INTRODUCTION AND BACKGROUND

1. KPMG Inc. (“**KPMG**” or the “**Monitor**”) was appointed as Monitor pursuant to the order (the “**Initial Order**”) issued by this Honourable Court on December 7, 2015 (the “**Filing Date**”) in respect of the motion (the “**Application**”) filed by Walter Energy Canada Holdings, Inc. (“**WECH**”), Walter Canadian Coal ULC (“**WCC**”), Wolverine Coal ULC (“**WC**”), Brule Coal ULC (“**BC**”), Cambrian Energybuild Holdings ULC, Willow Creek Coal ULC (“**WIC**”), Pine Valley Coal Ltd. (“**PVC**”) and 0541237 BC Ltd. (collectively, the “**Petitioners**”) under the *Companies’ Creditors Arrangement Act*, R.S.C 1985, c. C-36, as amended (the “**CCAA**”) granting, *inter alia*, a stay of proceedings (the “**Stay**”) until January 6, 2016. Pursuant to the Initial Order, the Stay and certain other relief was extended to certain of the Petitioners’ partnerships and affiliates listed on Schedule “**A**” hereto (collectively with the Petitioners, “**Walter Canada**”). The proceedings brought by the Petitioners under the CCAA will be referred to herein as the “**CCAA Proceedings**”.
2. Walter Canada’s background information and the reasons for which the Petitioners filed the Application to commence the CCAA Proceedings were discussed, amongst other things, in the Pre-Filing Report of the Proposed Monitor which KPMG filed on December 7, 2015 (the “**Pre-Filing Report**”). Additional details regarding Walter Canada’s background and the Application was provided in the Affidavit of William G. Harvey sworn December 4, 2015, a copy of which can be found on Monitor’s website at www.kpmg.com/ca/walterenergycanada (the “**Monitor’s Website**”). For ease of reference for Walter Canada’s creditors and other stakeholders, a copy of the Pre-Filing Report (without appendices) is attached hereto as Schedule “**B**” and a complete copy, including the appendices, can be found on the Monitor’s Website.

Summary of Matters Arising During the CCAA Proceedings

10. Also on August 11, 2016, the Monitor prepared its Confidential Supplemental Report to the Fourth Report (the “**First Confidential Report**”) in which it provided certain additional details in respect of the Bids and Liquidation Proposals, along with the Monitor’s corresponding analysis.
11. On August 15, 2016, on application by the Petitioners, this Honourable Court granted an order sealing the First Confidential Report, as well as the Affidavit #4 of Mr. William E. Aziz sworn August 9, 2016, until further order of this Honourable Court.

15. On December 5, 2016, KPMG filed the Sixth Report of the Monitor (the “**Sixth Report**”) which included, amongst other things, a discussion of the process undertaken by Walter Canada, the CRO and the Monitor to obtain offers in respect of Walter Canada’s remaining assets (the “**Remaining Assets**”) after the closing of the Conuma Transaction (the “**Remaining Asset Sale Process**”), the CRO’s selection of the Bid (the “**Amacon Bid**”) submitted by 1098138 B.C. Ltd. and guaranteed by Amacon Land Corporation (taken together, “**Amacon**”), Walter Canada’s application for approval to enter into the proposed restructuring transaction with Amacon (the “**Amacon Transaction**”) pursuant to the Term Sheet executed on November 28, 2016 (the “**Term Sheet**”), and the Monitor’s observations and recommendations in respect of Walter Canada’s motion returnable December 7, 2016.
16. Also on December 5, 2016, the Monitor prepared its Confidential Supplemental Report to the Sixth Report (the “**Second Confidential Report**”) in which it provided certain confidential information to this Honourable Court in respect of the reasons for the selection of the Amacon Bid by the CRO and the Monitor’s support for that selection, as well as certain details regarding the other LOIs and Bids which were submitted pursuant to the Remaining Asset Sale Process.
17. On December 7, 2016, on application by the Petitioners, this Honourable Court granted the following orders:
 - a) an order (the “**Sealing Order**”) sealing the Second Confidential Report until further order of this Honourable Court; and
 - b) an order (the “**New Walter Group Procedure Order**”) which, amongst other things:
 - i. approved the Amacon Transaction and authorized Walter Canada to take such additional steps and execute such additional documents as may be necessary or desirable to complete the Amacon Transaction;
 - ii. authorized but did not direct each of the Walter Canada entities to make an assignment in bankruptcy;

- iii. authorized the formation of certain new entities pursuant to the Term Sheet (thereby creating the “**New Walter Group**”) and deemed each of the New Walter Group entities to, upon formation, be a debtor company (as defined in the CCAA), added as a Petitioner in the CCAA Proceedings and be subject to the CCAA charges and, amongst other things, extended the appointment of the Monitor to the New Walter Group; and
 - iv. deemed the CRO to have been engaged by the New Walter Group effective on the formation of the New Walter Group and terminated the appointment of the CRO in respect of such members of Walter Canada which make an assignment in bankruptcy, effective immediately before the bankruptcy.
18. The New Walter Group entities were formed on December 8, 2016.
19. Terms not specifically defined herein shall have the meanings as defined in the First Report, the Second Report, the Third Report, the Fourth Report, the Fifth Report and the Sixth Report (collectively, the “**Previous Reports**”), the SISP or the Claims Process Order.
20. Copies of the Previous Reports, as well as further information regarding these CCAA Proceedings, can be found on the Monitor’s Website.

PURPOSE OF THE MONITOR’S REPORT

21. This Seventh Report of the Monitor (the “**Seventh Report**”) has been prepared by KPMG in its capacity as Monitor, as well as in its capacity as the proposed Bankruptcy Trustee and the proposed Proposal Trustee (each as subsequently defined), as a special purpose report to provide this Honourable Court and Walter Canada’s stakeholders with additional details in respect of the following steps which are required to be taken in order to implement the Amacon Transaction:
- a) A discussion of the terms of the joint proposal which is expected to be filed pursuant to the *Bankruptcy and Insolvency Act* (“**BIA**”) on behalf of certain members of Walter Canada (the “**Proposal**”) as part of the process of implementing the Amacon Transaction;

- b) Comments regarding certain proposed procedural steps in the bankruptcy and in respect of the Proposal which Walter Canada believe are necessary to be able to successfully complete the Amacon Transaction (the “**Proposed Procedural Amendments**”); and
- c) The Monitor’s observations and recommendations in respect of the Proposal and the Proposed Procedural Amendments.

REPORT RESTRICTIONS AND SCOPE LIMITATIONS

- 22. In preparing this report, the Monitor has been provided with, and has relied upon, unaudited financial information, books and records and financial information prepared by Walter Canada and/or certain of its affiliates, discussions with management of Walter Canada (“**Management**”) and information from other public third-party sources (collectively, the “**Information**”). The Monitor has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards pursuant to the *Chartered Professional Accountants Canada Handbook* and, accordingly, the Monitor expresses no opinion or other form of assurance in respect of the Information.
- 23. The information contained in this report is not intended to be relied upon by any prospective purchaser or investor in any transaction with Walter Canada.
- 24. Unless otherwise stated, all monetary amounts contained herein are expressed in Canadian Dollars.

FILING OF AND TERMS OF THE PROPOSAL

- 25. In the Sixth Report, the Monitor discussed the terms of the Amacon Bid and the procedural steps required to implement the Amacon Transaction pursuant to the Term Sheet, including the anticipated assignment in bankruptcy by certain Walter Canada entities and the subsequent filing of the Proposal. These matters are also described in detail in the 5th Affidavit of Mr. William E. Aziz (the “**Aziz Affidavit**”).

26. The Amacon Transaction will create additional value for Walter Canada's creditors and other stakeholders in the amount of \$17,350,000 plus the cost of certain securities held by WECH of approximately \$200,000. This value can only be obtained if the Amacon Transaction closes prior to December 31, 2016. Accordingly, the Amacon Transaction requires numerous restructuring and procedural steps to take place on an expedited basis.
27. Walter Canada contemplates the first step in the restructuring process will be for each of the members of Walter Canada with the exception of Cambrian Energybuild Holdings ULC (the "**UK Interest**"), (each of those eleven entities being an "**Old Walter Entity**"), to make an assignment in bankruptcy (the "**Bankruptcy Proceedings**") on or before December 13, 2016, with KPMG Inc. being appointed as trustee for each of the eleven bankruptcy estates (in such capacity, the "**Bankruptcy Trustee**") and that the Bankruptcy Trustee shall immediately thereafter apply to this Honourable Court for an Order (the "**BIA Procedural Order**") to, amongst other things which shall be discussed subsequently, procedurally consolidate the eleven estates under one Court file and approve certain procedural steps. For clarity, no member of the New Walter Group will be making an assignment in bankruptcy and Belcourt Saxon Coal Ltd. and Belcourt Saxon Coal Limited Partnership (together, the "**Belcourt Interest**"), which are not Walter Canada entities, will not be making an assignment in bankruptcy.
28. Upon the granting of the BIA Procedural Order by this Honourable Court, the proposed restructuring steps require that the Bankruptcy Trustee file the Proposal with the Official Receiver on behalf of the Old Walter Entities. The Proposal contemplates that KPMG Inc. shall be appointed as the trustee (in such capacity, the "**Proposal Trustee**") in the proposal proceedings (the "**Proposal Proceedings**").
29. As noted in the Sixth Report, Walter Canada and Amacon were still in the process of finalizing the terms of the Proposal as at the date of that report. A copy of the current draft form of the Proposal as at December 10, 2016 is attached hereto as Schedule "**C**". The Monitor understands that the attached draft Proposal is in substantially final form but remains subject to further revision by Walter Canada in consultation with Amacon and other stakeholders, each of whom are in the process of reviewing the Proposal. However, given the proposed expedited timeline for the filing of and voting in respect of the

Proposal (as subsequently discussed), the Monitor, as the proposed Proposal Trustee, is providing to Walter Canada's various stakeholders the following summary of the expected terms of the Proposal. Based on Walter Canada's and Amacon's current timeline, the meeting of Walter Canada's creditors (the "**Creditors' Meeting**") will be held on or about December 15, 2016 to consider and vote for the acceptance or rejection of the Proposal. Any terms not specifically defined herein are as defined in the attached Proposal.

