executive. For each of the years 1 through 3, Organization A enters \$2,000 of deferred compensation for the executive in column (C). For year 4, Organization A enters \$6,000 in column (B)(iii) and \$6,000 in column (F).

**Example 2.** Under the terms of his employment contract with Organization B beginning July 1 of calendar year 1, an executive is entitled to receive \$50,000 of additional compensation after he has completed 5 years of service with the organization. The compensation is contingent only on the longevity of service. The \$50,000 is treated as accrued or earned ratably over the course of the 5 years of service, even though it is not funded or vested until the executive has completed the 5 years. Organization B makes payment of \$50,000 to the executive in calendar year 6. Organization B enters \$5,000 of deferred compensation in column (C) for calendar year 1 and \$10,000 for each of calendar years 2 through 5. For calendar year 6, Organization B enters \$50,000 in column (B)(iii) and \$45,000 in column (F).

**Example 3.** An executive participates in Organization C's incentive compensation plan. The plan covers calendar years 1 through 5. Under the terms of the plan, the executive is entitled to earn 1% of Organization C's total productivity savings for each year during which Organization C's total productivity savings exceed \$100,000. Earnings under the incentive compensation plan will be payable in year 6, to the extent funds are available in a certain "incentive compensation pool." For years 1 and 2, Organization C's total productivity savings are \$95,000. For each of years 3, 4, and 5, Organization C's total productivity savings are \$120,000. Accordingly, the executive earns \$1,200 of incentive compensation in each of years 3, 4, and 5. She does not earn anything under the incentive compensation plan in years 1 and 2 because the relevant performance

criteria were not met in those years. Although the amounts earned under the plan for years 3, 4, and 5 are dependent upon there being a sufficient incentive compensation pool from which to make the payment, Organization C enters \$1,200 of deferred compensation in column (C) in years 3, 4, and 5. In year 6, Organization C pays \$3,600 attributable to years 3, 4, and 5, and enters \$3,600 in column (B)(ii) and \$3,600 in column (F).

**Example 4.** A new executive participates in Organization D's nonqualified defined benefit plan, under which she will receive a fixed dollar amount per year for a fixed number of years beginning with the first anniversary of her retirement. The benefits do not vest until she serves for 15 years with Organization B. Because the benefits should be treated as accruing ratably over the 15 years, for year 1 the actuarial value of 1/15th of the benefits is reported as deferred compensation in column (C). For year 2, the actuarial value of 2/15ths of the benefits minus last year's value of 1/15th is reported as deferred compensation in column (C). For year 3, the actuarial value of 3/15ths of the benefits minus last year's value of 2/15ths is reported, and so on.

**Column (D).** *Nontaxable benefits* are benefits specifically excluded from taxation under the Internal Revenue Code. Report the value of all nontaxable benefits provided to or for the benefit of the listed person, other than benefits disregarded for purposes of section 4958 under Regulations section 53.4958-4(a)(4). Common nontaxable and section 4958 disregarded benefits, referred to as *fringe benefits* below, are discussed in detail beginning on this page.

Depending on the type of benefit, fringe benefits can be provided only to employees or also to persons other than **employees, such as directors, trustees, and independent contractors.** Fringe benefits can be entirely personal in nature or can combine personal and business elements.

The taxability of a benefit can depend upon the form in which it is provided. For example, a cash housing allowance is ordinarily reportable on Form W-2, box 5. Under section 119, housing provided for the convenience of the employer can be excludable, and the fair rental value of in-kind housing provided to certain school employees can be part taxable and part excludable,

depending on facts and circumstances. Taxable benefits must be reported on Form W-2.

The following benefits provided for a listed person must be reported in column (D) to the extent not reported as taxable compensation on Form W-2, box 1 or box 5, or Form 1099-MISC, box 7.

- Value of housing provided by the employer, except to the extent such value is a working condition fringe.
- Educational assistance.
- Health insurance.
- Medical reimbursement programs.
- Life insurance.
- Disability benefits.
- Long-term care insurance.
- Dependent care assistance.
- Adoption assistance.
- Payment or reimbursement by the organization of (or payment of liability insurance premiums for) any penalty, tax, or expense of correction owed under chapter 42 of the Internal Revenue Code, any expense not reasonably incurred by the person in connection with a civil judicial or civil administrative proceeding arising out of the person's performance of services on behalf of the organization, or any expense resulting from an act or failure to act with respect to which the person has acted willfully and without reasonable cause.

The list above is not all-inclusive.

**Disregarded benefits.** Disregarded benefits under Regulations section 53.4958-4(a)(4) need not be reported in column (D). *Disregarded benefits* generally include fringe benefits excluded from gross income under section 132. These benefits include the following.

- No-additional cost service.
- Qualified employee discount.
- *De minimis* fringe.
- Reimbursements under an accountable plan.
- Working condition fringe.
- Qualified transportation fringe.
- Qualified moving expense reimbursement.
- Qualified retirement planning services.
- Qualified military base realignment and closure fringe.

**De minimis fringe.** A *de minimis* fringe is a property or service the value

of which, after taking into account the frequency with which similar fringes are provided by the employer to the **employees**, is so small as to make accounting for it unreasonable or administratively impractical.

**Working condition fringe.** A *working condition fringe* is any property or service provided to an **employee** to the extent that, if the employee paid for the property or service, the payment would be deductible by the employee under section 162 (ordinary and necessary business expense) or section 167 (depreciation).

In some cases, property provided to employees may be used partly for business and partly for personal purposes, such as automobiles. In that case, the value of the personal use of such property is taxable **compensation**, and the value of the use for business purposes properly accounted for is a working condition fringe benefit. Cell phones provided to employees primarily for business purposes (other than compensation) are a working condition fringe benefit; in such case, the employee's personal use is a *de minimis* fringe. See Notice 2011-72, 2011-38 I.R.B. 407. See Pub. 587, Business Use of Your Home, for special rules regarding deductibility of home expenses for business use.

**Accountable plan amounts.** An *accountable plan* is a reimbursement or other expense allowance arrangement that meets each of the following rules:

1. The expenses covered under the plan must be reasonable employee business expenses that are deductible under section 162 or other provisions of the Code.
2. The **employee** must adequately account to the employer for the expenses within a reasonable period of time.
3. The employee must return any excess allowance or reimbursement within a reasonable period of time. See Regulations section 1.62-2 and Pub. 535, Business Expenses, for explanations of accountable plans.

The method by which benefits under an accountable plan are provided (whether reimbursement, cash advances with follow-up accounting, or charge by the employee on company

credit card) is not material. Payments that do not qualify under the accountable plan rules, such as payments for which the employee did not adequately account to the organization, or allowances that were more than the payee spent on serving the organization, are compensation.

Directors and trustees are treated as employees for purposes of the working condition fringe provisions of section 132. Therefore, treat cash payments to directors or trustees made under circumstances substantially identical to the accountable plan provisions as a section 132 working condition fringe.

See Pub. 15-B, Employer's Tax Guide to Fringe Benefits; Pub. 521, Moving Expenses; and *Unreimbursed Employee Expenses* in Pub. 529, Miscellaneous Deductions, for further explanation of section 132 fringe benefits and for determining whether a given section 132 fringe benefit is available to nonemployees, such as directors and trustees, or to persons who no longer work for the organization.

**Column (F).** Enter in column (F) any payment reported in this year's column (B) to the extent such payment was already reported as deferred compensation to the listed person in a prior Form 990, 990-EZ, or 990-PF. For this purpose, the amount must have been reported as compensation specifically for the listed person on the prior form.

## Part III. Supplemental Information

Use Part III to provide narrative information, explanations, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. List in Part III the name of each unrelated organization that provided compensation to persons listed in Form 990, Part VII, Section A; the type and amount of compensation the unrelated organization paid or accrued; and the person receiving or accruing such compensation. Also use Part III to provide other narrative explanations and descriptions, as applicable. Identify the specific part and line(s) that the response supports.

# Schedule K Instructions

# Instructions for Schedule K (Form 990)

## Supplemental Information on Tax-Exempt Bonds

Section references are to the Internal Revenue Code unless otherwise noted.

### Future Developments

For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990, Return of Organization Exempt From Income Tax.

### Purpose of Schedule

Schedule K (Form 990) is used by an organization that files Form 990 to provide certain information on their outstanding liabilities associated with tax-exempt **bond issues**. Usually, a bond issue associated with an organization will be issued as qualified 501(c)(3) bonds, but all types of tax-exempt bond issues benefiting the organization are to be reported. A qualified 501(c)(3) bond issue consists of bonds the proceeds of which are used by a section 501(c)(3) organization to further its charitable purpose. Requirements generally applicable to qualified 501(c)(3) bonds under section 145 include the following:

- All property financed by the bond issue is to be owned by a section 501(c)(3) organization or a state or local **governmental unit**; and
- At least 95% of the net proceeds of the bond issue are used by either a state or local governmental unit or a section 501(c)(3) organization in activities which do not constitute **unrelated trades or businesses** (determined by applying section 513).

If the organization has one or more **related organizations** (for example, parent and subsidiary relationship), it must complete Schedule K (Form 990) consistent with the filing(s) of its related organization(s). The same liability should not be reported by more than one of the related organizations. For example, if a parent organization issues a **tax-exempt bond** and loans or allocates that issue to a subsidiary organization, only one organization (either the parent or

subsidiary) should report the liability on Form 990 and the Schedule K. Similarly, if a parent organization loans or allocates the proceeds of a tax-exempt bond issue to a group of subsidiary organizations, only one level (either the parent or the group of subsidiaries) should report the liability on Form 990 and the Schedule K. For this purpose, if the subsidiary organizations report the liability, each subsidiary should only report the amount it is loaned or allocated.

If the organization's bond liability relates to a pooled financing issue, the organization should report with respect to the amount of the issue that the organization is loaned or allocated.

Use Part VI to provide additional information or comments relating to the information provided on this schedule. For example, use Part VI to provide additional information or comments about the reporting of liabilities by related organizations. In addition, an organization can use Part VI to describe certain assumptions which are used to complete Schedule K (Form 990) when the information provided is not fully supported by existing records.

### Who Must File

An organization that answered "Yes" on Form 990, Part IV, *Checklist of Required Schedules*, question 24a, must complete and attach Schedule K to Form 990. This means the organization reported an outstanding tax-exempt **bond issue** that:

- Had an outstanding principal amount in excess of \$100,000 as of the last day of the tax year, and
- Was issued after December 31, 2002.

Up to four separate outstanding tax-exempt liabilities can be reported on each Schedule K (Form 990). The schedule can be duplicated, if needed to report more than four tax-exempt liabilities. If the organization is not required to file Form 990 but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

### Period Covered

The organization can complete this schedule for any tax-exempt liability using the same period as the Form 990 with which it is filed. Alternatively, the

organization can use any other 12-month period or periods selected by the organization and which, used consistently for a tax-exempt liability for purposes of this schedule and computations, is in accordance with the requirements under sections 141 through 150. Under this alternative, the organization can use different 12-month periods for each tax-exempt liability reported. The alternative period(s) must be specifically described in Part VI.

### Specific Instructions

#### Definitions

**Tax-exempt bond.** This is an obligation issued by or on behalf of a **governmental issuer** for which the interest paid is excluded from the holder's gross income under section 103. For this purpose, a bond can be in any form of indebtedness under federal tax law, including a bond, note, loan, or lease-purchase agreement.

**Bond issue.** This is an issue of two or more bonds which are sold at substantially the same time; sold pursuant to the same plan of financing; and payable from the same source of funds. See Regulations section 1.150-1(c).

**Governmental issuer.** A state or local **governmental unit** that issues **tax-exempt bonds**.

**Gross proceeds.** This generally means any sale proceeds, investment proceeds, transferred proceeds, and replacement proceeds of an issue. See Regulations sections 1.148-1(b) and 1.148-1(c).

**Pooled financing issue.** This is a bond issue from which more than \$5,000,000 of proceeds will be used to make loans to two or more conduit borrowers.

**Proceeds.** This generally means the sale proceeds of an issue (other than those sale proceeds used to retire bonds of the issue that are not deposited in a reasonably required reserve or replacement fund). Proceeds also include any investment proceeds from investments that accrue during the project period (net of rebate amounts attributable

to the project period). See Regulations section 1.141-1(b).

**Defeasance escrow.** This is an irrevocable escrow established in an amount that, together with investment earnings, is sufficient to pay all the principal of, and interest and call premium on, bonds from the date the escrow is established. See Regulations section 1.141-12(d)(5). A **defeasance escrow** can be established for several purposes, including the remediation of nonqualified bonds when the defeasance provides for redemption of bonds on the earliest call date. However, for purposes of completing this schedule, an escrow established with proceeds of a **refunding issue** to defease a prior issue is referred to as a refunding escrow.

**Refunding escrow.** This is one or more funds established as part of a single transaction or a series of related transactions, containing proceeds of a **refunding issue** and any other amounts to provide for payment of principal or interest on one or more prior issues. See Regulations section 1.148-1(b).

**Refunding issue.** This is an issue of obligations the proceeds of which are used to pay principal, interest, or redemption price on another issue (a prior issue), including the issuance costs, accrued interest, capitalized interest on the **refunding issue**, a reserve or replacement fund, or similar costs, if any, properly allocable to that refunding issue. A *current refunding issue* is a refunding issue that is issued not more than 90 days before the last expenditure of any proceeds of the refunding issue for the payment of principal or interest on the prior issue. An *advance refunding issue* is a refunding issue that is not a current refunding issue. See Regulations sections 1.150-1(d)(1), (3), and (4).

**Private business use.** **Private business use** means use of the proceeds of an issue by the organization or another section 501(c)(3) organization in an unrelated trade or business as defined by section 513. Private business use also generally includes any use by a nongovernmental person other than a section 501(c)(3) organization unless otherwise permitted through an exception or safe harbor provided under the regulations or a revenue procedure.

**Special rules for refunding of pre-2003 issues.** Bonds issued after December 31, 2002, to refund bonds issued before January 1, 2003, have special reporting requirements. Such **refunding bonds** are subject to the generally applicable reporting requirements of Parts I, II, and IV. However, the organization need not complete lines 1 through line 9, of Part III to report private business use information

for the issue for such refunding bonds. These special rules do not apply to bonds issued after December 31, 2002, to refund directly or through a series of refunding bonds that were also originally issued after 2002.

**Example 1. Refunding of pre-2003 bonds.** Bonds issued in 2002 to construct a facility were current refunded in 2009. In 2012, bonds were issued to current refund the 2009 bonds. As of December 31, 2014, the last day of the organization's tax year, the 2012 refunding bonds had an outstanding principal amount exceeding \$100,000. The organization must list the refunding bond issue in Part I for each year the outstanding principal amount exceeds \$100,000 as of the last day of such year, and must provide all Part I, Part II, and Part IV information for such **refunding issue**. Because the original bonds were issued prior to 2003, the organization need not complete Part III for the refunding bond issue.

