Issue 16 | December 2019

We are pleased to present our findings from the 2019 KPMG Global Tax Disputes Benchmarking Survey, with the Global Tax Disputes Benchmarking Report.

Developed as part of KPMG International's broader tax benchmarking initiative, this special report offers you:

- An in-depth look into the issues faced by those who manage their company's tax disputes;
- Insights into the processes, practices and resources companies have put in place to address these issues;
- Inside views into the structure, governance, priorities and performance measures of tax departments today.

With insights into how leading tax departments expect to transform in the next 5 years, which this report provides, we believe you will also start to think how your company should be reshaping its tax/finance department to better manage tax risks and also bring more value to the business. We will be happy to have a chat with you on how your company can go about doing so.