30. The Proposal contemplates the transfer of the Transferred Assets to New Walter and the deeming of the Deemed Claims against New Walter. Deemed Claims consist of all Claims other than any: (i) Claims that have already been barred pursuant to the terms of the Claims Process Order; (ii) liabilities for any priority claims, including crown claims and all priority employee claims that have been allowed in the Claims Process and all claims against any member of Walter Canada or a trustee in bankruptcy for obligations incurred after the date of bankruptcy (the "**Priority Claims**") and (iii) certain liabilities which shall continue against Walter Canada (the "**Residual Liabilities**").
31. An integral component of the Amacon Transaction is that the New Walter Group will be formed to replicate the existing Walter Canada group. The New Walter Group will be liable for all Deemed Claims. The deeming of the Deemed Claims will preserve the claims of creditors against each member of Walter Canada by causing the applicable member of the New Walter Group to be liable for such claim and for the stakeholders to have the same claim against the Transferred Assets as it currently has against the members of Walter Canada and their assets. In addition, any person's entitlement to seek recourse with respect to transfers at undervalue or preferences pursuant to sections 38 and 95-101 of the BIA and any equivalent provincial statute as against an Old Walter Entity is preserved as against the corresponding member of the New Walter Group. The New Walter Group and the Transferred Assets will continue in the place and stead of Walter Canada for all purposes in the CCAA Proceedings, including for the purposes of finally determining all Claims pursuant to the Claims Process Order and for the ultimate distribution to Affected Claimants.
32. The key terms of the Proposal as at December 10, 2016 are set out in the table beginning on the following page:

Summary of Key Terms of the Proposal

Distributions to Creditors	<ul style="list-style-type: none"> • No distributions will be made to the Old Walter Entities' creditors generally. Any distributions to general creditors of the Old Walter Entities will be completed at a later date within the CCAA Proceedings by the New Walter Group. The only distributions contemplated under the Proposal are the payment in full of the following Priority Claims: <ul style="list-style-type: none"> i) Any Priority Employee Claims and which are required to be paid under subsection 60(1.3) of the BIA; ii) Any Crown Claims that are Allowed Claims which are required to be paid under subsection 60(1.1) of the BIA; and iii) Certain post-bankruptcy date claims which may arise against either the Old Walter Entities or the Bankruptcy Trustee prior to the annulment of the bankruptcy of any of the Old Walter Entities.
Implementation of Term Sheet Transaction Steps	<ul style="list-style-type: none"> • The terms of the Proposal (under Article 4 of the Proposal) are designed to effect the implementation of certain of the transaction steps set out in the Term Sheet, and include the following: <ul style="list-style-type: none"> i) Amacon becomes, through completion of certain steps, the sole shareholder of WECH and WEI's shares of WECH are repurchased for no consideration; ii) All obligations owing by WECH to WEI under the \$2 billion promissory note as part of the Hybrid Debt Structure the "Promissory Note") shall be released, extinguished and discharged; iii) Payment shall be made from the Old Walter Entities to the Monitor for all amounts owed in respect of any Priority Claims that are Allowed Claims, and the Monitor shall pay all such Priority Claims and the levy payable under section 47 of the BIA within the time period prescribed by the BIA; iv) Each of the applicable New Walter Group entities shall be deemed liable for all Deemed Claims of the corresponding Old Walter Entity; v) New Walter will be deemed liable for the Deemed Interest Amount, being an amount calculated with reference to the outstanding interest owing on the Promissory Note, provided however that such Deemed Interest Amount shall be subject to the Claims Process Order and shall have the same status as that claim;

<p>Implementation of Term Sheet Transaction Steps (continued)</p>	<p>vi) All of the Transferred Assets are to then be transferred and deemed transferred from the Old Walter Entities to the applicable member(s) of the New Walter Group. Transferred assets including the Purchase Price, the UK Interest, the Belcourt Interest, cash on hand, accounts receivable, deposits, retainers, refundable taxes, certain records and information, and any person’s entitlement to seek recourse pursuant to sections 38 and 95-101 of the BIA shall be deemed to be transferred to the New Walter Group in a manner that replicates the existing ownership structure of those assets in all material respects;</p> <p>vii) Any remaining directors and officers of any of the Old Walter Entities are deemed to resign, and new directors (to be nominated by Amacon) shall be appointed as directors of the applicable Old Walter Entities;</p> <p>viii) All remaining liabilities or Claims (other than the Residual Liabilities) against any of the Old Walter Entities, as well as all Directors/Officers Claims (other than those that cannot be released pursuant to section 50(14) of the BIA), shall be released, discharged and extinguished; and</p> <p>ix) After all of the above steps are completed, the bankruptcies of the Old Walter Entities shall be annulled and all of the Bankruptcy Trustee’s right, title and interest in the Residual Assets shall re-vest in the applicable Old Walter Entity.</p>
<p>Creditors’ Meeting and Voting</p>	<ul style="list-style-type: none"> • The Creditors’ Meeting is expected to be held on or about December 15, 2016. • All Affected Claimants (other than Affected Claimants with Insolvency Claims, i.e., the restructuring professionals), which includes parties with disputed claims, shall be entitled to vote their Claims (whether or not they are Allowed Claims) in respect of the Proposal, either in person or by proxy. Certain Claimants are considered to not be Affected Claimants and, accordingly, will not be entitled to vote at the Creditors’ Meeting. • There shall be one single class of creditors for voting in respect of the Proposal, consisting of the Claims of all Affected Claimants (other than Affected Claimants with Insolvency Claims). • The Proposal shall be accepted if it is accepted by a majority in number of the Affected Claimants who voted in respect of the Proposal at the Creditors’ Meeting, in person or by proxy, and representing not less than two thirds in value of the Claims of the Affected Claimants who voted in respect of the Proposal at the Creditors’ Meeting. • The Affected Claimants with Allowed Claims may appoint between one and five inspectors at the Creditors’ Meeting.

<p>Confirmation and Implementation of Proposal</p>	<ul style="list-style-type: none"> • The Proposal Trustee shall, forthwith upon approval of the Proposal by the Requisite Majority of Affected Claimants, seek the BIA Proposal Approval Order from this Honourable Court. • The Proposal Trustee shall thereupon implement the Proposal, subject to the satisfaction of certain conditions precedent, the majority of which may be waived by Amacon and the New Walter Group, with the consent of the Proposal Trustee. Upon the completion of the required steps under the Proposal, The Proposal Trustee shall prepare and deliver to Amacon, the Old Walter Entities, the New Walter Group and the Official Receiver a certificate stating that these conditions have been satisfied or waived, and file a copy of that certificate with this Honourable Court.
<p>Modification of Proposal</p>	<ul style="list-style-type: none"> • The Proposal includes provisions to permit modifications to the Proposal by Amacon and the New Walter Group, in consultation with the Proposal Trustee, at any time after the Creditors' Meeting without an Order of this Honourable Court or providing notice to the Affected Claimants, but only if the Proposal Trustee determines that such modifications would not materially prejudice the interests of the Affected Claimants and are necessary in the circumstances. • The Proposal Trustee shall post any such amended Proposal on its website as soon as possible and also provide notice of such posting to all known Claimants.

33. As at the date of this report, the Monitor is not aware of any Priority Claims that are quantified and that would be paid pursuant to terms of the Proposal. However, as noted in the Fifth Report, the Canada Revenue Agency (“**CRA**”) is in the process of conducting a trust examination in respect of a potential Crown Claim for 2014 to 2016 payroll source deductions. Under the terms of the Proposal, any such Crown Claim would be a Deemed Claim against the applicable member of the New Walter Group.
34. On December 10, 2016, Walter Canada and Amacon finalized the terms of an agreement (the “**Letter of Support**”), which remains subject to approval by this Honourable Court, which provides that Amacon will subscribe for 2,500,000 common shares (the “**Shares**”) in the capital of Walter Canada for a purchase price of \$25,000 prior to the date of the assignment into bankruptcy (instead of after the assignment) of certain Walter Canada entities. In the event that the Amacon Transaction is not completed, Amacon granted to Walter Canada an option to repurchase the Shares for an aggregate repurchase price of \$1.00 to ensure that Walter Canada is put back in the same position it was in prior to the

transfer of the Shares. The Monitor supports Walter Canada's application to have the Letter of Support approved by this Honourable Court, which is expected to be heard on December 12, 2016.