**Example 2. Refunding of post-2002 bonds.** Bonds issued in 2009 were advance refunded in 2012. As of December 31, 2014, the last day of the organization's tax year, the **refunding issue** had an outstanding principal amount exceeding \$100,000. The organization must list the refunding issue in Part I for each year the outstanding principal amount exceeds \$100,000 as of the last day of the year, and must provide all Part I, Part II, Part III, and Part IV information for such refunding issue. If any outstanding bonds of the 2009 bond issue were not legally defeased, the organization also must list the 2009 bond issue in Part I, and must provide all Part I, Part II, Part III, and Part IV information for such bond issue.

## Part I. Bond Issues

In Part I, provide the requested information for each outstanding tax-exempt **bond issue** (including a **refunding issue**) that:

- Had an outstanding principal amount in excess of \$100,000 as of the last day of the **tax year** (or other selected 12-month period), and
- Was issued after December 31, 2002.

For this purpose, bond issues that have been legally defeased in whole, and as a result are no longer treated as a liability of the organization, need not be listed in Part I and are not subject to the generally applicable reporting requirements of Parts I, II, III, and IV. Organizations are reminded, however, that continued compliance with Federal tax law requirements is required with respect to defeased bonds.

Use one row for each issue, and use the Part I row designation for a particular issue (for example, "A" or "B") consistently throughout Parts I through IV. The

information provided in columns (a) through (d) should be consistent with the corresponding information included on Form 8038, Information Return for Tax-Exempt Private Activity Bond Issues, filed by the governmental issuer upon the issuance of the bond issue. Complete multiple schedules if necessary to account for all outstanding post-December 31, 2002, tax-exempt bond issues. In this case, describe in the first Schedule K, Part VI, that additional schedules are included.

**Columns (a) and (b).** Enter the name and employer identification number (**EIN**) of the issuer of the bond issue. The issuer's name is the name of the entity which issued the **bond issue** (typically a state or local **governmental unit**). The issuer's name and EIN should be identical to the name and EIN listed on Form 8038, Part I, lines 1 and 2 filed for the bond issue.

**Column (c).** Enter the Committee on Uniform Securities Identification Procedures (CUSIP) number on the bond with the latest maturity. The CUSIP number should be identical to the CUSIP number listed on Form 8038, Part I, line 9, filed for the bond issue. If the **bond issue** was not publicly offered and there is no assigned CUSIP number, write "None."

**Column (d).** Enter the issue date of the obligation. The issue date should be identical to the issue date listed on Form 8038, Part I, line 7, filed for the **bond issue**. The issue date generally is the date on which the issuer receives the purchase price in exchange for delivery of the evidence of indebtedness (for example, a bond). In no event is the issue date earlier than the first day on which interest begins to accrue on the bond for federal income tax purposes. See Regulations section 1.150-1(b).

**Column (e).** Enter the issue price of the obligation. The issue price generally should be identical to the issue price listed on Form 8038, Part III, line 21(b) filed for the **bond issue**. The issue price generally is determined under Regulations section 1.148-1(b). If the issue price is not identical to the issue price listed on the filed Form 8038, use Part VI to explain the difference.

**Column (f).** Describe the purpose of the **bond issue**, such as to construct a hospital or provide funds to refund a prior issue. If any of the bond proceeds were used to refund a prior issue, enter the date of issue for each of the refunded issues. If the issue has multiple purposes, enter each purpose. If the issue financed various projects or activities corresponding to a related purpose, only enter the purpose once. For example, if proceeds are used to acquire various items of office equipment, the amount of

such expenditures should be aggregated and identified with the stated purpose of "office equipment." Alternatively, if proceeds are used to construct and equip a single facility, the expenditures should be aggregated and identified with the stated purpose of "construct & equip facility" where the identification of the facility is distinguishable from other bond-financed facilities, if any. Use Part VI if additional space is needed for this purpose.

**Column (g).** Check "Yes" or "No" to indicate whether a **defeasance escrow** or **refunding escrow** has been established to irrevocably defease any bonds of the **bond issue**.

**Column (h).** Check "Yes" if the organization acted as an "**on behalf of issuer**" in issuing the **bond issue**. Check "No" if the organization only acted as the borrower of the bond proceeds under the terms of a conduit loan with the **governmental issuer** of the bond issue.

An "on behalf of issuer" is a corporation organized under the general nonprofit corporation law of a state whose obligations are considered obligations of a state or local **governmental unit**. See Rev. Proc. 82-26, 1982-1 C.B. 476, for a description of the circumstances under which the IRS will ordinarily issue a letter ruling that the obligations of a nonprofit corporation will be issued on behalf of a state or local governmental unit. See also: Rev. Rul. 63-20, 1963-1 C.B. 24; Rev. Rul. 59-41, 1959-1 C.B. 13; and Rev. Rul. 54-296, 1954-2 C.B. 59. An "on behalf of issuer" also includes a constituted authority organized by a state or local governmental unit and empowered to issue debt obligations in order to further public purposes. See Rev. Rul. 57-187, 1957-1 C.B. 65.

**Column (i).** Check "Yes" or "No" to indicate if the **bond issue** was a pooled financing issue.

## Part II. Proceeds

Complete for each bond issue listed in rows A through D of Part I. Complete multiple schedules if necessary to account for all outstanding tax-exempt **bond issues**. Note that lines 3 and 5 through 12 concern the amount of proceeds of the bond issue, but line 4 concerns the amount of **gross proceeds** of the bond issue. Because of this, the aggregate of the amounts entered on lines 4 through 12 may not equal the amount entered on line 3.

**Line 1.** Enter the cumulative principal amount of bonds of the issue that have been retired as of the end of the 12-month period used in completing this schedule.

**Line 2.** Enter the cumulative principal amount of bonds of the issue that have not

been retired, but have been legally defeased through the establishment of a **defeasance escrow** or a **refunding escrow**, as of the end of the 12-month period.

**Line 3.** Enter the total amount of proceeds of the **bond issue** as of the end of the 12-month period. If the total proceeds are not identical to the issue price listed in Part I, column (e), use Part VI to explain the difference (for example, investment earnings).

**Line 4.** Enter the amount of **gross proceeds** held in a reasonably required reserve or replacement fund, sinking fund, or pledged fund as of the end of the 12-month period. See Regulations sections 1.148-1(c)(2), 1.148-1(c)(3), and 1.148-2(f).

**Line 5.** Enter the cumulative amount of proceeds used, as of the end of the 12-month period, to pay interest on the applicable portion of the **bond issue** during construction of a financed capital project.

**Line 6.** Enter the amount of proceeds held in a **refunding escrow** as of the end of the 12-month period. For this purpose only, include investment proceeds without regard to the project period limitation found in the definition of proceeds.

**Line 7.** Enter the cumulative amount of proceeds used to pay bond issuance costs, including (but not limited to) underwriters' spread as well as fees for trustees and bond counsel as of the end of the 12-month period. Issuance costs are costs incurred in connection with, and allocable to, the issuance of a **bond issue**. See Regulations section 1.150-1(b) for an example list of issuance costs.

**Line 8.** Enter the cumulative amount of proceeds used to pay fees for credit enhancement that are taken into account in determining the yield on the issue for purposes of section 148(h) (for example, bond insurance premiums and certain fees for letters of credit) as of the end of the 12-month period.

**Line 9.** Enter the cumulative amount of proceeds used to finance working capital expenditures as of the end of the 12-month period. However, do not report expenditures reported in lines 4, 6, 7, or 8. A working capital expenditure is any cost that is not a capital expenditure (for example, current operating expenses). See Regulations section 1.150-1(b).

**Line 10.** Enter the cumulative amount of proceeds used to finance capital expenditures as of the end of the 12-month period. Capital expenditures generally include costs incurred to acquire, construct, or improve land, buildings, and equipment. See Regulations section 1.150-1(b). However,

do not report capital expenditures financed by a prior issue that was refunded by the bond issue or capitalized interest that was reported on line 5.

**Line 11.** Enter the cumulative amount of proceeds used for any item not reported on lines 4 through 10 as of the end of the 12-month period. Include any proceeds used or irrevocably held to redeem or legally defease bonds of the issue.

**Line 12.** Enter the amount of unspent proceeds as of the end of the 12-month period other than those amounts identified in Part II, lines 4, 6, and 11.

**Line 13.** Enter the year in which construction, acquisition, or rehabilitation of the financed project was substantially completed. A project can be treated as substantially completed when, based upon all the facts and circumstances, the project has reached a degree of completion which would permit its operation at substantially its design level and it is, in fact, in operation at such level. See Regulations section 1.150-2(c). If the **bond issue** financed multiple projects, enter the latest year in which construction, acquisition, or rehabilitation of each of the financed projects was substantially completed. For example, if a bond issue financed the construction of three projects which were substantially completed in 2012, 2013, and 2014, respectively, then enter "2014." If the bond issue financed working capital expenditures, provide the latest year in which the proceeds of the issue were allocated to those expenditures.

**Line 14.** Check "Yes" or "No" to indicate if the bond issue is a current **refunding issue**.

**Line 15.** Check "Yes" or "No" to indicate if the bond issue is an advance **refunding issue**.

**Line 16.** Check "Yes" or "No" to indicate if the final allocation of proceeds has been made. Proceeds of a **bond issue** must be accounted for using any reasonable, consistently applied accounting method. Allocations must be made by certain applicable due dates and are generally not considered final until the expiration of such due dates. See Regulations section 1.148-6.

**Line 17.** Check "Yes" or "No" to indicate if the organization maintains adequate books and records to support the final allocation of proceeds. Answer this question only with respect to the **tax year** applicable to this schedule.

## Part III. Private Business Use

Complete for **bond issues** listed in rows A through D of Part I, other than listed bond issues that are post-December 31, 2002, **refunding issues** which refund pre-January 1, 2003, bond issues directly or through a series of refundings. For this purpose, a refunding bond issue also includes allocation and treatment of bonds of a multipurpose issue as a separate refunding issue under Regulations section 1.141-13(d). Complete multiple schedules if necessary to account for all outstanding **tax-exempt bond** issues.

The organization may omit from Part III information with respect to any bond issue reported in Part I that is a qualified private activity bond other than a qualified 501(c)(3) bond. For any such other qualified private activity bonds, in Part VI the organization must identify the issue by reference to rows A through D of Part I, as applicable, and identify the type of qualified private activity bond.

**Line 1.** Check "Yes" or "No" to indicate if the organization was at any time during the reporting period a partner in a partnership or a member of a limited liability company which both owned property that was financed by the **bond issue** and included as partner(s) or member(s) entities other than a section 501(c)(3) organization.

**Line 2.** Check "Yes" or "No" to indicate if any lease arrangements that may result in **private business use** were effective at any time during the year with respect to property financed by the **bond issue**. The lease of financed property to a nongovernmental person other than a section 501(c)(3) organization is generally private business use. Lease arrangements that constitute unrelated trade or business of the lessor, or that are for an unrelated trade or business of a section 501(c)(3) organization lessee, may also result in private business use. See Regulations sections 1.141-3(b)(3) and 1.145-2(b)(1).

**Line 3a.** Check "Yes" or "No" to indicate if any management or service contract that may result in **private business use** was effective at any time during the year with respect to property financed by the **bond issue**. For this purpose, answer "Yes" even if the organization has determined that the management or service contract meets the safe harbor under Rev. Proc. 97-13, 1997-1 C.B. 632, and will not result in actual private business use. A management or service contract for the financed property can result in private business use of the property, based on all facts and circumstances. A management or service contract for the financed property generally results in private business use of that property if the

contract provides for compensation for services rendered with compensation based, in whole or in part, on a share of net profits from the operation of the facility. See Regulations section 1.141-3(b)(4).

**Line 3b.** If line 3a was checked "Yes," check "Yes" or "No" to indicate if, during the 12-month period used to report on the bond issue, the organization routinely engaged bond counsel or other outside counsel to review any management or service contracts relating to the financed property.

**Line 3c.** Check "Yes" or "No" to indicate if any research agreement that may result in private business use was effective at any time during the year for property financed by the **bond issue**. For this purpose, answer "Yes" even if the organization has determined that the research agreement meets the safe harbor under Rev. Proc. 2007-47, 2007-29 I.R.B. 108, available at [www.irs.gov/irb/2007-29\\_IRB/ar12.html](http://www.irs.gov/irb/2007-29_IRB/ar12.html), and will not result in actual **private business use**. An agreement by a nongovernmental person to sponsor research performed by the organization can result in private business use of the property used for the research, based on all the facts and circumstances. A research agreement for the financed property will generally result in private business use of that property if the sponsor is treated as the lessee or owner of financed property for federal income tax purposes. See Regulations section 1.141-3(b)(6).

**Line 3d.** If line 3c was checked "Yes," check "Yes" or "No" to indicate if, during the 12-month period used to report on the bond issue, the organization routinely engaged bond counsel or other outside counsel to review any research agreements relating to the financed property.

**Line 4.** Enter the average percentage during the year of the property financed by the **bond issue** that was used in a **private business use** by a nongovernmental person other than a section 501(c)(3) organization. See Regulations section 1.141-3(g)(4). The average percentage is determined by comparing (i) the amount of private business use (see *Definitions*, earlier) during the year to (ii) the total amount of private business use and use that is not private business use during that year. Do not include costs of issuance reported in Part II in the amount of property used in a private business use (clause (i) of the preceding sentence), but do include such costs in the total amount of use (clause (ii)). Enter the yearly average percentage to the nearest tenth of a percentage point (for example, 8.9%). For this purpose, do not include any use relating to either a management or service contract identified on line 3a that the

organization has determined meets the safe harbor under Rev. Proc. 97-13, or otherwise does not result in private business use. Similarly, do not include any use relating to a research agreement identified on line 3c that the organization has determined meets the safe harbor under Rev. Proc. 2007-47, or otherwise does not result in private business use.

**Line 5.** Enter the average percentage during the year of the property financed by the **bond issue** that was used in an **unrelated trade or business activity** (a **private business use**) by the organization, another section 501(c)(3) organization, or a state or local **governmental unit**. See Regulations section 1.141-3(g)(4). Enter the yearly average percentage rounded to the nearest tenth of a percentage point (for example, 8.9%).

**Line 7.** Check "Yes" or "No" to indicate whether, as of the end of the 12-month period used to report on the bond issue, the bond issue met the private security or payment test of section 141(b)(2), as modified by section 145 to apply to qualified 501(c)(3) bonds. Generally, a qualified 501(c)(3) bond issue will meet the private security or payment test if more than five percent of the payment of principal or interest on the bond issue is either made or secured (directly or indirectly) by payments or property used or to be used for a private business use. See Regulations sections 1.141-4 and 1.145-2.