35. The Monitor, as the proposed Bankruptcy Trustee, considered the following in determining that, in its view, it is reasonable and appropriate in the circumstances for the Proposal to be filed as a joint proposal of all of the Old Walter Entities:

- a) The Old Walter Entities, as at the Filing Date, were effectively managed and directed by one directing mind being the sole director with the assistance of the CRO;
- b) The cost efficiencies to be achieved by the filing and administration of only one joint Proposal as compared with the added costs of filing and administering eleven separate Proposals (one for each of the Old Walter Entities); and
- c) The purpose of the Proposal, which is to facilitate the transfer of the Transferred Assets to the New Walter Group from the Old Walter Entities and the deeming of the Deemed Claims of the Affected Claimants against the New Walter Group such that those Affected Claimants' Claims are unaffected by the Amacon Transaction. Those Affected Claimants whose Claims are finally determined to be Allowed Claims under the Claims Process Order shall share in any distributions to be made in the CCAA Proceedings at a later date in the same manner as they would if the Amacon Transaction does not occur, except that the pool of funds available for distribution to those Affected Creditors will be larger if the transaction with Amacon is completed.
- d) The Monitor notes that the amount of any such distribution is not known at this time. A number of Claims have not yet been determined to be Allowed Claims, and in particular, Walter Canada's dispute regarding the Claim filed by the United Mine Workers of America 1974 Pension Plan and Trust (the "**1974 Pension Plan**") is ongoing. The outcome of that dispute will have a significant impact on the recoveries of Affected Claimants.

The Monitor's Concluding Comments Regarding the Proposal

36. In the Sixth Report, the Monitor, in providing its recommendation to this Honourable Court that the Amacon Transaction be approved, stated that it was of the view that the Amacon Bid represented the best combination of price and likelihood of being capable of resulting in a transaction being completed by December 31, 2016 as compared with the other Bids which were submitted pursuant to the Remaining Asset Sale Process.
37. The terms of the current form of the Proposal are generally consistent with the terms of the Term Sheet in respect of facilitating the necessary steps to complete the Amacon Transaction by December 31, 2016, while at the same time preserving the Claims of Affected Claimants against the New Walter Group in a manner which will leave them unaffected by the Proposal while providing the benefit of increasing the total pool of cash available for distribution to Walter Canada's creditors.
38. Furthermore, the outcome for Walter Canada's creditors under the Proposal is better than it would be in a bankruptcy because neither the Amacon Transaction nor any of the competing Bids submitted in the Remaining Asset Sale Process appear to be capable of being completed in a bankruptcy of the Walter Canada entities that did not also involve a proposal substantially similar to the Proposal. Accordingly, the Monitor expects that minimal proceeds from the Remaining Assets that are the subject of the Amacon Bid would be generated in a bankruptcy that did not also involve a proposal substantially similar to the Proposal. Provided in the table on the following page is a comparison of the preliminary estimate (on a consolidated basis and for illustrative purposes only) of the potential recovery to Affected Claimants if the Amacon Transaction under the Proposal is completed (with an eventual distribution by the New Walter Group) as compared with the potential recovery if a sale of the Remaining Assets were to occur in bankruptcy.

Total Potential Allowed Claims		1,234,361	1,234,361
Estimated Recovery to Affected Claimants prior to outstanding and future professional fees and other costs		5.8%	4.3%

39. As illustrated and described above, the contingent Claim of the 1974 Pension Plan has been included in the analysis to calculate potential distributions in the event that this claim is successfully proven. However, this claim is currently being challenged by Walter Canada. If the claim of the 1974 Pension Plan is found not to be a provable claim, it is anticipated that all creditors of Walter Canada will be paid in full (other than the creditor who is owed unpaid interest on the Promissory Note).
40. The Monitor notes as follows in respect of the above table:
- a) The opening cash balance represents monies held by the Monitor as at December 7, 2016 with all U.S. dollar holdings converted at current exchange rates;
 - b) Additive to the Proposal scenario is the collection of the Purchase Price of \$17,350,000, plus the sum of \$200,000 worth of investments that will remain in the Old Walter Entities;

- c) Walter Canadian Coal Partnership holds ownership interests in the UK Interest and the Belcourt Interest. A sale of the Belcourt Interest is anticipated to be completed and proceeds from the sale are included in current cash holdings out of the Conuma Transaction. While transactions may be completed for the sale of the UK Interest in the future there is no certainty that any realizations will be generated, and, accordingly, no realizations have been inserted for purposes of this analysis;
- d) Walter Canada's GST accounts are currently in a net credit position totaling approximately \$900,000. However, CRA has advised the Monitor that it is reviewing the accounts and is suspending payment until a conclusion of the review is reached;
- e) As previously discussed, the CRA is in the process of performing a trust examination related to a potential Crown Claim in respect of 2014, 2015 and 2016 payroll source deductions. Any such claim would enjoy a priority (as a deemed trust claim) over Walter Canada's creditors in both a bankruptcy and proposal scenario. CRA's claim in this regard has not been quantified at the date of this report;
- f) Unpaid success fees are owed to the CRO in the amount of US\$1.13 million and are secured under the Success Fee Charge granted pursuant to the January 5 Order;
- g) The balance of professional fees which are secured under the Administration Charge to a maximum of \$2.5 million pursuant to the Initial Order includes amounts owing to date as well as the expected fees to be incurred to the completion of the estates. Such costs have not been estimated for purposes of this report;
- h) Allowed Claims represent those Claims to which the Monitor has not filed a Notice of Revision or Dispute with the applicable Claimant and/or the Claimant has accepted the Notice of Revision or Dispute;

- i) Disputed claims represent those Claimants who responded with Notices of Dispute to the Monitor's Notices of Revision or Dispute by the required deadline. The Monitor is in the process of reviewing the Notices of Dispute received with Walter Canada; and
 - j) Unresolved claims represents one claim received from a First Nations group after the Claims Bar Date which is under review by Walter Canada and the Monitor.
41. Excluded currently from the above analysis is any accrued but unpaid interest on the Promissory Note that may be due by WECH. Pursuant to the Proposal, interest on the Promissory Note will only be relevant for distribution purposes in the event the 1974 Pension Plan claim is unsuccessful, and, accordingly such interest has not been considered herein. The impact of the interest on the Promissory Note on the distribution to Affected Claimants is anticipated to be negligible if the 1974 Pension Plan claim is not successful.
42. Based on the foregoing factors and primarily on the higher anticipated proceeds available to creditors under the Proposal, the Monitor, in anticipation of being appointed as the Proposal Trustee as currently contemplated by Walter Canada, recommends to Walter Canada's creditors that they vote in favour of the Proposal, which is anticipated to be finalized on substantially the same terms as the form of Proposal discussed herein.

PROPOSED PROCEDURAL AMENDMENTS

43. As discussed in the Aziz Affidavit, Walter Canada has determined that, in order to successfully complete the Amacon Transaction, certain proposed procedural changes under the BIA are necessary as, absent those Proposed Procedural Amendments, there is insufficient time to complete all of the necessary steps while still complying with all of the notice periods which would ordinarily be required pursuant to the BIA. Accordingly, the Bankruptcy Trustee will make an application to this Honourable Court for the BIA Procedural Order forthwith after the Old Walter Entities file their assignments in bankruptcy. A copy of the current draft form of the BIA Procedural Order as at December 9, 2016 is attached hereto as Schedule "D".

44. The following discussion describes the relief, including the Proposed Procedural Amendments, which is expected to be sought by the Bankruptcy Trustee in its application to this Honourable Court for the BIA Procedural Order, followed by the Monitor's comments in respect of the relief and any potential impact on Walter Canada's creditors and other stakeholders which may result therefrom.

Consolidation of the Bankruptcy Proceedings

45. The Bankruptcy Trustee shall seek, in the BIA Procedural Order, this Honourable Court's authorization to administer the procedural matters relating to the Bankruptcy Proceedings of the eleven Old Walter Entities on a consolidated basis as if the Bankruptcy Proceedings and the Proposal Proceedings were each a single proceeding under the BIA, including administering the following duties of both the Bankruptcy Trustee and the Proposal Trustee on a consolidated basis:
- a) the meetings of creditors;
 - b) reporting in respect of the debtor Old Walter Entities; and
 - c) all filings and notices as required under the BIA.

Amendments to BIA Notice and Other Requirements

46. To expedite the holding of the First Meeting of Creditors in the Bankruptcy Proceedings (the "FMOC"), as well as the subsequent Creditors' Meeting in the Proposal Proceedings as soon as possible upon commencement of the Bankruptcy Proceedings, the Bankruptcy Trustee shall seek authorization from this Honourable Court in the BIA Procedural Order to shorten the ordinary notice requirements under the BIA by ordering that the following actions shall be sufficient notice for the holding of both the FMOC and the Creditors' Meeting:
- a) the posting on the Bankruptcy Trustee's website (which shall be on the Monitor's Website) of the BIA Procedural Order and all notices given by the Bankruptcy Trustee and the Proposal Trustee;
 - b) the mailing by the Monitor, on November 29, 2016 and on December 7, 2016, of two separate notices to certain creditors of Walter Canada advising them of certain matters in respect of the Amacon Transaction; and

- c) the delivery by email or fax to all Claimants for whom the Monitor had email addresses or fax numbers on December 11, 2016 of the draft notice of the FMOC, draft notice of the Creditors' Meeting and draft notice of the Court application to approve the Proposal (the "**Sanction Hearing**").
47. The Bankruptcy Trustee shall also seek the following provisions in respect of the Bankruptcy Proceedings in the BIA Procedural Order:
- a) abridging of the requirements to satisfy the BIA requirements for the Bankruptcy Trustee to provide notice or information in respect of the FMOC (pursuant to section 102 of the BIA) and for the Proposal Trustee to report as to the appraisal and investigation of the affairs of the Old Walter Entities (pursuant to section 50(10) of the BIA);
 - b) satisfaction of any notice requirements under the BIA in advance of the Sanction Hearing by the issuance of the notices referred to in paragraph 46 above and by the Bankruptcy Trustee posting certain documents on the Monitor's Website as well as providing copies of those same documents to the Superintendent of Bankruptcy and the Official Receiver;
 - c) dispensing with the requirement for the Bankruptcy Trustee to publish notice of the FMOC in a newspaper pursuant to section 102(4) of the BIA;
 - d) deeming that all Claims filed or deemed to be filed in the CCAA Proceedings pursuant to the Claims Process Order will continue in the Bankruptcy Proceedings, such that Walter Canada's creditors (other than any who may have certain types of claims arising between the Filing Date in the CCAA Proceedings and the bankruptcy filing dates of the Old Walter Entities) do not need to prove their claims again; and
 - e) authorizing the Bankruptcy Trustee to file the Proposal as a joint proposal of the Old Walter Entities in the form in which it is filed with this Honourable Court in the Bankruptcy Trustee's application for the BIA Procedural Order, or as amended in accordance with its terms.

48. It is contemplated that the Proposal Proceedings shall be commenced forthwith after the FMOC is held in the Bankruptcy Proceedings (and very possibly on the same day), and, therefore, there will be insufficient time for the Proposal Trustee to seek an order from this Honourable Court for, amongst other things, provisions to expedite the holding of the Creditors' Meeting and proceeding to the Sanction Hearing. Accordingly, the Bankruptcy Trustee will seek the following provisions in the BIA Procedural Order in respect of the Proposal Proceedings:

- a) abridging and amending the Proposal Trustee's requirement to send all of the documents listed in section 51(1) of the BIA to every known creditor such that the posting of those documents on the Proposal Trustee's website (which shall be on the Monitor's Website, assuming that KPMG is the Proposal Trustee) and the delivery of those documents by email or fax to the creditors of the Old Walter Entities for which the Proposal Trustee has e-mail addresses or fax numbers will be good and sufficient delivery and notice of these documents;
- b) authorizing Mr. William Aziz (CRO) to be an inspector in the Bankruptcy Proceedings if so appointed by the creditors at the FMOC;
- c) abridging the time for holding the Sanction Hearing such that it will be held on December 16, 2016; and
- d) abridging and amending the requirements pursuant to section 58 of the BIA such that the posting of the required notice of the Sanction Hearing on the Proposal Trustee's website will be good and sufficient notice of the Sanction Hearing, and that the posting of the Proposal Trustee's notice of application and its required report to this Honourable Court in respect of the Sanction Hearing (the "**Sanction Hearing Materials**") on the Proposal Trustee's website, along with delivering those documents by email or fax to the creditors of the Old Walter Entities for which the Proposal Trustee has e-mail addresses or fax numbers will be good and sufficient delivery and notice of the Sanction Hearing Materials.

Consultations with Stakeholders and Creditors

49. Further to discussion in the Sixth Report, the Monitor and its counsel, and Walter Canada's counsel have engaged in discussions with certain of Walter Canada's key stakeholders in respect of the Proposed Procedural Amendments and to seek to address any of their concerns. This included providing a draft copy of the proposed BIA Procedural Order to representatives of the Superintendent of Bankruptcy and working with them to address their concerns in respect of certain provisions contained in the draft BIA Procedural Order. Such changes are reflected in the form of order attached hereto.
50. In addition, the Monitor has taken steps to provide as many as possible of Walter Canada's creditors with advance notice of the anticipated Bankruptcy Proceedings and Proposal Proceedings by delivering the notices referenced to above in paragraph 46, and to request that they submit email address or fax numbers to the Monitor to facilitate delivery of documents.

The Monitor's Conclusions Regarding the Proposed Procedural Amendments

51. As has been set out herein and in the Sixth Report, the reason for the Bankruptcy Proceedings and the subsequent Proposal Proceedings of the Old Walter Entities is to facilitate the steps required to complete the Amacon Transaction by creating the New Walter Group, transferring the existing assets (generally speaking, cash) from each of the Old Walter Entities to the applicable member of the New Walter Group and deeming the applicable member of the New Walter Group to be liable for the Claims against the corresponding Old Walter Entity such that each of Walter Canada's Affected Claimants' rights and interests as against Walter Canada assets are preserved and replicated in the New Walter Group. The only expected impact on Walter Canada's Affected Claimants from both the Bankruptcy Proceedings and Proposal Proceedings is that there will be a larger pool of proceeds available for Walter Canada's stakeholders if the Amacon Transaction is completed.
52. The Monitor is of the view that in the circumstances, considering the significant incremental benefit which would be achieved for Walter Canada's stakeholders by completing the Amacon Transaction by December 31, 2016, and collecting \$17.35 million of additional value, and given that the Monitor has identified alternative delivery

mechanisms for various notices and other documents, and not identified an adverse impact to any of Walter Canada's stakeholders by this Honourable Court's granting of the proposed BIA Procedural Order, it is fair and reasonable for this Honourable Court to grant the proposed BIA Procedural Order abridging and amending certain notice periods and other requirements pursuant to the BIA.

HYBRID DEBT

53. As previously noted, the Proposal provides that, as part of the restructuring process, the Promissory Note under the Hybrid Debt Structure will be unwound for no consideration after WECH has filed an assignment in bankruptcy.
54. Further discussion of the Hybrid is provided as follows:
- a) On April 1, 2011, Walter Energy U.S. acquired Western Coal Corp. ("**Western**") and its subsidiaries, and WECH was formed for the purpose of acquiring all of the outstanding common shares of Western for US\$3.3 billion, comprised of US\$2.1 billion of cash plus stock of Walter Energy U.S.;
 - b) WECH obtained the majority of funding for the acquisition of Western by way of the Hybrid Debt Structure, through the following transactions which occurred on April 1, 2011: (i) WECH issued a US\$2 billion promissory note to Walter Energy U.S. (the Promissory Note) in exchange for US\$2 billion of cash and shares of Walter Energy U.S.; (ii) Walter Energy Holdings, LLC ("**Walter LLC**") entered into a forward subscription agreement (the "**Subscription Agreement**") with WECH pursuant to which Walter LLC agreed to purchase shares of WECH for an aggregate subscription price equal to the principal amount of the Promissory Note (US\$2 billion); and (iii) pursuant to a guarantee (the "**Guarantee**") issued by Walter Energy U.S. in favour of WECH, Walter Energy U.S. guaranteed the performance of all of Walter LLC's obligations to WECH under the Subscription Agreement.
55. The Monitor is of the view that the overall Hybrid Debt Structure appears to be properly characterized as a debt transaction and therefore the Claim of Walter Energy U.S. against WECH with respect to the US\$2 billion Promissory Note would constitute a debt Claim.

Notwithstanding this US\$2 billion Claim, under the Promissory Note and the terms of the Guarantee, WECH is entitled to a right of set off of the obligations owing under the Promissory Note, with the obligations of Walter Energy U.S. to WECH under the Guarantee. Upon the extinguishment of the Promissory Note pursuant to the terms of the Proposal, there will be no further corresponding obligations of Walter Energy U.S. or Walter LLC.

56. U.S. counsel to Walter Energy U.S. has been served with all previous materials in the CCAA Proceedings, and will be served with Walter Canada's materials in respect of the Bankruptcy Proceedings.

THE MONITOR'S OBSERVATIONS AND RECOMMENDATIONS

57. In the Monitor's opinion, Walter Canada is continuing to act in good faith and with due diligence in an effort to realize on its remaining assets and further its restructuring efforts.
58. The Monitor is of the view that Affected Claimants should support the Proposal as it is intended to increase the total pool of proceeds available for distribution to Walter Canada's creditors while preserving the same priority of the creditor' claims, and is ultimately in the best interests of all of Walter Canada's stakeholders.
59. The Monitor is also of the view that the Proposed Procedural Steps, including the abridgement of certain notice periods and deemed meeting provisions, are necessary to effect the Amacon Transaction and are reasonable in the circumstances given that no creditors are being compromised in the Proposal, and in the end additional proceeds will be available to satisfy the claims against Walter Canada.

All of which is respectfully submitted this 11th day of December, 2016.

The Petitioners will also request that this Honourable Court exercise its jurisdiction to extend a stay of proceedings and other relief as set out in the Proposed Initial Order to certain of the Petitioners’ partnerships and affiliates listed on Schedule “A” hereto (collectively with the Petitioners, “**Walter Canada**”). The proceedings to be commenced by the Petitioners under the CCAA will be referred to herein as the “**CCAA Proceedings**”.
2. This pre-filing report (the “**Pre-Filing Report**”) has been prepared by the Proposed Monitor prior to and in contemplation of its appointment as Monitor in the CCAA Proceedings to provide information to this Honourable Court for its consideration of the Petitioners’ initial CCAA application.
3. The purpose of this Pre-Filing Report is to provide the following information to this Honourable Court:
 - a) KPMG’s qualifications to act as Monitor (if appointed);
 - b) A general background to the proposed CCAA Proceedings and a business overview of Walter Canada, including its existing cash management system;
 - c) An overview of environmental matters in respect of Walter Canada’s operations;
 - d) An overview of Walter Canada’s 13-week cash flow forecast (the “**CCAA Cash Flow Forecast**”) and the Proposed Monitor’s assessment thereof;

- f) The Proposed Monitor's conclusion.

REPORT RESTRICTIONS AND SCOPE LIMITATIONS

- 4. In preparing the Pre-Filing Report and making the comments herein, the Proposed Monitor has been provided with, and has relied upon, unaudited financial information, books and records and financial information prepared by Walter Canada, discussions with management of Walter Canada ("**Management**") and information from other public third-party sources (collectively, the "**Information**"). Except as described in this report in respect of Walter Canada's CCAA Cash Flow Forecast:
 - a) The Proposed Monitor has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Proposed Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards ("**CAS**") pursuant to the *Chartered Professional Accountants Canada Handbook* and, accordingly, the Proposed Monitor expresses no opinion or other form of assurance in respect of the Information; and
 - b) Some of the information referred to in this Pre-Filing Report consists of forecasts and projections. An examination or review of the financial forecasts and projections, as outlined in the *Chartered Professional Accountants Canada Handbook*, has not been performed.
- 5. Future oriented financial information referred to in this Pre-Filing Report was prepared based on Management's estimates and assumptions. Readers are cautioned that since projections are based upon assumptions about future events and conditions that are not ascertainable, the actual results will vary from the projections, even if the assumptions materialize, and the variations could be material.