**Line 8a.** Check "Yes" or "No" to indicate whether the owner of any of the financed property sold or transferred the property to an entity other than a state or local governmental unit or another section 501(c)(3) organization. For this purpose, report sales and transfers on a cumulative basis since the issuance of the bonds.

**Line 8b.** If line 8a was checked "Yes," report the percentage of property sold or transferred, including prior transfers on a cumulative basis, since the issuance of the bonds.

**Line 8c.** If line 8a was checked "Yes," state whether the organization took any remedial actions under the applicable regulations with respect to any nonqualified bonds that may have resulted from the transfer.

**Line 9.** Check "Yes" or "No" to indicate whether the organization has established written procedures to ensure timely remedial action with respect to all nonqualified bonds in accordance with Regulations sections 1.141-12 and 1.145-2 or other additional remedial actions authorized by the Commissioner under Regulations section 1.141-12(h). Answer "Yes" only if the procedures applied to the bond issue during the

12-month period used to report on the bond issue.

## Part IV. Arbitrage.

Complete for each **bond issue** listed in rows A through D of Part I. Complete multiple schedules if necessary to account for all outstanding tax-exempt bond issues.

**Line 1.** Under section 148(f), interest on a state or local bond is not tax-exempt unless the issuer of the bond rebates to the United States arbitrage profits earned from investing proceeds of the bond in higher yielding nonpurpose investments. Issuers of tax-exempt bonds and any other bonds subject to the provisions of section 148 must use Form 8038-T, Arbitrage Rebate, Yield Reduction and Penalty in Lieu of Arbitrage Rebate, to make arbitrage rebate and related payments. Generally, rebate payments are due no later than 60 days after every fifth anniversary of the issue date and the final payment of the bonds. Check "Yes" or "No" to indicate whether the issuer has filed the Form 8038-T that would have been most recently due.

**Lines 2a through 2c.** If the issuer has not filed Form 8038-T for the most recent computation date for which filing would be required if rebate were due, check "Yes" or "No" to indicate whether any of the explanations in lines 2a through 2c apply. If line 2c is checked "Yes," use Part VI to provide the date of the rebate computation showing that no rebate was due for the applicable computation date.

**Line 3.** Check "Yes" or "No" to indicate if the **bond issue** is a variable rate issue. A variable rate issue is an issue containing a bond with a yield not fixed and determinable on the issue date.

**Lines 4a through 4e.** In general, payments made or received by a **governmental issuer** or borrower of bond proceeds under a qualified hedge are taken into account to determine the yield on the **bond issue**. A qualified hedge can be entered into before, at the same time as, or after the date of issue. Check "Yes" or "No" on line 4a to indicate if the organization or the governmental issuer has entered into a qualified hedge and identified it on the governmental issuer's books and records. See

Regulations section 1.148-4(h). If the answer to line 4a is "Yes":

- Enter the name of the provider of the hedge on line 4b;
- Enter the term of the hedge rounded to the nearest tenth of a year (for example, 2.4 years) on line 4c;
- Enter "Yes" or "No" on line 4d to indicate if, as a result of the hedge, variable yield bonds will be treated as fixed yield bonds (superintegration of the hedge). See Regulations section 1.148-4(h)(4); and
- Enter "Yes" or "No" on line 4e to indicate if the hedge was terminated prior to its scheduled termination date.

**Lines 5a through 5d.** Check "Yes" or "No" on line 5a to indicate if any gross proceeds of the **bond issue** were invested in a guaranteed investment contract (GIC). A GIC includes any nonpurpose investment that has specifically negotiated withdrawal or reinvestment provisions and a specifically negotiated interest rate, including "negotiations" through requests for bids. It also includes any agreement to supply investments on two or more dates (for example, a forward supply contract). If the answer on line 5a is "Yes":

- Enter the name of the provider of the GIC on line 5b,
- Enter the term of the GIC rounded to the nearest tenth of a year on line 5c, and
- Enter "Yes" or "No" on line 5d to indicate if the regulatory safe harbor for establishing fair market value provided in Regulations section 1.148-5(d)(6)(iii) was satisfied.

**Line 6.** Check "Yes" or "No" to indicate if any **gross proceeds** were invested beyond a temporary period (for example, the 3-year temporary period applicable to proceeds spent on expenditures for capital projects, or the 13-month temporary period applicable to proceeds spent on working capital expenditures), or if any gross proceeds were invested in a reserve or replacement fund in an amount exceeding applicable limits. See Regulations sections 1.148-2(e) and (f).

**Line 7.** Check "Yes" or "No" to indicate if the organization has established written procedures to monitor compliance with the arbitrage, yield restriction and rebate requirements of section 148. Answer "Yes" only if the procedures applied to the

bond issue during the 12-month period are used to report on the bond issue.

## Part V. Procedures To Undertake Corrective Action

Regulations section 1.141-12 and other available remedies for non-compliance may not cover all violations of the requirements of section 145 and other applicable requirements for tax-exempt bonds benefiting the organization. Certain remedial provisions also require that the non-compliance be identified and remedial action taken within a limited time after the deliberate action or other cause of the violation. In instances where applicable remedial provisions are not available under the regulations, an issuer of bonds may request a voluntary closing agreement to address the violation under the Tax Exempt Bonds Voluntary Closing Agreement Program described under Notice 2008-31, 2008-11 I.R.B. 592. Check "Yes" or "No" to indicate whether the organization has established written procedures to ensure timely identification of violations of Federal tax requirements and timely correction of any identified violation(s) through use of the voluntary closing agreement program if self-remediation is not available under applicable regulations. Answer "Yes" only if the procedures applied during the 12-month period are used to report on the bond issue.

## Part VI. Supplemental Information

Use Part VI to provide the narrative explanations required, if applicable, to supplement Part I, columns (e) and (f); to provide additional information or comments relating to the reporting of liabilities by related organizations; and to describe certain assumptions which are used to complete Schedule K (Form 990) when the information provided is not fully supported by existing records. Also use Part VI to supplement responses to questions on Schedule K (Form 990). Identify the specific part and line number that the response supports, in the order in which the responses appear on Schedule K (Form 990). Part VI can be duplicated if more space is needed.

Definition of "interested persons" generally harmonized for Parts II, III and IV of Schedule L; Part I remains unchanged

# Instructions for Schedule L (Form 990 or 990-EZ)

Creators and founders are new for Parts II, III, and IV; sponsoring organization of VEBA expanded to Parts III and IV

Section references are to the Internal Revenue Code unless otherwise noted.

### Future Developments

For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### What's New

- The definition of interested person for purposes of Parts II-IV of Schedule L has been harmonized, as provided in the introduction to the Specific Instructions. Certain special definitions continue to apply for purposes of Part III only.
- The reasonable effort instructions have been harmonized.
- Business transactions between the organization and a publicly-traded company in the ordinary course of its business, on the same terms as it generally offers to the public, are excepted from Part IV reporting.

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

### Purpose of Schedule

Schedule L (Form 990 or 990-EZ) is used by an organization that files Form 990 or 990-EZ to provide information on certain financial transactions or arrangements between the organization and

**disqualified person(s)** under section 4958 or other interested persons. Schedule L is also used to determine whether a member of the organization's **governing body** is an independent member for purposes of Form 990, Part VI, line 1b.

**Supplemental information.** Parts I-IV can be duplicated if additional space is needed. Also, Part V may be used to explain a transaction or to provide additional information.

### Who Must File

The chart at the bottom of this page provides which organizations must complete all or a part of Schedule L and must attach Schedule L to Form 990 or 990-EZ. If an organization is not required to file Form 990 or 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

### Specific Instructions

For Parts I, II, and III, report all transactions regardless of amount. Part IV instructions provide individual and total reporting thresholds below which reporting is not required for an interested person. Parts III and IV contain separate **reasonable effort** instructions which organizations may rely on to satisfy reporting requirements for those parts.

"Substantial contributors" as reported on Schedule B are new for Parts II and IV

Each reportable transaction is to be reported in only one part of Schedule L, as described below.

**Interested persons.** For purposes of Part I, an interested person is a **disqualified person** under section 4958. For purposes of Parts II-IV, an interested person is one of the following:

- For Form 990 filers, a person required to be listed in Form 990, Part VII, Section A as a current or former **officer, director, trustee, or key employee**, and for Form 990-EZ filers, a current officer, director, trustee, or key employee required to be listed on Form 990-EZ, Part IV. For purposes of reporting management company transactions in Part IV, however, a former officer, director, trustee, or key employee of the organization within the last five tax years is treated as a disqualified person whether or not required to be so listed.
- The creator or founder of the organization, including the sponsoring organizations of a VEBA.
- A substantial contributor. For purposes of Schedule L Parts II-IV, a substantial contributor is an individual or organization that made **contributions** during the tax year in the aggregate of at least \$5,000 and is required to be reported by name in Schedule B (Form 990, 990-EZ, or 990-PF), Schedule of Contributors, for the organization's tax year. A substantial contributor may include an employer that contributes to a VEBA.
- For purposes of Part III, a member of the organization's grant selection committee.
- A **family member** of any individual described above.
- A **35% controlled entity** of one or more individuals and/or organizations described above.
- For purposes of Part III, an **employee** (or child of an employee) of a substantial contributor or of a 35% controlled entity of such person, but only if the employee (or child of an employee) received the grant or assistance by the direction or advice of the substantial contributor or designee or of the 35% controlled entity, or under a program funded by the substantial contributor that was intended primarily to benefit such employees (or their children).

35% controlled entity now uses glossary definition, which does not include nonprofit organizations (previously included in Part IV)

New for Part II are "35% controlled entities"

For foreign charities, deletes reference to recognized as charity in home country

Exclusion from definition of "interested person" for certain exempt organizations and governmental entities expanded to Parts II and III

An interested person for purposes of Parts II-IV does not include a section 501(c)(3) organization, an exempt organization with the same tax-exempt status (for example, section 501(c)(3) or 527 status) as the filing organization, or a **governmental unit** or instrumentality. Treat as a section 501(c)(3) organization a foreign organization for which the filing organization has made a reasonable judgment (or has an opinion of U.S. counsel) that the foreign organization is described in section 501(c)(3).

**Reasonable effort.** The organization is not required to provide information about a transaction if it is unable to secure sufficient information to conclude that the transaction is reportable after making a **reasonable effort** to obtain such information. An example of a reasonable effort is for the organization to distribute a questionnaire annually to each person that it believes may be an interested person, as described earlier, requesting information relevant to determining whether a transaction is reportable. The questionnaire may include the name and title of each person reporting information, blank lines for the person's signature and signature date, and the pertinent instructions and definitions for Schedule L interested persons and transactions.

## Part I. Excess Benefit Transactions

(To be completed by section 501(c)(3), 501(c)(4), and 501(c)(29) organizations.)

**Line 1.** For each **excess benefit transaction** involving an organization described in section 501(c)(3), 501(c)(4), or 501(c)(29), regardless of amount:

- Identify in **column (a)** the **disqualified person(s)** that received an excess benefit in the transaction;
- Identify in **column (b)** the relationship between the **disqualified person** and the organization (for example, "officer" or "family member of director");
- Describe the transaction in **column (c)**;
- State in **column (d)** whether the transaction has been corrected; and
- Identify in **Part V** the organization manager(s), if any, that participated in the transaction, knowing that it was an excess benefit transaction.

**Excess benefit transaction.** An excess benefit transaction generally is a transaction in which an **applicable tax-exempt organization** directly or indirectly provides to or for the use of a disqualified person an economic benefit the value of which exceeds the value of the consideration received by the organization for providing such benefit. For special section 4958 rules governing transactions with **donor advised funds** and **supporting organizations**, see the

Reasonable efforts expanded to Parts I and II

special rules under *Section 4958 Excess Benefit Transactions* in Appendix G in the Instructions for Form 990, or Appendix E in the Instructions for Form 990-EZ.

Applicable tax-exempt organizations are generally limited to organizations which (without regard to any excess benefit) are section 501(c)(3) **public charities**, section 501(c)(4) or 501(c)(29) organizations, or organizations that had such status at any time during the 5-year period ending on the date of the excess benefit transaction.

Section 501(c)(3), 501(c)(4), and 501(c)(29) organizations should refer to the instructions for Form 990, Part IV, lines 25a-25b (or Form 990-EZ, Part V, line 40b) before completing Part I. For more information on excess benefit transactions, section 4958, and special rules for donor advised funds and supporting organizations, see Appendix G in the Instructions for Form 990 (or Appendix E in the Instructions for Form 990-EZ) and Pub. 557, Tax-Exempt Status for Your Organization.

**Line 2.** Enter the amount of excise tax incurred by **disqualified persons** and organization managers under section 4958 for the transactions reported on line 1, whether or not assessed by the IRS, unless abated. Form 4720, Return of Certain Excise Taxes Under Chapters 41 and 42 of the Internal Revenue Code, must be filed to report and pay the tax on excess benefit transactions.

## Part II. Loans to and/or From Interested Persons

Report details on loans, including salary advances, payments made pursuant to a split-dollar life insurance arrangement that are treated as loans under Regulations section 1.7872-15, and other advances and receivables (referred to collectively as "loans"), as described in Form 990, Part IV, line 26 (including receivables reported on Form 990, Part X, lines 5, 6, or 22), Form 990-EZ, Part V, line 38a, or Form 990, Part X, line 5, 6, or 22. Report only loans between the organization and interested persons that are outstanding as of the end of the organization's **tax year**. Report each loan separately, regardless of amount.

In addition to loans originally made between the organization and an interested person, report also loans originally between the organization and a third party or between an interested person and a third party that were transferred so as to become a debt outstanding between the organization and an interested person.

**Exceptions.** Do not report the following in Part II:

Highest compensated employees, disqualified persons, and contributing employers of VEBAs removed from definition of interested persons

- **Excess benefit transactions** reported in Schedule L, Part I.
- Advances under an **accountable plan** as described in the instructions for Part II of Schedule J (Form 990), Compensation Information.
- Pledges receivable that would qualify as charitable contributions when paid.
- Accrued but unpaid **compensation** owed by the organization.
- Loans from a credit union made to an interested person on the same terms as offered to other members of the credit union.
- **Tax-exempt bonds** purchased from the filing organization and held by an interested person, so long as the interested person purchased the bonds on the same terms as offered to the general public.
- Deposits into a bank account (when the bank is an interested person) in the ordinary course of business, on the same terms as the bank offers to the general public.
- Receivables for a section 501(c)(9) voluntary employees' beneficiary organization from a sponsoring organization or contributing employer of the VEBA, if those receivables were created in the ordinary course of business and have been due for 90 days or fewer.
- Receivables outstanding that were created in the ordinary course of the organization's business on the same terms as offered to the general public (such as receivables for medical services provided by a **hospital** to an officer of the hospital).

**Column (a).** Identify the interested person that was the debtor or creditor on the loan.

**Column (b).** Identify the relationship between the interested person and the organization.

**Column (c).** Describe the organization's purpose for engaging in the transaction.

**Column (d).** Check either "To" or "From", whichever is applicable.

**Column (e).** Enter the original dollar amount owed (the loan principal).

**Column (f).** Enter the balance due as of the end of the organization's **tax year**, including outstanding principal, accrued interest, and any applicable penalties and collection costs. For Form 990 filers, the sum total indicated in **column (d)** must equal the total of Form 990, Part X, Balance Sheet, column (B), lines 5 and 6 (for amounts owed to the organization), and column (B), line 22 (for amounts owed by the organization).

**Column (g).** Answer "Yes" if any payment by the debtor was past due as of the end of the organization's **tax year**, or if

Pursuant to 2/17/15 revision on IRS's website, replace with "column (f)."

the debtor otherwise is in default under the terms and conditions of the loan.

**Column (h).** State whether the organization's **governing body** (or a committee of the governing body) approved the loan transaction.

**Column (i).** State whether the loan is evidenced by a promissory note or other written agreement signed by the debtor.

### Part III. Grants or Assistance Benefiting Interested Persons

Report each grant or other assistance (including provision of goods, services, or use of facilities), regardless of amount, provided by the organization to any interested person at any time during the organization's **tax year**. Examples of grants are scholarships, fellowships, discounts on goods or services, internships, prizes, and awards. A grant includes the gift portion of a part-sale, part-gift transaction.

See **Reasonable effort** *earlier*, applicable to Part III.

**Exceptions.** Do not report the following in Part III:

- **Excess benefit transactions** reported in Schedule L, Part I.
- Loans reported (or not required to be reported) in Schedule L, Part II.
- Business transactions that do not contain any gift element and that are engaged in to serve the direct and immediate needs of the organization, such as payment of **compensation** (including taxable and nontaxable fringe benefits treated as compensation) to an **employee** or **independent contractor** in exchange for services of comparable value. Some business transactions may be reportable on Schedule L, Part IV.
- Compensation to a person listed in Form 990, Part VII, Section A (including taxable and nontaxable fringe benefits treated as compensation).
- Grants to employees (and their children) of a substantial contributor or 35% controlled entity of a substantial contributor, awarded on an objective and nondiscriminatory basis based on pre-established criteria and reviewed by a selection committee, as described in Regulations section 53.4945-4(b).
- Grants or assistance provided to an interested person as a member of the charitable class or other class (such as a member of a section 501(c)(5), 501(c)(6), or 501(c)(7) organization) that the organization intends to benefit in furtherance of its exempt purpose, if provided on similar terms as provided to other members of the class, such as short-term disaster relief, poverty relief, or

trauma counseling. However, grants for travel, study (such as scholarships or fellowships), or other similar purposes (such as to achieve a specific objective, produce a report or other similar product, or improve or enhance a literary, artistic, musical, scientific, teaching, or other similar capacity, skill, or talent of the grantee) like those described in section 4945(d)(3) are not excluded from reporting under this exception. (But see **Schools**, later, for instructions on how to report grants, scholarships, and other assistance from colleges, universities, primary, and secondary schools.) Grants that are awards recognizing past achievements also are not excluded from reporting under this exception. Grants for travel, study, or similar purposes do not include such purposes as short-term disaster relief, poverty relief, or trauma counseling.

- Grants or assistance to a section 501(c)(3) organization.

**Column (a).** Enter the name of the interested person that benefitted from the grant or assistance. If the person has status as an interested person only because the person is a substantial contributor, a **family member** of a substantial contributor, a **35% controlled entity** of a substantial contributor, or an **employee** of a substantial contributor or 35% controlled entity of a substantial contributor, then enter the term "substantial contributor" or "related to substantial contributor" (as the case may be) instead of the interested person's name, in order to protect the confidentiality of the substantial contributor.

**Column (b).** Describe the relationship between the interested person that benefitted from the grant or assistance and the organization, such as "spouse of Director John Smith." If "substantial contributor" was entered in column (a), enter "substantial contributor" here as well. If "related to substantial contributor" was entered in column (a), then describe the relationship without referring to specific names, for example: "child of employee of **35% controlled entity** of substantial contributor."

If an interested person has interested person status other than by being a substantial contributor or related to a substantial contributor, then make no reference to the substantial contributor status. For example, if grantee Jane Smith is both a substantial contributor and the spouse of Director John Smith, then she must be listed by name in column (a), and column (b) must state "spouse of Director John Smith" or words to similar effect.

**Column (c).** Enter the total dollar amount of grants and other assistance provided to

the interested person during the organization's **tax year**.

**Column (d).** Describe the type of assistance provided to the interested person.

**Column (e).** Describe the organization's purpose in providing assistance to the interested person.

**Example.** A substantial contributor to the organization states that he would like Mr. X and Ms. Y to be beneficiaries of a grant. The organization inquires of the substantial contributor whether Mr. X or Ms. Y are interested persons with respect to the organization because of a family or business relationship they have with the substantial contributor (using the pertinent instructions and definitions), and the substantial contributor replies in writing that they are not. Whether they actually are interested persons or not, the organization has made a reasonable effort in this situation.

**Schools.** Colleges, universities, and primary and secondary schools are not required to identify interested persons to whom they provided scholarships, fellowships, and similar financial assistance. Instead, these organizations must, in Part III, group each type of financial assistance (for example, need-based scholarships, merit scholarships, discounted tuition) provided to interested persons in separate lines. For each line, the school should report in column (c) the aggregate dollar amount of each type of assistance, the type of assistance in column (d), and the purpose of the assistance in column (e), unless such reporting would be an unauthorized disclosure of student education records under the Family Educational Rights and Privacy Act (FERPA). Columns (a) and (b) should be left blank for these lines.

### Part IV. Business Transactions Involving Interested Persons

Report in Part IV business transactions for which payments were made during the organization's **tax year** between the organization and an interested person, if such payments exceeded the reporting thresholds described below, and regardless of when the transaction was entered into by the parties. The "ordinary course of business" exception to reporting business relationships on Form 990, Part VI, line 2, does not apply for purposes of Schedule L, but see the exception below for publicly-traded companies.

In general, an organization must report business transactions in Part IV with an interested person if: (1) all payments during the **tax year** between the organization and the interested person

#### Instructions for Schedule L

Organizations where current or former ODTKEs or their family members served as director, trustee, officer, or greater than 5% owner removed from definition of interested person

exceeded \$100,000; (2) all payments during the tax year from a single transaction between such parties exceeded the greater of \$10,000 or 1% of the filing organization's total revenue for the tax year; (3) **compensation** payments during the tax year by the organization to a **family member** of a current or former officer, director, trustee, or key employee of the organization listed in Form 990, Part VII, Section A exceeded \$10,000; or (4) in the case of a joint venture with an interested person, the organization has invested \$10,000 or more in the joint venture, whether or not during the tax year, and the profits or capital interest of the organization and of the interested person each exceeds 10% at some time during the tax year.

**Business transactions.** Business transactions include but are not limited to joint ventures and contracts of sale, lease, license, insurance, and performance of services, whether initiated during the organization's tax year or ongoing from a prior year.

**Certain management company transactions with former officers, etc.** A business transaction also includes a transaction between the organization and a **management company** of which a former officer, director, trustee, or key employee of the organization (within the last five tax years, even if not listed in Form 990, Part VII, Section A, because the individual did not receive any compensation from the organization) is a direct or indirect 35% owner (as measured by stock ownership (voting power or value, whichever is greater) of a corporation, profits or capital interest (whichever is greater) in a partnership or limited liability company, or beneficial interest in a trust), or an officer, director, or trustee.

**Aggregate reporting.** The organization can aggregate multiple individual transactions between the same parties, or list them separately. If aggregation is chosen, report the aggregate amount in column (c) and describe the various types of transactions (for example, "consulting," "rental of real property") in column (d).

**Exceptions.** Do not report the following in Part IV:

- **Excess benefit transactions** reported in Schedule L, Part I.
- Loans reported (or not required to be reported) in Schedule L, Part II.
- Grants and other assistance reported (or not required to be reported) in Schedule L, Part III (however, this exception does not apply to transactions covered by the business transaction exception described in Part III instructions earlier; such transactions may need to be reported in Part IV).

- **Compensation** reported in Form 990, Part VII, Section A, unless the compensation was to a family member of another person reported in Form 990, Part VII, Section A.
- Deposits into or withdrawals from a bank account (when the bank is an interested person) in the ordinary course of business, on the same terms as the bank offers to the general public.
- The organization's charging of membership dues to its officers, directors, etc.
- If the organization transfers funds to an interested person to make investments on behalf of the organization as its agent or contractor (but not as part of a joint venture), the amount of the transaction for purposes of Part IV reporting is not the entire amount transferred but the management fees or other service fees or carried interest (if any) of the interested person.
- Transactions with publicly-traded companies in the ordinary course of the publicly-traded company's business, on the same terms as it generally offers to the public (or more favorable for the filing organization).

**Example 1.** T, a family member of an officer of the organization, serves as an employee of the organization and receives during the organization's tax year compensation of \$15,000, which is not more than 1% of the organization's total revenue. The organization is required to report T's compensation as a business transaction in Schedule L, Part IV, because the organization's compensation to a family member of an officer exceeds \$10,000, whether or not T's compensation is reported in Form 990, Part VII.

**Example 2.** X, the child of a current director listed in Form 990, Part VII, Section A, is a first-year associate at a law partnership that the organization pays \$150,000 during the organization's tax year. The organization is not required to report this business transaction on account of X's employment relationship to the law firm.

**Example 3.** The facts are the same as in Example (2), except that X is a partner of the law firm and has an ownership interest in the law firm of 36% of the profits. The organization must report the business transaction because the law firm is a 35% controlled entity of X and the dollar amount is in excess of the \$100,000 aggregate threshold.

**Example 4.** The facts are the same as in Example (3), except that the law firm entered into the transaction with the organization before X's parent became a director of the organization. X's parent became a director during the

organization's tax year. The organization must report all payments made during its tax year to the law firm for the transaction.

**Example 5.** The facts are the same as in Example (3), except that X is the child of a former director listed in Form 990, Part VII, Section A. The organization is required to report the business transaction, as family members of former directors listed in Part VII are interested persons.

**Example 6.** The facts are the same as in Example (3), except that the organization pays \$75,000 in total during the organization's tax year for 15 separate transactions to collect debts owed to the organization. None of the transactions involves payments to the law partnership in excess of \$10,000. The organization is not required in this instance to report the business transactions, because the dollar amounts do not exceed either the \$10,000 transaction threshold or the \$100,000 aggregate threshold.

**Example 7.** The facts are the same as in Example (6), except that the organization pays \$105,000 instead of \$75,000. Because the aggregate payments for the business transactions exceed \$100,000, the organization must report all the business transactions. The organization can report the transactions on an aggregate basis or list them separately.

**Column (a).** Enter the name of the interested person involved in the direct or indirect business relationship with the organization.

**Column (b).** Enter the relationship between the interested person and the organization. For example:

- **Key employee** of the organization,
- **Family member** of Freda Jones, former director, or
- Entity more than 35% owned by (1) Freda Jones, former director, and (2) Lisa Lee, President.

**Column (c).** The dollar amount of the transaction is the cash or fair market value of other assets and services provided by the organization during the tax year, net of reimbursement of expenses. For joint ventures with interested persons, report the total amount invested by the organization in the joint venture as of the end of the organization's tax year, whether or not the organization invested any part of the amount during the tax year.

**Column (d).** Describe the transaction(s) by type, such as employment or independent contractor arrangement, rental of property, or sale of assets.

**Column (e).** State "Yes" if all or part of the consideration paid by the organization is based on a percentage of revenues of

the organization. For instance, state "Yes" if a management fee is based on a percentage of revenues, or a legal fee owed to outside attorneys by a public interest law firm is a percentage of the amount collected.

## **Part V. Supplemental Information**

Use Part V if the organization needs additional space to explain a transaction or provide additional information. In Part V,

identify the specific part and line number that each response supports, in the order in which those parts and lines appear on Schedule L (Form 990 or 990-EZ). Part V can be duplicated if more space is needed.

# Schedule M Instructions

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Schedule M (Form 990), such as legislation enacted after the schedule and its instructions were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990.

### Purpose of Schedule

Schedule M (Form 990) is used by an organization that files Form 990 to report the types of **noncash contributions** received during the year by the organization and certain information regarding such **contributions**. The schedule requires reporting of the quantity and the reported financial statement amount of noncash contributions received by type of property. Report noncash donated items even if sold immediately after received. Do not report noncash contributions received by the organization in a prior year. Do not report donations of services or the donated use of facilities, equipment, or materials donated.

### Who Must File

An organization that answered "Yes" to Form 990, Part IV, lines 29 or 30, must complete Schedule M (Form 990) and attach it to Form 990. This means an organization that reported more than \$25,000 of aggregate **noncash contributions** on Form 990, Part VIII, line 1g, or that during the year received **contributions of art, historical treasures**, or other similar assets, or **qualified conservation contributions**, regardless of whether it reported any revenues for such contributions in Part VIII.

If an organization is not required to file Form 990 but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

## Specific Instructions

### Part I. Types of Property

**Column (a).** Check the box if during the year the organization received any contributions of the property type identified.

**Column (b).** For each type of property received during the year, enter the number of **contributions** or the number of items contributed, determined in accordance with the organization's recordkeeping practices. Explain in Part

II of this schedule whether the organization is reporting the number of contributions or the number of items received, or a combination of both methods. As described below, for contributions of securities, such as publicly traded stock, treat each separate gift (rather than each share received) as an item for this purpose.

Organizations that receive contributions of books, publications, clothing, and household goods are not required to complete column (b) for those items reported on lines 4 and 5.

**Columns (c)–(d).** In column (c), enter the revenues reported on Form 990, Part VIII, line 1g, for the appropriate property type. If none were reported, enter "0."

In column (d), describe the method used to determine the amount reported on Form 990, Part VIII, line 1g (for example, cost or selling price of the donated property, sale of comparable properties, replacement cost, opinions of experts, etc.). See Pub. 561, *Determining the Value of Donated Property*, for more information.

**Example 1.** A used car in poor condition is donated to a local high school for use by students studying car repair. A used car guide shows the dealer retail value for this type of car in poor condition is \$1,600. However, the guide shows the price for a private party sale of the car is only \$750. The fair market value of the car is considered to be \$750, which is the amount the organization reported on Form 990, Part VIII, line 1g. In column (c), the organization should enter \$750. In column (d), the organization should enter "sale of comparable properties and/or opinion of expert" as the method used to determine fair market value.