6. The information contained in this report is not intended to be relied upon by any prospective purchaser or investor in any transaction with Walter Canada.
7. Unless otherwise stated all monetary amounts contained herein are expressed in Canadian Dollars (“C\$” or “CAD”).

KPMG’S QUALIFICATIONS TO ACT AS MONITOR

8. KPMG is a trustee within the meaning of section 2(1) of the *Bankruptcy and Insolvency Act* (Canada). Further, KPMG is not subject to any of the restrictions on who may be appointed as Monitor set out in section 11.7(2) of the CCAA.
9. KPMG has consented to act as Monitor of the Petitioners should this Honourable Court grant the Petitioners’ request to grant the Proposed Initial Order.
10. The Proposed Monitor has retained McMillan LLP to act as its independent counsel.
11. KPMG was first introduced to Walter Canada in April 2015 and was formally engaged as financial advisor to Walter Canada on or about April 14, 2015. Since it first became involved with Walter Canada, KPMG has been provided with updates regarding the activities of Walter Canada including the ongoing restructuring process in the U.S. as it relates to the parent company, Walter Energy, Inc. (“**Walter Energy U.S.**”) and any developments related to Walter Canada. This involvement has enabled KPMG to form preliminary observations related to certain of the relief Walter Canada is now seeking. It has been agreed to by WECH that KPMG’s engagement as financial advisor will terminate immediately upon the appointment of KPMG as Monitor, if so appointed.
12. KPMG LLP has provided tax services to Walter Canada since 2011. KPMG LLP has also provided tax services to Walter Energy U.S. since 2009. We do not consider our role as tax advisor or as financial advisor to Walter Canada as a conflict of interest as it relates to KPMG’s role as Monitor.

BACKGROUND REGARDING THE PETITIONERS AND THEIR APPLICATION FOR RELIEF UNDER THE CCAA

Overview

13. As is more fully described herein and in the Initial Order Affidavit (as subsequently defined), Walter Canada is facing business and operational challenges that have necessitated its request for relief under the CCAA, including but not limited to:
 - a) A challenging metallurgical coal market which has forced Walter Canada to idle its mines and implement care and maintenance programs until market conditions improve. As a result, Walter Canada will not generate revenue from operating activities until mining operations resume;
 - b) Significant ongoing costs of approximately \$16 million per year which are required to continue the care and maintenance activities of the mines and fund Walter Canada's other ongoing costs;
 - c) Material known obligations that are currently due or accruing due in the near term;
 - d) Finite cash resources that will be depleted as mining operations remain idled and ongoing costs are funded. The depletion of these resources will materially and adversely affect the Petitioners' ability to resume mining operations as and when market conditions improve; and
 - e) The pending loss of financial and managerial support from Walter Energy U.S. (Walter Canada's ultimate parent company) as a result of developments in its Chapter 11 Cases in the U.S. (as subsequently defined and described herein).

14. The Proposed Monitor understands that the primary purpose and intent of these CCAA proceedings is to:
 - a) Stabilize the affairs of Walter Canada;
 - b) Initiate discussions with stakeholders including the appropriate governmental authorities with regard to the status of the mines; and
 - c) With the assistance of its advisors and the Proposed Monitor, initiate a comprehensive program to sell, refinance or recapitalize the operations of Walter Canada, likely through a Sales and Investment Solicitation Process ("SISP"), which is to be developed.

Background

15. A comprehensive background with respect to the Petitioners including recent events leading up to their CCAA application and their current state of affairs can be found in the Affidavit of William G. Harvey sworn December 4, 2015 and filed in support of the Petitioners' application to this Honourable Court for relief under the CCAA (the "**Initial Order Affidavit**") and is therefore not repeated herein. Capitalized terms used herein and not otherwise defined have the meaning given to them in the Initial Order Affidavit.
16. WECH was formerly Western Coal Corp. ("**Western Coal**") which was acquired by Walter Energy U.S. in April 2011. As a result of the downturn in global coal markets, Walter Energy U.S. faced several financial challenges and filed for bankruptcy protection under Chapter 11 of the U.S. Bankruptcy Code on July 15, 2015. As a result of a sale process underway in Walter Energy U.S.' insolvency proceedings where its senior lenders have advanced a stalking horse bid with an auction set for January 5, 2016, the majority of Walter Energy U.S.' assets are expected to be sold to a new company effective late February 2016. Walter Canada and its assets are not included in the stalking horse bid and Walter Canada will likely be left without financial or operational support from its parent company by the end of February 2016 unless other arrangements are made with the purchaser.
17. Walter Canada produces and exports metallurgical coal for the global steel industry from its operations in northeastern British Columbia, and Walter Canada's UK subsidiaries produce anthracite coal (mainly for power generation) from their operations in the United Kingdom. Weakening steel demand globally has led to dramatic decreases in metallurgical coal prices that have made the mining, processing and sale of metallurgical coal unprofitable for the Petitioners. As a result, Walter Canada ceased coal mining between April 2013 and June 2014 at its three sites and has placed its mines into care and maintenance. Between May 2014 and September 2015, Walter Canada processed and sold the remaining stores of substantially all of its mined coal and has no projected revenue at this time.

Ownership Structure

18. As shown in the simplified corporate organization chart below, WECH is a wholly owned subsidiary of Walter Energy U.S. WECH holds a 99.99% interest in the Walter Canadian Coal Partnership (“**WCCP**”), which in turns holds a 99.99% interest in three partnerships: Brule Coal Partnership (“**BCP**”), Willow Creek Partnership (“**WiCP**”) and Wolverine Coal Partnership (“**WoCP**”) that each own one mine. The remaining 0.01% interests in each of the partnerships are held by unlimited liability companies, WCC, WC, BC and WIC. A fourth partnership (Belcourt Saxon LP. (“**BSLP**”)) holds WECH’s joint venture interest in the Belcourt Saxon development property. WCCP also owns CEH which owns Energybuild Group Limited, a UK based company that ultimately owns an anthracite coal mine in South Wales (collectively, these UK based companies will be referred to herein as “**Walter UK**”). A more detailed corporate organization chart of Walter Energy U.S.’s, Canadian and UK companies is attached hereto as Schedule “B”.

Walter Canada’s Canadian Operations

19. Walter Canada maintains three surface metallurgical coal mines in northeast BC’s coal fields. It also owns a 50% joint venture interest in the Belcourt Saxon development property. The Proposed Monitor understands the other Belcourt Saxon joint venture partner is (indirectly through Peace River Coal) Anglo American plc, a multi-national mining company. The table below summarizes certain information with respect to Walter Canada’s Canadian operations.

20. Walter Canada's mines are idled and being managed under a regimented care and maintenance program. All equipment has been winterized. Walter Canada's staff complement has been reduced to 19 full time employees: 12 of whom provide security at the mine sites while the remaining 8 individuals provide maintenance, general management, environmental monitoring and reporting, and engineering support. In addition, up to 7 part-time employees have been retained to perform specific tasks as needed.
21. Walter Canada holds other coal permits adjacent to or nearby the above-noted operations that could extend the life of its operations in British Columbia.

22. Walter Canada's officers and directors consist of:
- a) Mr. William Harvey, Chief Financial Officer of WECH;
 - b) Mr. Dan Stickel, President of WECH and Director of all Walter Canada entities as well as a director of Walter UK; and
 - c) Mr. Al Kangas, General Manager of Walter Canada and Director of Pine Valley Coal Ltd.
23. Walter Canada's officers and directors have agreed to continue in their exiting roles, at least in the near term, during the CCAA Proceedings (should the Proposed Initial Order be granted).

Walter Canada's Financial Position

24. Consolidated financial information is provided below and select unconsolidated financial information for Walter Canada is set out for illustrative purposes in Schedule "C".

26. Walter Canada's assets currently consist of cash generated primarily from the sale of its coal inventories since the spring of 2014, mining equipment and plants, supply and store's inventory, an intercompany receivable due from Walter UK and its investment in Walter UK.

Liabilities

27. The table below presents a consolidated summary of Walter Canada's liabilities pursuant to Walter Canada's books and records as at October 31, 2015, updated where possible for known material transactions and events subsequent thereto.

5. Consists of Walter Canada's estimate of its potential obligations estimated to be owing in respect of approximately 300 temporarily laid off employees from the Wolverine mine who are members of the USW for possible severance, notice and benefit entitlements if they are not recalled to work prior to April 2016.			
6. Potential claim from Bank of Nova Scotia to fund outstanding letters of credit in favour of certain regulators, including the Chief Inspector of Mines, for future reclamation costs.			
7. These items are not currently recorded in Walter Canada's balance sheet.			