**Example 2.** An organization primarily receives bulk donations of clothing, household goods, and other similar items, intended for resale. Under its permitted financial reporting practices, it does not recognize or record revenue at the time of receipt of the contribution, but instead records such items in inventory and reports contribution revenues at the time of sale based on prior inventory turnover experience. In column (c), the organization can enter the amount that represents the total estimated amount of annual sales revenue for each type of property received under its permitted financial reporting method, and in column (d), enter "resale value or annual sales revenue" as the method of determining revenue.

Museums and other organizations that do not report contributions of **art, historical treasures**, and other similar items as revenue, as permitted under generally accepted accounting

principles, enter "0" in column (c) and leave column (d) blank. The organization can explain in Part II that a zero amount was reported on Form 990, Part VIII, line 1g, because the museum did not capitalize its collections, as allowed under **SFAS 116** (ASC 958-360-25).

An organization that received **qualified conservation contributions** or **conservation easements** must report column (c) revenue consistent with how it reports revenue from such contributions in its books, records, and financial statements. The organization must also report revenue from such qualified conservation contributions and conservation easements consistently with how it reports such revenue in Form 990, Part VIII.

**Line 1. Works of art** include paintings, sculptures, prints, drawings, ceramics, antiques, decorative arts, textiles, carpets, silver, photography, film, video, installation and multimedia arts, rare books and manuscripts, historical memorabilia, and other similar objects. Works of art do not include **collectibles** reported on line 18 or taxidermy reported on line 21.

**Line 2. An historical treasure** is a building, structure, area, or property with recognized cultural, aesthetic, or historical value that is significant in the history, architecture, archeology, or culture of a country, state, or city.

**Line 3. A contribution** of a fractional interest in art is a contribution, not in trust, of an undivided portion of a donor's entire interest in a **work of art**. A contribution of the donor's entire interest must consist of a part of each substantial interest or right the donor owns in such work of art and must extend over the entire term of the donor's interest in the property. A gift generally is treated as a gift of an undivided portion of a donor's entire interest in property if the donee is given the right, as a tenant in common with the donor, to possession, dominion, and control of the property for a portion of each year appropriate to its interest in such property. For each work of art or item, report in column (b) the fractional interest for each year an interest in the property is received for the underlying work of art or item. See section 170(o) for special rules for fractional gifts.

**Line 4.** Enter information about **contributions** of all books and publications. Do not include rare books and manuscripts reported on line 1, **collectibles** reported on line 18, and archival records reported on lines 25 through 28.

**Line 5.** Enter information about clothing items and **household goods** which were in good used condition or better. Clothing items and household goods which were not in good used condition or better are to be reported as a separate type in "Other" beginning with line 25.

**Lines 6–7.** On line 6, include only **contributions** of motor vehicles manufactured primarily for use on public streets, roads, and highways. Do not include on lines 6 or 7 contributions of the donor's stock in trade or property held by the donor primarily for sale to customers in the ordinary course of a trade or business. The organization is required to file Form 1098-C, Contributions of Motor Vehicles, Boats, and Airplanes, with the donor and the IRS for contributions reported on these lines. See Form 990, Part V, line 7h.

**Line 8.** Intellectual property is any patent, copyright (other than a copyright described in section 1221(a)(3) or 1231(b)(1)(C)), trademark, trade name, trade secret, know-how, software (other than software described in section 197(e)(3)(A)(i)), or similar property. Certain **contributions** of intellectual property require the organization to file Form 8899, Notice of Income From Donated Intellectual Property, with the donor and the IRS. See Form 990, Part V, line 7g.

**Line 9. Publicly traded securities** means **securities** for which (as of the date of the contribution) market quotations are readily available on an established securities market. For each **security**, treat each separate gift (rather than each share received) as a **contribution** for this purpose. Include on this line interests in publicly traded partnerships, limited liability companies or trusts, and publicly traded corporations.

**Line 10. Closely held stock** means shares of stock issued by a corporation that is not publicly traded. For each **security**, treat each separate gift (rather than each share received) as a **contribution** for this purpose.

**Line 11.** Enter information about **contributions** of interests in a partnership, limited liability company, or trust, that is not publicly traded. For each **security**, treat each separate gift (rather than each share received) as a contribution for this purpose.

**Line 12.** Enter information about **contributions** of **securities** that are not reported on lines 9 through 11. For each **security**, treat each separate gift (rather than each share received) as a contribution for this purpose.

**Lines 13–14.** A **qualified conservation contribution** is a contribution of a qualified real property interest to a qualified organization exclusively for conservation purposes. A qualified real property interest means any of the following interests in real property:

1. The entire interest of the donor,
2. A remainder interest, or
3. A restriction (an easement), granted in perpetuity, on the use which may be made of the real property.

A *qualified organization* means an organization which is:

1. A **governmental unit** described in section 170(c)(1);
2. A publicly supported charitable organization described in sections 501(c)(3) and 170(b)(1)(A)(vi) or section 509(a)(2) (see the instructions for Parts II and III of Schedule A (Form 990 or 990-EZ)); or
3. A **supporting organization** described in sections 501(c)(3) and 509(a)(3) that is controlled by a governmental unit or a publicly supported charitable organization.

In addition, a qualified organization must have a commitment to protect the conservation purposes of a qualified conservation contribution, and have the resources to enforce those restrictions.

A conservation purpose means:

1. The preservation of land areas for outdoor recreation used by, or for the education of, the general public;
2. The protection of a relatively natural habitat of fish, wildlife, plants, or similar ecosystems;
3. The preservation of open space (including farmland and forest land) where such preservation is for the scenic enjoyment of the general public or pursuant to a clearly delineated federal, state, or local governmental conservation policy; or
4. The preservation of an historically important land area or a certified historic structure.

See section 170(h) for additional information, including special rules for the conservation purpose requirement for buildings in registered historic districts.

On line 13, enter information about contributions of a qualified real property interest that is a restriction for the exterior of a certified historic structure. A **certified historic structure** is any building or structure listed on the National Register of Historic Places as well as any building certified as being of

historic significance to a registered historic district. See section 170(h)(4)(B) for special rules that apply to contributions made after August 17, 2006.

On line 14, enter information about qualified conservation contributions other than those entered on line 13. This includes **conservation easements** to preserve land areas for outdoor recreation used by, or for the education of, the general public; to protect a relatively natural habitat or ecosystem; to preserve open space; or to preserve an historically important land area.

**Line 15.** Enter information about **contributions** of residential real estate. Include information about contributions (not in trust) of a remainder interest in a personal residence which was not the donor's entire interest in the property. The term personal residence includes any property used by the donor as a personal residence but is not limited to the donor's principal residence. The term personal residence also includes stock owned by the donor as a tenant-stockholder in a cooperative housing corporation if the dwelling the donor is entitled to occupy as a tenant-stockholder is used by the donor as a personal residence. Do not enter information about contributions of the use of facilities or property, as such contributions are not reportable on Form 990, Part VIII.

**Line 16.** Enter information about **contributions** of commercial real estate, such as a commercial office building. Include information about contributions (not in trust) of a remainder interest in a farm which was not the donor's entire interest in the property. The term farm refers to land used for the production of crops, fruits, or other agricultural products, or for the maintenance of livestock. A farm includes the improvements located on the farm property.

**Line 17.** Enter information about real estate interests not reported on lines 15 or 16.

**Line 18. Collectibles** include autographs, sports memorabilia, dolls, stamps, coins, books (other than books and publications reported on line 4), gems, and jewelry (other than costume jewelry reported on line 5), but not art reported on lines 1 through 3, or historical artifacts or scientific specimens reported on lines 22 or 23.

**Line 19.** Enter information about food items, including food inventory contributed by corporations and other businesses.

**Line 20.** Enter information about drugs, medical supplies, and similar items contributed by corporations and other businesses that manufactured or distributed such items.

**Line 21.** Taxidermy property means any work of art that is the reproduction or preservation of an animal, in whole or in part; is prepared, stuffed, or mounted to recreate one or more characteristics of the animal; and contains a part of the body of the dead animal.

**Line 22.** Enter information about historical artifacts such as furniture, fixtures, textiles, and household items of an historic nature. Do not include **Art** reported on lines 1 through 3, or any archeological artifacts reported on line 24.

**Line 23.** Scientific specimens include living plant and animal specimens, natural and physical sciences specimens (such as rocks and minerals), and objects or materials that relate to, or exhibit, the methods or principles of science.

**Line 24.** Enter information about archeological and ethnographical artifacts, other than **Art** reported on lines 1 through 3, and historical artifacts reported on line 22. An archeological artifact is any object over 250 years old and is normally discovered as a result of scientific excavation, clandestine or accidental digging for exploration on land, or under water. Ethnological artifacts are objects which are the product of a tribal or nonindustrial society, and important to the cultural heritage of a people because of its distinctive characteristics, comparative rarity, or its contribution to the knowledge of the origins, development, or history of that people.

**Lines 25–28.** Use lines 25 through 28 to separately report other types of property not described above or reported on previous lines. These include items that did not satisfy specific charitable deduction requirements applicable to the **contribution** of such type of property,

but which were contributed to the organization, such as clothing and **household goods** that were not in good used or better condition, and **conservation easements** that the organization knows do not constitute **qualified conservation contributions**.

Self-created items, such as personal papers and manuscripts, including archival records, are to be listed separately as a type. Archival records are materials of any kind created or received by any person, family, or organization in the conduct of their affairs that are preserved because of the enduring value of the information they contain or as evidence of the functions and responsibilities of their creator.

Donations of items used by the organization at a charitable auction (other than goods sold by the charity at the auction, which should be reported on lines 1 through 24, as appropriate), such as food served at the event or floral centerpieces, can be reported separately on lines 25 through 28. **Noncash contributions** do not include donations of services or donated use of materials, equipment, or facilities, which may be reported in the narrative section of Form 990, Part III, line 4.

**Line 29.** Enter the number of Forms 8283, Noncash Charitable Contributions, received by the organization during the year for **contributions** for which the organization completed Form 8283, Part IV.

**Lines 30a–30b.** Answer “Yes” to line 30a if the organization received during the year a **noncash contribution** reportable on lines 1 through 28 for which the organization is required, by the terms of the gift or otherwise, to hold the property for at least three years from the date of the **contribution** and which property is not required to be used for exempt purposes for the entire holding period. An organization that answers “Yes” to line 30a must describe the arrangement in Part II.

**Line 31.** Answer “Yes” if the organization has a gift acceptance policy that requires the review of any non-standard contributions. A non-standard contribution includes a contribution of an item that is not reasonably expected to be used to satisfy or further the organization’s exempt purposes (aside from the need of such organization for income or funds) and for which (a) there is no ready market to which the organization can go to liquidate the contribution and convert it to cash, and (b) the value of the item is highly speculative or difficult to ascertain. For example, the contribution of a taxpayer’s successor member interest of the type described in Notice 2007-72, 2007-36 I.R.B. 544, is a non-standard contribution for this purpose.

**Lines 32a–32b.** Answer “Yes” to line 32a if the organization hires or uses third parties or related organizations to solicit, process, or sell **noncash contributions**. Answer “No” if the only third party used by the organization to solicit, process, or sell noncash contributions is a broker who sells publicly traded securities received by the organization as a gift. An organization that answers “Yes” to line 32a must describe these arrangements in Part II.

**Line 33.** If applicable, describe in Part II why the organization did not report revenue in column (c) for a type of property for which column (a) is checked.

## Part II. Supplemental Information

Use Part II to provide narrative information required in Part I, column (b), and Part I, lines 30b, 32b, and 33, and whether the organization is reporting in Part I, column (b), the number of contributions, the number of items received, or a combination of both. Also use Part II to provide other narrative explanations and descriptions, as needed. Identify the specific line number that the response supports. Part II can be duplicated if more space is needed.

**Note.** Terms in **bold** are defined in the Glossary of the Instructions for Form 990.

### Purpose of Schedule

Schedule N (Form 990 or 990-EZ) is used by an organization that files Form 990 or Form 990-EZ to report going out of existence or disposing of more than 25 percent of its net assets through sale, exchange, or other disposition.

An organization that completely liquidated, terminated, or dissolved and ceased operations during the **tax year** must complete Part I. An organization that was still in the process of winding up its affairs at the end of the tax year, but had not completely liquidated, terminated, or dissolved and ceased operations, should not complete Part I, but may need to complete Part II. An organization that has made a **significant disposition of net assets** must complete Part II. For an organization filing Form 990-EZ, see the Instructions for Form 990-EZ, line 36, for Part II reporting requirements. An organization that has terminated its operations and has no plans for future activities must complete only Part I and not Part II of this schedule.

If there are more transactions to report in Parts I and II than space available, those parts can be duplicated to report the additional transactions. Use Part III to report additional narrative information (see Part III instructions, later).

### Who Must File

Any organization that answered "Yes" to Form 990, Part IV, *Checklist of Required Schedules*, line 31 or 32; or Form 990-EZ, line 36; must complete and attach Schedule N to Form 990 or Form 990-EZ, as applicable.

If an organization is not required to file Form 990 or Form 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

## Specific Instructions

### Part I. Liquidation, Termination, or Dissolution

If the organization answered "Yes" to Form 990, Part IV, line 31, it must complete Part I. If the organization answered "Yes" to Form 990-EZ, line 36, because it fully liquidated, dissolved, or terminated during the tax year, it must complete Part I. An organization must answer "Yes" to either of these lines if it has ceased operations and has no plans to continue any activities or operations in the future. This includes an organization that has dissolved, liquidated, terminated, or merged into a successor organization.

*An organization must support any claim to have liquidated, terminated, dissolved, or merged by attaching a certified copy of its articles of dissolution or merger.*

*If a certified copy of its articles of dissolution or merger is not available, the organization may submit resolutions of its governing board approving dissolution or merger, and/or plans of liquidation or merger approved by its governing board. An organization filing Schedule N should not report its liquidation, termination, or dissolution in a letter to IRS Exempt Organizations, Determinations ("EO Determinations"). EO Determinations no longer issues letters confirming that the organization's tax-exempt status was terminated upon its liquidation, termination, or dissolution.*

**Line 1.** List assets transferred in the liquidation, termination, dissolution, or merger.

If there are more transactions to report in Part I than space available, Part I can be duplicated to report the additional transactions.

**Column (a).** Assets should be aggregated into categories and should be sufficiently described. Separately list related transaction expenses of at least \$10,000. A transaction expense consists of a payment to a professional or other third party for services rendered to assist in the transaction or in the winding down of the organization's activities, such as attorney or accountant fees. Brokerage fees should not be included as transaction expenses in column (a), but should be included in the **fair market value (FMV)** amount in column (c).