28. Since the complete idling of its operations in the spring of 2014, Walter Canada has paid its suppliers and employees in the normal course. As employees were terminated they received working notice and/or severance payments as applicable. Following Walter Energy U.S.' Chapter 11 filing in July 2015, several suppliers have requested payment in advance or upon delivery of supply or service. Accordingly, Walter Canada's trade accounts payable balance has declined. The balance of Walter Canada's liabilities as at October 31, 2015 consist of:

- a) Accounts payable and accrued liabilities totaling \$4.3 million which includes current trade payables and accruals for outstanding transportation rebates and costs related to relocating assets for a former mine contractor whose assets remain at the Brule site;
- b) Mineral taxes – In June 2015, the British Columbia Ministry of Finance finalized its assessment of Walter Canada's mineral tax accounts in respect of its 2005-2009 taxation years at \$6.4 million, which include assessed interest and penalties. Walter Canada entered into a monthly repayment plan with the British Columbia Ministry of Finance whereby this liability would be repaid in equal installments over six months between July and December, 2015. One final payment of approximately US\$0.8 million (\$1.0 million) is due in December 2015; and
- c) Asset retirement obligations – As at October 31, 2015 Walter Canada's accounting liability in connection with reclaiming activities with respect to the mines to the end of their lives was approximately US\$57.4 million. This liability is calculated based on the estimated number of hectares to reclaim at the end of the mines' lives multiplied by the reclamation cost per hectare based on Walter Canada's recent reclamation activities, all discounted to their present value. The actual cost to reclaim Walter Canada's mines sites may differ materially from this accounting estimate. As noted in the Initial Order Affidavit, Walter Canada estimates that the cost to reclaim the mines in their current state (i.e. if the reclamation work was to be undertaken now rather than at the end of the life of the mines) could be in the range of \$36-\$42 million. These reclamation obligation estimates are based upon the five year mine plans that have not yet been approved by the Ministry of Energy

and Mines.

29. Excluded from the above summary of liabilities are Walter Canada's obligations with respect to a hybrid note of US\$2.0 billion (the "**Hybrid Note**") that was issued to Walter Energy U.S. in connection with the funding it provided on the purchase of Western Coal in 2011. The Hybrid Note structure is described in the Initial Order Affidavit. The Hybrid Note obligation is recorded on Walter Canada's financial statements as capital surplus (i.e. equity).

Liquidity

30. Walter Canada currently has approximately US\$40.6 million of cash which is expected to be used to maintain its idled operations under its existing care and maintenance program as well as carry out its restructuring plans. However, it has no sources of operating revenue and insufficient funds to restart the mines in light of the several liabilities due and accruing that may deplete Walter Canada's cash considerably in the near term. These liabilities include accounts payable of US\$4.3 million, mineral tax liabilities in respect of 2005-2009 of US\$0.8 million (total US\$5.1 million) and contingent claims totaling US\$31.1 million (estimated USW claims of US\$14.2 million and outstanding letters of credit US\$16.9 million). These represent the claims that are known to Walter Canada; additional unidentified claims may exist that have not yet been advanced or asserted.
31. The Proposed Monitor understands that if these liabilities must be satisfied in the short term then Walter Canada's liquidity would be depleted significantly prior to accounting for the Company's regular forecast cash flow requirements. Accordingly, management has advised the Proposed Monitor that it requires the protection of this Honourable Court to allow Walter Canada time to implement its restructuring plans.

Cash Management System

32. Walter Canada utilizes an account network at the Bank of Nova Scotia ("**BNS**"). Each of WCCP and the three Canadian partnerships (BCP, WiCP and WoCP) maintain a Canadian Dollar and a U.S. Dollar account at BNS.

33. Walter Canada's cash handling functions, along with many of its other administrative and management functions, are generally managed by Walter Energy U.S. pursuant to a Management Services Agreement. Currently, Walter Energy U.S. is responsible for the receipt and management of the majority of Walter Canada's receipts and disbursements.
34. In the near term, the Proposed Monitor proposes to oversee Walter Canada's bank accounts and disbursements by conducting weekly reviews of:
 - a) Purchase orders that Walter Canada intends to issue to ensure such expenses are required for the care and maintenance of Walter Canada's mines and assets; and
 - b) Planned disbursements (i.e. cheques and wire transfers) to ensure that such disbursements i) are properly supported with purchase orders, ii) were approved before the services or goods were received and iii) that if the payment relates to the pre-filing period, the supply and/or service was required for the care and maintenance of Walter Canada's mines and assets.
35. The Proposed Monitor is advised that full custody of the bank accounts and related authorities will be fully transitioned over to Walter Canada executives and employees in the short term.

Walter UK

36. As noted above, WECH owns 100% of the shares of CEH, which in turns owns the Walter UK companies. Walter UK's primary asset is an underground development mine located in South Wales that, until it was idled earlier this year, produced anthracite coal. Walter UK has reduced development spending of this mine since 2012 due to challenges related to an oversupply of coal and decreased demand. Since being idled, staffing has been reduced to seven employees that provide security, management, environmental monitoring and reporting and limited sales of thermal coal to coal merchants that sell coal to businesses and residences to heat their properties.

37. The Walter UK mine is currently in a “hot” idled state such that fans and water pumps are operating underground to ensure that air moves throughout the mine and ground water is removed so that the mine does not fill with water.
38. Walter UK operates relatively independently of WECH and Walter Energy U.S. and maintains its own accounts and financial and operating records. Walter UK has historically received financial support from Walter Energy U.S. and Walter Canada. Walter UK would no longer receive financial and management support from Walter Energy U.S. in the event that the sale transaction contemplated in Walter Energy U.S.’s Chapter 11 proceedings is completed.
39. Walter UK’s recent financial reporting indicates that it currently has approximately US\$2.6 million in cash as of December 5, 2015. This balance results primarily from US\$3 million in funding provided by Walter Canada in June 2015. Walter Energy U.S. management has estimated the annual costs to maintain the mine in its current state to be approximately US\$3.6 million. Accordingly, Walter UK is projected to have sufficient funding to maintain the mine until approximately the end of the third quarter of 2016 barring any unforeseen circumstances.
40. The Proposed Monitor understands that Walter UK is relatively current with its suppliers and its creditor pool is small both in number and amounts due to creditors. The insurance coverage expires on December 31, 2015, but Walter Energy U.S. is arranging renewal of the insurance at least until the end of February 2016. Walter UK estimates that the reclamation liabilities associated with the mine are approximately £2-3 million (US\$3-4.5 million).
41. The Proposed Monitor intends to work with WECH and Walter UK to develop a plan to maximize value for its stakeholders as the CCAA proceeding progresses.

ENVIRONMENTAL MATTERS

42. Walter Canada's operations are subject to various environmental laws and regulations including the *Environmental Assessment Act*, *the Mines Act*, *the Environmental Management Act* and *the Fisheries Act*. Walter Canada manages several environmental matters that include ongoing environmental monitoring and reporting and mine reclamation activities.
43. The Proposed Monitor has reviewed the Initial Order Affidavit, particularly paragraphs 53 to 59 and 85 to 95 with respect to environmental permitting, reclamation and bonding requirements. To better understand these matters, the Proposed Monitor has retained a third party environmental consultant, Knight Piesold, to provide the Proposed Monitor with ongoing advice and analysis with respect thereto.
44. The Proposed Monitor understands that as part of its restructuring efforts and CCAA filing, the Petitioners intends to meet with the relevant regulators as soon as practicable after the CCAA filing to discuss environmental permitting, reclamation and bonding matters and options that may exist to maximize value for Walter Canada's stakeholders. The Monitor intends to participate in these discussions.

CCAA CASH FLOW FORECAST AND PROPOSED MONITOR'S ASSESSMENT THEREOF

45. Walter Canada, with the assistance of the Proposed Monitor, has prepared the CCAA Cash Flow Forecast on a consolidated basis for the period from December 5, 2015 to March 5, 2016 (the "**Cash Flow Period**"). A copy of the CCAA Cash Flow Forecast, Management's representation thereon and the Pre-Filing Monitor's report thereon are attached as Schedule "D" to this Pre-Filing Report.
46. The CCAA Cash Flow Forecast is presented on a weekly basis and represents Management's estimates of the projected cash flow during the Cash Flow Period. The CCAA Cash Flow Forecast has been prepared by Management of Walter Canada using probable and hypothetical assumptions set out in notes to the CCAA Cash Flow Forecast.

47. The Proposed Monitor has reviewed the CCAA Cash Flow Forecast as to its reasonableness as required by Section 23(1) (b) of the CCAA. In accordance with the requirements of the CCAA, the Proposed Monitor provides its report on the CCAA Cash Flow Forecast in prescribed form (attached at Schedule "D"). As stated in its report, nothing has come to the Proposed Monitor's attention that indicates that the CCAA Cash Flow Forecast is unreasonable given its stated assumptions.
48. A summary of the CCAA Cash Flow Forecast is set out in the table below:

49. With respect to the CCAA Cash Flow Projection:
- a) The Petitioners expect to have combined cash resources in the order of approximately US\$40.6 million available at the beginning of the Cash Flow Period and, with expected net cash outflow of US\$7.0 million, approximately US\$33.6 million remaining at the end of the Cash Flow Period;
 - b) The following is a general breakdown of the significant components of the forecast US\$7.0 million net cash outflow in the Cash Flow Period by operating and other key categories:
 - i. Walter Canada is expected to collect net cash proceeds of US\$910,000 (gross proceeds of US\$1.2 million less estimated disassembly and shipping costs) from Walter Energy U.S. in late January 2016 pursuant to the proposed sale of three bulldozers in December, 2015 (as subsequently discussed herein and further in the Initial Order Affidavit);
 - ii. Other forecast receipts are comprised of US\$164,000 of GST tax refunds anticipated to be received throughout the period;
 - iii. Forecast payroll costs (US\$459,000), payroll taxes (US\$191,000) and benefits (US\$68,000) for WECH's 19 full-time employees who provide security at the mine sites and other support services;
 - iv. Forecast real property leases for office space leases and supply inventory storage facilities of US\$34,000;
 - v. A forecast outflow representing the final installment with respect to Walter Canada's assessed mineral tax liability in respect of 2005-2009 of US\$802,000 to be paid in December 2015;
 - vi. Forecast utilities of US\$141,000 for electricity, propane and natural gas at the Company's sites;
 - vii. Forecast fuel costs of US\$36,000 for diesel purchases required to run generators and other equipment at the mine sites;