**Column (b).** Enter the date the assets were distributed or the date when the transaction expense was paid.

**Column (c).** Enter the FMV of the asset distributed or the amount of transaction expense paid.

**Column (d).** Enter the method of valuation for the asset being distributed. Methods of valuation include appraisals, comparables, book value, actual cost (with or without depreciation), and outstanding offers (among other methods). For transaction expenses, provide the method for determining the amount of the expense, such as an hourly rate or fixed fee.

**Columns (e) and (f).** Enter the **EIN**, name, and address of each recipient of assets distributed or transaction expenses paid. Do not enter social security numbers of individual recipients. For membership organizations that transfer assets to individual members, the names of individual members need not be reported. Rather, the members may be aggregated into specific classes of membership, or they may be aggregated into one group, if there is only one class of membership.

**Column (g).** Enter the section of the Internal Revenue Code under which the transferee organization is tax-exempt (for instance, section 501(c)(3) or 501(c)(4)), if it is exempt. For recipients that are not tax-exempt under a particular section of the Code, enter the type of entity. Examples of types of entity are government agencies or

**governmental units**, or a limited liability company (LLC). Report "individual" if the recipient is not an entity.

**Line 2.** Report whether any **officer, director, trustee, or key employee** listed in Form 990, Part VII, Section A, is (or is expected to become) involved in a successor or transferee organization by governing, controlling, or having a financial interest in that organization. "Having a financial interest" includes receiving payments from a successor or transferee organization as an **employee, independent contractor**, or in any other capacity.

**Line 2a.** Check "Yes" if any officer, director, trustee, or key employee listed in Form 990, Part VII, Section A, is (or is expected to become) a director or trustee of a successor or transferee organization.

**Line 2b.** Check "Yes" if any officer, director, trustee, or key employee listed in Form 990, Part VII, Section A, is (or is expected to become) an employee of, or independent contractor for, a successor or transferee organization.

**Line 2c.** Check "Yes" if any officer, director, trustee, or key employee listed on Form 990, Part VII, Section A, is (or is expected to become) an owner, whether direct or indirect, in a successor or transferee organization.

**Line 2d.** Check "Yes" if any officer, director, trustee, or key employee listed on Form 990, Part VII, Section A, has received or is expected to receive "**compensation** or other similar payment" as a result of the liquidation, termination, or dissolution of the organization, whether paid by the organization or a successor or transferee organization. For this purpose, "compensation or other similar payment" includes a severance payment, a "change in control" payment, or any other payment that would not have been made to the individual if the dissolution, liquidation, or termination of the organization had not occurred.

**Line 2e.** If the organization checked "Yes" to any of the other questions on **lines 2a through 2d**, provide the name of the person involved, and explain in Part III the nature of the listed person's relationship with the successor or transferee organization and the type of benefit received or to be received by the person.

**Line 3.** Check "Yes" if the organization's assets were distributed in accordance with its governing instrument.

**Line 4a.** Check "Yes" if the organization is required to notify a state attorney general or other appropriate state official of the organization's intent to dissolve, liquidate, or terminate.

**Line 4b.** Check "Yes" if the organization provided the notice described in line 4a.

**Line 5.** Check "Yes" if the organization discharged or paid all of its liabilities in accordance with state law.

**Line 6a.** Check "Yes" and complete line 6b if the organization had any **tax-exempt bonds** outstanding during the year.

**Line 6b.** Check "Yes" and complete line 6c if the organization discharged or defeased all of its tax-exempt bond liabilities during the tax year. Leave line 6b blank if the answer to line 6a is "No."

**Line 6c.** If the organization checked “Yes” on line 6b, explain in Part III how the bond liabilities were discharged, defeased, or otherwise settled during the year. Also provide an explanation if any bond liabilities were discharged, defeased, or otherwise settled other than in accordance with the Code or applicable state law, or if the organization did not discharge or defease any of its bond liabilities. If the organization avoided the need for a defeasance of bonds, such as through the transfer of assets to another section 501(c)(3) organization, provide the name of the transferees of such assets, the CUSIP number of the **bond issue**, and a description of the terms of such arrangements in Part III.

*An organization that completes Part I does not complete Part II.*

## Part II. Sale, Exchange, Disposition, or Other Transfer of More Than 25 Percent of the Organization’s Assets

If an organization answered “Yes” to Form 990, Part IV, line 32 or Form 990-EZ, line 36, because it made a **significant disposition of net assets** during the **tax year**, it must complete Part II. A significant disposition of the organization’s net assets includes a sale, exchange, disposition, or other transfer of more than 25 percent of the **FMV** of its net assets during the tax year, regardless of whether the organization received full and adequate consideration. A significant disposition of net assets involves:

1. One or more dispositions during the organization’s tax year amounting to more than 25 percent of the FMV of the organization’s net assets as of the beginning of its tax year; or

2. One of a series of related dispositions or events commenced in a prior year, that, when combined, comprise more than 25 percent of the FMV of the organization’s net assets as of the beginning of the tax year when the first disposition in the series was made. Whether a significant disposition occurred through a series of related dispositions or events depends on the facts and circumstances in each case.

A significant disposition of net assets may result from either an expansion or a contraction of operations. Examples of the types of transactions required to be reported in Part II as significant dispositions of net assets include the following:

- Taxable or tax-free sales or exchanges of exempt assets for cash or other consideration (such as a social club described in section 501(c)(7) selling land or assets it had used to further its exempt purposes).
- Sales, contributions, or other transfers of assets to establish or maintain a partnership, joint venture, or a corporation (for-profit or nonprofit) regardless of whether such sales or transfers are governed by section 721 or section 351, and whether or not the transferor receives an ownership interest in exchange for the transfer.
- Sales of assets by a partnership or **joint venture** in which the organization has an ownership interest.
- Transfers of assets pursuant to a reorganization in which the organization is a surviving entity.

The following types of situations are not required to be reported in Part II:

- The change in composition of **publicly traded securities** held in an exempt organization’s passive investment portfolio.

- Asset sales made in the ordinary course of the organization’s exempt activities to accomplish the organization’s exempt purposes; for instance, gross sales of inventory.

- Grants or other assistance made in the ordinary course of the organization’s exempt activities to accomplish the organization’s exempt purposes; for instance, the regular charitable distributions of a United Way or other federated fundraising organization.

- A decrease in the value of net assets due to market fluctuation in the value of assets held by the organization.

- Transfers to a **disregarded entity** of which the organization is the sole member.

For purposes of Schedule N, “net assets” means **total assets** less total liabilities. The determination of a significant disposition of net assets is made by reference to the FMV of the organization’s net assets at the beginning of the tax year (in the case of a series of related dispositions that commenced in a prior year, at the beginning of the tax year during which the first disposition was made).

**Line 1.** Refer to the instructions for Part I, line 1, columns (a)–(g), earlier.

If there are more transactions to report in Part II than space available, Part II can be duplicated to report the additional transactions.

**Line 2.** Refer to the instructions for Part I, line 2, earlier.

## Part III. Supplemental Information

Use Part III to provide the narrative information required in Part I, lines 2e, 3, and 6c, and Part II, line 2e. Also use Part III to provide additional narrative explanations and descriptions as necessary to support or supplement any responses in Part I or II. Identify the specific part and line(s) that the response supports. Part III may be duplicated if more space is needed.

# Schedule O Instructions

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Schedule O (Form 990 or 990-EZ), such as legislation enacted after the schedule and its instructions were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### Purpose of Schedule

An organization should use Schedule O (Form 990 or 990-EZ), rather than separate attachments, to provide the IRS with narrative information required for responses to specific questions on Form 990 or 990-EZ, and to explain the organization's operations or responses to various questions. It allows organizations to supplement information reported on Form 990 or 990-EZ.

Do not use Schedule O to supplement responses to questions in other schedules of the Form 990 or 990-EZ. Each of the other schedules includes a separate part for supplemental information.

### Who Must File

All organizations that file Form 990 and certain organizations that file Form 990-EZ must file Schedule O (Form 990 or 990-EZ). At a minimum, the schedule must be used to answer Form 990, Part VI, lines 11b and 19. If an organization is not required to file Form 990 or 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

## Specific Instructions

Use as many continuation sheets of Schedule O (Form 990 or 990-EZ) as needed.

Complete the required information on the appropriate line of Form 990 or 990-EZ prior to using Schedule O (Form 990 or 990-EZ).

Identify clearly the specific part and line(s) of Form 990 or 990-EZ to which each response relates. Follow the part and line sequence of Form 990 or 990-EZ.

**Late return.** If the return is not filed by the due date (including any extension granted), attach a separate statement giving the reasons for not filing on time. **Do not use** this schedule to provide the late-filing statement.

**Amended return.** If the organization checked the *Amended return* box on Form 990, *Heading*, item B, or Form 990-EZ, *Heading*, item B, use Schedule O (Form 990 or 990-EZ) to list each part or schedule and line item of the Form 990 or 990-EZ that was amended.

**Group return.** If the organization answered "Yes" to Form 990, line H(a), but "No" to line H(b), use a separate

attachment to list the name, address, and EIN of each affiliated organization included in the group return. **Do not use** this schedule. See the Instructions for Form 990, *I. Group Return*.

4. Part VII, *Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors*.

## Related Organizations and Unrelated Partnerships

Section references are to the Internal Revenue Code unless otherwise noted.

### Future Developments

For the latest information about developments related to Form 990 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

### General Instructions

**Note.** Terms in **bold** are defined in the *Glossary* of the Instructions for Form 990, Return of Organization Exempt From Income Tax.

### Purpose of Schedule

Schedule R (Form 990) is used by an organization that files Form 990 to provide information on **related organizations**, on certain transactions with related organizations, and on certain unrelated partnerships through which the organization conducts significant activities.

### Who Must File

The chart below sets forth which organizations must complete all or a part of Schedule R and attach Schedule R to Form 990. If an organization is not required to file Form 990 but chooses to do so, it must file a complete return and

provide all of the information requested, including the required schedules.

### Overview

Part I of Schedule R (Form 990) requires identifying information on any organizations that are treated for federal tax purposes as **disregarded entities** of the filing organization. Part II requires identifying information on related tax-exempt organizations. Part III requires identifying information on any **related organizations** that are treated for federal tax purposes as partnerships. Part IV requires identifying information on any related organizations that are treated for federal tax purposes as C or S corporations or trusts. Part V requires information on transactions between the organization and related organizations (excluding disregarded entities). Part VI requires information on an **unrelated organization** taxable as a partnership through which the organization conducted more than 5% of its activities (as described in Part VI).

Parts I-VI of Schedule R (Form 990) may be duplicated if additional space is needed to report additional related organizations for Parts I-IV, additional transactions for Part V, or additional unrelated organizations for Part VI. Use as many duplicate copies as needed, and number each page of each part.

Part VII of Schedule R (Form 990) may be used to provide additional information in response to questions in Schedule R.

### Relationships

An organization, including a nonprofit organization, a stock corporation, a partnership or limited liability company, a trust, and a **governmental unit** or other government entity, is a **related organization** to the filing organization if it stands, at any time during the **tax year**, in one or more of the following relationships to the filing organization.

- **Parent**—an organization that controls (see definitions of **control** under *Definition of Control*) the filing organization.
- **Subsidiary**—an organization controlled by the filing organization.
- **Brother/Sister**—an organization controlled by the same person or persons that control the filing organization.
- **Supporting/Supported**—an organization that is (or claims to be) at any time during the organization's tax year (i) a **supporting organization** of the filing organization within the meaning of section 509(a)(3), if the filing organization is a **supported organization** within the meaning of section 509(f)(3), or (ii) a supported organization, if the filing organization is a supporting organization.
- **Sponsoring Organization of a VEBA**—an organization that establishes or maintains a section 501(c)(9) voluntary employees' beneficiary association (VEBA) during the tax year. A sponsoring organization of a VEBA also includes an employee organization, association, committee, joint board of **trustees**, or other similar group of representatives of the parties which establish or maintain a VEBA.
- **Contributing Employer of a VEBA**—an employer that makes a contribution or contributions to the VEBA during the tax year.

Although a VEBA must report sponsoring organizations and contributing employers as related organizations, sponsoring organizations and contributing employers should not report a VEBA as a related organization, unless the VEBA is related to the sponsoring organization or contributing employer in some other capacity listed above.

Clarification that a contributing employer to a VEBA should not report the VEBA as a related organization unless the contributing employer is otherwise related to the VEBA

**VEBA contributing employers and sponsoring organizations.** If the filing organization is a section 501(c)(9) VEBA, it must list its sponsoring organizations and contributing employers on Schedule R (Form 990). The filing organization must report all information on its sponsoring organizations in Parts II through IV, as applicable. However, the filing organization is only required to list the name of its contributing employers in Parts II through IV, and is not required to report any additional information in those parts. The filing organization must also report its related transactions with sponsoring organizations and contributing employers in Part V, line 1, and, if applicable, line 2.

**Disregarded entity exception.**

**Disregarded entities** are treated as related organizations for purposes of reporting on Schedule R (Form 990), Part I, but not for purposes of reporting transactions with related organizations in Part V, or otherwise on Form 990. A disregarded entity of an organization related to the filing organization is generally treated as part of the related organization and not as a separate entity. See *Appendix F* in the Instructions for Form 990.

**Bank trustee exception.** If the filing organization is a trust that has a bank or financial institution trustee that is also the trustee of another trust, the filing organization is not required to report the other trust as a brother/sister related organization on the ground of common control by the bank or financial institution trustee.

## Definition of Control

**Related organizations.** For purposes of determining **related organizations**:

**Control of a nonprofit organization (or other organization without owners or persons having beneficial interests, whether the organization is taxable or tax-exempt).**

One or more persons (whether individuals or organizations) **control** a nonprofit organization if they have the power to remove and replace (or to appoint, elect, or approve or veto the appointment or election of, if such power includes a continuing power to appoint, elect, or approve or veto the appointment or election of, periodically or in the event of vacancies) a majority of the nonprofit organization's **directors or trustees**, or a majority of the members who have the power to elect a majority of the nonprofit organization's directors or trustees. Such power can be exercised directly by a (parent) organization through one or more of the (parent) organization's **officers**, directors, trustees, or agents, acting in their capacity as officers, directors,

trustees, or agents of the (parent) organization. Also, a (parent) organization controls a (subsidiary) nonprofit organization if a majority of the subsidiary's directors or trustees are trustees, directors, officers, **employees**, or agents of the parent.

**Control of a stock corporation.** One or more persons (whether individuals or organizations) control a stock corporation if they own more than 50% of the stock (by voting power or value) of the corporation.