- viii. Forecast maintenance and supplies of US\$782,000 for costs required to keep the mine assets secured as well as required maintenance for the equipment;
 - ix. Forecast other costs of US\$641,000 include disbursements related to environmental testing and monitoring, including external engineers;
 - x. Forecast restructuring advisor fees of US\$2.25 million for professional fees expected to be paid to the Company's counsel and the Proposed Monitor and its counsel;
 - xi. Forecast management services to be provided by Walter Energy U.S. in the forecast period of US\$2.4 million. Such services include payroll and payment processing, accounting and financial reporting, taxation, legal, information technology services, technical and engineering services, management services and insurance premiums. These intercompany charges are funded on a monthly basis and Walter Energy U.S. currently charges WECH approximately US\$800,000 per month for these services; and
 - xii. Bank fees are charges associated with renewals of letters of credit and actual fees for use of WECH's account network at BNS;
- c) Walter Canada is planning to fund certain pre-filing trade payable claims not to exceed \$200,000 in the normal course that relate to goods and/or services that were required to maintain the care and maintenance of Walter Canada's mines;
- d) Walter Canada's property, liability and other insurance coverage is funded annually by Walter Energy U.S. with most policies expiring on June 30, 2016. Current monthly management costs charged by Walter Energy U.S. include an allocation of monthly prepaid insurance costs. Certain policies are purchased directly by Walter Canada (e.g. automobile insurance) while others are purchased by Walter Energy U.S. and coverage is allocated and/or shared amongst the divisions;

- e) Management expects to fund the cash flow requirements with current cash resources on hand and projected collections until the end of the Cash Flow Period; and
- f) The CCAA Cash Flow Projection indicates that Walter Canada has the necessary liquidity to fund its requirements over the Cash Flow Period.

RELIEF SOUGHT IN THE PROPOSED INITIAL ORDER

Stay of Proceedings

- 50. The Petitioners are seeking a stay of proceedings to provide them with “breathing room” to restructure their affairs and to stay certain known potential claims (as discussed above) while the Petitioners work with their advisors to develop a SISF in the short term. The Petitioners do, however, intend to make a limited number of pre-filing payments to critical suppliers as set out in the CCAA Cash Flow Forecast and as discussed above.
- 51. The Petitioners are also seeking to have the stay of proceedings and other provisions of the Proposed Initial Order extended to the following subsidiaries and affiliates of WECH:
 - a) WCCP, BCP, WiCP and WoCP, as these partnerships are the principal vehicles through which the mines are operated; and
 - b) BSCL, but only to prevent any action that may be taken to remove it as general partner of Belcourt Saxon Coal Limited Partnership or trigger any sale rights, thereby preserving the value in this joint venture project.

Payments during CCAA Proceedings

- 52. Walter Canada intends to make pre-filing payments to suppliers as contemplated in the CCAA Cash Flow Forecast. Walter Canada has a number of critical contracts with equipment, lessors, mechanics, parts suppliers, road maintenance companies, warehouses, offsite equipment, storage and repair and environmental consultants. The Proposed Monitor is of the view that continued supply from these vendors will be essential for any proposed restructuring of the Walter Canada. For this reason, it is anticipated that certain pre-filing payments will be required to be made to suppliers in accordance with the CCAA Cash Flow Forecast that has been reviewed by KPMG as Proposed Monitor.

53. The Proposed Monitor is of the view that the above relief is reasonable and appropriate in the circumstances, taking into account the critical nature of these supply arrangements and the fact that these contracts are the only available source of supply to the remote areas of British Columbia where the Walter Canada's mines are situated.

Enhanced Powers of the Monitor

54. Given that Walter Canada does not currently have an internal cash management system and the aforementioned risk that, upon completion of the U.S. APA, cash management and other services currently provided by Walter Energy U.S. under the Management Services Agreement may be discontinued, the Petitioners are seeking to have the Proposed Monitor provided with certain enhanced powers under the Proposed Initial Order.
55. In addition, the Proposed Initial Order provides the Monitor with authority to participate in the Petitioners' discussions with stakeholders, including governmental authorities with respect to the property of Walter Canada and the impact of the SISP.

Administration Charge

56. The Proposed Initial Order contemplates a charge on the assets of the Petitioners in favour of counsel to Walter Canada, counsel to the Proposed Monitor and the Proposed Monitor as security for their respective fees and disbursements rendered in respect of the Petitioners in the aggregate amount of \$2.5 million (the "**Administration Charge**").
57. The Administration Charge is not to exceed \$2.5 million and is to rank in first priority over all other claims.
58. The Proposed Monitor is of the view that the proposed Administration Charge is reasonable and appropriate in the circumstances having considered the complexity of the proceedings, the work that has been done to date, the anticipated work levels of the applicable professional firms over the estimated duration of the CCAA proceedings and the size of charges approved in comparable proceedings.

Directors' and Officers' Charge

59. The Proposed Initial Order grants an indemnity in favour of Walter Canada's directors and officers for any obligations or liabilities that they may incur as directors or officers of the applicable Walter Canada entities after the commencement of the CCAA Proceedings, except to the extent that such obligation or liability is incurred as a result of such director's or officer's gross negligence or willful misconduct.
60. The Proposed Monitor notes that this indemnification is consistent with the language in the British Columbia CCAA model order. The indemnification is proposed to be secured by a charge in an amount not to exceed \$2.5 million (the "**Directors' Charge**"). The proposed Directors' Charge would apply only to the extent that the directors and officers do not have coverage under the directors' and officers' insurance policies which are maintained by Walter Energy U.S. and provide coverage to the directors and officers of Walter Canada. The Directors' charge is proposed to be ranked only behind the Administration Charge. The calculation of the Directors' Charge is based on estimates of amounts that Directors could be liable for under British Columbia law, including potential tax liabilities, if these amounts are not paid.
61. The Proposed Monitor reviewed the calculation of the Directors' Charge that was prepared by Walter Canada taking into consideration the amount and timing of Walter Canada's payroll, vacation pay and certain tax liabilities.
62. The Proposed Monitor is of the view that the Directors' Charge is required and is reasonable and appropriate in the circumstances.

Equipment Sale to Walter Energy U.S.

63. Walter Canada has negotiated the sale of three surplus bulldozers (the "**Equipment**") to Jim Walter Resources, Inc., a subsidiary of Walter Energy U.S. and a related party of Walter Canada (the "**Purchaser**"), for a purchase price of US\$1.2 million plus applicable taxes (the "**Purchase Price**"), or net US\$910,000 after accounting for disassembly and shipping costs. The Proposed Monitor was advised by Management that the Equipment is surplus and not essential to the operation of the mines.

64. The Proposed Monitor has been advised that Walter Canada has been attempting to sell the Equipment and other available equipment for over a year by delivering lists of such equipment to selected potential purchasers and by posting information with respect to such equipment on auctioneer websites. To date, no viable offers for the Equipment have been received.
65. The Proposed Monitor understands that the proposed net proceeds of US\$910,000 equals the value attributed to the Equipment in an appraisal of Walter Canada's mobile equipment that was conducted in July 2015. The Proposed Monitor is of the view that the proposed Purchase Price is fair and reasonable in the circumstances.
66. The Proposed Monitor understands that Walter Canada has marketed the Equipment prior to the commencement of these CCAA Proceedings in the manner described in the Initial Order Affidavit at paragraph 98. To ensure that the sale meets the requirements under section 36 of the CCAA, including: (i) that the process leading to the proposed sale is reasonable in the circumstances; (ii) good faith efforts were made to sell the Equipment to persons that are not related to Walter Canada; and (iii) that the proposed purchase price consideration is superior to any offer that may be received, following the granting of the Proposed Initial Order, the Proposed Monitor intends to expand and continue the marketing process to sell the Equipment for an additional period of two to three weeks in order to see if superior offers can be obtained.
67. Following the granting of the Proposed Initial Order, if a superior offer for the Equipment is not received by mid to late December, then the Proposed Monitor will deliver to the Purchaser a first certificate confirming that the conditions to the sale (other than payment of the purchase price) have been met. Upon the delivery of the first certificate, the Equipment will vest to the Purchaser free and clear of any liens or encumbrances. To ensure that the purchase price is paid by the Purchaser within 90 days of the date of the Initial Order, Walter Canada is seeking a Court ordered first ranking charge (the "**Equipment Charge**") on the sold Equipment to ensure that Walter Canada will be paid in priority to any creditor of the Purchaser. Once the Purchase Price has been paid by the Purchaser, the Proposed Monitor will deliver a second certificate certifying that the Purchase Price has

been paid by the Purchaser. Upon delivery of the second certificate, Walter Canada is proposing that the Equipment Charge be extinguished.

CONCLUSION

68. The Proposed Monitor has reviewed the Petitioners' filing materials and has consented to act as the Monitor of the Petitioners should the Court see fit to grant the relief sought by the Petitioners.

All of which is respectfully submitted this 6th day of December, 2015.

ARTICLE 2 PURPOSE

2.1 Purpose of the Proposal

The purpose of this Proposal is to monetize a significant portion of the remaining value in the Walter Canada Group for the benefit of all Claimants and other stakeholders of the Walter Canada Group.