**Control of a partnership or limited liability company.** One or more persons control a partnership if they own more than 50% of the profits interests or capital interests in the partnership (including a limited liability company treated as a partnership or **disregarded entity** for federal tax purposes, regardless of the designation under state law of the ownership interests as stock, membership interests, or otherwise). A person also controls a partnership if the person is a managing partner or managing member of a partnership or limited liability company which has three or fewer managing partners or managing members (regardless of which partner or member has the most actual control), or if the person is a general partner in a limited partnership which has three or fewer general partners (regardless of which partner has the most actual control). For this purpose, a "managing partner" is a partner designated as such under the partnership agreement, or regularly engaged in the management of the partnership.

**Control of a trust with beneficial interests.** One or more persons control a trust if they own more than 50% of the beneficial interests in the trust. A person's beneficial interest in a trust shall be determined in proportion to that person's actuarial interest in the trust as of the end of the tax year.

In some situations a named beneficiary may have no determinable interest in the trust. For instance, if Trust A allows the trustee to distribute income and principal in the trustee's sole discretion for 10 years to the then-living issue of X, with the remainder (if any) to Charity B, then Charity B has no interest in the trust that can be determined before the 10-year period is ended, and therefore does not control the trust for purposes of Form 990 and Schedule R.

See Regulations sections 301.7701-2, 3, and 4 for more information on classification of corporations, partnerships, disregarded entities, and trusts.

**Examples of control by multiple persons.**

**Example 1.** Organizations A and B each appoint one-third of the board members of Organizations C and D, and are not otherwise related to Organizations C and D. Although neither Organization A nor Organization B is a parent of Organization C or Organization D, Organizations C and D are controlled by the same persons, and therefore are brother/sister related organizations with respect to each other.

**Example 2.** Organization E has 1,000 individual members who elect its board members. The membership of Organization E also is the membership of Organization F, and elects the board members of Organization F. Organizations E and F are brother/sister related organizations with respect to each other.

**Indirect control.** **Control** can be indirect. For example, if the filing organization controls Entity A, which in turn controls (under the definition of control in these instructions) Entity B, the filing organization will be treated as controlling Entity B. To determine indirect control through constructive ownership of a corporation, rules under section 318 apply. Similar principles apply for purposes of determining constructive ownership of another entity (a partnership or trust). If an entity (X) controls an entity treated as a partnership by being one of three or fewer partners or members, then an organization that controls X also controls the partnership.

**Example 1.** B, an exempt organization, wholly owns (by voting power) C, a taxable corporation. C holds a 51% profits interest in D, a partnership. Under the principles of section 318, B is deemed to own 51% of D (100% of C's 51% interest in D). Thus, B controls both C and D, which are therefore both related organizations with respect to B.

**Example 2.** X, an exempt organization, owns 80% (by value) of Y, a taxable corporation. Y holds a 60% profits interest as a limited partner of Z, a limited partnership. Under the principles of section 318, X is deemed to own 48% of Z (80% of Y's 60% interest in Z). Thus, X controls Y. X does not control Z through X's ownership in Y. Y is a related organization with respect to X, and (absent other facts) Z is not.

**Example 3.** Same facts as in *Example 2*, except that Y is also one of three general partners of Z. Because Y controls Z through means other than ownership percentage, and X controls Y, in these circumstances, Z is a related organization with respect to X. The other general partners of Z (if organizations) are not related organizations with respect to X, absent other facts.

**Example 4.** Organizations A, B, C, and D are nonprofit organizations. Organization A appoints the board of Organization B, which appoints the board of Organization C. A majority of the board members of Organization D are also board members of Organization A. Under these circumstances, Organizations B and D are directly controlled by Organization A, and Organization C is indirectly controlled by Organization A. Therefore, Organizations B, C, and D are subsidiaries of Organization A; Organization C is also a subsidiary of Organization B; and Organizations B and C have a brother/sister relationship with Organization D.

**Example 5.** T, an exempt organization, owns 40% of the stock of U, a taxable C corporation. T and U each own 40% of the stock of V, another taxable C corporation. Under these facts, T and U are not related organizations as parent/subsidiary because T does not own more than 50% of U's stock. Under section 318(a)(2)(C), none of U's holdings are attributed to T by virtue of T's ownership of U stock, because T owns less than 50% of U stock. Thus, T and V are not related organizations as parent/subsidiary.

**Example 6.** Same facts as in Example 5, except that U is an S corporation. Under section 318(a)(5)(E), T constructively owns 16% of V through U (40% of U's 40% ownership of V), giving T a total ownership interest of 56% in V, and making T and V related organizations as parent/subsidiary.

**Example 7.** Same facts as in Example 5, except that T owns 50% of U's stock. T and U are not related organizations as parent/subsidiary because T does not own more than 50% of U's stock. Under section 318(a)(2)(C), U's holdings are attributed to T by virtue of T's 50% ownership of V's stock. Thus, T constructively owns 20% of V through U (50% of U's 40% ownership of V), giving T a total ownership interest of 70% in V, and making T and V related organizations as parent/subsidiary.

**Example 8.** F is a 501(c)(3) public charity that appoints the governing body of G, another 501(c)(3) public charity. G is supported by H, a Type III supporting organization, but G does not control H. G and H are thus related organizations because of the supporting/supported relationship. Absent other facts, F and H are not related organizations.

**Group exemption. Central organizations and subordinate organizations of a group exemption** are not required to be listed as **related organizations** in Schedule R (Form 990), Part II. All other related organizations of the central organization or of a subordinate organization are required to

be listed in Schedule R (Form 990). The following rules apply:

- An organization that is a central or subordinate organization in a group exemption (whether filing an individual return or a **group return**) is not required to list any of the subordinate organizations of the group in Part II.
- In the case of a group return, the central organization must attach a list of the subordinate organizations included in the group return in response to Form 990, page 1, Item H(b). The central organization must list in Schedule R (Form 990), Parts II-IV the related organizations of each subordinate organization other than (1) related organizations that are included within the group exemption, or (2) related organizations that the central organization knows to be included in another group exemption. If an organization is not listed because it is known to be included in another group exemption, the central organization must explain in Part VII the relationship between its own group and members and the related organization known to be included in another group exemption (but you need not include the names of such related organizations).
- An organization that is not included in a group exemption is not required to list in Part II a related organization that is included in a group exemption. Similarly, an organization that is included in a group exemption is not required to list in Part II a related organization that is included in another group exemption. In either case, the organization must explain in Part VII the relationship between it and the related organization included in another group exemption (but you need not include the names of such related organizations).

Even if a related organization is not required to be listed in Part II of Schedule R (Form 990), however, the organization must report its transactions with the related organization in Part V, as required by the Part V instructions (for example, checking "Yes" to Part V, line 1b if the organization made a grant to a related organization included in a group exemption, and reporting on Part V, line 2 the organization's receipt of interest or annuities from a **controlled entity** included in a group exemption), including listing the name of the related organization in Part V, line 2, column (a), for transactions that must be reported in line 2.

## Specific Instructions

### Part I. Identification of Disregarded Entities

Enter the details of each **disregarded entity** on separate lines of Part I. If there

are more disregarded entities to report in Part I than space available, use as many duplicate copies of Part I as needed, and number each page.

**Column (a). Name, address, and EIN.** Enter the full legal name and mailing address of the **disregarded entity**. Also enter the **employer identification number (EIN)** of the disregarded entity, if it has one.

*A disregarded entity generally must use the EIN of its sole member. An exception applies to employment taxes: for wages paid to employees of a disregarded entity, the disregarded entity must file separate employment tax returns and use its own EIN on such returns. See Regulations sections 301.6109-1(h) and 301.7701-2(c)(2)(iv).*

**Column (b). Primary activity.** Briefly describe the primary activity of the **disregarded entity**.

**Column (c). Legal domicile.** List the U.S. state (or **U.S. possession**) or foreign country in which the **disregarded entity** is organized (the state or foreign country whose law governs the disregarded entity's internal affairs).

**Column (d). Total income.** Enter the amount of the filing organization's total revenue reported in Form 990, Part VIII, line 12, column (A), attributable to the **disregarded entity**.

**Column (e). End-of-year assets.** Enter the amount of the organization's **total assets** reported in Form 990, Part X, line 16, column (B), attributable to the **disregarded entity**.

**Column (f). Direct controlling entity.** Enter the name of the entity that directly controls the disregarded entity. For instance, if B is a disregarded entity of the filing organization, and if C is a disregarded entity of B, report B as the direct controlling entity of C. If the filing organization directly controls, enter its name.

## Part II. Identification of Related Tax-Exempt Organizations

For purposes of Schedule R (Form 990), treat **governmental units** and instrumentalities and **foreign governments** as tax-exempt organizations.

Enter the details of each **related organization** on separate lines of Part II. If there are more related organizations to report in Part II than space available, use as many duplicate copies of Part II as needed, and number each page.

**Column (a). Name, address, and EIN.** Enter the related organization's full legal name, mailing address, and EIN.

**Column (b). Primary activity.** Briefly describe the primary activity of the **related organization**.

**Column (c). Legal domicile.** List the U.S. state (or **U.S. possession**) or foreign country in which the **related organization** is organized. For a corporation, enter the state of incorporation (or the country of incorporation for a foreign corporation formed outside the United States). For a trust or other entity, enter the state whose law governs the organization's internal affairs (or the foreign country whose law governs for a **foreign organization** other than a corporation).

**Column (d). Exempt Code section.** Enter the section that describes the related organization (for example, section 501(c)(3) for a **public charity**, section 501(c)(6) for a business league, or section 527 for a separate segregated fund). For purposes of Schedule R, an organization that claims exemption is treated as exempt. Also for purposes of Schedule R, treat as a section 501(c)(3) organization a related **foreign organization** recognized as a charity by the foreign country, or for which the filing organization has made a reasonable judgment (or has an opinion of U.S. counsel) that the foreign organization is described in section 501(c)(3). The filing organization is not required to make or obtain such a determination for purposes of Schedule R. For **governmental units**, instrumentalities, and **foreign governments** that do not have a section 501(c) determination letter, leave blank.

**Column (e). Public charity status.** For a related section 501(c)(3) organization, report its **public charity** status, using the appropriate line number (line 1 through 11d) corresponding to the public charity status checked on Schedule A (Form 990), Public Charity Status and Public Support, Part I. If the related organization is a **private foundation**, use the designation "PF." If the related organization is a section 509(a)(3) **supporting organization**, also indicate its type: I, II, III-FI, or III-O (for Type I, Type II, Type III functionally integrated, or Type III other, respectively).

For purposes of Schedule R, treat as a public charity a related **foreign organization** that has not been recognized as a section 501(c)(3) public charity by the IRS but for which the filing organization has made a good faith determination, based on an affidavit from the foreign organization or the opinion of counsel, that the foreign organization is the equivalent of a public charity. The filing organization is not required to make or obtain such a determination for purposes

of Schedule R; if it has not, leave column (e) blank.

**Column (f). Direct controlling entity.** Enter the name of the entity (if any) that directly controls the related organization; otherwise enter "N/A." If the filing organization directly controls, enter its name.

**Column (g). Section 512(b)(13) controlled entity.** Check "Yes" if the related organization is a **controlled entity** of the filing organization under section 512(b)(13). If not, check "No."

### Part III. Identification of Related Organizations Taxable as a Partnership

In this part, identify any **related organization** treated as a partnership for federal tax purposes. If the partnership is related to the filing organization by reason of being its parent or brother/sister and the filing organization is not a partner or member in the partnership, then complete only columns (a), (b), and (c), and enter "N/A" in columns (d), (e), (f), (g), (i), and (k).

Enter the details of each related organization on separate lines of Part III. If there are more related organizations to report in Part III than space available, use as many duplicate copies of Part III as needed, and number each page.

Some of the information requested in this part is derived from Schedule K-1 (Form 1065), Partner's Share of Income, Deductions, Credits, etc., issued to the organization. If the Schedule K-1 (Form 1065) is not available, provide a reasonable estimate of the required information.

**Column (a). Name, address, and EIN.** Enter the related partnership's full legal name, mailing address, and EIN.

**Column (b). Primary activity.** Briefly describe the primary business activity conducted, or product or service provided, by the related partnership (for example, investment in other entities, low-income housing, etc.).

**Column (c). Legal domicile.** List the U.S. state (or **U.S. possession**) or foreign country in which the related partnership is organized (the state or foreign country whose law governs the related partnership's internal affairs).

**Column (d). Direct controlling entity.** Enter the name of the entity (if any) that directly controls the related partnership; otherwise enter "N/A." If the filing organization directly controls, enter its name.

### Column (e). Predominant income.

Classify the predominant type of partnership income as:

- Related;
- Unrelated; or
- Excluded from tax under section 512, 513, or 514.

In other words, enter which of the three types listed above is more prevalent than the others.

For classification purposes, use the definitions set forth in the instructions to the Statement of Revenue in Form 990, Part VIII, columns (B), (C), and (D).

### Column (f). Share of total income.

Enter the dollar amount of the filing organization's distributive share of the related partnership's total income, in accordance with the organization's profits interest as specified by the partnership or LLC agreement, for the related partnership's **tax year** ending with or within the filing organization's tax year. Use the total amount reported by the related partnership on Schedule K-1 (Form 1065) for the partnership's tax year ending with or within the filing organization's tax year (total of Schedule K-1, Part III, lines 1 through 11 and 18, tax-exempt income).

**Column (g). Share of end-of-year assets.** Enter the dollar amount of the filing organization's distributive share of the related partnership's end-of-year **total assets**, in accordance with the organization's capital interest as specified by the partnership or LLC agreement, for the related partnership's **tax year** ending with or within the filing organization's tax year. Use Schedule K-1 (Form 1065) for the partnership's year ending with or within the organization's tax year to determine this amount by adding the organization's ending capital account to the organization's share of the partnership's liabilities at year end reported on the Schedule K-1.

**Column (h). Disproportionate allocations.** Check "Yes" if the interest of the filing organization as a partner of the partnership (or as a member of the LLC) in any item of income, gain, loss, deduction, or credit, or any right to distributions was disproportionate to the filing organization's investment in such partnership or LLC at any time during the filing organization's **tax year**. Otherwise, check "No."

**Column (i). Code V—UBI amount in box 20 of Schedule K-1 (Form 1065).** Enter the dollar amount, if any, listed as the Code V amount (**unrelated business taxable income**) in box 20 of Schedule K-1 (Form 1065) received from the related partnership for the partnership's **tax year** ending with or within the filing organization's tax year. If

no Code V amount is listed in box 20, enter "N/A."

**TIP** *If the organization has reason to believe that the stated amount in box 20 is incorrect, it should consult with the partnership. The stated amount in box 20 is not controlling with respect to the organization's unrelated business income tax liability.*

**Column (j). General or managing partner.** Check "Yes" if the filing organization was at any time during its **tax year** a general partner of a related limited partnership, or a managing partner or managing member of a related general partnership, LLC, or other entity taxable as a partnership. Otherwise, check "No."

**Column (k). Percentage ownership.** Enter the filing organization's percentage interest in the profits or in the capital of the related partnership, whichever is greater.

## Part IV. Identification of Related Organizations Taxable as a Corporation or Trust

In this part, identify any **related organization** treated as a C or S corporation or trust for federal tax purposes (such as a charitable remainder trust), other than a related organization reported as a tax-exempt organization in Part II of Schedule R (Form 990). If the corporation or trust is related to the filing organization as its parent or as a brother/sister organization, and the filing organization does not have an ownership interest in the corporation or trust, then complete only columns (a), (b), (c), and (e), and enter "N/A" in columns (d), (f), (g), and (h). Do not report trusts described within section 401(a).

Some of the information requested in this part is derived from Schedule K-1 (Form 1041), Beneficiary's Share of Income, Deductions, Credits, etc., or Schedule K-1 (Form 1120S), Shareholder's Share of Income, Deductions, Credits, etc., issued to the organization. If the Schedule K-1 is not available, provide a reasonable estimate of the required information.

Enter the details of each related organization on separate lines of Part IV. If there are more related organizations to report in Part IV than space available, use as many duplicate copies of Part IV as needed, and number each page.

**Column (a). Name, address, and EIN.** Enter the related organization's full legal name, mailing address, and EIN.

**Column (b). Primary activity.** Briefly describe the primary business activity conducted, or product or service provided, by the **related organization** (for example,

holding company, **management company**).

**Column (c). Legal domicile.** List the U.S. state (or **U.S. possession**) or foreign country in which the **related organization** is organized. For a corporation, enter the state of incorporation (or the country of incorporation for a foreign corporation formed outside the United States). For a trust or other entity, enter the state whose law governs the organization's internal affairs (or the foreign country whose law governs for a **foreign organization** other than a corporation).

**Column (d). Direct controlling entity.** Enter the name of the entity (if any) that directly controls the related organization; otherwise enter "N/A." If the filing organization directly controls, enter its name.

**Column (e). Type of entity.** Use one of the following codes to indicate the tax classification of the related organization: C (corporation or association taxable under subchapter C), S (corporation or association taxable under subchapter S), or T (trust, including a split-interest trust).

**Column (f). Share of total income.** For a **related organization** that is a C corporation, enter the dollar amount of the organization's share of the C corporation's total income. To calculate this share, multiply the total income of the C corporation (as reported on its Form 1120, U.S. Corporation Income Tax Return) by the following fraction: the value of the filing organization's shares of all classes of stock in the C corporation, divided by the value of all outstanding shares of all classes of stock in the C corporation. The total income is for the related organization's **tax year** ending with or within the filing organization's tax year.

For a related organization that is an S corporation, enter the filing organization's allocable share of the S corporation's total income. Use the amount on Schedule K-1 (Form 1120S) for the S corporation's tax year ending with or within the filing organization's tax year (Part III, lines 1 through 10 of Schedule K-1 (Form 1120-S)).

For a related organization that is a trust, enter the total income and gains reported on Part III, lines 1 through 8 of Schedule K-1 (Form 1041) issued to the filing organization for the trust's tax year ending with or within the filing organization's tax year.

**TIP** *A section 501(c)(3) organization that is an S corporation shareholder must treat all allocations of income from the S corporation as **unrelated business income**, including gain on the disposition of stock.*

**Column (g). Share of end-of-year assets.** Enter the dollar amount of the filing organization's allocable share of the **related organization's total assets** as of the end of the related organization's **tax year** ending with or within the filing organization's tax year. For related C and S corporations, this amount is determined by multiplying the corporation's end-of-year total assets by the fraction described in column (f). For related trusts, this amount corresponds to the filing organization's percentage ownership in the trust.

**Column (h). Percentage ownership.** For a **related organization** taxable as a corporation, enter the filing organization's percentage of stock ownership in the corporation (total combined voting power or total value of all outstanding shares, whichever is greater). For a related S corporation, use the percentage reported on Schedule K-1 (Form 1120S) for the year ending with or within the filing organization's **tax year**. For a related organization taxable as a trust, enter the filing organization's percentage of beneficial interest. In each case, enter the percentage interest as of the end of the related organization's tax year ending with or within the filing organization's tax year.

**Column (i). Section 512(b)(13) controlled entity.** Check "Yes" if the **related organization** is a **controlled entity** of the filing organization under section 512(b)(13). If not, check "No."

**Split-interest trusts.** If the related organization is a split-interest trust described in section 4947(a)(2), the organization may enter in column (a) the term "Charitable remainder trust," "Charitable lead trust," or "Pooled income fund," as appropriate, instead of the trust's name, EIN, or address. If the organization was related to more than one of a certain type of related split-interest trust during the tax year, it should enter the number of that type of trust in parentheses after the name. For instance, if the organization had two related charitable remainder trusts and three related charitable lead trusts, it should enter "Charitable remainder trusts (2)" on one line of column (a) and "Charitable lead trusts (3)" on another line in column (a). The organization may leave columns (e), (f), (g), and (h) blank for these lines. Use Part VII if the organization needs space to provide additional information for columns (b), (c), (d), or (i).

## Part V. Transactions With Related Organizations

**Line 1.** Check "Yes" in the appropriate boxes of line 1 if the filing organization engaged in any of the transactions listed in Part V with any **related organizations**

(other than disregarded entities listed in Part I). A single transaction may be described by and reported in more than one line. A "transfer," for purposes of Part V, lines 1r and 1s, includes any conveyance of funds or property not described in lines 1a through 1q, whether or not for consideration, such as a merger with a related organization.

**Line 2.** The filing organization must report on this line any of the following transactions that it engaged in with a **controlled entity** of the filing organization, as defined in section 512(b)(13), during the **tax year**.

- All transactions described in line 1a, which includes all receipts or accruals of interest, annuities, royalties, or rent from a controlled entity under section 512(b)(13), regardless of amount.
- Any other type of transaction described in lines 1b through 1s with controlled entities, if the amounts involved during the tax year between the filing organization and a particular controlled entity exceed \$50,000 for that type of transaction.

Section 501(c)(3) organizations must also report on line 2 transactions described in Part V, lines 1b through 1s that they engaged in with related tax-exempt organizations not described in section 501(c)(3) (including section 527 political organizations), if the amounts involved during the tax year between the filing organization and a particular related tax-exempt organization exceed \$50,000.

Enter the details of each related organization and each transaction type on a separate line of the table. If there are more related organizations or transaction types to report than space available, use as many duplicate copies of Part V as needed, and number each page. Transactions of a specified type described in lines 1b through 1s with a particular organization do not need to be reported if the total amount of transactions of such type during the tax year did not exceed \$50,000.

**Column (a). Name of related organization.** Enter the full legal name of the related organization.

**Column (b). Transaction type (a-s).** Enter the transaction type (lines 1a through 1s). Aggregate all transactions of the same type with the same related organization.

**Column (c). Amount involved.** The amount involved in a transaction is the **fair market value** of the services, cash, and other assets provided by the filing organization during its **tax year**, or the fair market value received by the filing organization, whichever is higher, regardless of whether the transaction was entered into by the parties in a prior year.

Any reasonable method for determining such amount is acceptable.

**Column (d). Method of determining amount involved.** Describe the method used to determine the value of the services, cash, and other assets reported in column (c).

**Split-interest trusts.** If the organization engaged in a type of transaction reportable in Part V, line 2 with one or more split-interest trusts described in section 4947(a)(2), the organization may enter in column (a) the term "Charitable remainder trust," "Charitable lead trust," or "Pooled income fund," as appropriate, instead of the trust's name. For instance, if the organization carried a \$100,000 liability for a loan it received from a related charitable lead trust, it should enter "Charitable remainder trust" in column (a), transaction type "e" in column (b), and "\$100,000" in column (c). Multiple transactions of the same type with the same type of split-interest trust may be aggregated on the same line, with the number of each type of trust listed in parentheses. For instance, if the organization received \$60,000 from one related charitable remainder trust as payment for investment services and \$70,000 from another related charitable remainder trust as payment for investment services during the tax year, it may enter "Charitable remainder trusts (2)" in column (a), transaction type "i" in column (b), and "\$130,000" in column (c).

## Part VI. Unrelated Organizations Taxable as a Partnership

In this part, provide information on any **unrelated organization** (an organization that is not a related organization with respect to the filing organization) that meets all of the following conditions.

1. The unrelated organization is treated as a partnership for federal tax purposes (S corporations are excluded).
2. The filing organization was a partner or member of the unrelated partnership at any time during the filing organization's **tax year**.
3. The filing organization conducted more than 5% of its activities, based on the greater of its **total assets** at the end of its tax year or its total revenue for its tax year, through the unrelated partnership.

In determining the percentage of the filing organization's activities as measured by its total assets, use the amount reported on Form 990, Part X, line 16, column (B) as the denominator, and the filing organization's ending capital account balance for the partnership tax year ending with or within the filing organization's tax year as the numerator

(the amount reported on Schedule K-1 (Form 1065) can be used). In determining the percentage of the filing organization's activities as measured by its total revenue, use the amount reported on Form 990, Part VIII, line 12, as the denominator, and the filing organization's **distributive share** of the partnership's gross revenue for the partnership tax year ending with or within the filing organization's tax year as the numerator.

**Example.** X, a section 501(c)(3) organization, is a partner of Y, an unrelated partnership, which conducts an activity that constitutes an **unrelated trade or business** with respect to X. X's distributive share of Y's total income is \$60,000 for Y's tax year ending with or within X's tax year. X has an ending capital account balance in Y of \$120,000 as reported on Schedule K-1 (Form 1065). X's total revenue and total assets for its tax year are \$1,000,000 and \$1,200,000, respectively. Because X's total assets exceed X's total revenue for its tax year, X must consider total assets in determining whether X conducted more than 5% of its activities through Y for X's tax year. X conducted 10% of its activities through Y, as measured by X's total assets (\$120,000/\$1,200,000), and thus must identify Y in Schedule R (Form 990), Part VI, and provide the required information. If, instead, X's total revenue for its tax year was \$1,300,000, then total revenue would be considered rather than total assets; X's activities conducted through Y, as measured by X's total revenue (\$60,000/\$1,300,000) would not be greater than 5% of X's total activities, and therefore X would not be required to identify Y in Schedule R (Form 990), Part VI.

Disregard unrelated partnerships that meet both of the following conditions.

1. 95% or more of the filing organization's total revenue from the partnership for the partnership's tax year ending with or within the organization's tax year is described in sections 512(b)(1)–(3) and (5), such as interest, dividends, royalties, rents, and capital gains (including unrelated debt-financed income).
2. The primary purpose of the filing organization's investment in the partnership is the production of income or appreciation of property and not the conduct of a section 501(c)(3) charitable activity such as program-related investing.

Enter the details of each organization on separate lines of Part VI. If there are more organizations to report in Part VI than space available, use as many duplicate copies of Part VI as needed, and number each page.

Some of the information requested in this part is derived from Schedule K-1 (Form 1065) issued to the organization. If the Schedule K-1 is not available, provide a reasonable estimate of the required information.

**Column (a). Name, address, and EIN.**

Enter the unrelated partnership's full legal name, mailing address, and EIN.

**Column (b). Primary activity.** Briefly describe the primary business activity conducted, or product or service provided, by the unrelated partnership.

**Column (c). Legal domicile.** List the U.S. state (or **U.S. possession**) or foreign country in which the unrelated partnership is organized (the state or foreign country whose law governs the unrelated partnership's internal affairs).

**Column (d). Predominant income.**

Classify the predominant type of income as:

- Related;
- Unrelated; or
- Excluded from tax under sections 512, 513, or 514.

In other words, enter one of the three types of income listed above that is more prevalent than the others. For classification purposes, use the definitions set forth in the instructions to the Statement of Revenue in Form 990, Part VIII, columns (B), (C), and (D).

**Column (e). Section 501(c)(3) partners.** Check "Yes" if all the partners of the unrelated partnership (or members of the LLC) are section 501(c)(3) organizations or **governmental units** (or wholly-owned subsidiaries of either). Otherwise, check "No."

**Column (f). Share of total income.**

Enter the dollar amount of the filing organization's distributive share of the related partnership's total income, in accordance with the organization's profits interest as specified by the partnership or LLC agreement, for the related partnership's **tax year** ending with or within the filing organization's tax year.

Use the total amount reported by the related partnership on Schedule K-1 (Form 1065) for the partnership's tax year ending with or within the filing organization's tax year (total of Schedule K-1, Part III, lines 1 through 11 and line 18, tax-exempt income).

**Column (g). Share of end-of-year assets.**

Enter the dollar amount of the filing organization's distributive share of the unrelated partnership's **total assets**, in accordance with the filing organization's capital interest as specified by the partnership or LLC agreement, as of the end of the unrelated partnership's **tax year** ending with or within the filing organization's tax year. Use the ending capital account reported on Schedule K-1 (Form 1065) for the year ending with or within the filing organization's tax year.

**Column (h). Disproportionate allocations.**

Check "Yes" if the interest of the filing organization as a partner of the partnership (or as a member of the LLC) in any item of income, gain, loss, deduction, or credit, or any right to distributions was disproportionate to the organization's investment in such partnership or LLC at any time during the filing organization's **tax year**. Otherwise, check "No."

**Column (i). Code V—UBI amount in box 20 of Schedule K-1 (Form 1065).**

Enter the dollar amount, if any, listed as the Code V amount (**unrelated business taxable income**) in box 20 of Schedule K-1 (Form 1065) received from the unrelated partnership for the partnership's **tax year** ending with or within the filing organization's tax year. If no Code V amount is listed in box 20, enter "N/A."

*If the organization has reason to believe that the stated amount in box 20 is incorrect, it should consult with the partnership. The stated amount in box 20 is not controlling with respect to the organization's unrelated business income tax liability.*

**Column (j). General or managing partner.**

Check "Yes" if the filing organization was at any time during its **tax year** a general partner of an unrelated limited partnership, or a managing partner or managing member of an unrelated general partnership, LLC, or other entity taxable as a partnership. Otherwise, check "No."

**Column (k). Percentage ownership.**

Enter the filing organization's percentage interest in the profits or in the capital of the related partnership, whichever is greater.

## Part VII. Supplemental Information

Use Part VII if the organization needs space to provide additional information in response to questions in Schedule R (Form 990). In Part VII, identify the specific part and line number that each response supports, in the order in which those parts and lines appear on Schedule R (Form 990). Part VII can be duplicated if more space is needed.