To achieve this goal, this Proposal is filed by the Bankruptcy Trustee for and on behalf of the Walter Canada Group to cause the Transferred Assets to become assets of the New Walter Canada Group and to cause the Deemed Claims to become liabilities of the New Walter Canada Group so as to preserve the Claims of the Affected Claimants and the interests of other stakeholders in and to the Transferred Assets and to permit the resolution of such Claims and interests pursuant to the CCAA.

The New Walter Canada Group will continue in the place and stead of the Walter Canada Group for all purposes in the CCAA Proceedings, including for the purposes of finally determining all Claims pursuant to the Claims Process Order.

2.2 Effect of the Proposal

The corporate structure of the Walter Canada Group includes a number of partnerships. WECH, the principal entity affected by this Proposal, is the general partner of Walter Canada Coal Partnership, which in turn is the general partner of each of the other Partnerships. As such, all Claimants with a claim against any of the Partnerships have a Claim against WECH. All of the Claimants who have filed a Proof of Claim under the Claims Process Order have Claims against one or more of the Partnerships and, as such, a Claim against WECH as ultimate general partner. The effect of this Proposal is to increase the value available for distribution to any Claimants with Affected Claims against WECH (*i.e.* all Affected Claimants).

For the purposes of determining the nature and priority of the Deemed Claims, the applicable member of the New Walter Canada Group (and the Transferred Assets transferred to such

member) shall stand in the place and stead of the member of the Walter Canada Group formerly liable for such Claim (other than any claim that has already been barred pursuant to the Claims Process Order and other than any Residual Liability), and from and after the Proposal Commencement Date, all such Claims against such member of the Walter Canada Group and any encumbrances in respect of such Claims shall be Deemed Claims against the corresponding member of the New Walter Canada Group and shall be deemed encumbrances on the applicable Transferred Assets and such Deemed Claims and deemed encumbrances shall have the same priority with respect to the applicable member of the New Walter Canada Group and the applicable Transferred Assets as they had with respect to the corresponding member of the Walter Canada Group and the Transferred Assets immediately prior to the Proposal Commencement Date, as if the applicable member of the New Walter Canada Group was in all respects the corresponding member of the Walter Canada Group and as if the Transferred Assets had not been transferred and had remained in the possession or control of the member of the Walter Canada Group having that possession or control immediately prior to the transfer.

All Claims against the Walter Canada Group (other than the Residual Liabilities and Priority Claims) shall be compromised, extinguished and released pursuant to the terms hereof.

2.3 Affected Claimants

Although all Claims against the Walter Canada Group (other than the Residual Liabilities and Priority Claims) shall be cancelled, compromised and extinguished pursuant to this Proposal, no Affected Claimant's Claim is adversely affected because each such claim shall become a Deemed Claim against the applicable member of the New Walter Canada Group. Each Affected Claimant's Claim against any member of the Walter Canada Group shall be preserved pursuant to the terms hereof as a Deemed Claim against the applicable member of the New Walter Canada Group as set out herein.

ARTICLE 3 THE CREDITORS' MEETING AND RELATED MATTERS

3.1 Voting Claimants

All Affected Claimants, other than Claimants with Insolvency Claims, shall be entitled to vote their Claims (whether or not such Claims are Allowed Claims) in respect of this Proposal.

Affected Claimants with Insolvency Claims and all Claimants and other stakeholders who are not Affected Claimants, including Claimants to the extent of Priority Claims or to the extent of a Claim under the Promissory Note, will not be entitled to vote at the Creditors' Meeting. Nothing in this Proposal shall affect the defences, both legal and equitable, with respect to any Priority Claim, Deemed Claim or Deemed Interest Amount, including any rights with respect to legal and equitable defences or entitlements to set-offs or recoupments against such Claims.

3.2 Classes of Creditors

For the purposes of voting on this Proposal, all Affected Claimants' Claims shall be included in a single class of creditors.

3.3 Creditors' Meeting

The Creditors' Meeting held in respect of the Affected Claimants shall be held in accordance with this Proposal for the purposes of, among other things, considering and voting on the Resolution or any other matters to be considered at the Creditors' Meeting.

3.4 Approval by the Affected Claimants

The Walter Canada Group will seek approval of this Proposal by the affirmative vote for the Resolution by the Required Majority. Such vote will be conducted by ballot. For the purposes of determining whether or not the Resolution has passed, the Chair shall tabulate the votes cast or deemed cast by each Affected Claimant.

Any other matter submitted for a vote at the Creditors' Meeting shall be decided by affirmative vote of (i) a majority in number the Affected Claimants (other than Claimants with Insolvency Claims) voting (in person or by proxy) on such matter at the Creditors' Meeting; and (ii) Affected Claimants (other than Claimants with Insolvency Claims) representing not less than 66 $\frac{2}{3}$ % in value of the Claims of the Affected Claimants voting on the Resolution (in person or by proxy) at the Creditors' Meeting, which may be adduced by show of hands, unless the Chair decides, in the Chair's sole and absolute discretion, to hold such vote by way of written ballot.

3.5 Claims for Voting Purposes

For each vote conducted by ballot, each Affected Claimant (other than Claimants with Insolvency Claims) with one or more Affected Claimant's Claim shall be entitled to one (1) vote and the weight attributed to such vote (for the purposes of determining the Required Majority) shall be equal to the aggregate Canadian dollar value of such Affected Claimant's Claim (if necessary, converted into Canadian dollars in accordance with the provisions of the Claims Process Order). An Affected Claimant with a Claim that is not yet an Allowed Claim shall be entitled to vote such Claim in respect of the Resolution and the value of the Affected Claimant's Claim for voting purposes shall be the value of such Claim as set out in the Affected Claimant's Proof of Claim or Notice of Dispute, as applicable. The Proposal Trustee may, in its discretion, maintain a separate tabulation of any Affected Claimants' Claims that are not yet Allowed Claims.

No Affected Claimant shall be entitled to bifurcate or sub-divide a Claim for purposes of voting. If an Affected Claimant has assigned part, but not all, of the Affected Claimant's Claim, then only the Affected Claimant shall be entitled to vote at the Creditors' Meeting (in person or by proxy) and the value of such vote shall be the unassigned portion of such Affected Claimant's Claim. In such case, the assignee of such Affected Claimant's Claim shall not be entitled to vote the assigned portion of such Affected Claimant's Claim at the Creditors' Meeting unless the Chair, in the Chair's sole and absolute discretion, determines that the assignee shall be permitted to vote.

For greater certainty, no Claimant shall be entitled to vote any claim that has been barred pursuant to the terms of the Claims Process Order.

3.6 Adjournment

If the Creditors' Meeting is adjourned or postponed by the Chair upon the direction of the Proposal Trustee (which Proposal Trustee may so direct in its sole and absolute discretion) or because a quorum (as required under the BIA) is not obtained, the Creditors' Meeting will be adjourned, postponed or otherwise rescheduled by the Proposal Trustee to such date, time and place as may be decided by the Proposal Trustee, in the Proposal Trustee's sole and absolute discretion and upon such notice as the Proposal Trustee deems appropriate.

3.7 Voting of Proxies

Where an Affected Claimant has submitted a proxy in advance of the Creditors' Meeting, such Affected Claimant's proxy will be voted on any ballot in accordance with the Affected Claimant's instruction to vote for or against the approval of the Resolution and any other matters before the Creditors' Meeting.

Forms of proxy may confer discretionary authority on the individuals designated therein with respect to amendments or variations of matters identified in the notice of the Creditors' Meeting and other matters that may properly come before the Creditors' Meeting.

All other matters related to the solicitation of votes for the Creditors' Meeting, the delivery of materials to Affected Claimants and the voting procedure and tabulation of votes cast at the Creditors' Meeting shall be as set forth in the BIA Procedure Order.

3.8 Claims Bar Date

If any Claimant has failed to file its Proof of Claim prior to the relevant Claims Bar Date and has not, in accordance with the Claims Process Order, been permitted to file its Proof of Claim late, or if such Claimant received a Notice of Revision or Disallowance pursuant to the Claims Process Order and did not respond within the time period provided for by the Claims Process Order, such Claimant shall have the Claim provided for in the applicable Notice of Revision or Disallowance and, if such Claim is nil, such Claimant shall be forever barred from voting at the Creditors' Meeting and any meeting in respect of the Proposal and such Claimant shall be forever barred from receiving a distribution under this Proposal or any subsequent plan of compromise or arrangement in respect of the New Walter Canada Group, and (i) the Walter Canada Group and the Purchaser shall be released from the Claims of such Claimant, (ii) such Claims shall not be Deemed Claims against any member of the New Walter Canada Group and (iii) Section 4.3(b) shall apply to all such Claims and, for the purposes of the application Section 4.3(b) pursuant to this Section 3.8, the Released Parties referenced therein shall include the New Walter Canada Group and its present and former advisors, partners, principals, employees, officers, directors, representatives, financial advisors, legal counsel, accountants, investment bankers, consultants, agents, predecessors, affiliates, subsidiaries, related companies, heirs, spouses, dependents, administrators and executors.

3.9 Inspectors

At the Creditors' Meeting, the Affected Claimants with Allowed Claims may appoint from one (1) to five (5) inspectors (each an "**Inspector**") under this Proposal, whose powers shall be restricted to advising the Proposal Trustee in respect of such matters as the Proposal Trustee may

consider appropriate from time to time, and considering and approving any amendments to this Proposal which have been agreed and consented to by the Proposal Trustee and the Purchaser.

Provided that all acts done by the Inspectors are done in good faith, the Inspectors shall not be liable to the Affected Claimants for any actions taken by the Inspectors.
